Memo

C opy of/~~xxxxxx~~ from the Government of India, Department of Education, No.F.3-11/46 OD IV New Delhi dated 6th June 1947.

Sub: Advanced Studies Overseas in respect of M/S C.K. Chandran [and V. Jagannathan] 1945 Scholars,- Extension in period of scholarship.

The undersigned is directed to forward herewith for the information of the Government of Madras, the marginally noted documents in respect of the two scholars mentioned above, received through the Indian Embassy, Washington. The Educational Liaison Officer, Washington States that Mr. C.K. Chandran has done satisfactory work at the Illinois Institute of Technology towards his Master's Degree in Electrical Engineering, with Machinery and design specialisation. He is expected to complete all his requirements for the Degree in June 1947. After that, his Professors are favourably inclined to recommend a year's practical traning with some suitable electrical machinery and design concern. With some difficulties, the Educational Liaison Officer hopes to arrange Mr. Chandran's training in a private concern, and he recommends that the Scholar may be granted extension of his Scholarship upto June 1948.

1. Copy of letter dated 5th May 1947 from Professor Eric T.B. Gross, Illinois Institute of Technology, Chicago, regarding Mr. C.K. Chandran.
2. Copy of letter dated 13th May 1947 from Professor J.Murray Luck, Stanford University, California, regarding Mr. V. Jagannathan.

separate file

[The Educational Liaison Officer recommends the extension in the period of Scholarship up to December 1948 for Mr. V. Jagannathan also, in view of the strong support given by Professor Luck of the Stanford University.]

The Government of Madras may kindly consider the two cases and communicate their decision to the Government of India at a very early date.

ILLINOIS INSTITUTE OF TECHNOLOGY

CHICAGO 16

Department of Electrical Engineering
3300 Federal Street

May 5, 1947

Professor M.S..Sundaram
Educational Liaison Officer for India
Embassy of India
635 F. Street, N.W.
Washington, D.C.

Dear Professor Sundaram:

Mr. C.K. Chandran has successfully completed the work for his master's degree and passed his examination so that the degree will be granted at commencement this June.

Though we have been quite satisfied with his work towards a master's degree, we do not feel that it would be advisable for him to proceed towards a doctor's degree at this time. Therefore I am not able to send you a strong recommendation which would be necessary, as mentioned in your letter of May 2, to persuade the Government to extend his Fellowship. Furthermore, he would need at least another two years to fulfill the requirements for a doctor's degree at this Institute.

However, I would like to recommend very strongly that Mr. Chandran be permitted to stay with industry in this country for one whole year. As you certainly know, it is extremely difficult to place foreign students in industry at the present time; however, we have been able to secure a place for Mr. Chandran in the General Electric Testing Course. This course lasts usually between one and two years and I am certain that Mr. Chandran will be a much better teacher if he has added to his college education one year of work in industry. Therefore, If persuasion of your Government is necessary, I would strongly recommend that you take the necessary steps in order to give Mr. Chandran the additional training which will improve greatly his qualities as an instructor.

With my best regards, I am

Very sincerely yours,

Sd/-Eric T.B. Gross, Professor

With reference to Government Memorandum No.50417-C.2/47-1 Edn dated 18/26-6-1947, I have the honour to state that the Principal, College of Engineering, Guindy who was consulted in the matter reports that as Mr.C.K.Chandran did not have any practical training in India before he went for higher studies abroad, he should have one year's practical training in an Electrical Manufacturing works.

2. I also agree with the Principal and recommend that paractical training for one more year is necessary in the case of Mr.C.K.Chandran.

ASSISTANT TO GOVERNMENT
23 MAY 1948
EDUCATION AND PUBLIC HEALTH DEPARTMENT

Subject:- Advanced studies overseas in respect of Mr. C.K. Chandran a 1945-46 Madras Govt. sponsored scholar.

Sir,

I am directed to refer to this Ministry letter of even number dated 5th May 1945 on the above subject and to forward herewith a copy of Application Form for extension in the period of scholarship of Mr. C.K. Chandran.

Mr. Chandran has applied for a further period of extension from July 1948 to December 1948 i.e. for six months beyond June 1948 upto which his extension has already been granted, vide this Ministry endorsement No.F.3-11/45 dated 5.1.48 in order to enable him to complete his practical training with General Electric Co. Schenectady. In view of Prof. Eric. T.B. Gross and the Indian Embassy's recommendations and the fact that the proposed extension will not involve any expenditure, the Government of India are inclined to agree to the scholar's request. The Madras Government may kindly consider the case specially from the view point of the scholar's employment on return to India, and communicate their decision to this Ministry telegraphically as soon as possible.

OVERSEAS SCHOLARSHIPS

APPLICATION FOR EXTENSION IN PERIOD OF SCHOLARSHIP
(To Be Filled In Triplicate)

N.B. This application must be made in time so as to reach the Government of India, Ministry of Education at least three months before the expiry of the sanctioned period of scholarship. If space in any of the columns is insufficient please attach a separate sheet making a reference in the pertinent columns.

1. Name of the Scholar CHERUVARI KOTIETH CHANDRAN.
2. Sponsoring Government. (with year of selection in brackets) MADRAS (1945)
3. Date of commencement of scholarship. (Date of arrival in U.K./U.S.A.) DEC. 29TH. 1945
4. Date of normal termination of scholarship DEC. 29TH. 1947.

4a approved course of study

5. Details of the courses/ that are expected to be completed ~~undertaken~~ up to the date of normal termination of scholarship. (Give full details and if the space is insufficient separate sheet may be attached.)

	Institution or University Attended (1)	Date of Joining (2)	Date of leaving (3)	Subject with exact branch (4)	Some details of the course (5)	Degrees, diplomas or certificates if any, Obtained (6)
(a) Academic courses.						
	ILLINOIS INSTITUTE OF TECHNOLOGY - CHICAGO.	JAN - 1947	MAY 1947	ELECTRICAL ENGINEERING — ELECTRICAL MACHINERY	- SEE ATTATCHED SHEET.	M.S.E.E

		AUG. - 1947	DEC 1947	INDUSTRIAL CONTROL - FACTORY (MANUFACTURE & TESTING)		

6. Final date upto which extension is required. DEC 29TH, 1948
7. Reasons why extension is considered essential **In order to complete the practical work of the training program as outlined on the next page under 8(b).**

8. Details of the work to be done during the period of extension.
(Give full details)

	Institution or University to be attended	Duration		Subject with exact branch	Details of the course to be followed	Degrees, diplomas or certificates if any, to be obtained .
		From	To			
(a) Academic Courses	— — — — — — —					
(b) Practical Training	GENERAL ELECTRIC COMPANY - SCHENECTADY.	DEC '48 -	TO MARCH '48 -	INDUSTRIAL CONTROL (DESIGN & DEVELOPEMENT)		
		MARCH '48 -	TO - JUNE '48 -	MOTORS & GENERATORS (LARGE ROTATING MACHINERY) - FACTORY		
		JUNE '48 -	TO - SEPT. '48 -	TURBINES & GENERATOR FACTORY .		
		SEPT '48 -	TO - DEC '48 -	SMALL ROTATING MACHINERY FACTORY		

Signature of the Scholar CK Chandran.

9. Recommendations of the Professor, or other University authority supervising the work of the scholar.

I recommend strongly that Mr. Chandran be given an extension of his scholarship until the end of December, 1948 in order to take part in the training program concerning the important field of small rotating machines, and of large turbine generators. His participation in the General Electric Co. Training Program is a unique opportunity and it would not be advisable to break up his training before he has completed all its essential parts.

