Sir,

Subject:- INSPECTION -- Bifurcation of districts for educational purposes -- proposals submitted.

In connection with the Part II of the Budget Estimate for 1950-51, I have the honour to submit for the consideration of Government the following proposals:-

(i) Bifurcation of the districts Krishna, Coimbatore and Nilgiris, Tiruchirapalli and Tanjore.

(ii) Trifurcation of the existing districts of North and South Malabar.

(iii) Employment of an additional Personal Assistant to each of the District Educational Officers, East Godavari and North Arcot.

2. In recent years the work in all the district offices has grown much due to ~~fx~~ various factors, such as increase in the number of Secondary Schools, introduction of compulsion, introduction of the re-organised Course of studies in Secondary Schools, Citizenship training, Rural Education Adult Education and the like. In some districts the work has enormously increased so much so that it has become impossible for one Officer to manage the work efficiently and implement the various new schemes referred to above. It has therefore become imperative that such districts should be bifurcated for educational purposes. The following detailed statistics are furnished in respect of each district.

(i) (a) KRISHNA:- There are 15 Ranges of Deputy Inspectors with 14 Junior Deputy Inspectors, 55 secondary schools, 4 training schools, 12 Special Schools and 1796 elementary schools in the district. The Divisional Inspector has recommended its bifurcation as the work is too heavy for one officer. It is therefore, proposed to bifurcate the district into East and West Krishna, East with Headquarters at Masulipatam and West at Viziawada. Krishna East will compris the taluks of Bandar, Divi, Gudivada and Kaikalur, while Krishna West, the taluks of Viziawada, Ganavaram, Nuzvid, Tiruvur and Nandigama. The position of the two districts will be as follows:-

3

(3)

	KRISHNA EAST	KRISHNA WEST
Deputy Inspector Ranges	7	8
Junior Deputy Inspectors	7	7
Secondary Schools	24	31
Elementary Schools	926	870
Training Schools	2	2
Other Special Schools.	6	6

It may be seen that the District Educational Officer, Krishna East will have 24 secondary and 8 Special Schools while the District Educational Officer, Krishna West, 31 Secondary Schools and 8 Special Schools. The strength of the Office consists of one Personal Assistant, one Headclerk, 3 upper division clerks, 8 lower division clerks, 2 typists, one attender and 3 peons. It is proposed to retain one Headclerk, one upper division clerk, 4 lower division clerks, 2 typists and 3 peons for the existing office at Masulipatam and utilise the two upper division clerks and 4 lower division clerks to the new office. One of the upper division clerks will be the Head clerk. There will be no need for a Personal Assistant after bifurcation and it will be abolished. Similarly, the temporary post~~s~~ of attender will also be abolished on bifurcation. The additional staff required for the new office will be

1 District Educational Officer.
2 Typists and
3 Peons.

The financial effect of the proposal will be as shown hereunder:-

(b) COIMBATORE AND NILGIRIS.

The District Educational Officer, Coimbatore and Nilgiris has been pressing for the bifurcation of the district for the past 2 years. The proposal wasrecommended by me as a Part II Scheme for 1948-49, but it was not accepted by Government - Vide G.O.No.2630 Edn., dated 9-12-1947. It has been found from experience that the Inspection Jurisdiction of the District Educational Officer has been far too extensive and much time is spent in travelling in the wide area. Effective supervision and frequent contact with the Inspecting Officers, Heads of Institutions, Parents and Public are not possible. Apart from this, the Nilgiris District by itself is very backward in education and needs special attention. There are 12 Deputy Inspectors Ranges, 62 Secondary Schools, and 6 Training Schools, 3 other Special Schools and 1325 Elementary Schools in the jurisdiction of the District Educational Officer which is very heavy for one Officer. For the past 2 years I have been permitting as a special case, the Personal Assistant to inspect some of the middle schools in the district as it is beyond the capacity for one Officer to inspect all the schools in the district, but such an arrangement is not desirable. It is therefore proposed to have a separate District Educational Officer for the Nilgiris with Headquarters at Coonoor or Ootacamund and attach the taluk~~s~~ of Avinashi, Gobichettipalayam and Kollegal of the Coimbatore district to the jurisdiction of the new Officer. This addition would give the much needed relief to the District Educational Officer, Coimbatore. The position after bifurcation will be as follows:-

J

	Coimbatore	Coonoor or Ootacamund.
Senior Deputy Inspector Ranges	8	4
Junior Deputy Inspector Ranges	5	2
Secondary Schools	43	19
Training Schools	4	2
Other Special Schools	2	1
Elementary Schools	875	450

The present Establishment of the Office consists of:-

1 Personal Assistant
1 Head clerk
1 Upper division clerk.
7 lower division clerks.
2 typists
1 attender
3 peons.

The posts of Personal Assistant and the temporary attender will be abolished after bifurcation and 3 out of the 7 lower division clerks will be transferred to the new office~~s~~. The additional posts necessary for the new office will be

1 District Educational Officer
1 Head clerk.
1 Upper division clerk.
2 Typists and
3 peons.

The financial effect of the proposal will be as follows:-

(c) Tiruchirapalli.

