Sir,

SUB: Rent - Hostels attached to Government Arts and Engineering Colleges - Increase in the rates of rent charged from the inmates - Report - regarding.

REF: Government Memorandum No.7766-1-/46-A Edn dated 14-7-1947

Report - Rent

I have the honour to report that departmental hostels are attached to 12 Government Arts and Engineering Colleges. Of these the following are accommodated in private buildings.

1. Government Arts College, Anantapur - Additional hostel for boys
2. Govt. Brennen College, Tellicherry - ~~Add~~ Hostel for boys
3. Govt. Arts College, Anantapur - Hostel for women students
4. Govt. Victoria College, Palghat - Hostel for women students.

All the other hostels are accommodated in Public buildings except that of the Arthur Hope College of Technology, Coimbatore which is for the present located in a rent-free building. The position of each of these hostels in regard to the rates of rent now recovered from students and the reasonableness of increasing the rates is discussed below.

2. PRIVATE BUILDINGS: (i) Govt. Arts College, Anantapur: In addition to the public buildings in which the main hostel is located three private buildings have been taken over for hostel purposes. Of these two are used as an additional hostel for boys while the other is used for the women students hostel. The number of students now living in the additional hostel for boys is 61. The total rent for the two buildings is Rs.180/- a month but the expenditure from Provincial Funds is limited to four months rent while the balance of eight month's rent is recovered from the students with reference to G.O.Nos.Ms.1657 Edn dated 19-10-45 and Ms.No.2003 Edn dated 19-10-46. One of the two buildings was given up from 7-12-1947 with a view to taking over a larger building with a reference to G.O.No.Ms.2341 Education dated 3-11-1947.

page 5-6 of (Y)
(A) " 3-4 of (S)
page 17 of (M)

(ii) Government Brennen College, Tellicherry: The hostel was opened only this year. The rent for the private building occupied by the hostel is Rs.68-12-0 a month. In G.O.No.Mis.146 Edn dated 28-1-1947 Government have ordered that rent should be recovered from the students so as to cover eight months' rent for the building. The Principal is accordingly collecting rent from the students at the rate of Rs.2-0-0 per head for nine months in the year. The collection from students will bring in about Rs.608/- a year which is more than enough to cover eight months rent.

page 1 of (V)

In the

In the matter of rent for private buildings taken over for hostel use, Government are ordinarily following the policy of bearing the expenditure on four months' rent while the balance of eight months' rent is recovered from the students. It is not desirable to change this policy and throw a greater share of the expenditure on rents on the students for the reasons that these students would not have to pay more than eight or nine months rent if they were provided with hostel accommodation in public buildings and that if a greater share of the expenditure is thrown on the students, they would have to pay more than what the students living in public buildings are now paying. I am therefore of opinion that it is not necessary to increase the rates of rent now recovered from the students of the above two hostels.

3. **WOMEN STUDENTS' HOSTELS**: (i) Govt. Arts College, Anantapur. The position of this hostel is different in regard to the recovery of rent. In G.O.No.Ms.1702 Edn dated 3-9-46 Government sanctioned the payment of a rent of Rs.40/- a month for the private building occupied by this hostel and ordered that rent should be collected from the students at Rs.2-8-0 a month per head for eight months in the year. As the number of students in the hostel is only 12, the rent collected from them cannot cover more than six months' rent for the building in a year. In the case of this hostel Government have not limited the expenditure from Provincial funds to four months rent only. The rate of rent now collected from the women students (viz. Rs.2-8-0 a month) corresponds to the maximum rent fixed for the public building of the boys' hostel. As the number of students in this hostel is limited it would be a hardship on the students to make them bear eight months' rent as in the case of the boys' hostel building. I therefore recommend that the present rate of rent may be continued without any increase and that Government may continue to incur the present expenditure on rent for the private building occupied by the hostel.

page 3 of (W)

(ii) Government Victoria College, Palghat: The women students' hostel is accommodated in two private buildings the rent of which is Rs.100/- a month. The number of students living in the hostel is 34 and the rate of rent collected from each is Rs.3/- per month for nine months in the year. The receipts from room rent amount to Rs.918/- a year, i.e. more than nine months' rent for the buildings. As the rate of rent collected from the students is already high compared to that paid by the students living in the public buildings and as the receipts from rent cover more than eight months' rent, it is not necessary to increase the rent so long as the present number of students continue to reside in the hostel.

4. RENT-FREE BUILDING: (i) Arthur Hope College of Technology, Coimbatore:
The hostel is located in rent-free private buildings. The number of students now living in the hostel is 158 and the rate of rent collected from the students is Rs.25/- per head per annum. As no expenditure is now incurred from Provincial funds on account of rent for the hostel building and as the rent charged is fair and reasonable, it is not necessary to increase the rate of rent collected from the students. The question of raising the rate may however be considered if and when Govt. have to pay rent for the present rent-free hostel buildings.

5. PUBLIC BUILDINGS: (i) Govt. Arts College, Anantapur: For the public building occupied by the main hostel rent is now recovered from each student at the rate of Rs.2/- in the old block, Rs.2-4-0 for the ground floor rooms of the new block and Rs.2-8-0 a month for the first floor rooms of the new block. Ordinarily these buildings can provide accommodation for about 124 students only but in view of the increased demand for hostel accommodation the Principal has lodged 156 students. The increase in rent receipts on account of the extra number of 32 students amounts to Rs.600/- a year. Having regard to this increase it is not necessary to raise the rates of rent. Moreover the Principal has urged

that

18

4

that as the majority of students of the college come from poor Agricultural families the present rates of rent should not be increased because even the tuition fees levied in the college are lower for the reason that the college caters to the needs of Districts that are educationally backward and financially poor. I agree with the Principal's views.

