While submitting the revised budget ~~estimate~~ for 1948-49 and Budget estimate for 1949-50, the Government was requested to accord sanction to the enhancement of Education cess from 15 pies to 24 pies from 1-1-49 to meet the deficit. Explanatory note on the Revised Estimate for 1949-50 and the Budget Estimate for 1950-51 of the Elementary Education Fund of the South Arcot District Board.

-:o:-

The actual opening balance on 1-4-49 was Rs 46,383. But for the additional contribution~~s~~ of Rs 1,27,800 from the General Funds to the Elementary Education Funds from the arrear toll compensation grant and an advanced subsidy of Rs 1.15 lakhs sanctioned in G.O.No. 251, Education, dated 3-2-1949 towards expenditure on the payment of enhanced rates of Dearness allowance for 1948-49, there would have been a deficit of 1,96,417 at the end of 1948-49.

EDUCATION TAX.

Education tax is levied at the rate of 15 pies in the rupee with reference to G.O.No.77808-B2-47/1 Education, dated 8-10-1947 and credit is taken for the same as per figures furnished by the District Collector in his letter No.L.Dis.41883-49 dated 3-11-49 both in the revised budget for 1949-50 and the budget estimate for 1950-51.

The resources under Elementary Education Fund are limited and are not elastic enough to meet the growing expenditure year after year. The revised budget figures for 1949-50 will show that the normal expenditure exceeds the normal receipts by Rs 42,742 while the budget for 1950-51 closes with a deficit of Rs 3,47,323 which amounts to about 21% of the expenditure under the normal scheme. Unless drastic steps are taken to wipe off the deficit by finding out a steady source, the Board will have to face a heavy deficit on the Elementary Education side every year.

The causes contributing to this state of affairs are as follows:-

(1) Introduction of the revised enhanced scales of pay from 1-1-47 with weightage by the grant of advance increments according to length of

pt

service.

(2)Introduction of annual in the place of biennial increment,

(3)Payment of dearness allowance at the enhanced Government rates from 1-1-48.

The following proposals are therefore submitted for adoption with a view to balance the budget:-

(1)The education cess may be raised from the existing rate of 15 pies to 24 pies in the rupee,

(2)Subsidy may be sanctioned by Government towards expenditure incurred on the payment of Dearness Allowance.

A sum of Rs 4,23,159 is taken credit in the budget of 1950-51 under Education Tax, at the rate of 15 pies in the rupee. If the cess is raised to 24 pies per rupee, the District Board will get an additional income of Rs ~~2.5~~ 1.9 lakhs in 1950-51. Even after this increase there will be a deficit of Rs 1,57,323. Unless the Government sanction a liberal subsidy towards payment of Dearness Allowance, it may not be possible to balance the budget, as the expenditure under this item alone comes to Rs 4,86,120 for 1950-51 for the teaching staff under the normal scheme.

A sum of Rs 10000 for regular schools and Rs 2147 under compulsory scheme is provided in the revised budget for 1949-50, for the supply of apparatus and time piece to needy schools. A sum of Rs 2000/- and Rs 3000 is provided in the budget estimate for 1950-51 for regular schools and compulsion sections respectively.

GENERAL

The revised budget for 1949-50 closes with a deficit balance of Rs 42,742 and this is due to the giving effect of the revised enhanced scales of pay with advance increments towards weightage for past services, annual increments instead of biennial, and enhanced rate of dearness allowance as per Government servants, without any increase in the government subsidy.

The budget estimate for 1950-51 closes with a deficit of Rs 3,47,323 which goes to prove that the financial position of ~~the~~ Elementary Education under the District Board continues to be poor and requires to be augmented substantially by (1) increasing the rate of education cess from 15 pies to 24 pies per rupee ~~(2) increased contribution from the General funds as is being done every year and~~ (2) a liberal subsidy from the Government not only to balance the budget, but also to give effect to the policy of the Government for the expansion of elementary education, by (1) opening more and more of new schools in the school-less centres (2) provision of adequate equipment for the schools to function regularly and efficiently and (3) to provide for suitable and adequate accommodation which is badly lacking in most of the institutions, by launching on a five or ten year scheme for and construction of school-buildings. Due to paucity of funds in the last three years provision for new schools or additional posts of teachers have not been made, nor any equipment supplied to the schools under the regular scheme. The budget provision made for 49-50 and 1950-51 is also limited, to keep going the existing institutions with the existing staff and equipment. It is therefore all the more necessary to point out a steady source for receipts, to meet the steadily increasing and recurring expenditure under salaries and dearness allowance for masters, and contingencies like rents, wages of menials, postage, stationery etc., by raising the education tax from 15 pies to 24 pies in the rupee, and the sanction of liberal Government subsidy for expenditure under lands, buildings, equipment etc.