With the inclusion of Pudukkottai in the district, the jurisdiction of the District Educational Officer will be very vast and heavy. It is not desirable to have the existing Special Officer (additional Personal Assistant) in Pudukkottai to be in charge of the Education Department of the former State. There are 15 Deputy Inspector Ranges, 65 Secondary Schools, 1542 Elementary Schools and 5 Training in the district including Pudukkottai. I recommend the bifurcation of the district, one with headquarters at Pudukkottai. As the territory comprising Pudukkottai will not by itself justify a separate District Officer, it is proposed that Karur, Kulittalai and Trichirapalli Taluks (except Tiruchirappalli Municipality) may be added to the jurisdiction of the District Educational Officer at Pudukkottai.. The position of the two districts will be as follows:-

at Tiruchirapalli & another with headquarters

	Tiruchirapalli	Pudukkottai
Senior Deputy Inspectors	9	6
Junior Deputy Inspectors	5	4
Secondary Schools	30	35
Elementary Schools	844	698
Training Schools	4	1

The present establishment of the District Educational Officer, Tiruchirapalli consists of 1 Personal Assistant, one Head clerk, one upper division clerk, 6 lower division clerks, 2 typists and 3 peons. The Special Officer, Education Department, Pudukkottai, has one Head clerk, 2 lower division clerks, 1 typists and 1 peon. This may be retained for the new office. The two lower division clerks in Tiruchirapalli may be transferred to the new office and the posts of Personal Assistant and the Special Officer be abolished after bifurcation. The additional posts required will be

(d) TANJORE The proposal to bifurcate the district was recommended in connection with the Part II of the Budget Estimate for 1947-48 but it ~~does~~ was deferred by Government - Vide Memo. No.57699 A2 dated 12-12-1946. There were at that time 11 Deputy Inspectors Ranges, 38 Secondary Schools, 6 Special Schools and 1545 Elementary Schools - There are now 18 Deputy Inspectors Ranges, 45 Secondary Schools, 4 Training Schools 2 other Special Schools and 1796 Elementary Schools. It will be clear that the district has become heavy and unweildy ~~ing~~ for one Officer and therefore justify bifurcation. It is proposed to bifurcate it into two, as Tanjore West with headquarters at Tanjore and Tanjore East with head quarters at Nagapattinam on the analogy of the Registration and Judicial Departments. Tanjore West will comprise the taluks of Tanjore Papanasam, Kumbakonam, Pattukkottai and Arantangi while Tanjore East, the taluks of Nagapattinam, Nannilam and Tiruthuraipoondi, Mannargudi, Mayuram and Sirkali. The number of Deputy Inspector Ranges will be 8 and 10 respectively.

The present establishment of the Office consists of 1 Personal Assistant, 1 Head clerk, 2 Upper Division Clerk, 8 Lower division clerks 2 typists and 3 peons. The post of Personal Assistant will be abolished after bifurcation and one upper division clerk and 4 lower division clerks will be transferred to the new office. (ii) North and South Malabar.

J

Malabar is the heaviest district in the province with many Secondary Schools, Elementary Schools and the largest amount of teaching grant disbursed to Elementary Schools. Even after the bifurcation of the district the work has become very heavy and that unless it is trifurcated effective administration will be impossible. The heavy nature of the touring work and the unmanageable day to day work of the offices make it impracticable for an efficient administration. In this office letter Rc.No. 1285 K3/47 dated 26-9-47 I recommended the creation of a third office in the District but it was not accepted by Government - vide G.O.No.2630 Edn., dated 1247. The necessity for the trifurcation is all the more greater now in view of the increase in the number of schools and work connected with the various schemes undertaken by Government.

The number of institutions etc., in the two districts are furnished below:-

	North Malabar	South Malabar.
Secondary	30	49
Training	5	4
Special	1	25
Elementary	1873	1773
Deputy Inspectors Ranges	16	15
Junior Deputy Inspectors	15	14

The present jurisdiction of the District Educational Officers is as follows:-

North Malabar	...	~~Chirakkal~~ Chirakkal, Kottayam, Kurumburanad and Wynad Taluks.
South Malabar	...	Ernad, Ponnanni, Walluvanad and Palghat Taluks.