Eric T. B. Gross

Eric T. B. Gross, Professor
Advisor to Graduate Students
Illinois Institute of Technology

10. Recommendations of the Educational Liaison Officer.

Extension recommended especially in view of the fact that the scholar is in receipt of $52.40 per week from the concern, unless Govt. of India require him in national interest.

A.M.D'Rozario.

Submitted By

ASST. SECRETARY TO GOVT.
19 AUG 1948
EDUCATION AND PUBLIC HEALTH DEPTT.

C. K. Chandran
Govt. of Madras Scholar, (1945)
in the United States of America

To: The Secretary of Education
Education Department
Government of India
New Delhi, India

62263

Dear Sir:

I arrived in this country in December 1945, and after I obtained my M.S. (in E.E.) from the Illinois Institute of Technology (Chicago) in April 1947, I took up a course of practical training in Electrical Engineering at the General Electric Corporation, Schnectady, New York. On completion of this program, I was permitted to spend the rest of my time in the U. S. with the Bonneville Power Administration at Portland, Oregon.

One of the conditions under which I was accepted for training by the General Electric Company was that I should receive a "living allowance" of $52.40 a week. This was the scholarship which was paid to all foreign students, enrolled at the graduate school of the General Electric. I informed the Education Department of the Embassy accordingly, and my program of training was approved by them unconditionally in May 1947. When I applied for an extension of six months in October 1947, I informed the Embassy again about the conditions under which I was working at Schnectady. They approved of my program of work, and recommended an extension. In March 1948, there was a possibility that I could get an extension of my period of training at General Electric until December 1948. I, therefore, applied for another extension up to the end of the year 1948. At this time, I informed the Education Department about the remuneration that I had received and would receive as long as I was being trained at G. E. While recommending my case for another extension, Dr. Rozario made no mention of any conditions that were involved. On June 10th, eight days before I concluded my training at General Electric, I was informed by Dr. Rozario that an extension had been granted by the Govt. of India up to December 1948 and that all the money "earned" by me during my practical training would have to be paid back to the Government of India. This was the first communication from the Government about the new rule, received when I had all but completed my training at General Electric!

I could not secure an extension of training from the General Electric Company, but was able to arrange for a six-months' course of practical training with a Federal agency, the Bonneville Power Administration. When I went to Washington, D. C., to get the approval of the Education Department to take up this training, I was informed by Dr. Rozario that an extension had been granted to me only on condition that the Education Department would not have to pay me my scholarship during that period! He also informed me that the new rule of the Government of India takes effect from September 21, 1947, and that all the scholarship amounts paid by the Government of India to me since that date should be returned to the Education Department (Washington, D. C.) immediately. In his letter to me dated July 7th, he informed me that I "owe" the Government of India $1031.18. I was also informed that any application for extension would be recommended only if I paid back the amount immediately; and that if I did not do so, I would have to return to India, at once! All this was quite inconsistent with the terms of the bond that I had executed, and I informed Dr. Rozario in my letter dated July 12th that I intended to make an appeal to the Secretary of Education; also, that, should the Government of India decide that the new rule takes effect from September 21, 1947, in spite of the fact that I was informed only on June 10, 1948, steps be taken to recover the amount on my return to India. In answer to my letter, I was told that I should not proceed to Portland to work with the Bonneville Power Administration and that Dr. Rozario would make arrangements for my return to India immediately! The training with Bonneville Power Administration was extremely important to me; and I was left with no alternative except to pay to the Education Department whatever amount I could lay my hands on, and agree to pay the rest of the amount on my return to India. Therefore, I paid $400.00 to the Education Department under protest. A cable was sent by Dr. Rozario to India recommending my application for extension, and I was permitted, after a stay of nineteen days in Washington, D. C., to proceed to Portland. The extension has since been confirmed by the Government of India! I would now like to bring the following facts to your attention, and request that you give them your kind consideration.

1. Although I had kept the Education Department posted with complete information about the conditions under which I was working with General Electric, I was not informed about the rule regarding remuneration until I had almost completed my course of training. The course of training was approved by the Education Department in May 1947; and even though they were aware of the fact that I was being paid an allowance of $52.40 a week by the General Electric Company, they sent me my scholarship without interruption. If a new rule had been made to take effect from September 21, 1947, it was a mistake on the part of the Education Department of the Indian Embassy to have paid me my scholarship after that date. Since I was informed of the new rule only on June 10, 1948, I could hardly be expected to take the blame, which really has to be laid at the door of the Education Department of the Indian Embassy in Washington, D. C. The bond which I executed before leaving India binds me to conform to the instructions regarding training, conveyed to me by an authorized agent of the Government of India, but cannot possibly cover situations before such instructions

are issued to the students. I believe that, according to the terms of the bond which I executed, I am bound to conform to the new rule as of June 10, 1948 -- this being the date when I first received instructions from the Education Department regarding return of remuneration received from the General Electric Company.

2. On November 22, 1947, I was involved in an automobile accident and hospitalized for three weeks and taken off the rolls of the General Electric Company for four weeks. I had to pay my hospital and doctor bills from the allowance which I had received from the General Electric Company because the Education Department of the Indian Embassy did not pay any of my medical expenses incurred as a result of the accident. In addition to withholding payment of my medical bills, for some reason or the other, they did not pay my regular scholarship during the period that I was hospitalized. The accident also involved me in other heavy expenditures, for which I had to use the allowance paid to me by the General Electric Company. While working as an Engineer at the General Electric Company, I also had to incur several expenses, which as a student at a university, I would not have had to do. By the time I was informed of the "new rule" I was in no position to take the blame for a lapse, which cannot be laid to me, by any stretch of imagination.

3. I had to spend nineteen days at Washington, D. C. pleading my case with Dr. Rozario of the Education Department. His insistence on my paying back the scholarship immediately made me wonder whether the Education Department at Washington, D. C. was really an aid to the students sent abroad by the Government of India. I was put to considerable difficulty to secure the $400.00, which I was asked to pay to get permission to proceed to Portland and complete my work in this country. No allowance was paid to me for the nineteen days that I was forced to spend at the Nation's capitol city. These complications resulted only in more expenditure on my part which could easily have been avoided if the Education Department acted with a gesture of cooperation and more promptness.

4. My work with the Bonneville Power Administration is seriously hampered due to lack of funds. One can hardly conduct his work as an engineer, working with a Federal agency, with the same amount that is necessary to work as a student at a university. In view of this and the other facts that I have mentioned above, I request that the new rule be interpreted to take effect from the date on which instructions were sent to me -- on June 10, 1948 -- and that instructions be issued to the Education Department of the Indian Embassy at Washington, D. C. to refund immediately the $400.00 that I was forced to pay to them.

I trust that you will give this appeal your kind consideration, and notify me of any action that you may be able to take.

Thanking you, in anticipation, I am,

Your faithful servant,

C.K. Chandran

are issued to the students. I believe that, according to the terms of the bond which I executed, I am bound to conform to the new rule as of June 10, 1948 — this being the date when I first received information from the Education Department regarding return of stipends received from the General Electric Company.

2. On November 14, 1947, I was involved in an automobile accident and hospitalized for three weeks and taken off the rolls of the General Electric Company for four weeks. I had to pay my hospital and doctor bills from the allowance which I had received from the General Electric Company because the Education Department of the Indian Embassy did not pay any of my medical expenses incurred as a result of the accident. In addition to withholding payment of my medical bills, for some reason or the other, they did not pay my regular scholarship during the period that I was hospitalized. The accident also involved me in other heavy expenditures, for which I had to use the allowance paid to me by the General Electric Company. While working as an Engineer at the General Electric Company, I also had to incur several expenses, which as a student at a university, I would not have had to do. By the time I was informed of the "new rule" I was in no position to take the blame for a lapse, which cannot be laid to me, by any stretch of imagination.