(ii) Govt. Arts College, Rajahmundry: The hostel is located in a public building which can normally accommodate about 70 students. The rates of rent charged are Rs.2-8-0 and Rs.1-12-0 per head per month for the upstairs and the downstairs respectively. Owing to the rush for admission to the hostel the Principal has provided accommodation for 100 students by adding one more student to each of the 30 rooms in the hostel building. The increase in receipts from rent on account of the 30 extra students taken into the hostel will be Rs.770/- per year. In view of this increase and in view also of the fact that the accommodation provided for the students has diminished while the rates of rent remain the same, it is not necessary or justifiable to increase the prevailing rates.

(iii) Engineering College, Cocanada: The hostel is temporarily located in the military buildings taken over from the Labour department. There are 190 students in the hostel but the building can normally accommodate only 104 students. The rate of rent charged from each student is Rs.6/- a month as fixed by the Executive Engineer. This rent itself is considered high having regard to the nature of accommodation provided for the hostel inmates. The Principal reports that the buildings are of a very temporary nature with poor roofing, broken doors and windows and that the rent for these buildings cannot therefore be fixed according to the usual method adopted for pucca buildings. He has already made representations in the matter to the Executive Engineer. In these circumstances I am of opinion that while there is no justification for increasing the rent, there is a case of reducing the rate.

(iv) Presidency College, Madras: Only the women student's hostel attached to this college is under the control of this department. The hostel was shifted from 'Narayan Castle' to 'The Retreat' on 11-10-47. In their order No.Ms.1746 Edn dated 4-8-47, Govt. have ordered that 'no rent need be paid by Govt. for the building' and that the fair rent fixed by the Public Works Department for the portion occupied by the hostel should be taken into account in fixing the rent recoverable from the students. The Principal has been addressed to obtain and submit the opinion of the Public Works Department in the matter together with his proposals for recovering rent from the students. On receipt of his reply Government will be addressed in regard to the rate of rent to be collected from the students.

(P)

since received vide 4 in 17 M.F.

(v) Queen Mary's College, Madras: The hostel can normally accommodate about 150 students. Rent is collected at the rate of Rs.6/- per head per term (i.e. Rs.18/- per year.) It has been reported that due to rush for admissions the double rooms now hold three students each and the other rooms as many students as their size can accommodate. The number of students now living in the hostel has therefore increased to 199. As the present strength of the hostel exceeds the normal complement by about 50 and the increase in rent receipts on account of this extra number is Rs.900/- a year, there is no need to increase the rate of rent. The present rate of Rs.18/- a year works out to Rs.2-4-0 a month for eight months in the year, which is about the same rate as in the hostels of some other Government colleges (e.g. Anantapur, Rajahmundry.)

G.O. 316 P.W. 26/2/38 pages 27-28 of (C)

(vi) Government

(vi) Govt. College for Muslims, Madras: The hostel has only 20 double rooms which can ordinarily accommodate 40 students. Due to rush for admissions, four students are now lodged in each of these 20 rooms with the result that the strength of the hostel has increased to 80 and the receipts from rent have also gone up by cent per cent (i.e) by about Rs.840 a year). The rates of rent now levied are Rs.18/- and Rs.24/- per year per student for the ground floor and the first floor rooms respectively. The Principal reports that in view of the increased income accruing from the extra number of students admitted in the hostel no enhancement of the hostel rent is necessary. I concur with this view.

(vii) Govt. College, Coimbatore: There are now 50 students in the hostel which was opened only last year. Rent is now collected from the students at the rate of Rs.5/- a month per head for nine months in the year. The annual receipts from rent amount to Rs.2250/- whereas the Municipal annual rental value and the Public Works Department rental value of the building are reported to be Rs.1538 and Rs.1416/- respectively. In these circumstances the rent now collected from the students is high and there is no justification for raising the already high rate.

please see p.12 infra

(viii) Government College, Mangalore: The number of students now living in the hostel is 27. Rent is now collected at the rate of Rs.2/- per term (i.e. Rs.6/- per year), the annual receipts on this account being Rs.162/- The Principal reports that the accommodation provided in the hostel is inadequate, the rooms are uncomfortable and that the present rate of rent is reasonable having regard to the nature of the accommodation. I am of opinion that the present rent is too low and should be raised. Accordingly I recommend that the rent may be raised to Rs.12/- a year (i.e. Rs.1-8-0 a month per student for eight months in the year.)

G.O. No. 895 Edn 14/12/33 p. 6 of (9)

(ix) Govt. Victoria College, Palghat: The boys' hostel is accommodated in one public and three private buildings. No expenditure from provincial funds is incurred on rents for the private buildings. The public building can normally accommodate 102 students in all its 48 double and two treble rooms. In order to meet the increased demand for hostel facilities, the Principal has added one more student to each of these 50 rooms with the result that the number of students living in the hostel had increased to 152. The rate of rent collected from the students is Rs.12/- per year per head (i.e. Rs.1-8-0 a month for eight months in the year). The increase in rent receipts on account of the extra number of 50 students admitted in the hostel is about Rs.600/- a year.

The rent collected in this hostel is low compared to the hostels of other Govt. Arts Colleges except the Govt. College, Mangalore. I, therefore, recommend that the rate of rent may be increased from Rs.12/- to Rs.16/- a year per head (i.e. Rs.2/- per month for eight months in the year.)

(x) Engineering College, Guindy: The hostel has 72 single rooms and 172 double rooms all of which can normally accommodate about 416 students. But the number of students now living in the hostel is reported to be 580 consequent on almost all the double rooms having three students instead of two each. The rates of rent now charged are Rs.35/- a year for single room and Rs.50/- a year for double room as fixed in G.O.No.Ms.411(L.E.) dated 23-3-25. **Though** the number of students in the hostel has increased by 164, there is no corresponding increase in rent receipts because the rent of Rs.50/- for the double room is shared by the three students. The Principal reports that the present rates of rent are quite fair considering the accommodation and the amenities provided for the students and also the capital expenditure incurred on the construction of the buildings so far back as 1920.

A

page 37-38

In this

5

In this hostel rent is fixed for each room and not for each student as in other hostels where an increase in the number of students consequent on the rooms being occupied by more than the normal number of students results in a corresponding increase of receipts fom the rent. I therefore recommend that rent may be collected at the rate of Rs.25/- per year per student when more than two students occupy a single room or two or three students occupy a double room. When only one student occupies a single room a rent of Rs.35/- may be collected as at present.

