Sir,

SUB:- Madras Educational Subordinate Service = Deputy Inspectors of Schools, School Assistants etc. = Qualifications = Amendments:

I have the honour to state that the qualifications
prescribed for Deputy Inspectors of Schools, School Assis-
tants and Headmasters (Men's Branch) and Sub-Assistant
Inspectresses of Schools, School Assistants and Head-
Mistresses (Women's Branch) are as follows:

(i) The Degree of B.A. or B.Sc. of a University in the Province in the subject in respect of which recruitment is necessary; and

(ii) The degree of B.T. of the University of Madras or the B.Ed. Degree of the Andhra University.

The duties of the Deputy Inspectors of Schools and
Sub-Assistant Inspectresses of Schools consist mainly in
the inspection of Elementary Schools with a view to im-
proving the technique of instruction and in assisting the
District Educational Officers and Inspectresses of Girls
Schools in the inspection of Secondary Schools. For
discharging their duties satisfactorily, I consider that
they should possess an advanced knowledge of English and
the Regional Language concerned. Candidates who have
qualified for the B.Sc. Degree, cannot be expected to
possess that standard of knowledge of English and the
Regional Language, which candidates who have taken the
B.A. Degree may ordinarily possess. Hence I feel that
B.Sc. Degree holders compare unfavourably with B.A.Degree
holders in this behalf.

2. Even in Secondary Schools, the services of
candidates with B.A. degree as the general Educational
qualification will be more useful than those of candi-
dates with B.Sc. Degree qualification solely because the
former can at times handle more subjects than the latter
All things considered, I recommend that the B.A. Degree
holders may be preferred to B.Sc. Degree holders for
appointment to the posts referred to above. But the B.Sc
Degree holders may not be altogether debarred from
appointment to the said posts, as there are not enough
B.A. Degree holders now to meet the demand. In order to
enable the B.Sc. Degree holders to continue to be recruited
to such posts, a pass in Part II of the B.A. Degree may
be insisted upon, but that this qualification may be
prescribed as part of their probation.

3. It is reported that there is no provision in
Regulations of the Madras University and the Annamalai
University, for a candidate who has qualified for the
B.Sc. Degree to appear for the B.A. Degree Examination
in Part II only after private study. Hence, I suggest
that an examination in the languages concerned at a stan-
dard equivalent to Part II of the B.A. Degree Examination

may be conducted by the Madras Public Service Commission The B.Sc. Degree holders who are selected and appointed to the abovementioned posts may be required to pass the examination within the prescribed period of their probation, failing which they may be discharged from service.

4 I request that the Government may be pleased to approve of my proposal in this regard.

2. I am addressing the Madras Public Service Commission to postpone the selection of candidates for the posts of School Assistants till the draft amendments are approved.

3. I presume that Government have not accepted my recommendation in my D.O.letter No.5410 (C2)L1/47 dated 24..7..1948 and have decided to relax the age rule only in respect of candidates who passed their B.T. or B.Ed. degree Examination in 1948. If this presumption is correct, I suggest the following draft amendments to the Special Rules for the Madras Educational Subordinate Service:

Amendment.

The following note shall be added to Rule 6(a) of the Special Rules for the Madras Educational Subordinate Service:--

Note:-"The age limit for persons who passed their B.T. degree examination of the Madras University or the B.Ed. degree examination of the Andhra University in 1948 and who are recruited to the posts of School Assistants - II Grade in 1948 shall be 30 years"

If however, Government desire that this concession should be granted even to those who passed their B.T. or B.Ed. degree Examination prior to 1948 as well as those that passed the Examination in 1948, the following draft amendments may be considered:-

I am directed to state that the Government have since decided that the amendments which they proposed to make to the Special Rules for the Madras Educational Subordinate Service may be taken up for consideration later on and that now the selection of candidates for direct recruitment to vacancies in the service which were already advertised by the Commission may be proceeded with. I am accordingly to request that the Commission will be so good as to make the selections as expeditiously as possible. The intention is to admit the candidates, after selection, for the B.T. or the B.Ed. course in training Colleges where places have already been kept reserved for them.

Rules - Madras Educational Subordinate Service - Posts of School Assistants, Deputy Inspectors etc. - Qualification - Special Rules Amendments - Your letter No.15021 A/48-11 Edn. dated 13-7-49.

I am to say that the Commission has no remarks to offer on the draft amendments forwarded with the letter cited.

2. The Commission agrees to conduct the Advanced Language Test referred to in the letter cited, along with the Special and Departmental Tests. It does not anticipate that the number of candidates who will apply for this new test will be large, if however, it is found to be so, the Commission presumes that the necessary additional staff will be sanctioned to cope with the increase of work thrown on that account.

3. The Commission also presumes that the draft syllabus for the new test, the number of papers, the maximum number of marks and the minimum for a pass etc. will be prepared in consultation with the Director of Public Instruction who will suggest the text books for the test as in the case of Deputy Inspectors' Test, Part II.

4. I am to add that the question whether consequent on the introduction of the Advanced Test in Languages, the syllabus etc. prescribed for the Deputy Inspectors' Test, Part II requires revision may also be considered in consultation with the Director of Public Instruction.

Secretary.

Reference:- Govt., Memo., No.15021 A-48-12 Edn., dated 12-10-1949.

With reference to the Government Memo., referred to above I have the honour to state that it cannot be categorically said that the Commission's anticipation that the number of candidates who would apply for the new Advanced Language Test would not be large is correct, since it would depend upon the number of B.Scs of the Andhra and Madras Universities recruited every time.

2. As regards para 4 of the Commission's letter I may state that the syllabus prescribed for the Deputy Inspector's Test Part II (Special Language Test for officers of the Education Department, Higher Standard) would require revision since the standard for this Test is of the S.S.L.C. standard while that of the new Advanced Language Test is to be of the standard of Part II of the B.A.Degree Examination.

GOVERNMENT OF MADRAS

Secretary, E. & P.H.

I have had a talk with the D.P.I. and the Deputy D.P.I. over the matter as to who will be the best candidates for Educational Service. They tell me that as between B.Scs. and B.As., B.As. may be chosen. This is for two reasons, (1) the B.As. study the regional language also and have a more comprehensive view of education and a more comprehensive ~~xxxx~~ equipment than the B.Scs. specialising in one subject, and (2) they have more grasp of the regional language which is very necessary to day, especially as the medium of instruction is the regional language. Even in the matter of English, the B.Sc. English stops with their preliminary studies in the first year and they do not have as much knowledge of English as the B.As. with the result that they can teach only one subject whereas, the graduates in the B.A. pass course may teach in two subjects, (1) English and (2) their optional subjects whatever it is, Physics, Mathematics, Chemistry or anything else. For these reasons, preference may be given to B.As. while choosing our School Assistants and Deputy Inspectors rather than B.Scs.

I agree with the views of the D.P.I. above and I think we may amend the rules that preference may be given to pass course B.A. men and women. I shall be glad if this rule can come into force even for the selection for which we have issued orders recently. As I have already discussed this with the D.P.I., I do not think thereis any necessity to consult him again on this. I am however sending him a copy so that if he has any opinion, he may send that on. Steps may be taken to amend the rule.

A copy of the Commission's letter may be communicated to the D.P.I and he may be asked to expedite his reply to the memo on pp1-2 ante. The Director may also be asked to address the M.P.S.C for postponing the selection of candidates for recruitment to the posts of School assistants till the Spl Rules for the M.E.S.S are amended.