3. I had to spend nineteen days at Washington, D. C. pleading my case with Dr. Roberts of the Education Department. His insistence on my paying back the scholarship immediately [illegible] whether the Education Department at Washington, D. C. [illegible] the students sent abroad by the Government of India. I [illegible] considerably to receive the N.O.C., which I had asked for, to get permission to proceed to England and complete my work in this country. No allowance was paid to me for the nineteen days that I was forced to spend at the Nation's capital city. These complications resulted only in more expenditure on my part which could easily have been avoided if the Education Department acted with a gesture of cooperation and more promptness.

4. My work with the Schenectady Power Administration is seriously hampered due to lack of funds. [illegible] as an engineer, working with a General Electric, with the same amount that is necessary to work as a student at a university. In view of this and the other facts that I have mentioned above, I request that the new rule be interpreted to take effect from the date on which instructions were sent to me — on June 10, 1948 — and that instructions be issued to the Education Department of the Indian Embassy at Washington, D. C. to refund immediately the [illegible] that I was forced to pay to them.

I trust that you will give this appeal your kind consideration, and notify me of any action that you may be able to take.

R E P O R T. 1947 - 194

In every case, it is essential for you to state the degree, if any, for which you are studying. The likely date of taking the degree should in all case be mentioned. If you are not studying for a degree, please mention the likely date when you hope to complete the course of study you are pursuing. Where you have already taken a degree, please give the date of taking it and state what you have been doing since taking the degree and when you hope to complete the course of training you are undergoing at present. It is, of course, presumed that you know the original duration of your scholarship and that you have planned your entire programme accordingly.

Name in block capitals. C.K. CHANDRAN

Scholarship.

Government. MADRAS

Date of commencement of scholarship. December 28th 1945

Subject for which Scholarship awarded : Electrical Engineering

Course of study or training sanctioned and date of approval. Degree sought and date of examination. — Practical training at Bonneville Power ∠Administration with complete work on 31st December 1948. Programme approved by Dr. Rozario on 17th July 1948.

University, College or Works in which scholar is pursuing his training. — B.P.A., ~~Postford~~ Portland, Org on

Course of study or training attended during session 194 194 . — M.S.EE- Ill. Inct. of Technology completed 1 month of training at G.E.co - Schenectady.

All Examinations (including subject) taken and results and date. (In the Final Examination the degree or diploma obtained should be stated, with subjects taken and honours, if any). — M.S.E.E., April 1947 (Passed)

Any Prizes or other Distinctions. Elected member of the Sigwa Yi.

FOR STUDENTS TAKING PRACTICAL TRAINING:

Name of Firm.	Period.	Nature of training.
G.E.C. Sdenetady	May 1947 to June 1948.	General course of training. Test course training on large power transformers, magnetic industrial control equipment, large a-c motors and generators. Also spent 3 months in the magnetici industrial control development Laboratory.

MINISTRY OF EDUCATION

Overseas Scholarships (Provincial) - Application for Employment of Scholars

N.B. - This application must be submitted (in quadruplicate) at least FOUR months before a scholar's stay abroad is to come to an end.

1. Full Name (in block letters)	CHERUVARI KOTIETH CHANDRAN
2. Date of Birth	2nd September, 1925
3. Father's Name	Cheruvari Raghavan
4. Full address in India to which correspondence should be addressed to the scholar on his return	1. Sarangapani Street., Thyagarayanagar, Madras.
5. (i) Subject of Scholarship	Electrical Engineering.
(ii) Exact Branch	Electrical Machinary and Design
6. Year of Selection	1945
7. Name of Sponsoring Province	Madras
8. Date of commencement of scholarship (Date of arrival in the country of study)	December 29th, 1945
9. Date on which the course of his studies is due to terminate	December 31st, 1948
10. Approximate date of return in India	Dec 7, 1948 February, 1949

11. Qualifications prior to selection

	Name of College, Institute or University attended	Examination Passed	Division obtained	Year	Subjects Taken
(a) Academic (i) Degree & post-graduate examinations only	College of Engineering. Guindy, University of Madras	B.E.	Honours	1945	Electrical Engineering (Sus. Mechanical Engineering. Maths. Physics)
(ii) Post-graduate training or research	----------------	-------	-----	----	--------

(iii) Published Works (give names of the papers published, if any).	------------------------------------

43

	Institution, Co., or Office where trained or employed	Post or capacity in which employed	Pay if any drawn (with scale)	Period
(b) Practical training and industrial or professional experience gained (including apprenticeship)	-------------	-----	------	-------

(c) Additional qualifications not covered in (a) and (b) above ------------------------------

(d) Post held at the time of selection:	----------------------
(a) Name of the Post	----------------------
(b) Pay last drawn and the scale of pay	----------------------
(c) Office or Government where employed	----------------------
(d) Did you resign, or go on study leave terms or on extraordinary leave?	----------------------

12. Overseas Qualifications Acquired:

(a) Name of the country of study **United States of America**

(b) Details of the course of study covered (up-to-date):

	Institution or University, etc., attended	Duration		Subject With Exact Branch	Some details of the course (if the space is not sufficient, attach a separate sheet)	Degree, Diploma or Certificate if any, obtained
		From	To			
(i) Academic	**Illinois Institute of Technology.** **Chicago**	**Jan. 1946**	**May 1947**	**Electrical Engineering**	**See attached Sheet I.**	**M.S.E.E.**

15 Tutor's Remarks:

Mr. C. K. Chandran was a student at this Institute from January 1946 through May 1947, and he took graduate work in the Power field of Electrical Engineering. After he completed his graduate work at our Institute, I arranged for his practical training with the General Electric Company in some of their various factories, and later with the Bonneville Power Administration, Portland, Oregon, for training to learn the broad aspects of design and operation of power systems. Mr. Chandran distinguished himself in his academic work at our Institute and was elected an Associate Member of "Sigma Xi", the Scientific Research Society of America; he was qualified for Associate Membership in the American Institute of Electrical Engineers.

A

On the basis of the advanced training received by Mr. Chandran, he is well qualified for an engineering post and I would recommend him for employment in the field of Electric Power Systems Engineering. Since plans are being made to develop a number of hydro-electric developments in India, it appears that he would well qualify for a responsible engineering position in such an undertaking.

Eric T. B. Gross

Eric T. B. Gross, Professor of
Power Systems Engineering and
Advisor to Graduate Students,

ILLINOIS INSTITUTE OF TECHNOLOGY
CHICAGO
16

December 8, 1948

To Whom It May Concern:

Mr. Cheruvari Kotieth Chandran was a student in the Graduate School of this Institute during the Spring semester 1946 and the academic year 1946-47. He took advanced courses towards a Master's degree in Electrical Engineering and, as his academic advisor in post-graduate studies, I got to know him very well.

It gives me great pleasure to state that Mr. Chandran showed himself well prepared for post-graduate studies in Electrical Engineering and related subjects and that he made a very good record during his stay at this Institute. After receiving his Master's degree, I arranged for him to have practical training in the manufacturing and utility fields. Mr. Chandran worked first at various factories of the General Electric Company and later in the Engineering Division of the Bonneville Power Administration on problems related to the design, analysis, and operation of large interconnected high voltage systems.

The training which Mr. Chandran received in this country qualifies him well for work in the field of Electric Power Engineering in general, and of Power Systems Engineering in particular. I wish to recommend him for an assignment in this field.

Mr. Chandran has proved to be a conscientious worker and he has shown that he can adjust himself satisfactorily to difficult situations. I wish him every success in his future work.

