In G.O.Ms.No.169 Education dated 30-1-47, the Government have constituted a committee for the revision of the "Syllabus of Physical ~~Edn~~ activities for boys in Secondary Schools and Manual of Instructions for teachers". The syllabus of Physical activities which the committee had drawn up for boys in secondary schools was submitted to Government with this office Endt. RC.3396 E-46 dated 6-6-48. With reference to Government in their D.O.No.43038-C.1-48-2 Edn dated 25-9-48 requested the Director to inform the Committee to examine the suggestions contained in the minutes of the Hon'ble Minister for Education dated 24-9-48. The Chief Inspector of Physical Education who is the convenor of the committee was accordingly requested to take necessary action in the matter.

In the mean-time, the Chief Inspector of Physical Education has submitted proposals for conducting refresher courses for Physical Education teachers in the ensuing summer vacation (beginning from April 1949) and he has added that these classes will be conducted only after the finalised syllabus is approved by Government. A copy of his letter C.No.586/48 dated 23-11-1948 containing the proposal is enclosed. I generally agree with his proposal. I request that Government may be pleased to approve of the proposal. If it is agreed to I shall furnish the financial effect of the proposal.

In Director's Proceedings referred to above the proposal to conduct refresher classes in Physical Education to introduce the revised syllabus was deferred till the final syllabus in physical education is received and approved by Government.

The tentative revised syllabus has been published and it is expected that this will be finalised early in January or February 1949. Government may approve it soon thereafter.

The refresher classes which are very necessary may be begun from April 1949 onwards, as many as possible being conducted between April and June 1949, the rest being conducted during the 1st term of the academic year of 1949-50

1. April: Madras: for the Physical Education Teachers of Madras City Schools AND for the 4 Regional Inspectors of Physical Education who are to conduct the classes in the muffasil. No of schools: 37

The duration of each class will be for three weeks and not less than 15 working days. Exact dates will be announced in respect of each class in advance. Except the Madras class which will be conducted by the Chief Inspector of Physical Education all the rest will be conducted by the respective Regional Inspectors of Physical Education of the Divisions concerned. In case more Inspectors of Physical Education are appointed in the meantime, they will be

The Regional Inspectors of Physical Education must be permitted to leave their jurisdiction to attend the Madras class, and to draw full Daily Allowance for all the 3 weeks of the classes they attend in Madras and conduct in the muffasil. If they are not permitted full Daily Allowance for all days of halt in connection with these classes, they will have to undergo great hardships. They have been permitted to draw full daily allowance for all days of halt in connection with the classes they conduct for elementary schools. Please see G.O.No.Ms.328 Edn dated the 24th February 1947 communicated in Director's Proceedings Dis.No.903/47 dated 6-3-47.

Travelling allowance and Daily allowance must be paid to the Physical Education Teachers also. A flat rate of Rs.2/- (Rs. two only) per day for all the days may be sanctioned to the Physical Education Teachers in the Madras City toward travel and food charges. Actual Travelling allowance, by rail or bus as the case may be, and daily allowance for all the days at the rate of Rs.2/- per day may be sanctioned to the Physical Education Teachers in the muffasil. To obviate all difficulties regarding the deputation of teachers I suggest that the expenses towards travelling allowance and Daily allowance as detailed above for all Physical education teachers may be met from the Games Fund of the respective schools. Each and every physical education teacher in service at the time these classes are held should be required to attend the classes under the penalty if they do not do so, of attending another class at their own expense and/ or of having their probation terminated or extended,/ or of having their increment withheld. If there is no penalty a good number of physical education teachers will plead excuse of one kind or other and not attend these classes, with the result that they will not be able to handle physical education according to the new syllabus.

The classes will be organised and conducted by the Chief Inspector of Physical Education in co-ordination and conjunction with the departmental officers concerned.

I have the honour to request that these proposals may be considered duly and orders issued at an early date on the specific understanding that these classes will be conducted only after the finalised syllabus is approved by Government. I submit these proposal so early, since if I were to wait till the finalised syllabus is approved by Government, it may not be possible to make use of the vacation months of April to June for these classes. Besides at least 6 weeks, time is required in advance to issue notices of the classes, and to make the necessary preparation for the class.

