Education & Public Health Dept.,
Fort St.George.

Sir,

Piante – 34201

Re:- Your letter No.27845.G.1.46.1.Edn. dated the 21st June 1946.

With reference to your letter ~~Nxx~~quoted above, I have the honour to enclose herewith a detailed statement showing the scale of pay of the members of the staff of the A.C.College of Technology. In this connection, I have to point out that though the pay of the Professor is laid down as Rs.750-50-1000/- the Syndicate is empowered to appoint a person on an initial higher pay in the scale or on contract basis on such higher pay as it may deem suitable to attract and retain the right type of person.

As regards the courses conducted at the College, the University has arranged for courses in (a) Chemical Engineering; (b) Textile Technology, and (c) Leather Technology. The courses extend over a period of two year and are open only to Graduates with Chemistry or Physics as the Main subject. A copy of the Regulations and syllabuses regarding the B.Sc.Degree in Technology, which gives details of the course is enclosed for referenc

GOVERNMENT OF INDIA.
DEPARTMENT OF EDUCATION:
New Delhi,3, the 23rd October,1946.

From

Dr. D.M.Sen, O.B.E.,M.A., Ph.D.,
Secretary to the Government of India,

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George,
MADRAS.

ASST. SECRETARY TO GOVERNMENT
65328
29 OCT 1946
EDUCATION AND PUBLIC HEALTH DEPT.

SUBJECT:- INTERIM SCHEMES FOR THE PERIOD ENDING 31ST MARCH 1947.

P15 ante

Sir,

I am directed to invite a reference to your letter No.34201-B1/46-1 Edn., dated the 10th August 1946, No.34201-B1/46-4 Edn. dated the 2nd September 1946 and No.112/46-4 dated the 3rd/4th September 1946 and to communicate the following remarks in respect of schemes No.3, New Scheme No.3 and Scheme No.17, for the consideration of the Provincial Government.

2 Scheme No. 3. Industries - Polytechnic Scheme - opening of Institutions.

13 ante

The proposed scales of pay for the teaching staff fall short of the recommendations of the Central Advisory Board of Education.

The following six Boards in Technical Education have been constituted under the aegis of the All India Council for Technical Education:-

1. All India Board of Technical Studies in Engineering and Metallurgy.

2. All India Board of Technical Studies in Commerce and Business Administration.

3. All India Board of Technical Studies in Applied Art.

4. All India Board of Technical Studies in Architecture.

5. All India Board of Technical Studies in Chemical Technology and Chemical Engineering.

6. All India Board of Technical Studies in Textile Technology.

These Boards have been set up with definite objectives, one of them being that the instructions and examinations in Technical subjects may thereby be standardised throughout India. Since the Central Government is assisting the Provinces in their development schemes, it is suggested that the courses of instruction to be instituted in the Polytechnic may lead to All India Diplomas.

Further details regarding the scales of pay for the teaching staff may kindly be furnished.

P13 ay

3 New Scheme No.3. Construction of additional class and theatre in the Presidency High School for Girls, Egmore.

The Central Advisory Board of Education have not recommended any priority for the construction of theatres in High Schools. Moreover, the Development Board, Government of India, in their letter No.4/RC-46-Madras, dated the 31st July 1946, to the Government of Madras, have suggested a curtailment in their expenditure on Education. Hence necessary funds for this scheme will have to be found from the Provincial Revenues.

P.T.O.

21

Item 17 List II - B on p 149 (R)

4 **Schem No.17.i) Grant to the Madras University for a new College of Technology.**

Portion marked A on p 4 of

It is considered that the scale of pay for the Senior lecturers may be somewhat higher than what is proposed. A scale of pay, of Rs. 250-15-400 is suggested. The maximum pay for the Junior lecturers may also be raised to Rs. 250/..

P7

ii) Grant to the Annamalai University for a new College of Engineering.

Portion marked A on p. 4 of (R)

Except for the Head of the Department and the Professors, the scales of pay proposed forthe rest of the teaching staff, are definitely on the low side. For the lecturers a scale of pay of Rs. 250-15-400 and for the Assistant lecturers a scale of pay of Rs. 150-10-250 is suggested. The proposed introduction of a new grade, viz. ' Selection grade Lecturer' seems to be ~~new~~ unnecessary.

UNIVERSITY OF MADRAS.

ASSISTANT SECRETARY TO GOVERNMENT
74392
8 DEC 1946
EDUCATION AND PUBLIC HEALTH DEPARTMENT

No. V.1716.

University Buildings,
Chepauk, Madras,
2nd Decr. 1946.

From

The Registrar,
University of Madras.

To

The Secretary to the Government of Madras,
Edn. & Public Health Dept.,
Fort St.George, Madras.

Sir,

With reference to your letter No.34201-G3/46-7-Edn. dated the 21st November 1946, forwarding extract from letter from the Government of India, Department of Education dated the 23rd October suggesting a new scale of pay for Junior and Senior Lecturers in the College of Technology, I have the honour to inform you that the scales suggested by the University are scales as laid down uniformly for all teaching appointments of these two cadres, and any revision in regard to particular departments is not possible. I may add that the payment of dearness or xxx war allowances is in addition to these scales of salary.

In this connection, I am also to point out that though the scale of salary for Senior Lecturer is Rs.210-15-390/- and that for Junior Lecturer Rs.150-10-200, the incumbents have prospects of promotion by Selection Committees to the higher Grades of Readers (Rs.400-25-600) and Professors (Rs.750-50-1000). The Syndicate has also power to sanction, to such of the Senior Lecturers as reach the maximum in the scale and stagnate in that salary, personal pay which at present is Rs.50-20-150, so that Senior Lecturers Normally go up to Rs.450/-, while in the case of Junior Lecturers who stagnate on the maximum the personal pay sanctioned is Rs.25-10-75, so that they naturally go up to Rs.275/- in the same grade.