Very truly yours,

Eric T. B. Gross

Graduate School

CURRICULUM IN ELECTRIC-POWER-SYSTEMS ENGINEERING LEADING TO A MASTER'S DEGREE

This program may be completed in three semesters with one of the fellowships in Electric-Power-Systems Engineering, or with a 1/3 time teaching assistantship. As all courses are not given every year, some variations from the program must be anticipated by a full-time student seeking a master's degree in one year.

A. Prerequisites

The following courses, or their equivalent, are prerequisite to the graduate program in Power-Systems Engineering. If the student has not completed them earlier, he must enroll for the missing ones during his first semester.

E.E. 425	Transmission of Electric Power	4 credits
E.E. 426 or 515	Symmetrical Components	4 credits
Math. 410	Differential Equations	3 credits

B. The remainder of the program for Power Systems Engineering Fellowship students is made up as follows. The same outline serves as a guide in the arrangement of programs for other power-systems engineering students.

✓✓ EE 310

Course No.	Name	Credit Hours Required	Credit Hours Elective	Normally taken in semester
✓ ME 541				
✓ EE 557	The A-C Network Calculator	2		1
✓ EE 558	The A-C Network Calculator	2		2
EE 504	Lightning Protection of Electric Power Systems	3		1 or 3
EE 506	Grounding of Power System Neutrals	2		2
✓ EE 513	Modern Theory of Alternating Current Machinery	4		1 or 3
EE 554	Power System Relaying	3		2
EE 502	Power-System Stability	4		2 or 3
✓ EE 593-94	Seminar	No credit		1 2 3
✓ EE 591-92	Research and Thesis	8		2 & 3
EE 547	Distribution of Electric Power		2	2 or 3
✓ EE 553	Theory of Dielectrics and Insulation of Electric Equipment		2	2 or 3
✓ EE 559	Design of Transformers		2	2 or 3
✓ Phys. 413	Electricity and Magnetism or	3		2
(Phys. 505)	(Electricity and Magnetism)	(4)		(2)
Math. 415	Advanced Calculus	3		1
Math. 450	Functions of Complex Variables		3	2 or 3

✓ EE 583

C. For Power Systems Engineering Fellowship students

One half time work on the Network Calculator during the first semester, one quarter time work on the Network Calculator during the second semester. At the end of the second semester a report is to be submitted on one of the projects which was undertaken by one of the companies working on the I.I.T. calculator during the second semester in which the Fellow participated throughout. In general, there will not be any definite work assignment on the calculator during the third semester. However, a Fellow may be called upon for assistance, for example, in breaking in the incoming Fellows. The amount of time required on the Network Calculator during the third semester will be comparatively small. No academic credit is given for this work except that included for courses EE 557-58.

GENERAL ELECTRIC
COMPANY
Incorporated

ABLE ADDRESS
"INGENETRIC, NEW YORK"

SCHENECTADY 5, N. Y., U.S.A.

IN REPLY REFER TO RAL-15923

September 21, 1948

TO WHOM IT MAY CONCERN:

This is to certify that Mr. Cheruvari Kotieth Chandran of India was enrolled in the School For Graduate Engineers of the General Electric Company from May 14, 1947 to June 18, 1948. During this period of time Mr. Chandran was assigned to the Test Course and, thus, had an opportunity to work with some of the electrical apparatus which we manufacture and to become familiar with its operation and design.

Mr. Chandran was assigned for three months each to the departments where large power transformers, magnetic industrial control equipment, and large a-c motors and generators were tested. In addition, he spent approximately three months in the Magnetic Industrial Control Development Laboratory where he worked with our engineers on the development and design of some new electrical devices.

While Mr. Chandran was with us, he displayed an excellent understanding of technical details, which assisted him greatly. This ability plus his industry, neatness, and pleasing personality, made him a very good student.

Very truly yours,

Professor

UNITED STATES
DEPARTMENT OF THE INTERIOR
BONNEVILLE POWER ADMINISTRATION
Portland 8, Oregon

November 23, 1948

TO WHOM IT MAY CONCERN:

This is to certify that Mr. C. K. Chandran has been working at the Bonneville Power Administration, Portland, Oregon, on a programme of study and training from July, 1948 to the end of November, 1948. He spent most of his time in the Branch of Operations and the Branch of System Engineering.

While he was in the Branch of Operations he studied power scheduling and dispatching procedure. He also worked with the coordinating group of the Northwest Power Pool in order to study the preparation of Operating Programmes.

In the Branch of System Engineering he divided his time between the Network Analyzer group and the Relay and Control group. He paid special attention to the recent developments, and contemplated improvements. He was also able to take part in field tests on the power system.

I am sure that the experience he has gained while he has been with us will be of great assistance to him in his future work.

It has indeed been a pleasure to have Mr. Chandran working with this Administration for the past five months. Mr. Chandran has been a perfect example of the type of student who benefits from the above type of training.

SHEET I

31

REPORT ON MY STUDIES IN THE U.S.A.

I arrived in the U.S.A. late in December 1945, and was assigned for graduate studies to the Illinois Institute of Technology, Chicago. Though I joined the Institute during the middle of the semester, I was permitted to take part in a course on "Advanced A.C. Machinery." I started my work during the Spring term, and continued through Summer, Fall, and a part of the following Spring semester. I was awarded the degree of Master of Science in Electrical Engineering, in June 1947. My programme of work included the following courses, and Research:

1. Advanced A. C. Machinery
2. Design of Small Rotating Machinery
3. Design of Transformers
4. Theory of Dielectrics
5. Applications of the Network Analyzer
6. Advanced Heat Transfer
7. Electricity and Magnetism
8. Advanced Calculus
9. Research and Thesis

My Thesis was written on "Synchronized Induction Motor Drives," in line with the subject assigned to me - "Electrical Machinery and Design," and was selected by my Advisor at the Illinois Institute of Technology, Dr. Eric T. B. Gross.

SHEET II

REPORT ON MY PRACTICAL TRAINING IN THE U.S.A.
AT THE GENERAL ELECTRIC COMPANY, SCHENECTADY

I joined the General Electric in May 1947, after completing my M.S.E.E. at the Illinois Institute of Technology, Chicago, and was assigned to the test course. While I was with the G.E. I was given four assignments, each of three months duration.

1. Transformers and High Voltage Practice. - Pittsfield, Mass. Work on transformers included testing of the transformers and their accessories, and observing construction. In the high voltage lab the work included commercial surge testing of large power transformers and a study of the equipment used in high voltage work, development and commercial. The assignment lasted four months.

2. Industrial Control. The first three months in the Industrial Control Section were spent on the floor of the factory, on construction, testing and operation of the equipment - mainly on equipment for magnetic control.

3. Industrial Control. Design and Development. The last three months in the I. C. Section were spent in the Magnetic Industrial Control Laboratory, working with the development engineers on the design and development of new electrical devices and controllers.

4. A. C. Motors and Generators. Here, I was assigned to the factory. The work consisted of testing the large machines in their final stage of assembly. The machines tested were large synchronous motors and motor generator sets. The work also included "balancing" of large machines. This assignment lasted thirteen weeks.

Certificate of Training is attached.

SHEET III

PRACTICAL TRAINING WITH THE BONNEVILLE POWER ADMINISTRATION, PORTLAND, OREGON

To date I have worked with the "Operations" group, and the "Relay and Control" group studying the operation of the power pool, and the equipment used for control and protection of the system.

The next three months will be spent in the "System Engineering" Division.