The existing districts will be divided into 3 as North Malabar with Headquarters at Tellicherry, Central Malabar with Headquarters at Calicut, South Central Malabar with headquarters at Palghat. The revised jurisdiction will be

North Malabar	...	Chirakkal, Kottayam and Kurumbaranad.
Central Malabar	...	Wynad, Calicut and Ponnani and Cochin.
South Malabar	...	Ernad, Waluvanad and Palghat.

The distribution of the schools and Deputy Inspectors on ~~bi~~trifurcation will be as given below:-

	North Malabar	Central Malabar.	South Malabar.
Senior Deputy Inspectors	12	8	11
Junior Deputy Inspectors	13	8	8
Secondary Schools	24	22	31
Elementary Schools	1487	1010	1187
Training Schools	4	1	4
Other Special Schools	1	8	17

The present establishment in each of the existing offices consists of one Personal Assistant, 1 Head clerk, 3 upper division clerks, 9 Lower division clerks (8 in the South Malabar Office) 2 typists and 3 peons. The posts of Personal Assistants will be abolished and the other posts will be distributed as follows:-

	North Malabar	Central Malabar	South Malabar.
✓Head clerks	1	1	1✓
✓Upper division clerks	2	1	2
Lower division clerks	6	5	6

(iii) From the statistics furnished below it may be observed that both the districts of East Godavari and North Arcot have become very heavy and unmanageable for a single officer.

The Divisional Inspectors have recommended the bifurcation of the districts as it is too heavy for one Officer.. While there is no immediate need for their bifurcation, I consider that additional assistance should be afforded to each officer so as to enable them to manage the work efficiently. I therefore recommend that Government may be pleased to sanction the employment of an extra Personal Assistant to each of the District Educational Officers, East Godavari and North Arcot. The extra cost will be as follows:-

3. In regard to the bifurcation and trifurcation of the districts I would suggest that the allocation of the taluks may be provisionally accepted subject to any modification that may be found necessary when the bifurcation is actually effected.

Sir,

Subject:- Employment of additional District Educational Officers and Personal Assistants to District Educational Officers.

Reference:- Government Memorandum No.73216/49-1 A Edn., dated 5-10-1949.

p21 ante

p27 supra

I have the honour to furnish herewith a statement called for in the Government Memorandum ~~called for in the Government Memorandum~~ quoted above.

As the grants to secondary schools are being disbursed by me, there are no separate figures for each District.

2. A comparison of the figures will show that the number of elementary schools in the districts of East Godavary, Krishna, Tanjore, South and North Malabar is more than 1750, North Malabar having the highest number, and in the district of North Arcot, the number is 1640. The number of Secondary Schools and training schools in the above districts except North Malabar and North Arcot is 45 in each and even more. It will be evident from a comparison of the figures of other districts that the above districts are having the maximum number of schools to be inspected by the District Educational Officers. In North Malabar though the number of secondary and training schools is only 36, the number of elementary schools is large and more than 75% are aided ones. It may also be seen from the statement that the teaching grant to Elementary Schools in North and South Malabar Districts alone forms about one-fourth of total expenditure provided for the whole Province. Considering the number of institutions in North Arcot and the East Godavary Districts, the additional personal assistants are quite essential. The need for bifurcation of Malabar is therefore justified from the above particulars.

H

of Krishna & Tanjore and the bifurcation in

As regards 'Coimbatore and Nilgiris' and Trichirapalli (including Puducottah) areas though the number of elementary schools taken together is less than other districts, the number of secondary schools is large. The inspection of secondary schools and training schools has to be conducted by the District Educational Officers and the numbers in the above areas are too large for one single officer to complete within one school year in addition to his other duties. The areas are also vast rendering inspection heavy and impeding one scope of progress and development due to heaviness in all directions. It is therefore necessary that the districts of Coimbatore and Nilgiris should be bifurcated as also the District of Tiruchirapalli (including Puducottah) where even now there is a Special Officer for Puducottah besides the District Educational Officer at Tiruchirapalli.

(P.T.O.)

I may also point out that the Inspection of Secondary Schools now includes, Citizenship Training Activities, Visual Education Programmes and other social activities connected with the reorganisation of Secondary Education, so much that the inspection of every Secondary School takes longer time and that inspecting officers cannot do full justice to the work if the number of schools continue to be large for any length of time.

Yours faithfully

For Director of Public Instruction.

Sir,

Sub:- Employment of additional District Educational Officers and Personal Assistants to the District Educational Officers.

Ref:- Government Memorandum No.73216 A/49-4 Edn., dated 3--11--1949.

