Applications accepted are included in an "Approved list". The grants are disbursed after the articles of equipment have been purchased and the necessary vouchers produced. The actual distribution of the amount provided each year for all schemes except those sanctioned by the Divisional Inspectors of Schools is authorised by the Director of Public Instruction with reference to the urgency of applications in the "Approved List". The amount required for disbursement of grants for the schemes sanctioned by Divisional Inspectors is placed at their disposal by the Director of Public Instruction and payment is authorised by them.

With reference to the Secretary's query above, it is submitted that the St. Peter's High school, Royapuram has not been closed down. As the salaries of the teaching staff remained undisbursed for a long time, the D.P.I. was requested to deduct from the teaching grant payable to the management of the St. Peter's High School, Royapuram, such amount as may be due to the teachers, for direct disbursement. The Director was also requested to report the steps taken or proposed to be taken to improve the management of the school. The grant payable to the institution will be disbursed by the Director after the articles of equipment ~~have been~~ are purchased and the necessary vouchers are produced. In the circumstances there ~~is~~ seems to be no objection in communicating to the D.P.I. the provision made in the Estimates of Expenditure for payment of equipment grant to this institution also. If the school is closed down after receiving the grant, action can be taken under rule 60 of the Grant-in-Aid

p8 of of L.F

ode for recovering the grant. In view of this it is for orders
hether the draft order below may be issued.

The management will claim the half grant only after incurring the expenditure. There seems to be no harm in retaining the name of this institution in the list of schools. The D.P.I. will not disburse the grant if the school is closed.
