Office of the Director of
Public Instruction, Madras.
Dated: 9-9-49.

ASST. SECRETARY TO GOVERNMENT
15 SEP 1949
EDUCATION AND PUBLIC HEALTH DEPT.

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Schools--Secondary--Introduction of bifurcated courses--Extension of the scheme to a few more selected high schools during the year 1950-51--Budget provision for Part II Schemes of 1950-51.

Ref: 1. G.O.No.1395 dated 29-5-48.
2. G.O.Ms.No.1504 Edn. dated 7-6-48.
3. G.O.Ms.No.1239 Edn. dated 22-4-49.

7115

(S)/1-2
(W)/1-3
(H)/1-4

In para 3 of G.O.No.1395 dated 29-5-48 Government decided that to begin with the following courses of studies should be introduced in 50 selected high schools from the school year 1948-49 and that the question of extending the system to other high schools should be taken up later.

1. Secretarial
2. Engineering
3. Agriculture
4. Drawing and painting
5. Domestic science and cookery
6. Music and Dancing.

In G.O.Ms.No.1504 Edn. dated 7-6-48 Government approved the introduction of the bifurcated courses in 50 selected high schools during the year 1948-49 and in G.O.Ms.No.1239 Edn. dated 22-4-49 the Government approved the introduction of the courses in 50 more high schools during this year (1949-50) Accordingly it is presumed that the introduction of the courses would be approved in 50 more high schools during the next year also i.e., in 1950-51. On this presumption I am submitting herewith in the annexure the budget proposals for part II Scheme for 1950-51 for the introduction of the courses in 50 high schools. I request that my proposals may be approved.

Yours faithfully,

for Director of Public Instruction.

Sub: Schools. Secondary - Introduction of bifurcated Courses in fifty selected Schools in 1950-51.

Ref: Letter from the D.P.I., R.C. No. 1574 - B1/49 dated 9.9.1949.

The cost of equipment required for the introduction of the bifurcated courses

P.T.O.

6 ~~2~~

in the secondary schools under local bodies has been calculated at Rs. 5700/- for each school and at Rs. 9795 for each of the Government Secondary Schools. Please say very urgently whether the cost of the equipment in respect of the latter schools should not be worked out at one and one third of Rs. 5700/-, namely Rs. 7,600/-, for each. The basis on which the cost of the equipment to be purchased ~~for~~ Govt Secondary Schools has been worked out, may be given.

Education and Public Health Department,
Fort St. George, Madras.

ASST. SECRETARY TO GOVERNMENT
8 OCT 1949
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Subject:- SCHOOLS -- Secondary -- introduction of bifurcated courses in fifty selected schools in 1950-51 -- Estimates for Part II schemes of 1950-51.

****

77300
grs

Reference:- Government's post copy of Telephonic message dated 20-9-49.

****

A/9-10 cy

A similar point as the one raised in the above Telephonic Message was also raised in para 2 of the Government's Memorandum No.70275-B1/48-1 Edn., dated 27-9-48 in connection with the submission of estimates for Part II schemes of 1949-50 relating to the introduction of bifurcated courses during the year 1949-50. The estimates for equipment had been worked out on the basis of Rs.9795/- for Government Schools and Rs.7350/- for non-Government Schools - due to the increased cost of articles.

A/16 cy

I invite the attention of Government to my letter Rc.No. 1753 B1/48 dated 18-10-1948.

Ms. Edn.,

H/1-4 - para 4

But in G.O.No. 1239/dated 22-4-1949 the Government ordered that the payment of grants for non-Government Schools for the introduction of bifurcated courses during 1949-50 would be regulated by the order in para 4 of G.O.No.1395 Edn., dated 29-5-48. Hence it was taken that the calculation of amount required for equipment for Government Schools at the rate of Rs.9,795 was accepted by Government and that in regard to non-Government Schools alone the amount was limited to Rs.5,700/-. Accordingly the estimates for equipment for the introduction of bifurcated courses during 1950-51 was worked out on the basis of Rs.9,795/- for Government Schools and Rs.5,700/- for non-Government Schools.

S/1-2

In this connection I am to state that representations have been made to the Director that the amount of equipment grant limited to Rs.5,700/- for non-Government Secondary Schools is inadequate especially for the Engineering Course. It has been actually calculated that the cost of articles of equipment required for the Engineering Course is Rs.9,795/- according to the current market rates and it is therefore reasonable that the limit of grant fixed at Rs.5,700/- for Engineering Course in respect of non-Government Schools should be raised to Rs.7,350/- which is nearly 3/4 ths of Rs.9,795/- and the amount of grant payable for the Engineering Course introduced in non-Government Schools should be limited to 3/4 ths of the actual cost subject to a maximum of Rs.7,350/-.

Yours faithfully

For Director of Public Instruction.

Rc.No. 1574 B1/50 dated 19-4-'50

Sub: Schools - Secondary - B Introduction of bifurcated courses in schools in 1950-51 - Proposals - Submitted -

Ref: Govt. Memo. No. 71156-B/49-3 Edn. dated 27th March, 1950 -

-----

p10 infra

I submit herewith a list of 26 Secondary Schools in the Presidency (annexure I) wherein it is proposed to introduce the diversified courses of study in the year 1950-51 and request that my recommendations may kindly be accepted. The course to be introduced will be those specified against each school.

If for any reason it is considered unsuitable to introduce the course in any of the selected schools, I may be permitted to introduce the course in some other school which is considered suitable for the introduction of the course and submit a report to Government for information.

Sanction may kindly be accorded for the employment in the Government Secondary Schools selected for the introduction of the new courses, of the staff specified in annexure II of this letter.

