With reference to the Government Educational
and Public Health Department Telephonic Message referred
to above, I have the honour to state as follows:-

24609

The number of provocational Instructors who are
proficient in the Provocational subject but who do not
possess either the technical qualification or the
General Educational Qualification, is ascertained to
be about 550.

As such the additional expenditure that will
be involved to Government on account of the assessment
of grant for these instructors at Rs.180/- per mensem
instead of Rs.100/- per mensem (the existing rate)
will be as follows:-

Extra cost for one instructor will be
Rs.180/- (new rate) - 100 (old rate) = 80
per mensem.
For 550 instructors - 80 X 550
Rs. 44,000/- per annum.

From the D.P.S. 2709 B2 d. 2-1-19
of enables It has been suggested
that after full-time pre-vocational
instructors in aided elementary schools
who are proficient in the pre-vocational
subject but do not possess the general
educational qualification, only those
who have put in a ^{minimum} continuous service
of, say, 5 years under one management
or other, should be assessed grant at
the rate of Rs. 180 per annum. The D.P.S.
is requested to state whether ^{he} has any
objection to the suggestion and to

Scale of grant.
Ref: Govt. E & P.H. Memo. No.66125-C1/47-5 Edn. dated 28-6-48.

-

With reference to the Government Memo. referred to above, I have the honour to state as follows:-

Due to the dearth of qualified and proficient instructors it is necessary to employ instructors who are proficient in the vocational subject only and it is not desirable to confine the increase in the scale of grant only to those who have put in a minimum continuous service of at least 5 years under a management or other as it will be difficult to get instructors on the low scale of grant. Further no information as to the number of such instructors who have put in 5 years service and above, is available in this office. These instructors being artisans may not have continued as instructors in schools continuously for long periods and as such it may not be possible to get information about the number of such instructors and to furnish the estimate of expenditure on this item. I am therefore of opinion that no distinction need be made between teachers with 5 years service and those with less.

2 As regards the suggestion to take up the proposal under reference for consideration as a Part II Scheme for 1949-50 as the instructors are already pressing for enhancement in the rate of grant I consider ^{that} it is not desirable to ~~post~~ postpone the proposal, and that it may be considered in the current year itself.

With reference to para 2 of the Government Memo.

EXPLANATORY NOTE

Full time pre-vocational instructors in aided elementary schools who are proficient in the pre-vocational subject and do not possess the general educational qualification are treated as artisans for purposes of grant and are assessed grant at Rs.100 /- p.a. (calculated at Rs.10/- p.m. for 10 months). The D.P.I. has pointed out that due to the dearth of qualified and proficient instructors it is necessary to employ instructors of the category mentioned above and that they have been pressing for the enhancement of the rate of grant for them. He has, therefore, proposed that this class of pre-vocational instructors may be treated as untrained higher elementary grade teachers and assessed grant at the rate of Rs.15/- p.m. (or Rs.180 p.a.). There are about 550 pre-vocational instructors of this class and the addl. expenditure involved will be Rs.44,000 a year. This Dept. support the proposal and recommend that provision may be made in the Budget estimate for 1949-50 for the scheme as shown in the summary at the top.

To
The Educational Minister of
Madras Government,
Madras.

Honoured Sir,

This association most
humbly bring the following facts
for your kind and sympathetic
consideration and favourable orders.

In the revised scale of salary
of aided teachers, no consideration
is made about the salary of Pre-
Vocational Teachers in the aided
Higher U. Schools. So, their present
condition is most deplorable. The
present scale of grant allowed
to them is only Rs 100 per annum.

No person can, in no way, pull on with
this very low sum of Rs 8 1/2 per mensem
in this hard days.

P.T.O.

10

We, therefore, again most humbly
pray that due consideration may
kindly be made about their pitiable
state and favourable orders
may be issued.

Ever yours,

Please see herewith a representation from a Weaving
Instructor, Silukkuvarpatti, Madura Dt. He says that the
Weaving Instructors are paid only Rs.15. It cannot be so.
The matter may be put up as it was before revision and after
revision.

H.M. Education;

Education and P.H. (C.1.) Dept.