I have the honour to state that the statistical details furnished in my letter Rc.No.995 K4/49 dated 27-10-49 show that the bifurcation and the trifurcation of the districts already recommended by me are really necessary and the proposal cannot be postponed. I have already pointed out that effective administration is not possible at present and unless the districts are bifurcated and trifurcated efficiency is bound to suffer. I therefore request that Government may kindly accept the proposals contained in my letter Rc.No.995 K4/49 dated 18--9--1949.

In my letter Rc.No.995 K4/49 dated 18-9-49 recommending the creation of an additional District Educational Officer's Office in Malabar, I have prepesed to utilise the 6 upper Division Clerks in the existing Offices of the District Educational Officers at the rate of two for each of the existing offices of the District Educational Officers North and South Malabar, and two for the additional Office one of which will be converted into Headclerk. In the G.O. sanctioning the proposal - vide concluding portion of paragraph 2 only one Upper Division Clerk has been sanctioned for the Office of the District Educational Officer, South Malabar I request that sanction may be accorded for the employment of two Upper Division Clerks in the South Malabar Office instead of one.

I am retaining two posts of Upper Division Clerks in the Office of the District Educational Officer, South Malabar in anticipation of sanction of Government and request that my action may kindly be approved.

To
The Hon'ble Minister for Education,
Government of Madras, Madras.

Dear Sir,

With reference to our representation for a separate District Educational Officer for Pudukottah, we were informed that Government was considering the question of bifurcating the Trichy District. However, we now understand that the scheme has been turned down for financial reasons.

We desire to submit that the provision of a D.E.O for Pudukottah will not involve any considerable increase in expenditure for the Government. The substitution of a D.E.O in the place of the present Special Officer for Education will not result in any increase in house-rent, T.A., staff, etc. The only increase will be in the higher salary that would have to be paid to the D.E.O. At present a great deal of inconvenience is caused to the public as the Special Officer for Education is not invested with sufficient powers and has to run up to Trichy for sanction even for small matters.

In view of the fact that the extra expense to the Government is insignificant compared to the manifold advantages accruing to the public, we request you to sanction the bifurcation of the Trichy District and sanction a separate D.E.O. for Pudukottah. If necessary one or two taluks of Trichy may be added to the Pudukottah section.

In regard to the Trifurcation of Malabar District Government have approved in the G.O. cited above, my proposal to ~~leave~~ have the headquarts of the District Educational Officer, South Malabar at Palghat. On reconsidering this question, I feel that Perintalmanna which is central to the jurisdiction of the new District will be a more suitable place as Headquarters than Palghat which is at the extreme East of the District. The Honourable Minister for Education who visited the Office on 19-4-50, also expressed a preference for Perintalmanna as a suitable and Central place. I therefore request that Government may be pleased to approve the change in headquarters of the South Malabar Office from Palghat to Perintalmanna.

With a view to avoiding delay in giving effect to the Orders in the G.O. cited above I am instructing the District Educational Officer South Malabar and the Divisional Inspector to find out suitable accommodation for the new office at Perintalmanna and request that my action may kindly be approved.

AA/49 c.f. (ii) Government Memorandum No.8165-A/50-1 Education dated 1--5--1950.

----

1. The Office of the District Educational Officer, South Malabar, was opened in Perintalmanna on 15-5-1950 in a rented building. The building designed for a tea-shop is situated in the heart of the town between a number of other shops in a row with straight access from the road. The building is reported to be unsuitable and inadequate for the office. It is reported that the building is lacking in light and ventilation as no windows are provided due to the existence of other shops on either side. Seats of clerks are arranged so close to one another that hardly any moving space is left between. The District Educational Officer reports in this connection as follows:-

2. "Concentration to one's work is impossible, the place being the business centre of the town and the road in front of the office having heavy bus traffic. Very often people not knowing that this a public office - as it is difficult to distinguish the office from the rest of the shops.

shops - come and ask for things usually sold in shops and this has become a daily nuisance. The clerks have been experiencing considerable inconvenience and difficulties in attending to their work particularly for want of proper light and necessary accommodation". x x x x

3. "To be short, the building is quite unsuitable for a District Office. I have all along been on the look-out for a better building at Perintalmanna but none could be found as none is available. There is also no prospect of any suitable building being available at Perintalmanna in the near future unless the Government builds one for the purpose. The question of shifting the office to another building is therefore out of the question. The only alternative left to get out of this difficulty is to shift the office from Perintalmanna and locate it at some other place".

4 " ----It is seen from actual experience that due to the absence of facilities for proper ventilation and the heavy bus and car traffic in the road in front of the office driving the dust right into the office, it has become unbearable to be in the office and do any efficient work without serious detriment to the health of the clerks."

5. Apart from the above the District Educational Officer reports that there is a real practical administrative difficulty in locating the office at Perintalmanna due to its inaccessibility by rail and lack of postal facilities which lead to unavoidable delay in correspondence.