2 In the linked file before the D.P.I has suggested that the graduates in Economics may be permitted to compete for the posts of History School Assts and that the BSc degree holders with Physics main and chemistry subsidiary and vice versa as also Mathematics graduates with Physics or chemistry as optional subjects may be permitted to compete for appointment as Schools assts in Physics or chemistry. The Govt have accepted his recommendation and he has been asked to send the necessary draft of amendments to be made to the Spl Rules for the M.E.S.S. Opportunity may be availed of in this connection to incorporate these amendments along with those referred to in para 1 above in the Spl Rules for the M.E.S.S. We cannot be postponing the selections long as the Training Colleges will have to open very soon. The draft Memo. is approved. The matter may be expedited. I wonder whether we cannot frame the draft rules here itself. After all, it is a very simple matter.

languages concerned at a standard equivalent to Part II of the B.A. Degree examination. The D.P.I. has suggested that the examination may be conducted by the M.P.S.C. and if the B.Sc. Degree holders fail to pass the examination within the prescribed period of their probation they ~~will~~ may be discharged from service. The Commission will have to be consulted whether they will hold the examination. It may be mentioned in this connection that the B.Sc. Degree holders of the Annamalai University are altogether on a different footing from those of the other two Universities viz., the Madras University and the Andhra University, for there is practically no difference between them and the B.A. degree holders of that University for the following reasons:-

p 2 cf.

N

(1) They have to study English under Part I for a period of 2 years and appear for the Degree examination in the final year along with those appearing for the B.A. Degree. The syllabus for both is the same.

Verified from the Annamalai University Calendar.

(2) They have to study a second language under Part II along with those appearing for the B.A. degree. Here also the syllabus is the same for both the categories of candidates.

(3) They have to study two Science subjects, both of them being main, under Parts III and IV.

Thus it is seen that there is practically no difference between a B.Sc. degree holder and B.A. Degree holder of that University. If the rules are to be amended as suggested by ~~H.M.(Edn.)~~ H.M.(Edn) the B.Sc. Degree holders of the Annamalai University should be given equal preference as those of the B.A. degree holders. The file may be sent to the D.P.I. u.o. for remarks and if he agrees to the suggestion he may be requested to send the necessary draft of the amendments proposed to be ~~amended~~ made to the M.E.S.S. in this regard. On receipt of the amendments the M.P.S.C. may be consulted.

E. & P. H.

The Madras Public Service Commission has already advertised the vacancies referred to and has fixed 24-7-48 as the last date for receipt of applications. It may not be possible to apply for this selection the change in the rules proposed on pp.1-2 ante, unless the Commission is asked to postpone the selection and readvertise the vacancies with the revised qualification. The draft amendments to the rules proposed on pp.1-2 ante have not yet been received from the D.P.I. After they are received, they have to be scrutinised by this Department and the Legal Department and the concurrence of the Commission obtained for them. ~~It~~ All these will take some time.

In G.O. No. 1280 Edn., dated 25-5-48, the Government approved certain amendments to the special rules relating to M.E.S.S. with a view to recruit direct graduates for the post of School Assts and giving them B.T. training and also training in craft after recruitment. The M.P.S.C. advertised the vacancies and fixed ~~27xxxx2~~ 24-7-48 as ~~a~~ the last date for the receipt of applications.

Subsequently H.M.(Edn.) noted that B.As. may be preferred to B.Scs. for the post of School Assts. and that this change might be given effect to when making the selections. The D.P.I. ~~has~~ was accordingly ~~aksed~~ asked to submit draft amendments to the Special Rules for the M.E.S.S. The Govt. also asked the M.P.S.C. whether ~~xhx xkx xxkxxtixnx~~ it ~~is~~ was possible to postpone the selection. The Commission expressed its willingness for the postponement of the selections. The D.P.I. has now submitted draft amendments in this regard and he has also asked the M.P.S.C. to postpone the selection. ~~kxkxk~~

Later H.M.(Edn.) ~~has~~ minuted that in case of persons who have already got the L.T. degree their upper age limit may be fixed at 30. With ref. to this also an amendment from the D.P.I. has been obtained.

In another connection it was suggested that the graduates in Economics ~~may~~ might be permitted to compete for the post of History School Assts. and B.Sc. degree holders with Physics main and Chemistry subsidiary and ~~vic-vic~~ via versa, as also Maths. graduates with Physics or Chemistry as Optional subjects ~~may~~ might be permitted to compete for appointment as School Assts. in Physics or Chemistry. The D.P.I. has also ~~xxxxThexDxx~~ forwarded draft amendments giving effect to this suggestion also. The rules have now to be amended with ref. to all these suggestions. and M.P.S.C. have to be consulted before amending the rules. This will take atleast a fortnight.

P.T.O.

~~28~~ 28

After the amendments are published , the Commission will have to be asked to re-advertise theposts. ~~It~~ The Commission will ~~This at least~~ take two months for selecting the candidates.

The L.T. Colleges were opened in July last and a month has now already elapsed. All the seats in Colleges would have been filled now. Even if the selection is made now it may not be possible to get the candidates admitted into the colleges unless the University is willing to increase the no. of seats in the Colleges and also to condone the shortage in attendance.

/B

But is even if the amendments proposed are not to be applied to these selections, & the M.P.S.C is asked to go ahead from the stage at A overleaf. The M.P.S.C may take at least a month's time to finish the work & there are the difficulties indicated at 'B'.

Since in any case it will be too late for the candidates to join the L.T. this year, I think it is better to let the recruitment be made with the amendments after that & have the

Both 'A' and 'B' are wrong. The D.P.I. has reserved seats for these candidates in both the Training Colleges. I verified it over the phone just now. The Commission may be asked to proceed with the selection of candidates. The amendments may be taken up in the meantime, but the selection may be by the old rules. I shall be glad if the intimation ~~may be~~ is sent to the Commission immediately, - even today, so that they may arrange for the selection/and ~~of~~ the trainees may be admitted in the Training Colleges in a week or two. Please see the D.P.I.'s letter on page 31 cf. The Director says, that the alterations referred to at N on the previous page represent the intention correctly.

Opportunity has been taken to include the amendments referred to in linked file III (consequent on the employment of BT or B.Ed people in languages as School Assts in languages) in the present draft.

Recently the Govt ~~[illegible]~~ changed the designation of Sub. Asst Inspectresses into Deputy Inspectors (woman) on account of the amalgamation of men's and women's ranges. The Director was asked to ~~[illegible]~~ forward to Govt a draft of the requisite amendments to the M.E.S.S and M.E.S. rules. He has not sent the draft amendments so far. But he has taken the ~~oppor~~ present opportunity to effect the change in designation in some of the rules in the M.E.S.S. The expression "Sub. Asst Inspectresses" occurs in a number of other places and if the change is to be made now it must be made in all places.

Amendment (1): The words and figures "before or during 1948" occurring at the end of the Note may be altered into "before the 1st January 1949".

Amendment (3), (a) and (b): The new proviso proposed against the relevant entries under "A. Men's Branch" and "B. Women's Branch" may be recast as follows:--

"Provided further that School Assistants recruited for teaching languages other than English shall possess (i) either the degree of B.A. of the University of Madras having taken the language under Part III in respect of which recruitment is necessary, or the degree of B.O.L. of the same University in such language, and (ii) the B.T. degree of that University, or the B.Ed. degree of the Andhra University."

A [A on pages 10-11 above: It is noticed that references occur in the rules not only to 'Sub-Assistant Inspectress' but also to 'Sub-Assistant Inspectresses'. It is therefore desirable to make specific amendments in the rules as follows:--

"In the said rules, for the words 'Sub-Assistant Inspectress' and 'Sub-Assistant Inspectresses' wherever they occur, the words and brackets 'Deputy Inspector (Woman)' and 'Deputy Inspectors (Women)' shall respectively be substituted."

