Office of the
Director of Public Instruction,
Madras, Dated 4-10-1949.

5 - OCT 1949

From
The Director of Public Instruction,
Madras.

To
The Secretary to Government,
Education and Public Health Department.

Sir,

Subject: Adult Education Scheme - Provision in Part II of B.E. for 1950-51.

76278

In accordance with the resolutions of the last meeting of the Provincial Advisory Board of Education, provision is made for 1950-51 for the opening of a Social Education Centre in every secondary school and this is also proposed for each training school and Arts and Training College. Their number would come to 1323. It is also proposed to open 500 adult literacy schools in the Higher and Lower Elementary Schools in 1950-51. Hence provision is made for 1823 adult literacyschools at the rate of Rs.12/- p.m. viz. (Rs.8/- plus Rs.4/- contingencies) each payable as grants. The cost of the proposal works out to Rs.201884/-.

For 1823 schools with one teacher at Rs.12/- p.m. for 9 months from 1-6-1950	... Rs. 196884
Charts, maps, primers, continuation reading books etc. lump sum provision	... Rs. 5000

It is most important that students in men's and women's colleges and Secondary Schools should gain experience in Social Education Work. Besides there is a likelihood of greater stability and honesty of effort and ~~their~~ better success in running adult literacy schools in Colleges and high schools and work in them will not be merely for the sake of the grant. This proposal is a modest one and may be approved.

Training Centres: Last year (1948-49) mostly teachers from elementary schools were given training and Government had ordered in their Memo. No.31969-B.2/48-3 Edn dated 3-7-48 that no bond need be executed by the candidates undergoing the training. This has tended to retard the pace of opening the adult literacy schools by these trained teachers. It is therefore proposed to give a short course of training for 3 to 7 days to those already doing adult literacy work to acquaint them with adult education methods. This training will not be given in fixed centres as was done last year but in every district by a small group of experts. In addition to this it is also proposed to give 6 weeks training in adult literacy work at two centres. Hence a lump sum allotment of Rs.36400/- as was made available in 1949-50 is provided for for this purpose.

Rural Colleges: The scheme of rural Colleges sanctioned for this year has not yet come into existence fully. It is not known what possibilities it holds for benefiting the illiterate and the uneducated. Until the scheme proves useful and successful it is inexpedient to expand it. Hence the provision for this item made lastyear may be continued.

The

The amount set apart for this item in 1949-50 is Rs.8300/-

Sir,

Subject: Adult Education Scheme - Provision in Part II of Budget Estimate for 1950--51 for aided Rural Colleges

Reference:-Your Telephonic message dated 17.11.49

9251

In their order No. 1142 Edn dated 14-4-49, Government have already made provision for the opening of 8 rural colleges under private managements. Assuming that all these colleges are opened in the current year 1949--50 necessary provision for the payment of grant during 1950--51 has already been made in part I of the Budget Estimate for 1950--51.

Hence I have proposed that provision for the opening of 8 more rural Colleges in 1950-51 may be included as was done last year. in Part II

PART II SCHEME NOTE FOR 1950-51.

Sub:- Expansion of the Adult Education Scheme in 1950-51.

SUMMARY.

A 255 of B.Est. 49-50

Head of Account.	Item of expenditure.	Ultimate cost. Recurring. Rs.	Ultimate cost. Non-recurring. Rs.	Cost in 1950-51. Recurring. Rs.	Cost in 1950-51. Non-recurring. Rs.

Explanatory Note.

There is a provision of Rs 1.57 lakhs in the current year's budget estimate for the scheme of adult education started in the previous year. Provision for the continuance of the scheme has been made in the Part I Estimates of 1950-51. In addition a supplemental scheme for Rs 1.57 lakhs given by the Govt. of India has been sanctioned in the current year. The recurring expenditure of the second scheme will be 1 lakh. But as the scheme is capable of easy extension and is meant to be so, it is desirable that the provision for it should be equal to the grant likely to be available for the Government of India, which can be estimated at not less than the grant already ~~received~~ promised viz. 1.57 lakhs. Accordingly it is proposed that in addition to the recurring expenditure of 1 lakh already provided, a further provision of Rs. 57,000/-(recurring) be made. H.M.(E.& L.) and H.M.(Finance) have accordingly agreed.

Adult Education Scheme - Extension during 1950-51

From the D.P.I., No.1773-B1/49, dated 4-10-1949.

The D.P.I. has submitted proposals for the extension during 1950-51 of the scheme of adult education. The proposals of the D.P.I. comprise the following:-

(i) opening of adult literacy schools;
(ii) Training of teachers in adult education;
(iii) Provision for Rural Colleges.

