My dear Mr. Shetty,

I am addressing this urgent communication to you on behalf of the Mahatma Gandhi Memorial College Trust. I am not sure whether the College has been recognised as yet for the purpose of 1st year's grant and I suppose, it is to be done by the end of this month. It is quite likely that the Department might feel, being the first year, that the College is not entitled to any grant. But you are fully aware what initial difficulties we have had to put up in encountering at every stage in bringing up this College. If the Director of Public Instructions and the Minister for Education could kindly see their way to give us this recognition, it would mean very much for us.

We shall feel grateful if you will kindly make use of your good offices to see that the recognition is granted in the first year itself. This will have to be done by the end of this month, I am told, and hence this urgent request.

With kindest regards,

Sincerely yours,

(T. M. A. PAI)  
CORRESPONDENT.

Grants - Teaching - Secondary schools under private managements - Part II scheme for 1950-51

Prior to 1947, the managements of aided secondary secondary schools were allowed to adopt such scales of pay as their finances could afford and the Govt were giving them grants-in-aid for a year based on half the approved net cost in the preceding financial year. With a view to improve the conditions of service of teachers in these schools, the Govt decided to insist on managements on aided secondary schools adopting atleast the revised scales of pay fixed for teachers in secondary schools under local ~~body~~ bodies and in order to enable them to meet the extra cost involved in the adoption of the revised scales the Govt undertook to pay teaching grants from or after 1-6-47 on the basis of two thirds of the approved net cost instead half as was done previously. At the same time the Govt ~~decide~~ decided that recognition should not be accorded to new schools unless the management undertook to adopt atleast the revised scales of pay fixed by govt for teachers in secondary schools under local bodies. It is open to the managements to adopt the slightly higher scales of pay fixed for teachers in Govt schools and in the case of those managements, the expenditure incurred on payment of salaries in the Govt scales is taken into account for purposes of assessment of teaching grants.

2. The practice has been to consider every year the question of providing for payment of grants for institutions newly opened and recognised by the Director in a year in connection with the budget estimates for the ensuing year, as teaching grants are assessed on the basis of the expenditure incurred in the previous year after the actual expenditure is known. ~~The D.P.F. has accordingly recommended that a provision of Rs 78,500 may be made in the next year's budget for payment of teaching grants to~~ <sup>and also for Scholarship Schemes approved by the Director under rule 32 of the Grant-in-Aid Code. He</sup>

Director has

2.

21 new secondary schools and two second grade colleges newly opened ~~and also for payment of grants in respect of scholarship schemes approved by the D.P.I. for 27 schools.~~ ~~University and for which teaching grants are assessable according to the rules for aided secondary schools.~~

3. The teaching grants recommended by the D.P.I. are absolutely essential and without aid the institutions cannot function. The proposal may therefore be put forward as a Part II scheme for 1950-51.

4. The remarks of the Finance Department may be invited u.o.

Finance (B.E.II) Dept.

Teaching grants to Aided Secondary Schools under private managements.

Provision of Rs 78,500.

Please see the E.& P.H. Department's notes on pages 1-2 above.

The D.P.I. has recommended that a provision of Rs 78,500 may be made in Part II of the Budget for 1950-51 for payment of teaching grants ~~in~~ and grants in respect of scholarship schemes to aided secondary schools under private managements. E.P.H. support the proposal.

As provision for these grants is made every year after treating the expenditure as a Part II Scheme, the criteria laid down for the consideration of Part II Schemes for 1950-51 need not be applied strictly in this case.

The following statement shows the provision made in the budgets of past years on this account:--

|                  | Budget Estimates.<br>Rs. |
|------------------|--------------------------|
| 1944-5.          | 19,600                   |
| 1945-6.          | 39,800                   |
| 1946-7.          | 44,400                   |
| 1947-8.          | 1,06,500                 |
| 1948-9.          | 1,11,600                 |
| 1949-50.         | 1,32,600                 |
| 1950-51          | 78,500                   |
| (Part II demand) |                          |

In the circumstances explained by E.& P.H.

