PHYSICAL EDUCATION--Stipends to students--Grant of stipends to all trainees--Proposals regarding.

72691

E/P7CF

F/P7-10CF

In G.O.No.655-Education dated 26.4.1945, Government sanctioned the payment of 30 stipends at Rs.12/- each per month to the Diploma and Higher Grade candidates (men) undergoing training at the Y.M.C.A. College of Physical Education but deputed by aided managements only. The number of stipends was increased to 30 for men and 30 for women at Rs.18/- per month later on in G.O.No.Ms.943-Education dated 7.5.1947. But the stipends were still made payable only to Diploma and Higher Grade candidates deputed by aided managements. Private candidates were also made eligible for these Diploma and Higher Grade stipends.

It is represented that the whole question of stipends at the Y.M.C.A. College needs reconsideration from the stand point of both of candidates deputed by aided managements and of private candidates. The grant of stipends has been of some help to the Diploma and Higher Grade candidates deputed by aided managements. They are eligible to a grant of Rs.250/- paid through the managements as grant in aid. Diploma and Higher Grade candidates deputed by aided managements can therefore expect to receive Rs.180/- as stipends plus Rs.250/-, as grant in aid thus making a total of Rs.430/- while the lower Grade candidates can expect only Rs.250/-. The total expenditure at the college, approved by Government in the case of candidates deputed by District Boards and Municipalities, amounts to Rs.860/- for Diploma Rs.840/- for Higher Grade and Rs.811/- for Lower Grade students. Thus while all the candidates deputed by local bodies get full financial assistance while undergoing training at the college, only the Diploma and Higher Grade candidates deputed by aided managements get about half the expenses. The Lower Grade trainees get only about a third of their expenses. Consequently very few candidates are deputed by managements for the lower grade certificate course. The position is worse in the case of private candidates who are not deputed by any management. They have to spend the maximum from their pockets. The exceedingly heavy cost of the training at the Y.M.C.A. College, and the negligible difference between the scales of pay admissible for ordinary Secondary Grade teachers and Physical Education teachers deters many from joining the college. The percentage of private candidates at the Y.M.C.A. College during the past years may not exceed even 5%.

On the question of stipends to private candidates, I may mention that all candidates undergoing training in training schools are all harijan candidates undergoing collegiate teachers training are granted stipends irrespective of their number.

Of the two causes of lack of attraction for the courses, viz. expensive nature of the courses and unattractive prospects, at least the former can be remedied by the provision of stipends for all and by increasing the rate of stipends.

The following proposals are submitted for consideration:

1. That the amount of stipends be increased from Rs.18/- per month to Rs.30/- per month (It is understood that this is the rate of stipends to Physical Education students in the Government Institute of Physical Education, Bombay).

2. That the number of stipends be increased from 30 and be made applicable to all the candidates;

3. That all candidates for the Diploma, Higher Grade and Lower Grade deputed by aided managements be made eligible for the stipends;

4. That even private candidates be made eligible for these stipends.

The extra cost to Government on account of the proposal is worked out below:

IMMEDIATE COST:

(a) Cost of stipends to 61 men candidates under training during 1949-50	.. 61 x 30 x 10 ..	Rs. 18,300/-
Cost of stipends to 24 women students under training 1949-50.	.. 24 x 30 x 10 ..	7,200/-
Total cost in 1949-50.	..	Rs. 25,500/-

(b) Cost of stipends to (23 men and 14 women) candidates undergoing Diploma and Higher Grade courses.	.. 37 x 18 x 10 ..	Rs. 6,660/-
---	--------------------	-------------

Immediate Extra Cost. .. Rs. 18,800/-

or Rs. 18,800/- in round figures.

Ultimate Cost:

(a) Cost of stipends to 100 candidates at Rs.30/- per month for 10 months.	100 x 30 x 10 ..	Rs. 30,000/-
(b) Cost of stipends to (30 plus 30) candidates at the present rate of Rs.18/-p.m. for 10 months..	60 x 18 x 10 ..	Rs. 10,800/-
Ultimate Extra Cost	..	Rs. 19,200/-

The proposal, if approved, will give a fillip to enrolment at the college. We need a good number of Physical Education teachers, both men and women. So, I request the Government to approve my proposals and pass early orders in the matter, as the students at present under training will otherwise be put to unnecessary trouble due to delay in the sanction of stipends.

