schools. The question of absorption of the staff in the State elementary and secondary schools can be considered only after the future management of the schools is settled. The teachers are, however, allowed salaries ~~at the~~ only in the scales of pay prescribed for teachers employed in schools under local bodies <sup>which are less than Govt. scales</sup> even though they are temporarily under the employ of Govt, as the idea is to transfer them eventually to service under local bodies when the management of the schools is taken over by them.