REGISTRAR.

Reference:-Government Memorandum No. 34201 G3/46-8 dated 21..11..1946.

---

30 cf

With reference to the Government Memorandum quoted above I have the honour to state as follows:-

The Presidency High School for girls, Egmore is very popular in Madras and there is a very great rush for admissions every year, but, for want of sufficient accommodation, admissions have to be restricted. I have already pointed out to Government that the existing accommodation in the school is quite inadequate and unsuitable and that some of the classes are now located in temporary sheds. What is called a theatre in the plan and estimate is only an assembly hall which is considered essential for a growing institution, like this, with a strength of 900, for organising lectures and conducting Government Examinations etc.

In the circumstances stated above I request Government **NOT** to defer this scheme under any circumstances.

I may also mention in this connection that the detailed estimate for the work prepared by the Superintending Engineer has come down to Rs. 62,000/- only as against the expenditure of Rs. 75,000/- approved in G.O.No.Ms.1151-P.W. dated 22.4.1946.

Sir,

Post-war reconstruction - Schemes for the period ending 31st March, 1947.
Ref: No.34201-G3/46-7 Edn. 21-11-1946.

50173
pp32-33 ante

In reply to your letter cited above, the suggestion to revise the scales of pay for lecturers and assistant lecturers in the Engineering Department adds to the cost of the scheme worked out from July 1945. In the original scheme it was contemplated that the total cost would be Rs.3 lakhs and a quarter. If the scales for the lecturers and assistant lecturers are revised, a revision of pay for the draughtsmen the workshop staff and other subordinate instructional staff must also be granted. On that basis, the difference in cost may amount to about Rs.64,000/-. The original scheme of three lakhs and a quarter was to be financed by a statutory grant of two lakhs from the Government of Madras and a lakh from University funds. More than a lakh the University cannot afford. This new difference of Rs.64,000 has therefore to come from other sources; the University has to think only of an enhancement of grant by the Government of Madras; if a grant to the extent of Rs.64,000 is not possible by way of

35

additions to the statutory grant already given, a recommendation to the Government of India may kindly be made in-asmuch as this is a scheme of post-war reconstruction. The University for its part will work out any scheme recommending reasonably good grades for staff provided it is financed to an adequate extent by Government.

In making this request for an enhancement of grant by Rs.64,000 the University does not contemplate any of the additions to staff or new grades that will be considered suitable in view of the need to raise standards and specialise in Sanitary, Highw[illegible]Engineering etc. thought of by the All-India Council for Technical Education for which a separate application has already been made by the University.

ANNAMALAI UNIVERSITY

44

26

1st November, 19~~3~~47.

ASST. SECRETARY TO GOVERNMENT
6 NOV 1947
EDUCATION AND PUBLIC HEALTH DEPT.

No. 7100

From

THE REGISTRAR,
ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To
The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

Sub: Post-War Reconstruction Schemes for the period ending 31--3--1947.

87608

Ref: Government's letter No.27845 G-3/47/12. Edn. d.24-9-47.

I have the honour to submit that the grant of one lakh in G.O Ms.735 Edn. dated 4--4--1946 was in response to the request of the University for the revision of salaries of teachers, in all departments except Engineering.

Teachers of the Engineering Department have been given higher grades than the teachers in the Science and Arts Departments. In fact the comparative statement here below shows how advantageously situated Engineering Teachers are even in respect of the revised scales of salary in other departments, revised with the help of the one lakh grant.

	Engineering Grades.	Grades in other Departments Science & Arts
Head of the Department	Rs.1,000/-	Rs.700/-
Professor	400 - 20 - 700	225 - 10 - 525.
Lecturer	150 -10-300-E-B.350 250-15-400	120 - 5 - 225.
Assistant Lecturer	100--5--150 150-10-250	75 - 5 - 120.
Demonstrator	80	60/-

Agreeably to the suggestion of the Government, the University will revise the grades of the lecturers in the Engineering Department, the extra cost therefor is Rs.37,000/- per year. The University will be glad to implement the recommendation of the Government of India to revise the grades for the lectures on the lines suggested if the Government would be pleased to sanction the extra cost needed for such revision.

Your obedient servant,

Ag. Registrar.

ANNAMALAI UNIVERSITY

Secretary to Government
17 MAR 1948
Education and Public Health Dept.

16th March, 1948.

No.

From

THE REGISTRAR,
ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To

The Secretary to Government,
Education Department,
Fort St. George,
Madras.

Sir,

I have the honour, by direction of the Syndicate, at its meeting on the 6th March, 1948, to request the favour of supplemental grants being sanctioned towards expenditure on Engineering and Technology courses at the University. Your letter No.27845/G3-46-15 Edn. dated 20-2-1948 was placed before the Syndicate. They had also the benefit of the interim suggestions of an expert Committee on the financial resources of the University consisting of Dr. A. Lakshmanaswami Mudaliar, Vice-Chancellor, University of Madras, Mr. D.S.Reddi, the Director of Public Instruction, Madras, Kumara Rajah Sir M.A. Muthiah Chettiar, a former Minister of Education, Mr. R.Vinayakam Pillai, a member of the Syndicate and Mr. M.Ruthnaswamy, Vice-Chancellor, Annamalai University. The terms of reference to the Committee were the revision of salaries of teachers of all the Faculties inclusive of Engineering and Technology and the revision of the rate of Dearness Allowance to the employees of the University. At the first meeting of the above Committee, they examined the main features of the financial resources and held:-

1) that the salary scales in all the faculties were low, that the financial resources of the University had to contribute towards the cost of the Engineering courses, that this should not be continued due regard is to be paid to the adequate support and proper maintenance of the previously existing courses, that Engineering courses must be financed solely from specially ear-marked resources for Engineering and that the recurring grant of Rs.2 lakhs must be augmented considerably in order to make the conjoint efforts of the University and the Government, Provincial and Central, approach success. They therefore

recommended that the budget for Engineering and Technology be kept separate and grants on full net cost basis be applied for from Government as no other sources have been available all these four years and none are in sight.

