Sub:--Schools--Government Secondary Schools for Girls--Little Kancheepuram--Opening of Form V--Proposal submitted.

In connection with the Part II of the Budget Estimate for 1950-51 I submit for sanction of Government the proposal for the opening of Form V in the Government Secondary School for Girls, Little Kancheepuram.

Government in their Order No.694 Education dated 1-5-45 sanctioned the development of the Govt. Middle School for Girls, Little Kancheepuram, into a complete High School by opening Form IV in 1945-46 and Form V and VI in the subsequent years. The School became a complete High School from the School year 1947-48. During the year 1948-49 Government however in their order No.1770 Education dated 17-7-48 ordered the abolition of Forms V and VI in the School due to uneconomic strength and directed the admission of these students in the Kanchigana Sundara Kanya Vidyalaya High School, Big Kancheepuram.

The Inspectress of Girls Schools, III Circle, Madras submitted proposal for the opening of Form V in the current school year itself but as the strength expected for the Form was low, the proposal was not recommended to Government. The Headmistress reports that the closure of Forms V and VI has greatly retarded the progress of the School and if they are not restored, the strength would decrease considerably. She is of opinion that the strength in the Forms is bound to increase next year if Form V is opened as parents are anxious that the studies of their children should be continued in the same school undisturbed.

A comparative statement showing the strength attendance of the School during the School years 1948-49 and 1949-50 is furnished below:--

	1948-49		1949-50	
Form or Class	Strength	Attendance	Strength	Attendance
IV	12	10	17	16
III	20	14	28	26
II	28	18	29	26
I	25	21	26	23
Cl. V	27	18	25	22
IV	27	19	23	16
III	36	23	23	23
II	38	20	Closed.	
	213	143	171	152

The strength in Forms III and IV has considerably improved during the current School year though the increase in the other two forms is negligible. The distance between the only Girls High School in one extremity of the town and the Government School is considerable- nearly 2½ to 3 miles- and it is not likely that all the girls who pass Form IV in the Government Secondary School, would care to join the other School to continue their studies and if they drop off at the fourth Form stage the amount spent on them so long would not be well spent. In view of the fact that higher Education

P.T.O.

ASST. SECRETARY TO GOVERNMENT
EDUCATION & PUBLIC HEALTH DEPT.
10 SEP 1949

of Girls has not sufficiently advanced Government in their order No. 2671 Education dated ~~x~~ 24-8-49 have accepted that as a general principle, the economic strength in Forms IV to VI in Secondary Schools for Girls should be 15 pupils on an average for each form or 45 pupils for the three forms and that the minimum should not be regarded as a hard and fast rule, as there may be backward areas where a relaxation of the limit will be justifiable for a few years. Kancheepuram is an orthodox Hindu town where the advance made in the Education of Girls cannot be considered satisfactory. The location of the School at one extremity of the town has been the main cause for its slow grouth. The Inspectress has been requested to explore the possibilities of securing a suitable building in a more central locality and this question will be examined in due course. The present strength of Form IV in the School is 17 and it is likely that Form V may have a strength of 15. To leave such a large number of pupils as about 15- to their own resources to continue their further studies is not in my opinion desirable.

In the circumstances I recommend that Government may be pleased to sanction the opening of Form V in the Government Secondary School for Girls, Little Kancheepuram from the School-year 1950-51. The strength of the Form may be ~~worked~~ watched and the opening of Form VI may be considered next year.

The cost involved in the proposal is worked out below.

Cost in 1950-51 - recurring

Pay of one L.T. Asst. for Form V in the Scale of Rs.85-175	~~85~~ x 9	---	765
D.A.	24 x 9	---	216

All such proposals should be kept in force current

In connection with Part II of the Budget Estimate for 1950-51, I have the honour to submit for favour of sanction of Government the following proposal for the opening of higher forms in the Government Secondary and Training School for women, Gudiyattam, North Arcot District.

The higher elementary standards VI to VIII of the Model ~~VI Elem. VIII of the Model~~ School attached to the Government Training School for women, Gudiyattam, were converted to Forms I to III with effect from the school year 1945-46. The Inspectress submitted early in the beginning of the current school year, proposal for the opening of Form IV in June 1949. As it was late the proposal was deferred for consideration in connection with Part II Schemes for 1950-51. The Commissioner, Municipal Council, Gudiyattam also requested Government to open Forms IV to VI in the school submitting a copy of the Council's Resolution No.288 dated 22-7-1949 on which Government passed the orders cited above.

(L) 2

The strength of Forms I to III of the school is 32, 40 and 23. The number of girls studying in the local high school for boys is

Form I	16
Form II	4
Form III	6
Form IV	22
Form V	16
Form VI	5

It is reported that there is no girls High School within a radius of 20 miles from Gudiyattam and that pupils and the parents are put to much difficulty for want of a Girls' high School in the locality and the Education of girls in the locality and is very much hampered for lack of facilities. Most of the girls studying in the school are obliged, it is reported to discontinue their studies for want of facilities or join the Boys' School with great reluctance. The present strength of Forms I to III can be considered satisfactory and as there are 23 pupils in Form III, Form IV if opened in 1950-51 will have economic strength and the Inspectress also expects a strength of 30 for this Form. The large number of girls in Form IV in the Boys School clearly indicate the need for the opening of higher forms in the girls' school.

The Government Middle School has been in existence for the past 4 years and it appears desirable in the interest of

advancement of higher education of girls to develop it into a complete High School.

The Inspectress reports that the present accommodation is sufficient for opening of Form IV in 1950-51 and that Forms V and VI could also be opened in succeeding years with some alterations: But I consider this arrangement unsatisfactory - Additional accommodation has to be secured for accommodating the higher forms and the Inspectress has pointed out the possibility of taking a building on rent near the school.

In the circumstances I request that Government may be pleased to sanction the opening of Form IV in ~~1950-51~~ 1950-51 and Forms V and VI in subsequent years in the Government Secondary and Training School for women, Gudiyattam.

The cost involved in the proposal is furnished below:-

Fee income anticipated Rs.1,300/-.

Cost in 1950-51 - Recurring.

Rc.No.746 K3/49 dated 16-9-1949.

Sir,

Schools - Government Middle School for Girls, Tirupathi - Opening of higher Forms - Proposal - Submitted.

In connection with the Part II of the Budget Estimate for 1950-51, I have the honour to submit for favour of sanction, the following proposal for the opening of higher forms in the Government Middle School for Girls, Tirupathi.

The proposal for the opening of higher forms in the Government Middle School for Girls, Tirupathi, was submitted to Government in connection with the Part II Schemes for 1949-50; but Government in their Order No.269 Edn., dated 4th February 1949 did not approve the proposal. During the current school year representations for the opening of Form IV in the school were made by Sri M.Anantasayanam Ayyangar, Deputy Speaker of Dominion Parliament, Sri R.Parthasarathy, Municipal Councillor, Tirupathi and the public. On the petition of Sri T.K.T.N.R.Tatachari, B.A., B.L., M.L.A., referred to for remarks with Government Endorsement No.39757-B1/49-1 Edn., dated 31-5-1949 Government were informed in my letter Rc.No.746 K3/49 dated 27-6-1949, that proposals for the opening of higher forms in the school would be submitted for consideration in connection with Part II schemes for 1950-51 as it was late in the current year for the opening of Form IV.

The present strength of the school is as follows:-

Form III	..	35
Form II	..	35
Form I	..	81(2 Sections).

P.T.O.

The present strength of the school is satisfactory and Form IV if opened in 1950-51 will also have economic strength. The Inspectress expects a strength of 40 for the Form. It is reported that there is accommodation in the school for the opening of Form IV only in 1950-51 and that additional accommodation is required for Forms V and VI. For this purpose the construction of additional buildings has to be made. The building in which the school is held belongs to the Tirupathi Municipality and the Commissioner, Municipal Council has not yet conveyed it legally as ordered in para 2 of G.O.No.1046 Edn., dated 27-5-1946, The Commissioner was requested so early as March 1948 to prepare a draft agreement as suggested by the Government Solicitor and so far no reply has been received from him. The construction of additional rooms in the present buildings by Government would be possible only when the buildings are legally conveyed to Government and it is not possible at this stage to state when the deed of agreement will be registered. The Municipal Commissioner has however been requested again to expedite the Registration of the Deed.

I would therefore point out that unless provison is also made for the construction of class rooms for Forms V and VI immediately it is not possible to open Form IV in June 1950. The Inspectress reports that a sum of Rs.10,000/- may be required for the construction of additional rooms upstairs. I therefore request that Government may be pleased to sanction this amount and also direct the Commissioner, Municipal Council, Tirupathi, to take immediate action in regard to the legal conveyance of the buildings to Government.

The cost involved in developing the school into a complete High School, excluding the sum of Rs.10000/- required for the construction of the additional rooms is furnished below:

Anticipated fee income. Rs.1600/- per annum.

Cost in 1950-51 Recurring.

Pay of One L.T.Assistant for Form IV in the scale of Rs.85--175	= 85 x 9	=	765
D.A.	= 24 x 9	=	216

Non-recurring.

Furniture.	800
Books and maps.	200
Apparatus and materials.	300
Total Rs.	2,281

or Rs.2,300/- in round figures.

Extra cost in 1951-52 - Recurring.

Pay of One L.T.Assistant for Form V in the scale of Rs.85-175	85 x 9	=	765
D.A.	24 x 9	=	216
Pay of the 2nd peon.	18 x 9	=	162

From

The Director of Public Instruction, M a d r a s.

To

The Secretary to Government,
Education and Public Health Department.

R.C. No.581 K3/49 dated 21--9--1949.

