ANNEXURE NO. 7

Explanatory Remarks.

37 (P) Education--Secondary--Direct grants to non-Government Secondary Schools--A.General (a) A.3. Buildings--Voted.

The outstanding liabilities on 1.4.1950 will be Rs.6,28,038 or Rs.6,28,000/- in round figures.

Schemes Nos. 4, 5, 7, 8, 11, 22, 23, 30 and 32 being part paid schemes with necessary provision during the current year, are likely to be paid completely.

Scheme No.23. relating to Sri. Ramakrishna Mission Vidyalaya - As the maximum grant for the scheme was raised long after the submission of proposals for Part I. B.E. 1949-50, the balance of grant of Rs.25,000/- could not be provided. Being a part paid scheme, the balance of grant of Rs.25,000/- can be paid from the current year's allotment with the approval of Government. Hence no provision need be made in respect of this scheme in the Budget Estimate of 1950-51.

In G.O.Ms.No.2080 Education dated 28-6-49 and G.O. Ms.No.2406 Education dated 25-7-49 Government sanctioned advance grants for 25 schemes. As the maximum grant for each scheme is not more than Rs.35,000/- (leaving out the advance), the management has to spend at the most, Rs.60,000/- before the end of March 1951. As the procurement of building materials is not so difficult as in previous years, it is expected that the management will execute work for not less than double the amount of the balance of grant. Hence the balance of grant in respect of each scheme is proposed for inclusion in Part I of the Budget Estimate for 1950-51.

Scheme Nos.

Nos.2; 9; 10; 12; 13; 14; 15; 16; 17; 18; 19; 20; 21; 24; 25; 27; 28; 29; 31; 33; 38; 39; 40; (41); :

Schemes for which necessary provision has to be made in Part I of the Budget Estimate for 1950-51.

1. Lady Sivaswami Iyer High School, Mylapore

The maximum grant for the scheme is Rs. 1,25,000/. Covernmnnt recently refused to raise the maximum grant. Hence the balance of grant of Rs.15,736/- is proposed.

2. Muharul Uloom High School, Ambur.

Government in raising the maximum grant to Rs.75,400/- ordeered that the balance may be provided in Part I of 1950-51. The balance of grant of Rs.35,400/- is accordingly suggested in Part I of the Budget Estimate for 1950-51.

33. Muslim Orphanage Madras.

Out of an admissible grant of Rs.35,000/-, an advance grant of Rs.11,500/- was paid during the current year with the sanction of Government in G.O.No.Ms.2222 Edn.dated 11-7-49, Government have authorised the Director to sanction an additional grant in respect of this work in the current year to the extent possible after knowing the savings in the budget provision. The balance of grant of Rs.24,500/- may be provided in the B.E. of 1950-51 (Part I).

The following four schemes alone have to be considered for making provision in the Part II of the B.E. for 1950-51.

26. The Girls High School Lalgudi.	Government in Memo.7361 B1/48-7 Education dated 28-7-49 ordered that necessary provision may be made in Part II of 1950-51. Out of the maximum grant of Rs.30,000/- for this scheme, an advance grant of Rs.20,000/- may perhaps be provided in the Budget Estimate.
34. Little Flower Girls High School, Mammiyur.	The estimated cost of the scheme is Rs.70,000/- and the maximum grant is Rs.35,000/- The Correspondent has not yet submitted the plan and estimate for the scrutiny by the J.C.A. In the expectation that the management will execute work to the value of Rs.20,000/- by March 1951, an advance grant of Rs.10,000/- is proposed for inclusion in the Budget Estimate for 1950-51 (Part II).
35. Dharmaraj Secondary School, Rajapalayam	The maximum grant for the scheme is Rs. 35,000/- The plan and estimate having been approved by the J.C.A, the management invited tenders and accepted. As the work is in progress, the management will complete the work atleast to the value of Rs.40,000/- by March 51. Hence an advance grant of Rs.20,000/- is proposed in the Budget Estimate for 1950-51 (Part II).
St.Ann's Girls High School Cuddalore	The maximum grant of Rs.10,000/- for the scheme provided for in Part II of the Budget Estimate for 1946-47 and 1948-49, could not be paid as the acquisition was not complete. As the acquition is ~~not~~ still in complete, no provision need be made in respect of this scheme in the Budget Estimate of 1950-51.

Summarising the above, the provision suggested in Part II of the Budget Estimate for 1950-51 is Rs.50,000 as detailed below:--

Part II.	Rs.50,000/-	Sch.No.26,	Rs. 20,000/-
		34.	Rs. 18,000/-
		35.	Rs. 20,000/-
		Total	Rs. 50,000

The provision to be made in Part I of the Budget Estimate for 1950-51 will be Rs.5,18,038 or Rs.5,18,000in round figures in respect of Schemes Nos. 1; 2; 6; 9; 10; 12; 13; 14; 15; 16; 17; 18; 19; 20; 21; 24; 25; 27; 28; 29; 31; 33; 36; 37; 38; 39; 40; .....

This huge provision in Part I is due to the fact that only advance grants were sanctioned by Government during 49-50 for many schemes. Hence the balance of grant for those schemes are proposed in the Budget Estimate of 50-51 Part I.

7. In G.O.Ms.No.2406 Edn. dated 25-7-49, Government informed the Director that the additional allotment of Rs.31,800/- will, if necessary, be allotted later on to some of the schemes for which the amount allotted is found to be meagre. If this allotment is utilised, the provision proposed now in Part I will be reduced to that extent.

ANNEXURE No. 7.

ANNEXURE No.22.

Explanatory Remarks.

37 (n) Education--Special--Direct grants to Non-Government Special Schools--A.--General (i) Excluding Postwar Reconstruction--(n).A.(i).3. Buildings-Voted

The outstanding liabilities on 1-4-1950 will be Rs.43,800/-. Schemes No.1 and 2 in the list are part-paid schemes and no provision in respect of them is suggested in Part II of the Budget Estimate for 1950-51, as the balance grant will be paid during the current year itself. A sum of Rs.10,300/- sanctioned in respect of Shankey Memorial School, Masulipatam (Scheme No.3 in the list) will not be utilised during the current year as it has been reported that the scheme is not likely to be completed before the end of this year. This provision of Rs.10,300/- is therefore suggested in Part II of the Budget Estimate for 1950-51.

2. The entire grant admissible to schemes No. 4 and 5 is also suggested in Part II of the Budget Estimate for 1950-51 as the managements concerned are likely to complete the construction and claim the grants before the close of the year 1950-51.

ANNEXURE NO.22.

To

The D.P.I.

Reference budget annexure No 22 - Grants to Sharkey Memorial Training school Masulipatam - Construction of a building for the model school and Extensions to the main buildings of the Blind, Deaf and Dumb school Teynampet. Grants were sanctioned for both these works in the current year in G.O. No 2080 Education dated 28-6-49 after considering them as Part II schems. It is not necessary that grants should be disbursed only after completion of the works . If the works have been commenced or likely to be commenced, the managements may be instructed to claim the grant towards the expenditure incurred on the execution of the work in the current year at the end of this year and the balance may be [illegible]

ASST. SECRETARY TO GOVERNMENT
28 OCT 1949
EDUCATION AND PUBLIC HEALTH DEPT.