E. & P.H. may please verify by examining the rules whether an amendment as proposed above will be sufficient.

Ref: Your D.O.No.50923-A.1.Edn., dated 19-7-48
re: Madras Educational Subordinate Service - School Assistants (Direct) Recruitment - Higher age limit for B.T. degree holders.

With reference to your D.O. letter cited above, I would have had no objection to raising the age-limit to 30 in regard to the last set on the lines suggested by the Hon'ble Minister for Education but for two reasons:

M. (a) the concession cannot be restricted only to the last set but would have to be extended in fairness to the previous sets of the last 2 years at least;

(b) any concession, whatever be its scope, that is now given would result in the postponement of the selection by the Public Service Commission as they would naturally have to invite fresh applications.

I, therefore, recommend that no relaxation need be made now.

SIR,

RECRUITMENT(Direct) Madras Educational Subordinate Service--School Assistants Women's Branch--Exemption from the operation of the age fule--Requesting.

I beg to state that I studied my M.A. class in the year 1947 and underwent B.T. course in 1948 in the Lady Willingdon TrainingCollege, Madras and passed in the III Class. I am an Andhra Non-Brahmin Girl of 27 years. My date of birth is 12..5..1922.

Last year when the applications for 'Appointment as School Assistants were invited, the age limit prescribed for the post of School Assistants by direct recruitment is 30. But according to the recent G.O. Ms.No.1280-Education dated 20.5.1948, "No person who has completed 25 years of age is eligible for direct recruitment to the posts of School Assistants (Grade II)". It is also prescribed that Degree Holders of B.A. or B.Sc. are also eligible for appointment.

Last year I did not apply to the Madras Public Service Commission for selection of School Assistants as my age is below thirty and as I was doing my B.T. Course last year. I am a Mathematics graduate with B.T. as additional qualification and there is dearth of qualified Mathematics Woman Assistants in the Telugu Area. I therefore request you to kindly exempt me from the operation of the age rule and permit me to apply to the Secretary, Public Service Commission for direct recruitment as School Assistant.

Yours faithfully,
G. Nagarathnamma.

MADRAS,
23-9-48.

Secretary, E.& P.H.

Please see herewith an application. The representation is that these people went to the L.T. Colleges with the expectation that they have also been eligible for Govt. service. But now our reducing the age to 25 has debarred them from Govt. service. They represent that the last set atleast may not be debarred from Govt. service if they pass L.T. though their age is under 30 under the rule. I think there is something in their representation. Their application may also be considered by the Public Service Commission.

But The standard for selection should be their basic qualifications without the L.T. qualification, i.e., if there is a first class B.A. without L.T. qualification under 25 and if there is a third class B.A. with L.T. qualification, the first class B.A. may be chosen, and so the basic qualification should be the ~~primary~~ prime consideration for selection.

SELECTION OF HISTORY SCHOOL ASSISTANTS

Sir,—With reference to the Madras Service Commission's Notification in the Gazette dated 24th February inviting applications for appointment as School Assistants, I crave the hospitality of your esteemed columns to cite how numerous candidates like myself are debarred from applying for them. Whereas L.Ts. and B. Ts., who have taken "Economics Main and History Subsidiary" for their B. A. degree, are employed as History Assistants in private High Schools, the above Notification lays down that for selection as History Assistants in Government Schools, History should have been the Main subject in B.A. I do not think that Graduates with "Economics Main and History Subsidiary" will teach History less efficiently in High Schools than those with "History Main and Economics Subsidiary". In the future system of education fundamentals of Economics should also have to be introduced in High Schools. As very few Colleges have "History Main and Economics Subsidiary" in B.A., many have no opportunity to take History main. The Government should not therefore shut the doors to us (especially women) for having taken History Subsidiary. While Home Science, B.Scs. are eligible to apply for Physics and Chemistry Assistants' posts, is it not anomalous that we cannot apply for posts of History Assistants? It is a pity that the subject that we take in L.T. or B.T. is not considered at all for the selection of Assistants.

Will the Director of Public Instruction and the authorities concerned look into the serious injustice done to us and pass orders so that future Notifications may entitle Economics Graduates (with History Subsidiary) also to apply for appointment of History Assistants on par with those who have taken History Main and Economics Subsidiary.

Sir,

According to the Annexure II to the Special Rules for the Madras Educational Subordinate Service, a candidate for recruitment as School Assistant should have obtained "the degree of B.A., or B.Sc., of the University in the Province in the subject in respect of which recruitment is necessary and the degree of L.T. of the University of Madras or the B.Ed., degree of the Andhra University".

p.t.o.

OTD
11/2/48

When the recruitment to these posts was made by the Service Commission last year, the Commission did not consider the applications from two Economics Graduates because they had not obtained the degree of B.A. in the subjects for which there was recruitment. In reply to my suggestion that Economics graduates might be considered for selection to History School Assistants' posts the Secretary, Public Service Commission replied that the Commission have no objection to the same, but that Government may be addressed to amend the rules suitably to give effect to the suggestion not only in respect of Economics but also in respect of the other subjects such as Physics, Chemistry, Mathematics etc. I consider that the B.Sc., degree holders with Physics Main and Chemistry subsidiary and vice versa as also Maths graduates with Physics or Chemistry as optional subjects be permitted to compete for appointment as School Assistants in Physics or Chemistry and request that Government may be pleased to accept my recommendation. Necessary ammendments to the Rules will be submitted on receipt of Government Orders.

Transferred from 9/3 ... 26.6.48

I am to invite attention to paragraph 1 of G.O. cited and to say that while reference is made only to the "B.T." degree awarded by the Madras University, the corresponding degree of "B.Ed." awarded by the Andhra University has been omitted. As the omission is presumably not intentional, the Commission has announced the B.Ed. degree also along with the B.T. degree in its notification inviting applications for appointment as Language Assistants. A relevant extract of the notification is enclosed. I am to request that the necessary amendment to the G.O. be issued and that the above qualifications for appointment as Language Assistants be prescribed in the special rules for the Madras Educational Subordinate Service. The Commission has announced the qualification in anticipation of the amendment of the rules.

AMENDMENT.

In annexure II to the Special Rules for the Madras Educational Subordinate Service, under the heading "B.Women's Branch", in the entries against "Sub-Assistant Inspectresses, School Assistants and Headmistresses" in column 2, for item (1), the following item shall be substituted, namely:-

(1)(i) The degree of B.A., or B.Sc., of a University in the Province in the subject in respect of which recruitment is necessary;

or

(ii) The degree of B.O.L. of the University of Madras.

2. In this connection, I may point out that a B.O.L. Degree (Pass) holder who passes the entrance examination Oriental Title Examination and the Vidwan Examination and then takes his Degree by passing the English Part of the B.O.L. Degree Examination, will not be suitable for appointment as Deputy Inspectors, School Assistants and Headmasters as their knowledge of general subjects will be poor. I consider, therefore, that for appointment to the above posts a B.O.L. degree holder should possess the general educational qualification, namely S.S.L.C. with eligibility for the University course or the minimum general educational qualification prescribed for entry into public service. I request necessary amendments to the relevant rule in this regard also.