6 The District Educational Officer therefore suggests that the office may be shifted to Shoranur where a suitable private building belonging to one Sri E.K.Raghavan is available. This building, it is reported, is close to the Shoranur High School and just a mile from the Shoranur Railway Station, and is well lighted and well ventilated and ample accommodation is available. The District Educational Officer has stated that he met the Hon'ble Minister for Education and discussed the question of shifting the headquarters to Shoranur. The Hon'ble Minister appears to be agreeable to the suggestion. The Divisional Inspector of Schools has also recommended the proposal of the District Educational Officer.

7. The headquarters of the District Educational Officer at Perintalmanna has been tried since the inception of the office and the effective result is that it is very difficult to carry on efficient work at Perintalmanna ~~under~~ and in the present building. No other suitable building is available in the locality and hence I consider it necessary to shift the headquarters of the Office of the District Educational Officer,, South Malabar to Shoranur which is a central enough place and also easily available to all places in the South Malabar District and where a decent building is available. I have also inspected the building and find it quite suitable, though the rent demanded is perhaps a little high. The District Educational Officer has however reported that the owner is prepared to let the building for a rent to be fixed by the Public Works Department.

8. In the circumstances, I recommend that Government may be pleased to order the shifting of the headquarters of the District Educational Officer, South Malabar from Perintalmanna to Shoranur from 1st April 1951.

9. It is estimated that an expenditure of Rs.500/- will be required in connection with shifting of the office. I

request....

26

I request that sanction may also be accorded for incurring the expenditure.

10. I solicit the favour of very early orders in the matter lest the good building now available at Shoranur may be refused later by the owner.

Yours faithfully,

for Director of Public Instruction.

Sir,

We, the citizens of Shoranur beg to place before you the following facts for your kind consideration.

2 We understand that there is a proposal to shift the District Educational Office and the District Agricultural Office B from Shoranur to some other place. This move on the part of the authorities is just like " a bolt from the blue" to the citizens of this locality. In these days of decentralization and the removal of congestion in large towns, it is surprising that these offices are to be shifted from this place.

As.

3 Shoranur is centrally situated in South Malabar, on the banks of the Bharata River. It also occupies a central place in Kerala. It is about 60 miles to Coimbatore, to Cochin Harbour and to Kozhikkode; and the railway facilities and bus traffic enable the people of this place and the surrounding villages and towns to reach these places within a short time. There is a network of bus traffic to the neighbouring villages and towns. It is about 30 miles from Palghat,. 23 from Perinthalmanna, 32 from Ponnani and 30 from ~~Chawght~~ Chowghat. With the re-opening of the Nilambur Railway line, the ~~[illegible]~~

whole of that area will be within easy reach of Shoranur.

4 Shoranur is a small town with ample scope for development. Situated on the Bharata River, it is a town of many hillocks and has vast expanse of dry lands on the North and beautiful paddy fields on the East and West. It has salubrious climate and the water is good. The proximity of the river, the laterite character of the soil, the abundance of cheap timber and cheap labour, the availability of clay for making tiles, fresh air, good watersupply- these are the essentials for the growth of towns and Shoranur is ~~fa~~ fast rising.

5 Two great institutions - The Kerala Kala Mandalam and The Kerala Ayurveda Samajam Hospital are located in the vicinity of the town considering the advantages of this place. A few Government offices are already located here, such as the Asst. Engineers' Offices - Highways and P.W.D , - Police Inspector's Office, Postal Inpector's Office etc. The place has been provided with a hospital by the District Board. The Offices referred above were shifted here recently realizing the importance and convenience of this place. There are several factories and mills. This locality amply provides the needs of the people with regard to the education of their children both boys and girls. There is one boys' High School besides a girls' High School.

6 Shoranur has a Major Panchayat Board consisting a population of about 15,000 which provides the citizens with all amenities possible.

C 7 At present the office of the Deputy Registrar of Co-operative Societies, South Malabar is located ~~x~~ outside the district at Kozhikkode. This office also may be shifted here, being a central place.

D 8 It is regretable that this centrally located place has no Sub-Registry Office. This is a long felt want. So a new Sub-Registry Office may be opened here.

9 It is only proper that the Offices proposed to be shifted be retained here. The Government would be benefitted to a great extent as they will have less Travelling Allowance to meet, this place being centrally situated; and further they will not have to pay town allowance for their servants.

10 If, however, the authorities plead paucity of buildings to accommodate these offices, some ~~gentlemen~~ leading gentlemen of this place are prepared to put up the necessary buildings ,provided the authorities would guarantee their continuous occupation of these offices for atleast five years. As the offices are already here, properly located, for various considerations it is not good procedure to shift them to different places merely on the score of insufficient accommodation.