The University has also had the benefit of the advice of the Finance Committee consisting of the Rajah Sir Annamalai Chettiar of Chettinad, the Vice-Chancellor, the Secretary to the Government in the department of Finance Dr.D.W.Dodwell, and Dr. A.Chidambaranatha Chettiar, Mr. K.Nagaraja Aiyar. They also went into the proposals carefully at their meeting dated 23rd January, 1948 and resolved:

A

> "In view of the already heavy commitments in the University the Committee considers that it is not possible to do anything immediately. The Committee also considers that the existing resources of the University do not permit of the revision of scales of pay nor of an improvement in the rates of dearness allowance."
>
> "A Special Committee may be constituted to go fully into the financial position of the University and to examine whether the grades of salaries be improved and whether the rates of dearness allowance can be increased; and to report on the possibilities of finding additional resources to meet the extra expenditure that it recommends."

As suggested by the Finance Committee the Syndicate constituted the Special Committee mentioned in para 1 above. The interim suggestions of the Special Committee ~~was~~ placed before the Syndicate at its meeting on the 6th March. As a result of the consideration of your letter and the above recommendation, the Syndicate has had to send this application in spite of the position taken by Government in their letter that no further grants can be sanctioned. In so doing, the Syndicate would urge for your kind reconsideration the dire need of the University for further grants for the Engineering Department, a need proved by the statements furnished herewith.

P 56-60 infra

The Syndicate are convinced that the salaries in Engineering are low as in their experience these four years they have been compelled in recruiting staff, to pay in several cases salary very near the maxima of the existing grades; the state of the market does not permit of senior Engineers of experience being recruited for service as teachers; the grades have to be revised on the basis of Madras Governmental scales for the Guindy, Coimbatore, Anantapur and Vizagapatam Colleges. The Annamalai Engineering College offers four courses in all, that is Civil, Mechanical, Electrical and Chemical Technology and is bound to require more staff, more equipment and more buildings than the newly started Government Colleges. Government have the advantage of a big Public Works Department wherefrom they can recruit their engineers for service as teachers for a definite period of their service. The teachers in Government Colleges have also the benefit of pension and promotion to the higher ranks in the Public Works Department. To attract men to this University's service better scales have to be offered. It is therefore reasonable that the grades here should be more attractive. The numbers of the staff and establishment have to be the same as the same standard of efficiency is aimed at. If in 1948-1949 the Guindy Engineering College requires additional sums for further equipment on top of the cost of Rs.35 lakhs already incurred, the case for further grants for capital expenditure for the newly started Annamalai Department of Engineering is easily made out. Thus the University has to urge the favour of additions being made both to th recurring and non-recurring grants of Rs.10 lakhs and Rs.2 lakhs. On the capital account, the University has made a very good beginning and provided buildings and equipment to accommodate the technology and engineering departments. The progress in the matter has been satisfactory in spite of the handicaps that all educational institutions now suffer from. As the requirements on the recurring side demand immediate consideration, I request the favour of the block grant of Rs.2,00,000 be raised to Rs.5,00,000 on the basis of the estimates furnished herewith.

PP56-60 infra

This will be seen to be a very modest estimate based on most careful calculations when it is seen that the Madras Engineering College at Guindy costs in 1948-1949 Rs.7,30,000, the Sir Arthu Hope College of Technology Rs.8,14,000 and the Anantapur and Vizaga patam Engineering Colleges cost Rs.4,31,000 as detailed on pages 21 214 and 215 of the Detailed Budget Estimates for 1948-49 of the Government of Madras.

P58 infra
-do-
2nd proforma

In the circumstances, I request that the block grant of

55

4

Rs.2 lakhs be raised to Rs.5 lakhs on the basis of estimates furnished herewith.

Sir,

Sub: University - Annamalai - Department of Engineering and Technology - Grant - Request for increase.

--

P 68 ante Ref: Letter No.27845 G3/48-19 Education dated 28th September 1948.

--

1. I have by direction to request the favour of supplemental grants being sanctioned towards recurring and Non-Recurring expenditure on the Engineering and Technology Courses of this University. My original PP52-55 ante request on this subject was made in letter No.11691 dated 16th March 1948. P 66 ante A further request was made in my letter No.6975 dated 24-9-1948. By way of reply thereto, the Government have been pleased to state that the matter is under consideration in their letter No.27845 G3/48-19 Education P68 ante dated 28-9-1948. I have already submitted the reasons for my request PP52-55 ante and an estimate of the extra cost involved by the revision of salaries on the bssis of scales prevalent in the four Engineering Colleges under Government in the Presidency. I have already set out in full the reasons for the augmentation of the grant based mainly on the recommendations of a committee consisting of the Vice-Chancellor of the Madras University, -do- the Director of Public Instruction, Madras, the Rajah Sahib of Chettinad, the Vice-Chancellor of this University and a representative of the Syndicate of this University. In anticipation of a favourable answer from Government, the new scales have been given effect to and the dearness allowance at Governmental rates paid. In view of the difficulty in getting qualified Engineers the newly recruited staff have been started on new scales and on higher starts.