The pay of full time prevocational instructors employed in aided
elementary schools are regulated as follows:-

	Prior to revision i.e. 1-1-1947.	Subsequent to revision i.e. after 1-1-47.
1. If they possess the Technical Qualification (whether they possess the general qualifica- tion or not) they are paid at the same rate of grant admissi- -ble to a higher elementary grade trained teacher ...	Rs. 16/- p.m.	Rs. 25- $\frac{1}{2}$ -30
2. If they are proficient in the prevocational subject, and possess general qualification, they are paid the same rate of grant admissible to a higher ele. grade untrained teacher (or ...)	" 11/- p.m.	Rs. 25/- p.m.
3. If they are proficient in the pre- vocational subject, but do not possess the general qualification, a fixed grant of Rs. 100/- per year will be sanctioned. ..	" 8-4-0 p.m.	Not revised.

All full time prevocational instructors are eligible for dearness
allowance at the rate of Rs. 16/- per mensem.

The part-time prevocational Instructors are assessed only a ~~fixed~~
grant of Rs. 100/- per year irrespective of their qualifications and they
are not eligible for any dearness allowance; and ^{the rate of grant} it has not also been revised.

From the petition in the c.f., it is observed that the teacher in
question was being paid about Rs. 100 per annum and was also drawing dearness
allowance.. Hence he is presumably proficient in the subject but does not
possess any general qualification. He will, therefore, be eligible ^{under the present rules} only for a
Rs. 8-4-0 per mensem in addition to the usual dearness allowance, under the
present rules.

The Director's u.o. reply at p 3 of may be perused. As regards para 2 p 7 of, the position is as follows:-

The Prevocational instructors who are proficient in the subject and possess general ed. qualification are paid, at present, the minimum of the time scale & pay for the higher ele. trained teacher. In the absence of any time scale ^{grant for teachers in aided sch. schools} prior to revision, they are treated on a par with untrained teachers of the higher ele. grade for purposes of assessment of grant. These instructors were therefore assessed grants at the rate of Rs 11 p.m. prior to revision and Rs 25 p.m. subsequently.

Exp. A 18 3

The Director has recommended ^{admissible} that the rate of grant in the case of the pre-vocational instructors who are proficient in the pre-vocational subject but who do not possess the general qualification may be increased from Rs 100/- per annum to Rs 180 per annum. The proposal seems acceptable. But the cost involved on account of it is not known. The Director may perhaps be asked to furnish an estimate of the cost involved in his proposal. Subject to order, a draft r.m. is submitted for appl. Finance may see after discussion.

[T.M. Dated 29.11.47 to the D.P.G.]
From the D.P.G. Rem. 2909- B2 (P) d. 2.11.48
The subject matter of the

file is as follows:—

Full-time prevocational instructors
in aided elementary schools who are
proficient in the pre-vocational subject
and do not possess the general educational
qualification are treated as artisans for
purpose of grant and are assessed grant at
Rs. 100 per annum (calculated at Rs. 10 p.m. for
10 months). With reference to the minutes of
H.M. (Educ) at p2 only, the D.P.G. has now proposed
that this class of prevocational instructors

pp 9-10 CF

p17 CF

p7 CF

be treated as untrained higher elementary
grade teachers and assessed grant at
the rate of Rs. 15 p.m. (or Rs. 180 per annum).
The additional expenditure involved in
the proposal has been estimated at Rs.
44,000/- per annum.

2. At p2 also, the H.M. wanted
the scale of grant to be revised in
only in the case of prevocational instructors
who have put in a continuous service of
many years. But the D.P.G. has proposed
a general revision in the case of all
instructors who ^{belong to the category} ~~are of the~~ ~~particular type~~
referred to. This does not seem to be the
intention at all. Perhaps the proposed new
scale of grant may be allowed only to
those instructors who have put in a minimum
continuous service of 5 years under one management
or the other. If this is done, the Govt. will
have to incur not so much expenditure
as that involved in the proposal of the
D.P.G.

2. The remarks of Mr. may be

Edu no. 66125 of 4-4

Please see the notes on H 4-5 above.

The proposal is to raise the rate of grant
of Rs. 100/- p.a. admissible for full time
prevocational instructors who are proficient
in the subject but do not possess the general
educational qualification to Rs. 180/- p.a. by
treating them as untrained higher
elementary grade teachers. The extra cost
is estimated at Rs. 44,000/- p.a. The proposal
is made in view of the fact that if these men
are qualified to do their jobs well, they may also be

recognized, as qualified to do so. E.O.H. propose to allow the increased rate only to such instructors who have put in a minimum continuous service of 5 years. The proposal may be agreed to in this dept.

