below

In enclosing herewith a copy of the letter received from the Chief Inspector of Physical Education, I may state that I submitted to Government for consideration in connection with Part II Scheme for 1949-50 the following two proposals.

1. Opening of additional three centres at the places mentioned below for the training of Physical Education teachers(i)Saidapet, (ii) Rajahmundry and (iii) Bellary.

2. To start with, appointment of four additional Physical Directors designated as Deputy Inspectors of Physical Education attached to 4 District Educational Officers and appointment of two additional officers designated as Assistant Inspectress of Physical Education attached to 2 circles.

Y/P27CF

But in G.O.Ms.No.2860-Education dated 15.11.1948,Government have deferred these schemes but in view of the large need for Physical Education teachers especially when Physical Education is to become a compulsory subject for teachers training and examination as inferred from the appointment by Government in G.O.Ms.No.3038-Education dated 2.12.1948 of a Committee for the purpose, I request that Government may be pleased to reconsider the orders passed in G.O.No.2860-Education dated 15.11.1948.

Physical Education--Postwar Schemes--Appointment of additional staff for supervision--Opening of new centres for Training of Physical Education Teachers.
Refce.:--Your proceedings R.C.No.2775-E2/48 dated 30.11.1948.

I request the Director to be good enough to press for the sanction of the 2 proposals which are approved Post-War Reconstruction schemes. Since the Government of India give a half grant to such approved schemes, the expenditure to be incurred by the Provincial Government will be half of the proposed estimate, namely

1. Rs. 27090 for the creation of 4 more posts of men Regional Inspectors of Physical Education and 2 posts of women Regional Inspectors of Physical Education.

2. Rs. 20500 for establishing 3 more centres for the training of Physical Education Teachers for a period of five years only.

Since the total amount thus becomes less than half a lakh, and since progress in Physical Education depends entirely on giving effect to these 2 proposals, a strong plea may be made to Government to reconsider their orders in G.O.No.Ms.2860-Edn.,dated 15.11.1948.

The Dy. Secretary said he would send this separately. This file need not be held up
2/10/49.

In inviting your attention to the Government orders cited above I have the honour to submit the following schemes for consideration in connection with the Part II of the Budget Estimate for 1950-51.

1. Opening of an additional Training Centre for Physical Education teachers at Anantapur; and

2. Appointment of four additional Physical Directors designated as Inspectors of Physical Education attached to four District Educational Officers and appointment of two additional officers designated as Assistant Inspect~~ors~~ resses of Physical Education attached to two circles.

It is quite essential in the interests of Physical Education to have more Regional Inspectors of Physical Education as the present number of four Regional Inspectors of Physical Education is quite inadequate for effective supervision of all the secondary schools in this Presidency, since the number of Secondary schools is swelling up year after year and the Regional Inspectors have therefore to supervise and guide a larger number of unqualified Instructors or class teachers, in the absence of instructions and also in much greater detail than qualified instructors on the lines of work to be followed. At present the Regional Inspectors of Physical Education are able to inspect schools only at an interval of 3 to 5 years. This arrangement is far from satisfactory. Unless and until it is made possible to have the schools annually inspected in Physical Education work, appreciable progress cannot be made. Most of the schools donot possess qualified Physical Education teachers due to dearth of qualified hands. If more Regional Inspectors of Physical Education are appointed restricting the extent of their jurisdiction, it will be possible for them to conduct annual inspections and also visit schools more often than at present to give help and directions to the managements in the conduct of an efficient and useful programme of Physical Education.

In addition to touring over six to seven districts inspecting schools, the Regional Inspectors of Physical Education have also other duties to perform as detailed below:

1. Visiting Elementary schools wherever possible and suggesting ways and means for imparting physical Education in Elementary Schools.

2. Attending meetings of Elementary Schools Teachers' Association to address the teachers on Physical Training work and to organise and conduct Model Physical Training classes, demonstrations of Physical activities and play festivals for the benefit of the Elementary School teachers.

3. Assisting District Inter School Athletic Associations.

8/

9

4. Assisting the conduct of District tournaments and Athletic Sports meetings.

5. Attending Educational conferences connected with the Physical Education work with a view to discuss and solve current day to day problems on Physical Education.

6. Organising and conducting demonstration of Physical Education activities, play festivals, sports meetings etc.

7. Organising and conducting refresher classes in Physical Education.

8. Co-ordinating and developing the programme of health and Physical Education in schools.

It will thus be seen that a single Regional Inspector of Physical Education is expected to discharge the diverse duties in relation to Physical Education work in schools distributed over 6 to 7 districts. Under these circumstances the progress of Physical Education is bound to suffer unless and until the additional Inspectors are appointed.