S i r,

Sub: Schools - Government Secondary and Training School for women, Calicut - Opening of Form VI in 1950-51 - Sanction requested.

In connection with Part II of the Budget Estimate for 1950-51, I have the honour to submit for sanction of Government the following proposal for the opening of Form VI in the Government Secondary and Training School for women, Calicut.

2. Form V was opened in the Government Secondary and Training School for women, Calicut in the current school year, with reference to G.O.No.1925 Edn., dated 13-6-49. The present class and form war strength of the school is as follows:-

Form V	..	24		Class V	..	44
" IV	..	36		" IV	..	45
" III	..	72	(2 sections)	" III	..	45
" II	..	66	-do-	" II	..	44
" I	..	82	-do-	" I	..	44
Total	..	280		Total	..	222

3. The school is situated in a thickly populated area in the centre of the town and there is a real need for a girls' high school in the locality. The opening of Form VI in June 1950 is, therefore, a necessary sequal to the opening of Form V in the current school year. As the present strength of Form V is 24, Form VI in 1950 will have economic strength. The Inspectress, however, expects a strength of 35 for the form. I, therefore, request that Government may be pleased to sanction the opening of Form VI in the school with effect from the school year 1950-51.

4. The school is in need of additional accommodation for the additional form. I solicit attention to my letter R.O.C.No.1074 K1/49 dated 13-8-1949 requesting administrative approval for the construction during the current year of a tiled shed of two rooms in the school and request that early orders may kindly be passed thereon.

5. The cost involved in the proposal is worked out below:-

Anticipated fee income .. Rs.1,050 per annum.

Cost in 1950-51 - Recurring:

Pay of one L.T. Assistant for Form VI	..	85 x 9	765
Dearness allowance	..	24 x 9	216
House rent allowance	..	7 x 9	63
Recurring: Furniture			1,000
Apparatus and materials			300
Books and Periodicals			300
		Total	2,644

or Rs.2,600/- in round figures.

p.t.o.

12

Ultimate cost.

Average pay of one L.T. Assistant	..	137 x 12	1,644
Dearness allowance	..	24 x 12	288
House rent allowance	..	7 x 12	84
Equipment	..		300
		Total	2,316

of Rs.2,300/- in round figures.

6. I am including the necessary provision in Part II of my Budget Estimate for 1950-51.

ASST. SECRETARY TO GOVERNMENT
28 SEP 1949
EDUCATION & PUBLIC HEALTH DEPT.

Rc.No.1380 K3/47 dated 26-9-1949.

Sir,

Schools - Government Secondary School for Girls, Dharmapuri - Opening of higher forms - Sanction requested.

In connection with Part II of the B.E. for 1950-51, I have the honour to submit for sanction of Government the proposal for the opening of Form V in 1950-51 and Form VI in 1951-52 in the Government Secondary School for Girls, Dharmapuri.

The Government Middle School for Girls, Dharmapuri was opened during the school year 1948-49 with Forms I to III as per G.O.No.1265 Edn., dated 18-5-1948. Sanction was accorded in G.O.No.2255 Edn., dated 12-7-1949 for the opening of Form IV in the current school year. The present form-war strength of the school is as follows:

Form IV	.. 24	
Form III	32	
,, II	53	(2 sections)
,, I	56	do.

The present strength of Form IV is satisfactory, though it was opened late in the current school year. The Inspectress has submitted proposal for the opening of Form V in 1950-51 and Forms VI in 1951-52. The opening of Form V in 1950-51 is a necessary sequal to the opening of Form IV. Since the strength of Form IV in the current year 24, Form V if opened in 1950-51 will have economic strength. The Inspectress expects a strength of 40 for the Form including new admissions.

The existing accommodation provided for the school is inadequate to meet the needs of the additional forms to be opened. The possibilities extending the accommodation leave to be explored in consultation with the P.W.D. It is not desirable to postpone the opening of forms V and VI till additional buildings are constructed. The Inspectress reports that private buildings, a few yards from the school with space for play and garden are immediately available for rent, and that these buildings may be taken on rent to provide additional accommodation for the school. As Form V will have to be opened in June 1950 and as it is not likely that the building under reference will remain vacant till then, and as it will be difficult to secure accommodation near the school if these buildings are occupied by other persons, I request that I may be permitted to take the buildings on rent in advance if necessary. I am also instructing the Inspectress to take steps to secure the buildings on rent.

In the circumstances, I request that Government may be pleased to sanction the opening of Form V in 1950-51 and Form VI in 1951-52 in the Government Secondary School for Girls, Dharmapuri.

The cost involved in the proposal is worked out below:-

From

The Director of Public Instruction,
M a d r a s.

To

The Secretary to Government,
Education & Public Health Department

ASST. SECRETARY TO GOVERNMENT EDUCATION AND PUBLIC HEALTH DEPTT. 28 SEP 1949

Sir,

Subject: Schools - Government Middle School for Girls - Kumbakonam - Opening of Higher forms - Proposal submitted.

...

In connection with part II of the Budget Estimate for 1950--51, I have the honour to submit the sanction of Government the following proposal for the opening of Form IV in 1950--51 and Forms V and VI in subsequent years in the Govt. Middle school for Girls, Kumbakonam.

The Government Middle School for Girls, Kumbakonam was opened during the school year 1946--47. The Inspectress submitted proposal last year for the opening of Form IV in the school but it was deferred by me for reason of uneconomic strength. The class and Form-war strength of the school is as follows.

Class IV.	14	(one section)
V	31	do
Form I	65	(two sections)
II	56	do
III	22	One section

The strength in Form III in the current school year is encouraging and justifies the opening of Form IV in 1950--51 - 24 girls of the locality where the middle school is located are reading in two boys' High schools and 2 girls High schools in the town. There are 15 girls in Form III in these schools and these girls may be expected to join Form IV when it is opened next year. Hence Form IV will have economic strength.

It is reported that the school is situated in the heart of the town serving the educational needs of the northern and western parts and as there is no high school for girls in that locality, girls seek admission in the existing boys high schools or attend with much difficulty the St. Josephs Girls' High School or the Seethalakshmi Girls' High School, which are far away from their homes. It is also reported that the members of the Advisory committee of the school have unanimously agreed that the opening of Form IV in the school is an urgent need. I submit herewith a copy of the resolutions passed at a meeting of the parents and Citizens of Kumbakonam on 5.8.49 and it is stated that the points mentioned therein deserves sympathetic consideration of Govt.

Classes I to III in the school have already been closed. Classes IV and V will also be closed in 1950--51 and 1951--52 respectively. The accommodation then released will be adequate for the opening of higher forms in the school.

In the circumstances I request that Govt. may be pleased to sanction the opening of Form IV in 1950 --51 and Forms V and VI in subsequent years in the school.

The cost involved in the proposal is worked out below:

Fee income anticipated Rs 2,100/- per annum.

Cost in 1950--51 Recurring.

Pay of one L.T. Asst. for Form IV in the scale of 85--175	85 x9	765

Dearness allowance.	24 x 9	216
House Rent allowance.	7 x 9	63

Non recurring.

Furniture.	800
Books and maps	200
Apparatus and materials	200
Total	2,244

or Rs 2,200 in round figures.

Extra cost in 1951--52 recurring.

Pay of one L.T. Asst. for Form V.	85x 9	765

Meeting of Parents and Citizens of Kumbakonam at the Govt. Middle School, Kumbakonam, held at 5 p.m. on the 5th August 1949 under the Presidency of Sri T.K. Venkatrama Iyer, M.A.L.T. Retired Principal Govt. College, Rajahmundry. The following points were discussed at the metting.

As a result of the child Marriage Restraint Act and other causes, the marraige age of middle class girls has been pushed up to some age between 17 and 20. The provision of Secondary Education for these girls between the ages of 11 and 17 is absolutely necessary. Ele. Education will be entirely inadequate. For years to come, the Municipality will not have sufficient funds to meet this need. Govt. must therefore step in and provide secondary education, IV, V and VI forms for the girls of this town.

In the experience of the last 6 or 7 years, it has been found that co-education of girls and boys at this stage, viz. in forms IV to VI was undesirable and led to innumerable practical difficulties. Both the teaching staff and the managements of the three big Boys schools here experienced great difficulty and embarassment, with the result that from July 1948, these schools have been discouraging admission of girls in Forms, IV, V and VI. As evidence of this we may point out that the total No. of girls in forms IV to VI of these three boys schools was about 250 in 1948 and this year the total number is under 100. The only inference is that about 200 girls have been stopped from school.

It is an admitted fact that the courses of study at this stage should be different for boys and girls. So admission of girls into boys schools is after all only a makeshift arrangement, though it may be unavoidable in small places.

It is evident that the existing girls' schools do not meet this need. One, under R.C. management, is at the eastern end of the town and far away for the girls. Girls have to spend a good part of their time in going to and from the school and can't go home for their mid day meals. And after all, the school is a denominational school and people will take long to make up their minds to send their girls to such schools.

The other Girls' School the Sitalakshmi school, is one recently started by some enterprivising private persons with very limited resources. It cannot be expected to satisfy our requirements in the near future. If the IV form is opened at the Govt. Middle School in June 1950, we feel confident that the class will be full.

The question of accommodation need present no difficulty at all. It is understood that there is accommodation at the Govt. Middle School building for 9 class rooms. Lower standards, viz. classes 4 and 5 may well be abolished, as there is sufficient provision in the Municipality for Ele. Education in those classes. The Govt. Sec. school may accommodate Forms I to VI conveniently for the present.