It is not possible to estimate the cost. Grant payable on this account. E.O.H. may first be requested to obtain from the D.P.I. an estimate of extra cost with reference to A' above and then send the case again to his dept for indicating the financial procedure to be followed if it is considered that this proposal cannot wait to be considered as a part scheme for 1949-50.

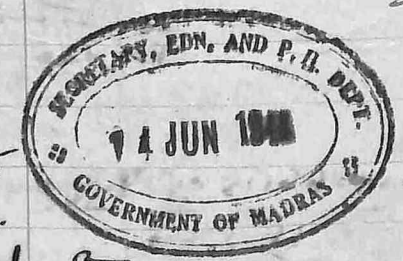

With reference to the note of Mr. above, the draft below is for approval.

In view of Basic Education, I wonder whether these pre-vocational instructors are necessary. The D.P.I. may go into that matter in consultation with the Basic Educational Officer and report.

Please see the above minutes. Attention is in this connection invited to the minutes of HM (Edn) at p2 of the linked file no. 12989c/p8 and the memo at p9 of the file. With reference to the above minutes, a para. has been added to the memo put up below. The draft as added to, may come after circulation to the HM (Edn).

placed in the file as it was no. 66125 c/p 7.6. From the D.P.S. Rem. 2709 B2/p2 d. 28.8.48. rendered at blank. Please see the note for reference. With reference to para 2 of the memo at p20 of the linked file, the D.P.S. has reported that it is necessary to have all elementary schools at the Basic schools, the employment of pre-vocational instructors in these schools is necessary. This view may be accepted.

2. With regard to the proposal to revise the scale of grant of for the class of pre-vocational instructors mentioned at p4 only, the D.P.S. for the reasons stated at p2 of the memo, that the proposed scale of grant is to be given to all pre-vocational instructors who are proficient in the pre-vocational subject, but who do not possess the general educational qualification. He also remarks that the proposal is given to effect to in the current year. This may be agreed. The cost of expenditure involved in the proposal is Rs. 14000/- per annum.

3. The remarks of the may be invited. The notes on pages 6-7 above including the minutes of HM (Edn) and the D.P.S. letter on page 21-22 of the memo may be placed in the file. The D.P.S. is not in favor of reducing the

increased grant to the instructors with 5 years service and more. He has also stated that it is not desirable to postpone the proposal and that it should be sanctioned in the current year itself. In the circumstances, Finance need not object to the introduction of the scheme in the current year itself. As the total amount of grant involved (Rs 44,000/- p.a. recurring) exceeds Rs 2,500/- recurring, the proposal will have to be treated as a 'New Service'. The case should also be placed before the J.F.C. and the Cabinet and a supplementary estimate obtained from the Legislature in due course.

Briefly the subject matter of F.N.O. 91888 St. 1 the file is as follows: -

Full-time pre-vocational instructors employed in aided elementary schools who possess are proficient in the pre-vocational subject and possess the general educational qualification are assessed grant at the rate of Rs. 25 p.m. while those who are proficient in the pre-vocational subject but do not possess the general educational qualification are assessed grant at the rate of Rs. 100 p.m. per annum. The proposal in the file is that the latter class of pre-vocational instructors should be assessed grant at the rate of Rs. 180 per annum as for qualified teachers of the higher elementary grade. The expenditure involved in the proposal is Rs. 11,000 per annum recurring.

may now be circulated to the holders and (iii) for orders whether the scheme proposal may be placed before the S.F.C.

Why not Part 2? TSA
16.11.48
B.S.1
19.X1

With reference to the minutes of H.M. (7 in) above, it is subd. that the scale of grant in the case of the pre-vocational instructors under reference in this file was not revised during the general revision of the scales of pay of all Govt. servants etc. This general revision took effect from 1.1.1947 and it will be too hard on the pre-vocational instructors to defer the proposed revision of the scale of grant for them to next year. They have already been on the old scale for two years after the general revision and it will be a generous gesture if their scale is revised during the current year itself. The S.F.C. has reported that the instructors themselves are pressing for revision of the scale of grant. In the circumstances as already proposed, the case may be placed before the J.F.C. for consideration as a scheme for introduction during the current year itself.

Maybe re-circulated for orders.

If it is Part 2, an earlier decision is possible. Anyways, S.F.C. may consider? TSA