2. Even at the Government rate of scales it has not been possible for the University to obtain teaching hands for the Engineering College as the prospects here for such graduates is very meagre, while they can hope to rise in Government service to Executive or Divisional or Superintending and even Chief Engineer's posts, besides the attraction of Travelling Allowance and other allowances in Government. It is becoming therefore necessary to further raise the scales if we are to attract the right type of men for teaching in Engineering College and retain them.

P.T.O.

3. I have therefore to request the favour of the Block Grant of two lakhs being raised to three lakhs in the first instance to enable the University to continue the Engineering and Technology Departments in efficient condition and to obtain the right type of men.

Yours faithfully,

Registrar.

George, Madras

No. V.1922
Enclosures

ASST. SECRETARY TO GOVERNMENT
12 OCT 1949
EDUCATION AND PUBLIC HEALTH DEPT.

UNIVERSITY BUILDINGS,
CHEPAUK, TRIPLICANE P.O.,
MADRAS.

Dated, 11 OCT 1949

PP 90-91 ante

Sir,

78618

With reference to correspondence ending with your letter No.27845 G2/47-25 dated the 26th September 1949, I have the honour to inform you that the following scales of pay have been fixed and given effect to from the academic year 1948-49 for all Departments of the University:-

Senior Lecturer: Rs.200-15-350-20-450-25-500 ✓
Junior Lecturer: Rs.150-10-250 ✓

In addition to these scales which are automatic there is the natural possibility of the Lecturers being promoted to the next higher grade as Readers. I trust that the revised scales meet with your suggestions.

Yours faithfully,

Ag.REGISTRAR

Sir,

P122 ante

With reference to your letter No. 27845 G2/46-32 Education dated the 11th February 1950, I am directed to inform you that the Co-ordinating Committee of the All India Council for Technical Education has appointed a sub-committee consisting of (1) Mr. J.A.Taraporevala, Joint Director of Technical Education, Bombay, and (2) the Secretary of the Council, to visit the Engineering College of the Annamalai University with a view to ascertaining on the spot if the expenditure incurred by the institution since its inspection by the last Visiting Committee could be considered as adequate contribution of the University to cover 1/3rd of the cost of development from that date. The Sub-Committee will report to the Government directly.

The Annamalai University will shortly be apprised of the date on which the sub-committee will visit the institute.

Yours faithfully,

Abstract.

UNIVERSITY- Annamalai- Engineering courses- Recurring grant- Increased from Rs. 2 lakhs to Rs. 3.5 lakhs from 1950-51.
-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V-V

:Read:

G.O.No. 390 Edn. dated 22-2-1946.
From the Registrar, Annamalai University No.Nil dated 16-3-48 and
No.10966-B.1. dated 28.8.49.

ORDER:

The Government sanctioned in the G.O. cited above an annual recurring block grant of Rs. 2 lakhs to the Annamalai University for the Engineering courses in the University. The University has represented that the grant should be increased in order to enable it to meet the additional expenditure on the payment of higher scales of pay to the teaching staff. The Government have reviewed the position in the light of that representation and have decided that the recurring grant for the above scheme should be increased from Rs. 2 lakhs to the amount of actual expenditure incurred in respect of these courses, every year subject to a maximum expenditure of Rs.3.5 lakhs a year.

2. The expenditure will be debited to the provision made in the Budget under "27-a-Education-University- Grants to Universities- Voted- C.Annamalai University- Recurring".

(By order of His Excellency the Governor)

Rajaiah D. Paul,
Secretary to Government.

To the Registrar, Annamalai University ~~xxxx~~ Annamalainagar.

Sir,

I am directed to refer to the correspondence resting with your letter No. 11697 F/50-1 Education dated 12.10.50 on the subject mentioned above, and to say that the Sub-Committee appointed by the All India Council for Technical Education has not so far been able to visit the Annamalai University. The Committee expect to visit the University some times in November, 1950. The Government of India will consider the question of financial assistance for it's College of Engineering & Technology as soon as the Committee's report is available.

~~Submit a file~~ not further

B by/

Copies of letters from the Registrars of the Universities on pp25 and 34-35 cf may be forwarded to the Govt.of India, with the remark that this Govt. ~~cannot make any grant~~ ~~to the Annamalai University~~ are not ~~prepared~~ in a position to make any further grants to the Universities for the purpose. ~~and that the request of the University is commended for the consideration of the Govt.of India.~~

A draft letter is submitted for approval. May be sent to Public (P.& D.)/and Finance before circulation.

27/6/47

Cor
28/6/47

The view taken of the University of Madras may be agreed to; there is therefore no need for any further revision of the scales of pay of the Lecturers (Senior or Junior.

As regards the Annamalai University, the scales of lecturers and other teaching staff are definitely lower than those obtained in the Govt. colleges or the Madras University, the Annamalai University should be asked to revise the scales, particular attention being drawn to the grant of Rs 1 lakh already given to the University. Compare and [illegible] further.

28.6.47

A statement ~~showing~~ comparing the scales of pay adopted by Annamalai University, the Madras University and the Govt. for the Professors, Lecturers, Assistant Lecturers etc. employed therein is at ~~[illegible]~~ Ⓠ. In the top file L.F., the question ~~xxxx~~ whether the Annamalai University has utilised in full the grant of one lakh of rupees sanctioned by the Govt. for the revision of scales of pay of the teaching staff of the University is under consideration. It has been noted therein that the extra cost based on average cost of the revised scales introduction of the University works out to Rs. ~~58,000/-~~ 65857 per annum. In the circumstances, the attention of the University may be invited to this fact and it may be advised to adopt the scales of pay suggested by the Govt. of India in their letter on page 21 c.f.

