ABSTRACT.

Basic Education - Govt. Basic Tg. Schools
Provision for Agricultural and means
contingencies - votes passed.

9 SEP 1949

From

The Director of Public Instruction, M a d r a s.

The Secretary to Government,
Education and Public Health Department.

C. No.1123 M/49 dated 27th Septr. 1949.

S i r,

Sub: Basic Education - Government Basic Training Schools -
Provision for Agricultural contingencies etc. -
Proposals - Part II Schemes for 1950-51.

During 1950-51 there will be a little more than 20 Govern-
ment Basic Training Schools which will have agricultural farms. For
purchase of agricultural implements, seeds, manure, etc., each of
these schools will require a provision under craft contingencies at
the rate of Rs.500/- for agriculture and Rs.500/- for weaving. In
the case of the other 18 Government Basic Training Schools which will
have no facilities for agriculture, it would be enough if an allot-
ment of Rs.500/- each is made for weaving contingencies only.

This expenditure for agricultural and weaving contingencies
will be of a recurring nature every year. I recommend that Govern-
ment may be pleased to sanction an allotment for the above purpose of
Rs.29,000 during 1950-51 (Rs.20,000 for 20 Government Basic Training
Schools with agricultural farms and Rs.9,000 for 18 other Government
Basic Training Schools). The provision requested for above is not
really an expenditure but investment of a productive nature giving
saleable articles in the form of agricultural produce and cloth.
Hence I request that Government may approve of my proposal.

I am including the necessary provision under Part
Budget Estimate for 1950-51.

Copy to A. & M. Sections.

Memo No 75316 B3/49-1 Edw. dated 2.10.10.49.

Sub: Basic Education - Govt. Basic Tq. Schools -

Provision for Agricultural contingents etc -

Proposals - Part II - scheme for 1950-51

Read: From D.P.S. No. 1123 H/49 dated

27.9.49.

There are at present, 28 Govt. Basic Tq. schools functioning, ^{under Govt. management} in the province. Besides, the D.P.S., has submitted proposals, for the opening of nine new Govt. Basic Tq. Schools and for the conversion of 10 ordinary Govt. Tq. Schools into Basic Tq. Schools during 1950-51. If these proposals, are approved, there will be, 47 Govt. Basic Tq. schools, during 1950-51. But the D.P.S., has stated, in his letter, cited above, that after leaving the 20 Govt. Basic Tq. Schools which will have

agricultural farms during 1950-51, there will remain, only 16 Govt. Basic Tr. Schools which will have no agricultural facilities. According to the figures given in the District letter, the total no. of Govt. Basic Tr. schools during 1950-51 will be 38 against 47 mentioned above. He is therefore requested to explain the discrepancy in figures. It is requested to report how many of the 20 and 18 schools for which contingencies expenditure is provided are now working. It is also requested to report how many of the 17-22 PI primary schools are now working. It is also requested to report how many of the 12-22 PI primary schools are now working. It is also requested to report how many of the 12-22 PI primary schools are now working.

The D.P.S.

From The Director of Public Instruction, Madras.

To The Secretary to Government, Education and Public Health Department.

R.O.C. No.1123 M/49 dated 23--10--49.

Sir,
Sub: BASIC EDUCATION - Government Basic Training Schools - Provision for agricultural contingencies, etc. - Proposals.
Ref: Government Memo No.75316 B2/49-1 Edn., dated 10th October 1949.

82326

The nine new Government Basic Training Schools which were opened during 1949-50 and the Basic Training School, Maipadi have been provided with agricultural farms. Ten buildings for Basic Training Schools are under construction and they are expected to be available in 1950-51; all these ten have their own agricultural farms. Thus there will be 20 Government Basic Training Schools during 1950-51 which will have agricultural facilities and it is in respect of these schools that provision for both agriculture and weaving contingencies is asked for; and out of these 9 will be newly opened in 1950-51.

2. At present there are 18 Basic Training Schools which do not have agricultural farms and for which provision for weaving contingencies only has been applied for. Of these 18, the Basic Training School, Palayad will have a farm next year when it moves to the new buildings and the remaining 17 Basic Training Schools will not have agricultural farms. If my proposal (under Part II schemes) to convert 10 Government Training Schools into Basic Training Schools is also accepted, there will be 17 plus 10, i.e., 27 Basic Training Schools without school farms, and for which provision has to be made for weaving contingencies only. Thus in regard to weaving contingencies provision has to be made for 27 schools instead of for 18 schools as recommended in my previous letter. Out of these 27 schools, 10 will be existing ordinary training schools that will be converted into Basic Training schools next year.