Melakaveri is one ward of this Municipality, thick in muhamedan population and that ward is served by a Municipal Ele. School. The nearest high school for them is the Govt. Middle school and it will be a great inducement to that community to continue their girls in higher forms if they are opened at this school.

The meeting therefore resolves:
(1) That the provision of Forms IV, V and VI at the Govt. Middle School, Kumbakonam is an urgent necessity, and
(2) That the Government be requested to open Form IV at the Govt. Middle School, Kumbakonam, at least from June 1950.

CB 27/9

RcNo. 580 K3/49

Office of the Director of Public Instruction, Madras dated 2nd October 1949.

From

The Director of Public Instruction,
M a d r a s.

To

The Secretary to Government,
Education & Public Health Departm

ASST. SECRETARY TO GOVERNMENT
5 OCT 1949
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Subject: Schools - Government Middle School for Girls, Periyakulam - Government Secondary School for Girls, Palni - Opening of higher forms - proposals - submitted

--

In connection with Part II of the Budget Estimate for 1950--51, I have the honour to submit for sanction of Government, the following proposal for the opening of higher forms in each of the Government Middle School for Girls, Periyakulam and the Government Secondary school for Girls, Palni.

1. Government Middle School for Girls, Periyakulam :-

The school was opened with Forms I to III during the school year 1948--49. Proposal for the development of the school ~~wit~~ into a complete High school by opening Form IV in 1949--50 and Forms V and VI in subsequent years was submitted to Government in connection with the Part II Schemes for 1949--50 but it was not approved by Government - vide G.O. No. 269 Education dated 4-2-49. Early in the beginning of the current school year, recommendations for the opening of Form IV were made in my letter Rc No. 580 K3/49 dated 7-5-49 but Government in their Memorandum No. 28470-B1/49-1 Education dated 26th April 1949, have stated that the question of developing the school into a High School should be deferred for the present.

The strength of the school during the current school year is as follows:

Form I	27	
" II	27	Total 79
" III	25	

The strength of the school is encouraging. The need for the development of the school into a High School had already been explained in my letters Rc No. 189-K3/48, dated 21.9.48 and Rc. No. 580 K3/49 dated ~~1~~ 5-49. The Inspectress expects a strength of 35 for Form IV in 1950--51.

There is a proposal to shift the school to a building in another locality. Till this proposal materialises the Inspectress reports that temporary arrangements - by putting up a shed in the terrace of the present rented building - will be made for Form IV and additional buildings rented if necessary.

In the cimcumstances I request that Government may be pleased to sanction the opening of Form IV in 1950--51 and Forms V and VI in subsequent years in the Government Middle School for Girls, Periyakulam.

.. contd.

DIRECTOR OF PUBLIC INSTRUCTION MADRAS
R 1939
EDUCATION AND PUBLIC HEALTH DEPT.

19

(15)

(R) 119

2. Government Secondary School for Girls, Palni.:

The opening of Form IV was sanctioned in G.O. 1175 Education dated 7.6.47. The proposal of the Inspectress for the opening of Form V in the school in 1949--50 was deferred by me for reason of uneconomic strength. The strength of the school during the current school year is as follows :-

Form	I	48
	II	63
	III	37
	IV	23

The strength of the school is encouraging and justifies the opening of Form V in 1950--51. The growth of the school has to some extent been dwarfed by the inadequate accommodation provided. With a view to improve the accommodation, sanction has been accorded to rent additional sheds to supplement the existing accommodation and also vacant lands lying in front of the school for use as play ground. The Inspectress states that the existing accommodation is adequate for the opening of Form V and that there is a proposal to shift theschool to a ~~carbird~~ Central locality where adequate accommodation will be provided for the forms.

Since there are 24 girls in Form IV in the current school year, there is full scope for securing more than the minimum economic strength. I do not consider it desirable to leave this large number of girls to their own resources in regard to the further continuance of their studies. Since accommodation also can be provided for the additional Forms, I request that Government may be pleased to sanction the opening of Form V in 1950--51 and Form VI in 1951--52.

The cost involved in the proposals is work out below:-

1. Government Middle School for Girls, Periyakulam.

Fee income anticipated - Rs 1,600 per annum.

Cost in 1950--51 - Recurring.

Pay of one L.T. Asst. for Form IV.	85 x 9	765
D.A.	24 x 9	216

SCHOOLS - Government Secondary School for Girls, Dharmapuri - Opening of higher forms.

From the Director of Public Instruction, R.C.No. 1380-K3 of 1947 dated the 26th September 1949.

MEMO NO. 71671-B1/49-2 Edn. dated 3/11/49.

It has been stated in the letter cited, that the Inspectress of Girls' Schools, Salem has been asked to take steps to secure private buildings on rent for the opening of higher forms in the Government Secondary School for Girls, Dharmapuri. The Director of Public Instruction is informed that no commitment should be entered into in regard to the payment of rent for the buildings before the proposal to open higher forms in the school

P.T.O.

Schools - Government Middle School, Tirupati - Opening of higher forms - Proposal - Submitted.

---

x x x

The present strength of the school is as follows:

Form III	...	35
Form II	...	35
Form I	...	81 (2 sections)

The present strength of the schoolx is satisfactory and Form IV if opened in 1950-51 will also have economic strength. The Inspectress expects a strength of 40 for the Form. It is reported that there is accommodation in the school for the opening of Form IV only in 1950-51 and that additional accommodation is required for Forms V and VI. For this purpose the construction of additional buildings has to be made. The building in which the school is held belongs to the Tirupathi Municipality and the Commissioner, Municipal Council has not yet conveyed it legally as ordered in para 2 of G.O.No. 1046 Edn. dated 27-5-46. The Commissioner was requested so early as March 1948 to prepare a draft agreement as suggested by the Government Solicitor and so far no reply has been received Brom him. The construction of additional rooms in the present buildings by Govt. would be possible only when the buildings are legally conveyed to Govt. and it is not possible at this stage to state when the deed of agreement willbe registered. The Municipal Commissioner has however been requested again to expedite the registration of the deed.

S/18-1-9

I would therefore point out that unless provision

PTO

25

is also made for the construction of class rooms for Forms V and VI immediately it is not possible to open Form IV in June 1950. The Inspectress reports that a sum of Rs.10000 may be required for the construction of additional rooms upstairs. I therefore request that Govt. may be pleased to sanction this amount and also direct the Commissioner, Municipal Council, Tirupati to take immediatei action in regard to the legal conveyance of the buildings to Government.

The cost involved in developing the school into a complete high school excluding the sum of Rs.10000 required for the construction of the additional rooms is furnished below:

Head of Account.	Item of expenditure.	Ultimate cost. Non-recurring. Rs.	Cost in 1950-51. Non-recurring. Rs.
50. Civil Works - a. Original Works-Buildings (Excluding Postwar Reconstruction) - I. Ordinary areas - K. Education - Major Works.	Construction of two additional class rooms for the Govt. Middle School for Girls, Tirupati.	10,000	10,000
	Total.	10,000	10,000

EXPLANATORY NOTE.

The Municipal Higher Elementary School, Tirupati, was taken over by the Government under their management and it was converted into a middle school for girls from the school year 1945-46. The middle school is at present located in the two municipal buildings in which the higher elementary school was accommodated. Even though the higher elementary school was converted into a Government Middle School for Girls from 1945-46, the Municipal Council, Tirupati, has not yet legally conveyed the two buildings to Government and it has been asked to do so without any further delay.

2. There are no high schools for girls ~~in the nearby places~~ to Tirupati and the nearest schools are at Madanapalle and Chittor, 85 and 42 miles away respectively. Representations have been received from the Deputy Speaker of the Dominion Parliament and from the Municipal Council, Tirupati, for the opening of higher forms in the school. The present strength in Form III of the school is 35 and in Form IV, ~~when~~ opened in 1950-51 will have economic strength. It is, therefore, proposed to sanction the opening of higher forms in the school; Form IV in 1950-51 and Forms V and

P.T.O.

and VI in the two succeeding years, ~~and the proposal is under consideration~~ after teaching it as a Part II Scheme for 1950-51. The Director of Public Instruction has reported that the existing accommodation in the school will not be sufficient for the opening of higher forms and that a sum of Rs.10,000 will have to be provided in the next year's budget for the construction of two additional class rooms.

3. As the higher forms in the school can be opened only, if additional accommodation is provided, this department recommend that necessary provision as shown in the summary above may be made in the Budget Estimate for 1950-51.

11-11-49.

EDN. AND PUBLIC HEALTH DEPARTMENT (BI)

Extract from the note file relating to the opening of higher forms in the existing Government Secondary Schools for Girls.

GOVERNMENT MIDDLE SCHOOL FOR GIRLS, TIRUPATI: The proposal to open higher forms in the school was made by the Director of Public Instruction in connection with the Part II Schemes for 1949-50; but it was deferred on account of the financial stringency. Form IV, if opened, during the next school year will have economic strength, as the present strength in Form III is 35. The nearest high schools for girls are at Chittoor and Madanapalle, 42 and 85 miles respectively away from Tirupati. Representations have also been made to Government for the opening of higher forms in the school by the Deputy Speaker of the Dominion Parliament, Sri T.K.T.N.R. Tatachari, M.L.A. and by the Municipal Council, Tirupati, and they have been informed that the question will be considered in connection with the budget for 1950-51. The opening of Forms V and VI in the Form IV in 1950-51 and Forms V and VI in the two succeeding years in the school may, therefore, be approved.