C No 784 20 B/49

on pages 1-2 above, Finance may agree to the ~~proposed~~ proposals going forward as a Part II Scheme for 1950-51.

Fin-68872 BE II-1

4-11-49

The proposal in this file relates to the provision of a sum of Rs 78,500/- in the Part II of the Budget for 1950-51 for payment of teaching grants to <sup>two</sup> ~~2~~ new secondary schools and ~~second~~ grade colleges under private managements which have been newly recognised and for payment of grants in respect of scholarship schemes newly approved by the D.P.I. for 27 ~~schemes~~ schools. Finance Deptt. have agreed to the proposal.

### EXPLANATORY NOTE.

The policy of the Government is to rely mainly on aided agencies for the expansion of facilities for secondary education. The practice has therefore been to consider every year the question of making provision in the budget for the ensuing year for payment of teaching grants to newly opened institutions recognised by the Director of Public Instruction during that year, as grants are assessed under the Grant-in-Aid Code based upon the net expenditure on the maintenance of the schools during the preceding financial year.

2. The managements of aided secondary schools were previously allowed to adopt such scales of pay as their finances could afford and the Government were giving them grants-in-aid for a year based on half of the approved net cost in the preceding financial year. As no standard scales of pay were fixed by managements, and the teachers, in most of the cases, were paid very poor salaries, the Government decided in June 1947 to insist on managements of aided schools adopting at least the revised scales of pay fixed for teachers in secondary schools under local bodies. With a view to enable the managements to find the funds for meeting the extra cost involved, the Government raised the basis of assessment of teaching grants from one-half to two-thirds of the approved net cost with effect from 1st June 1947. The Government also decided that no new school should be permitted to come into existence unless it undertook to adopt at least the scales of pay approved for teachers in schools under local bodies. So all the newly recognized schools will have to be paid teaching grants on the basis of two-thirds of the net cost. In addition, grants will also be paid as usual (1) for the loss of fee income on account of the grant of fee concessions under rule 92 of the Madras Educational Rules and (2) towards one-half of the cost of scholarships and fee remissions awarded in accordance with the schemes approved by the Director under rule 32 of the Grant-in-Aid Code. The provision of Rs. 78,500 suggested under this head is intended for payment of teaching grants (21 new secondary schools and two second-grade colleges newly opened at Nafasapur and Udipi, which do not provide instruction up to the standard of a University degree and for which teaching grants are assessable according to the rules for aided secondary schools. The provision is also intended for payment of grants in respect of scholarship schemes newly approved under rule 32 of the Grant-in-Aid Code by the Director of Public Instruction for 27 schools.

3. The teaching grants recommended by the Director are absolutely essential for the proper maintenance of the institutions. This department therefore recommends that a provision of Rs. 78,500 be made for this purpose in the Budget for 1950-51 as indicated in the summary at the top.

J. M. LOBO PRABHU,  
Secretary to Government.

### Explanatory Note

The policy of the Government is to rely mainly on aided agencies for the expansion of facilities for secondary education. The practice has therefore been to consider every year the question of making provision in the budget for the ensuing year for payment of teaching grants to newly opened institutions recognised by the D.P.G. during that year, as grants are assessed under the Grant-in-Aid Code based upon the net expenditure on the maintenance of the schools during the preceding financial year.

2. The managements of aided secondary schools were previously allowed to adopt such scales of pay as their finances could afford and the Government were giving them grants-in-aid for a year based on half of the approved net cost in the preceding financial year. As no standard scales of pay were fixed by managements, and the teachers, in most of the cases, were paid very poor salaries, the Govt. decided in June 1947 to insist on managements of aided schools adopting at least the revised scales of pay fixed for teachers in

