

Edu. Dept.

G. O. No. 1312 Edu.

dated 24-4-50

p/5cf

From
The Director of Public Instruction,
M A D R A S.

To
The Secretary to Government,
Education and Public Health Department,
Fort St. George, M A D R A S.

Sir,

Sub:- Colleges - College of Engineering, Guindy -
employment of additional staff etc. - Part II
schemes for 1950-51 -

I have the honour to submit for the favourable consideration of Government the following proposals relating to the College of Engineering, Guindy in connection with Part II of the Budget Estimates for 1950-51.

1. Two Additional Laboratory Assistants for Electrical Engineering Department:-

A It has been represented by the Principal, College of Engineering, Guindy that more Laboratory Assistants are needed for the Electrical Engineering Department as the Department has to handle a large number of classes and practical instruction to the 2nd year BE students of the College in addition to its usual classes consequent on the revision of the syllabuses in which Electrical Technology has been included as a written paper as well as a practical test for the students of that year. Further it is also reported that the present ratio of students to staff is very high and that it is not conducive to efficient handling and individual attention. From the particulars furnished by the Principal it is observed that the ratio of students to staff varies with the class ranging from 15:1 to 46:1. The Principal has proposed ~~to~~ a ratio of 10:1 for laboratory classes and 15:1 for design and drawing and tutorial classes, keeping in view the ratio of 6:1 recommended by the Standing Advisory Board of Technical Education. As the proposal of the Principal which involves the employment of 2 additional Laboratory Assistants is quite desirable and also very modest, I recommend that it may be approved.

2. Additional Staff for strength of materials Laboratory.

B The strength of materials Laboratory is undertaking tests for Government and other private departments, besides imparting practical instruction to the students of the various classes in the college. At present the staff in the laboratory consists of 2 laboratory Assistants, one mechanic and one Daily paid cooly. The Principal states that the subordinate staff sanctioned for the laboratory is too inadequate for the bulk of work and requests sanction for the employment of an additional staff of 1 Steno Typist, 1 Fitter Turner and 1 Stoker & Cleaner. It is stated the need for a Stoker and Cleaner is keenly felt as nearly 8 batches of students are working at different places in the laboratory, a Fitter-Turner is needed for to build up small apparatus for the laboratory and also for preparing specimens for class work and a Steno Typist is required to cope with the test reports and

Memo 41860 (G/L) - L
8/11/49

he outside departments. It is reported the
the only Mechanic are fully occupied with the
and tests for other departments. I do not con-
that there is a need for a Steno Typist for the
length of Materials Laboratory. As there is a definite
need for 1 Fitter-Turner and 1 Stoker & Cleaner, I recom-
mend that these two posts may be sanctioned.

3. Survey Department - Stokers and Cleaners in lieu of
peons:-

In G.O.No. 1129 Education dated 12-4-49 the Government
did not accept the proposal for the employment of 3 Stokers
and Cleaners in lieu of 3 peons in the Survey Department.
vide this office letter Rc No. 2003 K2/48 dated 29-9-48
and 29-10-48. The Principal ~~at~~ has reiterated his request
for replacement of the existing peons with Stokers and Clea-
ners, stating that the stitching, packing and storing of
tents, cleaning of Survey instruments, handing out instru-
ments for classes are the main features of the work which
warrant the employment of Stokers and Cleaners only. I re-
quest that Government may be pleased to reconsider their
orders and sanction 3 Stokers and Cleaners in lieu of 3
peons.

4. Revision of pay of Accountant:-

In G.O.No. 2844 Education dated 12-11-48 Government
did not accept the proposal for revision of scale of pay
of the Accountant in the College of Engineering, Guindy
and for changing the designation of the post as Superin-
tendent. The work of Accountant in this college and of
the Head-clerk of the Presidency College, Madras is deci-
dedly very onerous, especially in view of heavy ~~of~~ finan-
cial transactions. The present scale of pay for the
posts viz. 80-125, in my opinion is too low and inadequate
for the actual duties and responsibilities attached to the
posts. I, therefore, request that the Government may be
pleased to reconsider their orders and sanction at least
an intermediary scale of pay of Rs. 110-5-160 for the post
of ~~the~~ Accountant in the College of Engineering, Guindy
which will serve as an inducement to the incumbent to
discharge his heavy duties without ~~dejection~~.