(3)

6. In this connection I invite the attention of Government to their order No.Ms.411 L.E. dated 23-3-1925 in which it has been observed that 'hostels attached to Govt. educational institutions are not constructed with the intention of recovering rent from the occupants'. Having regard to this observation and also to the fact that the present rates of rent have been in force for a long period, it is not reasonable to increase the rates merely because the rents for private buildings have increased. Moreover the receipts from hostel rent have already increased by about Rs.3,200/- on account of the additional number of students taken into the hostels, and so the rates of rent cannot fairly be increased when the available accommodation and amenities are now shared by a larger number of students than they are intended for.

pages 37-38 of (T)

Summing up I have the honour to recommend (i) that the present rates of rent need not be raised except in the case of the hostels attached to the Government College, Mangalore, Government Victoria College, Palghat and the Engineering College, Guindy (ii) that in **respect** of these three hostels the rates of rent may be increased as recommended in paras 5 (viii) (ix) and (x) above, and (iii) that the increased rates be given effect to from the academic year 1948-49.

7. As Government have called for a report in respect of the hostels attached to Government Arts and Engineering Colleges only, no mention is made in this report about the hostels attached to Training colleges. If necessary, a further report with regard to these hostels also will be submitted.

PARA (i) The rent now charged for a single room in the Engineering College, Guindy is Rs 35/- (Rs Thirty five) a year as fixed in G.O.No. 411, Law Education, dated 23-3-25 The figure "25" in line 6 in para 5(x) of my letter R.C No. 388 - A2/47, dated 24-1-1948 is a typographical [illegible] for "35".

PARA (iii). The present rates of rent in the hostels attached to the Govt. College, Mangalore and the Govt. Victoria College, Palghat are Rs 6 and Rs 12/- a year respectively. According to the recommendations already made for increasing the rates to Rs 12/- and Rs 16/- a year respectively, the rate is exactly doubled in respect of the former college while the rent in the other college is raised only by one third. Moreover the accommodation in the hostel of the Govt. College, Mangalore is ~~[illegible]~~ reported to be inadequate and the rooms uncomfortable. It is not therefore, reasonable to place this college on a par with the Govt. Victoria College, Palghat and increase the rent further.

PARA (iv). The rent of Rs 3/- a month collected from the students of the Woman students' Hostel, Govt. Victoria College, Palghat was fixed in G.O.No. Ms 925, Edn., dated 19--6--1945.

As regards the Arthur Hope College of Technology, Coimbatore, there is no Government order fixing the rate of rent at Rs 25/- a year. On the recommendation of the Principal, I have ordered the collection of rent @ Rs 25/- a year from the students of this hostel from the academic year 1946-47 pending the approval of Government, whose orders in the matter on my letter R.C. 183-K.2/48, dated 1-3-1947 in reply to their No. 33490-A/45-14 Edn., dated 4-7-1946 and No. 61716-A/46-3-Edn., dated 12-12-46 are still awaited. ✓

PARA (v). The following report is submitted in regard to the revision of rents in the hostels attached to Government Training Colleges:-

65

1. Govt. Training College, Rajahmundry. The hostel is accommodated in a private building on a rent of Rs 60/- a month. There are 33 students in the hostel paying a rent of Rs 3-10-0 or Rs 2--8--0 a month per head according as the upstairs or the downstairs rooms are occupied. The rent collection from the students amounts to Rs 905/- a year. As no expenditure is now incurred from Provincial funds towards the hostel rent, there is no need to raise the rent recoverable from the students.

2. Lady Willingdon Training College for women, Triplicane. The graduate hostel attached to this college can normally accommodate only 38 students, but its present strength is 44. The present rate of rent is Rs 3/- per term or Rs 9/- per year. As this rate is low, I recommend that it may be increased to Rs 6/- per term or Rs 18/- per year as is collected in the Queen Mary's College. The consequential increase in rent receipts will be Rs 396/- per year on the basis of the present strength of the hostel.

3. Teachers' College, Saidapet. There are now 77 students in the hostel which can normally accommodate about 100 students. The present rates of rent are Rs 3-4-0 for single room and Rs 4-8-0 for a double room if occupied by one student and Rs 5-8-0 if occupied by two. These rates are quite reasonable and need not be increased.

2. The hostel attached to the Government College, Mangalore has been shifted to two private buildings consequent on the occupation of the hostel building by the training department of the college - vide in this connection G.O.1597-Education dated 21.6.1948. Hence the proposal made in para 5 (viii) of my letter R.C.388-A2/47 dated 24.1.1948 to increase the hostel rent need not be considered.

---

I have the honour to state that the appointment of part-time Assistant Lecturers on about Rs.120/- pay may not be a practicable proposition, if such persons are not regular members of the staff and have no contact with the students except in the hostel. It would be far better if resident tutors or Assistant Lecturers are appointed on an allowance for every hostel in addition to the usual Deputy Warden at the rate of one for every 30 or 40 pupils. They should reside in the hostel and should, therefore, be unmarried or living alone. Rent free accommodation should be provided for them in addition to an allowance of about Rs.25/- a month.

M/

As regards the proposal to meet the extra expenditure by raising the rent charges, I feel that such a proposal would be unpopular, particularly in the present circumstances when every hostel is overcrowded. As the expenditure will not be considerable, the cost may be met from out of Provincial Funds. If, however, Govt. desire that this should be met by the students, detailed proposals will be called for from each Principal so that the scheme can be brought into effect by the next academic year.

Yours faithfully,

for Director of Public Instruction.

I have the honour to submit the following proposals for the employment of resident Tutors or Assistant Lecturers, in addition to the existing Deputy Wardens, in the hostels attached to Government Arts and Professional Colleges.

2. There is no need for the employment of resident Tutors or Assistant Lecturers in the following hostels in addition to the existing Deputy wardens (Strength indicated in brackets).