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

17.8 ante

In continuation of my letter to the Government Rc.No.4067-C/45 dated 16-9-47, I have the honour to state that I consider that the standard of the B.O.L. degree of the Annamalai University is equivalent to that of the B.O.L. degree of the Madras University. Hence I recommend that the B.O.L. degree of the Annamalai University may also be prescribed as an alternative qualification, alongside of the degree of B.O.L. of the Madras University.

omit

2. In this connection, I may point out that the Andhra University awards the B.O.L. degree only in the Sanskrit Language, and not in any other regional language. Hence, the question of prescribing the B.O.L. degree of the Andhra University as an alternative qualification

A/1

I am to invite attention to the Commission's letter No. 4758-C2/43-1, dated 15-12-43 (addressed to the Chief Secretary to Government, Public (Services) Department (copy enclosed) and to say that as the object of the B.O.L. degree as stated by the Registrar of Madras University in his letter No.A.395, dated 11-2-41, is to give an intensive study of Indian Languages and as the syndicate of the University itself has considered that degree to be a suitable qualification only for the purpose of teaching Indian Languages, the Commission is of the opinion that the B.O.L. degree should not be prescribed as an alternative qualification for teaching posts except where the subject to be taught and in respect of which recruitment is necessary is a language other than English and that the qualification for teaching posts should continue to be a degree in the particular subject (such as Physics, Chemistry etc.) in respect of which recruitment is necessary.

2 The Commission has no objection to the B.O.L. degree being prescribed as an alternative qualification for purely -- administrative posts in the Madras Educational Subordinate Service.

3 If the Government agree with this view, the Commission will suggest suitable amendments to the rules.

With reference to your letter cited, I am to invite attention to the correspondence which led to the issue of G.O. No. 1107, Edn., dated 16-7-41 in which the first or second class degree of B.O.L. of the University of Madras has been declared to be equivalent to the first or second class degree of B.A. (Hons) or M.A for purposes of recruitment to posts of Professors or Lecturers in Languages other than English in the Madras Educational Service and to posts of Assistant Professors and Assistant Lecturers in languages other than English in the Madras Educational Subordinate Service and to say that as the object of the B.O.L. degree as stated by the Registrar of the Madras University in his letter No.A.395, dated 11-2-41, is to give an intensive study of Indian languages and as the Syndicate of the University itself has considered that degree to be suitable qualification only for the purpose of teaching Indian Languages, the Commission can find no reason to go further than the recognition already accorded to it in the Education Department G.O. referred to above.

Ref: Your letter No.1002-C1/48-1 dated 28-4-48.

I am directed to say that the Government accept the Commission's views in para 1 of the letter cited above. A copy of a further letter receided from the D.P.I. No. 4067-C/45 dated19-4-48 is sent herewith for th Commission's consideration.

pp 20-21 cf

With ref. to para 2 of the Commission's letter I am to say that there are no administrative posts as ~~xxxxxxx~~ such in the Madras Edl. ~~xxxxxxx~~ Subordinate Service ~~and it does not seem that the questic of prescribing B.O.L. degree as an alternative qualifn. will arise here.~~

Posts of Dy Inspectors and Sub Asst Inspectresses of Schools are in a way administrative posts. But since these officers are liable to be transferred as School Assts (teaching posts) the question of prescribing B.O.L. degree as an alternative qualifn will not arise.

p 22 cf

The draft amendments ~~provided~~ promised in para 3 of the Commission's letter ~~is~~ are awaited.

No.1002-C1/48-4, dated 23-12-48.

Sir,

Rules - Madras Educational Subordinate Service - B.O.L. degree of the University of Madras with the degree of B.T. of the University of Madras or the B.Ed. degree of the Andhra University - Recognition for the purpose of recruitment - Amendment - Your letter No.53378-15/46-A-Edn., dated 19-11-48.

The Commission suggests the following amendments to the special rules for the Madras Educational Subordinate Service:

In Annexure II to the Madras Educational Subordinate Service Rules:

1. Under the heading "A. Men's Branch"

(a) in column (2) in the entries against Deputy Inspectors of Schools (Senior Scale) I and II grades, School Assistants and Headmasters, insert the following proviso under item (1):

> "Provided further that a person holding the B.O.L. degree of the University of Madras or of the Annamalai University with either the SSLC with eligibility for university course or the minimum general educational qualification as specified in the schedule to the general rules shall be eligible for appointment as School Assistants or Headmasters to teach the language (other than English) in which he took the said degree".

(b) in ~~clause~~ column (2) in the entries against Deputy Inspectors of Schools (Junior scale), for the words and letters "the degree of B.T. of the University of Madras or the B.Ed. degree of the Andhra University", the following shall be substituted.

"(1) The degree of B.A. or B.Sc. of a University in the Province; and

(2) The degree of B.T. of the University of Madras or the B.Ed. degree of the Andhra University".

2. Under the heading "B. Women's Branch" in column (2) in the entries against Sub-Assistant Inspectresses, School Assistants and Headmistresses insert the following proviso under item (1):

> "Provided further that a person holding the B.O.L. degree of the University of Madras or of the Annamalai University with either the SSLC with eligibility for the University course or the minimum general educational qualification as specified in the Schedule to the General rules shall be eligible for appointment as School Assistants and Headmistresses to teach the language (other than English) in which she took the said degree".

2. I am to express the presumption that the original proposal regarding the prescription of the B.O.L. degree as an alternative qualification for appointment to the posts of Deputy Inspectors of Schools and Sub-Assistant Inspectresses is now

much importance to the brain and the action
of men ~~which~~ proceed from the thought of brain. The
ancestors of Patricians would prefer to [illegible]
Marius, than their own unworthy sons.

The Patricians ~~are~~ were luxurious and
were pleased with the luxuries. They imagined
themselves ~~that~~ worthy of honour by merely
praising their ancestors. Unlike the ancestors,
the present Patricians were noted for their
vices.

Marius had no honours except for
the courage and the victories achieved by in
attacking the enemy. The Patricians a were
disgracing their ancestors rather than becoming
illustrious by the themselves by their good
behaviour. He had no ~~acquired~~ honours
acquired by his ancestors ~~and~~ but the
honours which he had acquired were the
result of his own labour. So Marius warned
the Romans against Patricians who
wanted to depreciate him in the eyes of
the public. (315 words)-

ASST. SECRETARY TO GOVERNMENT
13 SEP 1946
EDUCATION AND PUBLIC HEALTH DEPT.

NOTE ON THE INCLUSION OF 'B.O.L' DEGREE OF THE MADRAS UNIVERSITY AS A QUALIFICATION FOR RECRUITMENT TO THE CATEGORY OF DY.INSPECTORS AND SCHOOL ASSISTANTS.

....

According to Annexure III referred to in Rule 7(a) of the Madras Educational Subordinate Service Rules, the qualifications for recruitment to the category of Dy.Inspectors and School Assistants are:

(1) The degree of B.A., or B.Sc of a University in the Province in the subject in respect of which recruitment is necessary. or the degree of B.Com. of the Andhra University

And

(2) The degree of L.T. of the University of Madras or the B.Ed degree of the Andhra University.

The degree of B.O.L. is not included. It is possible that this degree was instituted subsequent to the framing of the rules. The result is holders of this degree are not qualified for appointment as Dy.Inspectors and School assistants. It is found that candidates for the 'B.O.L' degree examination should have passed the Intermediate examination and should have studied in a College for not less than two years. The course of study includes Part I-English, Part II-A- General Indian History and B- one of the South Indian languages, or Arabic, Persian or Urdu, or Sanskrit with or without a South Indian language.

The English part of the degree course is the same as that for the B.Sc pass and honours. The only difference is, while B.Sc students study one or more science subjects, the B.O.L. students study Indian History and a South Indian lanugage or Urdu or a classical language with or without a South Indian language. So far as their knowledge of English is concerned, there is no difference between B.Sc and B.O.L. degree holders.