Yours faithfully,

J. S. Sankaranarayanan

SPECIAL

GOVERNMENT OF MADRAS
Education and Public Health Department.
T.M. (By post), dated the 6th October, 1949.

From The Assistant Secretary to Government,
Education and Public Health Department.
To The Deputy Director of Public Instruction

Sub:- Grant of stipends to candidates undergoing training in Physical Education.
Ref:- Letter from the Director of Public Instruction, No.1756-L4/49, dated 16th September 1949.

In paragraph 4 of the letter the immediate cost on account of the proposal has been worked out on the basis that stipends have to be granted to 61 men and 24 women in 1949-50. But from item (b) of the same statement it is seen that stipends have been sanctioned only to 23 men and 14 women whereas the Government have sanctioned the payment of stipends for 30 men candidates and 30 women candidates. Will you please say why stipends were given only to 23 men and 14 women. Please report the number of candidates of the various descriptions, i.e., deputed by Government, by local bodies and by private managements, etc. actually undergoing training in the Y.M.C.A. College of Physical Education in each of the different courses of study, i.e., Diploma course, Higher Grade Course and Lower Grade Course. A reply to this message should be sent very urgently, in any case not later than the 14th instant.

J. S. Sankaranarayanan
for Asst. Secretary to Government

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education and Public Health Department,
Madras.

14 OCT 1949
Re.No.1756 I4/49 dated 11-10-1949.

Sir,

Sub: GRANT OF STIPENDS TO CANDIDATES UNDERGOING
TRAINING IN PHYSICAL EDUCATION.

Ref: Your Telephonic Message by post dated 8-10-1949.

79598
p5w/r
A statement showing the number of candidates of various descriptions i.e. deputed by Local bodies, Private managements Private candidates etc. actually undergoing training in the Y.M.C.A. College of Physical Education, in each of the different courses (viz.) Diploma Course, Higher Grade Course, and Lower Grade Course is herewith submitted.

The stipends, to the candidates undergoing training during the current year, have not yet been sanctioned. Only the candidates who are undergoing the Diploma or the Higher Grade Course and who have either been deputed by aided management or joined the course as private students are eligible for the grant of stipends. Candidates undergoing the lower grade course are not eligible for stipends. Candidates deputed by local bodies and candidates who are not natives of this province are also not eligible for the stipends.

23 men and 14 women candidates have been deputed by private managements to undergo the Higher Grade and Diploma Courses. Besides these there are 8 private men candidates and 4 women candidates undergoing the training. All these candidates, with the exception of those who are not natives of this province, and about whom there is no information in this office at present, are eligible for stipends. In working out the immediate cost, the expenditure on payment of stipends to private candidates was omitted by oversight.

Yours faithfully,

J. P. Pantanah

EXPLANATORY NOTE.

The D.P.I. made the following proposals for consideration as a Part II Scheme for 1950-51:

(1) That the rate of stipends now allowed to candidates in physical training be raised from Rs 18/- per mensem to Rs 30/- per mensem.

(2) That all candidates including private candidates be made eligible for these stipends.

He reported in this connection as follows:

"It is represented that the whole question of stipends at the Y.M.C.A. College needs reconsideration from the stand point of both of candidates deputed by aided managements and of private candidates. The grant of stipends has been of some help to the Diploma and Higher grade candidates deputed by aided managements. They are eligible to a grant of Rs 250/- paid through the managements as grant-in-aid. Diploma and Higher Grade candidates deputed by aided managements can therefore expect to receive Rs 180/- as stipends plus Rs 250/- as grant-in-aid thus making a total of Rs 430 while the lower grade candidates can expect only Rs 250/-. The total expenditure at the college, approved by Govt. in the case of candidates deputed at the by District Boards and Municipalities amounts to Rs 860/- for Diploma, Rs 840/- for Higher Grade and Rs 311/- for Lower Grade students. Thus while all the candidates deputed by local bodies get full financial assistance while undergoing training at the College, only the Diploma and Higher grade candidates deputed by aided and by private managements get about half

grade candidates deputed by aided by private managements get about half the expenses. The lower grade trainees get only about a third of their expenses. Consequently very few candidates are deputed by managements for the lower grade Certificate Course. The position is worse in the case of private candidates who are not deputed by ^{any} managements. They have to ^{spend} the maximum from their pockets. The exceedingly heavy cost of the training at the Y.M.C.A. College, and the negligible difference between the scales of pay admissible for ordinary Secondary grade teachers and Physical education teachers deters many from joining the college. The percentage of private candidates at Y.M.C.A. College during the past ~~two~~ years may not exceed even 5%."