1. Women's hostel of Government Arts College, Anantapur (22)
2. do. Presidency College, Madras. (60)
3. do. Govt.Victoria College,Palghat. (34)
4. Hostel attached to the Queen Mary's College, Madras (202)
5. do. Govt.College, Coimbatore. (55)
6. do. Govt.Brennen College, Tellicherry (25)
7. do. Govt.College, Mangalore.(19)

In the Women's hostel attached to Government Arts College, Anantapur two Women members of the staff are residing. For the women's hostel of the Presidency College, Madras, there are already one resident Assistant Lecturer (Woman) as Deputy Warden and one resident full-time Matron. The strength of the Women's hostel of the Government Victoria College, Palghat and the hostels attached to the Arts Colleges at Coimbatore, Tellicherry and Mangalore do not warrant the employment of resident Tutors or Assistant Lecturers. It is not known whether any of the women members of the staff of Government Victoria College, Palghat are residing in the Women's hostel. As regards Queen Mary's College, there is already provision for the residence of 12 members of the staff in the hostel.

3. In the hostels attached to other Government Arts Colleges one resident Tutor or Assistant Lecturer may be allowed for every 40 students in the hostel. In regard to the Government Professional Colleges I do not consider that the atmosphere warrants as much control or supervision as in the case of Arts Colleges. One resident member for 100 students seems sufficient in the hostels attached to Professional Colleges. There will be a need for 20 resident members in respect of Government Arts Colleges and 19 in respect of Government Professional Colleges as shown below--

Arts Colleges.	Strength of hostel.	No. of resident tutor or lecturers.

The D.P.I. is requested to state the basis on which he has proposed the appointment of one resident tutor or Asst. Lecturer for every 40 students in hostels attached to Govt. Arts Colleges and for every 100 students in hostels attached to Professional Colleges. It has been suggested in this connection that a beginning may be made by the appointment of a resident tutor or asst. lecturer for every 100 students in each college, both for Arts and Professional, any adjustment found necessary being considered later, on receipt of a preliminary report on the working of the system. It has also been suggested that ~~ix~~ it is enough if an allowance of Rs.15 a month is paid to each resident tutor or asst. lecturer in addition to rent-free accommodation and that the expenditure involved may be taken into account in fixing the rent leviable from students. The Director is requested to offer his remarks on these suggestions and to submit detailed proposals ~~with the rates of rent to be collected from students in each hostel.~~ with an revised estimate of the extra expenditure involved:

---

With reference to the above Government Memo. I have the honour to state that I proposed the appointment of one resident Tutor or Assistant Lecturer for every 40 students in hostels attached to Government Arts colleges and for every 100 students in hostels attached to Government Professional Colleges, considering the atmosphere in the two classes of institutions. In the case of professional colleges, the atmosphere does not warrant as much control or supervision as in the case of Arts colleges and so one Tutor for ~~xxx~~ 100 students was suggested. Regarding the suggestion that a beginning may be made by the appointment of a resident Tutor or Assistant Lecturer for every 100 students in the hostels attached to both Arts and Professional colleges, I may state that it would not be of any advantage as it would be impossible for one Tutor or Assistant Lecturer to guide or supervise 100 students. If the supervision is to be effective, the number should be small. I would suggest 60 students as the maximum for one Tutor or Assistant Lecturer in respect of Arts college hostels.

2. As regards the suggestion that it is enough if an allowance of Rs. 15/- a month is paid to each resident Tutor or Assistant Lecturer in addition to rent-free accommodation and that the expenditure involved may be taken into account in fixing the rent leviable from students, I may invite the attention of Government to my letter RC No. 1829 K2/48 dated 1-10-48 and state that the allowance of Rs. 25/- a month besides rent-free accommodation suggested by me is very modest and reasonable and that any step to meet the additional cost involved by raising the rent charges leviable from students would be unpopular and, therefore, not desirable. An allowance of Rs. 15/- a month would be too meagre. If, however, the Government still insist on economy, I am prepared to accept the figure rather than drop the scheme.

Sub: Hostels - Arts and Professional Colleges - employment of Resident Tutors - remuneration - regarding.

In their order No.1245 Education dated 19-4-50, the Govt. approved the proposal of the Director of Public Instruction, Madras to appoint Resident Tutors at the rate of one for every sixty student in hostels attached to Govt. Arts Colleges and at the rate of one for every hundred student in hostels attached to Govt. Professional Colleges in addition to the usual Dy.Wardens, In para 2 of the said order, the Govt. sanctioned the provision of Rent Free quarters to the Resident Tutors, in addition to the payment of an allowance of Rs.15 p.m.

2. In the first instance, it was ordered that the Resident Tutors should be appointed from among the non-gazetted members of the teaching staff. Subsequently, the scheme was made applicable to the gazetted members also and it was ordered that in the absence of suitable non-gazetted members of the teaching staff, the gazetted members may be appointed as Resident Tutors and that they be paid Rs.30/. p.m. as remuneration for the additional work - vide G.O.Ms.No.1294 Education dated 26-6-58.

3. In Govt. memo.No.78554-Allowances - 58 - 2 dated 8-9-58, from the Finance Department, an amendment has now been issued to the Madras Manual of Special Pay and Allowances, Volume-II to the effect that members of the teaching staff appointed as Resident Tutors in hostels attached to the Govt. Arts, Training and Engg. Colleges may be paid a remuneration of Rs.15/- p.m. in the case of non-gazetted members and Rs.30/- p.m. in thecase of gazetted members and that such remuneration shall be classified under 'Miscellaneous Compensatory Allowances - (f) Other Compensatory Allowances'. No mention has been made in this memo, regarding the provision of rent-free quarters. It is presumed that the statutory provision in the Madras Manual of Special Pay and Allowances, Vol.II introduced by the above memo will not supersede the original sanction of Govt. contained in their Order No.Ms.1245 Edn. dated 19-4-50 and that the Resident Tutors are eligible for rent-free quarters in addition to the usual allowance of Rs.30/- p.m.or Rs.15/- p.m. as the case may be.

