Roc.No.1247 K2/49 dated 1-10-1949.

Sir,
Sub: Government Victoria College, Palghat - Starting
of new courses in 1950-51.

In connection with the Part II of the Budget
Estimate for 1950-51, I submit for the consideration of
Government proposals for the starting of new courses of study
and provision of additional staff in the Government Victoria
College, Palghat.

2. The Principal has requested that the
College may be affiliated in Zoology (Main) and Botany (Main
and subsidiaries) with effect from July 1950. The proposal
to start these courses during 1948-49 could not materialise
as the University declined to send in an Inspection Commi-
ssion in view of the inadequate accommodation provided for the
College. I would invite attention to this office letters
Roc.460 K2/48 dated 19-4-1948 dated 24-5-1948 disposed of
in Government Memo 7317 A7/48-A dated 9-6-1948. Subsequently
Government sanctioned the construction of a Natural Science
block and as this block is expected to be completed before
the beginning of the next academic year, I request that the
starting of the 2 courses may kindly be sanctioned. The
combination of subjects will be

It is expected that 24 students will be ^{admitted} for each of the above
courses and the anticipated fee income (including laboratory
fee) will be Rs.9360/- and the ultimate fee income Rs.18720/-.

3. The additional staff and equipment to be
provided will be as shown hereunder:

4. The Principal has been pressing for the employment of an Upper Division Clerk and an Assistant Librarian for the College. This College is the second biggest College in the Province both in point of strength and the courses of study. The present strength is reported to be over 1200. The clerical establishment consists of a Headclerk, 3 Lower Division clerks and a Steno-typist. The Principal points out that the work has increased especially on the financial side consequent on the introduction of the system of monthly payment of fees. This new procedure has almost doubled the fee collection work of the Headclerk and that he is unable to have efficient supervision over the work of the other clerks. The appointment of an Upper Division Clerk would make it possible to transfer some of the less important work of the Headclerk to the new clerk and this will enable the Headclerk to have better supervision.

The increase in the strength of the college and also the number of volumes in the library has made it difficult for one librarian to attend efficiently to the duties relating to the issue of books, their receipts, proper classification etc. There are about 18,200 volumes in the library and the Librarian is assisted by an attender and 3 peons. The Principal has reported that the

Librarian has to attend to all the clerical work connected with the library over and above his normal work, such as preparation of indents for books, placing orders with the publishers, receiving consignments, checking them and preparing bills. It is impossible for the librarian to manage all the above work and that the appointment of an Assistant Librarian is quite essential. I recommend that the employment of an upper division clerk and an Assistant Librarian ~~xxx~~ may kindly be sanctioned.

5. The financial effect of these proposals are shown below.

Explanatory Note

In 1947, the D.P.G. proposed the opening of Botany Main and Subsidiary B.Sc., Zoology Main B.Sc., and Geology Main and Subsidiary B.Sc. in the Govt. Victoria College, Palghat, with effect from the academic year 1948-49. While the proposals were under the consideration of the Govt., the D.P.G. eventually reported that the Uty. declined to consider the application for affiliation of the College in the P.T.O.

above courses for the reason that accommodation was insufficient. The proposal was accordingly dropped. The Director has now proposed that zoology Main and Botany Main and Subsidiary in the B.Sc. may be opened in the B.Sc. Course in the College with effect from the academic year 1950-51. The Director states that the Constr. of the Natural Science Block sanctioned for the college last year will be completed by July 1950 and that therefore there will be no difficulty enough accommodation for the new courses proposed.

This Dept. however considered that it was doubtful whether the Constr. of the new buildings sanctioned for the college at a cost of Rs 2.85 lakhs last year ~~could~~ be completed by July 1950 and that therefore it ~~is~~ ^{might be} advisable to wait until the actual completion of the addl. buildings, before contemplating the opening of new Courses. Finance Dept. agreed with this view.

2. The D.P.D. also proposed that an addl. u.d. clerk and an Asst. Librarian ~~might~~ be appointed in order to help the office give relief to the Staff of the college office and to the college Librarian. This Dept. however considered that ~~it might~~ ^{it would} be sufficient if one l.d. clerk ~~was~~ employed in order to assist both the college office staff & the Librarian. The Finance Dept. agreed.

3. It has however been ordered in circulation to H.M. (E. & L.) & H.M. (Fin) that the proposal to open zoology Main and Botany Main and Subsidiary in the B.Sc. Course in the Govt. Victoria College, Balghat, may be considered as a Part II Scheme of a 1950-51. The proposal of this Dept. to appoint an l.d. clerk to assist the college office and the Librarian, referred to in para 2 above has also been agreed to in circulation.

4. It is accordingly recommended

As regards the Asst Museum and Herbarium Keeper on Rs 45-90, there seems to be no such post in the Madras Educational Subordinate Service or in the ^{higher} posts mentioned under Govt Colleges on p 13 of G.O.