V.R.
10-10-49.

x x x

It has been reported that there is accommodation for the opening of Form IV and that additional accommodation will have to be provided for Forms V and VI. The Director considers that the higher forms cannot be opened unless additional accommodation is provided. He, therefore, requests that a sum of Rs.10,000 may be sanctioned for the purpose. The building in wh ch the school is at present located, belongs to the Municipal Council, Tirupati. As it has not yet been legally conveyed to Govt. as ordered in G.O. No. 1046 Edn. dated the 27th May 1948, additional class rooms cannot now be constructed in the building. Form IV may be opened in the accommodation available in the building and the Commissioner, Tirupati Municipality, may be asked to convey the building to Govt. without any further delay, so that additional accommodation may be provided for the opening of Forms V and VI in 1951-52 and 1952-53 respectively. The Director may be asked to submit proposalsfor the construction of additional rooms, after the building is legally conveyed to Government.

The D.P.I.'s proposal for providing a sum of Rs.10,000/- in the next year's budget for providing necessary accommodation may also be supported V.R./19-10-49.

GOVT.MIDDLE SCHOOL FOR GIRLS, TIRUPATI:- The proposal to open higher forms in the school was made by the D.P.I. in connection with the Part II Schemes for 1949-50 but it was deferred on account of the financial stringency. The Director of Public Instruction has stated that, unless provision is also made for the construction of class rooms for Forms V and VI immediately, it is not possible to open Form IV in June 1950. The Inspectress has reported that a sum of Rs.10,000 may be required for the construction of additional upstair rooms. In G.O.No.810 Fin. dated 6-8-49, Govt. have directed that Heads of Departments should bear in mind the prevailing shortage of iron, steel, cement, teakwood and plant and machinery and have order that building schemes ~~NEN~~ should generally be deferrred in view of the high cost of labour and materials.

The expenditure is not so considerable and accommodation

The present proposal involves the construction of

of buildings at a cost of about Rs.10,000. In the present financial stringency the need for economy is all the more necessary. In the circumstances, this department may advise that the proposal be deferred for better times.

R.R. 27-20-49. P.M.N. 27-10-49.

should not be an obstruction when there is the necessary attendance of girls pressing for education.

EDN. AND P.H. DEPARTMENT (BI)

x x x

The Finance Department have agreed to the opening of Form VI in the school at Calicut and Form V in the school at Palni during the next school year, subject to the condition that the staff required for the purpose is sanctioned for a period of one year in the first instance. They have suggested that the opening of Form VI in the latter school in 1951-52 may be considered next year after knowing the strength of Form V to be newly opened in 1950-51. In view of the present financial stringency, they consider that all the other proposals should be deferred.

No new middle school for girls and the opening of higher forms in any of the existing schools were sanctd. during the current school year. Having regard to the financial stringency, the Director has proposed only the opening of higher forms in the eight existing schools noted in para 1 above as the extra cost involved in the opening of new middle schools will be more than that of the higher forms. The Director's proposals are modest. It is for orders whether this department may press the entire proposals of the Director. The proposal to provide a sum of Rs.10000 for the construction of additional class rooms for the higher forms in the school at Tirupati may also be pressed.

(Previous Finance note and the orders in circulation extracted on pp.1-2 above.)

PTO

Please see the draft Part II Scheme note below relating to the construction of two additional class rooms for the Govt. Middle School for Girls, Tiruppati.

When the Director submitted his proposal for the opening of higher forms in the above school i.e., Form IV in 1950-51 and Forms V and VI in the two succeeding years, he stated that there was accommodation in the school for the opening of Form IV only in 1950-51 and that additional accommodation was required for Forms V and VI - please see portion M on p.8 C.F. in the L.F.

The draft Part II Scheme note has been prepared on the assumption that the opening of Form IV in 1950-51 and Forms V and VI in the two succeeding years will be sanctioned straightaway. It has since been proposed that only Form IV need be opened in the school during 1950-51 and that the opening of the higher forms may be considered next year on the basis of the strength obtaining in ~~the~~ from IV to be newly opened in 1950-51 - vide notes on pp.16-17 N.F. of L.F. In view of this decision, the question of providing additional accommodation for Forms V and VI by constructing 2 additional class rooms does not arise at present. This question may be considered next year along with the proposal for the opening of Forms V and VI in the school. A

Premier, Government of Madras,

M A D R A S.

ASST. SECRETARY TO GOVERNMENT
20 DEC 1949
EDUCATION AND PUBLIC HEALTH DEPT.

Honoured Sir,

Sub:- Education - Higher education for Girls - raising of Government Middle school for girls to that of High school.

***

99603 Gen
HON'BLE THE PREMIER
19 DEC 1949
GOVERNMENT

While inviting your kind attention to the representations made on 23-5-49, for the raising the Government Girls Middle school of Tirupati to that of Government Girls High school, we the present members of Tirupati Municipal council, representing on behalf of the public of Tirupati desire the reiterate our request on the eve of the forthcoming framing of provincial Budget of 1950-51 and request you to make provision for the opening of girls High school at Tirupati by raising the Girls Middle school at Tirupati to that of High school.

The reasons for this request are set forth below:-

1. The growing prominence of the Tirupati Town by the opening of arts college by Tirumalai Tirupati Devasthanams.

2. The momentum slowly gaining ground as revealed by a very large number of girls, with varying ages from 6 to 20 of Tirupati taking up to Education with eagerness, not to speak of zeal, -- earnestness, and enthusasum and desiring to continue the education to higher forms.

3. The existence of girls High school would be helpful as of present the girls students reading in Tirumalai Tirupati Devasthanams High school and Municipal High school could not get enough education that would be useful for girls students who have to acquire more education in domestic science, so that, they may become good and useful mothers to nursture useful sons to motherland.

4. The absence of Girls High school for three taluks viz., Chandragiri, Kalahasti and Puttur and that the opening of High school at centre of the three Taluks would give an impetus to the female education.

5. The need for raising the Government Middle school for girls to that of a High school has been stressed in the interview with the Honourable Minister for Education with Government of Madras and with Deputy Director of Public Instruction on 30-5-49 and has been represented through petitions to Director of Public Instruction on 30-5-49. It was pointed out that the High school may be opened by degrees by opening IV Form at the first instance immediately and that for want of time the question was deferred consideration last year and it was also pointed out that the financial committments would not be much.

6. The parents of middleclass, who are ever anxious to continue and give higher education for their girls are prevented from doing so as they did not like the idea of mixed education.

7. The Municipal council has magnanimously parted with 2 pucca buildings with all furniture and apparatus on the specific understandin that the girls High school would be opened by Government and that nothing has been so far done to help the question in spite of --- Municipal Council resolution No.492(3) dated 7-10-48 requesting Government to raise the Middle school for girls to that of High school.

(P.T.O)

36

The memorialists on behalf of Tirupati public humbly request Government to take stock of the imperative and accute need of opening a Girls High school at Tirupati atleast from 1950-51 and to make necessary provision in the Budget Estimate of 1950-51 seeing that a promise was made last year that the matter will receive attention of Government during 1950-51.

Yours faithfully,

If there is a girls' school there, why not the middle school be started? What can be done in this ...

Dear Mr. Madhava Menon.

The accompanying copies of Memoranda by the Councillors of Tirupati Municipality requesting Govt. to open a Girls' High School was considered by you even last year. It was found that it was too late in the day during the year to provide budget allotment and you were pleased to say that you would consider it for the ensuing year.

Letter 39757 B1/49-2 Edn 8/7/49

9-10-49

As may be seen, the buildings are available. Only an L.T. Assistant has to be employed. The total estimated receipts by way of fees is Rs 1050/- and the estimated expenditure about Rs 1500/-. The Citizens are prepared to share the deficit. In view of the smallness of the demand and the proportionately high degree of satisfaction & utility, we request you to kindly see that the Middle

School is made into a High School from the next Academical Year.

Yours sincerely

V. Rebu Rakachari

Tirupati,
15th June 49.

Dear Mr. R. Nathamuni Reddy, garu, M.L.A,
Dear Mr. T.K.T.N. Thathachariar, Avl., M.L.A.,

I have herein enclosed the memorandum submitted to the Hon'ble Minister for Education and the Director of Public Instructions for your kind information.

I waited on deputation along with my friends with your kind introductory letter to the Hon'ble Minister. The Hon'ble Minister referred the matter to the Secretary education and help and promised to consider. Any way his reply was not encouraging. Hence I request you to kindly pursue the matter and see that our request is complied with.

Yours Sincerely,

39/ (90)

Tirupati,
Dated 23 - 5 - 49.

To

The Hon'ble Sri A.B. Shetty, B.A., B.L.,
Minister for Education, Government of Madras,
Madras.

Honbured Sir,

The members of Tirupati Municipal Council and the public of Tirupati desire to place before you this memorandum purely to seek redress and immediate orders of Government for the amelioration and well being of society by fostering female education tutored by ladies as against mixed education and by raising the Government Middle school of Tirupati to that of Government Girls High School.

The reason for this immediate step of opening IV Form from the school year of 1949 - 50 are as follows.-

1. The growing prominence of the town and the opening of Arts college by Tirumalai Tirupati Devasthanams authorities
2. The momentum slowly gaining ground as revealed by the large number of girls students taking up to education with the zeal, earnestness and enthusiasm specially after 15th August 1947 and the number of students in mixed schools now requiring immediate attention are about 100.
3. The existence of a Government Girls Middle School which could be raised to that of a High School by opening of IV Form during 1949 - 50 providing the girl students of III Form in Girls school to prosecute their studies on the lines specially fitted in for females.
4. That the Tirupati Municipal Council in the best interest of female education has magnanimously sacrificed the two spacious buildings with all furniture wherein the present Government Girls school is housed for the beneficial purpose of imparting education to females and that the Tirupati Municipal Council Has communicated the intention few years ago of parting with the buildings for the purpose of opening a girls High School.
5. That the facilities were not forthcoming for girls students of three Taluks of Chandragiri, Kalahasti and Puttur and that the opening of a high school would go a long way is fostering and giving impotus to female education;
6. That the question of securing immediate accommdation for housing IV Form in the building need not stead in bed stead as enough accommodation is available since V standard was abolished.
7. The humble prayer of deputationists presenting this memorandum in view of the foregoing circumstances desire to impress on Government the immediate need of raising the Government Girls Middle School of Tirupati to that of High School for 1949 - 50 by opening new forms.