---:o0o:---

p.53cn (L)

In G.O. Ms.No.1245.Edn. dt. 19.4.50, the Government approved the proposal of the Director of Public Instruction, Madras for the appointment of Resident Tutors in hostels attached to Government Arts Colleges and Government Professional Colleges on a remuneration of Rs. 15/- p.m. The nature or classification of this remuneration was not specified anywhere. In the absence of specific instructions, the Principals were treating it as special pay as in the case of remuneration paid to Deputy Wardens in Hostels, with the result that the Resident Tutors' remuneration was taken into account for purpose of calculation of Dearness Allowance due to the Assistant Lecturers acting as Resident Tutors. In their memo. No. 78554/Allces/58-2 Finance dated 8.9.58, the Government have clarified that the remuneration paid to Resident Tutors may be treated ~~as~~ as "Miscellaneous compensatory allowance-other compensatory allowances". There upon, the Accountant General is now insisting that excess Dearness Allowance paid to the teaching staff members, taking Resident Tutor's remuneration as "Special Pay" should be recovered in full.

p.170 (Y)

21

2. Such a ~~same~~ case has been detected in the Government College of Technology, Coimbatore. Sri T.K. Bhaskaran, Assistant Lecturer in Mathematics of the College was acting as Resident Tutor from 12.11.55 to 4.4.59, in the College Hostel. The Principal, Govt. College of Technology, Coimbatore has reported that a sum of Rs. 23-30 has already been recovered from Sri Bhaskaran towards excess Dearness Allowance drawn by him from 8.9.58, the date of Government memo. No.78554/Allces/58-2 Fin. and that if the orders in the Government Memo. are given retrospective effect and the recovery ordered, a sum of Rs. 101-57 will have still to be recovered from the Assistant Lecturer, by way ~~my~~ of excess Dearness Allowance drawn by him during the period from 12.11.55 to 7.9.58. It will be a real hardship, if the Assistant Lecturer is asked to repay Rs. 101-57 at this stage, that too when he cannot be held responsible in any way for the excess drawal of the Dearness Allowance. The Principal as the Pay Disbursing Authority, cannot also be held responsible wholly. For, there does not appear to have been any definite instruction regarding the treatment of the remuneration paid to Resident Tutors, for about eight years.

p.170 (Y)

p.t.o.

--2---

42 84

3. In the above circumstances, I recommend that the
Government may be pleased to waive~~r~~ the recovery of Rs. ~~101-57~~
101-57 from Sri T.K. Bhaskaran, Assistant Lecturer in Mathematics
Govt. College of Technology, Coimbatore, towards excess Dearness
Allowance drawn by him during 12.11.55 to 7.9.58., taking into
account the Resident Tutor's remuneration as special pay.
In the alternati~~ve~~, the Government may be pleased to issue
directions to the Accountant General to the effect that the
orders contained in Government Memo. No.78554/Allces/58-2
Fin. dt. 8.9.58 need be enforced only from the date of issue
of the order viz. 8.9.58 and that past cases need not be re-
opened now.

X

I request the favour of early orders of the Government in the matter, as the Accountant General has held the case under audit objection.

Please see the Fin Secy's note on the previous page. As regards hostels attached to edn. institutions the position is as follows:— Rent is collected ~~[illegible]~~ from Students according to rates fixed by the P.W.D. if the building belongs to Govt. The boarding charges including the pay of cooks, menials &c, electric charges, water charges &c are also met by the Students. The only expenditure ~~borne~~ met by Govt. is that on account of the pay of the Dy. warden — Rs 15/- if he is a Subordinate Service officer and Rs 30 if he is a Gazetted officer. | A

If the hostel building is a rented one | B

B | the ~~Govt meet~~ the Students pay 8 months rent and the Govt 4 months rent.

In the circumstances no further action seems to be necessary. Finance may see.

B on pp 2-3 above. E & P.H. have stated that in respect of private buildings, taken by the Govt. on rent for housing hostels, the students pay 8 months' rent while the Govt. meet the rent of the remaining 4 months. Over and above the loss of the 4 months' rent met by Govt., there may be, in certain cases, further loss to Govt.

owing to the number of inmates being small. In view of the large rise in costs and the consequent increase in the total recurring loss to Govt., in the case of ~~on account of~~ rented hostel buildings, E & P.H. may be requested to take up individual cases of this kind and consider whether according to the present market rates the rate of rent recoverable from the students for the accommodation provided cannot be raised slightly with a view to minimising the net ~~loss~~ loss to the Govt.

Pl. see the note of Fin from p3 ante. In 1937, the question of revising the rent charged in Residential hostels attached to Govt. In view of this, it is for consideration whether the question should be reconsidered and if so, it may be done in consultation with the DPI.

2/ E.P.H. have drawn attention to the then H.P.M.'s minutes in G.O. 2019, Edn, dated 25-8-38, wherein it was decided to drop the question of increasing the rates of rent levied from students living in Govt. hostels ~~hospitals~~. Attention is invited to the notes of this dept. on pp. 27-30 of the above mentioned G.O. It will be observed therefrom that the question did not then arise ~~out~~ ~~because~~ of any ~~the~~ necssity to recover sufficient rent, to cover the expenditure incurred by the Govt. as is now the case, but was examined for the reasons ~~for the consideration~~ stated at 'B' on page 27 of the G.O. Owing to the acute shortage in housing-accommodation in the Madras City and mufassal towns, now prevailing, and the consequent steep rise in the rents of ~~the~~ buildings, the Govt. are put to a loss on account of maintaining hostels and the raising of the rates of rent charged to students was ~~are~~ suggested with the sole view of minimising the loss to Govt.

In the circumstances E.P.H. may kindly be requested to reconsider the question, with reference to 'C' on page 4 above, in consultation with the D.P.I., if necessary.

The position has materially changed since the question was last considered in 1938.