A

Regarding the opening of an additional Training centre for Physical Education teachers I have the honour to state that the centre may be opened at Anantapur instead of at Bellary or Rajahmundry in view of the fact that there is a college at that place providing a much more conspicuous physical education atmosphere than any other place in the Ceded Districts, and in view of the fact that it is the headquarters of the Divisional Inspector of Schools and the Regional Inspector of Physical Education.

The cost of the two proposals is indicated below:

THE Y.M.C.A. COLLEGE OF PHYSICAL EDUCATION, SAIDAPET, MADRAS 15.

29th August, 1949.

To

The Secretary to the Government
for Education and Public Health Department,
MADRAS.

Sir,

I understand that there is a proposal by Government to start additional training centres to train Higher and Lower Grade teachers in Physical Education. May I point out that this proposal was mooted out at a time when it was felt that the Y.M.C.A.College of Physical Education may not be able to train large number of trained teachers for the Province. The position today is quite different. For your information, I quote the statement given in the Inspection Report by the Joint Director of Public Instruction, Madras in his Report dated 11th April, 1949:-

> "The most obvious thing that strikes the mind of any visitor to the college is that more advantage might be taken of the extensive grounds and buildings in training larger numbers. In this respect it is urged that improvement in the hostel accommodation for men would lead to larger number being enrolled and that they can train as many as 200 men every year."

This number can go up to even 250 or even 300 if the necessary hostel accommodation can be provided.

Starting additional training centres by Government would involve heavy capital expenditure in the form of buildings, play-fields, play-courts, library, and other required facilities and also heavy recurring expenditures for staff, equipment etc.

The Y.M.C.A.College of Physical Education has extensive facilities and an experienced staff to train large number of trained teachers in Physical Education for the whole Province. All what it needs is more hostel accommodation. With Governmental help it will be possible for the college to put up immediately temporary thatched cottages to house more students. Money needed for this purpose will be very little compared to what it would involve the Government in starting additional training centres.

Yours sincerely,

In my reply I have pointed out that the College is willing and can train the 25 additional students provided certain facilities are given to the college by way of hostel accommodation for students and the ~~staff~~ necessary staff.

Out College has a beautiful campus comprising about 75 acres with extensive facilities to train up to 250 or more students in the year. The College is willing to co-operate with the Government to the fullest extent in training larger numbers.

Sir,

Ref: Your Telephone Message dated 9-11-49 regarding the training of the additional 25 teachers during the next year.

We are willing and we can train the additional 25 teachers during the year 1950-51. I herewith furnish an estimate of the additional expenditure, both recurring and non-recurring, for training the additional number of 25 teachers.

Recurring	
1. One Lecturer in Physical Education - Salary (in the scale of Rs. 150-250-20-450) with allowances, at Rs. 191-4-0 p.m., for 12 months.	Rs. 2,295-0-0
2. Contingencies for the year.	" 500-0-0
Total	Rs. 2,795-0-0

Non-recurring.	
1. Cost of 3 cottages at Rs. 2,500/- per cottage.	Rs. 7,500-0-0
2. Furniture for the 3 cottages.	" 1,250-0-0
Total	Rs. 8,750-0-0

Total of recurring expenditure	Rs. 2,795-0-0
Total of non-recurring "	" 8,750-0-0
Grand roral Rs.	11,545-0-0

Note.- The estimated cost for the construction of cottages will depend upon the price of materials available which varies from time to time.

In order to enable the College to admit the additional 25 students we will need immediately an advance of Rs. 8,750/- for completing the 3 cottages and furnish them so that the living accommodation for the students will be ready by the 1st of July, 1950.

In this connection I may point out that the College is always willing to co-operate with the Government by providing increased facilities for admitting an even greater number up to 250 students per year provided the Government is able to meet the entire additional cost to be incurred for this purpose.

Yours faithfully,

We are willing and we can train the additional 25 teachers during the year 1950-51. I herewith furnish an estimate of the additional expenditure, both recurring and non-recurring, for training the additional number of 25 teachers.

Recurring.		Non-Recurring.	
1. One Lecturer in Physical Education - Salary (in the scale of Rs.150-10-250-20-450) with allowances, at Rs.191-4-0 p.m., for 12 months.	Rs.2,295/-	1. Cost of 3 cottages at Rs.2,500/- per cottage.	Rs.7,500/-
2. Contingencies for the year.	500/-	2. Furniture for the 3 Cottages.	Rs.1,250/-
Total Rs.	2,795/-	Total	Rs. 8,750/-

A

Total of recurring expenditure	Rs.2,795/-
Total of non-recurring ,,	8,750/-
Grand total	Rs.11,545/-

Note. The estimated cost for the construction of cottages will depend upon the price of materials available which varies from time to time.

