EDUCATION AND PUBLIC HEALTH DEPARTMENT (BI)

EDUCATION - Secondary - Teaching of 'Homecraft' in
secondary schools for Girls - Training of teachers. - Part II
Scheme for 1950-51.

From the Director of Public Instruction, C.No.2854-E1/49
dated the 20th September 1949.

In G.O.No.1184 Education, dated the 19th April
1949, the Government sanctioned the holding of a short
training course for six weeks for 50 L.T. Assistants and
in the Queen Mary's College, Madras, and for 200 Secondary
Grade Teachers at ten selected centres spread over the
linguistic areas of the Province for teaching 'Homecraft'
in Forms I to III of Girls' secondary schools. In con-
nection with the Part II of the B.E. for 1950-51, the
Director of Public Instruction has now submitted proposals
for the training of the same number of teachers during
the next summer vacation. As experience has shown that
the ~~course~~ training can be completed within 30 days, the proposed
course will be restricted to 30 days. The extra cost
involved in the proposal is as follows:-

	Ultimate cost. Non- recurring. Rs.	Cost in 50-51. Non- recurring. Rs.
Equipment and contingencies for the course to be con- ducted in 10 selected centres for Secondary Gr. teachers.	5,000	5,000
Do for the course in the Queen Mary's College, Madras, for L.T. Assistants.	500	500
Travelling and daily allo- wances for L.T. Assts. & Secondary Gr Teachers.	(13,000 + 5,500) 18,500	18,500
Total.	24,000	24,000

2. According to the scheme for the reorganisation
of Secondary Education, Homecraft (basic craft) should be
taught in Forms I to III of all secondary schools for girl.
The proposal may therefore be considered as imperatively
and absolutely essential for the running of the department
and may be put forward as a Part II Scheme for 1950-51.

What is this course and cannot it not be taught to teachers of the status of L.T. through books, or through teachers already trained in the district.

Please see the Secretary's query above.

2. According to the reorganisation of Secondary Education, 'Homecraft' (basic craft) should be taught to the pupils in Forms I to III of the Secondary Schools for Girls. The proposed course for 30 days is intended for the training of the teachers employed in the secondary schools for girls on the method of teaching the subject. The organisation of a similar course was considered in connection with the Part II Schemes for 1949-50 and it was sanctioned by Government. - Vide G.O.No.1184 Education, dated the 19th April 1949. The services of the teachers already trained will, probably, be utilised for the course to be conducted for the secondary grade teachers at ten selected centres. It does not seem possible to train the teachers in the subject through books and it seems necessary that they should receive practical training for which provision has been ^{suggested} made for the purchase of equipment. In the circumstances, the proposal may be approved and may be put forward as a Part II Scheme for 1950-51.

EXPLANATORY NOTE.

One of the items in the scheme for the reorga-
nisation of Secondary Education is the introduction of
crafts in all secondary schools from the school year
1948-49. In respect of secondary schools for girls, ~~it~~
~~was laid down that~~ 'Homecraft' ~~should be~~ ^{is} the basic craft
in Forms I to III and after Form III, Domestic Science
~~would be~~ ^{is} a specialised subject of study and examination
in high schools. With a view to implement this policy,
the Government sanctioned the holding, during the ~~current~~ ^{last}
~~year~~ ^{summer vacation,} of a short training course for six weeks for 50 L.T.
Assistants in the Queen Mary's College, Madras, and for
200 secondary grade teachers at ten selected centres

spread over the linguistic areas of the Province. In order to train more teachers on the subject, the Director of Public Instruction has submitted proposals, ~~for consideration in connection with the budget for 1950-51,~~ for the training of another batch of 50 L.T. Assistants and 200 secondary grade teachers. ~~The proposed training course will be completed within a period of 30 days, as it has been found by experience that it can be conducted within that period.~~ As the teachers cannot be expected to undergo the training at their own cost, it is proposed to allow them travelling and daily allowances admissible

to them according to the Madras Travelling Allowance

Rules. A suitable remuneration will also be paid to the members whose services are utilized in connection with the course for L.T. Assistants.

2. As the conduct of the course is absolutely

and imperative necessary for the implementation of the scheme for the reorganization of Secondary Education.

policy stated in para 1 above, this Department recommend

that necessary provision (as shown in the summary at the top)

may be made in the Budget Estimate for 1950-51.

Explanatory Note.

One of the items in the scheme for the reorganization of Secondary Education is the introduction of crafts in all secondary schools from the school year 1948-49. In respect of secondary schools for girls, "Homecraft" is the basic craft in Forms I to III and after Form III, Domestic Science is a specialized subject of study and examination in high schools. With a view to implement this policy, the Government sanctioned the holding, during the last summer vacation, of a short training course for six weeks for 50 L.T. Assistants in the Queen Mary's College, Madras, and for 200 secondary grade teachers at ten selected centres spread over the linguistic areas of the Province. In order to train more teachers on the subject, the Director of Public Instruction has submitted proposals for the training of another batch of 50 L.T. Assistants and 200 secondary grade teachers during 1950-51. The training will be completed within a period of 30 days. As the teachers cannot be expected to undergo the training at their own cost, it is proposed to allow them travelling and daily allowances admissible according to the Madras Travelling Allowance Rules. A suitable remuneration will also be paid to the members whose services are utilized in connexion with the course for L.T. Assistants.

2. As the conduct of the course is absolutely and imperatively necessary for the implementation of the scheme for the reorganization of secondary education, this department recommends that necessary provision may be made in the Budget Estimate for 1950-51 as shown in the summary at the top.
