Sir,

Sub: University - Grants 1949--'50.

Ref: No.7655 G2/50-1 Edn dated 2--2--'50.

I furnish hereunder the statement showing the amount of grant that is likely to be claimed before the lapse of the financial year out of the provision made in the current year's budget in respect of the recurring and non-recurring schemes:-

1. Recurring Scheme

Recurring Grant (Block Grant) Rs.83,166/- payable in monthly instalments of Rs.41,583 for the months of February and March 1950. Full amount will be drawn.

2. Non-Recurring Scheme

(a) The Drainage Scheme Rs.1,50,000/- Full amount will be drawn.

Orders have been placed for the supply of S.W.Pipes and they are being tested by the Inspecting Officer of the Ministry of Supply of the Government of India at Bangalore and are expected to be received in the course of the week. Tenders for the laying and jointing of the pipes and the construction of manholes have been called for and they will be considered at the meeting of the Syndicate on the 12th and selection made on that date. As soon as the stone-ware pipes are received, they will be laid as expeditiously as possible. Tenders for C.I.Pipes have also been called for and the last date for receipt of tenders is 11--2--'50 and they will also be considered at the meeting on the 12th

P.T.O.

if possible. In the circumstances it is not possible to say precisely the amount of grant likely to be drawn before the close of the financial year. However the University is making every endeavour to push through the scheme and hopes to be able to draw the entire amount.

(b) Construction of New Hostels - Rs.53,000/-. All possible steps have been taken to secure supply of bricks and timber and before the

| 7)       | B. Andhra University.                       | 6,89,900                         | 11,04,900             | 4,15,000                                                                |
| 4)       | C. Annamalai University.                    | 8,96,600                         | 7,20,800              | 1,75,800                                                                |
| 5)       | A. Madras University.                       | 5,60,600                         | 5,60,400              | 200                                                                     |

## REASONS FOR MODIFICATIONS:

- (4) The Grant sanctioned for the "Drainage Scheme" is surrendered as the University has not begun the work.  
(5) The amount included is small.

/True extracts/

A statement showing the savings anticipated in the provision under "37-a-Education - Grants to Universities" in 1949-50 has to be sent to Finance.

A. Madras University.

Recurring.

The provision made in the B.E. under this head is Rs. 4,10,200/-. The University reports that this amount will be utilised by it in full within the current year. No savings can therefore be anticipated under this item.

Educational concessions to children and dependants of

soldiers. -- The provision made in the current year's estimates for this item is Rs. 400/-. The D.P.I. reports that an expenditure of Rs.200/- is likely to be incurred during the current year and that the balance of Rs.200/- may be surrendered. The D.P.I.'s estimates may be accepted and a sum of Rs. 200/- surrendered.

Non-recurring. - Alagappa Chettiar College of Technology

A provision of Rs. 1.5 lakhs has been made in the B.E. for 1949-50 for this scheme, towards the balance of grant due to the University out of the sanctioned grant of Rs. 10 lakhs for the construction of buildings for the A.C. College of Technology. This grant has been drawn by the University during the current year. No savings can therefore be anticipated under this item.

B. Andhra University.

Recurring.

A provision of Rs. 3,34,100/- has been made in the B.E. for 1949-50 for payment of recurring grant to the University. This amount includes a provision of Rs. 27,100/-, being the two-thirds recurring grant for the M.Sc. courses in Geophysics. The grant for this course has since been converted into a full block grant and the ~~total~~ <sup>recurring</sup> grant payable for this purpose would therefore be Rs. 42,400/- (i.e. Rs. 15,300/- more). The anticipated expenditure on recurring grant to the Andhra University will therefore be Rs. 3,49,400/- (i.e. Rs. 3,34,100/- plus Rs. 15,300/-). The excess expenditure of Rs. 15,300/- should be

met

(7) The non-recurring grants, sanctioned for the M.Sc. courses in Geography and for the construction of a hostel for boys, were converted to a full block grant and hence the increase.

## REGISTRATION OF FUNDS

| No. | Item                      | of appropriation. | Existing mod-<br>ified appropri-<br>ation. | Probably<br>expended<br>there. | Modification proposed<br>sanctioned<br>(+ for an increase<br>- for a reduction). |
|-----|---------------------------|-------------------|--------------------------------------------|--------------------------------|----------------------------------------------------------------------------------|
| 100 | Major, minor and sub-head |                   |                                            |                                |                                                                                  |

met by obtaining additional appropriation.

Compensation for payment of grant towards educational concessions to children and dependants of soldiers. - The provision in the B.E. is Rs. 4,800/-. The D.P.I. estimates the probable expenditure during the year at Rs. 2,200/- and requests that the balance of Rs. 2,600/- may be resumed. The D.P.I.'s estimates may be accepted and a sum of Rs. 2,600/- surrendered.

Non-recurring.

Hope Chancellory. A provision of Rs. 96,000/- has been made in the B.E. for 1949-50 towards payment of the ~~final~~ balance amount of grant due to the University for this scheme. The University expects to draw this amount during the current year and the University's estimates may be accepted. There can thus be no savings under this item.

M.Sc. courses in Geophysics. - The non-recurring grant of Rs. 1.5 lakhs sanctioned for this scheme in 1948 has now been converted into a full block grant of Rs. 3 lakhs. After deducting the sum of Rs. 23,777/- which the University has already drawn for the scheme in 1948-49, the balance of grant due to the University is - Rs. 2,76,223/- and the order sanctioning the disbursement of this amount has been issued already. The anticipated expe. on this item will therefore be Rs. 2,76,223/-. A provision of Rs. 75,000/- only exists for the purpose in the B.E. for 1949-50. The excess expenditure of Rs. 2,01,223/- should be met by obtaining additional appropriation.