We beg to remain,
Honoured Sir,
Your most obedient servants,

40/

(29)

To

The Director of Public Instruction,
MADRAS.

Sir,

In pursuance of my interview with the Hon'ble Minister for education with Government of Madras and with Divisional Inspector of schools, Madras and also permitting me to interview either on 30-5-49 or 31-5-49 in connection with the opening of IV Form in Government Girls Schools, Tirupati during 1949-50 and raising the same to a status of High school, I wish to place before you the following memorandum for your kind consideration and immediate orders.

That the need for converting the present Government Girls Middle School to that of a High School by degrees (by opening IV Form during 1949-50) has been brought home clearly in my memorandum to the Hon'ble Minister, a copy of which was already circulated for further action. That the enclosed statement of school going girls in Tirupati Municipality studying in the schools otherthan Government Girls school clearly go to show the absolute and immediate need for opening of IV Form during 1949-50 in Government Girls Middle School.

That the opening of IV Form will not adversely effect in as much as a decent sum would be realised by way of school fees in IV Form and that the appointment of one more L.T. assistant would not effect the expenditure.

That the citizens of Tirupati would come forward to contribute their own mite to render support financially to open IV form immediately i.e. during 1949-50 and the Municipal council also could be moved for contributing a decent amount to help and run the newly formed classess i.e. IV form in the Government Girls Middle school.

That many parents of middle class who are ever anxious to continue and give higher education are prevented from during so for the reason that they never liked the idea of sending their girls to mixed High Schools.

That under a free country such lack of proper facility for female Higher education especially, at a time when enlarged franchised (adult franchise) as going to be introduced, would greatly retored the progress of education.

P.T.O.

41

39

That in view of the foregoing facts and the absolute need for opening IV Form during 1949-50 by converting the present Government Middle school for girls to that of a High school I request that orders may kindly be passed for opening IV Form during 1949-50 in Government Middle School for girls.

Thanking you,

Yours faithfully,

Tirupati,
30-5-49.

Sir,

Sub : Buildings- Municipal Higher Elementary School-Tirupati-Transfer to Government for the use of Government Middle School for Girls, Tirupati-Conveyance of the building.

Ref : Government Memorandum No. 88348-B1-49/1 Edn., dated 12-11-49.

I beg to submit that a draft agreement as prepared by the Stading Counsel of this Municipality was sent to the Director of Public Instruction, Madras, for instructions as to the execution of the agreement by him on behalf of Government. But he returned it to me with a copy of the remarks of the Government Solicitor, Madras, and requested me to send a revised draft agreement prepared in the light of the instructions contained in the letter of the Government Solicitor. The Municipal Standing Counsel to whom the matter was referred for revising the draft agreement differs from the Government Solicitor on several points suggested by the latter. The Director of Public Instruction, Madras, has therefore been requested in this office letter Ref. B3-6241/46 dated 23-2-50 to get the draft agreement prepared by the Government Solicitor himself and send it to me for taking necessary further action in the matter. On receipt of the draft agreement from him, immediate steps will be taken to have the buildings legally conveyed to Government.

Abstract.

SCHOOLS - Secondary - Government - Opening of higher forms in certain existing schools for girls in 1950-51 - Sanctioned.

Read:-

From the Director of Public Instruction:-
No. 571-K3/49 dated the 12th September 1949.
No. 1232-K3/49 dated the 16th September 1949.
No. 746-K3/49 dated the 16th September 1949.
No. 581-K3/49 dated the 21st September 1949.
No. 1380-K3/49 dated the 26th September 1949.
No. 1437-K3/49 dated the 26th September 1949.
No. 580-K3/49 dated the 2nd October 1949.

O R D E R:-

The Government sanction the opening, from the beginning of the school year 1950-51, of higher forms in the undermentioned schools and the employment of the staff required therefor as noted against each. The sanction for the employment of staff will be for a period of one year ending with the school year 1950-51. The staff will be eligible for the usual allowances admissible to them.

Name of the School. (1)	Form to be opened. (2)	Staff to be employed. (3)
1. Government Middle School for Girls, Tirupati.	Form IV.	One L.T.Assistant
2. Government Secondary School for Girls, Dharmapuri	Form V.	One L.T.Assistant. One Peon.
3. Government Secondary School for Girls, Palni.	Form V.	-do-
4. Government Secondary & Training School for Women, Kozhikode.	Form VI	One L.T.Assistant

In view of the present financial stringency, the Director's proposal for the opening of high school forms during 1950-51 in other schools will be deferred.

2. Accommodation for Form IV to be newly opened in the Government Secondary Schools for Girls at Tirupati should be provided in the existing building of the school, pending the provision of additional accommodation after the building is legally conveyed to Government by the Municipal Council, Tirupati. Form V of the Government Secondary School for Girls, Dharmapuri should be accommodated in a private building on payment of a rent not exceeding Rs. 40/- per mensem. Accommodation for Form V in the school at Palni should be provided in the present building of the school and for Form VI in the school at Kozhikode in one of the two class rooms of the tiled shed, the construction of which has already been approved.

3. The requisite provision for the establishment and other charges has been made in the detailed estimate of expenditure for 1950-51 under relevant sub heads of account under "37.Education".

Sir,

Sub: Building - Private - Government Secondary school for Girls, Dharmapuri - Additional accommodation - Payment of Rent.

(W)/497

Ref: G.O.Ms.No. 1179 Education dated 14-3-1950.

In inviting your attention to para 2 of the G.O. quoted above, I have the honour to state that the Form V of the Government Secondary School for Girls , Dharmapuri opened in 1950 is accommodated in a private building on a rent Rs. 50/- p.m. as no other building on a less rate of rent was available in the locality. The executive Engineer, Salem Division had certified the demanded as reasonable. In the circumstances I am sanctioning a rent of Rs. 50/- p.m. for the building from the date of the occupation.

Yours faithfully,

for Director of Public Instruction.

Para 1 on p1 ny of Go 269 Edn 4/2/49 (E)

The policy of Government is to encourage the education of girls by providing secondary schools at their own cost, although they rely mainly on private agencies and local bodies for the expansion of (facilities for the) secondary education. To start with, middle schools are opened and they are later on, converted into high schools by adding higher forms.

Para 2 on p1 ny of (E)

2. In 1947-48, no new middle schools for girls were opened by Govt on account of the financial stringency; but in three schools the opening of Form IV was sanctioned. In 1948-49, the Government sanctioned the opening of six new middle schools and an additional section in Form IV in the Government High School for Girls, Madura. During the current school year, (on acct of the financial stringency) ~~only the~~ no new middle schools were opened, but the opening of Form V in the Government Secondary and Training School for Women, Calicut, and of Form IV in the Government Middle School for Girls, ~~Periakulam,~~ ~~and~~ Dharmapuri was sanctioned.

(H) Go 1925 Edn 13/6/49 & (J) Go. 2255 Edn 12/7/49

3. The Director of Public Instruction has submitted proposals for the provision of additional facilities for the secondary education of girls ~~[illegible]~~ in the existing Govt Secondary Schools during 1950-51 as detailed below:-

Pages 1-2 cf	(1) Government Secondary School for Girls, Little Conjeevaram.	Opening of Form V in 1950-51.
Pages 7-10 cf	(2) Government Middle School for Girls, Tirupati.	Opening of Form IV in 1950-51 and Forms V and VI in the next two year[s]

(3) Government Secondary School for Girls, Dharmapuri.	Opening of Form V in 1950-51 and Form VI in 1951-52.	
(4) Government Middle School for Girls, Kumbakonam.	Opening of Form IV in 1950-51 and Forms V and VI in the two succeeding years.	
(5) Government Middle School for Girls, Periakulam.	Do	
(6) Government Secondary School for Girls, Palni.	Opening of Form V in 1950-51 & Form Vi in 1951-52.	
(7) Government Secondary and Training School for Women, Gudiyattam.	Opening of Form IV in 1950-51 and Forms V and VI in the two succeeding years.	
(8) Government Secondary and Training School for Women, Calicut.	Opening of Form VI in 1950-51.	

4. The extra cost involved in the proposals is as follows:-

HEAD OF ACCOUNT.	ULTIMATE COST. Recurring. Rs.	ULTIMATE COST. Non-recurring. Rs.	COST IN 1950-51. Recurring. Rs.	COST IN 1950-51. Non-recurring. Rs.

NET EXTRA COST TO GOVERNMENT.	38,300	OR 9000 roundly.	12,000	9,000

5. GOVERNMENT SECONDARY SCHOOL FOR GIRLS, LITTLE CONJEEVARAM: The opening of this school was sanctioned from the school year 1945-46 and it became a complete high school

P.T.O.

in the school year 1947-48. In view of the uneconomic strength, Forms V and VI were ordered to be abolished during the school year 1948-49. The economic strength prescribed by Government in respect of the secondary schools for girls is 15 pupils per class or form or on the average or 45 pupils for three forms (Forms I to III or Forms IV to VI). The present strength in Form IV in the school is 17 and the strength in Form V, if opened, will, it is expected, have economic strength. The slow progress in the strength of the school is due to the fact that it is located at the extreme part of the town. The possibilities of securing a suitable accommodation in a central locality are being explored. It is not ~~also~~ desirable to leave the pupils to their own resources to continue their higher studies. In the circumstances, the proposal to ~~open~~ reopen Form V in the next school year in the school, may be accepted.

