D.Dis. No. 27521 - 49 dated 25th January 1950 194 .

Sir,

BUDGET - Salem District Board Revised Estimate for 1949-50 and Budget estimate for 1950-51 Elementary Education fund-sent.

....

The revised budget estimate for 1949-50 and budget estimate for 1950-51 relating to the Elementary Education Fund of this District Board approved in D.B.R.No.78(596) dated 19th January 1950 with necessary enclosures are subsmitted in duplicate accompanied by a note on the variations on the budget with a brief account of their salient features.

The revised budget for 1949-50 opened with a plus balance of Rs.3,73,420 and closes with a plus balance of Rs.1,85,810 after taking credit of Rs.2,05,000 from General funds as additional contribution. Even though thebudget estimate for 1950-51 is expected to be opened with a plus balance of Rs.1,85,810 the expenditure proposed for 1950-51 which is the bearest minimum possible exceeds the normal receipts of the year consequently the budget estimate for 1950-51 closes with a deficit of Rs.2,65,010.

Since it is not possible to balance the budget the Director of Public Instruction may be pleased to recommend to the Government to revise the system of sanctioning Government grant to local boards according to the revised scale of pay now in force instead of the fixed rate adopted hitherto and also to bear the entire expenditure under dearness allowance to teachers. This will enable the Board to open adequate Number of new schools and to equip the existing schools with staff, accommodation and furniture, since the Government have decided not to expand further the expansion scheme and to extend the compulsory education scheme.

EXPANSION SCHEME.

Apropos to the instructions contained in G.O.No.1661 Edn. dated 23-7-47 and subsequent instructions of the Government, steps are being taken to reduce the expenditure under the expansionscheme. A list of schools and teachers' posts sanctioned under expansion scheme to be transferred to compulsory scheme has been drawn up and the same is marked for the approval of the District Board. By this, the expenditure under expansion scheme will be reduced to an extent of Rs.1,58,150 and this sum will be carried over to compulsory Scheme with a view to get additional grant from Government. By this arrangement, the expenditure under expansion scheme for 1949-50 will be limited to Rs.2,31,670. Necessary action as against the Govt. Grant @ Rs. 2,25,260. will be taken in 1950-51 to reduce the expenditure to limit the grant.

EXPENDITURE.

Provision is made in the revised budget for 1949-50 and in the budget for 1950-51 for all the existing institutions and services as per revised scale of pay and dearness allowance etc.

NORMAL FUNDS

1. So far as the normal funds of this Board are concerned no heavy liabilities have been undertaken.

2. Provision to the extent of Rs.1,000 during 1949-50 and Rs.10,000 in 1950-51 is made for repairing rent free buildings in deserving cases. The expenditure under salaries, dearness allowance, contingent etc. is reduced as many post of teachers

are either vacant or held by untrained hands in 1949-50. The increase in the provision under Clerks and Servants and dearness allowance is due to the appointment of 11 additional clerks at one clerk for 100 teachers from 1-8-1949 as per G.O.No.2727 Edn. dated 2-11-48. The increase in the contribution to provident fund is due to the ~~xxxx~~ enrolment of teachers who have completed their period of probation to provident fund scheme. Increased provision is made for the year 1950-51 for opening 100 new schools with two teachers each in school-less centres where the villagers come forward to offer rent free buildings suitable for school purposes. Provision is also made in 1950-51 to appoint 60 additional teachers to schools which are in urgent need of the same.

Compulsory Education Scheme.

As the Government have already ordered that the compulsory education scheme will not be extended further, beyond the sanctioned places, no further area would be brought under thisscheme.

CAPITAL

The Government have in their Order No.(Press)3004 Education, dated 26-9-49 sanctioned to the extent of Rs.35,885 as maximum grant for the construction of Elementary school buildings during 1949-50 out of an estimated cost of Rs.1,26,366. The excess amount over and above the grant is to be borne by the District Board from its general funds. As all these works cannot be completed during 1949-50 ~~xxxxxxxxx~~ the receipts and expenditure are distributed for 1949-50 and 1950-51. Government have also granted Rs.760/- for the acquisition of playgrounds to Board schools Sendarapatti and Nangavalli and Rs.600/- for the supply of equipments to the Basic school at Mukkonam. Provision is also made for the supply of equipment

such as furniture, books and maps and prevocational classes articles to the extent of Rs. 46,600/- for 1949-50 and Rs.1,04,000 for 1950-51. municipalities and of the