R.C.No.3359 D2/49

Office of the
Director of Public Instruction
Madras, dated, 18th Oct. 1949.

From
The Director of Public Instruction
Madras.

To
The Secretary to Government
Education and Public Health Department
Fort St. George, Madras.

Sir,

Subject:- BUILDINGS -- Part II Schemes -- Sharkey Memorial Training School for Mistresses, Masulipatam. and Deaf and Dumb School-Teynampet Madras.

Reference:- Your T.M. by post dated 17-10-49.

With reference to your T.M.(Telephonic Message) ~~dated~~ referred to above, I have the honour to state that the Correspondent, Sharkey Memorial Training School, Masulipatam, has stated that she is unable to undertake the building work during the current year, and has requested for the postponement of giving grant till a later date.

In the circumstances the grant provided in the Part II Budget Estimate for 1949-50 will be surrendered in the case of this school, as no portion of the grant can ~~can~~ be utilised during the current year.

As regards Deaf and Dumb School, Teynampet, since the Management has called for tenders, and accepted the same, this institution is likely to finish a portion of the construction before the close of the current year. A sum of Rs.10,000/- may be made available for payment during the current year. The balance of Rs. ~~14,500/-~~ may be included in the Part I Budget Estimate of 1950-51.

Yours faithfully

D. S. Pantamalini

For Director of Public Instruction.

Grants - Buildings - Non-Government Secondary and Special Schools - 1950-51 - Sanctioned.

64/28/14.

Order No 1376 Edn. dated 28.4.50.
Ms.

A 284/50

The Govt. sanction grants not exceeding one half of the actual cost of construction or acquisition of buildings for secondary and special schools and for hostels, as specified in the annexure, subject to the maximum limits specified against them. The grants will be disbursed in accordance with the provisions of the Grant-in-Aid Code. The D.P.I. is requested to communicate the orders to the managements concerned.

2. The expenditure on payment of grants to secondary schools [and hostels attached to them] should be met from the appropriation in the estimates of expenditure for ~~1949-50~~ 1950-51 under "37. g. Edn. Secondary - Direct grants to non-Govt. Secondary schools - A. General - 3. Buildings - Voted". The expenditure on payment of grant to the special school should be met from the appropriation under "37. n. Edn. ~~Secondary~~ Special - Direct grants to non-Govt. Special schools - A. General (1) Excluding Post-war Reconstruction - 3 Buildings - Voted".

3. The amount of grant provided for disbursement is shown against each item. The amount that will be claimed by the management of each school will depend upon the progress of the work done till the grant is claimed. There may be some savings in the amount provided for some of the schemes. It is open to the D.P.I. to utilise the savings for disbursement in cases where the grant claimed is more than the amount provided for. If from the progress of work, it is considered that the amount now provided for is insufficient, the D.P.I. may include necessary provision in Part I of the Budget Estimate for 1951-52.

From

Dr. P.S. Shastry,
Correspondent,
Navajivana High School,
Perdala P.O., South Kanara.

To

The Hon'ble Minister for Education,
Government of Madras,
Madras.

Madras (Camp).
3rd March 1950.

Sir,

While thanking the Government for admitting the scheme for the building grant of our Navajivana High School, Perdala, I wish to make the following request.

Already we have spent Rs.43,300/- as could be testified by the valuation certificate of the Executive Engineer (copy enclosed). Hence, in these hard days, it will be extremely difficult to execute our plan further, without adequate financial support. Therefore, I request that you will kindly arrange for expediting payment of the maximum grant as recommended by the Executive Engineer.

Yours faithfully,
P. S. Shastry
Correspondent

Encl: Copy of the valuation certificate issued by the Executive Engineer, S.K.

Copy of letter No.125 M dated 16-1-50 from the Executive Engineer, South Kanara Division, Mangalore, to the Correspondent, Navajivana High School, Perdala.

Sub: Valuation certificate
Ref: Your Ref.C.No.253/49 dated 8-12-1949.

The new building is not fully completed as per the plan enclosed. Two rooms are yet to be completed. The plinth area of the portion completed is 12996 or 13000 sq. ft and the valuation works out to Rs.52000/-. The actual outlay as per auditors verified accounts is Rs.43,300/-. Hence half of this amount viz., Rs.21,650/- is recommended as Goverment grant.

The building was constructed before the question of the grant was raised. The plan is signed by the Divisional Engineer, Highways, Mangalore and it is reported that the same officer inspected the building off and on during the construction.

Some minor defects were noticed. At some places the morter in the joints is washed away as these portions of the building were constructed during the rainy season. This has to be filled in and the whole building has to be plastered. In some of the arches slight cracks are noticed. They are not bad except in two cases which have been dismantled and rebuilt after the first inspection by the P.W.D. The other minor cracks have to be grounted and the whole surface plastered as early as possible. The stability of the building is not endangered due to this.

The roof timbers are of the minimum size required. In the small verandah roof a little sagging is noticed. The school authorities have agreed to give additional supports when required. This will ensure the stability. The stability certificate from

2.

the Engineer in charge of work and the certificate of the actual expenditure from the auditor has been verified.

As the plastering of the building has to be completed as early as possible I recommend that the half grant of Rs.21,650/- be disbursed soon.

To
The Secretary to Government,
Education Department,
Madras.

Rc.163-D6/50, dated 16-5-50.

Sir,

Sub: Grant - Building - Aided Secondary Schools - Payment of grants in 1950-51.

Ref: i) My letter Rc.163-D6/50, dated 8-4-50.
ii) Government Memo No.6556-B/50-2-Education, dated 28-4-50.
iii) G.O.Ms.No.1376-Education, dated 28-4-50.

******

In connection with the Budget Estimate for 1950-51, the following provision was proposed for payment of Building Grants to aided Secondary Schools under "37.g.Education-etc.":-

Part II - New Schemes	Rs.50,000
Part I - Part paid scheme	5,18,000

With reference to the instructions contained in Government Memo No.1799-B/50-2-Education, dated 14-3-50 the provision for 1949-50 was partly utilised for further payment of advance grants to schemes in respect of which the title deeds have been declared to be in order.

An amount of Rs.3,26,741/- is still required for payment of balance of grants during 1950-51 in respect of part paid schemes for which provision was prposed in the Budget Estimate for 1950-51 (Part I).

2. It is observed from G.O.Ms.No.1376, Education, dated 28-4-50 that advance grants have been sanctioned for schemes approved in G.O.Ms.No.3710, Education, dated 2-12-49. Plans and estimates in respect of some of these schemes have not yet been scrutinised by the Joint Consulting Architect. The cost of the scheme may have to be altered with reference to the recommendations of the Joint Consulting Architect, which may necessitate the raising of the limit of grant specified in Column 3 of the annexure to the G.O, first quoted. I, therefore, request to be informed whether the alteration in the estimated cost after scrutiny by the Joint Consulting Architect should be reported to Government in each case and their sanction obtained to increase the maximum grant specified in Column 3 of the annexure or whether the alteration in the cost and the maximum grant upto the limit of Rs.35,000/- may be revised by me with reference to the approved estimate and the provision for the balance of grant made accordingly in the Budget Estimate for 1951-52 without addressing Government on individual schemes. It would be better, if Government permit the second procedure.