Construction of a hostel for boys. - A provision of Rs. 50,000/- has been made for this scheme in the current year's B.E. The half-grant of Rs. 3.3 lakhs originally sanctioned for this purpose has since been converted to a block grant of Rs. 3.3 lakhs and the A.G. has been authorised to disburse this amount during the current year. The excess expenditure, viz. Rs. 2,80,000/- will have to be met by obtaining additional appropriation.

Installation of a gas plant. A provision of Rs. 30,000/- exists for this scheme in the current year's estimates. Orders sanctioning the payment of a block grant of Rs. 30,000/- for this scheme (instead of the half-grant subject to a maximum of Rs. 30,000/- already sanctioned) have since been issued. The anticipated expe. on this item may therefore be fixed at Rs. 30,000/-. No savings can therefore be anticipated ~~under~~ under this item.

Construction of an assembly and convocation hall. - The total grant sanctioned for the scheme is Rs. 2.5 lakhs. A provision of Rs. 1 lakh has been made for this scheme in the B.E. for 49-50. The University reported recently that the work has not yet commenced and they wanted the payment in full of the entire grant of Rs. 2.5 lakhs during the current year. It has been ordered in circulation that the grant for the scheme, viz. Rs. 2.5 lakhs may be paid in April 1950, and necessary provision has been ~~made~~ made in the B.E. for 1950-51. No expenditure is therefore likely to be incurred on this account during the current year. A saving of Rs. 1 lakh is anticipated and this amount may be surrendered.

J.V.D. College of Technology. - A grant of Rs. 20,000/- has been ordered to be paid to the University during the current year towards the cost of library equipment required for the various departments of the J.V.D. College of ~~Technology~~ Science and Technology. As no provision exists for this scheme in the current year's budget, an additional appropriation of Rs. 20,000/- is required for the purpose.

Translation of telugu manuscripts in the Saraswathi Mahal Library, Tanjore. The Govt. have sanctioned a non-recurring grant of Rs. 1,050/- for the translation of certain telugu manuscripts from the Saraswathi Mahal Library, Tanjore, and the A.G. has been authorised to pay this amount. ~~The~~ The expenditure on this item may be estimated at Rs. 1,100/-. No provision exists for this scheme in the current year's budget. The excess expenditure on this account can therefore be met by ~~an~~ obtaining additional appropriation.

C. Annamalai University.

Recurring grant.

The recurring grant payable to the University during 1949-50 ~~is Rs.~~ after deducting the grant of Rs.3000/- for reduction in the V.C.'s pay, is Rs. <sup>4,99,000</sup> ~~4,99,000/-~~. The University expects to draw this amount in the current year. There is a provision of Rs.5,02,000/- for this purpose in the current year's estimates. A saving of Rs. 3,000/- is anticipated under this head and this amount may be surrendered. ~~to Govt.~~

Compensation for the grant of educational concessions to the children and dependants of soldiers.-- A provision of Rs.7,100/- has been in the B.E. for the current year. The D.P.I. estimates the expe. on this account at Rs.6,300/- and reports a saving of Rs.800/-. The ~~xxxxx~~ D.P.I.'s estimate may be accepted and a saving of Rs.800/- surrendered.

Non-recurring

Engineering College. A provision of Rs. 1 lakh has been in the current year's estimates towards payment of the balance of grant due to the Annamalai University, from out of the total sanctioned grant of Rs.10 lakhs. This amount has already been drawn by the University during the current year. No savings can therefore be anticipated under this head.

Construction of hostels. - A provision of Rs. 1 lakh has been made for this scheme in the B.E. for 1949-50. The University anticipates that they may be able to draw a grant of Rs.53,000/- for the purpose. The University's estimate may be accepted, and the savings of Rs. 47,000/- may be surrendered.

Provision of work-benches. A provision of Rs. 37,500/- has been made in the B.E. for this item. Orders have been issued sanctioning the payment of this amount to the University during the current year as a block grant and the University would have drawn this amount. No savings can therefore be anticipated under this item.

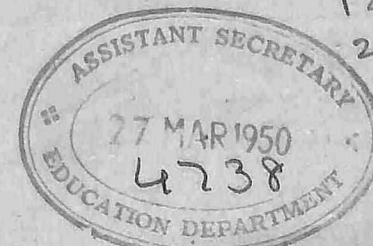

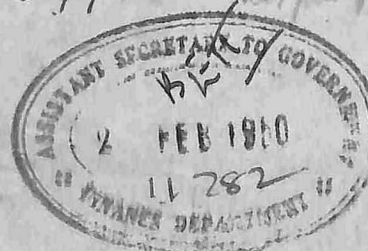

P.T.O.

Drainage Scheme. - A provision of Rs. 1.5 lakhs has been made in the current year's B.E. for this scheme, on the basis of the original estimate of Rs. 2.31 lakhs. The University's revised comprehensive estimate ~~for this~~ at an estimated cost of Rs.7.01 lakhs has since been accepted and ~~a half grant of Rs.3.5 lakhs~~ on the basis of the revised estimate ~~has been ordered to be made~~ the grant has been ordered to be increased to Rs. 3.5 lakhs, on half-grant basis. The University has not begun the work. They are only gathering the materials necessary. It is not likely that they may spend a very appreciable amount and draw grant therefor during the current year. The expenditure on grant for this scheme during the current year may roughly be fixed at Rs. 25,000/- (as suggested in the R.E.) as the University is not able to say precisely what of grant is likely to be drawn during the current year. There will thus be an excess of Rs. 1.25 lakhs in the current year's provision and this amount may be surrendered.

A statement showing the savings and excesses under the head 'grants to Universities' is attached.

May be sent to Finance.