The budget estimate for 1950-51 which opens with a plus balance of Rs.1,85,810, closes with a minus balance of Rs.2,65,010. The total receipts for 1950-51is Rs.21,50,090, and the total expenditure is Rs.26,00,910. Since all the resources have been tapped and it will not be possible to grant any further additional contribution from general fund to Elementary Education fund hereafter, the Government may be requested to revise the system of granting Government grant according to the revised scale of pay now in force and also to bear the entire expenditure under dearness allowance which alone comes to Rs.7.75 lakhs per annum, so as to enable this District Board which is backward in primary education, to open adequate Number of new schools and to equip the existing schools with staff, accommodation, furniture etc.

Endt. of the D.P.I. No. 21-B4/49-50, dated 3-3-50.

ORDER MS NO. 1082 EDN. DATED 4/4/50

The Govt. pass the following orders on the R.E. for 1949-50 and B.E. for 1950-51 of the Ele. Edn. Fund, under the control of the Dt. Bd., Salem.

2. R.E. for 1949-50: The credit taken in the R.E. for a sum of Rs. 6.71 lakhs under education tax, should be reduced by Rs. 14,000 with reference to the orders in G.O. No. 795, Edn, dated 10-3-50.

3. B.E. for 1950-51: (i) The credit taken for an income of Rs. 6.71 lakhs under Edn. tax should be reduced by Rs. 18,000 with ref. to the orders in G.O. No. 795, Edn. dated 10-3-50.

(ii) The Govt. have decided to make contribution to Dt. Bds. in respect of education tax up to 50% of the proceeds of the tax, subject to a maximum of 9 pies in the rupee of land revenue. In view of this decision, credit may provisionally be taken for an additional contribution of Rs. 1 lakh in respect of education tax.

(iii) In view of the orders above, the budge may close with a deficit of 1.97 lakhs. The Pt. Dt. Bd., Salem is requested to report the actual closing balance on 31-3-50. The question as to how the net deficit should be met will be considered after the actual closing balance on 31-3-50 is known.

4. EXPANSION SCHEME: It is observed that the Dt. Bd. proposes to debit a portion of the cost of expansion scheme to the scheme of compulsory edn. by treating some of the schools opened or of employing teachers employed under the expansion scheme as having being brought into being under the scheme of compulsory edn. Such re-classification of expenditure is not authorised in as much as the Bd. will not be eligible for addl.

subsidy towards the scheme of compulsory Cle. Edn.

The D.P.I. is requested to investigate into the matter and report whether the Bd. ~~has~~ actually effected any savings under the expansion scheme.

ELEMENTARY EDUCATION - District Board, Salem - R.E. for 1949-50 and B.E. for 1950-51.

The Revised Estimate and the Budget Estimate of the Elementary Education Fund under the control of the District Board, Salem are examined below:-

2. ~~Paragraph 2 of R.E.~~ Revised Estimate:- It has recently been ~~decided~~ ordered that the rate of education tax should be reduced from 37 pies to 36 pies in the rupee of land revenue. The income from education tax may undergo a slight reduction of Rs. 14000.

3. B.E. for 1950-51:- Here also the income from education tax will get reduced by Rs. 15000. The Govt. have decided to sanction contributions from Provincial funds to district boards in respect of education tax up to 9 pies. The Dt. Bd., Salem will get an addl. income about a lakh of rupees from Govt. contribution in respect of education tax.

4 The Budget closes with a deficit of Rs.2.65 lakhs. It will be reduced to Rs. 1.97 lakhs if account is taken of the addl. Govt. contribution and the fall in income of from education tax both in the current year and in the next year. The Board is eligible for a subsidy towards this deficit in as much as it is incurring an expenditure of about Rs.4 lakhs on dearness allowance to teachers. The question as what amount should be paid as subsidy for dearness allowance may be examined after the actual closing balance for 1949-50 is known.