An objection is raised that there is no high school subjects which a B.O.L. degree holder can teach. This is not right. These men can teach History and the language of ~~three standards~~ their study). And for teaching English the position is the same with regard to B.Sc and honours men in subjects such as Geology, Economics and Philosophy. But these degree-holders can be selected for the post of School assistants, but not B.O.L. men. After all, specialising in a single subject has, no doubt, its advantage so far as High school teaching is concerned, but it is not clear why there should be a distinction between language graduates and others. B.O.L. graduates are competent to handle History and language and English and there is no reason why they cannot be Deputy Inspectors of schools, who are mainly concerned with elementary schools. At a time when greater emphasis is laid on the study of the mother tongue, it does not seem desirable to place a ban on the holders of B.O.L. degree. It is presumed that B.Com graduates are in a similar position. Z

~~Divisional Inspector~~. D p14(A)

Pl. see the note from p 1 ante.

In Oct '45, the DPI suggested that B.O.L. degree with B.Ed or L.T. ~~might~~ be prescribed as an alternat~~ive~~ qualification for appt as Dy Inspectors of Schools (Junior or Senior) or School Assts or Headmasters to teach one of the following subjects

(1) English,

(2) History and Geography or languages other than English.

p16 of ©

On a further consideration he reported that for the reasons stated in his letter on pp 11-12 c.f of ©, a B.O.L. B.T. or B.Ed is unfit to be

a Dy Inspector and equally unfit to be a teacher of any other subject except the language in which he has taken the degree. However, he has held the view that it is quite necessary to appoint persons with B.O.L. B.T. or B.O.L. B.Ed degrees as language Assts in all Govt. trg. and high schools on the scale of pay allowed for School Assts and Dy Inspectors (Selection grade). He has promised to bring forward this proposal as a Part II scheme for 1947-48 and his proposal is awaited.

© | p12 cf

p 322 of Madras University Calendar 1961 Part II

2. Candidates for admission to the B.O.L (Pass) degree Exam. are required to have passed the Inter. Exam in Arts and Science of the University with Group D. (Oriental Title Entrance Test and Matriculation English at one and the same appearance) or an Exam. accepted by the Syndicate as equivalent thereto, and to have subsequently undergone a prescribed course of study in a Constituent or an Affiliated college for a period of not less than two academic years or six terms. The courses of study during this period ~~comprise of~~ Part I - English to be studied for one academic year, Part II A - General Indian History and B. one of the South Indian languages or Arabic, Persian or Urdu or Sanskrit with or without a South Indian language. ~~With [illegible]~~ It will be seen that a B.O.L. degree holder has no basic training in History or ~~other~~ subjects other than the oriental languages in the ~~Intercourse~~ Inter course. Amidst the background of oriental learning, his knowledge of English in the Intermediate and the one year's trg in the B.O.L. degree can hardly reach the standard of teaching English in the High School classes, his knowledge of general Indian History gained under part II A. in his B.O.L. Course does not also seem sufficient to teach History for High School classes. Pl. see also, in this connection the views of the Director in para 3 of his letter on pp 11-12 c.f of ©.

3. The B.O.L. degree holders cannot also be compared favourably with B.Sc (Pass) or (Hons) degree holders. Though, as in the case of B.O.L. degree holders, the B.Sc (Pass) or (Hons) degree

holders have study English in the Inter and for a period of one year in the B.Sc Course, the study of English under Part I of the B.Sc. course is more intensified than in the case of B.O.L. Course as seen from the Syllabus for B.Sc. course on p 157 of the Madras University Calendar, Vol I - Part II. Besides, the B.Sc. students have the advantage of improving their knowledge of English by their study of their special subjects in that language. Thus the B.Sc. degree holder has a better knowledge and a better background to qualify himself to teach English besides his own Science subjects in the High School classes.

4 In the ~~foregoing~~ circumstances, it is for consideration whether the question of recognizing the B.O.L. degree with B.L.T. or B.Ed as an alternative qualification for recruitment to ~~the~~ posts of Dy Inspectors and School Assts (except as Language Assts) should be re-examined. The proposal to recruit them as Language Assts on the same status as the Dy Inspectors & School Assts ~~is itself a concession to them.~~ may alone be accepted when proposals to that effect are received - vide para 1 above. | B 28.9.46

5 The presumption at 'Z' on p 2 ante is not correct as the degree of B.Com. of the Andhra University has already been recognized as an alternative qualification for recruitment to the posts in question.

Portions marked A in the draft. It is not clear why reference is made to two minimum general educational qualifications. If the intention is that a person holding the degree of B.O.L. should in addition possess either the S.S.L.C. qualification with eligibility for the University course or the minimum general educational qualification as prescribed in the Schedule to the general rules, the portion marked A in the draft may be revised to read as follows:--

2. The M.P.S.C. whose views were invited on the draft amendments to the M.E.S.S rules proposed to be issued prescribing the B.O.L. degree of the Madras University as an alternative qualification to the posts of School Assts, points out that the university itself considered that degree as a suitable qualifn only for the purpose of teaching Indian languages and that therefore it should not be prescribed as an alternative qualifn for teaching posts except where the subject to be taught is a language other than English. For the other teaching posts the Commission holds that the qualification for recruitment should continue to be a degree in the particular subject to be taught.

p 22 cf

The Commission's view may be accepted.

The Commission also observes that it has no objection to the B.O.L. degree being prescribed as an alternative qualifn for purely administrative posts in the M.E.S.S. There are no administrative posts as such in the M.E.S.S. ~~and~~ So the question of adopting this suggestion does not arise.

S i r,

Sub: Madras Educational Subordinate Service - Recruitment of Assistant Lecturers and School Assistants - Deterioration in the quality of the Service Commission recruits - Conditions examined - Recommendations made.

&&&

1(a) Attention of Government was sometime ago drawn to the shortage of trained teachers in secondary schools and the need to arrest speedily a deterioration of the position and Government have in consequence been pleased to sanction increased facilities for training by starting a sufficient number of institutions for the purpose. But the conclusion has since been forced upon me that a mere increase in the number of training colleges is not enough to meet the needs of a situation which is getting complic ted in regard to the quality as well of the persons to be recruited to the teaching profession. Last year I was struck with the very poor response from properly qualified candidates to the service Commission call for teachers. The list supplied by the Service Commission was short of our needs by about a hundred and those that were actually selected were of poor quality who had t be selected in the absence of choice. The position has again peated itself this year. Almost all the candidates that came for the interview are III Class B.As. or B.Sc's and many complete their examination at different sittings.

(b) In this connection, I am enclosing for Government's information a copy of the remarks which I have forwarded to the Com mission in response to their request for my impressions regarding their test, etc.

(c) I have therein expressed the conviction which has been forced on me by a careful study of the situation that the quality and standard of recruits can be graded up only on the basis of attractive emoluments. That the teacher's profession is the noblest is no~~t~~ doubt admitted universally when people speak abo it on formal occasions, but it is an honest fact that, as stand

P.T.O.

go amongst us, it is the least respected of the learned professions with the result that few young men of ability or intelligence are ever tempted to turn to that for a career, and when they do, they do so never in the first instance but only as a last resort resource. The proper way to remedy this state of affairs is, perhaps, to alter public opinion but even so the career must ensure a modest livelihood from the start itself, if it is to attract. I am convinced that a start of Rs.100/- is the least Government should offer and I should plead for - and I cannot plead too strongly - if we are to get at least second rate men. It is needless for me to point out that the extra expenditure this means is in reality a very sound and profitable investment when we consider the lakhs of secondary school children involved and how absolutely essential it is that at this most pliant stage of their lives they deserve to be most properly handled.

A 1.