SHEET IV

STUDY TOURS

During my stay in the U.S.A. I visited the following manufacturing centers, power projects, and educational institutions:

Manufacturing Centers	1. Schenectady Plant of General Electric Co. - (January 1947) 2. E. Pittsburgh Plant of Westinghouse Electric Corp. - (February 1947) 3. Allis Chalmer's Plant at Pittsburgh - (Feb. 1947)
Power Projects	1. The T.V.A. - (February 1947) 2. Bonneville Dam - (Aug. 1948) 3. Grand Coulee Dam - (Aug. 1948)
Educational Institutions	1. Harvard University - (Feb. 1947) 2. Mass. Inst. of Technology - (February 1947)
Laboratories	1. Bell Telephone Lab., Murray Hill - (February 1947) 2. R.C.A. Lab., Princeton - (February 1947)

I also attended the winter meeting of the AIEE in January 1947; the midwest conference of the AIEE at Chicago, Illinois in October 1947; and the pacific conference of the AIEE at Spokane, Washington in August 1948.

With reference to your kind letter cited
May I request you to kindly inform me
whether my ~~so~~ son or his Sureties will be
permitted to credit the amount of Rs 25,000
in monthly instalments of Rs 200. As he is
not likely to get a pay over Rs 500 p.m. in
a Firm or the Govt of India, it would help
him very much if he is permitted to pay back
the dues in monthly instalments of Rs 200.

May I also know whether the Govt of
India will object to this arrangement?

I shall be grateful if you will also
kindly ascertain & let me know the exact
amount due in due course.

Yours Sincerely

No. F.3-11/S.8/45 S.2
Government of India,
Ministry of Education,

New Delhi, 3 the 10th March 1949.

From

Dr. Tara Chand, M.A., D.Phil.,
Secretary to the Government of India,

ASSISTANT SECRETARY TO GOVERNMENT
28 MAR 1949
EDUCATION AND PUBLIC HEALTH DEPARTMENT

To

The First Secretary (Education),
Educational Department,
Indian Embassy,
2107, Massachusetts Avenue,
Washington D.C.,

Subject:- Settlement of accounts with Mr. C.K. Chandran 1945-46 Madras Government sponsored scholar.

Sir,

In forwarding herewith a copy of a letter dated 12th February, 1949 from Mr. C.K. Chandran on the subject mentioned above, I am directed to observe as follows:-

p.83 infra

REMUNERATION.

In your cable No. 2017-E, dated 16th July, 1948, this Ministry was informed that Mr. C.K. Chandran had refunded $.400.00 to the Embassy being part of the remuneration received from M/s General Electric Company. This recovery was made on the basis of the orders dated 21st September, 1947 concerning the refund of remuneration earned by scholars while abroad, but the scholar's case now actually is to be considered as having been covered by the orders conveyed in this Ministry letter No. F.36-1/48-S.5, dated 11th January, 1949. It is noted from your letter No.A.26.01 dated 5th October, 1948 that the scholar was informed of the general orders for the adjustment of remuneration on 7th July, 1948. In that event no refund is required to be made by the scholar,. But the scholar in his representation dated 18th August 1948 (copy attached) stated that he was informed by you for the first time on 10th June, 1948, that all the money earned by him during his practical training in the U.S.A., would have to be paid back to the Government of India. Kindly clarify and state the date on which the scholar was actually informed by you for the first time regarding Government of India's orders in the matter. The actual amount if any, to be refunded by the scholar may also be indicated.

P.T.O.

MEDICAL CHARGES.

From para 1 of your letter No.G.58/45 dated 16th February, 1948 it was understood that Mr. Chandran was paid $.243.65 (inclusive of $.50 being doctor's professional fee) on account of hospital charges for his having been involved in a motor car accident, on 24th November,1947. However, your letter No.G.58/45 dated 12th July, 1948 forwarding a copy of the scholar's letter of the same date contradicts this. The position as disclosed in the letter dated 12th July, 1948 is that the scholar has paid the full amount less $.50 advanced by you to Dr. Woodall and you recommend that in view of the fact that he was in receipt of a remuneration at the time of his accident he should bear the entire cost involved. The discripancy in these two statements may please be clarified. It may also be stated whether under the orders governing the payment of medical charges it would be in order for Government to meet the expenses incurred in this case less $.50 which a scholar is expected to meet in any event. The fact that Mr. Chandran was in receipt of remuneration at the time of his motor car accident should not be taken into account in this connection since he was not informed of refunding the remuneration he used to receive at that time when he met with the accident.

Transit allowance and excess railway fare claimed by the scholar in his letter dated 12th February,1949 may kindly be verified, and this Ministry informed whether these claims are admissible to him.

In conclusion I am to request you kindly to inform this Ministry the consolidated amount due to be paid to the scholar by Government on the claims preferred by him. As the matter has been outstanding for sometime, it will be appreciated if immediate attention is given to the case and reply communicated to this Ministry as soon as possible.

Yours faithfully,

Sd/- (D. Madhavi)
for Secretary.

Copy forwarded to the Secretary to the Government of Madras, Education and Public Health Department, Madras.

Copy of letter dated 12th February 1949 from C.K. Chandran Government of Madras Overseas scholar to the Ministry of Education, Government of India, New Delhi.

I was not able to finalize my accounts with the Education Department at Washington D.C. becuase a decision from the Government of India regarding refund of remuneration and medical expenses was being awaited.

The following amounts are outstanding, and I request that orders be issued to make payment as soon as possible.

1. S.400.00 being the amount collected by the Indian Embassy in advance towards total refund of remuneration claimed fr me.
2. S.243.65(less S.60.00) - Medical expenses, that have not been paid to me yet,
3. S.20.00 - Transit allowance, during return from the U.S.A. This wasnot paid to me.
4. About S.24.00 - Excess of Railway fare from Portland Orego to Washington D.C. (Via Schenectady, N.Y. and New York).

a calim for this amount was submitted to the Indian Embassy, but no payment was made.

Against these outstanding amounts, a deduction has to be made of scholarship amount for the period between December 8th to 31st 1948. I left the U.S.A. on Dec.8th (morning), and was not in a position to refund the amount, which was approx. S.120.00

Copy of the letter No. nil dated 11th June, 1949, from Mr C.K. Chandran, Government of Madras, Overseas Scholar, to Mrs. Johari, Deputy Educational Adviser to Government of India, Education Department, Government of India, New Delhi.

US

This is to remind you that my accounts (with the Indian Embassy at Washington D.C.) have not yet been finalised, and that the matters ~~xxx~~ concerning refund of remuneration earned while on pracical training and payment of medical expenses, pending fc eighteen months, are still being examined.

It was decied that I should be required to pay back remuneration receivd after the new rule was intimated to me. Since this was donafter I had stopped receiving remuneration, the question of my turning money to the Embassy did not arrise. An amount ($ 400,000-collected in advance from me by Dr. Rozario-1s about $ 120.00 (stipend overpaid, December 8th to 31st Decber 1948) was therefore due to me ~~bas~~ from the Governmt of India.

Medical exnses amounting to $ 243.65 have not been paid to me. Oa salary of Rs. 260 a month, I cannot be expected to bearhe medical expenses incurred when I was in the states. So request that this amount also be refunded to me.

I believe ese matters have been kept pending awaiting a reply fr the Indiam Embassy in Washington to questions raised byur department. Three months have lapsed since then. I woube obliged if you could look into the matter, send a D.O. the Indian Embassy at Washinton, and finalise accounts wout too much delay.

Thank you,

TANEJA

Copy:-

MEMORANDUM.

Asst. Secretary to Government, Education and Public Health
3 - AUG 194

Submitted by C.K. Chandran, Instructor in Electrical Engineering, College of Engineering, Kakinada, Government of Madras, Overseas Scholar (Batch of 1945-46).

59080

To

The Director of Public Instruction,
Government of Madras.