The students will have to pay higher rates of rent, if they stay in private quarters outside the hostels. They should, therefore, not demur to ~~pay~~ some increase in the rents payable to the Government ~~at least the actual rent paid by the Government for the hostel buildings for the whole year~~. In the circumstances, this Department may reiterate that the whole question may now be re-examined in consultation with the ~~xxx~~ Director of Public Instruction with a view to reducing the ~~avoid any~~ loss to the Government as far as possible.

Our hostels today are mere boarding homes where nothing else is provided except convenience for eating and sleeping. This is a negation of the hostel idea. There must be proper supervision as well as guidance for the students in the hostels. The habits developed in hostels in many places is something very horrid and I think it is time that we look into these matters now.

It is necessary that we should employ some part time assistant

~~xxxxxxxx~~ tant is

lecturers and give them sufficient leisure so that they may take care of the hostel generally and take care of the boys individually if possible. For that purpose we can levy an extra fee in the hostels for example, if there are 60 boys and if we are charging only Rs.3 for rent, we can charge Rs.5 rent and make it Rs.180 and employ graduates at that pay, so that with the extra levy that is received from these boys, we can employ these fresh people for the better management of the hostel and guidance of the boys. The D.P.I. may be asked to consider from this point of view and put up proposals for all the Government hostels.

He therefore suggests that resident Tutors or Asst. They are to be provided with rent free accommodation and are to be allowed an allowance of Rs.25/- p.m. The Director states that resident members need be appointed only in the hostels attached to the colleges specified in para 3 of his letter, dated 20-1-49. Finance (E.I).

(Previous Fin. notes on pp.9 and 11 above)

With reference to the minute in circulation on pp.9--10 above, Edn.& P.H. have obtained the further reports for the employment of resident Tutors or Asst. Lecturers in the hostels attached to Govt. institutions--vide pp.31 and 37-38C.F. The D.P.I. considers that the appointment of part-time Asst. Lecturers on about Rs 120 p.m. may not be a practicable proposition and has proposed --

(a) the appointment of resident Tutors or Asst.Lecturers or Asst.Lecturers at the rate of 1 for every 40 students in a hostel in the case of Arts Colleges and at the rate of 1 for every 100 students in the case of Professional Colleges, in addition to the usual Dy.Warden.

(b) the provision of rent free accommodation and the payment of an allowance of Rs 25 p.m. to them.

para 3, p 37 C.F.
p. 31 C.F.
para 4, p 38 C.F.

2. This Deptt. may agree that it is also cheaper to allow resident Tutors rather than engage part time Asst. Lecturers on Rs 120 p.m. As the students attend College during working hours the purpose H.M.(Edn.) has in view may be ~~obtained~~ achieved by the employment of resident Tutors as proposed by the D.P.I.

3. As regards the scale of Tutors proposed in (a) above, it is not clear on what basis 40 students have been considered sufficient in the case of Arts Colleges and 100 in the case case of Professional Colleges. Perhaps a beginning may be made with a uniform basis of 100 in all colleges, any adjustment found necessary being ~~dealt with~~ considered later on receipt of a preliminary report in the matter.

This may be further considered
15/3

Secondly an allowance of Rs 25 p.m. has been proposed for these Tutors and that in addition to the provision of rent free accommodation. The provision of rent free accommodation may be agreed to. As rent free accommodation in the cities is an important factor to be reckoned especially in in the Madras City, it would seem that the payment of an allowance to those employed in the City may be considered later if sufficient number of Tutors are found to be not forthcoming. As regards the mufassal stations, it may be observed that even for a woman deputy warden only a special pay of Rs 15 p.m. was sanctioned in G.O.925 Edn.d/19-6-1945. This Deptt.may suggest that Rs 15p.m. may suffice in mufassal places.

Members of the Edn. Dept who do hostel duties now are given the concession of free quarters and a class II off. [illegible] in addition - Rs 15 if non gazetted & Rs 30 if gazetted.
p.3 C.F.(A).
- see lists under class II and class [illegible] in the Allowance Manl. Vol. 4. The same concessions may be given here

I agree with A.S.

14

A

4 In his minute on p.10 above H.M.(Edn.) opined that the purpose can be served by levying an extra fee in the hostels. No additional expenditure on this account is contemplated. The levy is likely to be small and the rent collected from the students may be suitably enhanced to cover this factor. The D.P.I. seems to feel that the proposal would be unpopular - vide 'M' on p.31 C.F. As no extra additional expenditure seems to have been contemplated by the Govt., this Deptt. may suggest that as the additional levy in this case is not appreciable, this may may also be taken into account and the rent proportionately enhanced. This will avoid further extra cost to Govt. at a time of financial stringency.

5 With the above remarks the case may be returned to Edn.& P.H. who may be requested to formulate definite proposals in the light of the above remarks and to obtain a statement of revised extra cost to the Govt. when the financial procedure to be followed may be indicated.

It was originally proposed to raise the hostel fees in order to meet the inflated working costs. It is now proposed to utilise the additional revenue in the interests of the ~~[illegible]~~ students themselves, by way of improving the tone of the hostel & making it a happier & healthier place to live in. The letter of the D.P.I. d. 17.5.49 may be perused. The Director states that it will be of no advantage ~~to appoint~~ an Asst. Lecturer or a resident tutor for every 100 students in the hostels attached to Arts colleges, as it will be impossible for him to guide or supervise 100 students. He therefore suggests ~~that~~ 60 students as a maximum for one Tutor or Asst. Lecturer in respect of Arts College hostels. His suggestion may be accepted.

FINANCE (ALLOWANCES I) DEPT.

The notes of E.P.H. op. 1 above may be perused. Also see the note of this Department on page 13 N.F. of (L). This Department have recommended the grant of the concession of free quarters and a Class II Special pay in addition(given to the members of the Education Department who do hostel duties) to the Tutors in question. Though the grant of special pay is contemplated in the note of this department, at the time of issuing orders, only an allowance of Rs 15/- or Rs 30/- was sanctioned in G.O.MS. 1245, Education, dated 19-4-1950 and G.O.MS. 1293, Education dated 26-6-1958. The orders issued in the G.Os. were accordingly manualised classifying it as a compensatory allowance - vide - Finance Memo. No. 78554/Allces /58-2, dated 8-9-1958. Please see, in this connection, the letters from and to the A.G. on pages 13-15 of (Y). There seems to be no need for a further consideration in the matter. The allowance granted in the G.Os. referred to above may continue to be treated as 'compensatory allowance'. The ~~D.P.I.~~ Director of Technical Education has not also raised any points in regard to this.