3. With reference to my letter Rc.163-D6/50, dated 8-4-50 Government have in their Memo No.6556-B/50-2-Education, dated 28-4-50 sanctioned a grant of Rs.1,38, 862/- for disbursement in the current year. This amount was included in Part I of the Budget Estimate for 1950-51. The provision in this year's Budget Estimate for all building schemes except those referred to in G.O.Ms.1376-Education, dated 28-4-50 is only Rs.3 lakhs, which is not sufficient to cover the sum of Rs.1,38,862/- referred to above and that required to pay further grants to part-paid schemes. I, therefore, request the orders of Government as to whether the advance grants in respect of these schemes may be sanctioned pending provision of additional funds.

PTO

5.The total allotment for 1950-51 under "37.Education-Secondary (G)-Direct Grants to Non-Government Secondary Schools-A.General-A.3.Buildings" is Rs.6,00,000/-. The total amount of grants required for disbursement in the current year is Rs.7,93,253/- as shown in the annexure. I shall apply for the necessary additional funds in due course, if required.

Yours faithfully,

J. O. Lancaster

for Director of Public Instruction

Forwarded/By order

SUPERINTENDENT.

PROCEEDINGS OF THE MEETING OF THE CABINET SUB-COMMITTEE HELD AT 3 P.M. ON 6--6--1950 IN THE CABINET CHAMBER, FORT ST. GEORGE.

--

Present:

Hon'ble Chief Minister
Hon'ble Minister (Agriculture)
Hon'ble Minister (Education)
Chief Secretary
Finance Secretary
Secretary, Development
Deputy Secretary, Development
Deputy Secretary, Food
Secretary, Education
Secretary, Home
Additional Chief Engineer
Director of Agriculture
Director of Animal Husbandry
Director of Public Instruction
Deputy Director of Public Instruction
Inspector-General of Prisons.

The notes prepared by the Finance Department on the possibility of effecting economies in expenditure in respect of the following departments were considered:-

(1) Agricultural Department.

(2) Animal Husbandry Department.

(3) Judicial Department.

(4) Education Department.

(5) Jail Department.

2/. Agricultural Department -

(a) The items of reduction in the budget allotment proposed by the Director of Agriculture were agreed to, subject to the following remarks:-

(i) Allowances and contingencies - The saving should be taken at only Rs. 0.49 lakh.

(ii) Purchase and distribution of seeds, manures etc. - The question should be examined as to whether the reduction of Rs 1.65 lakhs proposed will not affect the present standard of work of the Department.

(iii) Agricultural College, Bapatla - The Committee was informed that the question of reducing the number of admission in the two Agricultural Colleges would be considered by the Cabinet and that

p.t.o.

the saving on account of the postponement of the construction of the third hostel block should be taken at Rs. 0.50 lakh only.

In accordance with the above decisions, the total savings to be resumed immediately will be Rs. 9.16 lakhs.

(b) The Committee agreed that the four new schemes mentioned in the note and for which provision had not been made in the budget might be postponed.

3/. Animal Husbandry Department -

(a) The Committee agreed that savings to the extent of Rs. 92,000 in the expenditure on other than works and Rs.1,05,650 on the 3 items of work mentioned in the note might be resumed.

(b) In regard to the construction of students' hostel at the Livestock Research Station, Hosur, the Committee suggested that the construction should be limited to the permanent requirements of the students having regard to the ultimate strength at the Station.

4/. Judicial Department -

(a) The Committee accepted the proposal of the High Court to effect savings to the extent of Rs. 21,600 under cost of passages and petty construction and repairs.

(b) The Committee noted that the question of abolishing the system of trial with jurors and the proposals of the High Court for increasing the court fee revenue were under the active consideration of the Home Department.

5/. Education Department -

(a) The proposals of the Director of Public Instruction for economy in expenditure as mentioned in paragraph 2 of the note were accepted, with the exception of the proposal to suspend the deputation of teachers to Perianayakanpalayam, Wardha and Pentapadu. The total savings to be resumed will therefore amount to only Rs. 4,61,100.

(b) The Director of Public Instruction promised to send his report in regard to the possible reduction of the allotments under Travelling Allowance, contingencies, equipment grants etc., shortly.

In regard to building grants, the Director of Public --

p.t.o.

Instruction stated that it would be possible to postpone a portion of the following payments to the next year:-

	Anticipated savings, Rs. lakhs.
(1) Grants to non-Government Arts Colleges.	1.52
(2) Grants to non-Government Professional Colleges (3 institutions).	0.75
Total	2.27

The Committee agreed to the postponement of the expenditure and to the amounts being resumed.

(c) It was agreed that the lump sum provision of Rs.5 lakhs made in the budget for buildings for new Basic Training Schools also might be resumed. The Committee also accepted the proposal of the Additional Chief Engineer to surrender an amount of Rs. 1,89,980 in the provision made for the construction of buildings for certain Basic Training Schools.

(d) The suggestion of the Additional Chief Engineer that savings to the extent of Rs. 2,63,000 might be taken credit for in respect of 3 items of work (not relating to basic education) was also accepted.

(e) In regard to the provision of Rs. 3,600 made in the budget for the deputation of teachers for training in the Government Museum, Madras, the Committee was of the opinion that the provision might stand.

(f) The Director of Public Instruction informed the Committee that no saving was now anticipated in the provision made in the budget for purchase of stores in England.

6/. Jail Department -

(a) The Committee agreed that a saving of Rs. 1,17,250 might be effected, as proposed by the Inspector-General of Prisons.

(b) The Committee was not in favour of reverting to the old system of purchasing stores by open tender instead of the present system of purchasing from Co-operative Societies. It, however, agreed that the possibility of getting the Co-operative Societies to charge at wholesale rates instead of at retail rates

p.t.o.

might be explored.

(c) The Committee was in favour of instructions being issued to District Magistrates for making a liberal use of the Madras Probation of Offenders' Act and of the services of Probation officers.

P.S. Kumaraswamy Raja,
7-6-50.
Hon'ble Chief Minister.

29

Finance (BG) Deptt.

Note for the Cabinet Sub-Committee.

Sub: Economy in expenditure - Education Department.

At the meeting of the Cabinet held on the 8th May 1950, it was ordered that detailed proposals for economy in expenditure should be worked out in consultation with the Heads of Departments concerned for final consideration by the Cabinet Sub-Committee.