5. When the Budget for 1949-50 was examined it was noticed that the Board was incurring expenditure under the expansion scheme far in excess of the subsidy admissible from Provincial funds for the scheme. The Board was asked to modify the scope of the scheme so as to reduce the cost and to bring it within the Govt. subsidy. From the notes to the Budget it is seen that expenditure on some ~~a list of~~ schools and teachers opened under the expansion scheme will be

28 Budget II

transferred to the compulsory (scheme, and the expenditure under the expansion scheme will be reduced and the amount so reduced will be carried on to the compulsory (scheme with a view to get an additional grant from Govt. The intention of the Board is not clear. In any case the expenditure under the expansion scheme will not get reduced but a portion of it will be included under the compulsory scheme so as to earn an additional grant from Provincial Funds. Such a procedure is not regular nor will it be acceptable. The scheme of compulsory elementary education is in force only in selected villages in the district and the Govt. will be bound to sanction subsidy towards the expenditure ~~on compulsory education~~ incurred by the board on schools in these villages. The transfer of a portion of expenditure under the expansion scheme to the compulsory elementary education scheme will not make the Board eligible to earn an addl. subsidy from provincial funds under the scheme of compulsory ele. education in as much as the expenditure on the schools transferred to the compulsory scheme may have been incurred on schools in areas outside the scope of compulsion. Any how the Board may be asked to submit a detailed report to the Govt. through the D.P.I. explaining the implications of its proposal. may be made clear to the Dist. Edn. Officer and other concerned. No grant will be granted to it

Provision is made in the General budget for a contribution of Rs.3,10,930/- in the current year and Rs.1,05,730/- in the budget year to the E.E. fund against Rs.3,11,680/- and Rs.1,06,680/- respectively shown in the E.E. budget. The difference of Rs.950/- in the contribution for 1949-50 as well as in for 1950-51 apparently represents the proportionate cost of the Dt. Edl. Officer debitable to the General fund which the Board has apparently provided on the expenditure side under the Gl. Account. The Gl. Account of the Dt. Bd. for 1950-51 is expected to close with a balance of Rs.94,170/- against the required minimum of Rs.59,900/-. The surplus in the Gl. Acct. will disappear as a result of the fall in the income from land cess on the basis of the reduced rentals. The Gl. Account is not in a position to pay any additional contribution towards the deficit in the E.E. account in 1950-51. The file may be passed on to Finance Deptt.

EDUCATION-Elementary-rural reconstruction selected firka Veerapandy-Salem taluk- proposals to open new elementary schools-full grant-sanction-requested.
Government memorandum No.5109-C.50-1 Education dated 4-4-50.

In this office letter Roc.E.15. 34698-47 dated 3-9-1949 Government have requested to accord sanction to introduce compulsion in the Veerapandy Firka Salem taluk, so that new schools may be opened in the ten villages specified therein, with the help of the compulsory grant that will be provided by Government, as this Board was unable to provide funds for the purpose. But Government have forwarded in reply, a copy of the Director of Public Instruction's remarks No.R.C.no.350-M.B.I/49 dated 23-3-50, in the matter and state that the proposals regarding the introduction of compulsion in the Veerapandi Firka is not approved.

2. In this connection I once again wish to place the following facts for the sympathetic consideration of Government. At the recent Veerapandi Firka Committee meeting held on 25-2-50 at Nainampatti, it was resolved to address the President, District Board,Salem to open six new schools in the Firka at the following places (1) Maraliampalayam (2) Rajapalayam (3)Periapudhur (4) Chinnkondalampatti (5) Naikarapatti and (6) Murungapatti. A copy of the resolution, has been forwarded to this office by the District Collector,Salem with a request to take early steps to open new schools in the aforesaid six villages. Even during its earlier meetings, similar resolutions were passed and copies of the resolutions forwarded to this office . So it has become imperative on the part of this office to pay heed to the matter and open some new schools in the Veerapandy Firka gradually in order to develop the Firka and also to serve the needs of the children there.

3. The elementary education budget of this Board 1950-51 closes with a deficit balance of Rs.2,65,010,. As this District Board has to see to the needs of the public throughout the District, it cannot pay attention to open too many new schools. The Educational needs of the entire District is taken into consideration and the opening of schools is distributed evenly throughout the district. Hence the Board cannot concentrate on one firka alone and utilise a major part of its resources in developing the Firka Development area alone. The Government is therefore approached to sanction full grant to schools opened in Firka Development areas as in the case of compulsory areas so that the Board may be in a position to fully co-operate with other departments in making the Firka Development scheme a success.

4. Veerapandy and Puliankurichi firkas are areas chosen by Government for development in all directions. In the circumstances stated above, I request that the Government may be pleased to consider it as a special case and sanction full grant for the schools to be opened in the Firka Development areas.