P5NF Proposal 1 above: It was decided that ^{owing to} the present financial stringency, the question of raising the value of stipends ^{might} wait for better times.

P6NF Proposal 2 above: At present candidates for lower grade training in Physical Education are eligible for a very little aid if deputed ~~either~~ by local bodies ~~and no aid or private managements~~ and no aid at all if not deputed ^{they are} by local bodies or private managements. It was ^{therefore} decided to admit the lower grade candidates to stipend and sanction stipends at the rate of Rs 18/- p.m. to 30 candidates, both men and women.

This dept. therefore recommends that provision as shown in the summary ^{might} be made in the B.E. for 1950-51.

10/12/49
15/2/50

10/12/49

10/12

the expenses. The Lower Grade trainees get only about a third of their expenses. Consequently very few candidates are deputed by managements for the Lower Grade certificate course. The position is worse in the case of private candidates who are not deputed by any managements. They have to spend the maximum from their pockets. The exceedingly heavy cost of the training at the Y.M.C.A. College, and the negligible difference between the scales of pay admissible for ordinary Secondary grade teachers and physical education teachers deters many from joining the College. The percentage of private candidates at Y.M.C.A. College during the past years may not exceed even 5 per cent. "

Proposal 1 above: It was decided that owing to the present financial stringency, the question of raising the value of stipends might wait for better times.

Proposal 2 above: At present candidates for Lower grade training in physical education are eligible for very little aid if deputed by local bodies or private managements and no aid at all if they are not deputed by local bodies or private managements. It has therefore been proposed to admit the Lower grade candidates from private institutions and private candidates to stipend and sanction stipends at the rate of Rs 18/- per mensem to 30 candidates, both men and women.

This Department therefore recommends that provision as shown in the summary might be made in the Budget Estimate for 1950-51.

PHYSICAL EDUCATION - Y.M.C.A. College of Physical Education, Saidapet - Stipends for Lower Certificate Course Training - Sanctioned.

Read again:- G.O. No.943-Edn., dated 7-5-1947.
Read also :- From the D.P.I., No.1756-L4/49,
dated 16th Sept. 1949.

G.O. (Ms.) No. 1190 Edn., dated 14-4-50

The Govt. sanction the payment, with effect from 1950-51, of a maximum number of thirty stipends at Rs.18/- each per mensem for men and women candidates deputed by managements of aided educational institutions and for private candidates undergoing the lower grade certificate course training in the Y.M.C.A. College of Physical Education. The Govt. have already sanctioned thirty stipends for men and thirty stipends for women candidates deputed by managements of aided schools and for private candidates undergoing the Diploma and higher grade certificate course in the college. Any stipends that remain unutilised out of these stipends can also be granted to candidates undergoing the lower grade certificate course training provided the total number sanctioned by Govt. is not exceeded.

The proposal of the D.P.I. that the rate of stipends allowed to candidates undergoing training in the college may be raised to Rs.30/- a month and that all candidates undergoing training in the college should be eligible for stipends is not approved.

PHYSICAL EDUCATION - Training in Y.M.C.A. College of Physical Education - Stipends - Part II Scheme for 1950-51.

From the D.P.I., No.1756-L4/49, dated 16-9-1949.

The D.P.I. represents that the whole question of stipends paid to the trainees at the Y.M.C.A. College of Physical Education, Saidapet, needs re-consideration and has submitted certain proposals to that effect.

2. The Y.M.C.A. College offers training in the following courses:-

- 1) Diploma (Qualification - B.A. or B.Sc.)
- 2) Higher Grade (Secondary Grade trained or Intermediate)
- 3) Lower Grade (Completed S.S.L.C.).

