Sub: Colleges - Oriental Colleges - Reorganization of.

I have the honour to inform you that the Syndicate considered your letter under reference and resolved as follows:

(1) It is not desirable to change the present standard of Entrance Test for Oriental Titles, or the Entrance Test to the University for Group D - Intermediate.

(2) Part II of the Intermediate should be treated as a general language test and does not permit of its being utilised for a higher course like B.O.L.

(3) It is desirable that the subject "Social Studies" as it has been elaborated in the re-organization scheme, should find a place in the studies for the Oriental Titles, and in consequence in the studies for B.O.L. and B.O.L.(Hons.). The exact syllabus for studies will have to be prepared separately, and it is important that proper books on the subject in the languages concerned must be available.

(4) The steps that are being taken in the University with regard to conditions of affiliation of Oriental Colleges are calculated ultimately to bring about improvement in the organization of these Colleges. The process must be gradual and it is expected that in course of time the Oriental Colleges will function as efficiently as other Colleges.

(5) The Opening of Oriental Departments in existing Constituent and affiliated Colleges should be actively encouraged. There are at present a couple of Colleges which have established such departments, and with a view to encouraging the opening of such departments, the Syndicate feels that generous grants based upon a different system of calculation should be given by Government if such Oriental Departments are to come into existence in Constituent and Affiliated

A communication on these lines may be sent to the Registrar of the Universities .

The matter of the reorganisation of the Oriental Colleges was discussed at today's meeting of the Collegiate Branch of the Provincial Advisory Board of Education. It was generally agreed that they require reorganisation. To bring them up in a line for modern educational requirements, it is desirable that the University should take up the reorganisation of these Colleges as soon as possible.

The Government will be glad if the University will kindly take up the matter as soon as possible so that any reforms that are proposed may come into effect from the academic year 1949-50.

Please see the minutes of H.M.(Edn.) above. (The question of re-organisation of the oriental institutions is already under consideration in response to the recommendations made by the Committee under the Chairmanship of Dr. Lakshmanaswami Mudaliar, in connection with the questionnaire regarding Education issued by this department. The views of the D.P.I. on the Question were obtained in that connection (and its return is awaited). The main file on the subject was circulated to H.M.(Edn.) on 18.12.1947.) I doubt whether H.M's intention is 1949-50. Apparently H.M. means from the next academic year i.e. from July 1948 – 1948-49.
The draft has been shaped accordingly.