23.9.47

pp 40-41 [the letter No. 27845 G3-47 12 Edn dated 24.9.47]

Cur 87608 from the Registrar, Annamalai University No 7100 dated 1.11.47

pp 42

[C. No 94888] From the Govt of India No F 6/41 P 5 28.11.

The file deals with the scales of pay to be fixed for

(1) the Engineering staff of the Annamalai University; and

(2) the staff of the new College of Technology under the Madras University.

Both the schemes are approved Post-War schemes partly financed by the Govt. of India. Item 17, List on p 40 of (R) P46 cf

2. The Govt. of India ~~have~~ asked for details to be furnished regarding the proposed scale of pay of the staff and course~~s~~ and standard of instruction. Item 17, List II on p 4 of (R) These details were furnished to the Govt. of India with this Dept. letter dated 10-8-46. P.15 cf The Govt. of India in replying to this communication suggested the following in respect of the Engineering College of the Annamalai University:--

(1) that the scale of pay of Lecturers should be Rs. 250-15-400; and P21 cf

(2) that of Asst. Lecturers Rs. 150-10-250. -do-

In respect of the new College of Technology under the Madras University, the Govt. of India suggested ~~th~~ a scale of pay of Rs. 250-15-400 for Senior Lecturers and to increase the maximum pay for the Junior Lecturers to Rs. 250. P21 cf

~~3~~. These suggestions were communicated to the Universities and they were asked to report the action taken on them. P22 cf

~~4~~. In reply, the Madras Uty. pointed out that though the scales of salary for Senior Lecturer and that for Junior Lecturer were Rs. 210-15-300 and Rs. 150-10-200 respectively, P25 cf the incumbents have prospects of promotion by selection committees to the higher grades of Readers on Rs 400-25-500 and Professors on Rs 750-50-1000 and that the Syndicate has also power to sanction to such of the Senior Lecturers as ~~to~~ reach the maximum in the scale ~~of~~ and stagnate in that salary, personal pay which is Rs. 50-20-150. -do- The Senior Lecturer can therefore normally rise to Rs. 450. In the case of a Junior Lecturer similarly circumstanced, ~~the~~ personal pay may be sanctioned ~~is~~ in the scale of Rs. 25-10-75. -do- This means that the Junior Lecturer can go up to a maximum of Rs. 275. W.H. // The Registrar, Annamalai Uty. -do- however suggested that if an enhanced grant of Rs. 64,000/- ~~was~~ be given, the Uty. ~~will~~ can give effect to the scales suggested by the Govt. of India. PP34-35 cf The Uty. was informed that no addl. grant can be given and that the scale suggested by the Govt. of India PP40-41 cf

-should-

95

~~by the~~
should be given effect to.

3/~~5~~. The Govt. of India was also informed of the position and copies of letters from the Madras Uty. and the Annamalai Uty. were also sent to India. PP30-39 cf

4/~~6~~. The Govt. of India in reply has suggested the following:

(1) that the personal pay in the case of Senior and Junior lecturers in the College of Technology in the Madras Uty. may be amalgamated with the existing scales of pay for the Senior and Junior Lecturers ~~respectively. For~~ so that the Lecturers can expect a rise of Rs. 450 or Rs. 275 respectively without any reference to the Syndicate. This suggestion of ~~the~~ India may be put to the Uty. M on P.46 cf A

(2) in respect of the Annamalai Uty., the Govt. of India have stated that the scales of pay are distinctly low and if they are not suitably raised, they will be constrained to withdraw their approval of this part of the scheme. ~~and that~~ ~~They have also stated~~ As regards grant that Govt. have stated that the present scheme is financed partly by the Govt. of India. ~~they will not be in a position to give any further grant over and above what has been financed for the Post-War scheme.~~ M on p 46 cf

They also ask for ~~the~~ information about the scales of pay of the subordinate instructional staff in the College of Engineering Annamalai Uty. A copy of the communication of India may be sent to the Annamalai Uty. and they may be asked to give effect to the suggestions contained in the Govt. of India's letter and also to furnish the information required. B

7. It may be pointed out in this connection that this Govt. have sanctioned a non-recurring grant of Rs. 10 lakhs and a recurring grant covering 2/3rds of the actual recurring cost subject to a minimum of Rs. 1.33 lakhs and a maximum of Rs. 2 lakhs a year for the Engineering courses at the Annamalai University. PP33-35 cf (N) There is therefore no ground for this Govt. giving a further grant to the Uty. for meeting the extra expre. involved in the revision of the scales of pay as requested in the letter of the Registrar on p.44 c.f. C

E+PH (G3)

Fro
4/2/48
5.2.48

2. It is submitted that the Govt. of India, Dept. Board approved of the scheme "grant to the Madras University for a new College of Technology and grant to the Annamalai University for a new College of Engineering" as an interim postwar scheme as eligible for their advance grant in respect of expenditure incurred up to 31.3.47 subject to details being furnished to the Edn. dept regarding (1) proposed scale of pay of staff and (2) course and standard of instruction. The A.G. must have by now afforded a provisional credit to this Govt. on account of the scheme equal to the amount of grant paid by this Govt. to both the Universities till 31-3-47, i.e. Rs. 3.70 lakhs to the Madras University and Rs. 1.54 lakhs to the Annamalai University. If the Govt. of India now withdraw their approval to that part of the scheme which relates to Annamalai University (as they have threatened in para 2 of their letter on p.48 CF), its effect would be that the amount of advance grant already credited to this Govt (Rs 1.54 lakhs) will have to be refunded. It ~~does not~~ seems desirable to avoid ~~that the~~ such refund. ~~[illegible] and that the University should be required to conform to~~ The E&PH. Dept may be requested to prevail upon the University to adopt the scales of pay indicated by the Govt. of India.