3. Candidates selected for training in the Physical training class for women are granted a total number of 30 stipends at the rate of Rs.18/- each p.m. for ten months in the year. Diploma and Higher Grade candidates deputed by aided secondary school managements are eligible for a stipend of Rs.180/- plus a grant ~~mx~~ in aid of Rs.250/- paid through the managements. Lower grade candidates get only Rs.250/- grant-in-aid. They are not paid any stipends. The Dt. Boards and Municipal Councils have to meet the cost of training of the candidates deputed by them at the total cost to each trainee of Rs.860/- for Diploma course; Rs.840/- for higher grade and Rs.811/- for lower grade course. Thus while all candidates deputed by local bodies get full financial assistance for undergoing training at the college, only Diploma and Higher Grade candidates deputed by ^{aided} managements get about half the expenses and lower grade course candidates get only about one-third of the expenses. Consequently very few candidates are deputed for lower grade training by aided managements. The D.P.I. reports that the position is worse in the case of private candidates who are not deputed either by local bodies or by aided managements and who have to spend

the maximum from their pockets. The D.P.I. considers that these ~~defects~~ should be remedied and has submitted the following proposals for consideration:-

1) That the rate of stipends be raised from Rs.18/- p.m. to Rs.30/- p.m.

2) That all candidates, including private candidates be made eligible for these stipends.

The immediate extra cost is Rs.18,800/- and the ultimate extra cost is Rs.19,200/-

4. The rate of stipends was originally Rs.12/- p.m. and was granted as a temporary measure for the duration of the war. Later it was raised to Rs.18/- p.m. and it was considered necessary to continue payment in order to attract sufficient number of candidates to undergo the training. P.W. Scheme No.36 envisages the training of 1250 ~~xxx~~ instructors and instructresses on the scale of one instructor or instructress for every 250 pupils, paying them the usual stipend. In 1947 the D.P.I. submitted proposals to implement the scheme but it was considered that it would be sufficient for the present to continue payment of 30 stipends for men candidates and 30 for women candidates at Rs.18/- p.m. It was, however, decided that private men candidates undergoing these courses might be granted with effect from 1947-48 a stipend of Rs.18/- each p.m. provided the total number of stipends to men candidates did not exceed 30.

5. Physical education has been made compulsory in secondary schools. There is dearth of trained hands which the Physical education scheme being implemented fully. The Y.M.C.A. Course is a costly one and due to the expensive nature of the course and unattractive prospect, sufficient number of trainees do not become available. It is for consideration whether the D.P.I.'s proposal to raise the rate of stipends from Rs.18/- p.m. to Rs.30/- p.m. which is stated to be the rate of stipends to Physical education students in Bombay, may be approved. For the present the number of stipends may be restricted to 30 for women and 30 for men candidates, the private candidates also being given the higher rate provided the total number of

pref

pp 9-10 (F)
80 W. 943 En
7-5-47

A

men candidates does not exceed 30. The immediate extra cost will thus be Rs.7,200/-.

The Director's intention seems to be to increase the rate of stipend for the candidates already under training. This need not be approved.

The proposal at 'A' above may be considered as a Part II scheme for 1950-51. The file may be sent to Finance for remarks.

BM 10/10/49
4/10/49

The point of the proposal is that while candidates deputed by District Boards and Municipal Councils get the full cost of training, candidates deputed by Aided Secondary school managements get only half the cost of training in the case of the Diploma and Higher Grade, and only a third of the cost in the case of the Lower Grade. Private candidates get nothing at all.

From the statistics given by the D.P.I. it would appear that although stipends have been allowed for 30 men and 30 women candidates, only 23 men and 14 women are undergoing training in Diploma and Higher-grade courses and that the balance of 38 men and 10 women candidates represents private candidates (some are lower-grade candidates, the figures must have been shown in item (b) under 'Immediate cost'). If this is the case, it is not clear why stipends were given only to 23 men and 14 women as against 61 men and 24 women candidates reported to be undergoing training.

Please ascertain definitely the number of candidates of the various descriptions in each of the courses to enable us to deal with the merits of the case.