X

In order to enable the College to admit the additional 25 students we will need immediately an advance of Rs.8,750/- for completing the 3 cottages and furnish them so that the living accommodation for the students will be ready by the 1st of July 1950.

p.t.o.

19

In this connection I may apoint out that the College is aways willing to co-operate with the Government by providing increased facilities for admitting an even greater number up to 250 students per year provided the Government is able to meet the entire additional cost to be incurred for this purpose.

"It is quite essential in the interests of physical education to have more Regional Inspectors of Physical education as the present number of four Regional Inspectors of physical education is quite inadequate for effective supervision of all the secondary schools in this Presidency, since the number of secondary schools is swelling year after year and the Regional Inspectors have therefore to supervise and guide a large number of unqualified Instructors or class teachers in the absence of Instructors and also in much greater detail than qualified Instructors on the lines of work to be followed. At present the Regional Inspectors of Physical Education are able to inspect schools only at an interval of 3 to 5 years. This arrangement is far from satisfactory. Unless and until it is made possible to have the schools annually inspected in physical education work, appreciable progress cannot be made. Most of the schools do not possess qualified physical education teachers for want of qualified hands. If more Regional Inspectors of Physical Education are appointed restricting the extent of their jurisdiction, it will be possible for them to conduct annual inspections and also visit schools more often than at present to give help and directions to the managements in the conduct of an efficient and useful programme of physical education". There are at present only four Regional Inspectors and they have each to tour six to seven districts. The No. of secondary schools for boys has increased 88, from 582 in 1942 to 899 in 1948-49. It has been agreed in circulation that two more Physical Directors designated as Regional Inspectors may be appointed.

Proposal (2) ~~on page 1~~ above: To meet the large need for physical education teachers, the D.P.I. has proposed that an additional training centre for physical education may be opened at Anantapur. Since the number of candidates proposed to be trained at Anantapur is only 25, the possibility of training them in the Y.M.C.A. College of Physical Education, Saidapet, was examined. The extra cost involved in training the candidates in the Y.M.C.A. College is only about Rs 11,600/- as against Rs 15,500 necessary for opening an additional training centre at Anantapur. It is therefore proposed to train 25 candidates in the Y.M.C.A., College of Physical Education, the management being reimbursed in full from provincial funds, the additional cost involved.

EXPLANATORY NOTE.

The D.P.I. has made the following proposals for consideration as a Part II scheme for 1950-51:

(1) Appointment of four additional Physical Directors designated as Regional Inspectors of Physical Education.

(2) Opening of an additional training centre for physical education at Anantapur.

Proposal (1) above: The D.P.I. has reported in this connection as follows:

"It is quite essential in the interests of physical education to have more Regional Inspectors of Physical education as the present number of four Regional Inspectors of physical education is quite inadequate for effective supervision of all the secondary schools in this presidency, since the number of secondary schools is swelling year after year and the Regional Inspectors have therefore to supervise and guide a large number of unqualified Instructors or class teachers in the absence of Instructors and also in much greater detail than qualified Instructors on the lines of work to be followed. At present the Regional Inspectors of Physical Education are able to inspect schools only at an interval of 3 to 5 years. This arrangement is far from satisfactory. Unless and until it is made possible to have the schools annually inspected in physical education work, appreciable progress cannot be made. Most of the schools do not possess qualified physical education teachers for want of qualified hands. If more Regional Inspectors of Physical Education are appointed restricting the extent of their jurisdiction, it will be possible for them to conduct annual inspections and also visit schools more often than at present to give help and directions to the managements in the conduct of an efficient and useful programme of physical education". There are at present only four Regional Inspectors and they have each to tour six to seven districts. The No. of secondary schools for boys has increased from 582 in 1942 to 899 in 1948-49. It has been agreed in circulation that two more Physical Directors designated as Regional Inspectors may be appointed.

Proposal (2) above: To meet the large need for physical education teachers, the D.P.I. has proposed that an additional training centre for physical education may be opened at Anantapur. Since the number of candidates proposed to be trained at Anantapur is only 25, the possibility of training them in the Y.M.C.A. College of Physical Education, Saidapet, was examined. The extra cost involved in training the candidates in the Y.M.C.A. College is only about Rs 11,600/- as against Rs 15,500/- necessary for opening an additional training centre at Anantapur. It is therefore proposed to train 25 candidates in the Y.M.C.A. College of Physical Education, the management being reimbursed in full from provincial funds, the additional cost involved.

