dated 22-6-49.

For the past 5 years no grant was placed at my disposal for sanctioning building grant to panchayat schools. As grant is disbursed only on post payment system, panchayat boards have to complete the construction of school buildings and then apply for building grant. No application is now pending with me for sanction of building grant and it is not possible to estimate correctly the amount required for disbursement next year. It is seen that an allotment of Rs.15,000/- was sanctioned by Government under this head for 1955-56 and Rs.20,000/- for 1956-57. I request that a lumpsum provision of Rs.20,000/- may be placed at my disposal under this head for the year 1950-51.

EXPLANATORY NOTE.

The Inspector of Municipal Councils and Local Boards is the authority to sanction grants to panchayat schools for the construction of buildings. The grants payable are generally limited to one half of the expenditure, subject to a maximum of Rs. 500 in the case of a tiled building and Rs. 150 in the case of a thatched building. He generally suggests a lump-sum provision each year for building grants for panchayat schools. No provision was made for building grants for panchayat schools since the year 1937-38 as the Government imposed a general ban on the construction of buildings in that year.

2. The Inspector now suggests that an allotment of Rs. 20,000 may be made in the budget for 1950-51 for building grants. In view of the fact that no provision was made in previous years, this Department recommends that the amount proposed by the Inspector may be included in the Budget Estimate for 1950-51 for building grants.

NO. 3AA31 / A9 dated 5.10.49

The Inspector of Municipal Councils and Local Boards is the authority to sanction grants to Panchayat schools for the construction of buildings. The grants payable are generally limited to one half of the expenditure subject to a maximum of Rs 500/- in the case of tiled buildings and Rs 150/- in the case of thatched buildings. He generally suggests a lump sum provision each year for building grants for Panchayat schools. The allotment sanctioned is utilized by him on the disbursement of building grants to panchayats subject to the maximum referred to above. In 1937-'38 the Govt. imposed a general ban on the construction of buildings. No provision was therefore made for building grants for Panchayat schools since 1937-'38. Though the ban was lifted ^{later} the Inspector did not suggest any allotment for building grants for Panchayat schools so far.

2. The Inspector has now proposed an allotment of Rs. 20,000/- in the budget for 1950-51 for ^{building grants} ~~this purpose~~. In view of the fact that no provision was made in the previous years the proposal of the Inspector may be

accepted.

Part II Scheme for 1950-51.

Building grants to Panchayat Schools —
Cost Rs 20,000. -----

Please see the E.& P.H.Department's note on
page 1 above.

The proposal is to provide an allotment of Rs 20,000/- in the Part II of the budget for the next year for payment of grants to Panchayat Boards for the construction of buildings for Panchayat Schools. In view of the present financial stringency, only those schemes which are really ^{and} immediately essential for the proper running of any department are considered as Part II Schemes for next year. The present proposal does not satisfy the above criteria. Further, the policy of the Government is to defer all building schemes in view of the high cost of materials and labour. In view of the above, Finance may suggest that the proposal to make a provision of Rs 20,000/- in the next year's budget towards building grants for Panchayat schools may be deferred.