ROC. No. 818-K4/53., dated 4th June 1953.

Sir,

SUBJECT:

INSPECTION - Office of the District Educational Officer, South Malabar - Change of headquarters from Shoranur to Palghat - Approval of - Requested.

- -

The Divisional Inspector of Schools, Coimbatore has recommended that the headquarters of the District Educational Officer, South Malabar be transferred from Shoranur to Palghat.

(E) p. 37-39 cf

In their order Ms.No.1197 Edn. dated 15-4-1950 Government sanctioned the employment of a third District Educational Officer for Malabar District and fixed Palghat as the headquarters of the District Educational Officer, South Malabar. Before the shifting of the Office from Kozhikode to Palghat, it was felt that Palghat which is at the eastern end of the jurisdiction of the officer, would not be suitable as the headquarters and that Perintalmanna would be suitable for the purpose as it is centrally situated. Accordingly Perintalmanna was selected as the headquarters of the District Educational Officer, South Malabar and this was approved by Government in their Memorandum No.8165-A/50-1 Edn. dated 1-5-50. It was found from experience that Perintalmanna, which is an interior place and where a suitable building for the office was not available, was hardly suited to be the headquarters of the South Malabar educational district. Hence the headquarters was shifted to Shoranur, which was approved by Government in their Memorandum No.9321-A/51-2 Edn. dated 22-3-51.

(E) p49 cf

(E) p55 cf

2. The Office of the District Educational Officer has been working at Shoranur since 1-5-1951 and this place has not been found suitable for the purpose of the headquarters for the

following.....

following reasons:-

(a) An adequate and suitable building is not available for the accommodation of the office.

(b) There is no sub-Treasury at Shoranur.

(c) The establishment does not find it possible to secure residential accommodation for reasonable rent.

M

(d) Of the four Taluks in the jurisdiction of the District Educational Officer, Palghat has the maximum number of secondary schools and requires to be visited offener than any other taluk.

The location of the headquarters of the District Educational Officer, South Malabar at Palghat would not only eliminate the inconveniences referred to above but also give an advantage to the staff in that Palghat has got facilities for the Collegiate education. Being the chief place in south Malabar, Palghat is best suited to be the headquarters of the District Educational Officer, South Malabar from every point of view. A suitable building is reported to be available for the office at Palghat on a rent of Rs.110/-a month. I consider that the fact of Palghat being at the eastern end of the jurisdiction does not detract from its suitability for the headquarters of the office as the place is easily accessible from all parts of the jurisdiction.

3. The owner of the building in which the office of the District Educational Officer, South Malabar is now accommodated has represented that the office be continued at Shoranur itself. A petition from the public of Shoranur urging the continuance of the office at Shoranur has also been received. As the experience of the past two years has shown that Shoranur is not suitable for the headquarters of the District Educational Officer, South Malabar, it is not possible to retain the office at Shoranur only in deference to the wishes of the land-lord and a certain section of the public

.....page 3

95

4. As the place originally fixed for the headquarters of the District Educational Officer, South Malabar is Palghat and as no other place is convenient for the purpose, I request that Government may approve the proposal to transfer the headquarters of the District Educational Officer, South Malabar from Shoranur to Palghat and also sanction the incurring of an expenditure not exceeding Rs.400/-(Rs.Four hundred only)in connection with the shifting of the office.

Subject:- Petition pointing out the injutice and the disadvantages to the petitioner and to the public in general on the proposal of shifting the office of the Dist. Educational Officer, S.Malabar from petitioners building in Shoranur, so soon after its occupation.

Sir,

I am the owner of the building " Udayagiri" in which the office of the Dist. Educational Officer, S.Malabar is located at Shoranur. This building was personally inspected by Sri. D.S.Reddy the Director of Public Instruction in Feb. 1951 and having found it quite suitable for the purpose I was persuaded to agree to let the building to the Education Dept. which could not find any other convenient place for holding the office. The Divl. Inspector of Schools also strongly recommended the building. The Office was subsequently shifted from Perinthalmanna to Shoranur to my building in May'51.

2. It is now understood that the Divl. Inspector of School CoimbatoreDn. is for some reason or other, now moving the Dir. of Public Instruction to shift the office from Shoranur to Palghat or at least from my building.

3. It will be a great hardship to me if my building is vaccated so soon after its occupation as recent as May'51. I was using it as my residential quarters when the Divl. Inspr. of Schools requested me to give it on rent for the use of the office of the Dist. Educational Officer, S.Malabar. I have incurred a substantial expenditure to make it suitable as an office and much more to make alternative arrangements for my residence.

