In submitting herewith a copy of the letter Rc No. 472/49 dated 1-6-49 from the Principal, Teachers' College, Saidapet, I endorse his remarks. p 8 infra

2. The financial implications are :--

		Rs
i	Wood work and fret work	1070
2	Card board modelling, clay modelling	300
3	Miscellaneous expenditure	50
4	T.A. for 70 teachers at Rs 1-8-0 per day for 60 days	6300

1,420
6,300
7,720

Instead of clay modelling, paper mache is suggested.

3. The Principal has been asked to state whether it is necessary to pay any honorarium for the Instructors to conduct the refresher course and if so to indicate the financial implications involved in it. A further report will be submitted to Government on receipt of his reply.

Ref: Proceedings Rc. No. 725 E1/49 dated 9-4-49 of the Director of Public Instruction, Madras.

The Headmaster has suggested 3 handicrafts viz. Card-board Modelling, (b) Fret-work and (c) Palmyra-leaf work.

para 4 on plant

I submit my remarks as follows :--

1. Card-board modelling may be considered a useful subject for the suggested refresher course since it has been included in the list of crafts for pupils of Forms IV to VI from this year. Fret-work is a part of wood-work and goes with the latter. Fret-work as a separate subject will be useful to girls instead of boys. Fret-work is not included in the list ofcrafts for boys schools where-as wood work is. Palmyra leaf work is meant for Elementary Schools and not for High Schools. Hence it is submitted that a refresher course for the benefit of High School teachers may be arranged in the following groups of subjects:

X
- i Wood work and Fret-work
- ii Card-board modelling and clay modelling

2. The course if it is to be really useful need be for a period not lesser than of 60 working days of 5 hours duration. During this period each trainee will get an opportunity of learning fairly well at least 2 crafts in a group. Those who successfully undergo the course may be granted a certificate signed by the Director. This certificate should exempt the holders from the necessity of passing in any other craft to make them fully qualified teachers (please vide Craft G.O)

3. The financial implication of the course will be as per details given below.

Wood work and Fret work.	Cost of wood	Rs 300	
	Ply wood	Rs 300	
	Cramps and blades	Rs 200	
	Fret saw frames	Rs 200	
	Glue	Rs 20	
	Nails.	Rs 50	1070
Cardboard Modelling and Clay Modelling	Cardboard.	Rs 200	
	Calico and paper	Rs 50	
	Clay	Rs 50	300
Palmyra Leaf work if included	Palmyra leaf	Rs 30	
	Tools etc.	Rs 50	80
Miscellaneous expenditure.		Rs 50	50
	Total	Rs 1500	1,500

The trainees may be paid a Daily Allowance of Rs 1-8-0 per day to cover their to and fro charges and mid day meals charges.

4. The Manual Training Centre of the Teachers' College, Saidapet, will accommodate 30 students in the Card-Board modelling group, 20 in the Wood work group in the weaving group. In all 70 teachers will be trained every year. At the rate of 2 teachers from every big school in the City and 1 from every small school, ninety per cent of the schools will get refreshed teachers by July of 1950.

5. The course may be ordered to be begun on the 10th of April 1950 and end on 20th June 1950.

The proposal in this file relates to the holding of a training course in handicrafts for teachers in Secondary schools during the Summer holidays. The letter from the Headmaster, T.T.V. High School, at page 1 c.f. and the minutes of the then H.M.(Edn.) at p.1 ante may be perused.

p3 cf. 2. The D.P.I. to whom the matter was referred, has proposed that as the refresher course is for the benefit of teachers in High schools, the training may be confined to the following ~~4~~ crafts: p7 cf and x on p8 cf

Wood work and Fret work.

Cardboard modelling and paper mache modelling.

p7 cf 3. The Director proposes to conduct the refresher course in the Teacher's college, Saidapet, and he has suggested that the services of four Instructors of the College, one for each Craft, may be utilised for the training of the teachers in the four crafts selected. The course will last for a period of sixty working days of five hours duration. The Director has ~~[illegible]~~ estimated the cost of conducting the training course for the training of seventy teachers employed in secondary schools (at Rs 8,120/- including honorarium) as detailed below: para 3 on p7 cf and p9 cf. para 4 on p8 cf. p7 cf

	Ultimate cost Non-recurring Rs.	Cost in 50-51 Non-recurring Rs.

p9 cf The Director has also suggested that an honorarium of Rs.50/- p.m. may be allowed for each Instructor ~~. The Instructors since they will be paid remuneration will not be~~ and they may be considered to have foregone their vacation. The honorarium for 4 instructors for the period of the course will come to Rs ~~2~~ 400/- (50x4x2).