2. Another feature which complicates the problem in a subtle and very indirect way, which I have not touched upon in my report to the Commission but which I should not ignore here, is concerned with the popularity of the easy scientific courses offered by the University and the indiscriminate rush for these degrees. I am referring to the various B.Sc. courses. These have their use in a highly industrailized country, but, as it happens here, students take up these courses because of the relative ease with which they can secure their degrees. The large number of B.Scs. turned out in this fashion are treated as equal to B.As. under the rules of recruitment and the irony of it is that the persons who professed the greatest interest in Science show an equal enthusiasm to switch on to a clerical job requiring no knowledge of any Science. Indeed, such a recruitment only tends to lower the standards in respect of even such jobs. The B.Scs. show both a lack of general knowledge and a poor capacity for expression - two qualifies which are essential for most ordinary jobs; at any rate no teacher should possess these defects. The rush for Scientific courses which do not take one to a scientific career in any form has been noted as an undesirable development by the University itself which in a communication has asked me to examine if anything could be done to arrest it. This is being considered by me. I should suggest to Government that Government might be pleased

Pl see I.F.II c.no. 9607 G/50 - [illegible]

111

to direct the Commission to prefer B.As. to B.Scs. for all posts not requiring specialized scientfic knowledge of any type, as this is one way of arresting effectively the indiscriminate rush for B.Sc. courses, for both parents or students who think at all about their future would think twice before they decide on a science course. Where this Department is concerned, I have already addressed Government emphasising the need for such a preference, and the Provincial Advisory Board agreeing with the views, Government have been pleased to accept the suggestions. Now that all specialized study has been eliminated from the secondary school curriculum, I should suggest that B.Scs. be ruled out of consideration for all teaching posts in high schools. If such an order should be deemed as being too sudden, Government may announce that from at least 1953 on, it will be so. And such a decision would also tend to decrease the overwhelming pressure now placed on all colleges for science courses. These courees are costly, involving considerable expenditure on equipment and on staff and it is hardly worth the expenditure if the graduat receiving such specialized education are eventually absorbed in clerical and administrative posts.

I 2.

C.No. 6705/5097 Sec.

LF.I

B 3.

3. (a) A third feature which threatens to unsettle even the efficiency of our schools and perhaps colleges as well, (which cannot be said to be too high) and make for increased indiscipli and lower standards is the latest Government order removing the discrimination between sexes in the matter of recruitment of teachers. The Commission has in accordance with that order s me a combined list and I have perforce to post persons accordin but I must invite Government's attention to the fact that women have been found rather incompetent for executive work, which i case of this Department involves journeys to interior villages where hardly even any accommodation is available, not to menti some of the complications in official relationship between of of different sexes. Where co-operation should develop, there rather mutual distrust, and the work is seen to suffer. It for this reason that after the amalgamation of the different ranges, I requested Government to agree to the policy of con

women to schools to the extent possible.

(b) Again, from schools, and from the Men's Colleges, where women are part of the staff, representations have been made to me that nobody is happy. They are reluctant to face classes of boys, and plead that they may be given any kind of drudgery in lieu of actual lectures, even more than their share if necessary, rather than be asked to face a set of lads at an emotionally excitable and unstable stage. Those with some fortitude or pride ignore the indiscipline and would pretend that it does not exist. At the Commission's examination when I pointed out to the women candidates that hereafter they were liable to be posted anywhere and to any kind of institution and not solely to those for women, the prospect appalled them and many promptly expressed their reluctance to enter service on such conditions.

(c) A very important point to consider in this connection is the great emphasis we are laying on physical instruction requiring that members of the staff should freely participate in the physical activities of boys in schools and colleges. Obviously this demands a separation of the sexes and not a mixture. The introduction of the National Cadet Corps in our schools and colleges only further emphasizes the need for keeping the sexes apart if the organization is to be effective. There cannot be two opinions on the inadvisability of women teachers playing with boys even if they can or would agree to, or men playing with girl students or the women members of the staff officering a cadet corps of boys.

(d) The new policy again would eventually tend to considerable complication at the various levels of promotions and it would be unfair to both men and women to justify their fitness for such promotions by the same yardstick when a common standard fair to both and applicable to all situations alike has been admittedly beyond man's ingenuity to devise.

(e) I can only thus insist that the removal of the so-called "sex-bar" is too premature for conditions in this State and it is up to Government to re-consider their attitude. I understand, however, that this is a matter of the Constitution and Law. As such, I, who am not a trained lawyer,

P.T.O.

---

may not discuss the subject at greater length but I must point out the dangers involved in the policy under the present circumstances and I am hopeful that the Government will be able to devise some means by which the practical difficulties of the situation could be eliminated or at least minimized consistently with the requirements of the Law and the Constitution.

for Director of Public Instruction.

Copy of Report on the Public Service Commission Examination of the candidates for the Education Department - 1950 June.

School Assistants:-

(1) Appearance and personality:- Only a very small number could be said to touch even the average in size and build. The large majority were of very poor physique; small in size and build they looked no better than boys though most of them were between 20 and 24. Nervous and poor spirited few could be said to possess any 'personality'. One is not sure that many of them would succeed in handling their classes with any degree of efficiency and perhaps it is foolish to expect them to develop into 'inspired' or 'inspiring' teachers.

It came out in the course of the examination that quite a good number of these candidates came from the lower middle classes with an experience ~~xxxx~~ almost of acute poverty. Their poor physical appearance could, therefore, be set down to malnutrition and allied deficiencies. And it must also be admitted that one never got the impression of intemperate habits or loose living as a possible reason for their poor physical appearance.

In dress and manner it was evident that most of the candidates were eager to appear smart but this did not seem to be habitual with them. Most of them were dressed in newly-made clothes in which they appeared to be obviously uncomfortable.

Respectful and eager to please in their own nervous way, many showed, though, that they had not acquired any 'manners.'

(2) Equipment and qualifications:- The large majority were III Class B.As. and B.Scs. and this was so with regard to all communities. Even so, what little they knew appeared to be hazy and ill-assimilated; of general knowledge, they cannot be said to possess anything in an appreciable degree.

Whatever their optionals in their University course, not one candidate appeared to be interested in pursuing his studies after he left the college. One of them confessed or rather claimed with pride that in the course of a year he had read a novel of Thomas Hardy's and another acknowledged with complete self-satisfaction that he was improving himself by reading the chepaer Indian Magazines and doing 'cross-word puzzles.' A candidate with Economics as his special subject did not know anything about the financial position of Madras and was not aware of the recent floating of a loan by the Government of India.

Under any honest test, the large majority of these people should be declared to be almost lacking in formal education of the University level.

A good many of them, however, have had some experience of teaching even where they have not been trained and the Commission has wisely taken into account this experience in assessing the suitability of the candidates. But it was evident that in spite of their claims that they chose this profession because of 'its nobility', in actual fact they entered it for lack of other avenues. Quite a large number of schools have been opened in recent years that almost every graduate could be a teacher for the asking. I am not, therefore, inclined to think that these people are teachers by vocation but unfortunately we seem to have little choice in the matter.

It has to be remarked, however, that as between the men and the women candidates, the latter appeared to possess every advantage over the former. They presented a smarter appearance; were comparatively speaking, rarely below the average in size and build, showed greater self-confidence, were clearer in their mind as to what they wanted, and a larger percentage of them had secured a higher class in the examinations. Now that Government have abolished sex discrimination in matters of these appointments, I am afraid that in the long run women will be found to be 'manning' the educational institutions - if this year's set of candidates is any test.

Assistant Lecturers:-

In regard to appearance, personality and educational qualifications, these candidates showed a higher average in every respect and we had enough of them except in the Harijan category. But it must be said of these people also that their store of general knowledge was as meagre as in the case of School Assistants. Some of the Mathematics Hons. people revealed an astonishing ignorance of even the bare history of Mathematics and there were candidates who did not know whether Kepler was a Dutchman or a Frenchman. They all have amassed a considerable amount of information in the subjects which they had studied but they revealed a certain lack of perspective and assimilation. Of current thought, again, they appeared to be badly ignorant; it cannot be said that they are either 'well-informed' or uptodate in their knowledge.

