In 1942, the Government sanctioned a grant of Rs.96,000/- to the Annamalai University towards the construction of buildings for the Tamil Research Institute with reference to the then estimated cost. The University was also informed that the execution of the work should be deferred and that the provision of funds would be considered when the execution of the work became practicable on the return of normal times. In December, 1945, the University applied to Government for an increased grant, based upon the revised estimate for the work for Rs.2 lakhs, due to the increase in the cost of materials. The Chief Engineer, Public Works Department, reported, however, that the estimated cost of the buildings would have to be increased to Rs.2.10 lakhs. ~~After consideration~~ ^{finally} it was decided in circulation that the application of the University might be considered as a Part II Scheme for 1949-50. This decision was communicated to the University authorities ^{in June 48}. The Registrar, Annamalai University, has now renewed the application. As it is stated that the University would be able to

4
spend Rs.1.5 lakhs on the construction of the building in 1949-50, it is proposed to provide a sum of Rs.1.5 lakhs towards ^{the payment of} grant for the Scheme, as shown in the summary above.

Ref: Government's letter No.30424-G2-49-1 Education d.26-4-49.

From the Government's letter, it is seen that no provision has been made towards the non-recurring grant for the construction of buildings for the Tamil Research Institute in the Provincial Budget for 1949-50.

In this connection, I may invite your attention to Para 376 of 'Budget Memorandum' wherein under the heading 'University - Grants', it is stated that provision is made for grants to the New Engineering College, Tamil Research Institute, and Drainage Scheme.

May I, therefore, request you to provide a sum of Rs.50,000/- towards the construction of Tamil Research Institute and make suitable alterations at page 221 of the Detailed Estimates and at page 130 of the Budget Memorandum 1949-50? I may inform you that in the year 1946-47 a provision of Rs.50,000/- was made in the Provincial Budget, but owing to difficulties in getting materials, the University was not able to spend it within the year.

Note.

The proposal for ~~axgrnt~~ the payment of a grant of Rs. 1.5 lakhs for the construction of buildings for the Tamil Research Institute, to the Annamalai University was originally put forward as a Part II Scheme for 1949-50. It was placed before the S.F.C. along with other ~~ixm~~ Part II Schemes; but the S.F.C. ordered that the scheme be deferred. It was not therefore eventually sanctioned. Hence no provision has been made in the ~~ixt~~ B.E. for 1949-50 for this item. The reference to ~~ixix~~ the Tamil Research Institute in the Budget Memorandum to which the Registrar draws ~~ixx~~ attention is an error. Finance may see.

Paragraph 376 of the Budget Memorandum, referring to the Registrar, Annamalai University is a ~~debatable~~ general paragraph. It only means that grants to the universities, such as those sanctioned for the new Engineering College, Tamil Research Institute etc are debitable to the minor head "37. a. Grants to the University". No specific mention has been made in the para that provision has been made in the B.E. 1949-50 for the Tamil Research Institute. It has only been quoted as an example that expenditure on the grants for similar purpose is debitable to this minor ^{head}. It may therefore be mentioned that reference to the item in the paragraph is not an error. Suitable modification has