Secretariat, Government of Madras
9 AUG 1948

Subject:- Employment.

A on next page - On what grounds is it we are to release him
2/8

Sir,

On graduating as an Electrical Engineer from the College of Engineering, Guindy in March 1945, I was sent to the U.S.A. by the Government of Madras for further studies in Electrical Engineering. I was assigned to the Illinois Institute of Technology, Chicago, Illinois, where I obtained my Master's Degree in Electrical Power Systems Engineering. I spent the rest of my time in the States (about two years) doing practical work in my special field, at the General Electric Company, Schenectady, New York, and the Bonneville Power Administration, U.S. Department of the Interior. On the basis of advanced training received abroad, my Supervisor has recommended me for an assignment in the field of Electrical Power Systems Engineering.

Vide 'A' on p45 ante

I have now been appointed as Instructor of Electrical Engineering, at the College of Engineering, Kakinada. At an Educational Institution I have little opportunity either to make use of the specialised training I have had, or to continue my special work. This is all the more regrettable since I am one of the very few Government Scholars who have been able to obtain really good practical training abroad, in their special fields.

[illegible]

In response to an advertisement by the F.P.S.C. for posts in the Hydro-Electric section of the Central Waterpower, Irrigation and Navigation Commission, I sent in my application through the Secretary of Education, Government of Madras. My training specially qualifies me to work in this field, as my Supervisor abroad has pointed out in his recommendation. I was called for an interview with the F.P.S.C. and stand an excellent chance of being selected. During the course of the interview, the F.P.S.C. informed me that the Government of Madras had notified them that my services could not be spared.

vide the letter on pp 67-68 ante

I believe that my training abroad could be better utilised in an Engineering establishment rather than an Educational Institution. Specialised training of the type I have had, is not essential for teaching general Electrical Engineering. I therefore request that, Government may kindly agree to release me for service under the Government of India, and inform the F.P.S.C. that they have no objection to my selection.

A

C.K. Chandran.

R.O.C.92-C1/49 dated 23 October, 1949.

Sir:

Sub: Overseas Scholarships--1945-46--Sri C.K.Chandran--Employment under the Government of India.

Ref: Government Memorandum No.50417-E2/47-18 Education dated 7.10.1949.

82415 | p94 ante

-ooo-

pp 89-91 ante

With reference to the Memorandum dated 3.8.1949 of Sri C.K.Chandran, Instructor in Electrical Engineering, College of Engineering, Kakinada, I have the honour to state as follows:-

1) The scholar is intended for absorption in the teaching staff of Engineering Colleges. However, on the basis of his advanced training in the U.S.A., he is better suited for service in the field of Electrical Power Systems. The Professor of Electrical Engineering agrees with this view but he is not in favour of relieving the scholar unless a suitably qualified person is appointed in the place of Sri C.K.Chandran. Moreover, the fact that a scholar intended for a teaching post becomes better suited for another technical post by reason of his foreign training, does not seem to justify his release from the obligation of serving in a teaching post, at his request.

2) If sri C.K.Chandran is to be relieved now, there is no suitable person to take his place. It does not seem possible to consider the question of his release until after another Overseas Scholar becomes available for appointment, which will be in December, 1949 when Sri Muthukrishnadu, an Overseas Scholar intended for absorption in the teaching staff of Electrical Engineering Branch, is expected to return to India. In this connection, I may point out that Sri L.G.Narayanaswami, an Overseas Scholar intended for this Department, has been diverted to the Electricity Department. If Sri C.K.Chandran also is allowed to go away, the interests of the Engineering Colleges may eventually suffer for want of suitably qualified staff. In the circumstances, I am of opinion that Sri C.K.Chandran's release can be considered only after the arrival of Sri Muthukrishnudu in India.

2. If and when Sri Chandran is permitted to take up service under the Government of India, the Provincial Government will lose the benefit of his services. It is therefore, for consideration whether the scholar may not be required to refund the amount still due on the bond executed by him before releasing him. Unless the Central Government which will be benefitted by his services, is willing to bear the expenditure incurred by this Government on his training abroad, the amount has to be recovered from the Scholar himself.

Yours faithfully,

FOR DIRECTOR OF PUBLIC INSTRUCTION.

SUBJECT:- SETTLEMENT OF ACCOUNTS IN RESPECT OF MR. C.K.CHANDRAN, 1945-46 MADRAS GOVERNMENT SPONSORED SCHOLAR.

...

Sir,

I am directed to refer to this Ministry endorsement of even number, dated 18th March 1949, on the subject mentioned above, and to forward herewith the marginally indicated correspondence relating to Mr. C.K. Chandran's claims.

1. Letter No. G.58/45 A, dated 10th June 1949, with enclosures from the Indian Embassy, Washington. p101 infra
2. Letter No. F.3-11/S-8/45.S.2., dated 25th October 1949, addressed by this Ministry to the Indian Embassy in Washington. p109 infra
3. Letter No. G.58/45 A, dated 11th November 1949, from the Indian Embassy in Washington. ibid.

p77 ante

It will be observed from the Embassy's letter dated 10th June 1949 that a sum of $ 348.88 inclussive of a claim for $ 183.65 for medical charges is, at Mr. Chandran's credit with Government. The Government of India, however, agree with the recommendation of the Indian Embassy in Washington that due to the fact that Mr. Chandran was in receipt of remuneration amounting to approximately $ 1782.00, the medical expenses incurred in the amount of $ 183.65 should be borne by him and not by the Government. Government's indebtedness to him therefore, is reduced from $ 348.88 to $ 165.23. I am to request that the Provincial Government may kindly take steps for the payment of $ 165.23 to the scholar at predevaluation rate under advice to this Ministry.

p101 infra

p101 infra

Yours faithfully,

D. Madhavi.

(Mrs. D. Madhavi)
for Secretary.

Copy of letter No. G.58/45/

ion Secretary, Embassy of India in the U.S.A. to the

the Government of India, Ministry of Education, New Delhi.

I am directed to refer to your letter No. F.3-11/S-8/ dated the 12th May, 1949, regarding the case of Mr. C.K. Chand to enclose herewith a detailed financial statement in triplica showing the payments made to or on his behalf while in the U.S. enclosed is an Individual Financial Statement in triplicate, cov various points raised in the above mentioned letter.

55

To deal with the individual points, the scholar was first informed by this office on the 7th June 1948 that remuneration ear by him would have to be paid back to the Government. In view of thi therefore, his earnings from the 7th to 17th June of $ 94.32 at the rate of $ 52.40 for a five-day week have been calculated as refunda to Government. Further, the overpayment of maintenance allowance an certain per diem allowance as detailed with the I.F.S. is to be rec from Mr. Chandran making the total recovery including remuneration $ 275.19.

In connection with the payments due to Mr. Chandran, the sea journey allowance and additional rail fares are due to him as detaile in the I.F.S. and the amount of $ 400.00 refunded to this office by Mr. Chandran is also to his credit. With reference to the medical expenses, this office letter stating that the scholar was paid the full amount of medical expenses less $ 50.00 advanced to Dr. Woodal is in error as this amount was subsequently refunded by Mr. Chandran, and consequently, no payment has been made in connection with hospitalizati Therefore, as detailed in the I.F.S. the sum of ~~$22~~ $ 243.65 was incurred, less the first $ 60.00 which is to be borne by the student personally, leaving a net amount of $ 183.65 due to Mr. Chandran in this connection. It will be noted from the above and the statements attached hereto, that a net amount of $ 348.88 is to be paid in Rupees to Mr. Chandran to finalize his account. It is recommended, however, that due to the fact that Mr. Chandran was in receipt of remuneration in the amount of approximately $ 1,782.00, that the medical expenses incurred in the amount of $ 183.65 be borne by the student and not by Government. This matter, however, is entirely for Government to decide, and if it ~~xk~~ is decided that Mr. Chandran should bear the medical expenses, Government's indebtedness to Mr. Chandran would be refuced from $ 348.88 to $ 165.23.