A on p.4 of proposal file (R)
(Typed)

[(x) These figures include estimated expenditure for the last quarter of 1946-7]

The draft may perhaps be [illegible] and "and to suggest that the scales of pay be suitably raised".

C No. /48 From the Registrar, Annamalai University No. nil dt 16/3/48.
PP52-55 cf

Please see the letter from the Regr., Annamalai Uty. at pp.52-55 c.f. and its encls. at pp.56-60 c.f. The Finance Committee of the Uty. as well as the Spl. Committee constituted for the purpose have examined the question of revision of pay of the staff and the grant of increased rates of D.A. The recommendations of the Spl. Committee referred to above are at 'M' on pp.52-53 c.f. The Committee has recommended that the budget for Engineering & Technology may be kept separate and grants on full net cost basis may be applied for from Govt. as no other sources for increasing the finances of the Uty. are

pp52-53 cf

P53 cf

-do-

-available-

p.t.o. -8-

available. The Syndicate of the Uty. agrees that the salaries of the staff in the Engineering College are low and need enhancement. It has also proposed the employment of addl. staff for the Engineering College on the basis of the strength of the staff and the subordinate establishment sanctioned for the Govt. Engineering College at Guindy. To meet all the expenditure, the Uty. requests that the Govt. grant for the college (both recurring and non-recurring) may be increased. As the requirements ~~on the~~ recurring expenditure ~~side~~ demand immediate consideration, the Uty. requests that the block grant of Rs. 2 lakhs be raised to Rs. 5 lakhs.

P54 c/f

—do—

—do—

~~It is submd. that Govt. have not sanctioned any 'block grant'~~ In respect of ~~towards~~ the non-recurring cost of the Engineering courses at the Annamalai Uty., Govt. first sanctioned ~~but only~~ a grant of 2/3rds of the ACTUAL RECURRING COST subject to a minimum of Rs. 1.33 lakhs a year and a maximum of Rs. 2 lakhs a year. This was later modified into a block grant of Rs. 2 lakhs a year without reference to the actual expenditure. The expenditure on the staff on the basis of Govt. scales now proposed to be sanctioned comes to - - Rs. 6,38,937 as against a receipt of Rs. 1,21,550 by way of fees, rent receipts etc., so much so, the net ~~next~~ cost to the Uty. on account of the Engineering Courses comes to about Rs. 5 lakhs. The Uty. apparently requests that this may be met by Govt. as grant, that is, the grant of Rs. 2 lakhs at present being paid by Govt. may be increased to ~~an annual block grant of~~ Rs. 5 lakhs. ~~As already stated, the Annamalai Uty. is at present allowed only a 2/3rds grant towards the recurring expenditure.~~ Even as at present, the Annamalai Uty. has been treated more favourably than the Madras Uty; in the latter case, Govt. have allowed only a fixed grant of Rs. 85,000/- which is slightly less than 2/3rds of the minimum expenditure of Rs. 1.35 lakhs for the opening of technological courses by that Uty. If the recurring grant to the Annamalai Uty. is increased still further, it may become necessary to increase the similar grant to the Madras Uty. also. There seems to be no strong case for complying with the request made by the Annamalai Uty. In any case, ~~that~~ it seems that further consideration of the request may wait till the final recommendations of the Spl. ommittee of the Uty. referred to on p.52 c.f. are received. It ay also be mentioned in this connection that the Uty. has been ked to appoint another committee to enquire into the various

(M)

matters connected with the administration of the Uty. One of the terms of reference to this Committee will be the too many resignations from the Professorial staff, the reasons and remedies therefor and also the steps to be taken to ensure an efficient and contented staff. In connection with its enquiry, this committee will certainly enquire into the conditions of the staff and establishment of the Uty's Engineering College also and make the necessary recommendations. The receipt of these recommendations also may be awaited before the question of increasing the grant to the Uty. is examined further. It is for orders whether the Uty. may be informed accordingly.

P121 c/f

As for the present, the Govt. of India have suggested that only the scales of pay of the Lecturers and Asst. Lecturers should be revised to Rs. 250-15-400 and Rs. 150-10-250 respectively and that 'Selection Grade Lecturers' are ~~is~~ unnecessary. The Uty. may therefore be told that the pay of the Lecturers and Asst. Lecturers should be revised immediately as indicated by the Govt. of India so as to avoid the refund of the advance grant claimed from the Govt. of India, the Uty. being told at the same time that the money required for this purpose should be found from its own resources.

~~Subject to orders, the case may be sent to Finance u.o. for remarks.~~

T

PP16-17 c/f of (Y)

8/ 5.4.45

The request of the Regr., Annamalai Uty. is to enhance the Block Grant Rs. ~~of~~ 2 lakhs hitherto given to the Uty. towards the recurring expre. on the maintenance of the Engineering College to Rs. 5 lakhs per annum. The total expre. on the maintenance of the College will come to Rs. 6.38 laks if Govt. scales of pay are to be ~~have been~~ allowed to the staff of the Engineering College. Towards this expre. the Uty. receives an income of Rs. 1.21 lakhs by way of tuition fees etc. and a grant of Rs. 2 lakhs from Govt. The net expre. on the maintenance of the College comes to Rs. 3.17 lakhs. Towards this ~~the~~ request is for a grant of Rs. 3 lakhs. This in effect will mean ~~is~~ that the entire net expre. on the maintenance of the college is borne by Govt. Even when the

(Issued as Letter Ref.No.27845-G2/47-23 Edn., dated 15.6.49)

From the Secretary to the Govt. of India, Ministry of Education, No.F.6-3/46-D1(P) dated 16.8.49.