GOVERNMENT MIDDLE SCHOOL FOR GIRLS, TIRUPATI: The proposal to open higher forms in the school was made by the Director in connection with the Part II Schemes for 1949-50; but it was deferred on account of the financial stringency. Form IV, if opened, during the next school year will have economic strength, as the present strength in Form III is 35. The nearest high schools for girls are at Chittor and Madanapalle, 42 and 85 miles away from Tirupati respectively. Representations have also been made to Government for the opening of the higher forms in the school by the Deputy Speaker of the Dominion Parliament, Sri T.K.T.N.R. Tatachari, M.L.A., and by the Municipal Council, Tirupati, and they have been informed that the question will be considered in connection with the budget for 1950-51. The opening of Form IV in 1950-51 and Forms V and VI in the two succeeding years in the school may, therefore, be approved.

It has been reported that there is accommodation for the opening of Form IV and that additional accommodation will have to be provided for Forms V and VI.

P.T.O.

The Director considers that the higher forms cannot be opened unless additional accommodation is provided. He, therefore, requests that a sum of Rs.10,000/- may be sanctioned for the purpose. The building in which the school is, at present, located, belongs to the Municipal Council, Tirupati. As it has not yet been legally conveyed to Govt. as ordered in G.O.No.1046 Education, dated the 27th May 1946, additional class rooms cannot now be constructed in the building. Form IV may be opened in the accommodation available in the building and the Commissioner, Tirupati Municipality, may be asked to convey the bulding to Government without any further delay, so that additional accommodation may be provided for the opening of Forms V and VI in 1951-52 and 1952-53 respectively. The Director may be asked to submit proposals for the construction of additional rooms, after the building is legally conveyed to Government.

page 8 cy

(S) 18-19 cy

Vide p8 cy
The DPI's proposal for providing a sum of Rs.10000/- in the next year's budget for providing necessary accommodation for Form IV may also be supported.
m 19-10-49

GOVERNMENT SECONDARY SCHOOL FOR GIRLS, DHARMAPURI:

The proposal is to open Forms V and VI in 1950-51 and 1951-52 respectively. Form IV has been opened in the current school year. As the existing strength in that form is economic (24 pupils), the strength in Form V will also be economic. The proposal may therefore be accepted.

page 13 cy
No. 2255 Edn (12)7/49
(J)
m 19-10-49

As the existing accommodation in the school will not be sufficient for the opening of the forms, the possibilities of extending the building ~~are~~ have to be explored in consultation with the P.W.D. authorities. Pending the ~~construction~~ extension, it is proposed to accommodate the forms in ~~the~~ a private building with space for playground and garden, which is now vacant. The Director has, therefore, instructed the Inspectress of Girls' Schools concerned to secure the building on rent for the purpose. The Director's action may be approved.

para 3 on page 13 cy

It is presumed that rent will be payable only from the date of occupation.
m 19-10-49

GOVERNMENT MIDDLE SCHOOL FOR GIRLS, KUMBAKONAM:

This school was opened during the school year 1946-47. The present number of pupils studying in Forms I to III (of the school) is

page 15 cy

65,56 and 22 respectively. As the strength in Form III is 22, Form IV, if opened, will have economic strength. About 15 girls are studying in Form III in the high schools for boys in the locality and they are expected to join the Form IV, when it is opened. Classes I to III in the school had already been closed and classes IV and V will be abolished in 1950-51 and 1951-52 respectively. The accommodation released on account of the closure of these classes will be sufficient for the opening of the higher forms. The two other high schools for girls in the town are very far away and the students find it very difficult to attend those schools. The Advisory Committee of the school has also resolved that the opening of Forms IV to VI in the school is an urgent necessity. The proposal may be agreed to.

A 1

page 15 cy

page 17 cy

m 19-10-49

GOVERNMENT MIDDLE SCHOOL FOR GIRLS, PERIAKULAM:

This school was opened during the school year 1948-49. The proposal for the opening of Forms IV to VI was considered last year, but it was deferred on account of the financial stringency. The strength in Form III of the school (viz 25) is encouraging and Form IV will have economic strength. Pending the shifting of the school to another suitable building, it is proposed to accommodate ~~the~~ Form IV by providing a shed in the terrace of the present building and renting additional buildings, if necessary. The proposal to open higher forms in the school may be supported.

page 18 cy

(E) 10-11 cy & 17 cy

page 18 cy

m 19-10-49

GOVERNMENT SECONDARY ~~AND TRAINING~~ SCHOOL FOR ~~WOMEN~~ Girls,

PALNI: The school is an incomplete high school with Form IV as the highest (Form IV was opened in 1947). The proposal is to open Form V in 1950-51 and Form VI in 1951-52. The strength in Form V will be economic, as the present number of pupils studying in Form IV is 23. There is also (sufficient) accommodation for the opening of the form in the present building of the school. The proposal may be accepted.

page 19 cy

m 19-10-49

GOVERNMENT SECONDARY AND TRAINING SCHOOL FOR WOMEN, GUDIYATTAM: ~~The~~ Standards VI to VIII in the school were

page 4 cy

converted into Forms I to III in 1945-46. The present strength of ~~the~~ These Forms is 32,40 and 23 respectively. About six girls are studying in Form III in the local high school for boys and they are expected to join the Form IV, when opened in the school. As there are no high school for girls within a radius of 20 miles of the town and in view of the fact that a large number of girls are studying in the local boys' high school, the opening of higher forms (Forms IV to VI) in the school may be approved. As the accommodation in the existing building of the school is inadequate, it is proposed to locate the forms in a private building near the school.

GOVERNMENT SECONDARY AND TRAINING SCHOOL FOR WOMEN, CALICUT: Form V has been opened in the school during the current school year, and it has now an economic strength of 24 pupils. Form VI, if opened, will also have economic strength. The construction of a tiled shed of two class rooms for the school has been approved and Form VI will be located in one of the class rooms. The opening of Form VI during the next school year in the school year may be agreed to.

6. The criteria laid down for Part II Schemes ~~is~~ are as follows:-

(i) Schemes included in the Five Year Programme of the Post War Devt. Scheme or schemes that can be treated as modification of such schemes.

(ii) ~~Grade~~ Grow More Food Schemes.

(iii) Schemes that are fully remunerative.

(iv) Schemes that are imperatively essential for the proper running of department.

The Post-War Education Sub-Committee has recommended that there should be an increase in the number of secondary schools for girls and that if other agencies are not able to open new schools, the Government should do so, although the proposal has not been included in the Five Year Plan. Secondary education among girls is

PTO

in a backward state and it requires a pull up. The opening of higher forms in the existing schools is, therefore, absolutely essential. In the circumstances explained above, the entire proposals of the Director, namely, the opening of higher forms in the eight schools referred to in para 3 on pages 1-2 ante, may be approved and may be put forward as a Part II Scheme for 1950-51.

~~7. The remarks of Finance may be invited prior to circulation.~~

It may be mentioned in this connection that with reference to this Govt's proposal to include secondary schools newly opened in the scheme for aid from the Postwar Development Fund , the Govt of India have pointed out that only high schools managed directly by Govt can be considered for aid. The Director's proposal for the opening of higher forms in the existing govt secondary schools, if approved, may be included in the scheme for aid from the Postwar Development Fund.

The remarks of the Finance Deaprtment may be invited u.o.

Finance (E.III)

Part II Schemes for 1950-51.

Notes on pages 1-7 above may be perused.

The Director of Public Instruction has submitted proposals for the provision of additional facilities for the secondary education of girls in the existing Government Secondary Schools during 1950-51 as detailed below:-

(1)	Government Secondary School for Girls, Little Conjeevaram.	Opening of Form V in 1950-51.

(2) Government Middle School for Girls, Tirupati.	Opening of Form IV in 1950-51 and Forms V and VI in the next two years.
(3) Government Secondary School for Girls, Dharmapuri.	Opening of Form V in 1950-51 and From VI in 1951-52.
(4) Government Middle School for Girls, Kumbakonam.	Opening of Form IV in 1950-51 and Forms V and VI in the two succeeding years.
(5) Government Middle School for Girls, Periakulam.	Do
(6) Government Secondary School for Girls, Palni.	Opening of Form V in 1950-51 & Form VI in 1951-52.
(7) Government Secondary and Training School for Women, Gudiyattam.	Opening of Form IV in 1950-51 and Forms V and VI in the two succeeding years.
(8) Government Secondary and Training School for Women, Calicut.	Opening of Form VI in 1950-51.

2. The financial effect of the above proposals is as follows:-

	Ultimate. Recurring. Rs.	Ultimate. Non-recurring Rs.	Cost in '50-51. Recurring. Rs.	Cost in '50-51. Non-recurring. Rs.
Staff and other items of expenditure.	50,266	21570 ~~9,040~~	23,958	9,040
Deduct- Income by way of fees.	-12,006	--	-12,006	--
Net extra cost to Government.	38,260 or 38,300	~~9,040~~ 21,570 or 21,600 ~~9,000~~	11,952 or 12,000	9,040 or 9,000

E & P.H. have supported the proposals of the Director of Public Instruction and have stated that the Government of India have pointed out that only high schools managed directly by Government can be considered for aid and that the Director of Public Instruction's proposal for the opening of higher forms, if approved, may be included in the scheme for aid for the Postwar Development Fund.