5. I think the present mode of selection can be improved upon if we insist on a written examination before the candidates are interviewed by the Commission. The written examination may be confined to (1) General knowledge, (2) test of expression (an Essay paper each in English and the particular Vernacular of the candidate) and (3) for the Assistant Lecturers a further paper on 'Recent Developments' in their particular subjects. A preliminary test of this nature should eliminate some of the inferior persons, an oral examination of the type now set being in the nature of things not thorough enough to do so.

However, by itself, a test of this nature cannot do much. Any attempt to improve the standard in this respect can hope to succeed only if it is supported by making the profession proportionatetely attractive.

But the experience of this year is nothing new - in the previous years it was no better. The candidates selected were mostly just average, if not even lower, and as the field of choice was limited both in regard to quality and quantity, those who offered themselves had perforce to be accepted, if I was not to continue the posts vacant indefinitely. Confronted with such a situation I recommended two remedial measures to Government (1) a lowering of the age limit to 25 years and (2) the raising of the minimum salary to Rs.100/- per mensem. Government were pleased to accept the first but by itself this has ~~xxxxx~~ not appreciably helped. I am convinced that an increase in the starting salary is the first requisite for any improvement in the quality of the teachers recruited for service under Government and unless this is first conceded, most other attempts to raise the level and standard can only raise expectations without fulfilling them.

2. Equipment and qualifications:- The large majority were III Class B.As. and B.Scs. and this was so with regard to all communities. Even so, what little they knew appeared to be hazy and ill-assimilated; of general knowledge, they cannot be said to possess anything in an appreciable degree.

Whatever their optionals in their University course, not one candidate appeared to be interested in pursuing his studies after he left the College. One of them confessed or rather claimed with pride that in the course of a year he had read a novel of Thomas Hardy's and another acknowledged with complete self-satisfaction that he was improving himself by reading the cheaper Indian magazines and doing 'cross-word puzzles'. A candidate with Economics as his special subject did not know anything about the financial position of Madras and was not aware of the recent floating of a loan by the Government of India.

Under any honest test, the large majority of these people should be declared to be almost lacking in formal education of the University level.

A good many of them, however, have had some experience of teaching even where they have not been trained and the Commission has wisely taken into account this experience in assessing the suitability of the candidates. But it was evident that in spite of their claims that they chose this profession because of 'its nobility', in actual fact they entered it for lack of other avenues. Quite a large number of schools have been opened in recent years without a sufficient supply of trained teachers, with the result that almost every graduate could be a teacher for the asking. I am not, therefore, inclined to think that these people are teachers by vocation but unfortunately we seem to have little choice in the matter.

It has to be remarked, however, that as between the men and the women candidates, the latter appeared to possess every advantage over the former. They presented a smarter appearance;

--

14

were, comparatively speaking, rarely below the average in size and build, showed greater self-confidence, were clearer in their mind as to what they wanted, and a larger percentage of them had secured a higher class in the examinations. Now that Government have abolished sex discrimination in matters of these appointments, I am afraid that in the long run women will be found to be 'manning' the educational institutions - if this year's set of candidates is any test.

ASSISTANT LECTURERS.--

In regard to appearance, personality and educational qualifications, these candidates showed a higher average in every respect and we had enough of them except in the Harijan category. But it must be said of these people also that their store of general knowledge was as meagre as in the case of School Assistants. Some of the Mathematics Hons. people revealed an astonishing ignorance of even the bare history of Mathematics and there were candidates who did not know whether Kepler was a Dutchman or a Frenchman. They all have amassed a considerable amount of information in the subjects which they had studied but they revealed a certain lack of perspective and assimilation. Of current thought, again, they appeared to be badly ignorant; it cannot be said that they are either 'well-informed' or uptodate in their knowledge.

** ** **

But the experience of this year is nothing new - in the previous years it was no better. The candidates selected were mostly just average, if not even lower, and as the field of choice was limited both in regard to quality and quantity, those who offered themselves had perforce to be accepted, if I was not to continue the posts vacant indefinitely. Confronted with such a situation I recommended two remedial measures to Government (1) a lowering of the age limit to 25 years and (2) the raising of the minimum salary to Rs.100/- per mensem. Government were pleased to accept the first but by itself this has not appreciably helped. I am convinced that an increase in the starting salary is the first requisite for any improvement in the quality of the teachers recruited for service under Government and unless this is first conceded, most other attempts to raise the level and standard can only raise expectations without fulfilling them.

Recruitment (Direct) - Madras Educational Subordinate Service - Assistant Lecturers and School Assistants - Elimination of B.Scs. and preliminary written test - Your letter Ref: No.22639-5/50-A Education dated 10-1-1951. p15-16 ante

----

I am to say that the Commission has no remarks to offer on the suggestion of the Director of Public Instruction contained in paragraph 2 of his letter Rc.No.1593-C4/50 dated 26-7-1950, that from 1953 onwards B.Scs. should altogether be ruled out of consideration for all teaching posts in Government High Schools. p2-3 ante

2. As regards the Director's suggestion that a preliminary written examination should be held before the oral test for the recruitment of Assistant Lecturers and School Assistants for the purpose of eliminating inferior persons, I am to say that the Commission is not in favour of such a preliminary written test. I am in this connection to enclose two statements showing the number of vacancies and the number of qualified applicants during the last 3 years (1948-50) for the posts of Assistant Lecturers and School Assistants. It will be seen therefrom, that with a few exceptions, the supply of candidates has been less than the demand under the present conditions. As observed by the Director himself, "the field of choice was limited both in regard to quality and quantity" and "those who offered themselves had perforce to be accepted", if the vacancies were not to be kept unfilled indefinitely. The Commission is of the opinion that under such conditions, a preliminary eliminating written test will only reduce the supply still further and that the time and labour and the extra expenditure that will be involved in holding such a test will not be commensurate with the advantage, if any, resulting from it. The Commission is of the view that the posts should first be made more attractive by improving the scales of pay and that if such improved scales of pay help to induce competition by attracting more candidates, it will then be time to consider a preliminary eliminating written test. The Commission considers that under present conditions the method of selection by oral test prescribed by Government for technical posts in G.O. No.751, Public (Services) dated 24-3-1948 is quite enough to eliminate the obviously inferior type of persons.

From the D.P.I. No.1593-C4/50, dated 26th July 1950

MADRAS EDUCATIONAL SUBORDINATE SERVICE - Recruitment of Asst. Lecturers and School Assistants - Deterioration in the quality of recruits - Certain suggestions made by D.P.I.

In his letter on pp.1-5 c.f. the D.P.I. has brought to the notice of Govt. that the school Assts. and asst. Lecturers recruited through the M.P.S.C. are of poor quality and that there is poor response from properly qualified candidates to the Commission's call for teachers. The list of recruits supplied by the Commission to the Director last year was short of the needs of the Education Department by about 100 and those who were actually selected were of poor quality. The Director states that the position repeated itself this year. Almost all the candidates that came up for interview were III class B.A's. or B.Sc's. and many completed their examination at different sittings. In order to remedy this state of affairs, the Director has made the following suggestions:-

p 1 cf

(1) That School Assts. should be started on a minimum pay of Rs.100/-;

p 2 cf

(2) that Govt. should prefer B.As. to B.Scs. for all posts in educational institutions not requiring specialised scientific knowledge; and

pp 2-3 cf

(3) that the removal of the sex bar and the appointment of women in men's institutions is too premature for conditions in this State and the Govt. should reconsider the matter.