It is stated that in the absence of specific instructions, the Principals were treating the said allowance as 'special pay' and it was taken into account for the purpose of calculation of dearness allowance due to the tutors. In the absence of specific instructions treating it as special pay, the action of the Principals in having treated the said allowance as special pay is ~~highly~~ irregular. The fact that the allowance was continued to be treated as special pay even after the issue of this Department Memo. dated 8-9-1958 is highly irregular. This requires ratification.

Private Buildings - Govt. Arts College, Anantapur -

para 20 in 11 C.F.

In addition to the public buildings in which the main hostel is located, three private buildings have been taken over for hostel purposes. Of these, two are used as an additional hostel for boys while the other is used for the women students' hostel. The number of students now living in the additional hostel for boys is 61. The ~~xxxx~~ total rent for the two buildings is Rs 180/- a month but the expenditure from Provincial Funds is limited to four months rent while the balance of eight months' rent is recovered from the students with reference to G.O.Nos.Ms.1657, Edn., dated 19-10-1945 and Ms.No.2003, Edn., dated 19-10-1946. One of the two buildings was given up from 7-12-47 with a view to taking over a larger building with reference to G.O.No.Ms.2341, Education dated 3-11-1947.

In the matter of rent for private buildings taken over for hostel use, Government are ordinarily following the policy of bearing the expenditure on four months' rent while the balance of eight months' rent is recovered from the students. It is not desirable to change this policy and throw a greater share of the expenditure on rents on the students for the reasons that these students would not have to pay more than eight or nine months rent if they were provided with hostel accommodation in public buildings and that if a greater share of the expenditure is thrown on the students they would have to pay more than what the students living in public buildings are now paying. I am therefore of opinion that it is not necessary to increase the rate(s) of rent now recovered from the students of the above (two) hostel(s).

The total rent for the two buildings @ Rs 180/- a month comes to Rs 2,160 per annum, out of which 8 months' rent or Rs 1,440 is recovered from the students. The total number of students living in the hostel was 61. * This works upto Rs. 3/- per mensem for each student for eight months. (not known in how many instalments the rent is) ~~But~~ It is being collected from the students. In G.O.No.2341, Edn., dated 3-11-1947, the Government have sanctioned the proposal of the D.P.I. to rent a bigger building at Rs 350/- p.m. for the purpo of the hostel on the understanding that 8 months' rent will be recovered from the students and the balance of 4 months' rent will be borne by the Govt. If the policy of recovering only 8 months' full rent from the students is to remain, it is sufficient to inform the D.P.I. that he should see that such recovery is actually made every year in respect of all the private buildings now in use. The hostel was opened only this year. The rent for the building occupied by the hostel is Rs 68-12-0 a month. In G.O. No.Ms.146, Edn., dated 28-1-1947, Government have ordered that rent should be recovered from the students so as to cover eight months' rent for the building. The Principal is accordingly collecting rent from the students at the rate of Rs 2/8/- per head for nine months in the year. The collection from students will bring in about Rs 608/- a year which is more than enough to cover eight months rent. X

A In the matter of rent for private buildings taken over for hostel use, Government are ordinarily following the policy of bearing the expenditure on four months' rent while the balance of eight months' rent is recovered from the students. Finance (Expr.C) Department.

The total rent for the building per annum comes to Rs 825. Apparently 27 students are residing in the hostel. It is stated that rent is being collected from students at the rate of Rs 2/8/- p.m. for 9 months in the year and that collection from students will bring about Rs 608, which is more than enough to cover eight months' rent for the building. The balance to be borne by the Government is about Rs 217/-. It seems that the rate per student can be increased to Rs 3/- p.m. without much hardship and collected in 9 instalments as at present.

para 3(1) on p12 C.F.

Women Students' Hostels - Govt.Arts College,Anantapur -

v p 3 of (W)

The position of this hostel is different in regard to the recovery of rent. In G.O.No.Ms.1702,Edn.,dated 3-9-1946 Government sanctioned the payment of a rent of Rs 40/- a month for the private building occupied by this hostel and ordered that rent should be collected from the students at Rs 2/8/- a month per head for eight months in the year. As the number of students in the hostel is only 12, the rent collected from them cannot cover more than six months' rent for the building in a year. In the case of this hostel Government have not limited the expenditure from Provincial funds to four months rent only. The rate of rent now collected from the women students (viz. ~~public buildingxxxxofxthex~~ Rs 2/8/- a month) corresponds to the maximum rent fixed for the public building of the boys' hostel. As the number of students in this hostel is limited it would be a hardship on the students to make them bear eight months' rent as in the case of the boys' hostel building. I therefore recommend that the present rate of rent may be continued without any increase and that Government may continue to incur the present expenditure on rent for the private building occupied by the hostel.

B.

Remarks of the Edn.& Pub.Health Deptt.

The D.P.I. considers that no increase should be made in the rents levied from the students for the reasons stated above. His view may be concurred in.

The rent for the building per annum comes to Rs 480/- and (the amount recovered) ~~from students~~ at the rate of Rs 2-8-0 per month for 8 months from 12 ~~xxxx~~ students comes to Rs 240/- which is just half the rent payable by the Government. It seems also that the hostel can accommodate more than 12 students in which case a little more rent can be realised. If the rent per head is increased to Rs 3/- p.m. and it is collected for ~~eight~~ nine months from 12 students as at present, it would bring in a total amount of Rs 324/- for a year. This will cover 8 months' rent payable by the Government. Women Students' Hostel - Govt. Victoria College, Palghat -

The women students' hostel is accommodated in two private buildings the rent of which is Rs 100/- a month. The number of students living in the hostel is 34 and the rate of rent collected from each is Rs. 3/- per month for nine months in the year. The receipts from room rent amount to Rs 918/- a year i.e. more than nine months' rent for the buildings. As the rate of rent collected from the students is already high compared to that paid by the students living in the public buildings and as the receipts from rent cover more than eight months' rent, it is not necessary to increase the rent so long as the present number of students continue to reside in the hostel.