2. Education Department - The Director of Public Instruction who was asked to submit proposals for economy in expenditure has stated that he would be able to reduce expenditure in his Department by Rs.5,10,600 as shown below:

	Budget allotment. Rs.	Anticipated savings. Rs.	Remarks.
Purchase of apparatus and materials.			
Arts Colleges for men.	3,48,600	35,000	10% of the allotment may be cut out in view of the great need for economy at present.
Engineering College, Guindy	2,50,000	25,000	-do-
-do- Anantapur	8,00,000	80,000	-do-
Arthur Hope College of Technology	6,00,000	60,000	-do-
Books and Periodicals Government Arts Colleges (Men)	65,800	6,600	-do-
Basic Education - Deputation of teachers to Perianayakanpalayam, Wardha & Pentapadu	49,500	49,500	The scheme may be suspended this year.
Building Grants - Secondary schools under local bodies.	1,70,000	70,000	Provision of Rs.70,000/- made under Part II can be surrendered.
Aided Secondary Schools	6,00,000	57,000	The grants may be spread over two years in some cases.
Aided Elemertary Schools	2,00,000	50,000	In view of the need for economy, Rs.50,000 can be surrendered.

Grants for play grounds Aided Elementary schools	25,000	12,500	In view of the need for economy, 50% may be cut out.
Introduction of bifurcated courses in secondary schools.	1,30,300	65,000	Due to practical difficulties in obtaining the necessary equipment rather than as a measure of economy, it is proposed to spread the provision over 2 years.
Equipment for aided, local body and Government Schools (Aided Schools	90,500		
Local body schools	14,600		
Government Secondary schools for boys	25,200)		
		5,10,600	

3. The question of effecting further economy in the Education Department was discussed by the Finance Secretary with the Director of Public Instruction and the Education Secretary. The Finance Secretary asked the Director of Public Instruction to consider whether as had been done in other Departments, it would not be possible to effect a 10% cut under Travelling Allowance, contingencies etc. excluding such items as "Pay and Dearness Allowance of menials", "rents", "Rates and Taxes" etc. which could not admit of a percentage cut in expenditure. The Director of Public Instruction readily agreed to fall into line with other heads of departments and promised to issue a circular to all his subordinate officers to implement the drive for economy, to restrict tours, to reduce transfers and to restrict expenditure to the absolute minimum and also not to apply for additional appropriation, if it could be avoided. Finance Secretary explained that the issue of a circular as proposed would itself not have the full effect and that if the appropriation at the disposal of the subordinate officers was not also reduced by 10% immediately, the tendency on their part would be to spend it in full and that some may even come late in the year with applications

for additional appropriations. The Director of Public Instruction agreed with the Finance Secretary and promised to reduce the allotments and to submit a surrender statement to the Government soon, to enable them to issue orders resuming the amounts.

4. Grants - It was suggested at the time of the discussion that at least in cases where the buildings works had not yet been sanctioned, the authorities might be persuaded to defer them till March next; in regard to equipment grants, the Director of Public Instruction was asked to examine whether the expenditure provided for in the budget for the current year could not be spread over next year also. He accepted both the suggestions and promised to surrender the amount of probable savings both under building grants and equipment grants, after obtaining necessary information from the institutions affected.

5. Basic Education - A sum of over Rs. 38 lakhs has been provided for in the budget for the spread of basic education as indicated below:-

REVENUE ACCOUNT.

(a) Expenditure other than works

	Rs.
(1) Grants to non-Government primary Schools ..	2,23,400
(2) Grants to local bodies ...	1,81,400
(3) Basic Training Schools. (including Rs.49,500 for deputation of teachers for training at Wardha and other places which the Director of Public Instruction proposes to surrender).	15,33,200
Total	19,38,000

p.t.o.

Capital Account.

(b) Works - Buildings for Basic Training Schools and Basic Schools.

(1) Lump sum provision - Basic Training Schools	Rs. 5,00,000
(2) Individual works including works in progress.	Rs. 13,72,800
Total	Rs. 18,72,800
Grand Total	Rs. 38,10,800 OR over Rs. 38 lakhs.

Item (a) above - In view of the present need for economy, it was felt that if the programme of Basic education was slowed down a little, it would be possible to effect a reduction in expenditure of at least Rs 5 lakhs, instead of only Rs 49,500 as proposed by the Director of Public Instruction. As a question of policy was involved, the Director of Public Instruction suggested that the question might be discussed further at the meeting of the Cabinet Sub-Committee.

Item (b) (1) above - The Additional Chief Engineer who was also present stated that as work had been started only at one place - Vedaranyam, he did not expect to spend more than Rs 2 lakhs and that the balance of appropriation of Rs 3 lakhs might be resumed.

Item (b) (2)above - Judging from the progress of the work in each case and the difficulty in obtaining materials etc. the Additional Chief Engineer anticipated a saving of Rs 1,89,980 (i.e. 20 percent of the allotment) in the following cases :-

	Allotment in the Budget Rs.	Probable Expenditure. Rs.	Anticipated Savings. Rs.
Godavari Central			
Constructing a basic training school at Vomaravalli	1,20,000	96,000	24,000

	Allotment in the Budget. Rs.	Probable expenditure Rs.	Anticipated savings. Rs.
Constructing a basic training school at Kota Uratla	1,10,000	88,000	22,000
Bellary - Constructing a Basic trainigg school at Alur	1,50,000	1,20,000	30,000
Kurnool - Constructing a basic training school at Rameswaram (Proddatur firka)	1,50,000	1,20,000	30,000
West Coast: Constructing a basic training school at Palayad	1,00,000	80,000	20,000
West Coast - Constructing a basic training school at Anakkara	1,00,000	80,000	20,000
Salem - Constructing a basic training school at Nallurayan-patti (Veerapandi firka)	1,19,900	95,920	23,980
Tiruchirapalli - Constructing a basic training school at Musiri	1,00,000	80,000	20,000
			1,89,980

6. Other works of the Education Department - The Additional Chief Engineer further suggested that savings might be taken credit for under the following items also, which do not relate to basic education:-

Revenue Account.

West Coast - Constructing an additional block of 5 class rooms for the Govern-ment Secondary Training schools for women, Canna-nore	53,000	40,000	13,000
Guntur - Construction of buildings for the Government college for women, Guntur	2,00,000	1,00,000	1,00,000

Capital Account.

Cuddapah - Construction of permanent buildings for the Government college at Cuddapah	3,00,000	1,50,000	1,50,000
			2,63,000

7. The Director of Public Instruction and Education Secretary accepted the suggestions in paragraphs 5 and 6 above.

The question was raised whether it would be possible to reduce the number of basic training schools to be newly opened and thereby stop the construction of buildings for some schools in the current year. The Director of Public Instruction was of the opinion that this question also might be considered at the meeting of the Cabinet Sub-Committee along with the general question of slowing down the programme of expenditure on basic education.

8. New Schemes- The Director of Public Instruction agreed to surrender a sum of Rs.3,600 provided in the Budget for the deputation of teachers for training in the Government Museum, Madras. It was agreed that no reduction in expenditure was possible in regard to other new schemes, except to the extent contemplated in paragraphs 2 to 6 above.

9. Expenditure in England - There is a provision of Rs.7,03,200 for purchase of stores in England. The Director of Public Instruction was asked to examine whether any reduction in expenditure was possible under the above head and to send a report to the Government. He promised to do so.

