Ref: Government Telephone Message dated 23-9-49 - opening of nine new Basic Training Schools in 1950-51.

===

There are Government Training Schools in all the Districts where proposals have been submitted for the opening of new Government Basic Training Schools. But on account of dearth of trained teachers it is necessary to open more training schools in taluks which are not at present served by teacher training institutions. If existing Government Training Schools are converted into Basic Training Schools and transferred to these buildings, it will not solve the problem of providing facilties for training of teachers in new areas where those facilities are not available now. Hence I have recommended the opening of nine new Basic Training Schools in the new buildings that are coming up during 1949-50.

2. I may add that proposals have been submitted to Government for the conversion of 10 Government Training Schools into Basic Training Schools during 1950-51 - vide my letter C.No.1069 M/49 dated 19-9-49. Thus while all new Government Training Schools are proposed to be of the Basic type, action is being taken for the conversion of existing Training Schools also into the Basic type in course of time.

Please see my letter R.O.C. No.1087 M/49 dated 7th Novr. 1949 wherein general principles regarding the staffing of Basic Training Schools have been explained in detail. It is with reference to these principles that the staff for the new Basic Training Schools proposed to be opened during 1950-51 have been recommended. For the two sections in each school, three trained graduates, one Weaving Instructor and one part-time Music Instructor form the teaching staff.

Sub: Basic Education - Employment of additional staff in certain Govt. Basic Training Schools - Proposals Part II Schemes - 1950-51.

The scale of teaching staff required for a Government Basic Training School where the number of training sections is N is given below:

1. L.T. school Assistants: 'N' plus 1, i.e., as many L.Ts. as the number of sections plus one extra L.T. Assistant.

2. Music Instructor: Part time if the number of sections is one or two; full time if the number of sections is three or more.

3. Additional teachers: (Secondary grade teachers or specialists like Weaving Instructors, Physical Training Instructors, Artist, etc) - (N - 1).

4. Secondary Grade teachers for the model school section - As many as there are sections.

The number of graduate teachers in the nine schools under reference is at present inadequate and hence I have recommended the sanction of an additional School Assistant for each of them.

Weaving Instructors are necessary for all Govt. Basic

16

Training Schools since Weaving is a Basic craft. It may be pointed out that wherever a Weaving Instructor is appointed, the number of secondary grade assistants is reduced by one.

Part-time Music teachers will not be required when full time music teachers' posts are sanctioned for the nine new schools from 1950-51.

If not furnished reasons.

Sir,

Sub: Basic Education - Government Basic Training School for Women, Palayampatti.

pp27-28 c/f (A) REF: 1. G.O.No.Ms.1215 Edn. dated 17--4--1950.
pp31-32 c/f (A) 2. Govt. Memorandum No.6507-C-50-5 Education dated 29-5-1950.

I have the honour to state that with reference to the Government Memorandum quoted above, a Basic Training School for women, has been started at Palayampatti in Ramanathapuram District on 7-8-1950. As per the G.O. first cited above there is to be one section in each of the Junior and Senior basic grades of training.

2. Owing to dearth of applicants only 11 candidates could be admitted for the Senior basic I year class. As it is uneconomical to have a section of 11 pupils only, the Inspectress of Girls' Schools, V Circle has proposed:

1. to transfer the 11 pupils of the Basic Training school for women, Palayampatti to the Government Basic Training School for women, Ramnad, where there are only 21 pupils on rolls, thereby enabling the running of a fuller section at Ramanathapuram

and

2. that in the place of that senior basic section an additional section in the I year class of the Junior basic grade may be opened at the Basic Training School for Women, Palayampatti.

There is no additional cost involved in the proposal. Hence I have issued orders approving the proposals of the Inspectress, in anticipation of the approval of Government.

I request that my action may be approved.

Yours faithfully,

There are at present 28 basic Tg. schools under Govt. management. One school was opened in 1946-47, three in 47-48, nine in 48-49, and the remaining 15 schools in the current year. Six of these schools are ordinary training schools, converted into Basic Tg. Schools. The remaining are 22 schools newly opened by Govt. Besides these, seven basic training schools are functioning under private management.

pp 1-3 c.f

2. The Director has submitted proposals for the opening of nine new Govt. Basic Tg. Schools, for men in 1950-51. Each school will have two sections during 1950-51 and four sections in subsequent years as explained at N in p 1 c.f. In each section there will be 40 students and each will receive a stipend of Rs. 18/- a month. Each school will also have a model school, attached to it with standards I & II in the first instance. The staff required for each Tg. School will be as at A on p 1 c.f. It is slightly in excess of that proposed last year. Presumably the Director considers that the ~~[illegible]~~, staff on the scale now proposed is really necessary. The cost on account of the proposals above, has been estimated at Rs. 1,65,000 recurring and at Rs. 45,000 non-recurring during 1950-51 ~~and~~ the ultimate cost (recurring and non-recurring) comes to Rs. 3.18 lakhs.

3. The Director recommends that the provision

required for the opening of the new schools, may be made in the Part II of the B. E. for 1950-51. Since the intention of the Govt. is that the scheme of basic education should be given as high a priority as possible, the proposals made by the D. P. I may be accepted and necessary provision included in the next years' budget.

4. The Director has also submitted proposals, for the conversion of 10 ordinary Govt. Tg. schools into Basic Tg. schools during 1950-51. The additional recurring and non-recurring cost on account of the conversion, has been estimated at Rs. 56,100 recurring ~~and at~~ Rs. 50,000 non-recurring ~~respectively~~ during 1950-51; the ultimate recurring cost will be Rs. 1,37,000 ~~13,100~~. Proposal (1) above:- It is proposed to open nine new Basic Training Schools with a

In his letter on p. 1 cf. Sri Desikhar M.L.C. has suggested that the basic training school proposed to be located at Kurukathi in the building to be constructed for the purpose may be located in the Temple buildings at Kivalur or Tiruvarur where there are big muntapams. He also suggested that instead of constructing a building at Narasingampet in the Tanjore District the basic training school may be located at Thiruvadamarudur temple Mantapam.

A provision of Rs. 5 lakhs hasbeen included in the Budget Estimate for 1950-51 for the construction of buildings for the basic training schools during the current year and the D.P.I. has been asked to suggest the names of places for the construction of the buildings. His reply is awaited. It is not known whether the D.P.I. proposes to ~~construct~~ have a building constructed at Narasingampet in the current year. His reply to the Govt. Memo on p. 3 cf. will be helpful.

With reference to Secretary's orders on page 1 ante the Collector may be consulted regarding the availability of the temple buildings at Kivalur, Tiruvarur and Thiruvadamarudur for the location of basic training schools.
