In para 2 of the G.O. cited the Director has been requested to submit proposals for giving training to the teachers in Secondary Schools in the mofussil for consideration as a Part II Scheme for 1950-51. In this connection I am to solicit Government's further instructions as to whether the proposal for deputation of teachers for training to Madras Government Museum may be based at the rate of one teacher for each secondary school in the mofussil in view of the orders contained in para 1 of Government Memorandum No. 90766-B1/48-3 Edn., dated 22-4-49. If this is approved the following items of expenditure will, have to be taken into account for purposes of estimates in the case of teachers in Government Secondary Schools.

(1) Travelling Allowance - Single Railway Fare III Class to and fro.

(2) Daily Allowance for the days of halt at Madras, (for 9 days) at the rates admissible under the Travelling Allowance Rules.

(3) cost of equipment to be provided by each teacher @Rs.10/-

2. In the case of non-Government Secondary Schools half the estimated cost in the case of Secondary Schools under Local Bodies and 2/3rds of cost in the case of Secondary Schools under private managements subject to the maximum limit specified above in the case of teachers in Government Secondary Schools will also have to be included. The expenditure incurred by the managements of schools on the above items will have to be admitted for purposes of grant-in-aid.

3 In case the Government approve the scheme for being given effect to in 1950-51 the manner in which the teacher of mofussil Secondary Schools should be deputed for training. i.e. the number of teachers for each district to be selected for a batch for each time the batches in which they should be trained, the period during which the deputation should be made etc., will have to be considered and - necessary instructions

issued after the receipt of orders of Government, as it will not be possible to depute all the teachers from each Secondary School~~s~~ in the mofussil at one and the same time. The Superintendent, Government Museum, Madras, the Divisional Inspectors of schools and the Inspectresses of Girls' Schools will also be consulted in the matter in the meanwhile.

~~3. Cost of equipment to be provided by each teacher at the rate of Rs.10/-.~~

Yours faithfully

For Director of Public Instruction.

Ref: Your letter Rc. 1903.B.1/48, dated 22.6.'50

As required in your letter cited, I enclose herewith a revised time table for the Museum Technique Course to be held in the Secondary Schools in the mofussil. The course has been extended from 10 days to 14 days. The main complaint from the teachers trained here was that they had no opportunity to do any practical training in the stuffing and preservation of the zoological specimens as the 10 days time was found too short for the course. I also feel that the demonstration classes in Zoology, to be effective, should be followed by training in practical work. I have therefore extended the 4 days allotted to Zoology to 8 days in my revised syllabus for the course. For the programme on the 3rd, 4th and 13th days, it is expected that the centre selected for training will be provided with a minimum of demonstration materials.

pp1-2 cg

From the Director of Public Instruction, R.C.No.1903-BI/48
dated the 9th August 1949.

(A)/12 cg

In G.O.No. 2277 Education, dated the 14th July 1949, the Government approved the proposal of the D.P.I. to depute, during the current school year, one teacher from each of the secondary schools in the city of Madras, for undergoing training for a period of nine days in the formation of school museums at the Government Museum, Madras. The expenditure incurred on behalf of the teachers in Govt. Secondary schools was ordered to be met from Provincial funds and that of those from non-Govt. Secondary Schools to be recognised for purposes of grant-in-aid. The Director was also asked to submit proposals ~~to Government~~ for the training of the teachers in muffasil places for consideration as a Part II Scheme for 1950-51.

(A)/12 cg - para 2

para 1 appl cg

2. The Director now requests to be informed whether the proposal for the deputation of teachers in muffasil places for training may be ~~based~~ Subd at the rate of one teacher for each secondary school, ~~in the muffasil~~ in view of the orders in para 1 of the memo on pages 7-8 c.f. of the G.O. referred to above. It seems enough if one teacher for a school is trained. ~~and~~ The Director may be informed accordingly. The Director may also be informed that the items of expenditure mentioned in para 1 of his letter may, on behalf of the teachers in Govt. schools, be met from Provincial funds. In the case of teachers from non-Govt. secondary schools, half the estimated cost in respect of those in schools under local bodies and two thirds in respect of those in private schools ~~subject~~ may be paid by Government. This is ~~similar to the~~ the basis on which teaching grant is now paid to schools under local bodies and private

Please see the note of the Secretary above. ~~on page~~ It is presumed Chief Secretary refers therein to the Go. no. 1394 Edn dated 29.5.48 in regard to the reorganisation of secondary education. A copy of the syllabuses on various subjects is put up below. No mention has been made about the organisation of school museums in the syllabus for Arts & crafts. The DPI has reported that it has been pointed out in the departmental instructions issued by him that these museums provides the power of observation of the students and helps the teacher in making the lessons more practical and interesting. It does not seem necessary to call for a copy of the connected proceedings of the Dir.