A

I may add that the Hon. Minister for Education has asked me to submit these proposals for refrsher classes early at the meeting at the Secretariat on 23-9-1948.

With reference to the above I write to submit that the Syllabus on the Physical Activities for boys has not yet been finalised. The question of conducting refresher courses for Physical Education teachers may be taken up after the syllabus is finalised and approved by Government. This is possible only in the next summer vacation(1950). The reasons for choosing summer vacation are that the Physical Education work in schools will not be hampered on account of the deputation of teachers for the course and the Physical Education Teachers may be able to adopt the new syllabus from the academic year 1950 instead in the middle of the year.

2. The first refresher course for the Physical Education Teachers in the Madras City Secondary Schools and the four Regional Inspectors of Physical Education will be conducted at Madras by the Chief Inspector of Physical Education for a period of 15 days.Each Regional Inspector of :Physical Education after his training at Madras will be able to conduct 3 such classes in their regions during the summer vacation 1950, each class consisting 50 teachers for a period of 15 days. The places of training will be selected by the Regional Inspectors of Physical Education later in consultation with the other departmental officers.

R.C.No.2621-L4/49 dated 13th September, 1949.

SIR,

Physical Education--conduct of special classes for men teachers during the summer vacation May and June 1950 - Proposals submitted.

—

71498.

In connection with the Part II of the Budget Estimate for 1950-51, I have the honour to submit the following proposals for the conduct of special classes in Physical Education for teachers of Secondary schools for a period of one month each from 15th April to 15th June 1950 at 4 centres (viz.) Mathurai, Coimbatore, Anantapur and Rajahmundry. The position in regard to the availability of trained Physical Education teachers in this Province has not improved, and is not likely to improve within the next 5 years. Interim arrangements will have therefore to be made to meet the acute shortage of trained teachers so as to enable the schools to conduct some kind of Physical Education programme until such time, trained candidates are available for appointment.

As the schools are not in a position to secure the services of trained Physical Education teachers, little or no attention is paid to this branch of education. To enable the schools to introduce an organised skeletal programme of games and sports activities until such time that trained instructors are available, the conduct of special Physical Education classes for the Higher Elementary and Secondary School teachers will not only sustain the interest in Physical Education among the schools but also contribute in establishing its usefulness and importance.

During the months of April, May and June 1950, two special classes in Physical Education, for a period of one month each, for Secondary and Higher Elementary Grade teachers and selected from schools may be held by the Regional Inspectors of Physical Education at the following centres from 15th April to 14th May and from 15th May to 14th June 1950 both days inclusive.

i. Mathurai
ii. Coimbatore
iii. Rajahmundry
iv. Anantapur.

In these classes the teachers may be taught the fundamental principles of Physical Education and also the methods of organising and conducting a skeletal programme of games and sports for the pupils of schools. This arrangement would prevent a break in the continuity of interest in Physical Education in the pupils of schools which donot possess qualified Physical Education teachers and where no attention is paid to Physical Education. If the management of those schools that are short of Physical Education teachers are compelled to depute candidates for these classes, it is possible to conduct an elementary programme of games and sports within the limited period for the benefit of those teachers, who in turn, would be able to conduct these activities in their respective schools. In each of the 4 centres referred to above, two batches of one hundred candidates each may be trained. The Regional Inspectors of Physical Education of the respective circles may be placed in charge of the classes. He may be assisted by the

12

Physical Directors of the Government Colleges in the respective places or one or two Physical Training Instructors employed in the nearby Government Training Schools. With a view to attracting a large number of candidates to this course, it is necessary that an allowance of Rs.10/- per candidate per month should be specially granted to them, when after their training they are put in charge of Physical Education activities of their respective schools. As these teachers will be expected to organise and supervise Physical Education activities even out of school hours, and as they will be subject to additional out of pocket expenses during their stay in the school playground after school hours, the sanction of this small aamount of Rs.10/- per month will make them willing workers for the case of Physical Education. If the schools fail to secure qualified Physical Training Instructors in spite of reasonable attempts, the appointment of these candidates may be justified as a temporary measure.