Public Buildings - Govt. Arts College, ~~Xx~~ Anantapur -

A For the public building occupied by the main hostel, rent is now recovered from each student at the rate of Rs. 2/- in the old block, Rs. 2/4/- for the ground floor rooms of the new block and Rs 2/8/- a month for the first floor rooms of the new block. Ordinarily these buildings can provide accommodation for about 124 students only but in view of the increased demand for hostel accommodation, the Principal has lodged 156 students. The increase in rent receipts on account of the extra number of 32 students amounts to Rs 600/- a year. Having regard to this increase, it is not necessary to raise the rates of rent. Moreover, the Principal has urged that as the majority of students of the college come from poor Agricultural families, the present rates of rent should not be increased because even the tuition fees levied in the college are lower for the reason that the college caters to the needs of Districts that are educationally backward and financially poor. I agree with the Principal's views.

A | **Public Buildings - Govt.Arts College,Rajahmundry** - The hostel is located in a public building which can normally accommodate about 70 students. The rates of rent charged are Rs 2/8/- and Rs 1/12/- per head per month for the upstairs and the downstairs, respectively. Owing to the rush for admission to the hostel, the Principal has provided accommodation for 100 students by adding one more student to each of the ~~300~~ 30 rooms in the hostel building. The increase in receipts from rent on account of the 30 extra students taken into the hostel will be Rs.770/- per year. In view of this increase and in view also of the fact that the accommodation provided for the students has diminished while the rates of rent remain the same, it is not necessary or ~~justifia~~ justifiable to increase the prevailing rates.

The hostel is temporarily located in the military buildings taken over from the Labour department. There are 190 students in the hostel but the building can normally accommodate only 104 students. The rate of rent charged from each student is Rs 6/- a month as fixed by the Executive Engineer. This rent itself is considered high having regard to the nature of accommodation provided for the hostel inmates. The Principal reports that the buildings are of a very temporary nature with poor roofing, broken doors and windows and that the rent for these buildings cannot therefore be fixed according to the usual method adopted for pucca buildings. He has already made representations in the matter to the Executive Engineer. A In these circumstances I am of opinion that while there is no justification for increasing the rent, there is a case of reducing the rate.

The hostel can normally accommodate about 150 students. Rent is collected at the rate of Rs 6/- per head per term (i.e. Rs 18/- per year). It has been reported that due to rush for admissions the double rooms now hold three students each and the other rooms as many students as their size can accommodate. The number of students now living in the hostel has therefore increased to 199. As the present strength of the hostel exceeds the normal complement by about 50 and the increase in rent receipts on account of this extra number is Rs 900/- a year, there is no need to increase the rate of rent. The boys' hostel is accommodated in one public and three private buildings. No expenditure from provincial funds is incurred on rents for the private buildings. The public building can normally accommodate 102 students in all its 48 double and two treble rooms. In order to meet the increased demand for hostel facilities, the Principal has added one more student to each of these 50 rooms with the result that the number of students living in the hostel had increased to 152. The rate of rent collected from the students is Rs 12/- per year per head (i.e. Rs 1/8/- a month for eight months in the year). The increase in rent receipts on account of the extra number of 50 students admitted in the hostel is about Rs 600 a year.

The rent collected in this hostel is low compared to the hostels of other Government Arts Colleges except the Government College, Mangalore. I therefore recommend that the rate of rent may be increased from Rs 12/- to Rs 16/- a year (i.e. Rs 2 per month for eight months in the year).

The hostel has 72 single rooms and 172 double rooms all of which can normally accommodate about 416 students. But the number of students now living in the hostel is reported to be 580 consequent on almost all the double rooms having three students instead of two each. The rates of rent now charged are Rs 35/- a year for single room and Rs 50/- a year for double room as fixed in G.O.No.Ms.411 (L.E.), dated 23-3-1925. Though the number of students in the hostel has increased by 164, there is no corresponding increase in rent receipts because the rent of Rs 50/- for the double room is shared by the three students. The Principal reports that the present rates of rent are quite fair, considering the accommodation and the amenities provided for the students and also the capital expenditure incurred on the construction of the buildings so far back as 1920.

pp 37-38 of (T)

In this hostel, rent is fixed for each room and not for each student as in other hostels where an increase in the number of students consequent on the rooms being occupied by more than the normal number of students results in a corresponding increase of receipts from the rent. I therefore recommend that rent may be collected at the rate of Rs 25/- per year per student when more than two students occupy a single room or two or three students occupy a double room. When only one student occupies a single room a rent of Rs 35/- may be collected as at present.

The present rate of Rs 9 per year for a student is very low. The D.P.I. has recommended that it may be increased to Rs 18 per year as is collected from the students of the Queen Mary's College. In the case of Queen Mary's College it has been suggested on p. 18 above, that a rent of Rs 22½ a year may be recovered from each student. Submitted that Rs 22½ a ye be recovered from the students of the Lady Willingdon Tra College also.

Remarks of the D.P.I.

Teachers' College, Saidapet - 77

There are now 77 students in the hostel which can accommodate about 100 students. The present rates of rent Rs 3/4/- for single room and Rs 4/8/- for a double room if occupied by one student and Rs 5/8/- if occupied by two. These rates are quite reasonable and need not be increased.

Remarks of the Edn.& Pub.Health Department.

The Director recommends that the present rate of rent need not be ~~xxx~~ raised. This recommendation may be accepted.

Finance (Expr.C) Department.

It is for consideration whether the rate for single rooms may be increased to Rs 3/8/- p.m. and of double rooms to Rs 6/8/- p.m. if occupied by two persons.
