Enclosure I

Explanatory Note of the Commissioner on the Budget Estimate of the Elementary Education Fund of the council for the year 1950-51.

1. The Budget Estimate of the Elementary Education Fund of the council for the year 1950-51 together with the revised Estimate for the current year (1949-50) is placed before the council for consideration and sanction.
2. When the budget estimate for the current year (1949-50) was prepared the year 1948-49 was expected to close with a nil balance but the actual closing balance on 31-3-49 was Rs.24,341/-. The main reason for this surplus balance is that amounts allotted for capital expenditure under "Lands and Buildings" ^{were} not spent before the close of the year.

Revised Estimate for 1949-50:

3. Consequently the year 1949-50 opened with a balance of Rs.24,341/-.
4. Marked variations between the actuals for the year 1948-49, the revised estimate for the current year and the budget estimate for 1950-51 are explained in the annexure to this note. The provision made in the budget estimate for the year and in the revised estimate for payment of dearness allowance are as follows.

Budget Estimate	Rs. 16,360/-
Revised Estimate	15,010/-

In the budget estimate provision has been made for the appointment of a Supervisor of Elementary Schools and for opening of a new school in Gandhipuram. A Supervisor, was not appointed as conditions prescribed by Government for the entertainment of a Supervisor are not yet satisfied. The proposal to open a new elementary school in Gandhipuram is not likely to be taken up in the current year. The allotments made for the above items will therefore lapse during the year. When preparing the budget provision was made for the council's share of expenditure to an extent of Rs.31,000/- for land acquisition for certain schools. Of these acquisition of the site for V Ward Municipal Elementary School only has been completed at a cost of Rs.18,528/-. The other schemes are expected to be completed only next year.

P.T.O.

A site for playground for the V Ward Municipal Elementary School has been acquired and a grant of Rs.855/- from Government has been applied for. Credit has been taken for the amount in the revised estimate. In the Budget estimate credit was taken to an extent of Rs.15,613/-, from Government under section 37 of the E.E.Act 1920. But the actual grant realised was Rs.18,571/-.

The year is expected to close with a balance of Rs. 14,041/-.

Budget Estimate for 1950-51.

The budget provides for the maintenance of the existing elementary schools and for all obligatory charges. The opening of a new school in Gandhipuram in accordance with resolution No.1351 dated 30-11-1948 will have to be postponed to the next year for want of sufficient funds. With a view to improve the strength in the I Ward Gandhi Municipal Elementary School provision has been made under expenditure ordinary 'Contingencies other items' for supply of Midday meals to poor pupils both in the revised estimate and the budget estimate for 1950-51.

Credit has been taken for a grant of Rs.19,000/- from Government under sec.37 of the E.E.Act 1920. Education tax will continue to be levied at the present rate of 13 1/3 per cent of the property tax per half year.

Provision has been made in the Budget for additional accommodation in the following schools as suggested by the Educational Authorities and for the construction of compound wall for the V Ward School

5th Ward Municipal Elementary School. C.Wall	5,000
14th -do- Acquisition of land	4,000
13th -do- -do-	5,490
	14,490

The year is expected to close with a balance of Rs. 671/-.

COMMISSIONER.

16.1.50

Memorandum explaining marked variations between the actuals for 1948-49, Revised Estimate for 1949-50 and budget estimate for 1950-51.

Head of Account.

Receipts:

1. Education Tax.

Explanation for variation.

There is no change in the rate of property tax with the exception that the vacant lands are assessed on their capital value from 1-10-48 instead of on their areas as hitherto. Expected increase in demand on account of the change in basis of levy has been taken into consideration in the revised estimate for 49-50 and Budget Estimate for 1950-51.

9. Government grant under section 37 of the Elementary Education Act.

The actual collection during 1948-49 fell short of the percentage anticipated in the revised estimate of that year. However against an anticipated Government contribution of Rs.15613/- Rs.18570/- has been received from the Government. The credit taken in the revised estimate for 1949;50 is with reference to the actual collection of Education Tax on buildings during 48-49. Based on the anticipated collection under property tax on buildings and lands appurtenant thereto during the current year necessary credit has been taken in the Budget estimate for 1950-51.

Investments realised: The surplus balance of Rs.15,000/- proposed to be invested during the current year was not invested as there is now no surplus in the E.E.Fund account.

Expenditure:

Staff salaries and allowances Masters.

Increased expenditure in the current year is due to the refixation of pay of certain teachers, appointment of additional teachers sanctioned in the budget and consequent payment of arrears of pay and allowances. In the Budget Estimate provision has been made for the appointment of six more Higher Elementary Teachers to the existing elementary schools.

Contribution to Provident Fund. Three permanent teachers who worked in Municipal Elementary Schools have been absorbed in the Municipal High School. Hence there is some savings on this account in the current year. The new school proposed to be opened during the current year was not opened.

P.T.O.

2. Contingencies-House Rent.

The V Ward School site has been purchased by the council. Hence there is savings on this account during the current year.

The Budget Estimate for 1950-51 provides for payment of rent to the existing schools only.

Other items:

Provision has been made in the revised estimate and the Budget Estimate for the appointment of a Watchman to the Sivankoil Elementary School.

4. Repairs to Buildings:

Necessary provision has been made in the budget for repairs to all elementary school buildings.