10. Orders of the Cabinet Sub-Committee are reque[illegible]l as to whether the budget allotments may be redu[illegible] as indicated in paras 2 to 9 above and the savi[illegible] resumed by the Government.

Sir,

Roc.No. 6.A.1/50 dated 16-6-'50

Sub:- Budget Estimate - For 1950-51 - Economy in Expenditure - Report of savings -

Ref:- D.O.No. 33300 B.G 1 dated 9-5-1950 from the Secretary to the Government Finance Department and my letter R.C.No. 6.A.1/50 dated 24-5-1950 -

---

In continuation of my letter quoted above, and after a further consideration of my proposals with the Cabinet Sub-Committee on 6-6-1950, I surrender the amounts detailed in the annexure to this letter and request that the Government may be pleased to resume the same.

I have asked all the estimating officers to report urgently the savings that may result under "Travelling Allowance" and certain other reducible "Contingent items" if a compulsory cut of 10% on the original allotments is imposed. On receipt of their reports I will submit a further report regarding the savings that can be effected under "Travelling Allowance" etc., for resumption by Government. A copy of the circular referred to above is enclosed for information of Government.

Yours faithfully,

for Director of Public Instruction.

Education Department (B)

Grants - Buildings - Aided Secondary Schools - Revision of maximum grant payable in respect of certain schemes with reference to the approved estimated cost - Payment of grants in 1950-51 - Instructions issued.

Read: Memo No. 6556 B/50-2 Edn., dated 28-4-50
G.O.No. 1376 Edn., dated 28-4-1950.

MEMO NO. 11950 B/50-2 Edn dt/ 29.7.50

The D.P.I. is informed that in respect of schemes for the construction of buildings for aided secondary schools for which the plans and estimates have not been scrutinised by the Joint Consulting Architect and grants have been sanctioned based on approximate cost, necessary provision may be included in the Part I estimates for 1951-52 for the payment of the balance of grants as assessed with reference to the estimated cost of the schemes as approved by the J.C.A., subject to the condition that in no case should the grant exceed Rs 35,000/-. The Director is requested to report all such cases to

the Govt after the Part I estimates are submitted and obtain the approval of Govt. to increase where necessary, the grant already agreed to on the basis of the original estimates for such schemes in order that any possible audit objection ~~is~~ maybe avoided.

2. The Director is requested to restrict as far as possible, the disbursement of building grants in 1950-51 to the amount provided for in the budget . In respect of schemes which have been completed and for which the grant is claimed in full, the Director may, in the first instance, authorise the disbursement of a portion of the grant due and apply for additional funds required for settling the claims in full at the beginning of February 1951 when the question of providing the additional amount required from the savings surrendered under other heads can be considered.

Grant - Buildings - Secondary schools under private managements-Part II scheme for 1950-51.

Grants towards the acquisition of land and construction of buildings for secondary schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VIII of the Grant-in-Aid Code. Under these rules the D-P-I. maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of Govt every year such new schools out of the list for which provision should be made for payment of grants in the next year's budget.

2. Budget procedure requires that provision should be made in Part 1 for schemes for which a portion of the grant has already been paid or is likely to be paid before the end of the year preceding the budget year and in Part II for other ~~new~~ schemes. A provision of Rs 5.18 lakhs has been proposed for inclusion in Part 1 in respect of 27 part paid schemes. This provision has been suggested on the assumption that the entire balance of the grant due for these schemes will be claimed in the next year. The question whether this may be spread over two years in view of the prevailing financial stringency will be considered while examining the Part 1 estimates next month.

3. The D.P.I. has recommended that a provision of Rs 50,000 may be included in Part II for the following schemes:-

Description of scheme.	Maximum grant admissible Rs	Amount recommended for inclusion in Part II Rs
(1) The Girl's high school, Lalgudi-Construction of storeyed building	30,000	20,000
(2) Little Flower Girls' High school, Mummiyur Extensions	35,000	10,000
(3) Dharmaraja Secondary school for girls, Rajapalayam - Construction of a building	35,000	20,000

Grants for the three schemes mentioned on page 1 ante were sanctioned in previous years, but as the schemes have not yet been executed and no portion of the grant is likely to be claimed before the end of this year, they have to be treated as new schemes and included in Part II. The Director's recommendation may be accepted. His recommendation that no provision need be made for grant to the St Ann's Girls' High school, Cuddalore, towards the cost of acquisition of a building and site as the acquisition proceedings have not yet been completed, may be accepted.

4. Since the Director's ~~proposals~~ estimates were received, the Govt have sanctioned the inclusion in the approved list of the undermentioned nine schemes. H.M. (Edn) has minuted that these schemes should be included in the Part II scheme and H.M.(Fin) has agreedto it. As eight out of the nine schemes have already been executed and the remaining one (National Girls' high school, Triplicane) is also likely to be completed in the next year it is for consideration whether the entire grant payable for these schemes may be provided ~~for~~ in the Part II estimate:-

(Description of scheme	Maximum grant payable Rs	Amount to be included in Part II for part payment
1. National High school(Girls) Triplicane- Construction of permanent sheds for the middle school	29,750	14,000
2. Saraswathi Vidyalaya High school, Ganguli-Construction of an assembly hall and three rooms	15,000	9000
3. Navajevan High school, Perdale- Construction of school building	25,438	14000
4 Canara High School, Urwa Branch, Managalore -Construction of school buildings	35,000	18000
5 Vidyadayini High school, Surathkal - Construction of a block of five rooms	15,000	9000
6 Union High school Coimbatore - Construction of four halls	11,250	6000 ✓
7 Mukkalathur Middle school, Tiruvarambur -Construction of a building	10,000	5000 ✓
8 St Joseph's Girls High school, Nellore Construction of building	12,500	7000
9 Ganhi Memorial School, Nandikotkur-Construction of a building	35,000	18000 ✓
Total	1,88,938	100,000

If on account of the present financial stringency the Finance Department consider that the grants to these institutions should be spread over two years, a provision of Rs1 lakh may atleast be provided for the nine schemes. The total provision to be included under the Part II estimate may then amount to 1.5 Lakhs including Rs 50,000 recommended by the D.P.I. for three schemes.- The total expenditure on payment of grants for new schemes in the current year authorised is Rs 257500

The remarks of the Finance Department may be invited

u.o.

Finance (B.E.II) Dept.

PART II SCHEME for 1950-51.

	Ultimate Cost. Rs.	Cost in 1950-51. Rs.
Building grants to Secondary Schools under private managements.	2,88,938	1,50,000

Please see the E.& P.H.Department's notes on pages 1-3 above.

The provision proposed to be included in Part II of the budget for the next year in respect of the 3 schemes mentioned on p.1 above is Rs 50,000. E.& P.H.stat that grants for these schemes were sanctioned in previous years, but as the schemes have not yet been executed and no portion of the grant is likely to be claimed before the end of this year, they have to be treated as new schemes under the rules and included in Part II. Please see also the D.P.I's remarks on p.3 C.F. In the circumstances and in view of the fact that the institutions are girls' schools Finance may agree to ~~the~~ provision being made as proposed.