5. Revision of the scale of pay of Store-keeper into
that of Upper Division Clerk:-

The Store-keeper's post sanctioned for the College
is in the scale of pay of Rs.45-90 i.e. the scale sanctioned
for Lower Division Clerks. It has been represented by the
principal that the amount and nature of work of Store-keeper
entail much responsibility and pressure and that the post
should be raised to the status of an Upper Division Clerk.
The ministerial staff of the College Office consists of 12
members of whom only the Accountant and the Upper Division
Clerk are in the Upper grade. In view of the responsibility
of the duties of the Store-keeper and also the need for
necessary inducement for the lower grade staff, I recommend
the scale of pay of Rs. 80-110 for the post of Storekeeper
with effect from 1950-51.

6. Attender for the Office:-

The Principal has requested sanction for the employment
of an Attender for the office stating that the existing
Ministerial staff of 12 members are overworked and that ~~the~~
they are finding it very difficult to attend to Records
and other miscellaneous work themselves besides their re-
gular work. As the appointment of an Attender would be a
great relief to the ministerial staff in the matter of
routine work like Records and various items of miscella-
neous work and thereby be conducive to prompt despatch of
business, I recommend the conversion of one of the

with the outside department. It is reported the
 of the only Machine are fully occupied with the
 work and tests for other departments. I do not con-
 sider that there is a need for a Steno Typist for the
 of Materials Laboratory. As there is a definite
 need for 1 Fitter-Turner and 1 Stoker & Cleaner, I recom-
 mend that these two posts may be sanctioned.

3. Survey Department - Stokers and Cleaners in lieu of
 peons:-

In G.O.No. 1129 Education dated 12-4-48 the Government
 did not accept the proposal for the employment of 2 Stokers
 and Cleaners in lieu of 3 peons in the Survey Department.
 vide this office letter No. 2008 H-2-A dated 28-9-48
 and 29-10-48. The Principal has reiterated his request
 for replacement of the existing peons with Stokers and Clea-
 ners, stating that the stitching, packing and storing of
 tests, cleaning of Survey instruments, handling out instru-
 ments for classes are the main features of the work which
 warrant the employment of Stokers and Cleaners only. I re-
 quest that Government may be pleased to reconsider their
 orders and sanction 2 Stokers and Cleaners in lieu of 3
 peons.

4. Revision of pay of Accountant:-

In G.O.No. 2844 Education dated 12-11-48 Government
 did not accept the proposal for revision of scale of pay
 of the Accountant in the College of Engineering, Guindy
 and for changing the designation of the post as Assistant
 Accountant. The work of Accountant in this college and of
 the Head-clerk of the Presidency College, Madras is heav-
 ily very onerous, especially in view of heavy finan-
 cial transactions. The present scale of pay for the
 posts viz. 80-125, in my opinion is too low and inadequate
 for the actual duties and responsibilities attached to the
 posts. I, therefore, request that the Government may be
 pleased to reconsider their orders and sanction at least
 an intermediate scale of pay of Rs. 110-5-160 for the post
 of the Accountant in the College of Engineering, Guindy
 which will serve as an inducement to the incumbent to
 discharge his heavy duties without objection.

5. Revision of the scale of pay of Store-keeper in
 that of Upper Division Clerk:-

The Store-keeper's post sanctioned for the College
 is in the scale of pay of Rs. 80-90-100. The scale sanctioned
 for Lower Division Clerk. It has been represented by the
 principal that the amount and nature of work of Store-keeper
 entail much responsibility and pressure and that the post
 should be raised to the status of an Upper Division Clerk.
 The ministerial staff of the College Office consists of 12
 members of whom only the Accountant and the Upper Division
 Clerk are in the Upper grade. In view of the responsibility
 of the duties of the Store-keeper and also the need for
 necessary inducement for the lower grade staff, I request
 the scale of pay of Rs. 80-110 for the post of Storekeeper
 with effect from 1950-51.