3. The total provision required will thus be Rs.33,500/- as indicated below:-

Provision for agriculture and weaving contingencies for 20 schools -	Rs.1,000 x 20	..	Rs. 20,000
Provision for weaving contingencies alone for 27 schools -	500 x 27	..	Rs. 13,500
Total	..	Rs. 33,500	

4. I request that this amount may be provided.

R.M. Rudrappaswami,
23.10.49
for Director of Public Instruction.

TO THE SECRETARY TO GOVERNMENT,
Education and Public Health Department,
MADRAS.

R.O.C.NO.1123-M/49 dated 3--12--1949.

Sir,

SUB: BASIC EDUCATION - Government Basic Training
Schools - Provision for Agricultural contin-
gencies etc. Part II - Scheme for 1950-51.

REF: Government Memorandum No.75316-B2/49-3 Edn.
dated 29 Novr. 1949.

The provision of Rs.500/- for agricultural contingencies and Rs.500/- for craft contingencies in respect of each Government Basic Training School is the minimum amount required, taking into consideration the work has to be done in each school. Any reduction will seriously affect the routine of the schools.

The expenditure on craft contingencies will be taken into account in fixing the sale price of finished articles. Therefore there will be no loss to Government on this -- account. It is not also possible to say what the anticipated income will be as a result of the investment in -- agricultural contingencies but it can be safely assumed that the amount spent under agricultural contingencies will be realised through income derived from agricultural produce. I am certain that there will be no loss to Government in this respect also.

Thus while it is not possible to estimate the increase in returns by incurring these items of contingent expenditure, it may be stated that the amount invested by way of contingent expenditure on agriculture and craft work will be realised in full.

Yours faithfully,

R. V. Rudrappaswami,

PART II SCHEME FOR 1950-51.

Sub:- BASIC EDUCATION - Govt. Basic Tg. Schools -
Provision for Agricultural and craft contingencies.

SUMMARY.

Head of account.	Item of expenditure.	Ultimate cost.		Cost in 1950-51.	
		Recur- ring. (3) Rs.	Non-re- curring. (4) Rs.	Recur- ring. (5) Rs.	Non-recur- ring. (6) Rs.
(1)	(2)				
37.m.Edn.- Special - Govt. Special Schools - m.A.Train- ing school for Masters - (ii) P.W.R. - m.A.(ii) 4. Basic Tg. Schools - Contin- gencies.	Provision for Agri- culture and weav- ing contingencies in respect of 20 Govt. Basic Tg. Schools and provi- sion for weaving contingencies in respect of 27 Govt. Basic Tg.Schools.	33,500	-	33,500	-
	Total.	33,500	-	33,500	-

EXPLANATORY NOTE.

There are at present 28 Govt. Basic Training schools in the province. Of these, 11 ~~are~~ ^{have} agricultural farms. Proposals have been made separately, for opening nine new Govt. Basic Tg. Schools and for the conversion of 10 ordinary Govt. Tg. Schools into Basic Tg. Schools in 1950-51. If the proposals are approved, 19 additional Govt. Basic Tg. Schools will come into existence in 1950-51. Of these, nine schools will have agricultural facilities. So, on the whole, there will be 47 Govt. Basic Tg. Schools during 1950-51 of which 20 will have agricultural farms.

2. The Director suggests that a provision of Rs.1,000 for agriculture and weaving contingencies should be made in respect of each of the ~~above~~ 20 Govt. Basic Tg. Schools which will have agricultural farms in 1950-51. Provision for weaving contingencies only at the rate of Rs. 500 for each school will be sufficient in respect of the remain-
ing 27 Govt. Basic Tg. Schools which will have weaving facilities alone. The provision will be utilised on
purchase of agricultural implements, seeds, manure and

weaving equipment required for the schools. The expenditure on weaving contingencies will be taken into account in fixing the price of finished articles. The amount spent under agriculture contingencies will be realised through income derived from agriculture produce.

3. This deptt. recommends that provision for the purpose (Rs. 33,500) may be made in the B.E. for 1950-51 as indicated in the summary at the top.

5/4/50

Sub:- Basic Education - Government Basic Training Schools - Provision for Agricultural contingencies etc. - Part II Scheme for 1950-51.

Ref:- From the Director of Public Instruction, No.1123-M/49, dated 27-9-1949.