Government may be pleased to sanction a half grant, towards the expenses of these candidates, to the managements of institutions deputing the candidates. In the case of Government schools, the expenditure may be met from the allotment of the respective schools.

The details of expenditure to be met from Provincial funds will be:

A/ 1. Travelling Allowance per trainee at Rs.10/- per head for 50 100 candidates @ Rs.500/- 250 per centre i.e. half grant ..	Rs. 2,000/-
2. Daily Allowance at the rate of Rs.2/- per day for 32 days (one day prior to the commencement of the class and departure one day after the closure of the class i.e. 32 days) .. 32 x 2 x 100 x 4 (Half grant). .. Stipend	Rs. 12,800/-
3. Travelling Allowance and Daily Allowance for Regional Inspectors of Physical Education, Physical Directors and Physical Training Instructors @ Rs.250/- each ..	Rs. 1,000/-
4. Contingent expenditure @ Rs.200/- per centre. ..	800/-
Total for 4 centres for each class ..	Rs. 16,600/-
Total for 4 centres for two classes ..	Rs. 33,200/-.

The Daily Allowance of Rs.2/- per head per day has to be sanctioned as a special case to enable the trainees to complete the training successfully. The instruction staff may also be sanctioned a special Daily Allowance of Rs.3/- per head per day which will be commensureate with the Physical strain involved from 6.30 in the morning till 6.30 in the evening. As the instructional staff will live with the trainees the grant of this special concession will just be enough to meet the extra cost of living.

Sports equipment available at the training schools and Government colleges may be acquired for use during the course. A contingent expenditure of Rs.200/- per class to meet the cost of postage, telegrams, chunam, sweeping charges etc. issue of certificates after training etc. will be necessary.

If the scheme is approved, it is possible atleast during the next academic year i.e. 1950-51 for a majority of the schools to conduct some kind of Physical Education. I therefore request Government to approve the proposal.

Yours faithfully,

In the U.O. reply quoted above the Director has worked out the additional cost involved in the payment of an allowance of Rs.10/- per mensem to candidates trained during the summer at Rs.96,000/-a year. It is not clear whether it is the intention of the Director that the 800 candidates to be selected for the training will all belong to Government institutions. In that case only, the Government will be called upon to meet the entire expenditure, on account of the allowance of Rs.10/- to each of the trainees, when they are employed in the conduct of physical activities, after training. If the teachers are to be selected from aided institutions and institutions under local bodies only a portion of the additional expenditure need be met from provincial funds. Will you please look into this matter again and explain the position.

In calculating the additional cost to Government on the payment of an allowance of Rs 10/- to candidates trained during the summer, it was the intention that the entire cost on the payment of allowance should be borne by Government, irrespective of the fact whether the teachers are from Government, local body or private institutions. The Chief Inspector of Physical Education is of opinion that it will not be sufficient if the expenditure is treated as an approved item of expenditure for purposes of calculation of teaching grant. If it is treated only as an approved item, the payment to the teachers may turn out to be at the discretion of the managements and it may happen that they may not be paid the allowance at all. The allowance may therefore have to be sanctioned as a special grant by the Government.

pp1-5 cf

The D.P.I. has forwarded to Govt the proposal of the Chief Inspector of Physical Education for conducting refresher courses for Physical Education Teachers in the ensuing Summer Vacation (beginning from April 1949) after the finalised Syllabus is approved by Govt.