(i) above:- The D.P.I. suggests that adult literacy schools should be opened in 1823 centres during 1950-51. 1323 of these centres will be attached to secondary schools, training schools and colleges. 500 schools will be attached to elementary schools. The cost of running these schools for 9 months in 1950-51 has been worked out as Rs.2.02 lakhs. The recurring cost every year will be about Rs.2.45lakhs

The scheme of adult education was first started in 1948-49. 100 schools were permitted to be opened in that year. Sanction was accorded to the opening of 350 more schools in 1949-50. Thus against the total number of 450 schools only 92 schools have been opened. It is not known whether the remaining schools will be opened in the current year. It is doubtful whether the Director will be able to arrange for the establishment of 1823 schools in 1950-51 besides the 450 schools already sanctioned. The figure proposed by the Director is susceptible for reduction.

(ii) above:- Under the arrangements made in 1948-49 580 teachers were trained in adult education. Orders have recently been issued authorising the training of further batches of teachers (640) this year. Thus at the end of the current year, 1220 teachers have been trained. Most of these would remain unemployed as sufficient number of adult literacy

(H)

x/19-21

schools have not been opened, to absorb them. In the circumstances it is not clear whether any provision should be made in the Budget for 1950-51 for training additional teachers in adult education.

M

(iii) above:- The provision is intended for the continuance of Rural Colleges already sanctioned. There is no need to include the amount required in the Part II estimates. Necessary provision may be included in Part I itself.

Provision for 1000 more schools and training of 500 more teachers may be made. It is expected that the Govt. of India will meet half the cost. In fact, they may do so even in the current year in respect of the expenditure incurred, what has been recently reported.

is intended for the continuance of the Rural Colleges already sanctioned. E & P.H. have stated that there is no need to include the amount required in the Part II Estimates and that necessary provision may be included in Part I itself. This Department may agree with E & P.H.

X on p. 1 c/.

3. Item (1) on p.2 above:- The Director of Public Instruction has suggested that 1823 adult literacy schools should be opened during 1950-51. E & P.H. Secretary has, however, proposed that provision for 1000 more schools may be made and has ~~may~~ observed that it is expected that the Government of India will meet half the cost. The extra cost on account of 1000 schools comes to Rs. 1,13,000 during 1950-51 and Rs.1,49,000 per annum.

'A' on p. 2 above

With reference to the observation of E & P.H. Secretary, it may be stated that the Government of India have since issued orders reducing the block grant for Development and G.M.F. schemes of this Province ~~for~~ from Rs. 500 lakhs to Rs. 400 lakhs during 1949-50 and they have also indicated that grants are not likely to be given for Development Schemes in 1950-51. In view of the decision of the Government of India, instructions have been issued in Finance Memo No.57293-A/P.W.R.-3 dated 12-10-49 to the effect that only those schemes which will involve very little recurring expenditure and which are considered to be really and immediately essential for the proper running of any Department should be considered as Part II Schemes for 1950-51. The present proposal does not satisfy the above criteria. Apart from the financial considerations it may be stated that against a total number of 450 schools already sanctioned, only ~~122~~ 92 schools have been opened. It seems that there is no use, sanctioning additional schools when there is no chance of their being opened. In view of the large expenditure involved in the present proposal and also of the reasons given above, this

A. on p. 2 above.

It is stated that at the end of the current year, 1220 teachers will have been trained and that most of these would remain unemployed as sufficient number of adult literacy schools have not been opened to ~~absorbed~~ absorb them. It seems that further training of teachers will ~~involved~~ only increase ~~in~~ the number of unemployed teachers. In view of the reasons given at X on page 3 above and the lack of scope for absorbing the trained teachers, this Department may advise that this scheme also may be deferred.

If provision is made for 1000 schools in 1950-51, as ordered by H.M., the amount required will be Rs. 1.20 lakhs (for 10 months). Under existing sanction, 450 Adult Schools can be admitted for aid from Provincial Funds. Thus 1450, schools may be functioning in 1950-51. Against this, the number of teachers that may have been trained at the end of the current year will be 1220. About 200 additional teachers may have to be trained in 1950-51 to provide staff for all the 1450 schools. The cost of training may work out to Rs. 12,000/-. Thus a sum of Rs. 1.32 lakhs may have to be provided in 1950-51, if 1000 schools are to be newly opened in that year. This provision is, in addition to the allotment (1.57 lakhs) that will be made in Part I estimates for the continuance of the scheme already introduced.

2. It may be noted that the Govt. of India have intimated that a grant of Rs. 1.57 lakhs will be made available to this Govt. for the scheme of Adult Education, if this Govt. incur an expenditure not less than Rs 3.14 lakhs. In that file, it was pointed out that the expenditure at present incurred on the scheme already introduced may be taken into account for purposes of this Govt's share. Therefore, it will be sufficient if a scheme is framed at a cost of Rs.1.57 lakhs to earn the grant promised by the Govt. of India. The Joint Director has been asked u.o. to prepare a scheme.. The proposals in this file may also be considered along with the scheme to be framed for claiming the grant of the Govt. of India. It is for orders whether the proposals in this file may be treated as a Part II Scheme.