2. The maximum grant payable for the 9 schemes mentioned on p.2 above amounts to Rs 1,88,900. It is stated that 8 out the 9 ~~schools~~ schemes have already been completed and the remaining 1 (National Girls' High School, Triplicane) is also likely to be completed in the next year. E.& P.H. suggest that in view of the present financial stringency grants to these institutions may be spread over two years and that a

pr

provision of Rs 1 lakh may at least be provided in Part II of the Budget for next year. Finance may agree to the suggestion of E.& P.H.

E.& P.H. may ~~be~~ prepare the necessary ~~on note on~~ note, Part II Scheme after obtaining orders in circulation including H.M.(Finance).

22.11.49.

23.11.49. E&PH

E&P.H.(B1)

Please see the notes of Finance Deptt. above. They have agreed to the proposal to make a provision of Rs 1.5 lakhs under Part II of the B.E. for 1950-51 for payment of building grants to aided secondary schools. Orders of H.M.(E&L) and H.M.(Fin) have already been obtained for considering the proposal as a Part II scheme for 1950-51 *vide* pages 15-16 *ante* of G.O Ms. No. 3258 Edn d/ 25-10-49 and p 3 *ante* of G.O. No. Ms. 3200 Edn. d/ 18-10-49.

In the meantime it is proposed to consider the question of provision of funds for payment of grants to ~~2~~ other schemes for construction of buildings for aided secondary schools as a Part II Scheme for 1950-51. (Top file). A consolidated Part II Scheme note will be put up after orders are taken in circulation on the top file.

Grants - Buildings - Non-Govt special schools -1950-551

The D.P.I. recommends that a provision of Rs 43,800 may be included under "37 (n) Education Special-Direct grants to non-Govt special schools -A- General (i) Excluding Post war Reconstruction" for payment of building grants to the following institutions:-

	Estimated cost Rs	Maximum grant admissible. Rs
1. Sharkey Memorial Training school, Masulipatam - Building for the model school	20,500	10,250
2. Blind, Deaf and Dumb school, Teynampet-Extension to the main building	47,000	23,500
3. Mc Dougal Nursery school Teynampet	20,000	10.000

Grants were sanctioned for items 1 & 2 in the current year after considering them as Part III schemes. In regard to the 1st item, the D.P.I. has reported that the scheme is not likely to be completed before the end of the year and hence he has recommended that the entire amount may be provided in the next year. In regard to the second scheme, no information has been furnished as to whether the work has been started and a portion of the grant is likely to be claimed. Even in regard to the first scheme, if a portion of the grant is sanctioned in the current year, there will be no necessity to consider ~~these~~ it as Part III scheme. It will be sufficient to treat item (3) alone as a Part III scheme. The D.P.I. may be consulted. A draft T.M. is submitted below for approval.

17/10/49

[T.M to the DPI dated 19.10.49]

cno. 81937/49. From the DPI RCNo 359 D2/49 dt 18-10-49 p5of

Please see the Director's letter on p 5 of
In the circumstances now reported, schemes nos 1 & 3 p1 ante
may be treated as Part II schemes for 1950-51.
As these are small schemes, the grant of Rs 20,250 or
20,300 roundly may be provided in the next years
budget.

The remarks of Finance may be invited pls.

24.10.49 25-10-49

S/26/X/Fin ✓

[If Finance these two schemes will be included in the Part II Scheme relating to building grants for non-Govt Secy schools]

Finance (B.E.II)

PART II SCHEME FOR 1950-51.

Building grants to non-Government Special Schools - Provision of Rs 20,300 non-recurring.

E & P.H. U.O.No. 7842B/I/49-1 Edn. 26-10-49.

Please see the E.& P.H.Department's notes on pages 1-2 above. E.& P.H. recommend that a provision of Rs 20,300 may be made in Part II of the Budget for 1950-51 for payment of building grants to the institutions mentioned in items (1) and (3) on page 1 above.

Item (1) - Sharkey Memorial Training School, Masulipatnam - Building for the Model School - A sum of Rs 10,300 was provided in Part II of the Budget for 1949-50 for building grant to this Institution. As no part of this grant will be disbursed in the current year, the amount is proposed to be included in Part II of the Budget for 1950-51. The correspondent of the School has stated that she is unable to undertake the building work in the current year and has therefore requested for the postponement of giving the grant to a later date. It is not clear whether the work will be commenced during 1950-51. In any case, the scheme does not satisfy the criteria laid down for consideration of Part II Schemes for next year. In view of the need for all round economy in expenditure, Finance may suggest that the proposal to provide a sum of Rs 10,300 in Part II of the Budget for 1950-51 for building grant to this Institution may be deferred.

ASST. SECRETARY TO GOVERNMENT 88781 15 NOV 1949 EDUCATION AND PUBLIC HEALTH DEPT.

Mc.Dougal Nursery School, Teynampet - The proposal is to sanction a building grant of Rs 10,000 to this institution after including necessary provision in Part II of the Budget for 1950-51. The school was first started in a rented building but later the management took a loan and purchased a site and constructed a building for the school. The building scheme has costed the management Rs 20,000. It is reported that the management can hardly manage to find funds to pay up the loan with the aid of which the school building was constructed. In the circumstances, and in view of the fact that the institution is a Nursery School, the proposal to provide a sum of Rs 10,000 in Part II of the Budget for 1950-51 for building grant to the Institution may be agreed to in Finance.

12/11/49 14/11/49 E&PH.

E & P H. (B.I)

The proposal in this file relates to the provision of funds under Part II of the B.E. for 1950-51 for payment of part grants to non-government special schools for construction of buildings. The notes from pages 1-3 ante may be perused. For the reasons stated in their notes above Finance Deptt. suggest that the proposal to provide a sum of Rs 10,300 in Part II of the B.E for 1950-51 for payment of building grant to the Sharkey Memorial Training School, Masulipatam may be deferred. They advise that provision under this head in Part II of the B.E for 1950-51 may be limited to Rs 10,000 required

BE II

for payment of building grant to the Mc Dougal Nursery School, Teynampet. In the circumstances stated, it is for consideration whether the suggestion may be accepted and a provision of Rs 10,000/- under Part II of the B.E. for 1950-51 for payment of building grants to non-Govt. special schools.

2. The file may be circulated to H.M. (E&L) and H.M. (Fin) for approval of the proposal.

	T o t a l Rs	9,99,600	3,10,000

EXPLANATORY NOTE.

Grants towards the cost of construction ~~and~~ & acquisition of buildings for Secondary and Special Schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VIII of the Grant-in-Aid Code. Under these rules, Director of Public Instruction maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of the Government every year such new schemes out of the list for which provisions should be made for payment of grant in the next year's budget.

2. Budget procedure requires that provision should be made in Part I of the Budget for schemes for which a portion of the grant has already been paid, or is likely to be paid before the end of the year preceding the budget year and in Part II for other schemes. A provision of Rs.3.18 lakhs has been proposed for inclusion in Part I for part paid schemes relating to Secondary schools.