The Director reports that during 1950-51, 20 Govt. Basic Training Schools will have agricultural farms. In the case of these schools agricultural implements, seeds, manure, etc., will have to be purchased every year. He therefore recommends that provision may be made for craft contingencies at the rate of Rs.500/- for agriculture and Rs.500/- for weaving for each of the 20 schools. In the rest of the 18 Govt. Basic Training Schools, which will have no agricultural facilities, he suggests that an allotment of Rs.500/- for each school may be made for weaving contingencies only.

The cost on account of the above proposals has been worked out at Rs.29,000 during 1950-51. The Director recommends that a provision of Rs.29,000 may be made for the purpose under Part II of the B.E. for 1950-51. The Director's recommendation may be accepted.

It is not known how many of the 38 schools are to be opened in 1950-51. The D.P.I. has been asked to furnish information on this point. His reply is awaited. It is sufficient to include provision for contingent expenditure in Part II Estimates only in respect of schools to be opened in 1950-51. In the case of other schools the provision required may be made in Part I.

Finance may see before circulation.

53

RM
19/10/49

There will doubtless be some income from the agricultural activities

In any case, the schools concerned should be directed to see that their income covers the initial expenditure - subject to the provision can be cleared.

Finance (B.E.II)

E.P.H. O.O. 7531/32/49-2
19.10.49.

PART II SCHEME FOR 1950-51.

Please see the E. & P.H. Department's notes on pages 1-2 above.

The D.P.I. has recommended that a provision of Rs 29,000 may be included in Part II of the Budget for 1950-51 for craft contingencies for Govt. Basic Training Schools:--

	Provision. Rs.
20 Schools with agricultural farms - Purchase of craft equipment at Rs 500/- for agriculture and Rs 500/- for weaving for each school.	20,000
18 Schools having no agricultural farms at Rs 500/- each for weaving contingencies only.	9,000
	<u>29,000</u>

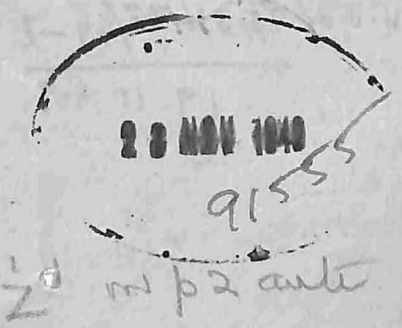

It is expected that the income from the Agricultural activities of these schools will cover the proposed expenditure for the purchase of implements, seeds, manures, etc. Finance may agree to the proposal subject to the remarks that in view of the present financial stringency, the provision proposed under 'Agriculture' and 'Weaving' may be limited to Rs 300/- each. The provision to be included in Part II of the Budget for 1950-51 will then be reduced from Rs 29,000/- to Rs 17,400. With reference to the

Ampl. 1 CF

300 x 20 = 12,000
300 x 18 = 5,400

21.11.49

E.P.H.

Phase, see the notes on pp 2-3 above. Finance department have suggested, that the provision under Agriculture and craft contingencies may be limited to Rs. 300 each instead of Rs 500, as recommended by the Director in each case. Kind attention in this connection is invited to his letter on p 5 c.f in reply to the Govt. memo on pp 3-4 wherein he has made a revised recommendation for making provision for weaving contingencies in respect of 21 Govt. Basic Trg. schools instead of, for 18 + schools, already suggested by him in his previous letter on p.c.f. at the rate of Rs. 500 per school. He may be consulted now, whether the provision under agriculture and weaving may not be restricted under below Rs. 300 for each school. Finance have also noted that information on the estimate of the anticipated income from the agricultural activities, in the above schools, may be obtained from the D.P. for incorporation in the Part II ^{scheme} note. He

also be asked to furnish the particulars on this point also. A draft memo is submitted below for approval.

3/24.11.49. 2/8/11

[It is ^{doubted} whether the D.P. will be able to supply the information by the time]

DM 28/11/49 S. Any case. If no reply is received in time, the note may be put up without the information

29/11

Issued as memo no. 75316 B2/49-2 Edw. dated 27.11.49. p 7-80.4

Ref: From the D.P. No. 1133-M/49 dated 3.12.49. p 90.4

Please see the reply from the Director in his letter on p 90.4, with reference to the Govt. memo on p 70.4. He has stated that the rate of agriculture and craft contingencies proposed by him at Rs. 500, cannot be reduced. As regards the estimated income from agriculture and weaving activities in the schools, he has reported that the income cannot be estimated at this time. Also that the expenditure, or incurred on such activities will surely be compensated by the income, derived through sale of agricultural and craft produce.

A draft part II note on the above lines is submitted below for approval. Finance is for acceptance before circulation.

DM 3/12/49 S. 7/12/49

We may accept the expenditure on agriculture and crafts will be recovered in full.
