The policy of Government is to rely mainly on aided agencies for the expansion of education. The practice has been to consider every year the question of budget provision for grants to Colleges newly recognised by Universities. The provision for 1950-51 proposed for the purpose is Rs. 30,000/- as indicated in the summary at the top.

Teaching grants - These grants represent ordinarily one-half of the net cost of the institutions. The teaching grants include also compensation payable to the private managements for the loss of fee income on account of the grant of fee concessions to backward classes under 92 of the Madras Educational Rules. It is usual to provide for teaching grants to newly opened colleges or courses in the colleges under Part II of the Budget. Please see the statement on p.3 c.f.