A supplementary scheme to entail a cost of Rs 57,000 may perhaps be framed for the introduction in 1950-51. The Jt Director has proposed ~~for the~~ opening of 500 schools. The further note of E&P.H may be perused. p 7 above

Since it has been decided in circulation in the ~~top~~ bottom file to accept the ~~Ed~~ Adult Edn scheme prepared by the Jt D.P.I at an estimated cost of Rs 1.57 lakhs during the current year, independent of the provision of Rs 1.57 lakhs ~~existing~~ in the current year's budget for the Adult Edn scheme already sanctioned by this Govt, the total amount on both these schemes during the current year comes to Rs 3.14 lakhs. As this amount is sufficient for earning the G of I's grant of Rs 1.57 lakhs ~~during~~ and as the scheme prepared by the Jt. D.P.I and considered in the other file will entail a recurring expenditure of Rs 1,00,000 during 1950-51, it does not seem necessary to pursue the proposal in this file at an addl cost of Rs 57,000/= now. In fact, the expre that will have to be incurred in the next year on the continuance of the D.P.I.'s scheme proposed to be approved in the L.F., will be more than enough for the purpose.

It does not seem that there is any need for pursuing the scheme in this file. In any case, the draft Part II Scheme note will have to be revised so as ~~to~~ set out the position clearly, with refce to the latest ~~position in~~ orders etc in the linked ~~top~~ file.

We may be providing only for an expenditure of one lakh in 1950-51 as against 1.57 lakhs to be incurred in the current year. The difference is due to the absence of certain non-recurring items of expenditure. It was proposed to Finance that .57 lakhs may be provided in order to earn a grant of an equivalent amount of 1.57 lakhs from the Govt. of India. Finance is not agreeable to this. The consequences may be:-

(1) That the Govt. of India grant will be related only to our Budget figure which we have been asked to report; and

(2) that the Supplementary Scheme of 1.57 lakhs which involves recurring expenditure of 1 lakh will have to be suspended, which would be a very retrograde step. I would suggest that we make provision for the non-recurring expenditure of the Supplementary Scheme. If a Government of India Grant is received that can be applied in expansion of the scheme.

I understand from the Adult Edn. Officer that centres for trg. adult edn. teachers (Men) have been closed not only in Andhra area but other areas also. The Director has proposed the opening of permanent centres for trg. teachers in connection with the utilisation of the Govt. of India grant.

In G.O. No. 846, Edn., dated 9-4-48, sanction was accorded for opening of six centres for trg. the staff for Adult literacy work. In connection with Part II estimate of 1949-50 the Director recommended the opening of 12 centres, but sanction was accorded for the opening of 6 centres. In connection with the Part II estimate for 1950-51 the Director proposed the opening of 2 centres. It was at first considered ~~xxxx~~ sufficient if provision was made for trg. 500 more teachers. Subsequently it was pointed out that only 200 more teachers need be ~~claimed~~ trained in 1950-51. Provision was, however, finally made only for opening 200 adult literacy schools. No provision was made for trg. teachers. There is sanction now for opening 1,150 schools against 1,220. which ~~Teachers~~ teachers ~~could~~ who would have been trained by the end of 1950-51. As already stated, the Director has submitted proposals for opening training centres in connection the utilisation of the Govt. of India grant.

My query is not answered.

11/5/50 S

NO orders have been issued to close the centres. The centres were

~~275~~ ~~7~~

closed because the sanction for them ceased. The Director did not also propose provision for training centres in Part I of the BE for 1950-51. There is therefore no provision for training centres in the BE for 1950-51. /A

(T)

The reason for 'A' above was presumably that the Director had proposed the opening of training centres in the Part II estimates — vide 'C' page 1 ante.

13/5/50 S

Apparently a muddle. Surely we need to continue the training centres or at least some of them.

The position is briefly explained below.

~~In 1948~~ The scheme of adult edn. was first introduced in 1948-49. Provision was made for the payment of grants to 100 adult schools under private agencies. Besides private agencies, local bodies can open ~~the~~ schools for adults. These schools are not however eligible for grant from provincial funds. To provide teacherss for the 100 adult schools under private agencies and for schools that might be opened by local bodies, Training of 180 teachers was ordered to be arranged in 6 batches of 30 each in 1948-49.

2. In 1949-50 provision was made for the payment of grants to 300 new schools to be opened for adults by private agencies and for the trg. of 700 teachers in adult literacy work. In fact only 92 schools were opened till about the middle of 1949-50 against the sanctioned No. of 450 centres. On the other hand 580 teachers were trained ~~to~~ in adult literacy work in 1948-49 and 640 teachers were expected to be trained in 1949-50. It will be seen from the figures above that the scheme of training of teachers was

3. In December 1949 the Govt. sanctioned a supplemental scheme of adult edn. for utilising the grant promised by the Govt. of India. In this connection also 500 adults schools were ordered to be opened, but no provision was made for the training of teachers as the no. of teachers already trained ~~will~~ would be sufficient to handle the 950 schools, sanctioned by Govt. inclusive of the 500 school intended to be started, under the supplemental scheme.