3. In G.O. No. 269 Education dated 4-2-49 the Government did not approve ~~his~~ the proposals of the D.P.I. for the

opening of new Government Middle Schools and for the adding of higher forms in the existing schools in 1949-50 in view of the financial stringency. The criteria laid down for Part II Schemes for 1950-51 are as follows:-

(a) Grow More Food Schemes.
(b) Schemes that are fully remunerative.
(c) Schemes included in the five-year programme of Postwar Development Schemes or schemes that can be treated as modificiation of such schemes.
(d) Schemes that are imperatively and immediately essential for the propper running of departments.

It has also been ordered that building schemes should generally be deferred.

In view of the present financial position, the Government of India have since issued orders reducing their block grant for Development and Grow More Food Schemes of this Province from Rs. 500 lakhs to ----- Rs. 400 lakhs for 1949-50. ~~and~~ For 1950-51, they have stated that they are not likely to be able to give grants to Provinces for Development Schemes - In view of the curtailment of the aid by the Central Government, the expenditure ~~on~~ as such of these existing P.W.R schemes as are continued in 1950-51 will have to be met entirely from the Provincial revenues. In the latest instructions issued in Finance Memo No. 57293-A/P-~~W~~-R-3 dated 12-10-1949, it has been ordered that only those which will involve very little recurring expenditure and which are considered to be really and immediately essential for the proper running of any department should be considered as Part II Schemes for 1950-51.

The above is the ~~financial~~ general background against which the present proposals will have to be considered.

4. (1) Government Secondary School for Girls, Little Conjeevaram: In view of the uneconomic strength, Government ordered the abolition of Forms V and VI during the School year 1948-49 and directed that the students in these forms be admitted in the Kanchi Somasundaram Vidyala High School, Big Conjeevaram -

The economic strength prescribed by Government in respect of the Secondary Schools for Girls is 15 pupils per ~~for~~ Form or 45 pupils for the three forms IV to VI. The present strength in Form IV in the School is 17 and the attendance is 16. It is doubtful whether 15 of the students will secure a pass in Form IV and whether all of them will join Form V. It seems, therefore, that there may not be economic strength if Form V is opened next year. The R.R. Committee recommended among others, that the Government should not open a school in an area which is already provided for or where a private agency is likely to open one. There is already a High School at Big Conjeevaram within a distance of 3 miles and for enthusiastic parents and children, the above distance is not a serious obstacle.

In the above circumstances, this Department may advise that the proposal be deferred.

(2) Government Middle School for Girls, Tirupati. The proposal to open higher forms in the school was made by the Director of Public Instruction, in connection with the Part II Schemes for 1949-50 but it was deferred on ~~depression~~ account of the financial stringency. The Director of Public Instruction has stated that, unless provision is also made for the construction of class rooms for Forms V and VI immediately, it is not possible to open Form IV in June 1950. The Inspector news has reported that a sum of Rs. 10,000 may be required for the construction of additional ~~upper~~ a pair rooms. In G.O. No. 810 Finance dated 6-8-49, Government have directed that Heads of Departments should bear in mind ~~that~~ the prevailing shortage of iron, steel, cement, teakwood and plant and machinery (have ordered) and that building schemes should generally be deferred in view of the high cost of labour and materials.

The present proposal involves the construction of buildings ~~involving~~ at a cost of about Rs. 10,000. ~~and~~ In the present financial stringency the need for economy is all the more necessary ~~new~~. In the FOR

circumstances, this Department may advise that the proposal be deferred for better times.

(3) Government Secondary School for Girls, Dharmapuri. Form IV has been opened in the current school year and the proposal is to open Forms V and VI in 1950-51 and 1951-52. The existing strength in Form ~~IV~~ IV is 24. It is stated that accommodation in the ~~the~~ school will not be sufficient for the opening of the forms and that, pending the extension of the buildings, it is proposed to accommodate the forms in a private building.

As the proposal will ultimately involves the construction of buildings. According to G.O. 810 Finance dated 6-8-49 buildings schemes should generally be deferred. This Department may suggest that the scheme also may be deferred, especially in view of the present financial stringency.

The Director of Public Instruction has stated that he is instructing the Inspectress to take steps to secure private buildings ~~as~~ on rent. It may be stated that no commitment should be entered into ~~unless~~ until the Government have approved the scheme and the scheme has been included in the Budget for 1950-51. The Director of Public Instruction may be informed accordingly.

(4) Government Middle School for Girls, Kumbakonam. The proposal is to open Form IV in 1950-51 and Forms V and VI in subsequent years. The strength of Form~~s~~ III is 22. It may be stated that there are already 4 high schools, (2 boys schools and 2 girls schools in the town and the opening of higher forms is neither imperative nor immediately essential. This Department may suggest that the scheme be deferred.

(5) Government Middle School for Girls, Periyakulam The School was opened with forms I to III during the school year 1948-49. It is now proposed to open Form IV in 1950-51 and forms V and VI in subsequent years. The proposal for the opening of forms IV to VI was considered last year but it was deferred an account of the financial stringency. The financial

position has not improved this year and economy in expenditure is all the more necessary now. This Dept. may suggest that the scheme be deferred.

(6) Government Secondary School for Girls, Palni.

Form IV was opened in 1947. The proposal now is to open Forms V in 1950-51 and Form VI in 1951-52. The strength in Form IV is 23 and it is stated that there is sufficient accommodation for the opening of the additional forms.

This Department may agree to the opening of Form V in 1950-51 and may suggest that the proposal for the opening of Form VI in 1951-52 may be considered next year on the basis of the strength of pupils in Form V to be opened.

The staff proposed for 1950-51 viz. one L.T. Assistant and an additional peon may be agreed to, subject to the remark that the period of sanction may be for one year to start with. The non-recurring expenditure of Rs. 200/- proposed for 1950-51 may also be agreed to.

(7) Government Middle School for Women, Gudiyattam. Here also, there is a local High School for Boys and a large number of girls are studying in this school. Further, additional accommodation has to be secured for accommodating the higher forms. In the above circumstances, there is no immediate necessity for opening higher forms in this school. Finance may advise that the proposal be deferred.

(8) Government Secondary and Training School for women, Calicut. Form V has been opened in the currant school year and it has now a strength of 24 pupils. It is reported that, if Form VI is opened, there will be economic strength and that the construction of a tiled shed of two class rooms has been approved and that Form VI will be located in one of the class rooms. The staff involved is one L.T. Assistant.

In the above circumstances, this Department may agree to the opening of Form VI during 1950-51. The post of L.T. Assistant may, however, be sanctioned for a period of one year to start-with. The non-recurring expenditure of Rs. 1,600 proposed for 1950-51 may also be agreed to.

In view of the present financial position, the opening of Form IV newly in any school has to be deferred, even if there will be economic strength.

As regards the opening of Form V or VI, this should be considered only if the economic strength is assured and even then only if the opening is immediately and imperatively essential. The mere fact that the opening of the new Form will be a convenience to the pupils is not an adequate justification.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.
(BI)

The notes from pages 1-13 above may be perused.

The proposals in this file are as follows:-

(1) Government Middle School for Girls, Tirupati.	Opening of Form IV in 1950-1 and Forms V & VI in the next two years.
(2.) Government Secondary School for Girls, Little Conjeevaram.	Opening of Form V in 1950-51.
(3) Government Middle School for Girls, Kumbakonam.	Opening of Form IV in 1950-51 and Forms V & in the next two years.
(4.) Government Middle School for Girls, Dharmapuri.	Opening of Form V in 50- and Form VI in 1951-2.
(5.) Government Middle School for Girls, Periakulam.	Opening of Form IV in Forms V & VI in the two years.
(6.) Government Secondary School for Girls, Palni.	Opening of Form V in 1950-51 and Form VI 1951-2.
(7) Government Secondary & Training School for Women, Gudiyattam.	Opening of Form IV in 1950-51 and Forms V & in the next two years.
(8.) Government Secondary & Training School for Women, Calicut.	Opening of Form VI in 1950-51.

The extra cost involved in the above proposals is as follows.

Ultimate. Recurring. Rs.	Ultimate. Non-recurring. Rs.	Cost in 1950-51. Recurring. Rs.	Cost in 1950-51. Non-recurring. Rs.
38,300	21,600	12,	9,000

ASST. SECRETARY TO GOVERNMENT
29 OCT 1949
EDUCATION AND PUBLIC HEALTH DEPT.

2. The Finance Department have agreed to the opening of Form VI in the school at Calicut and Form V in the school at Palni during the next school year, subject to the condition that the staff required for the purpose ~~will be~~ is sanctioned for a period of one year in the first instance. They have suggested that the opening of Forms ~~V and~~ VI in the latter school in 1951-52 may be considered next year ~~on the basis of~~ after knowing the strength ~~of~~ Form V to be newly opened in ~~the cu~~ 1950-51. In view of the present financial stringency ~~the~~ they consider that all the other proposals should be deferred.

vide 'X' & 'Z' on p 12 ante

vide 'X' on p. 12 ante

3. No new new middle school for girls and the ~~(forms in any of the)~~ opening of higher ~~in~~ forms in any of the existing schools were ~~opened~~ sanctioned during the current school year ~~, as the proposal of the Director of Public Instruction in that regard were not approved in view of the financial stringency.~~ Having regard to ~~Having~~ the financial stringency ~~in existence~~. ~~For the next year~~ the Director has proposed ~~to~~ only the opening of higher forms in the (eight) existing schools (noted in para 1 above) as the extra cost involved in the opening of new middle schools will be more than th... of of the higher forms. The Director's proposals are modest. It is for orders whether this department may press ~~all~~ the entire ~~the~~ proposals of the Director. The proposal to provide a sum of Rs 10000/- for the construction of addl. rooms for the higher forms in the school at Tirupati may also be pressed.