3. Prior to December 1941, grants not exceeding one half of the cost were given towards the acquisition of site and construction of buildings for Secondary Schools under private managements. The Government decided in 1941 that no ~~building~~

P T.O.

building grant should be given ~~in future~~ to Secondary Schools for boys unless a special case ~~is~~ was made out that a grant ~~is~~ was essential to the institution. No such restriction was imposed for grants for the construction of buildings for secondary schools for girls. On account of the imposition of the ~~restriction~~ ban, grants for the construction of buildings for secondary schools for boys were considerably restricted with the result that the schools had to get on with existing accommodation or by putting up temporary thached sheds to provide the requisite accommodation. As the buildings in which most of the schools are housed are unsuitable and require reconstruction or extensive alteration and improvements to meet the departmental requirements, it has become necessary to provide additional accommodation owing to the increase in the strength of the schools. The Government therefore decided in 1948 to ~~relax~~ remove the ~~restriction~~ ban and sanction grants for the construction of buildings for secondary schools for boys. ~~liberally than before.~~ The maximum limit of grant was fixed at Rs 35000 for each building both in the case of boys' and girls' schools. Consequently a number of new schemes are included in the approved list ~~every year~~ and the question of making provision for payment of grant for these schemes is considered as a Part II scheme every year. During the current year also the Government sanctioned as a special case the inclusion in the approved list of 21 new schemes for the construction of buildings for boys' schools, of which eight schemes had already been commenced owing to urgency and the rest have been waiting for a number of years. It is proposed to provide for part payment of grants in 1950-51 for all these schemes. The disbursement of the maximum grant payable will be spread over two or three years.

4. This department recommends that a provision of Rs.3.10 lakhs be made in the next year's budget as shown in the summary at the ~~head of the note.~~ top.

37. g. Education—Secondary—Direct grants to Non-Government Secondary Schools—A. General—3. Buildings—Voted.	Building grants to Non-Government Secondary Schools.	9,89,600	3,00,000
37. n. Education—Special—Direct grants to Non-Government Special Schools—A. General—(i) Excluding Post-War Reconstruction—3. Buildings—Voted.	Building grants to Non-Government Special Schools.	10,000	10,000
	Total ..	9,99,600	3,10,000

Explanatory Note.

Grants towards the cost of construction or acquisition of buildings for secondary and special schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VIII of the Grant-in-Aid Code. Under these rules, Director of Public Instruction maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of the Government every year such new schemes out of the list for which provision should be made for payment of grant in the next year's budget.

2. Budget procedure requires that provision should be made in Part I of the Budget for schemes for which a portion of the grant has already been paid, or is likely to be paid before the end of the year preceding the budget year and in Part II for other schemes. A provision of Rs. 3·18 lakhs has been proposed for inclusion in Part I for part-paid schemes relating to secondary schools.

3. Prior to December 1941, grants not exceeding one-half of the cost were given towards the acquisition of site and construction of buildings for secondary schools under private managements. The Government decided in 1941 that no building grant should be given to secondary schools for boys unless a special case was made out that a grant was essential to the institution. No such restriction was imposed for grants for the construction of buildings for secondary schools for girls. On account of the imposition of the ban, grants for the construction of buildings for secondary schools for boys were considerably restricted with the result that the schools had to get on with existing accommodation or by putting up temporary thatched sheds to provide the requisite accommodation. As the buildings in which most of the schools are housed are unsuitable and require reconstruction or extensive alteration and improvements to meet the departmental requirements, it has become necessary to provide additional accommodation owing to the increase in the strength of the schools. The Government, therefore, decided in 1948 to remove the ban and sanction grants for the construction of buildings for secondary schools for boys. The maximum limit of grant was fixed at Rs. 35,000 for each building scheme in the case of boys' and girls' schools. Consequently a number of

new schemes are included in the approved list and the question of making provision for payment of grant for these schemes is considered as a Part II Scheme every year. During the current year also the Government sanctioned as a special case the inclusion in the approved list of twenty-one new schemes for the construction of buildings for boys' schools, of which eight schemes had already been commenced owing to urgency and the rest have been waiting for a number of years. It is proposed to provide for part payment of grants in 1950–51 for all these schemes. The disbursement of the maximum grant payable will be spread over two or three years.

4. This Department recommends that a provision of Rs. 3·10 lakhs be made in the next year's budget as shown in the summary at the top.

J. M. LOBO PRABHU—1-12-49.

C. No. 3064. From the Correspondent, Theagaraya chetti Hindu High School, Washermanpet, Re. No. 43/47 d/16-3-50

—

The Correspondent, Theagaraya chetti Hindu High School, Washermanpet, requests that provision may be made in the B.E. for 1950-51 for the disbursement of the grant towards half the cost of construction of a hall and for the provision of sanitary installation for the school at an estimated cost of Rs 30,000/- He has reported that steps have already been taken to obtain the necessary certificate of valuation from the local P.W.D authorities.

2. Out of the maximum grant of Rs 15,000/- for which the scheme is eligible, provision has been made in the B.E. for 1950-51 for the payment of Rs 4,400/- only taking into account the existing financial stringency and the need to aid a large number of schemes for the construction of buildings for secondary schools. The balance of grant due to this scheme (Rs 10,600/-) will normally be disbursed during the course of two or three years. If there are savings in the provision made in the B.E. for 1950-51 for payment of grants to other schemes, it is open to the Director to utilise the savings for payment of further instalments of grants to schemes like the present one where the value of work completed exceeds the twice the value of the part grant provided in the B.E. ~~In view of this and in view of the fact that~~ Orders sanctioning the disbursement of the grant will be issued shortly after the budget is voted in the Legislatures. ~~There is no time to make any~~ ~~action seems called for on the letter~~ from the Correspondent, Theagaraya chetti Hindu High School, Washermanpet ~~on~~ p 15 f

Please see the Part II Scheme note at pp 16-20 ante. A draft order is submitted below for ~~for~~ approval. It follows the precedent in G.O. No. 2080 Edn d/ 28.6.49. It may be sent to Finance for acceptance.

with reference to Secy's query in the margin on page 20 ante, it is subd. that simply because the management had constructed the hall & provided sanitary fittings even before a grant was sanctioned for the scheme, does not entitle it to get the maximum grant admissible in the current year itself. As a large number of building schemes had been admitted to aid and the funds available for disbursement of grants in the current year had to be distributed to the several schemes, it was possible to provide for part payment only. If there are savings in the amounts provided for other schemes, they will be utilised for disbursement of further grants in the current year and schemes which has already been completed will be given preference. The balance of grant due will be provided for in the next year's budget in Part I estimate

The draft order has been accepted by Finance.