1/2 de copy of note at C

secondary schools under local bodies. With a view to enable the managements to find the funds for meeting the extra cost involved, the Government raised the basis of assessment of teaching grants from one-half to two-thirds of the approved net cost with effect from 1-6-47. The Government also decided that no new school should be permitted to come into existence unless it undertook to adopt at least the scales of pay approved for teachers in schools under local bodies. So all the newly recognized schools will have to be paid teaching grants on the basis of two-thirds of the net cost. In addition, grants will also be paid as usual (1) for the loss of fee income on account of the grant of fee concessions under rule 92 of the Madras Educational Rules and (2) towards one-half of the cost of scholarships and fee remissions awarded in accordance with the schemes approved by the Director under rule 32 of the Grant-in-Aid Code. The provision of Rs 78,500/- suggested under this head is intended for payment of teaching grants to 21 new secondary schools and two second grade colleges newly opened at Narasapur and Udipi which do not provide instruction up to the standard of a University degree and for which teaching grants are assessable according to the rules for aided Secondary schools. The provision is also intended for payment of grants in respect of scholarship schemes newly approved by the Director of Public Instruction for 27 schools.

3. The teaching grants recommended by the Director are absolutely essential for the proper maintenance of the institutions. This department therefore recommends that a provision of Rs 78,500/- be made for this purpose in the Budget for 1950-51 as indicated in the summary at the

EDUCATION AND PUBLIC HEALTH (B) DEPARTMENT  
PART II SCHEME FOR 1950-51.

[SUBJECT.—Teaching grants to aided secondary schools under private managements.]

Summary.

| Head of account.                                                                                                       | Item of expenditure.                                                                   | Ultimate cost (recurring). | Cost in 1950-51 (recurring). |

EXPLANATORY NOTE

The policy of the Government is to rely mainly on aided agencies for the expansion of facilities for secondary education. The practice has therefore been to consider every year the question of making provision in the budget for the ensuing year for payment of teaching grants to institutions newly opened and recognized by the Director of Public Instruction during that year, as grants are assessed under the Grant-in-Aid Code based upon the net expenditure on the maintenance of the schools during the preceding financial year.

2. The managements of aided secondary schools were previously allowed to adopt such scales of pay as their finances could afford and the Government were giving them grants-in-aid for a year based on half of the approved net cost in the preceding financial year. As no standard scales of pay were fixed by managements, and the teachers, in most of the cases, were paid very poor salaries, the Government decided in June 1947 to insist on managements of aided schools adopting at least the revised scales of pay fixed for teachers in secondary schools under local bodies. With a view to enable the managements to find the funds for meeting the extra cost involved, the Government raised the basis of assessment of teaching grants from one-half to two-thirds of the approved net cost with effect from 1st June 1947. The Government also decided that no new school should be permitted to come into existence unless it undertook to adopt at least the scales of pay approved for teachers in schools under local bodies. So all the newly recognized schools will have to be paid teaching grants on the basis of two-thirds of the net cost. In addition, grants will also be paid as usual (1) for the loss of fee income on account of the grant of fee concessions under rule 92 of the Madras Educational Rules and (2) towards one-half of the cost of scholarships and fee remissions awarded in accordance with the schemes approved by the Director under rule 32 of the Grant-in-Aid Code. The provision of Rs. 78,500 suggested under this head is intended for payment of teaching grants to 21 new secondary schools and two second-grade colleges newly opened at Narasapur and Udipi, which do not provide instruction up to the standard of a University degree and for which teaching grants are assessable according to the rules for aided secondary schools. The provision is also intended for payment of grants in respect of scholarship schemes newly approved under rule 32 of the Grant-in-Aid Code by the Director of Public Instruction for 27 schools.

3. The teaching grants recommended by the Director are absolutely essential for the proper maintenance of the institutions. This department therefore recommends that a provision of Rs. 78,500 be made for this purpose in the Budget for 1950-51 as indicated in the summary at the top.

J. M. LOBO PRABHU—12-11-49.

COLLEGES - The Mahatma Gandhi Memorial College, Udipi - Recognition for purpose of grant.

C.No.1622/50.

From the Correspondent, the Mahatma Gandhi Memorial College Trust, dated 7-3-1950.

Extract of the minutes of H.M.(Agriculture)

"May please be considered early".

Extract of the minute of H.M.(E.&L).

"Examine what is this recognition that they want please".