Issue draft M. below

[M. to Secy 5-10-49 dated 6-10-49]

Letter from the D.P.I. No.1756-L4/49, dated 11-10-1949. *pp 5-7 CF*

Please see the notes on pages 1-3 ante. The information required by the Addl. Secretary in his note on page 3 ante is given in the Director's letter on pp.5-7 c.f. // Under the existing orders 30 stipends for men and 30 stipends for women at the rate of Rs.18/- each ~~is~~ ^{are} admissible for candidates from aided institutions and private candidates undergoing training in the Y.M.C.A. College of Physical Education for the Diploma Course and the Higher Grade Course. From the statement on p.7 ^{CF} it is seen ^{that} there are 31 men candidates and 18 women candidates undergoing Diploma and Higher Grade courses to whom the stipends can be sanctioned. The Director's proposal on pp.1-2 c.f. is that private candidates and candidates from aided institutions undergoing the lower grade training (should also) be granted ~~the~~ stipends. There are 36 candidates of this category undergoing the lower grade training. ~~It is for orders whether these candidates should also be granted stipends. If so, the addl. expenditure involved.~~ If these candidates are also granted stipend at the rate of Rs.18/- a month the addl. expenditure will be Rs.6,480/- // The Director's ^{second} proposal is that the rate of stipends should be increased from Rs.18 to Rs.30. The rate of stipends need not be increased in the current year. Perhaps ³⁶ the lower grade candidates may also be granted ^{at Rs.18 each a month} stipends for this year. // The ^{third} ~~second~~ proposal of the Director is that with effect from 1949-50, 100 candidates undergoing training in the Y.M.C.A. College may be granted stipends at the enhanced rate of Rs.30/- a month. The addl. cost on account of this proposal will be Rs.19,200 a year. In view of the dearth of candidates trained in physical education, it is for orders whether this proposal will be considered as a Part II scheme for 1950-51.

The file may be sent to Finance for remarks.

Finance (B.E. II)

PART II SCHEME FOR 1950-51.

Stipends to candidates undergoing training in the Y.M.C.A. College of Physical Education, Saidapet.

At present 30 stipends for men and 30 stipends for women at the rate of Rs 18/- each p.m. are allowed to candidates from aided institutions and private candidates undergoing training in the Y.M.C.A. College of Physical Education for the Diploma Course and the Higher Grade Course. The D.P.I. has proposed that private candidates and candidates from aided institutions undergoing the lower grade training may also be granted stipends and that the rate of stipends for all candidates ^{for} ~~from~~ the diploma, Higher grade, and lower grade may be raised from Rs 18/- p.m. to Rs 30/- per mensem. The E. & P.H. Department suggest that in view of the present financial stringency, it will be sufficient if lower grade candidates are admitted to stipend and that the question of raising the value of the stipends need not be considered now.

2. The D.P.I. has reported that as no stipends are paid to lower grade candidates, very few candidates are deputed for lower grade training by aided managements and that in the case of private candidates who are not deputed either by local bodies or by aided managements, they have to meet the entire expenditure themselves. E. & P.H. state that physical education

6 72691-1/49
 That as has been made compulsory in secondary schools and the Y.M.C.A. course is ~~xxx~~ a costly one and due to the expensive nature of the course and unattractive prospects, sufficient number of trainees do not become available.

In the circumstances stated, the need for admitting the lower grade candidates to stipend may perhaps be conceded. There are 36 candidates - private and from aided institutions (30 men and 6 women) undergoing lower grade training in the college in the current year. Finance may suggest that it will be sufficient if 30 stipends at the rate of Rs 18/- each per mensem ^{are} granted to the candidates (both men and women) who will be undergoing the lower grade training from 1950-51. The extra cost to Government will then be Rs 5,400/- per annum.

^{under this} This department may agree to the proposal as as modified by this department being included for consideration as a Part II Scheme for 1950-51.

Finance have agreed to the proposal of this dept. at A on pp 4-5 ante. They suggest that it will be sufficient if 30 stipends at the rate of Rs 18/- each per mensem are granted to the candidates who will be undergoing the lower grade training in Physical education from 1950-51. The extra cost to Govt will be Rs 5,400/- per annum.

The file may be circulated to H.M. (E.L.) and H.M. (Fin) for orders as to whether the proposal may be considered as a Part II scheme for 1950-51.