The Syllabus of Physical activities which the Committee constituted for the revision of the "Syllabus of Physical activities for boys in Secondary Schools and Manual Instructions for Teachers" has drawn up has been referred back to the Committee for examining certain suggestions of the Hon'ble the Minister for Education regarding the use of Yoga Asanas. The Committee has not yet reported on the revision. Till the Syllabus is revised by the Committee and approved by the Govt. it cannot be introduced in the Refresher classes in Physical Education. The D.P.I. however recommends that the proposal of the Chief Inspector of Physical Education for the Refresher Course may ~~might~~ be considered and orders issued on the specific understanding that the classes will be conducted only after the finalised Syllabus is approved by Govt. In the circumstances stated by the Chief Inspector of Physical Education at 'A' on p 5 cf the proposal of the D.P.I. may be agreed to and he may be asked to furnish the financial effect of the proposal. ~~in the meanwhile~~ Finance may see.

From the D.P.I., No.2590-L/49 dated 12-9-49 and No.2621-L4/49, dated 13--9--1949.

Very urgent

In the letter of 12-9-49 - p.10 c.f. - the D.P.I. has renewed the proposal to conduct refresher classes for physical education teachers to acquaint them with the revised syllabus for physical activities. The proposals are set out in detail in the letter of the Chief Inspector of Physical Education on pp.7-8 c.f. The first course for Physical Education teachers in the City and the four Regional Physical Inspectors will be conducted by the Chief Inspector for 15 days and each Regional Inspector after his training will conduct 3 classes in his respective region for the physical education teachers in his jurisdiction. The classes are to be conducted in the Summer of 1950. The addl. cost involved is Rs.26,150/-.

p 8 CF

2. In the letter of 13-9-49 - pp.11-12 c.f. - the Director has proposed the holding of two Special classes in physical education - each of one month's duration in four centres from 15th April to 15th June 1950 for teachers of secondary schools with a view to meet the acute shortage of physical education teachers. These teachers are to be put in charge of physical activities of their respective schools, after training and they are to be paid an allowance of Rs.10/- in addition to their pay. The cost involved in the proposal is Rs.33,200/-. ~~The~~ In working out the cost the Directer has not taken into account the addl. expenditure involved in paying the allowances of Rs.10/-. This is a recurring liability. The Director may be asked to indicate the addl. expenditure involved on this account. It has not been made clear whether the teachers will have ordinary class work in addition to organising physical activities.

p 12 CF

A

3. The classes referred to in paragraphs 1 and 2 above are both to be conducted by the Regional Inspectors. It is not clear whether the Regional Inspectors after undergoing the refresher course in the new syllabus in Madras for 15 days in April 1950 will be able to hold simultaneously, the refresher classes for physical education teachers and the training courses for ~~of~~ ordinary teachers. B

4. The revised syllabus is not yet ready. There is no indication that it will be finalised by March 1950. Unless the syllabus is finalised by March 1950, there is no point in holding the refresher classes referred to in para 1 above. C

5. The file may be sent to D.P.I. u.o. for remarks on 'A', 'B' and 'C' above. As the proposal has to be treated as a Part II Scheme the Director may be requested to send his remarks not later than 15-10-1949.

2. The Revised Syllabus of Physical activities for boys has not been finalised by the Committee appointed for the purpose in G.O.Ms.No.169, dated 30-1-1949. As the syllabus was introduced as an experimental measure, the question of making it complete and comprehensive has been examined by the Committee who have arrived at a decision on its final content. Being a new syllabus, the following of which has not yet been incorporated in the scheme of training of Physical Education teachers, it is necessary that the finalised syllabus should be ~~ixpxxx~~ explained through a manual for the use of Physical Education, teachers as was done when the syllabusses for secondary schools and elementary schools were revised about 20 and 10 years back by the late Mr. H.C.Buck who was then Adviser to Government on Physical Education. The preparation of a Manual describing all the activities is being compiled by the Committee for the use of Physical Education Teachers without which the syllabus cannot be fully put into operation. It is not possible to have this Manual published before July 1950. Under these circumstances, the conduct of a Refresher Class during Summer 1950, submitted for approval in my letter Rc.No.3396 E2/46 dated 9.8.1949 may be deferred.

p7 CF d p5 ante para 1.