The Correspondent of the Mahatma Gandhi Memorial College Trust, Udipi, requests that the College may be "recognised" for purposes of 1st year's grant. The University of Madras granted provisional affiliation for the College for a period of three years with effect from 1949-50 for running the Intermediate courses. Presumably, the Correspondent of the College Trust desire that the college should be admitted to grant-in-aid from the Govt. The three kinds of grants to which an aided institution is eligible are

- (1) Building grant,
- (2) Equipment grant, and
- (3) Teaching grant.

Schemes relating to building and equipment grants are first included in the approved list, on the recommendation of the D.P.I., and then provision for these schemes is made under Part II of the ensuing year's budget, on the basis of the recommendation of the D.P.I., according to the urgency of the schemes. In respect of teaching grant to newly opened colleges, provision is made in the next year's budget under Part II of the estimates, on the basis of D.P.I.'s recommendation. No application for a building or equipment grant has been received by Govt. so far.

*It will be considered when received - to be decided by Govt. Subject to orders, the draft memo. below is for approval.*

As regards teaching grant, a provision of Rs.6,091/- has been made ~~in the~~ under Part II of the Budget for 1950-51, based on D.P.I.'s recommendation, and this amount will be disbursed next year by the D.P.I. For orders whether the Correspondent of the College Trust may be informed that ~~provision of~~ Rs.6,091/- the college has been admitted ~~to~~ Govt. aid in respect of teaching grant in 1950-51. ~~and that the question of a building or equipment grant to the college will be considered if and when an application is received on the subject.~~ Subject to orders, *see*

EDUCATION AND PUBLIC HEALTH (B) DEPARTMENT

PART II SCHEDULE FOR 1950-51

Director - Teaching grants to aided schools and colleges

| Sl. No. | Name of the Institution                                                 | Amount        | Remarks |
|---------|-------------------------------------------------------------------------|---------------|---------|
| 37.     | Teaching grants to new secondary schools and colleges newly approved.   | 7,500         |         |
|         | Teaching grants to new secondary schools and colleges already approved. | 7,500         |         |
|         | <b>Total</b>                                                            | <b>15,000</b> |         |

#### EXPLANATORY NOTE

The policy of the Government is to maintain a high standard of education for the population of the State. In order to achieve this, it is necessary to provide for the education of all children, and to ensure that the quality of education is maintained. The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained.

The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained. The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained. The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained.

The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained. The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained.

The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained. The Government has, therefore, decided to provide for the education of all children, and to ensure that the quality of education is maintained.

can not grant be given for 1949-50 as a special case?

21/3

Please see the query of H.M.(Agriculture) above.

It is submitted that the sum of Rs.6,091/- provided in the B.E. for 1950-51 for ~~payment~~ of teaching grant, is only towards the cost of maintenance of the institution ~~by the~~ for ~~management~~ during the year 1949-50, the ~~first~~ year in which the college has been opened. Teaching grant for a particular year is payable to the management only in the next financial year, on the basis of the net cost of maintenance of the institution to the management during the preceding year. The ~~accounts~~ relating to 1949-50 will be available only next year and the grant can be paid only next year. If the intention is that the grant should be paid before the close

of this financial year, it is not possible to do so ~~as this is the first year of the existence of the institution and as there is no provision for this grant purpose has been made in the budget for 1949-50 in the current year's budget.~~ Besides, advance payment of

teaching grant is not permissible under the Rules of the Grant-in-

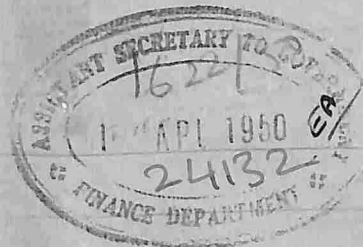

Aid Code. ~~It may be circulated to H.M. Agriculture~~

~~through H.M.(E+L)~~ This financial year is coming to a close and it will be possible to get the grant early next year (in ~~April or May~~ <sup>May or June</sup>) from the next year's provision, if the management submit its application with the