The decision taken by your office in this connection may kindly be intimated to this office.

---

paid maintenance allowance up to and including the 31st Decem
1948, maintenance allowance from the 8th to 31st December, 1948, at the rate of $ 160.00 per month should be recovered from Mr. Chandran for a total of $ 123.87.

3. DAILY ALLOWANCE.

While awaiting word of extension and adjusting accounts re remunerati
scholar was in Washington and was paid a per diem allowance of $3.00 for 19 days, for a total of $ 57.00. It was subsequently decided that this amount was not permissible, and student should refund the daily allowance. Consequently, the recovery is to be made in the amount of $ 57.00.

Total to be recovered from the student, that is, items 1, 2 and 3 above, amounts to $275.19.

AMOUNT DUE TO SCHOLAR.

1. Sea journey allowance (out-of-pocket expenses) in the amount of £5 or $ 20.00, was not paid by this office and is due to the scholar.

2. The rail fare from Portland to New York plus fare from New York to Washington and return in connection with finalizing accounts amounted
$108.55. Of this claim, $88.13 was made to scholar, leaving a balance due to the scholar of $20.42 under this item.

3. Medical expenses were incurred in the amount of $243.65 by Mr. Chandran, and as the student would bear the first $60.00 of these charges personally, the balance of $183.65 is still to be paid to Mr. Chandran.

4. Prior to departure, student refunded an amount of $400.00 on account of remuneration. Total due to student including $400.00 refunded, as itemized in items 1 to 3 above, amounts to $624.07.

In view of the above, therefore, it will be noted that a sum of $348.88 or its equivalent in Rupees is admissible to Mr. Chandran in India to finalize his account.

DETAILED FINANCIAL STATEMENT OF PAYMENTS MADE TO OR ON BEHALF OF GOVERNMENT SCHOLARS OR DEPUTATIONISTS IN THE U.S.A. OR CANADA.

Copy of letter No. F.3-11/S-8/45.S.II., dated the 25th October 1949, from the Secretary to the Government of India to the First Secretary, Education Department, Embassy of India, Washington D.C U.S.A.

....

SUBJECT:- SCHOLARSHIPS FOR ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. C.K.CHANDRAN, 1945-46 MADRAS GOVERNMENT SPONSORED SCHOLAR.

...

I am directed to refer to your letter No. G.58/45-A, dated the 10th June 1949 on the above subject and with reference to the item relating to the payment of Daily Allowance for 19 days, to state that no specific mention of the amount of Dollars 57 appears in the detailed Individual Financial Statement forwarded with your letter under reference. Moreover, in your accounts for the month of July 1948, a sum of Dollars 101-30 has been shown as having been paid to Mr. Chandran for T.A.- Washington to Origon (coach and Transport) Schenectady to Washington D.C. I am to request that the exact position in regard to the payment of Dollars 57 in question may kindly be elucidated at an early date.

Copy of letter No. G.58/45.A., dated the 11th November 1949, from the Indian Embassy in Washington to the Ministry of Education, Government of India, New Delhi.

...

SUBJECT:- SCHOLARSHIPS FOR ADVANCED STUDIES OVERSEAS IN RESPECT OF MR.C.K.CHANDRAN, 1945-46 MADRAS GOVT. SPONSORED SCHOLAR.

...

I am directed to refer to your letter No.F.3-11/S-8/48.SI dated 25th October 1949, and to say that the debit covering the payment of $57.00 to Mr. Chandran as daily allowance while on study tour was passed on this office voucher No. 253 dated August 1948. The transportation in connection with Mr. Chandran's trip from Schnectady to Washington had already been paid on July/48 Vo. 150 in the amount of $11.06. A further sum of $90.24 was paid on this voucher as transportation from Washington to Oregon where Mr. Chandran was to study. As explained in the Statement attached to the I.F.S., this sum of $57.00 daily allowance while in Washington was first allowed to Mr. Chandran at his request that the trip to Washington be considered Study Tour, but it was later decided that the trip to Washington could not be considered study tour as Mr. Chandran was not maintaining headquarters elsewhere, but was in Washington awaiting word of extension and adjusting his accounts prior to leaving for Oregon. Therefore daily allowance was not admissible and should be recovered.

It may be noted, however, that the amount of $338.23 sh on the detailed statement of expenditure enclosed with this office letter No. G.58/45/A of June 10th 1945 as Study Tour Allowance fo period Dec. 28/45 to Dec. 7/48 included both the $57.00 daily allowance and the $101.30 transportation Schnectady-Washington - Oregon.

Overseas scholarships - 1945-1946.
Mr.C.K.Chandran.
--

Mr.C.K.Chandran was selected in 1945-46 for the award of an overseas scholarship in "Electrical machinery and design". He sailed for the U.S.A. on 28-11-45 and was admitted to the Illinois Institute of Technology for a Master's degree.

new Ⓢ

2. Mr.Chandran has been offered the terms mentioned in paragraph 1.A. of G.O.No.1301 Edn., dated 23rd June 1947. On completion of his studies abroad, he is intended to be absorbed in the teaching personnel of the Government Engineerin Colleges.

p1 cf

3. The scholar would have completed all his requirements for the Master's degree in June 1947. In their communication on pages 1-2 c.f., the Government of India state that Mr.Chandran professors and also the Educational Liaison Officer in Washingt recommend for ~~his~~ him a year's practical training in a private concern in America from June 1947. The Govt. of India have asked for this Govt.'s decision on the proposal.

4. The ~~noraml~~ normal period of studies prescribed for overseas scholarship is two years. According to this standard, Mr. Chandran can have six months training after June 1947. If one year's practical training after June 1947 is to be given to him, his scholarship period should be extended by six months. The D.P.I. considers practical training for one year after June 1947 is necessary in the case of Mr.Chandran. The Govt. may agree to the extension of the candidate's scholarship by six months. A draft letter to the Govt. of India is su

No. F.3.11/S.8/45 OD.10 of 19.5.48

p 7 cf

p 9 cf

Please see the notes above and the G of I's letter on p 9 cf. The G of I have now recommended that a further extension till Dec 48 in the period of scholarship of Mr. C.K. Chandran may be granted. The period of scholarship commenced on 29th Dec 45 and normally it should end by Dec 47. An extension till the end of June 48 has already been given and if a further extension of 6 months is to be given the total period

p 7 cf

63

of scholarship will become 3 yrs. In certain other cases the Govt have granted 3 yrs' scholarship.

p 9 cf

2. The G of I recommend extension on the strength of the reports of the Professor under whom the scholar is working and the Edl. Liaison Officer. They also state that the proposed ~~expr~~ extension will not involve any expr. as the scholar is receiving a remuneration of $ 52.40 per week from the institution where he is working. As agreed to by the Govt. in letter no. 31144/48 PH of 15.5.48, this money is to be surrendered to the Govt in toto by the scholar.

[Telegram to Govt of India of 27.5.48] p15 C.f.

Telegram from the Govt of India of 10.7.48 p22 C.f.