1519 Ⓨ

Government in their memo No.58225-B2-49-1 Education dated 9-8-49 promised to consider the question of enhancement of the rate of education tax, if necessary on receipt of the Budget Estimate for 1950-51, as the same was recommended ~~received~~ by the District Board even last year together with a resolution of the Board, while submitting the revised budget

Sir,

Sub.— South Arcot District Board - Education Cess - Enhancement from 24 pies to 36 pies - sanction requested.

-:(o):-

The revised estimate for the year 1950-51 under the South Arcot District Board Elementary Education Fund closes with a deficit balance of Rs 38,668/- and the budget estimate for 1951-52 closes with a deficit balance of Rs 3,21,072/- primarily on account of reduction in the usual contribution from the District Board General Fund from Rs 3,57,470/- to Rs 57,470/- and owing to payment of increased pay and allowances of teachers, rent of school buildings etc. The District Board at its meeting held on 21-12-50 has resolved to increase the Education Cess from 24 pies to 36 pies to wipe off the deficit. From the D.P.I., No. 11 D3-4/49-50 dated 29.1.50.

W 1833 c

The B.E. for ~~1950-51~~ 1949-50, of the E.E.a~~ccount~~ Fund under the control of the District Board, South Arcot, does not call for any special remarks. There may be a deficit of Rs. 42,700 at the end of the current year. There is no need to pay any subsidy. from provincial funds towards this deficit. The Board may be asked to reduce the expenditure under some heads, in order to wipe off this deficit. Perhaps this deficit may disappear in the actual working.

K

2. The B.E. for 1950-51 may close with a deficit of Rs.3.05 lakhs. This is due to the expenditure of Rs.4.86 lakhs on d.a. granted to teachers.

3. The question is as to how the deficit anticipated at the end of 1950-51 is to be met. Two alternatives are open - (1) raise the rate of education tax and pay a contribution ~~for~~ in respect of education tax upto 9 pies; even if there still be a deficit a subsidy may be paid for d.a. (2) a subsidy may be paid towards the expenditure on d.a.; if there still be a deficit an addl. contribution may be sanctioned upto 9 pies. If the addl. contribution in respect of education tax is not able to cover the remaining deficit the question of raising the education tax may be considered.

4. The position under either of the alternatives referred to above is indicated below:-

Alternative 1	Rs.	Alternative 2	Rs.
Deficit, anticipated Rs.	3.05 lakhs	Deficit anticipated	3.05 lakhs
~~Increase of~~ Income of edn. tax if the rate is raised to 24 pies	1.89 lakhs	Subsidy for d.a.	3.05 lakhs

Assuming that the B.E. for 1950-51 of the Ele. Edn. fund of the Dt. Bd., South Arcot would ~~might~~ ~~may~~ open with a nil balance, it was anticipat that there might ~~may~~ be a deficit of Rs. 31,000 at the end of the current year in the Fund.

The P.D.B., South Arcot, has now reported in his letter cited above, that the actual closing balance on 31-3-50 in the E.E. fund was Rs. 13,835. In this case, the deficit in the E.E. fund at the end of th current year will get reduced to Rs. 17,000. This is due to the expre. ~~of Rs. 4.86 lakhs~~ on the payment of dearness allowance to ele. school teachers. Perhaps the small deficit may disappear in the actual workin Anyhow the question of the payment of a subsidy towards the deficit ~~if any~~, may be considered on receipt of the R.E. for 1950-51. For the present no action is called for. The letter of the P.D.B. may be filed with G.O. No. 1007, Edn., dated 27-3-50.