The holding of two Special classes in Physical Education as explained in my letter Rc.No.2621 L4/49 dated 13-9-49 is necessary and imperative in view of the acute shortage of Physical Education Teachers in the Province. As explained in my letter referred to above, the conduct of these special classes have been recommended so as to enable the schools that do not possess trained Physical Education Teachers to introduce an organised skeletal programme of games and sports. The question of these teachers being put in charge of organising Physical activities in addition to their ordinary class work will depend on the strength of Physical Education Teachers in their respective schools. If a school has no Physical Education Teacher, it will be necessary for this teacher to handle only Physical Education Cl

pp11-12 CF P

trained Physical Education Teacher is available in the school and the strength of the school warrants the appointment of more teachers, then this Secondary Grade Teacher will, in addition to the ordinary class work assist the trained Physical Education Teacher in the conduct of Physical activities.

The additional recurring cost to Government by the introduction of this scheme will be as follows:-

Name of Centre.	Duration of Course and No. of trainees 15-4-50 to 14-5-50	Duration of Course and No. of trainees 15-5-50 to 14-6-50.	Total number of trainees.	Cost of Government for each trainee.	Additional cost @ Rs.10 p.m. trainee.
				Rs.	Rs.
Madura	100	100	200	10/-	2,000/-
Coimbatore.	100	100	200	10/-	2,000/-
Rajahmundry.	100	100	200	10/-	2,000/-
Anantapur.	100	100	200	10/-	2,000/-

For 1 month Rs.8,000/-
For 12 months (8000 x 12) 96,000/-

As the conduct of the Refresher Course is to be deferred, para 3 of the Government Education and Public Health U.O.No.6330 C1/49-5, Edn., dated 6-10-1949 does not arise.

P14CF From the D.P.I. T.M. dated 19-10-49
P16CF

The D.P.I proposes that the additional cost to Govt on the payment of an allowance of Rs 10/- to candidates may be borne by the Govt, irrespective of the fact whether the teachers are from Govt, local bodies or private institutions because he fears that if the expenditure is treated as an approved item of expenditure for purposes of calculation of grant the payment to the teachers may turn out to be at the discretion of the managements and they may not pay it at all. He therefore recommends that the allowance may be sanctioned as a special case. This cost has also to be taken into account if the proposal is finally approved. The additional cost involved in the ~~proposal~~ works out to Rs 33,200 during 1950-51 and Rs 96,000 annually. The extra cost involved ~~is~~ appears to be prohibitive and it is for consideration whether the proposal can be taken up ~~safely~~ in the present financial stringency.

The notes from page 5 ante may be read. The proposal in paragraph 2 on p.5 only has to be considered now. The need for addl. teachers for physical education may be conceded and the proposal to hold two special classes in each of the four centres may be accepted. The proposal to pay special allowance of Rs.10 to each of the trainees after training need not be accepted. The file may be sent

3. The number proposed to be trained during the summer vacation 1950 and the expenditure to be incurred on account of the payment of Travelling Allowance and Daily Allowance to the trainees are given below. The travelling allowance will be roughly Rs.10/- for each teacher in the mofussil. Daily allowance at a flat rate of Rs.2/- per head has to be given. The Regional Inspectors of Physical Education can meet their travelling allowance and Daily allowance from the funds placed at the disposal of the Divisional Inspectors. A sum of Rs.50/- is to be incurred towards incidental expenditure for each class.

4. The number of secondary schools for boys in the Presidency as per list corrected upto 1st September 1948 is 674 schools. One qualified Physical Education Teacher from each school may be deputed for training in 1950. Similar refresher courses may be convened if need be in 1951 and proposals in this regard may be taken all up in 1950. Thus it may be seen that the physical education teachers will be conversant with the new Physical Education Syllabus within July 1951.

5. The expenditure to be incurred on account of the payment of Travelling Allowance and Daily Allowance to the Physical Education Teachers who attend the refresher courses may be met from the provincial funds instead of from Games Fund as the latter is meagre in many schools.

para 1 on p11 cf

To meet the acute shortage of physical education teachers in private & Aided Schools in the Province, it is proposed to hold 2 special classes each running for one month in each of the 4 divisional centres, at Madura, Coimbatore, Rajahmundry and Anantapur. E & P.H. consider the proposal imperatively urgent and propose to treat it as a Part II Scheme for 1950-51. The proposal involves Rs.33,200/- non-recurring (mostly) by way of half-grants payable to the managements ~~in respect of~~ for ~~For~~ details of cost please see 'K' on page 12 c.f.