4. With reference to the portion marked 'M' on page 11 ante, a draft memo is submitted below for approval. After issue, the file may be circulated to H.M.(E & L) and H.M. (Finance) for orders on paras 2 and 3 above.

M on p. 3 of the draft note below

Girls, Dharmapuri.

It is submitted that this ~~above~~ interpretation ~~of E & P.H.~~ of the orders in circulation is not quite warranted ~~clear~~. The opening of all the remaining forms in successive years cannot be sanctioned straightaway without having any idea as to whether there will be economic strength in each form ~~class~~ or not.

In the case of Palni, this Department suggested that Form V may be opened during the next School Year and that the opening of Form VI in 1951-52 may be considered next year on the basis of the strength of pupils in ~~after knowing the strength of~~ Form V to be newly opened in 1950-51. Following the above suggestion, this Department may advise that Form IV in the School at Tirupati and Form V in the School at Dharmapuri may be opened during 1950-51, and that the opening of the other higher forms may be considered next year, on the basis of the strength obtaining in the Forms, to be newly opened in 1950-51. If this suggestion is accepted, the figures under ultimate cost in the summary of cost and the portion at 'M' on page 3 of the draft note will have to be modified.

B1.

The notes of the Finance Department on pages 15-16 above may be perused. With reference to the orders in circulation, the draft Part II Scheme note below (already approved) provides for the opening of Forms IV to VI in the Government Middle School for Girls at Tirupati and (of Forms V & VI) Dharmapuri, in addition to the opening of Form VI in the Govt. Secondary & Trg. School for women, Calicut and Form V in the Govt. Secy. School for Girls, Palni, for

P.T.O.

which the Finance Department have already agreed. The Finance Department now consider that the orders in circulation on page 15 ante cannot be interpreted to include the opening of Form IV in 1950-51 & Forms V & VI in the two succeeding years in the school at Tirupati and Forms V & VI in 1950-51 & 1951-52 respectively in the school at Dharmapuri. They, therefore, suggest that Form IV in the school at Tirupati & Form V in the school at Dharmapuri may be opened during the next year and that the opening of the other forms may be considered next year. For orders whether the suggestion may be accepted.

p.16 ante

19/11/49

19.11.49

May be accepted and necessary alterations may be made in the figures relating to ultimate cost in the Part II note. If this is agreed to, no separate note as suggested in the last para of the Finance Dept. note on page 16 ante, will be necessary.

EXPLANATORY NOTE.

The policy of Government is to encourage the education of girls by providing secondary schools at their own cost, although they rely mainly on private agencies and local bodies for the expansion of facilities for the secondary education. To start with, middle schools are opened and they are later on converted into high schools by adding higher forms. In 1947-48, no new middle schools for girls were opened by Government, on account of the financial stringency; but in three schools the opening of Form IV was sanctioned. In 1948-49, the Government sanctioned the opening of six new middle schools and an additional section in Form IV in the Government High School for Girls, Madura. During the current school year, on account of the financial stringency, no new middle schools were opened; but the opening of Form V in the Government Secondary and Training School for Women, Calicut, and of Form IV in the Government Middle School for Girls, Dharmapuri, was sanctioned.

2. For 1950-51, the Director of Public Instruction has submitted the following proposals:-

(1) Government Secondary and Training School for Girls, Little Conjeevaram.	Opening of Form V in 1950-51.
(2) Government Middle School for Girls, Tirupati.	Opening of Form IV in 1950-51 and Forms V and VI in the next two years.
(3) Government Secondary School for Girls, Dharmapuri.	Opening of Form V in in 1950-51 and Form VI in 1951-52.
(4) Government Middle School for Girls, Periakulam.	Opening of Fovm IV in 1950-51 and Form

The ultimate and immediate net extra cost to Government on account of the above proposals is Rs.38,300 recurring, Rs. 21,600 non-recurring and Rs.12,000 recurring and Rs.9,000/- non-recurring respectively.

3. The Finance Department have agreed to the opening of Form VI in the school at Calicut and Form V in the school at Palni during the next school year, subject to the condition that the staff required for the purpose is sanctioned for a period of one year in the first instance. They have suggested that the opening of Form VI in the latter school in 1951-52 may be considered next year, after knowing the strength of Form V to be newly opened in 1950-51. In view of the present financial stringency, they consider that all the other proposals should be deferred. The strength in Form III of the Government Middle School for Girls, Tirupati, is 35 and that in Form IV in the Government Secondary School for Girls, Dharmapuri, is 24. Form IV and Form V, if opened in these schools, will have economic strength. This Department, therefore, pressed for the opening of those forms in the two schools (Form IV in the Government Middle School for Girls, Tirupati, Form V in the Government Secondary School for Girls, Dharmapuri), in addition to the schools at Calicut and Palni to which the Finance Department agreed and it was approved in circulation for consideration as a Part II Scheme for 1950-51.

4. This Department recommend that necessary provision as shown in the summary above may be made in the Budget for

EXPLANATORY NOTE.

The policy of Government is to encourage the education of girls by providing secondary schools at their own cost, although they rely mainly on private agencies and local bodies for the expansion of facilities for the secondary education of boys. To start with, middle schools are opened and they are later on converted into high schools by adding higher forms. In 1947-48, no new middle schools for girls were opened by Government, on account of the financial stringency; but in three schools the opening of Form IV was sanctioned. In 1948-49, the Government sanctioned the opening of six new middle schools and an additional section in Form IV in the Government High School for Girls, Madura. During the current school year, on account of the financial stringency, no new middle schools were opened; but the opening of Form V in the Government Secondary and Training School for Women, Calicut, and of Form IV in the Government Middle School for Girls, Dharmapuri, was sanctioned.

2. For 1950-51, the Director of Public Instruction has submitted the following proposals:-

(1) Government Secondary and Training School for Girls, Little Conjeevaram.	Opening of Form V in 1950-51.
(2) Government Middle School for Girls, Tirupati.	Opening of Form IV in 1950-51 and Forms V and VI in the next two years.
(3) Government Secondary School for Girls, Dharmapuri.	Opening of Form V in in 1950-51 and Form VI in 1951-52.
(4) Government Middle School for Girls, Periakulam.	Opening of Fovm IV in 1950-51 and Forms V VI in the two succeeding years.
(5) Government Middle School for Girls, Kumbakonam.	Do
(6) Government Secondary School for Girls, Palni.	Opening of Form V in 1950-51 and Form VI in 1951-52.
(7) Government Secondary & Training School for Women, Gudiyattam.	Opening of Form IV in 1950-51 and Forms V & VI in the two succeeding years.
(8) Government Secondary & Training School for Women, Calicut.	Opening of Form VI in 1950-51.

P.T.O.

The ultimate and immediate net extra cost to Government on account of the above proposals is Rs.38,300 recurring, Rs. 21,600 non-recurring and Rs.12,000 recurring and Rs.9,000/- non-recurring respectively.

3. The Finance Department have agreed to the opening of Form VI in the school at Calicut and Form V in the school at Palni during the next school year, subject to the condition that the staff required for the purpose is sanctioned for a period of one year in the first instance. They have suggested that the opening of Form VI in the latter school in 1951-52 may be considered next year, after knowing the strength of Form V to be newly opened in 1950-51. In view of the present financial stringency, they consider that all the other proposals should be deferred. The strength in Form III of the Government Middle School for Girls, Tirupati, is 35 and that in Form IV in the Government Secondary School for Girls, Dharmapuri, is 24. Form IV and Form V, if opened in those schools, will have economic strength. This Department, therefore, pressed for the opening of those forms in the two schools (Form IV in the Government Middle School for Girls, Tirupati, Form V in the Government Secondary School for Girls, Dharmapuri), in addition to the schools at Calicut and Palni to which the Finance Department agreed and it was approved in circulation for consideration as a Part II Scheme for 1950-51.

4. This Department recommend that necessary provision as shown in the summary above may be made in the Budget for 1950-51.

The ultimate and immediate net extra cost to Government on account of the above proposals is Rs.38,300 recurring, Rs. 21,600 non-recurring and Rs.12000/- recurring and 9,000 non-recurring respectively.

3. The Finance Department have agreed to the opening of Form VI in the school at Calicut and Form V in the school at Palni during the next school year, subject to the condition that the staff required for the purpose is sanctioned for a period of one year in the first instance. They have suggested that the opening of Form VI in the latter school in 1951-2 may be considered next year, after knowing the strength ~~fo~~ of Form V to be newly opened in 1950-51. In view of the present financial stringency, they consider that all the other proposals should be deferred. ~~No new middle schools for girls and the opening of higher forms in existing schools was not sanctioned, having re during the current school year, except those referred to in para 1 above, was sanctioned, having regard to the financial stringency.~~ The strength in Form III of the Government Middle School for Girls, Tirupati, is 35 and that in Form IV in the Government Secondary School for Girls, Dharmapuri, is 24. Form IV and Form V if opened in those schools, will have economic strength. This Department, therefore, pressed for the opening of higher forms in these two schools ~~in addition~~ (Forms IV to VI in the Government Middle School for Girls, Tirupati, and Forms V and VI in the Government Secondary School for Girls, Dharmapuri.) in addition to ~~those in the schools agreed to by Finance~~, and it was approved in circulation.

4. This Department recommend that necessary provision as shown in the summary above may be made in the Budget for 1950-51.