This Department suggests that provision as shown in the summary at top may be made in the Budget Estimate for 1950-51.

Physical Education - Appointment of additional Physical Education teachers and Supervisory staff.

From the D.P.I. No.2775 E2/48 dated 3--2--1949.

23

In connection with the Part II Schemes for 1949-50 the D.P.I. made the following proposals.

(1) Opening of training centres at Saidapet, Rajahmundry and Bellary to train additional Physical Education teachers and

(2) Appointment of four District Inspectors of Physical Education designated as Dy.Inspectors of Physical Education and two women Physical Inspectresses.

For the reasons stated in their notes on pp.35-36 of G.O.No.2860 Edn., dated 15-11-46 the Fin.Department recommended deferring the first proposal. This Department accepted the recommendation and ordered deferring the proposal. As regards second proposal this Dept. considered that since ele.schools are not required to employ Physical training instructors and as there is very little of physical training activities in these schools ~~and~~ the appointment of four Dy.Inspectors and two Women physical Inspectresses could not be employed solely on the ground of their being useful in giving guidance to teachers in Ele.schools. In was decided to defer the proposal. In view of the large need for physical Edn. teachers especially when physical Education is to become compulsory subject for teachers training and examination the D.P.I. request Govt. to reconsider the orders passed in G.O.2860 Edn., dated 15-11-48.

The D.P.I. has renewed the proposals for

(1) opening an addl. training centre for physical education teachers at Anantapur;

(2) appointment of four addl. Physical Directors and two Asst. Inspectresses of Physical Education.

(1) above:- In connection with B.E. for 1949-50 the Director recommended the opening of three physical training centres. The proposal was, however, deferred - vide pp.36-37 of G.O.No.2860-Edn., dated 15-11-48 and pp.1-2 ante. The Director has now recommended the opening of one centre only -

(Y)

There is a great dearth of trained physical education teachers. The Y.M.C.A.College is not in a position to train sufficient number of candidates to meet the demand, due to limitation of accommodation, staff and equipment. The Govt. have decided not to take over the college. If the Y.M.C.A.College is asked to take in addl. students, the Govt. will have to meet the entire addl. cost involved in providing accommodation, etc. In the circumstances, the proposal to open a centre at Anantapur in 1950-51 may be accepted. The addl. expenditure is Rs.13,100/- in 1950-51 and Rs.15,250/- ultimately.

(2) above:- This proposal also was brought forward as a Part II scheme for 1949-50 but was deferred - vide pp.35-37 of G.O.No.2860-Edn., dated 15-11-48 and page 1-2 ante.

(Y)

For the inspection of physical education in boys' schools there are at present four Regional Inspectors. When the four posts were sanctioned the number of secondary schools for boys was only 582. It has now increased to 899. The Regional Inspectors have each to tour six to seven districts and they are able to inspect schools at intervals of three to five years only. There is a very unsatisfactory state of affairs. Four more Regional Inspectors seem to be absolutely necessary.

Physical education in institutions for girls was being supervised by the woman specialist in Physical education. The post is vacant since 1947, when Mrs.Buck resigned. It has not yet been possible to recruit a qualified person for the post. The duties of the post are looked after by the Chief Inspector of Physical Education. There are no woman assistants under him. Two posts of Asst. Inspectresses may be sanctioned.

The cost involved in the proposals is Rs.15,800 in 1950-51 and Rs.29,400/- ultimately. // The file may be sent to Finance for remarks.

pp.4-5 above.

E & P.H. have recommended the proposal of the D.P.I for the reasons given on pages 4-5 above.

3. Though it is desirable that importance should be given to Physical training and Physical Education, it is submitted that the proposal of the D.P.I. is very expensive. The Provincial financial position is already in an unsatisfactory condition and it cannot admit of any further expenditure which is avoidable. The present proposal is neither imperative nor essential for the running of the Department. Further the present proposal does not satisfy the criteria laid down in G.O.No.810 Finance dated 6-8-49 for being considered as Part II Scheme. In the circumstances Finance may advise that the proposal may be deferred for better times.

Desirable but not urgent; may be deferred.

4. If, however, E & P.H. wish to press for their proposal, the following remarks are called for.

(1) opening of an additional Training Centre for Physical Education Teachers at Anantapur.