Grant - Building - Navajivan High School, Pardale - Construction of a school building - Disbursement of grant

Item 2 on p2 of (Q)

Read :- G.O. Ms. No. 3258 Edn d/ 25-10-49.

pl of

Petition from the Correspondent, Navajivana High School, Perdala d/ 3-3-1950.

pl of

Please see the petition from the Correspondent, Navajivana High School, Perdala d/ 3-3-50, requesting for the early disbursement of the maximum admissible grant towards the cost of construction of a building for the school. The Correspondent has enclosed a copy of the valuation certificate of the Executive Engineer estimating the value of the work completed at Rs 43,300/-

pl 2-3 of

2. The scheme for the construction of a building for the Navajivana High School, Perdala was included in the list of approved works at an estimated cost of Rs 50,875/- vide orders in G.O. No. 3258 Edn d/ 25-10-49. The question of providing funds for the payment of a part of the grant towards the scheme was considered along with other schemes in connection with the Part II of the B.E. for 1950-51. It is not the practice to provide for payment of the maximum grant due for each building scheme in the year in which the grant is sanctioned, as building schemes are generally not completed in the first year of execution of the scheme, but are spread over one, or two years, and so/the present financial stringency does not permit a more liberal provision, a sum of Rs 14,000 has been provided in the B.E. for 1950-51 for payment of a part of the grant towards the scheme. The balance of Rs 11438/- will normally be paid in the following year or years. As the amount claimed by the management of each school will depend on the progress of the work done, till the grant is claimed, there may be savings in the amount provided for some of the schemes and it is open to the Director to utilise the savings for disbursement in cases like the present one, where the grant claimed is more than the

amount provided for ~~and~~ or to apply to Govt. for additional appropriation if the provision made in the budget is found to be insufficient to meet all claims. As the amount of grant recommended by the Executive Engineer in excess of the amount provided in the B.E for 1950-51 is only Rs 7,650/- (ie 21,650 - 14,000) it is likely that the D.P.I can disburse the additional amount from the savings within the appropriation. In the circumstances it is for consideration whether any ~~specific direction~~ instruction should be issued to the D.P.I. suggesting that grant towards half the value of work as certified by the E.E. may be disbursed to the management of the Navajivan High School, Pardala early in 1950-51, after something is little done.

The file may be circulated to H.M. (E&L) for orders with reference to his minutes on p1cf.

Grants - Buildings - Aided Secondary Schools - Payment of grants in 1950-51.

57

From the D.P.I. Re No. 163-B6/50 d/16-5-50

Sanction was accorded in G.O. No. 1376 Edn. d/28-4-50 to the payment of grants towards one half of the cost of construction or acquisition of buildings for 39 aided secondary schools (and one special school) subject to certain maximum limits. A provision of Rs 3,00,000/- has been made in the current year's budget towards the payment of a portion of the grants due to those schemes. The D.P.I. has now pointed out that the plans and estimates in respect of some of these schemes have not yet been scrutinised by the Joint consulting Architect and that the cost of the schemes may have to be altered with reference to the recommendations of the J.C.A. As the grants payable ~~are determined with reference to the estimated cost as are based on the cost~~ approved by the J.C.A, the grants payable in respect of schemes whose estimates of cost have not yet been approved, may have to be altered in the light of the J.C.A's recommendations. The D.P.I. has suggested that he may be permitted to revise grants for such cases ~~on the revaluation of the schemes~~ with reference to the estimated cost as approved by the J.C.A subject to the condition that in no case should the grant exceed Rs 35,000/- the maximum limit prescribed in respect of building grants to aided secondary schools. The Director has stated that if his proposals are approved he will include necessary provision in the Part I of the B.E. for 1951-52 for the payment of the balance of grants due in respect of such schemes. There seems to be no objection to the Director being permitted to do so in order to facilitate the preparation of estimates. The Director may be requested to report all such cases to Govt as soon as the Part I estimates are submitted & obtain the orders of Govt sanctioning the maximum grant payable for such schemes so that those

Secy 8.7.50

(P.T.O

the Accountant-General may not raise any objection later on when the disbursements of the grant is authorised by the Director - As the disbursement of the grant will be authorised only in the year succeeding the year in which the Part I estimates are submitted there will be ample time to report such cases to Govt in a consolidated list & obtain their sanction for raising the maximum limits already fixed by G

2. In this connection the D.P.I. has pointed out that the total provision of Rs 6 lakhs made under this head in the current year's budget is inadequate to meet the commitments which total Rs 7,93,253. He requests orders as to whether he may sanction the disbursement of the grants due to all the schemes, pending provision of additional funds. It may be mentioned that in connection with the recent economy proposals, the D.P.I agreed to the resumption of Rs 57,000 out of the provision made under this head in the current year's budget. But while submitting proposals for the surrender of funds, the Director has not proposed any resumption of funds in respect of building grants to aided secondary schools. Presumably because it was subsequently found out that addl. provision In view of the existing financial stringency and the need for all round economy, the Director may be requested to restrict as far as possible the disbursement of grants to the amount provided for in the budget. In respect of schemes which have been completed and the grant is claimed in full, the Director may first authorise the disbursement of a portion of the grant due and apply for additional funds required for settling the claim in full at the end of the year - about the beginning of February so that the feasibility of providing the addl amount from the savings surrendered under other heads may then be considered.

The remarks of Finance may be invited up

KSR 8.7.50.

Edn U. 11950 8-

Education Dept have proposed to permit the DPI. in respect of certain Secondary School building schemes, for which grants in the current year have been sanctioned by Govt, but whose plans and estimates have not been scrutinised by the joint Consulting architect, to revise the grants, subject to the maximum of Rs 35000 for each scheme, with reference to the recommendations of the latter and to include necessary provision in the Part I of the BE for 51-52 to pay the balance of the grants. As the DPI will be submitting all such cases to Govt for sanction after the submission of the Part I estimates, Finance may agree.

Their suggestion at A on p2 above does not call for any remarks and may be agreed to.

DOSK 14.7.50.

Edn. (B)

It is proposed to permit the D.P.I. to include necessary provision in the Part I of the B.E. for the payment of the balance of grants in respect of those schemes specified in the Annexure to G.O. No. 1376 Edn d/ 28.4.50 for which the estimates of cost may have to be altered in the light of the recommendations of the J.C.A. ~~It is proposed to request the D.P.I.~~ to report all such cases to Govt. ~~as soon as~~ after the Part I estimates are submitted and to obtain the orders of Govt. enhancing the maximum grant payable for such schemes so that there may not be any objection in audit later on.

Mr 16-19 of 49 (I)

para 1 and Mr 1-2 ante

2. In view of the existing financial stringency and the need for all round economy it is proposed to request the D.P.I. to restrict as far as possible the disbursement of building grants to non-Govt. Secondary schools to the amount provided for in the budget. ~~In respect of~~ Schemes which have been completed for ~~completed and~~ which the grant is claimed in full, the Director may first authorise the disbursement of a portion of the grant due and then apply for additional funds required for settling the claim in full at the end of the year so that the feasibility of providing the addl. amount from the savings surrendered under other heads may then be considered.

B' on p 2 ante

3. Finance Deptt. have agreed to the proposals contained in paras 1 and 2 above. A draft memo is submitted below for approval. After issue it may be filed with G.O. No. 1376 Edn d/28.4.50.