There are, at present, about thousand secondary schools in this Province and at the rate of one teacher for a school thousand teachers will have to be trained. The expenditure involved on the payment travelling and daily allowances to the teachers and on the purchase of equipment required for the training will be considerable. The proposal does not also satisfy any of the criteria laid down by Government for consideration as a Part-II scheme for 1950-51. In the circumstances, the scheme may be deferred.

2. So far as the teachers in the Government Secondary Schools are concerned, the entire expenditure involved on (i) the payment of rail-fare, (ii) daily allowance for the period of training and (iii) the purchase of equipment required for the training will have to be met by the Government. The no. of such schools is small. Local Bodies and private managements may not ~~will not~~ agree to bear the expenditure on the training of the teachers under their control ~~and the expenditure in~~ entirely from their own funds. In order to encourage them to train the teachers, the expenditure will have ~~majority of the cases will have~~ to be recognised for purposes of grant-in-aid i.e. the Government will have to pay half and ~~tow~~ two-thirds of the expenditure to local bodies and private managements respectively. From the items of expenditure suggested by the Director in his letter on page 1 c.f., it appears ~~is observed~~ that the cost to Government will be considerable. The expenditure cannot be estimated correctly, as the rail-fare will vary in the case of each teacher, according to the distance he will have to travel. However, the Director may be asked to furnish a rough estimate of cost to Government involved on the proposal.

H. M seems to have agreed that they should be instructed by the Handbook

The Director of Public Instruction has submitted an estimate of cost involved on the deputation of one teacher ~~from~~ each of the secondary schools in the muffasil for training in the organisation of school museum at the Government Museum, Madras. The estimate has been worked out on the following basis:-

(1) Purchase of equipment at Rs 10/- per teacher.

(2) Travelling allowance to and fro at a flat rate of Rs 15/- each.

(3) Daily allowance at Rs 2/- each for nine days.

as in para 1 on p1 c/

X

The total cost to Govt. works out to Rs. 27,097 - (Rs. 3,612 for teachers in Govt Secondary Schools, Rs. 9,610 for those in schools under local bodies and Rs. 13,875/- for those in schools under private management.) The cost for the teachers under local bodies & private managements has been calculated at half & two-thirds respectively of the total cost. The ~~no~~ provision to be made in the next year's budget is only Rs. 3612/- for teachers under Govt schools, as the grant towards the expre. incurred by managements

PART II SCHEME FOR 1950-51.

Deputation of teachers in the Secondary Schools in the mufassal for training in the organisation of School museums at the Government Museum, Madras.

The proposal is to depute during 1950-51 one teacher from each of the Secondary Schools in the mufassal for undergoing training at the Govt. Museum, Madras, for a period of 9 days in the organisation of ~~the~~ School Museums at the Govt. Museum, ~~Madras~~. The entire expenditure on this account in respect of the Government Secondary Schools will have to be met by the Government. In the case of the Secondary Schools under local bodies and those under private managements, the expenditure is proposed to be admitted as approved expenditure for purposes of assessing grants i.e. one-half or 2/3rds of the expenditure, as the case may be, will have to be given as grant by the Government. The total extra cost to Government involved in the proposal works out to Rs 27,100 non-recurring as shown below:

	Rs.
84 Government Secondary Schools. (at the rate of 1 teacher from each school)	3,612
447 Schools under local bodies at the rate of 1 teacher from each school. Total cost Rs 19,200 - half grant.	⊗ 9,600
484 Aided Schools at the rate of one teacher from each School. Total cost Rs 20,812 - two-thirds grant.	⊗ 13,875
	27,087
	OR
	27,100 roundly.

⊗ Payable in 1951-52 only.

X on p.4 above

p 6 cf

p 7 cf

The basis on which the estimates has been worked out is indicated at 'X' on p.5 above. The details of the expenditure given on p.6 C.F. do not ~~seem to~~ call for any special remarks.

2. The training in the organisation of School Museums at an ~~large~~ extra cost of Rs 27,100 cannot be considered to be imperatively and immediately essential. The proposal does not satisfy the criteria laid down for consideration of Part II Schemes for 1950-51. In view of the need for allround economy, this scheme can certainly wait till the financial position of the Province improves. Finance may therefore suggest that the proposal may be deferred, though the cost in 1950-51 alone will be small — Rs 3,612.

(The cost of the scheme already approved for Madras City alone was Rs 473 in this year.)