X on p.7 cf

It is stated by E & P.H. that the Y.M.C.A. College is not in a position to train sufficient number of candidates to meet the demand due to limitation of accomodation, staff and equipment and that the Government have decided not to take over the College. It is also stated that if the Y.M.C.A. College is asked to take in additiona students, the Government will have to meet the entire additional cost involved in providing accomodation etc., The extra cost involved in the proposal is Rs.14,000 during 1950-51 and Rs. 11,500 recurring per annum and Rs. 4,000 nonrecurring ultimately. It may be stated that the number of students proposed to be trained at Anantapur is only 25 and it seems that this number can, as well, be trained in the Y.M.C.A. College. Even if Government are to meet the entire cost in providing accomodation in the above College, the extra expenditure

may not be as much as that indicated above. E & P.H. may be requested to consider this aspect in ~~connection~~ Consultation with the D.P.I., if necessary. The opening of a separate Training Centre at Anantapur may be considered, if it is found not possible in practice to train more candidates at Y.M.C.A. College.

Previously E& P.H. Department considered that while to a certain extent the proposed officers might be useful in giving guidance to teachers in Elementary Schools, the officers ~~cannot~~ could not be employed solely on that ground and suggested that the proposal might be deferred atleast till more number of Physical Training Instructors were turned out by the special Training Centres.

E & P.H. have now stated that, for the inspection of Physical Education in boys' schools, there are at present, four Regional Inspectors, that, when the four posts were sanctioned, the number of Secondary Schools for boys was only 582, and that it has now increased to 849. They have therefore suggested that four more Regional Inspectors are absolutely necessary.

p 5 above.

A on p 5 above

It may be stated that the increase in the number of schools is only one of the criteria and not the sole criterion for sanctioning additional Physical Directors. This Dept. may however suggest that the sanction of two more Physical Directors designated as Regional Inspectors seems sufficient. These two posts and the posts of clerks and peons under them may be sanctioned for a period of one year to start with.

B
14.x.49

X on p.5 above.

As regards the appointment of 2 additional Assistant Inspectresses, Finance may advise that this may be deferred in view of the fact that even when the post of Women Specialist in Physical Education was in existence, she did not have any Assistants under her. The existing arrangements may continue for the present.

E. & P. H. Dept. (C1)

Letter from the D.P.I., No.377-D2/49., dated 17th October 1949

The notes from page 4 ante may be read. The proposals in this file are:- (1) Opening of addl. training centre for physical education teachers at Anantapur; (2) Appointment of 4 addl. Physical Directors and two Asst. Inspectresses of Physical Education.

(1) above:- The Finance Dept. considers that this proposal may be deferred. It, however, suggests that if this Dept. want to press the proposal the question whether the training cannot be arranged in the Y.M.C.A.College of Physical Education itself may be considered. That Dept. is of the view that if the training is undertaken by the Y.M.C.A. College the expenditure will be much less. Attention is invited to the letter of the Principal, Y.M.C.A. College of Physical Education on page 12 c.f. and the D.P.I.'s remarks thereon on p.14 c.f. Because of want of accommodation in the College the Principal has asked for the construction of 8 cottages at an estimated cost of Rs.16,000/- and also an equipment grant of Rs.8,000/-. This number of cottages are asked for with a view to increase the students to be trained by 100. The number of students proposed to be trained at Anantapur is only 25. The D.P.I. has not specifically stated whether the Y.M.C.A.College will be able to undertake the training of additional 25 candidates and if so, what will be the addl. expenditure involved by way of recurring and non-recurring grants. Information on this point may first be obtained from the Director. for orders.

(2) above:- The Finance Dept. is for deferring this proposal also. But they, however, consider that if this Dept. wants to press the proposal

the number of additional Physical Directors to be appointed may be reduced to two and no Asst. Inspectresses need be appointed. It is for orders whether this Dept. may agree to the appointment of two addl. Physical Directors to begin with. A

H.M. may see before a reference is made to the D.P.I. as suggested.

26/10/49 S

(1) May enquire from D.P.I., if YMCA College cannot train 25 teachers for whom he has proposed a training centre at Anantapur at a ~~[illegible]~~ recurring cost of Rs 4750/- & non-recurring cost of Rs 5800/- ~~[illegible]~~

(2) May agree with Finance to the appointment of only two additional Physical Directors

on the proposal to train 25 physical education teachers in the Y.M.C.A. College itself instead of at Anantapur. An estimate of the additional cost, recurring and non-recurring involved in the proposal is at A on p18cf. The cost works out to about Rs 2,800 recurring and Rs 8,800 non-recurring as against an additional expenditure of Rs 13,100 in 1950-51, and Rs 15,250 ultimate involved in the original proposal. The Principal of the Y.M.C.A. College wants an immediate advance of Rs 8,750 for completing ~~to~~ 3 cottages and for furnishing them to make accommodation available for candidates by the 1st July, 1950.