Com p 4 cf

2. Suggestion (1) above:- The School Assts. and Dy. Inspectors are at present in two grades. The scales of pay of the two grades are as follows:-

Grade I - Rs.165-5-205-10-245
Grade II - Rs. 85-5-125-10-175

p 2 cf

The Director's present suggestion is that candidates recruited to the II Grade should be started on Rs.100/-. He has separately submitted proposals in connection with

Part II of the Budget for 1951-52 for revising the scales of pay of the two grades. These proposals are being considered as a Part II Scheme. No further action is necessary on the suggestion in this file. × C 28562/50 file sent to Fin.

3. Suggestion (2) above:- The rules governing the appointment of School Assts., Headmasters and Headmistresses and Dy. Inspectors under Govt. have already been amended so as to give preference to B.As. over B.Scs. (B.Scs. of the Annamalai University have been excepted as their study of languages is more intense.) What the Director wants now are:-

Vide x on p 2 of (S) G.O. 1182 Edn 14.4.50

(1) (a) B.Scs. should be altogether ruled out of consideration for all teaching posts in high schools, ~~Govt. service as well as local board and private service;~~ or p 3 cf

(b) if such an order is considered as too sudden, Govt. may announce that at least from 1953 onwards (a) will come into effect; and ibid

(2) ~~to prefer, and~~ to ask the M.P.S.C. to prefer, B.As. to B.Scs. for all posts not requiring specialized scientific knowledge of any type.

(1) (b) may be done after the Commission is consulted in so far as posts under Govt. are concerned, as such consultation is necessary under the service rules. /A

(2) is for the Pub. (Ser.) Dept. to consider and they may be requested to take necessary extracts from the file for necessary action. /C

4. To improve ~~improve~~ the present method of selection by direct recruitment of Asst. Lecturers and School Assts., the D.P.I. has incidentally suggested the holding of a preliminary written examination before the candidates are interviewed by the Commission. The Commission has agreed. This Dept. may also support the proposal. p 9 cf /B p 11 cf

5. Suggestion (3) above:- Extracts of the Director's remarks on the question of sex discrimination in making appts. have been taken and dealt with separately. p 1 ante

Please see the Edn Dept note from page 1 ante.

'A' and 'B' on page 2 ante may be agreed to in this depts. As regards 'C' on page 2 ante it is submitted that the Commission cannot be asked to prefer BAs to BSc's for appointment to posts not requiring specialised scientific knowledge unless the special rules for such posts provide for such preference. The BSc degree has been prescribed as an alternative qualification to BA degree in ~~respect of~~ the special rules for several posts in the State services by the administrative depts concerned in consultation with the Commission and therefore the Commission will have to be consulted to amend ~~the special~~ those rules to give effect to the D.P.I's suggestion. It seems a matter for the administrative depts to consider whether ~~candidates with~~ BSc degrees ~~will not~~ cannot be accepted as equivalent to B.A. degree for purposes of appointment to posts under their control and if so to amend the special rules for those posts suitably and therefore Edn may send relevant extracts from the file to the depts concerned for necessary action. No action ~~seems called~~ seems called for in this depts.

This is mainly for Edn Dept to consider

Summarising note

The D.P.I. has brought to the notice of Govt. that the School Assistants and ~~the~~ Asst. Lecturers recruited through the M.P.S.C. are of poor quality and that there is poor response from properly qualified candidates to the Commission's call for teachers. To improve the present method of selection by direct recruitment the Director has ~~incidentally~~ suggested the holding of a preliminary written examination before the candidates are interviewed by the Commission. The Commission has agreed to the proposal. For order whether the Govt. may approve the proposal. p 1 cf p 9 cf p 11 cf

May be approved A

2. Under the Special rules for the Subordinate Services B.Scs. are at present treated as equal to B.As for purposes of appointment to posts in Govt. service. The Director brings to notice that a large number of the candidates who apply to the Commission for recruitment as School Assts. are B.Scs. ~~The Director~~ states

paras 2, p 2-3 cf

C.no. 22639/50 A

that B.Scs. show both a lack of general knowledge and a poor capacity for expression - two qualities which are essential for teachers. The special rules governing the Educational Subordinate Service have already been amended so as to give preference to B.As. over B.Scs. (B.Scs. of the Annamalai University have been excepted as ~~the~~ their study of languages is more intense). The D.P.I. considers that this amendment is not enough but suggests :- p2 c.f.

(1) (a) that B.Scs. should be altogether ruled out of consideration for all teaching posts in high schools; or p3 c.f.

(b) if such an order is considered as too sudden, Govt. may announce that at least from 1953 onwards (a) will come into effect; and

(2) that the M.P.S.C. should be asked to prefer B.As. to B.Scs. for all posts not requiring specialised scientific knowledge of any type.

This Dept. supports the Director's proposal that B.Scs. should be made ineligible for teaching ~~courses~~ posts in high schools from 195~~0~~3 onwards. Public (Ser) have no objection to the proposal. For orders whether the Director's proposal may be approved. The M.P.S.C. will also have to be consulted on the proposal.

The letter from the Secry., M.P.S.C. at p17 c.f. may be perused.

2. It is stated that the para 1 on p17 c.f. Commn. has no remarks to offer on the suggestion of the D.P.I. that from 1953 onwards B.Scs. should altogether be ruled out of consideration for all teaching posts in Govt. high Schools. It has to be presumed that the Commn. is not aver to the proposal. The Director may now be asked to submit necessary draft amendm to the Spl. rules for the M.E.S.S.

3. The Commn. is not in fa
para 2 on p17 c.f. of the Director's proposal that a prelimin
ibid written examination should be held before
oral test for the recruitment of Asst. Lecturers
ibid and School assistants. The Commn. is of o
that, where, as observed by the Direct
himself, "The field of choice was limited who

offered themselves had perforce to be filled
if the vacancies were not to be kept un

resulting from it. In the circumstances the Commn. Considers, that the posts should first be made more attractive by improving the scales of pay and that if such improved scales of pay were to attract more candidates ~~then~~ it may then be time to think of an eliminating written test.

para 2 on p17 ♀

It may be noted in this connection that the present scale of pay of Asst. lecturers & Asst. Professors in Govt. Arts colleges is Rs 150-5-200-10-250 + Rs 5 for L.T.s. There is no proposal to revise this scale now. ~~However~~ But, a proposal to revise the scale of pay of Asst. lecturers in the Govt. Trg. colleges from Rs 150-250 to Rs 165-245 (that of School assistants, I Grade) has been approved as a Part II scheme for 1951-52 by the S.F.C. & the cabinet. Another Part II proposal to revise the scale of pay of School assistants and Dy. Insprs. has however been deferred by the Govt. for the time being.

C. no. 28212/50 separate file

separate file C. no. 28562/50

Apart from the question of revising the scales of pay of Asst. lecturers & School assistants, the Govt. may, it seems, agree with the Commn. that it is unnecessary to hold ~~to~~ a preliminary written examn. before the oral test for the recruitment of candidates to the above posts. The D.P.I. may be informed accordingly. A draft memo is subd. for approval. Pub. (Ser.) may see, before circulation.

The general revision of the special rules for the M.E.S.S. has since been deferred, to be taken up after the partition, by the new States. The papers may be closed as Memo. No. 22688-A/50-8-Edn., d/- 27-4-51.

[In connection with the revision, the D.P.I. suggested that the B.Scs. need not be altogether ruled out, but that they might be recruited if B.As. were not available.]

pp.23-26 F.

Then, CRB will pl. take copies for the Andhra Govt. 31.5.53