EDUCATION-Elementary - Rural Reconstruction selected firka Veerapandy- Salem taluk- proposals of opening new elementary schools-modification of orders-requested.
Goverrment memorandum No.13097-C-50-1 Education, dated 18th July 1950.

***

In their above memorandum, Government have ordered that new elementary schools should not be opened by this District Board except by transfer of superfluous schools in other localities and by transfer of posts of teachers in those schools, and that when such transfer is made, the claims of Firka Development areas should first be considered. Though this order was passed on the proposal of opening new elementary schools in Veerapandy Firka it implies as a prohibitory order for opening new schools by this District Board in any other area.

In this connection, it is submitted that this District Board in its budget estimate for the year 1950-51, which was approved by the Goverrment in their No.G.O.Ms.No.1082, Education, dated 4th April 1950, provided, adequate funds for the opening of one hundred new elementary schools with two teachers each, in view of the fact that there are nearly 500 school-less centres in this District which is backward in primary education. This proposal was taken on hand from this year with a view to open new elementary schools in all these school-less centres of this District, within a period of five years. The Director of Public Instruction, Madras while communicating the list of school-less centres has suggested to the Board the opening of new elementary schools in all these school-less centres, and as such this scheme is taken on hand by this District Board by providing necessary funds. In District Board Resolution No.71(71) dated 12-5-50 (copy enclosed) General sanction was accorded and action has already been taken to open new elementary schools, in school-less centres where rent free accommodation with space for play-ground and garden are available, in consultation with the concerned District Board members. Each member has been requested by communicating the list of school-less centres to him to suggest two villages for opening of new schools in his firka, where all facilities are available. Thus it is seen that the scheme sponsored by this District Board, in the matter of opening new elementary schools in school-less centres, covers the entire District and not a particular area. Further, orders have already been passed for the opening of new elementary schools in certain villages , on the recommendation received from the District Board members, with reference to the instructions issued in G.O.No.1456 Education dated 9-5-50.

With regard to the transfer of superfluous posts of teachers in the existing elementary schools in non-compulsory areas for opening new elementary schools in Firka Development areas as contemplated in the Government memorandum under reference, it is pointed out that action has already been taken by this District Board, to transfer such superfluous posts to other needy elementary schools in non compulsory areas, as can be seen from the District Board resolution No.70(70) dated 23-5-50 (copy enclosed) in consultation with the educational authorities. These transfers of excess posts of teachers was already given effect from 1st June 1950. Hence, it is not possible to effect any change, at present, to give provision to Firka Development areas in this direction also.

(P.T.O.)

The Director of Public Instruction, Madras in his letter Rc.No.350-MBI/49 dated 23-3-50, communicated in the Government memorandum No.5109 C/50-1 Education dated 4th April 1950 has suggested that this District Board, may provide funds of its own every year and open new elementary schools on a progressive scale, and the scheme put forth by this District Board, is in accordance with the Suggestion of the Director of Public Instruction, Madras.

So, as this District Board has already going ahead with the programme of opening one hundred new elementary schools, during the course of this financial year, it is not possible to stop this programme at present.

In the light of the above facts, I request that the Government may be pleased to clarify the position and modify the orders in their memorandum cited above, if it is considered as a prohibitory order fo the opening of new schools by this District Board anywhere in the District.

In this connection, I also request that the Government may be pleased to accord sanction for the transfer of superfluous posts of teachers in elementary schools in compulsory areas, if and when available, to open new elementary schools in the Firka Development areas.

I request the favour of early orders in the matter.

From the P.D.B., Salem, No. E.15.34698/47 dated 15-8-50.

The P.D.B., Salem is informed that the orders in the Govt. Memo. cited above, are intended to prohibit the Dt. Bd., from opening new ele. schools in all areas including firka areas such as Veerapandy. What was conveyed by the orders in the Memo. was, that the Dt. Bd., should not increase its commitments by opening schools thereby raising the deficit that may occur in the ele. edn. fund. The Bd. may transfer the provision for superfluous schools and posts of teachers in a locality in compulsory areas to another locality where the scheme of compulsory edn. is in force and not to any locality outside the scope of compulsion. SUB: ELE. EDN. - Dt. Bd., Salem - Rural Reconstruction in Virapandy firka - Opening of new schools.