4. According to the scheme for the reorganisation of secondary education, education in secondary schools should be a natural continuation of basic education and the curriculum of studies for forms I to ~~IV~~ III should be based on a main craft and the teaching of all otherssubjects should be correlated with that craft. In view of the importance attached to the teaching of crafts under the reorganised scheme of education, it is for consideration whether the proposals of the Director for the holding of refresher course in craft training for teachers employed in secondary schools in the City may be held to be absolutely and imperatively necessary for the efficient implementation of the scheme and put forward as a Part II Scheme for 1950-51. ~~It is also for consideration whether the expenditure involved on equipment~~ As suggested by the Headmaster of the T. T. U. High School the expenditure on ~~and~~ payment of travelling allowance and daily allowance to the trainees from non-Govt. Secondary schools is treated as an approved item of expenditure for purposes of assessment of teaching grant. the expenditure on this item will be reduced to some extent. The exact saving cannot be estimated now as it will depend upon the number of teachers sent for training from such schools.

The case deals with the proposal to sanction a training course in handicrafts for 70 teachers ~~in~~ during the summer holidays after consideration as a Part II Scheme for 1950-51.

The cost of the scheme is estimated at Rs. 8,120/- non-recurring. For details please see 'K' on page 1 above. E.& P.H. consider the scheme to be absolutely and imperatively necessary for the efficient implementation of the reorganised scheme of secondary education in which greater prominence is to be given for training in a main craft.

2. In the circumstances, Finance may agree to the proposal subject to the following remarks:

(i) It is proposed to allow T.A. and Daily allowance for teachers at Rs.1/8/- per day for 60 days. As it appears to be the intention to confine the course for teachers in the city schools there seems ~~there is~~ to be no need to pay any T.A. or D.A. at all. But the teachers are not likely to offer themselves in sufficient ~~members~~ numbers for the training foregoing their vacation unless they are given some incentive by way of allowance or stipend to cover the cost of conveyance and other out-of pocket expenses. On the anology of the rate of stipend of Rs 18 p.m. allowed for Secondary Grade training ~~viz. Rs.18/- p.m.~~ and in the interest of economy it seems sufficient to sanction them an allowance of Rs.18/- p.m. for the period of training. (The teachers will draw them in addition to their pay) Teachers drawn from private and Aided institutions may also be made eligible for the allowance in addition to their pay.

Yes. Rs 18 p.m. in addition to pay would be quite attractive
26.x.49

(ii) It is proposed to employ 4 ~~institutions~~ instructors and to allow them a honorarium of Rs.50/- a month. The honorarium proposed seems rather ~~big~~ high. Finance may suggest that the honorarium may be limited to 1/5 of the substantive pay of the instructors on the anology of F.R. ~~19(b) (v).~~ 19(2) (v) (b).

In view of the fact that these instructors will lose their vacation the honorarium of 50 p.m. seems necessary and may be accepted in Fin
26.x.49

~~3. If the above suggestionsare accepted, the extra cost of the proposal will be as follows~~:-

The E.& P.H. may also be requested to obtain ~~the~~ orders in circulation as to whether the scheme may be continued as a Part II Scheme for 1950-51 and prepare the necessary Part II note on the basis of the above suggestions.

5. Other charges.	Stipends for seventy trainees.	2,520	2,520
	Purchase of equipment	1,420	1,420
	Total ..	4,340	4,340

Explanatory Note.

According to the scheme for the reorganisation of secondary education, education in secondary schools should be a natural continuation of basic education and the curriculum of studies for forms I to III should be based on a main craft and the teaching of all other subjects should be correlated with that craft. In view of the importance attached to the teaching of crafts under the reorganised scheme of secondary education, the Director of Public Instruction has submitted proposals for the holding of a refresher course during 1950–51 for seventy teachers employed in secondary schools in the city for training in the following crafts :—

Wood work and Fret work.

Card board modelling and paper mache modelling.

The course is proposed to be conducted in the Teachers' College, Saidapet and will be completed within a period of sixty working days of five hours duration. It is proposed to utilise the services of four Instructors from the Teachers' College, Saidapet, one for each craft, for training the teachers and to sanction them an honorarium of Rs. 50 per mensem. As the trainees cannot be expected to undergo the training at their own cost, it is proposed to allow them stipends at the rate of Rs. 18 per mensem. The expenditure on payment of stipends to trainees from non-Government secondary schools will be treated as an approved item of expenditure for purposes of assessment of teaching grant and therfore the expenditure on this item will be reduced to some extent. The exact saving can be assessed only after the selection of the trainees as it will depend upon the number of teachers from non-Government secondary schools selected for training.