4. Lately I was asked to report whether I was prepared to make an extension for the office & I replied expressing my willingness to do so on any rent the Govt. was prepared to sanction for the additional block. I have not heard any further about this subject from the D.E.O. but I understand that he has been inspecting other buildings in Shoranur or Palghat

favoured shifting the office from Perinthalmanna to Shoranur. The D.E.O'S office Head clerk belongs to Manjeri & most of the other clerks belong to Chowghat or Taluks other than Palghat, and Shoranur is more conveniently accessible to them than Palghat, though they will have the benefit of house rent if office is shifted to Palghat, a Taluk Hd. quarters, even though they agitated for getting out of Perinthalmanna where this concession was available to them.

10. I was persuaded to let my building for a Govt. Office owing to the belief of a fairly long standing agreement and that Govt. would not frequently change head quarters for reasons other than on public grounds. At Palghat I understand there are no Govt. buildings for locating the office & it is not understood how Govt. will benefit by shifting the office to a rented building incurring considerable expenditure on transport charges, travelling allowance to th staff & so on. The shift will not also add to the convenience of th Managers & Teachers of Elementary & Secondary schools as Shoranur is decidedly more conveniently accessible to different parts of South Malabar than Palghat. It seems the proposal may at least be deferred till the formation of the Andhra Province & conditions in the residuary state have stabilised.

11. For the above reasons I request that the office of the Sist. Educational Officer S. Malabar may be located in Shoranur in my building and I am prepared to effect any alteration or provide extension required by the Dir. of Public Instruction.

12. Permit me to add here that I am a Govt. pensioner who has commuted half his pension & who carefully planned his life in 1936 to get on with his limited means (with Gardening as his hobby) but unfortunately my plans have been completely upset by the changed conditions of life after the Great War. Yet I can boast of having done my bit as a loyal servant of the Govt., having been an Hon. Magistrate for 6 years & an Hon. Recruiting Officer during the war. I have also served in various Committees like the Food Ctte. etc.

Resubmitted.

The reasons for transfer of the headquarters of the Office of the District Educational Officer, South Malabar from Shoranur to Palghat have been stated in detail in the Director's letter Roc.818 K4/53 dated 4-6-53. Paragraph 3 of this letter deals with the representation of the owner of the building in which the office is held at Shoranur. The arguments advanced by the owner for the continuance of the office at Shoranur itself are not valid and he is afraid that the building, if vacated by the office, may not bring the rent which is now paid by Government. The owner's views in regard to the change of headquarters do not require any consideration.

Employment of addl. D.E.Os and P.As to D.E.Os – Part II Scheme for 1950-51

In connection with the Part II estimates for 1950-51 ~~[illegible]~~ the D. P. I has forwarded the following proposals:–

(I) bifurcation of the educational districts of Kistna, Coimbatore and the Nilgiris, Trichirapalli and Tanjore.

(II) trifurcation of the educational districts of North and South Malabar

(III) employment of addl. P. As to D.E.Os in each of the districts of East Godavari and North Arcot.

The proposals involve a recurring expenditure of about Rs 68000 per year. According to the latest instructions issued by Finance these proposals should ordinarily be postponed. But the Director seems to have made out a good case for their consideration immediately. The proposals may be supported in this dept. The file may be sent to the Finance dept for remarks.

The further note of Ed. H may be perused. The D.P.I.'s letter on p 31 C.F. does not seem to contain any new special reasons for considering the proposals in the file involving an extra cost of Rs 68,000/- recurring and Rs 9,000/- non-recurring as a Part II scheme for 1950-51. ~~It~~ The present time seems inopportune to undertake reorganisation proposals of the kind under consideration when the need for allround economy is all the most stressed. These changes appear to be necessary, but in view of financial stringency, some may have to wait for some time. Prepare a statement of the different districts, so that it can be seen at one glance how many deserve priority. The statement may refer only to figures of ① Ranges ② Elementary schools & ③ Secondary schools. Quickly

16/11

A Statement as required above is Subd. below at Ⓢ.

17/11/49

18/11/49

Finance has not agreed for the proposals of creating 5 new Educational districts and the appointment of Personal Assistants in two districts. The statement at flag 'S' shows the number of Ranges, elementary schools and secondary schools in the districts in question, from which the existing pressure of work can be judged. From the figures by themselves, it could be argued that if East Godavari and North Arcot districts can carry on with an additional P.A., remaining 5 districts are not entitled to anything better. Perhaps this proposal may wait for improvement in our finances. Otherwise, separate additional districts may be allowed in Tanjore, Malabar and Krishna.

23/XI

H.M. (E.& L.) Let us consider
H.M. (Fin.) the above 3 at least as Part II. I am afraid the cost is too high for our finances this year, though effective administration is impossible without this.

