Sir,

Sub: Agency - Education - Elementary - Opening of new schools in the interior agency - Proposals - Submitted.

A In the interior of the agency of Polavaram taluk, West Godavari district, the people are still uncivilised and backward in education. I hence propose to open schools in the interior villages of (1) Ganapavaram, (2) Panduvarigudem, (3) Puliramudugudem, (4) Pragadapalli, (5) Korutur and (6) Koya Rajahmundry. The population and the probable number of school-age children in each of the villages as shown below will justify the opening of new schools.

Village.	Population.	Probable No. of school age children.
1. Ganapavaram	675	84
2. Panduvarigudem	300	42
3. Puliramudugudem	414	56
4. Pragadapalli	300	42
5. Korutur	203	28
6. Koya Rajahmundry	486	56

An amount of Rs.13,530/- is required for a year for the maintenance of these schools as shown below:

EXPLANATORY NOTE.

The Agents to the Government of Madras, Visakhapatnam and West Godavari, have submitted proposals for the opening of new elementary schools in six centres in each of the Agencies. While recommending the proposal of the Agent to the Government of Madras, West Godavari, the Director of Public Instruction considers that it will be sufficient, if schools are opened in three out of six centres in the Visakhapatnam Agency. The proposal to open six centres in the Visakhapatnam Agency and three centres in the West Godavari Agency involves the employment of nine teachers of Higher Elementary Grade with the usual dearness allowance. Accommodation has to be provided for the nine schools at a total estimated cost of Rs. 6,000. Quarters have to be provided for teachers in the schools to be opened in the West Godavari Agency at a cost of Rs. 3,600 and suitable rent recovered. Expenditure may also have to be incurred on the supply of furniture and equipments to the schools. The cost of the proposal will be as indicated in the summary at the top. This department recommends that necessary provision may be included in the Budget Estimate for 1950–51.

Sri M.Bapineedu, M.L.A., who was specially deputed to investigate into the work so far done in Madgole Agency Firka has observed that besides the problem of communications there is much illiteracy. With reference to these observation Government in their reference first cited above have called for my remarks. In the co-ordinated plan for the development of Madgole Firka communicated with your reference 2nd cited above proposals were also called for, for the opening of various categories of educational institutions. I submit the following report on both the proposals.

i. To open new elementary schools:- 15 places have been suggested for opening of new elementary schools in the coordinated plan. If schools are opened in allthese places, it will be very difficult to secure the required number of trained teachers. For want of qualified people many schools are being managed with untrained teachers and special attempts are being made by advertising vacancies for securing the services of as many trained teachers as possible. It is therefore sufficient if new elementary schools are opened at the following centres for the present.

M

1. Chintalaveedi	4. Tatiparthi
2. Gondili	5. Guttalapalli
3. Kodapalli	6. Sobhakota.

The particulars of population and schoolage children, etc., in respect of the above 6 places are given in the statement appended.

ii. Basic Education:- The lower elementary section of the Higher Elementary School, G.L.Puram in Parvatipur agency has been ordered to be converted into a Basic School in Director of Public Instruction's Proceedings R.C.88-M/48, dated 16-3-1949. As only three teachers have been trained in Basic Education they have been posted to the above school and it will not be possible to open any more basic schools until sufficient teachers are trained in Basic Education. The question of opening more Basic schools may therefore be deferred for the present.

iii. Folk School: A folk school and adult schools may not also thrive. What is most important is to impart some elementary education to the hill boys. It may therefore be sufficient if some new elementary schools are opened. I request that Government sanction may be obtained for opening of the 6 schools proposed in paragraph (1) above.

It is submitted that by the standards followed in plains, the figures furnished against population, schoolage children, etc. for the six villages, especially those relating to Numbers 3, 4 and 6 are too low to run schools economically, But in view of the specially backward conditions in the agency area, it is recommended that schools may be permitted to be opened in the three places, Chintalavadi, Goudili and Guttalapalli.

A statement showing the statistical particulars for the six villages is enclosed.

Madugala Agency Firka - Vishakapatnam -
Opening of Schools.

Extract of notes - Firka Dev. Department.

This file deals with the proposal for the opening of new schools in the Madugula Agency Firka, Vishakapatnam District. Sri M.Bapineedu, who was specially deputed ~~in~~ to investigate into the work done in the Madugula Agency firka, observed that there is much illiteracy. The remarks of the Collector of Vishakapatnam on this observation were called for and he submitted proposals with the necessary statistics for the opening of six elementary schools at the places mentioned at 'M' on p 1 c.f. The remarks of the D.P.I. on the proposals were called for and his report in this regard is on p 3 c.f. The D.P.I. has stated that the figures furnished by the Collector against population, schoolage children (etc.) for the six villages recommended by him are too low to run schools economically when compared with the standards followed in the plains, especially, for the three villages mentioned by him at 'R' on p 3 c.f. But in view of the specially backward conditions in the agency area, the D.P.I. has recommended the opening of three elementary schools at the following three places, viz., Chintalanadi, Gondili and Guttalapalli. The proposal finally recommended by the D.P.I. will involve a recurring expenditure of Rs.2,844/- (Rs.948 x 3) and a non-recurring expenditure of Rs.2,475/- (Rs. 825 x 3) vide details ~~at 'K'~~ on page~~s~~ 4 c.f. The case may now be sent to E & P.H. and they may be requested to take relevant extracts for further action and return the file to this Department.