From the Registrar, Annamalai University, 10266-B.1 dated 25-8-1949.

PP 82 c.f.

PP 84 c.f.

PP 86-87 c.f.

The following grants have been sanctioned by Govt. to the Madras University and the Annamalai University for the Engineering and Technology courses:--

	Recurring grant sanctioned.	Non-recurring grant sanctioned.
	Rs.	Rs.
Madras University - for the Alagappa Chettiar College of Technology, Guindy.	85,000/-	7 lakhs.
Annamalai University- College of Engineering and Technology.	2,00,000/-	10 lakhs.

(x) The entire amount of non recurring grants have since been paid to the universities.

These schemes have been included by the Govt. of India in their Post-War Development Programme ~~and are~~ being eligible for grant from the Centre.

PP 3-4 c.f. x

2. In 1946, the Govt. of India called for particulars relating to the standard of ~~education~~ instruction offered in the above two Engineering colleges and the scales of pay paid to them. The details furnished by the Universities in respect of scales of pay are found on p.p.7 and 10 c.f. These details were furnished to the Govt. of India. The Govt. of India in their ~~reply~~ letter dated 23-10-1946 suggested that in respect of the Madras University the scale of pay for the Senior Lecturers might be a little higher than what it was proposed, that it might be Rs. 250-15-400 and that the maximum pay of the Junior Lecturers might be raised to Rs. 250/-. In respect of the Annamalai University, the Govt. of India remarked that except for the Head of the Deptt. and the Professors, the scales of pay proposed for the

P 15 c.f.

P 21 c.f. x

x

remaining staff were definitely low, that the scale of pay of the Lecturers should be Rs.250-10-400 and that of the Assistant Lecturers Rs.150-10-250 and they stated that the introduction of a new grade, viz. 'Selection Grade Lecturers' was unnecessary. These remarks were communicated to the two ~~xxxxxxxx~~ Universities for reporting the action taken by them. Their replies are on p.p.25c.f. and 34-35 c.f. Extracts of their replies were forwarded by this Govt. to the Govt. of India. This Govt. agreed with the remarks of the Madras University. ~~in their letter dated 2.12.46 relating to the special~~ As regards the Annamalai University, in view of the additional expenditure involved in giving the scales proposed by the Govt. of India, the Registrar applied for an enhancement of the recurring grant payable to the University by Rs.64,000/-. The question was examined and the University was informed that no further grant would be given to the University for the purpose and that the University would be well advised to adopt at least the scales recommended by the Govt. of India. The ~~University~~ Annamalai ~~again~~ University again applied for an increase of ~~their~~ grant by Rs. 37,000/- vide the Registrar's letter on p.44 c.f. The Govt. of India then suggested in Nov.1947 that the scales of personal pay given to the Senior and Junior Lecturers in the Madras University, viz. Rs.50-20-150 and Rs.25-10-75 might be amalgamated with the existing scales of pay for the lecturers, so that each lecturer could expect to rise to the maximum, viz. Rs.450/- in the case of a Senior Lecturer and Rs.275/- in the case of a Junior Lecturer. As regards the Annamalai University, the Govt. of India agreed with this Govt. that the scales of pay in the Annamalai University were definitely low and stated that if the scales were not suitably raised the Govt. of India would be constrained to withdraw their approval of that scheme as a Post-War Devt. Scheme and that for the additional grant requested by the University, they stated that the scheme being an approved post-war-scheme, was already being partly financed by the Govt. of India. They also called for information regarding the scales of pay of the subordinate instructional staff in the College of

P46 cf

Engineering in the Annamalai University. Extracts of the India's letter were communicated to the Registrars ~~of~~ the Madras and Annamalai Universities, for necessary action. The Madras University has not sent a reply to the suggestion of the Govt. of India regarding the amalgamation of the special pay of the lecturers with their pay proper. The Annamalai University, without giving a definite reply, applied for an additional grant for the purpose and requested that the recurring grant payable to the University for the Engineering College might be increased from Rs. 2 lakhs to Rs. 5 lakhs. This Deptt. noted that there was no case for payment of an additional grant, ~~and Finance also agreed~~ but however suggested that ~~particularly of~~ the views of the D.P.I. might be obtained in the matter. Finance also agreed to the above suggestion. It was however ordered by the former H.M.(Edn) that details regarding the grants and loans proposed to be granted by the Govt. of India in pursuance of the resolutions of the All-India ~~Technical~~ Council of Technical Education held at Bombay in April 1948 might be obtained first. The Govt. of India have been addressed in the matter and their final reply is still awaited, as a final decision has not yet been arrived at in the matter.

PP48 to 50 cf

PP52-55 cf

PP9-10 ante

P10 ante

P11 ante

P80 cf

Now the Govt. of India want a definite reply to their letter of Nov.1947. As usual, the Annamalai University has applied for an enhancement of the grant for the Engineering College. The Registrar requests that the grant of Rs. 2 lakhs sanctioned for the Annamalai University for the Engineering College might be increased to Rs. 3 lakhs. The two main points in this file now are:-

P84 cf

P46 cf

PP86-87 cf

(1) Information should be furnished to the Govt. of India in reply to their letter of Nov.47;

(2) Consideration of the request of the Annamalai University for ~~payment of~~ increase of the recurring grant for the Engineering College from Rs. 2lakhs to Rs. 3 lakhs.

P.46 cf + P.84 cf

PP86-87 cf

Regarding point No. (1), the Registrars of the two Universities may be requested to send their reply to the Govt. of India's letter. Subject to orders, the drafts below are for approval.