2 ~~In the circumstances,~~ Finance may agree to the proposal being considered in connection with Part II schemes for 1950-51, subject to the following remarks:-

R 3.11.49

(i) It is proposed to allow to the trainees D.A. at the rate of Rs.2/- per head per day for 32 days. This works out to Rs.64/- per head for the duration of the course. As the teachers may have to incur expenditure by way of meals and tiffin charges, Finance may concede the need for some allowance. The rate proposed, however, seems rather high. Secondary grade teachers undergoing training are allowed a stipend of Rs.18/- p.m. On this analogy Finance may suggest that

item 2 of K on p12 cf

A

C/ II (2) 11

it is sufficient to allow the teachers undergoing training a stipend Rs.18/- p.m., especially as the teachers will be receiving pay during the period. If this suggestion is accepted, the cost on account of this item will work out to Rs.7,200/- (half grant) as against Rs.~~18,800~~ 25,600/- estimated by the Director of Public Instruction

A

18×100×2×4 / 2 = Rs 7200

M on p12 cf

p29 of BR116

(ii) The Director of Public Instruction has recommended that the instruction staff may be allowed a special D.A. of Rs.3/- per head per day. There seems to be no justification to allow special D.A. Finance may suggest that they may draw da at the rates admissible to them and subject to Rule 38 (1) of the M.T.A. Rules i.e. full rate for the first 10 days and at 3/4th the rate for the days in excess of 10 days. They may, however, be allowed to draw da for the entire period if they are drawn from outside the 4 centres.

N on p12 cf

R on p9 above

(Rs 5/-)

(iii) The Director of Public Instruction has recommended that in order to attract a large number of candidates to this course, an allowance of Rs.10/- per candidate per month should be granted when after training they are put in charge of ~~Physics~~ Physical Education activities in their respective schools and the expenditure on account of this allowance should be borne by the Government. E. & P.H. propose not to accept the proposal. Finance may agree with E.& P.H. It may be mentioned in this connection that the revised scales of pay already ~~dxx~~ laid down for the teachers include an element of ~~special~~ pay for possession of qualification in one or more crafts & no additional special pay is justified.

3 E. & P.H. may be requested to obtain orders in circulation including H.M.(Fin) as to whether the scheme may be considered in connection with Part II Schemes for 1950-51 and later prepare the necessary Part II note.

It was first proposed by this dept that the trainees may be allowed a D.A of Rs 2/- per head per day for 32 days which works out to Rs 64/- per head for the duration of the training. For the reasons stated on ~~P~~ at A on pp 10-11 ante, Finance dept suggest that the trainees may be paid a stipend of Rs 18/- p.m. instead of Rs 64/- p.m. The suggestion of Finance dept. may be accepted. The D.P.I has also recommended that a special D.A of Rs 3/- per head per day may be paid to the instruction staff during the training period. They however suggest that instructors drawn from outside this ~~P~~ Province may be allowed full D.A. for all the days. The suggestion of Finance may be accepted

The D.P.I has also suggested that the candidates after training may be paid an allowance of Rs 10/- per month after training if they are if kept in charge of Physical activities and that the expenditure on account of the proposal should be borne by the Govt. as a special case. With reference to the Government Memo cited above I have the honour to submit the proposals for the conduct of Refresher classes for Physical Education teachers in connection with the Part II of the B.E for 1950-51.

In this connection I invite your attention to the letter of the Chief Inspector of Physical Education, a copy of which was submitted with my letter Rc.No.3396 E.2/46 dated 9-8-1949 explains the necessity for the holding of such classes. Cost of the scheme is expected to be about Rs. 26,150/- as per details already furnished by the Chief Inspector of Physical Education.

I request that the proposal may be approved.