K

The Agent to the Government, Vishakapatnam, has suggested the opening of schools in 6 centres in the Madugula Firka. The D.P.I. considers that it will be sufficient if schools are opened in 3 of the 6 centres at present. The extra cost on account of the opening of 3 schools will be Rs.2800/- recurring and Rs.2500/-

26 ~~2~~

non-recurring. In view of the fact that the expenditure involved is comparitively small, it is for orders, whether the proposal may be sanctioned in the currents year itself or whether it should be treated as a Part II Scheme for 1950-51. The schools will in any case be opened only in 1950-51. | A

Sir,

Sub: Agency-West Godavary District-Opening of new schools-change in villages-Proposals-submitted.

(I) pp 21-23

In G.O.Ms.No.1210 Education dated 17-4-50 sanction was accorded for the opening of six Elementary Schools in the following villages of Polavaram taluk.

i) Ganapvaram. ii) Panduvarigudem
iii) Puliramaudugudem. iv) Pragadapalli
v) Korutur and vi) Koya Rajahmundry.

2. The Special Agency Development Officer, Kakinada informed me that villages (i), (ii) and (iv) are not purely koya villages and in their place, he suggested the three villages noted below. I enclose a copy of his letter. p 3 infra

i) Ankanagudem ii) Ratsnagudem and
iii) Antharvedigudem.

I visited Ratsnagudem on 27-10-50 and made enquiries. There is need for a school in the village. The villagers have already engaged a private teacher on their own initiative. The other two villages, viz., Ankanagudem and Antharvedigudem proposed by the Special Agency Development Officer are also suitable places for starting schools. There is a greater need for them than in villages (i), (ii) and (iv) for which schools have been sanctioned by Government. The villages now proposed are near the Hyederabad border, where there is communist trouble, it is desirable that Government should pay special attention to their welfare.

3. I, therefore, request that the Government may be pleased to approve the change in the villages proposed by the Special Agency Development Officer, Kakinada.

Sub: Agency Development Education-West Godavary-District-Polavaram Taluk opening of new schools-change in places-proposed.

I learn that 6 new schools are proposed to be opened this year at 1) Krutur 2) Pragadapani 3) Puliramudugudem 4) Koya Rajahmundry 5) Ganapavaram and 6) Panduranigudem. Most of these villages are near the plains and not at all koya villages. In my recent tour in this taluk, I have found that 1) Ankanagudem 2) Ratsnagudem and 3) Antharvedigudem which are purely koya villages in the interior and are better suited for the purpose. I therefore request you to omit village Nos.2,5 and 6 mentioned above and in their stead start the schools at the 3 places proposed above. The school shed be located in the purely koya localities.

In this connection I would like to suggest that schools for the benefit of hill tribes should be opened at places where there is a predominence of hill tribes and the above 3 places have such predominance.

I would also like to suggest that the school buildings and quarters may be got constructed before the schools are actually opened unless the villagers put up temporary sheds in advance.

The construction of school buildings and teachers' quarters should be entrusted to the local villagers instead of to the professional contractors from the plaints or from far off places. The construction does not require any technical skill and can easily be done by the local villagers who can attend to the subsequent periodical repairs more efficiently as they are interested in the school. As the cost is less than Rs.1,000/- in each case, it is unnecessary to call for tenders or to entrust the work to the P.W.D. as has been done in some cases (e.g., Rajanagaram school building).

I request you to keep me informed of the action taken from time to time.

Sir,

SUB: Agency--West Godavari District--opening of new schools--change in villages--proposals--recommended.

REF: Endorsement No. 34797 C/50-1 Edn. dated 17-11-50

The agent to the Government of Madras West Godavari District has not furnished the number of schoolage children in the three villages referred to in his letter R.O.Co. A7--12597/49 dated 3-11-1950 where it is proposed to open a school with the provision made in G.O. No. 1210 Edn. dated 17-4-50 in respect of the Villages Ganapavaram, Pandavarigudam and Pragadupalli. However in view of the remarks of the Agent that at Ratsnagudem the Villagers have already engaged a private tutor on their own initiative and in view of the remarks of the Special Agency Development Officer that the villages now proposed are purely Koya Villages in the interior and are better suited for the opening of the schools, it has to be presumed that there is need for the opening of a school in East of the three villages. I therefore recommend that Government

The dates of opening of the six schools sanctioned in G.O. No. 1210 Education dated 17-4-50 as amended in Government Memo No. 34797 C/50-3- Education dated 19/12/50 are furnished below:

S.No	Name of the school	Date of openng
1.	Puliramudugudem	13/9/51
2.	Korutur	3/7/51