Read: From the Pt. Dt.Bd., Salem, No.E15, D/- 11.5.50.
Endt. of the D.P.I., No.350 B1/49, D/- 24.5.50.

The Pt. Dt. Bd., Salem has applied for permission to open new ele. schools in Virapandy firka. He asks for a subsidy from the State funds towards the cost of maintenance of these schools. It is not usual to sanction any subsidy to local bodies towards the cost of the maintenance of newly opened ele. schools. Such expenditure should be met from the ele. edn. fund (the local body concerned). In the present case the ele. edn. fund of the Dt. Bd., Salem, is working at a large deficit. The Dt.Bd. has been asked to curtail the expenditure under the expansion scheme by retrenchment so as to limit the cost within the Govt subsidy payable.

2. From the papers in G.O. No. 1082, Edn., D/- 4-4-50 it will be seen that no curtailment has been really effected. The D.P.I. has been asked to investigate the matter and submit a report. In the circumstances it may not be advisable to permit the Dt. Bd. to incur addl. expenditure by opening new schools. From the letter of the Pt. in the current file it will be seen that pressure is being brought to bear upon the officers of the firka Development Deptt. in the matter of opening new schools. In view of the deficit in the ele. edn. fund such insistance should be discountenanced. The rate of edn. tax is being levied by the Dt.Bd. at the maximum possible rate i.e. 36 pies in the rupee of the land revenue. The Bd. cannot balance the budget without a subsidy from the State funds. It is therefor for orders whether the P.D.B. may be informed that no new ele. schools should be opened in the firka area in question except by transfer of surplus schools in other localities and by transfer of posts of teachers in other schools.

3. Subject to approval a draft memo is submitted. Firka Development and Finance may see before issue.

Firka Dev.Deptt-(I).

The note of the Education Department on p. 1 ante may be perused. From the letter of the President, Dt.Board Salem, on p. 1 c.f., it will be seen that the Firka Development Committee, Salem, requested the Dt.Board Salem to open six new schools in the firka at certain places. The Collector has followed up the resolution with a request to take early steps to open the new schools in the villages in question. The President, Dt.Board, has asked for subsidy for opening these schools. The D.P.I. has recommended that the Board may ~~be provided~~ funds of its own and open a limited number of schools every year in the firka, without claiming grant from the Government. The Education Department propose to issue orders that no new elementary school should be opened in the firka area in question, except by transfer of superfluous schools in other localities and by transfer of posts of teachers in other schools. Submitted that ~~it does not exactly matter how may many more schools are brought into existence in the areas in question.~~ It is a well-known policy of the Government that the areas selected for intensive rural reconstruction work should be made self-sufficient in all aspects. Unless the other Departments of the Government extend their active co-operation in this regard, there is no possibility of achieving the ~~great~~ ideal that the Government have set before themselves. There is no point in the President asking for special subsidy, when a request has been specifically made for opening more schools in the Virapandy firka. The claims of the other parts of the district are always there and after all it should be possible for all District Boards to so arrange their programme that the needs of the firka areas are first met before the needs of the other parts of the district are taken into account. Finance (Exp.A.)

The case deals with the request of the President, Salem Dt.Bd., for permission to open new elementary schools in the Virapandy firka and for Govt.subsidy towards the cost of maintenance of these schools. As no subsidy is payable by the Govt. for maintenance of elementary schools newly opened and as the elementary education budget of the Dt. Bd. is working at a large deficit, Education have suggested that the Dt.Bd.may be informed that no new elementary schools need be opened in the firka area except by transfer of superfluous schools in other localities and by transfer of posts of teachers in other schools. F.D. consider, that, in order to achieve self-sufficiency in all aspects in the selected firkas, the considerations of the firka area may be given a special preference and that, therefore, ~~any~~ opening of schools in the firka should be made on a priority basis either by

48

transferring superfluous schools ~~to~~ from other localities or by transfer of posts of teachers in other schools or by some other methods.

Finance may agree with Education that no subsidy can be given by the Govt. for opening new schools. As regards the other suggestions, there seems to be no material ~~is no~~ difference of opinion between Education & F.D. It may be left to the President, Dt.Bd., to open new schools in the firkas by the means suggested by F.D. without ~~causing~~ involving additional expenditure, either to the Board or the Govt., ~~when it~~ since the Board is not in a position to balance its Elementary Education Budget, even with the existing schools.