The question is whether delay in obtaining higher orders ~~and~~ can compensate for loss of direct contact and interest of the officer, posted at Pudukottah. The ~~citizens~~ residents of Shoranur have represented to M (Law) against the shifting of the offices of the Dt. Agricultural Officer and the Dt. Educational Officer, South Malabar from Shoranur. They have also requested that the Sub-Registry Office and the Office of the Deputy Registrar of Cooperative Societies might be located at Shoranur. M (Law) has minuted as follows:-

"There is some force in their demand. This may be examined."

2. It is submitted that in Memo No 9321 A/51-2 Edu dated 28.3.51, the Govt approved the proposal of the D.P.I. to shift the Headquarters of the Dt. Edl. Officer, South Malabar from Perintalmanna to Shoranur and the office is at present located at Shoranur. There is no proposal to shift the office from Shoranur.

3. Food & Agr. Dept have stated that there is no proposal to shift the office of the Dt. Agricultural Officer from Shoranur.

4. With regard to the request of the ~~citizens~~ residents of Shoranur for the location of Sub Registry office and the office of the Dy. Registrar of Cooperative Societies at Shoranur, Revenue and Development have taken relevant extracts and are ~~examining~~ examining them.

5. In these circumstances, the petitioners may be informed that there is no proposal to shift the offices of the ~~Dy.~~ D.A.O and the D.E.O from Shoranur and that the question of locating the Sub Registry office and the office of the Dy. Registrar of Cooperative Societies at Shoranur will be ~~~~ considered by the respective Depts. A draft memo is submitted for approval.

6. The case may be circulated to M (Law) through M (A.C.P.) & M (Edn) w.r.t. his minutes at p 1 c.F.

H 27-29 CF

The DPI has now sent proposals for the shifting of the office of the DEO, South Malabar, from Shoranur to Palghat for the following reasons:

H at p 28 CF

(1) that adequate and suitable building is not available for the accommodation of the office,
(2) that there is no Sub. treasury at Shoranur
(3) that the establishment does not find it possible to secure residential accommodation for reasonable rent and
(4) that out of the four taluks in the jurisdiction of the DEO, South Malabar, Palghat has the maximum no of secy schools and requires to be visited oftener than any other taluks.

The DPI has stated that the location of the headquarters of the DEO at Palghat would not only eliminate the inconvenience but also give an advantage to the staff in that Palghat has got facilities for collegiate education and that a suitable building on a rent of Rs 110 pm is available.

p 28 CF

2. It is submitted that in 1950, the Govt sanctioned the employment of a third DEO for Malabar Dt and fixed Palghat as the headquarters of the D.E.O, South Malabar. Before shifting of the office from Kozhikode to Palghat, it was felt that Palghat, which is at the eastern end of the jurisdiction of the officer, would not be suitable as the h.q. and that Perintalmanna would be suitable for the purpose as it is centrally situated. Accordingly Perintalmanna was selected as the headquarters of the DEO and it was approved by Govt. As it was found from experience that Perintalmanna, which is an interior place and where a suitable building for the office was not available, was hardly suited to be the h.q. of the DEO, the h.q. was shifted to Shoranur in 1951 with the approval of the Govt. The reasons now adduced by the DPI for the shifting of the office from Shoranur to Palghat are not convincing. When the DPI submitted proposals in 1951 for the shifting of the office from Perintalmanna to Shoranur, he stated that "I consider it necessary to shift the h.q. of the office of the DEO

South Malabar to Shoranur which is a central enough
place and also easily available to all places in the South
Malabar District and where a decent building is available
I have also inspected the building and found it quite
suitable, though the rent demanded is perhaps a little high."
It is not clear why the DPI now says that adequate and
suitable building is not available ~~f~~ at Shoranur for ~~accommodating~~
the accommodation of the office. If the office estt find it difficult
to secure residential accommodation for reasonable rent in a town like Palghat
at Shoranur, it will be more difficult
The fact that Shoranur has no Sub-treasury ~~was~~ will not affect
the work in the office of the DEO as that office has no monetary
transactions except the office pay bills and contingent bills.
In these circumstances, it is for consideration whether the DPI's
proposal to shift the office of the DEO, South Malabar, from Shoranur
to Palghat may be negatived, or whether the above
~~the case may be recirculated to M(Rev), M(Edn) and~~
~~M(Law) for orders.~~ points may be put
to the DPI and he may be
requested to justify his proposal
fully. For orders.

It is the convenience of the public that should be taken into account and not the convenience of the members of the D.E.O's office. Further, we had too many shiftings ~~after the~~ in the last two years. It seems that the office may continue at Shoranur. The file may be circulated to M(~~Edn~~ Rev), M(Edn) and M.(Law) for orders.
