Office of the

The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

SUB:- Colleges - Presidency College, Madras - Crea-
tion of a post of additional Assistant Profes-
sor of Economics:

In connection with Part II of the Budget Estimate for 1949--50, the Principal, Presidency College, Madras, has submitted proposals for the employment of an additional Professor of Economics in the college from the academic year 1949--50. The existing staff for Economics Department consists of 1 Professor (in the Madras Educational Service) and 3 Assistant Professors. In G.O.No.1886, Education, dated 29th July 1948, the Government have sanctioned a post of Chief Professor in Economics on a higher scale of pay in place of the existing post of Professor of Economics in the Madras Educational Service.

2. The strength of Economics classes in pass, Honours, and Post Graduate Courses since 1940--41 is shown below:

1940--41	96	1945--46	105
1941--42	101	1946--47	124
1942--43	90	1947--48	164
1943--44	90	1948--49	210
1944--45	99		

There is a marked demand for Economics in the College. The College is now providing for the teaching of Rural Economics and Co-operation, politics and History of India. To give full justice to the Department of Economics, the Principal states, other special subjects like Industrial Organization and Labour Problem, History of Economic Thought and optional subjects like Statistics are to be taught. It is reported that the students of Economics mostly desire to take up these optional and special subjects rather than subjects like Indian History and that such optional and special subjects could not be included hitherto for want of sufficient and suitable staff for the purpose. The Principal states that it will not be possible for a single Professor to take up all the special subjects mentioned above in the Honours and Post Graduate classes and that an Additional Professor, specialised in Applied Economics, will be able to help the department in research work in social and economic surveys and even undertake investigations of current problems relating to them which might be entrusted by the Provincial Government. Such a course, the Principal states, will train Honours and Post Graduate students in research and social service activities.

3. There is at present 52 hours of lecturing work in the Economics Department, besides correction and valuation work shared by the existing four members. The inclusion of the special subjects mentioned above and the holding of separate classes for Honours and Post Graduate students consequent on increased strength during 1949--50 will add 14 hours to the lecturing work of the department, besides correction and valuation work. There will, therefore, be a need for an additional member on the staff from 1949--50. I do not

consider that there is a need for an Additional Professor of Economics (In the Madras Educational Service) as suggested by the Principal. One more Assistant Professor will be sufficient for the purpose. I, therefore, request sanction for the employment of an additional Assistant Professor of Economics in the college with effect from the academic year 1949--50.

4. The cost for the employment of an additional Assistant Professor in Economics will be as follows:

Cost in 1949--50 (Recurring):-	150 x 8	...	Rs.1,200/-
Ultimate Cost:	205 5/9 x 12	...	Rs.2,467/- Rs.2,500/- per annum.

5. I am including the necessary provision in Part II of the Budget Estimate for 1949--50.

Yours faithfully,

for Director of Public Instruction.