Please see the telegram from the Govt of India on pp 22.23 C.f. Mr. C.K. Chandran, a 1945 scholar, has been given an extension in the period of scholarship for one year till the end of Dec 48 in order to enable him to complete his practical training with General Electric Co, USA. He is intended to be absorbed in the teaching personnel of the Engg Colleges and the Principal, Engg College & the D.P.I have recommended that the scholar should have one year's practical training in an Electrical Manufacturing works as he did not have any practical training in India before he went abroad. The Scholar was getting a remuneration from the Genl Electric Co, USA where ~~under whom~~ he was undergoing practical training. As this remuneration has to be surrendered to the Govt in toto by the scholar there was no extra to Govt on acct of this scholar during the practical training. It is now reported by the G of I in their telegram on pp 22-23 C.f that the General Electric Co is not prepared to keep the scholar but that the Bonneville Power Administration is prepared to take the scholar immediately for practical training till Dec 48. The Company will not however give him any remuneration. Hence it will be necessary to continue payment of scholarship to the scholar if he is to undergo the practical training till Dec. i.e. The Indian Embassy at the

X 3 65

Please see the letter on p ~~67ante~~ 65 cf. Information is not readily available regarding the exact amount to be paid by the scholar if he wants an immediate release from the bond. The normal period of scholarship is for 2 yrs and the bond amount for this period is Rs.15,000. Sri C. K. Chandran was granted 1 year extension. Estimating the amount for this period to be roughly Rs.6,000,x the scholar will have to pay Rs.21,000 plus the interest on the amount calculated at fixed Government rates. (In another case this rate was fixed at 3½%). This scholar during the period of his practical training in U.S.A. was getting remuneration from the industrial concern which he did not refund to Government according to the rules. The Embassy has claimed refund of that amount and the scholar has represented to the Government of India against that claim. It is not known, how the Govt.of India have disposed of that representation. If this amount also is included, the scholar will have to refund to Government a total amount ranging between Rs.20,000 and Rs.25,000. The Govt. of India and the A.G. will have to be consulted to get at the exact amount and the ~~latter~~ former also for his release. Pending this information it is for consideration whether he may be granted release, provided he gives an undertaking to refund the entire amount of about Rs.25,000. He may be informed of the exact amount in due course. For orders whether Mr. Raghavan may be asked whether he will give such an undertaking. On receipt of his reply the Govt.of India and the A.G. may be consulted.

x deducting travelling expenses, equipment allowance etc.

A

Finance may see for remarks.

DM
19/2/49 S

The 'undertaking' is not appropriate at this stage. May be told that he will have to refund Rs. 25000/- & that further adjustment will have to be made after the amount is ascertained.

pp 89-91 cf

From Sri C.K. Chandran dated 3-8-1949
'A' on next page (p 91 cf)

p 89 cf

On what grounds did we refuse to release him.

J.M.L.P.
3-8-49.

Sri C.K. Chandran, a 1945 B.E.(Elecl.Eng.) of the Madras University, was selected in 1945-6 as a sponsored scholar for advanced studies in " Electrical Engineering.-Electrical Machinery and Design" with the intention to absorb him in the teaching personnel of the Government Engg.Colleges. As he had no practical training in India before he went for higher studies abroad, his scholarship was extended for a years (total period being ~~of~~ three years) so as to enable him to get the necessary practical training after his academic studies. He returned to India after obtaining the M.S.degree (Electl.Engg.) of the Illinois Institute of Technology & undergoing practical training for more than a year. He was posted as Instructor in Electrical Engg., College of Engg., Kakinada within 2 months of the date of his return to India.

p 5 cf

2. On his return to India he submitted an application to the Federal Public Service Commission for the post of Asst.Executive Engineer(Electrical) in the Central water works Irrigation and Navigation. As in the case of similar applications submitted by other Overseas scholars, this application was forwarded by the Govt. on the usual condition, that the applicant having executed a bond to serve ~~save~~ this Govt. for a period of five years, he would not be available for appointment to the post, if found ~~suitabl~~ suitable by the Commission, if this Govt. offered ~~succeeded in offering~~ him a post in accordance with the terms of the bond.

pp 67-68 cf

3. With reference to the Secretary's query extracted above, it is therefore submitted that the question of release ~~from the bond~~ did not arise.

4. The scholar's contention in his memorandum ~~recommendation~~ on pp 89-91 cf. that the specialised training of the type he had had is not essential for teaching general Electrical Engg. in the Engg. College and that therefore he may be released ~~for the~~ from the bond to enable him to accept another post ~~course~~ which he considers to be more suited to his qualifications, can very well

10

50417 E2
67

be advanced by ~~all~~ other scholars sponsored by this Govt.and, if conceded, will call for the wholesale release of all the scholars from the bonds executed by them. Sri Chandran was intended for absorption in the Engg.College. The necessary training was arranged for him abroad. The Govt. spent about Rs. 25,000 on his studies. On return he was straightaway appointed as Instructor(Gazetted post) which itself is a great concession to Overseas scholars. If Sri Chandran's request is complied with, it will form an inconvenient precedent. There seems to be no justification to comply with his request. The D.P.I.'s remarks may, however, be awaited before a reply is given to the Scholar.

For orders.

p 95 Cf

from the D.P.I No 92-C1/49 of 23.8.49

Please see the memorandum submitted by Sri C.K. Chandran at pp 89-91 C.f. and the remarks of the D.P.I at p 95 C.f. Attention is invited to the notes on pp 9-10 ante. If Sri Chandran is ~~[illegible]~~ allowed to accept a post under the G of I or elsewhere, other scholars are also likely to come up with similar requests. A few scholars had already made such request (Their aim evidently is to get more lucrative jobs, if possible.) which were however negatived. There is no indication in the C.f that Sri Chandran was selected by the FPSC and offered a post by the G of I. The question of release may be considered if the G of I ask for his services and when such a requisition comes the question of recovering the amount spent by the Govt either from the scholar or the G of I will have to be considered also. As the G of I have not asked for his service it is for consideration whether Sri Chandran may be informed that his request that he may be released for taking up a post under the G of I cannot be complied with.

The remarks of Fin may be invited before circulation.

SECRETARY, EDN. AND P.H. DEPT.
14 NOV 1949
GOVERNMENT OF MADRAS

13

C. no 4899/50 from the G of I, Ministry of Edn.
No. F.3-11/5-8/45-S2 of 19.1.50

68

p99 c.f.

Please see the G of I's letter at p99 c.f. Some of the overseas scholars who were undergoing practical training in the U.S.A were in receipt of payments from the training institutions. The G of I ordered that such remuneration should be surrendered to them in toto and that the scholars would continue to be paid the usual scholarship and allowances. The Indian Embassy accordingly asked the scholars to refund the amounts received. But on representation from the scholars, the G of I decided that the refund should be made with effect from the date on which they received the order regarding the surrender.

p101 c.f.

2. The Indian Embassy had recovered $400 from Sri C.K. Chandran. This has now to be refunded to him. Deducting certain amounts which were due to Govt from the scholar, including medical expenses, the amount to be paid to the scholar is $ 348.88.

3. The scholar was involved in a car accident and had to pay medl charges amounting to $ 243.65. Ordinarily, scholars have to meet their medl expenses upto $ 60 per annum in the U.S.A. But it is doubtful whether the expr incurred by the scholar, being an extraordinary one, can be brought under the ordinary charges which the scholars have to meet themselves. Sri Chandran is however willing to meet $ 60. The balance of $ 183.65 is due to him by the Govt. The Embassy recommend that as he was in receipt of a remuneration ~~of~~ during his practical training to the extent of about $ 1782, he may be asked to bear the entire medl expenses. The G of I agree with this recommendation. The net amount payable to the scholar is therefore $ 165.23 and the G of I request that arrangements may be

made for payment of that amount to the scholar at pre-devaluation rates.

4. The D.P.I may be asked to do so. Copies of the Correspondence may be sent to him. Copy may be sent to the A.G. also.

Draft memo ~~endt~~ submitted for approval. Finance may see before issue.