The notes on pages -1-7 ante may be perused. The proposal in this file is to depute during 1950-51 one teacher from each of the Secondary Schools in the muffasil for undergoing training at the Government Museum, Madras, in the organisation of school museums, for a period of nine days. The entire cost on account of the deputation of the teachers in the Government schools will be met ~~entirely~~ from Provincial funds. The expenditure incurred by the managements of secondary schools under local bodies and private agencies is proposed to be recognised for purposes of grant-in-aid, i.e. ~~the~~ two-thirds of the expenditure (incurred) in the case of the private schools and one half in the case of the local body schools will be paid as teaching grant. The extra expenditure involved in the proposal is Rs.27,100 non-recurring. The expenditure during the year of introduction of the scheme, namely, 1950-51, is only Rs.3,600, in respect of the teachers in Govt. schools, as the teaching grant towards the expenditure ~~=~~ incurred by the non-Govt. schools (during 1950-51) is payable only in 1951-52. The Finance Department have no objection to the proposal taking its chance as a Part II Scheme for 1950-51.

EXPLANATORY NOTE.

(x) 1-2

In 1948, the Government approved the scheme for the reorganisation of Secondary Education in this Province and effect was given to it from the beginning of the school year 1948-49. In the departmental instructions issued by the Director of Public Instruction to the managements of secondary schools, it has been pointed out that the organisation of museums in secondary schools promotes the power of observation of the students and helps the teacher in making the lessons

more practical and interesting. The Government, therefore, sanctioned the deputation during the current school year, one teacher from each of the secondary schools in the City of Madras for undergoing training at the Govt. Museum, Madras for a period of nine days in the formation of school museums. ~~at Government Museum, Madras~~

2. The Director of Public Instruction has now submitted proposals for giving a similar training to the teachers in the secondary schools in the muffasal at the rate of one teacher for each school. The total number of teachers to be trained is 1015 (84 from Government Secondary Schools, 447 from schools under local bodies and 484 from schools under private managements). The items of expenditure involved in the proposal ~~is~~ are the payment of travelling and daily allowances to the teachers and the purchase of equipment required for the training. For purposes of estimate, a flat sum of Rs.15/- and Rs.2/- and Rs.10/- per teacher for each of the three items of expenditure respectively have been taken into account. The entire expenditure in respect of the teachers in the Government Secondary Schools will be met from Provincial funds. As the managements of non-Government secondary schools may not agree to meet from their funds the entire expenditure ~~from their~~ on the deputation of teachers from their schools ~~own funds~~, it is proposed to recognise the expenditure incurred by them subject to the limits referred to above, for purposes of assessment of teaching grant (one half of the expenditure in the case of the schools under local bodies and two-thirds of the expenditure in the case of ~~the~~ schools under private managements). The ultimate and the immediate cost of the proposal works out to Rs.27,100 and ~~R~~ Rs.3,600 respectively. The Finance Department have no objection to the proposal taking its chance as a Part II Scheme for 1950-51.

3. This Department recommend that necessary provision as shown in the summary above may be made in the Budget Estimate for 1950-51.

EXPLANATORY NOTE.

A

In 1948, the Government approved the scheme for the reorganization of
Secondary Education in this Province and effect was given to it from the begin-
ning of the school year 1948–49. In the departmental instructions issued by the
Director of Public Instruction to the managements of secondary schools, it has
been pointed out that the organization of museums in secondary schools promotes
the power of observation of the students and helps the teacher in making the
lessons more practical and interesting. The Government, therefore, sanctioned the
deputation during the current school year, one teacher from each of the secondary
schools in the City of Madras for undergoing training at the Government Museum,
Madras, for a period of nine days in the formation of school museums.

2. The Director of Public Instruction has now submitted proposals for giving
a similar training to the teachers in the secondary schools in the mufassal at the
rate of one teacher for each school. The total number of teachers to be trained is
1015 (84 from Government Secondary Schools, 447 from schools under local bodies
and 484 from schools under private managements). The items of expenditure
involved in the proposal are the payment of travelling and daily allowances to the
teachers and the purchase of equipment required for the training. For purposes
of estimate, a flat sum of Rs. 15 and Rs. 2 and Rs. 10 per teacher for each of the
three items of expenditure, respectively, have been taken into account. The entire
expenditure in respect of the teachers in the Government secondary schools wil

13

be met from Provincial funds. As the managements of non-Government Secondary Schools may not agree to meet from their funds the entire expenditure on the deputations of teachers from their schools it is proposed to recognize the expenditure incurred by them subject to the limits referred to above, for purposes of assessment of teaching grant (one half of the expenditure in the case of the schools under local bodies and two-thirds of the expenditure in the case of schools under private managements). The ultimate and the immediate cost of the proposal works out to Rs. 27,100 and Rs. 3,600, respectively. The Finance Department have no objection to the proposal taking its chance as a Part II Scheme for 1950-51.

3. This Department recommend that necessary provision as shown in the summary above may be made in the Budget Estimate for 1950-51.