2. As the conduct of the course is obsolutely and imperatively necessary for the effective implementation of the scheme for the reorganization of secondary education, this Department recommends that necessary provision be made in the Budget Estimate for 1950-51, as shown in the summary at the top.

From
THE HEADMASTER,
T. T. V. HIGH SCHOOL,
MADRAS

To
The Hon'ble Minister for
Education,
Government of Madras,
Fort St. George, MADRAS.

Sir,

Arts and Crafts are subjects under the reorganised scheme and many of the teachers do not know anything about Crafts and handicrafts except a little about the craft introduced in the School. I therefore venture to make this humble suggestion.

2 I understand that there are two experts in the Teachers' College, who know many useful handicrafts. I therefore beg to suggest that a handicraft training course may be run during the ensuing Summer Holidays at the Teachers' College, Saidapet, for a week or 10 days and schools may be advised to depute one or two teachers to undergo the training.

3 The classes can be held for 3 hours a day thus allowing trainees to come daily from their residence - the managements will thus have to meet only the conveyance charges, which can be made a permissible item of expenditure for grant-in-aid.

4 This will help Schools to utilise the periods set apart for Arts and Crafts to the best advantage and our children can be taught many additional small and useful handicrafts as card board modelling, fretwork, weaving of thin palm leaves into useful articles, etc.

I beg to remain,
Sir,
Yours in the cause of education,

HEADMASTER

With reference to Secy's query attention is solicited to para 7. of G.O. no 1394 Edn d 29.5.48 in which three main crafts were approved for Secondary schools for boys. viz handloom weaving, woodwork, garden & agriculture. On the suggestion of the Headmaster T.T.U. High School that many additional small & useful handicrafts can be taught in schools during the periods set apart for Arts & crafts, the question of giving a training course in handicrafts was considered. Attention is solicited to the letter from the Principal Teacher's College Saidapet & DPI on pp 7-8 of G.O. 1110 Edn d 5.4.50. It will be observed that instead of card board modelling & clay modelling, card board modelling & papier mache was suggested by the DPI. It is observed from the letter of the Principal Teacher's College on p 8 of the G.O. that card board modelling has been included in the list of crafts for pupils of Forms IV to VI. There is no information whether papier machie modelling has since been included in the list of handicrafts in the curriculum or not. The DPI may be consulted. ⑪ ①

pp 1-2 of

The D.P.I. reports that papier mache modelling has been included in the list of crafts for Forms IV to VI. He considers that training in this craft is a pre-requisite for training in rubber and plastic moulding industries which offer a very large scope for making a subsidiary income. In view of the utility of this craft (papier mache modelling) it is for consideration whether the Director's action in having permitted the appointment of a manual training instructor~~s~~ for a period of two months on a salary of Rs.125 per mensem to ~~trained teachers~~ train teachers from the City Secondary schools who attend the refresher course in crafts, may be approved. If so the ~~A~~ draft memo ~~as~~ already put up at p ante may be issued with the concurrence of Finance.

The Director does not mention anything about card board modelling. It should apparently be presumed that he considers that craft also to be useful. On that basis, it may also be allowed to stand until any report to the contrary is received.

section of the Teachers College Saidapet at a monthly salary of Rs.125/- p.m. for two months and has requested an addl. provision of Rs.150/- under Honoraria to meet the salary of the above Instructor. the balance of Rs 100 being met from savings under 'honoraria'. p.14F

In G.O. 1100 Edn dated 5.4.50 sanction was accorded inter alia for the incurring of the following expenditure.

A. on p.13 c.f.

g (L)

Payment of honoraria to four M.T. Instructors in the Teachers College Saidapet at the rate of Rs.50/- p.m. Rs.400/-

It is now reported by the D.P.I. that only three members of the staff will be employed during the vacation and that there will be a saving of Rs100/- under the provision already made. If an addl. provision of Rs.150/- is made as requested by the D.P.I. the total will be sufficient to cover the salary of the M.T. Instructor at Rs. 125/- p.m. for two months.

X on p.1 c.f.

The scale of pay sanctioned in G.O. 78 Finance dated 6.2.47 for the M.T. Instructors is Rs. 60-4-100. Taking the average cost the expenditure for two months will come only to Rs.~~239~~ 240 rounded. Whereas the D.P.I. has requested sanction for Rs 250/- for two months. As the period of employment is only for two months and as qualified hands for the craft are not available