6. Attender for the Office:-

The Principal has requested sanction for the employment
 of an Attender for the office stating that the existing
 ministerial staff of 12 members are overworked and that in
 their absence it is very difficult to attend to records
 and other miscellaneous work. The Principal has also stated
 that the appointment of an Attender would be a great help
 in the work of the ministerial staff. I request that the
 Government may be pleased to sanction the post of an
 Attender for the office.

of peons sanctioned for the office into that of an Attender
 in the scale of pay of Rs. 24-35.

Explanatory Note

The D. P. J. has proposed

the employment of the following addl. staff
in the Engg. College, Guindy, with effect from
the beginning of the academic year 1950-51:-

(1) 2 Laboratory Assistants for the Electrical Engg Department,

(2) Cone filter turner and one Stoker cleaner for the Strength of Materials Laboratory, and

(3) ~~the conversion of one of the~~ an attendant for the college office in the place of one of the existing rooms.

2. Item (1) ^{Final} ~~Lab~~ ^{over}: — The Director states that more Laboratory Assts. are needed for the Electrical Engg. Dept. as it has to handle a large number of classes and practical instruction to the second year B.E. Students.

addition to its usual classes, consequent on the revision of the syllabuses in which Electrical Technology has been included as a written paper as well as a practical test for the students of that year. It is further reported that the present ratio of students to staff is very high and that it is not conducive to efficient handling and individual attention. It is therefore proposed to appoint two more laboratory Assts. in the Dept.

3. Item (2) in para 1 above: It

is stated that the strength of Materials Laboratory is undertaking tests for Govt. and other private Depts., besides imparting practical instrn. to the students of the various classes in the College. At present the staff in the laboratory consists of 2 laboratory Assts., one mechanic and one daily paid cooly. It is stated that the subordinate staff sanctioned for the laboratory is too inadequate for the bulk of work and it is ^{therefore} requested that an addl. staff of one fitter turner and stoker cleaner may be sanctioned. The need ^{for a stoker cleaner} for this addl. staff is keenly felt because nearly 8 batches of students are working at different places in the laboratory and a fitter turner ^{is required} being needed to build up small apparatus for the laboratory and for preparing specimens for class work.

4. Item (3) in para 1 above: It

is stated that the existing ministerial staff in the college office are overworked and that they are finding it very difficult to attend to records and other miscellaneous work, besides their regular work. As the appointment of an attender ^{will} be a great relief to the ministerial staff

7/11/3
in the matter of routine work like records and various items of miscellaneous work and ^{will} thereby be conducive to prompt despatch of business, the Director requests that an attender may be sanctioned for the college office in lieu of one of the existing peons.

5. His Dept. support the above proposals and recommend that provision may be included in Part II of the B.E. for 1950-51, as shown in the summary at the top.

Part II Scheme - 1950-51 - Engineering College, Guindy - Additional Staff.

From the D.P.I., No.2003-K2/49, dated 28-9-49.

The Director has proposed the employment of the following additional staff in the Engg. College, Guindy, for consideration as Part II Scheme for 1950-51:-

- (i) 2 Laboratory Assistants for the Electrical Engineering Department.
- (ii) ^{one} Fitter Turner and one Stoker and cleaner for the strength of materials laboratory.
- (iii) Conversion of one of the posts of peons into that of an Attender for the College office.

2. The Director has also proposed (a) the conversion of 3 posts of peons into those of stokers and cleaners;

(b) Revision of the pay of the Accountant from Rs.80-125 to Rs.110-5-160; and

(c) Revision of the scale of pay of the post of Store-keeper from Rs.45-90 to Rs.80-110.

Para 1 above:- In the circumstances explained by the Director in paras 1, 2 and 6 of his letter the proposal for the employment of addl. staff may be supported in this Department.

Para 2 - item (a) above:- Stokers and Cleaners
This was one of the proposals brought forward by the D.P.I. as a Part II Scheme for 1949-50. The Deputy Secretary, Finance Dept. considered that ^{see} ~~there is no need for cleaners in tents and survey stores,~~ and pointed out ^{that manual work was proper work of} ~~that manual work was proper work of~~ peons and that they look after ^{tents and} ~~survey and~~ equipment in the Revenue Dept." It does not seem ~~any~~ sufficient reason has been adduced by the Director to reconsider the orders already issued in the matter. The proposal may be negatived.

Item (b) - Accountant:- Attention is invited to the notes with G.O.No.2844-Edn., dated 12-11-48. The reasons advanced in the notes for not approving the proposal hold good even now. For orders whether this proposal may be negated.