24/9/49

As regards point No. (2), it will be seen from the notes on pages 9 and 10 ante that there is no case for payment of an enhanced grant for the purpose. It does not also appear at this stage that the D.P.I. should be consulted.. In connection with the request of the Annamalai University for payment of grant for revision of scales of pay of the teaching staff and the payment of dearness allowance at Govt. rates, the University was informed that the request for a grant for that purpose might be revived when the audited accounts of the University became available for the year 1948-49 and that the request when it was again made by the University should be supported by a clear statement to show the financial position of the University according to these figures. The Univy. may be requested to renew the request for an additional recurring grant for the Engineering College with similar figures and with full reasons to justify the request.

Grant-in-aid to the Annamalai University

This item was proposed by H.M (E & L) for inclusion in the List of Part II schemes for 1950-51, at the meeting of the Standing Finance Committee held on 12.1.50. The Committee recommended that the item ~~may~~ might be considered by the Cabinet at its meeting on 28.1.50 and finally decided there. ~~Meanwhile this item has been provisionally included in the list of Part II~~ ~~Schemes recommended by the~~

The case may be returned to Edn. H. no.

(The item will be included in the Finance Dept's Budget note for consideration at the Cabinet meeting.)

Fin no 3951 (A) B.6/50 7-1-50 16.1.50 16/1/50. 16.1.50 17 17.1.50 EPH

Extract of the minutes of H.M.(Fin) on the file relating to the proposal for a grant for the revision of salaries ofthe teaching staff:-(C.No.98398/49-G2).

"Salary revision neednot be a further burden on us. But their expenditure on Engineering College and our grant towards it seems to require revision. That may be ~~[illegible]~~ examined and put up in time for Cabinet meeting on 28th instant."

Sd.B.G.R(eddi),
H.M.(Fin).
18.1.50.

Please see the Finance Department note on page 23 ante and the minutes of H.M.(Fin) extracted above. The Govt. have sanctioned to the Annamalai University for the College of Engineering and Technology, a recurring block grant of Rs. 2 lakhs per annum and a non-recurring grant of Rs. 10 lakhs. The entire non-recurring grant has been paid in instalments, ~~of 1 lakh each~~. The scheme relating to ~~thexEngix~~ the grants to the Annamalai University for its Engineering and Technological College has been treated as a Post-War Development Scheme, and the expenditure incurred by the Govt.by way of grants for the purpose is being ~~xmxxxx~~ debited to the Central Block grant according to the principles laid down by the Central Govt. from time to time. ~~of adjustment obtaining in the in respect of, debiting the expenditure in the relevant years.~~

PP16-17 of (Y), 40390 E, 23/2/46
P33 of (K), GO 1892 Edn, 28/12/45

In March 1948, the Registrar of the University requested ~~stated~~ that the recurring grant of Rs. 2 lakhs sanctioned to the University for its Engineering College might be increased to Rs. 5 lakhs, in order to enable the University to meet the cost of increased ~~raise the~~ scales of pay ~~to~~ the staff in the Engineering College on the lines suggested by the Govt.of India, in their letter on p.21 c.f. It was ordered by the then H.M.(Edn) that the question of grants to the University might be considered after the receipt of the decision of the All India Council for Technical Education held at Bombay in 1948 regarding the grant to the Annamalai University. The Govt.of India was addressed in August 1948 as to the decision arrived at by them on the subject, and they are being reminded periodically. ~~have stated that the~~

The argument of the Vice-chancellor is that even with the increased grant government will be spending only a fraction of what it spends on its own Engineering colleges, and that in this respect Annamalai University is bearing a burden from which other universities are spared

H.M.(E&L)

GOVERNMENT OF MADRAS

With reference to Secretary's query above, it is submitted that the Govt. have not given a guarantee to the Annamalai University that they would meet two-thirds of the recurring cost of the Engineering College, whatever may be the actual expenditure. As a matter of fact, the Govt. originally considered that an upper limit should be fixed, ~~as regards the recurring grant payable by the Govt. for the purpose~~, and ~~xxxx~~ therefore ordered in G.O.No.1892 Edn., dated 20-12-1944 that the recurring grant for the scheme would be two-thirds of the actual expenditure, subject to a minimum of Rs. 1.33 lakhs and a maximum of Rs. 2 lakhs. Attention is also solicited in this connection to the notes and orders in circulation on p.p.12--16 n.f. of G.O.No.1892 Edn.,dated 20-12-1944 (portion marked 'C' on p19 cf of that GO) wherein it was decided that the maximum ~~grant~~ recurring grant should be Rs. 2 lakhs. Subsequently, in G.O. No.390 Edn.,dated 23-2-1946, the recurring grant for the scheme was fixed at Rs.2 lakhs and it was made a block grant, without reference to the actual expenditure incurred by the University. ~~The file may now be circulated to H.M.(E.&L.)~~

Extract of Item No. 3(d) from the Proceedings of the eighth meeting of the Coordinating Committee of the All India Council for Technical Education held at Calcutta on the 12th January 1950.

Item No. 3(d). TO CONSIDER THE REQUEST OF THE ANNAMALAI UNIVERSITY FOR WAIVING OF CONDITION REGARDING ITS CONTRIBUTION TOWARDS THE DEVELOPMENT OF ENGINEERING COLLEGE.

It was decided that a small sub-committee consisting of Mr. J.A. Taraporevala and the Secretary of the Council should visit the Engineering College of the Annamalai University with a view to ascertaining on spot if the expenditure incurred by the Institute since the last Visiting Committee was there could be considered as an adequate contribution of the University to cover one-third the cost of development from that date. This Committee may report to the Government directly.