Item (c) - Store-keeper:- Please see para 5 of the Director's letter on p. 3 c.f. It is for consideration whether in the circumstances stated the scale of pay will be revised.

The file may be sent to Finance for remarks.

Not necessary for the present

E.P.H. u.o. 75460-1/49A
dated 19-10-49

DM
19/10/49

F. J. 19

Finance (E.M.)

The proposals in the file have been summarised by E.P.H. in paras 1 to 2 on p. 1 above. Of these E.P.H. propose to negative the proposals contained in para 2 on p. 1 above. Submitted that Finance may agree with their views.

The following addl staff has been recommended by E.P.H. for employment in the Engineering College, Guindy from 1950-51:-

- (i) Two Laboratory Assistants for the Electrical Engineering Dept. on Rs 180-280
- (ii) One Fitter Turner on Rs 40-65
- (iii) One Stoker and cleaner on Rs 22-30
- (iv) Conversion of one of the posts of peons in the office into that of an Attender.

One extra cost involved works out to Rs 8,400/- roundly per annum.

3. In the circumstances explained by the D.P.9 in paras 2 and 6 on pp 1-3 c.f. Finance may agree to the ~~above~~ proposals in items (i) to (iv) in para 2 above. These posts may however

penal working on p. 5 c.f.

DM 29/10/49

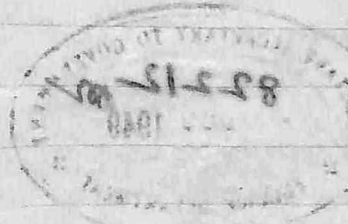

be sanctioned for a period of one year in the first instance. The extra cost involved works out to Rs 1,600/- roundly p.a.

4. As regards the employment of two addl Laboratory Assistants on Rs 180-280, for the Electrical Engineering Dept., the D.P.9 has not furnished information regarding the details of the existing staff in this Dept., and the hours of teaching as well as practical work ^{undertaken} ~~undertaken~~ by them in a week. It is also not clear when the ^{new} arrangement suggested at 'A' on p. 1 c.f. came to force, and how far this change has affected the work in the Dept. ^{It is also} ~~It is also~~ doubtful whether the present financial stringency ^{will admit} ~~will admit~~ of modifications in the existing arrangements as proposed at B on p. 1 c.f. The proposal also does not satisfy any of the criteria laid down in Fin memo no. 57293-A/P.W.R.-3 dt 12.10.49 for the consideration of Part II schemes for 1950-51. In the circumstances Fin may advise that this part of the proposal be deferred for the present.

Fin memo
62733 E.M. 7

28/10/49

83081

In connection with Part II schemes for 1950-51, the D.P.9. has proposed the employment of the following addl. staff in the Engg. College, Guindy:-
(1) 2 Laboratory Assistants for the Electrical Engg. Dept.
(2) One fitter Turner and one Stoker & cleaner for the Strength of Materials Laboratory and
(3) Conversion of one of the posts of peons into that of an attender for the college office.

2. The Director has also proposed (a) the Conversion of 3 posts of peons into those of Stokers and cleaners,
(b) Revision of the pay of the Accountant from Rs 80-125 ~~to~~ Rs 110-5-160; and
(c) Revision of the scale of pay of the post of Stoker from Rs 45-90 to Rs 80-110.

3. It has been proposed that the proposals of the D.P.T. referred to in para 2 above may be negatived for the reasons stated in para 3 of this Dept's notes on p. 2 ante. The Fin. Dept. agree.

4. As regards employment of the addl. staff mentioned in para 1 above, Fin. agree to items (2) and (3) only and that for a period of one year in the first instance. and suggest that the propos their suggestion may be accepted.

Fin. suggest that the proposal in item (1) in para 1 above may be deferred for the reasons given by them in para 4 of their note on p. 3 ante. But in the circumstances stated by the D.P.T. in para 1 of his letter, the proposal may be pressed in this Dept. unless the students do not receive individual attention

at the college their performance after they leave the college will be of a poor standard.
5. The file may be circulated to H.M.(P.W.) and H.M.(Fin.) for orders on paras 3 and 4 above.