Ⓖ 3 Ⓢ 1-2 Ⓒ 3

The payment of teaching and equipment grants to the schools under local bodies and private managements selected for the introduction of the courses will be regulated by the orders in paragraph 4 of G.O.No. 1395 Edn. dated 29th May 1948, G.O.Ms. No. 3017 Edn. dated 30.11.1948, G.O. Ms. 3754 Edn., dated 7.12.'49, G.O. Ms. No. 2300 Edn., dated 15th July 1949.

Ⓢ 8-9

I may also be authorised to sanction to the managements of schools an advance grant of Rs. 3,000/- for each school towards the purchase of equipment required for the new course subject to the conditions laid down in G.O.No. 1629 Edn. dated 24.6.1948.

Ⓢ 6-7

I solicit early orders in the matter so that the managements of the selected schools may introduce the diversified courses of study in their schools in the school year 1950-51 without any difficulty.

Yours faithfully,

No. 1574-B1/50 dated the 19th April 1950.

ORDER:-

The Government approve the proposals of the Director of Public Instruction that the bifurcated courses may be introduced from the school year 1950-51 in the twenty six schools specified in Annexure I to this order. The course to be introduced is specified against each school. If for any reason, it is considered unsuitable to introduce the course in any selected school the Director may direct the introduction of the course in some other school which he considers suitable for the purpose and report the change to Government for their information. The total provision made in the budget for 1950-51 for the scheme as a whole should not be exceeded on account of the substitution of schools in place of those already selected.

2. Sanction is accorded to the employment in the Government Secondary ~~xnd Xx~~ or Training schools selected for introduction of the new courses, of the staff specified in Annexure II to this order, temporarily for a period of three years from the school year 1950-51. The Director is requested to address Government early in 1952 in regard to the additional staff of one Assistant Instructor and one Mechanic to be employed in the Model High School, Teachers' College, Saidapet, for the Engineering Course.

3. The payment of teaching and equipment grants for the selected schools under local bodies and private managements for the introduction of the courses will be regulated by the orders in paragraph 4 of G.O.No. 1395 Education, dated 29-5-1948 G.O.No. 3017 Education, dated 30-11-1948, G.O.No. 3754 Education dated 7-12-1949 and G.O.No. 2300 Education, dated 15-7-1949. The Director is authorised to sanction an advance grant of Rs. 3,000/- (Rupees three thousand) for each of the schools towards the purchase of equipment required for the new courses subject to the conditions laid down in G.O.No. 1629 Education, dated 24-6-1948.

3 The Director is requested to fix the strength of the staff to be employed in secondary schools under local bodies and private managements for the teaching of the new subjects.

4. Necessary provision has been made under relevant sub head of appropriation under '37 Education' in the Estimate for Expenditure for 1950-51 for the introduction of the courses in twenty six schools, (5 schools under Government managements, 6 schools under local bodies and 15 schools under private managements). The Director is requested to meet the additional expenditure if any under the appropriate sub-heads of accounts with reference to the variation in number of schools under each type of managements in which the courses are introduced by reappropriation.

(By order of His Excellency the Governor)

Rajaiah D.Paul
Secretary to Government.

Rc.No.1574-B1/49, d/4-5-1950.

Sir,

Sub: Schools - Secondary - Introduction of bifurcated courses during the year 1950-51 - Further proposals - Submitted.

Ref: My letter Rc.No.1574-B1/50, dated 19-4-50.

--oOo--

In continuation of my letter cited above submitting a list of 26 schools wherein it is proposed to introduce bifurcated courses during the year 1950-51, I enclose herewith a copy of the letter C4.6407/49, dated 10.4.50 from the Commissioner, Villupuram Municipality, requesting the introduction of Engineering course in the Municipal High School, Villupuram in the year 1950-51. Though budget provision for Rs.20,000/- has been made, the school is not recommended for inclusion, as it is not in a satisfactory condition. (Vide Government Memo No.70967-G2/49-5-Education, dated 6-5-49 and my letter Rc.2021-G1/48, dated 1-3-50 to Government).

48

2. The management of Manipal High School, South Kanara in their letter dated 21.4.50 (copy enclosed) has requested permission for the introduction of Engineering course in the said school in the year 1950-51 and they do not require any equipment grant from Government this year, as the equipment has already been provided. In view of the above, I recommend that this school may also be included for the introduction of Engineering course in 1950-51 as a special case.

3. Besides the above, the managements of the following secondary schools where typewriting is taught at present as Optional Subject are willing to introduce Secretarial course under diversified courses of study in their schools in the year 1950-51, without claiming any special equipment and teaching grant with reference to G.O.No.1395, Education, dated 29-5-48. While no

(S)

22 18 17

equipment grant will be paid to such schools, teaching grant will be sanctioned under the ordinary teaching grant basis to these schools. This course is proposed with a view to giving scope for the introduction of Secretarial course in a greater number of schools without commitment from the provincial funds. I request that Government may be pleased to accord permission for the introduction of Secretarial courses in these schools in the year 1950-51.

List of Schools in which Secretarial courses are proposed to be introduced without claiming any special equipment and teaching grant and in which typewriting is taught at present.

sn.4.5.

Copy of letter C4.6407/49, dated 10-4-50 from the Commissioner, Villupuram Municipality to the Director of Public Instruction, Madras.

Sub: Education - Secondary - Municipal High School- Villupuram Municipality - Bifurcated course - Introduction of engineering course - 1950-51 - sanction - requested.

Ref: This Office referene C4.6407/49, dated 7-1-50 to the District Educational Officer, South Arcot.
Rc.617-B3/49, dated 27-1-50 of the District Educational Officer, South Arcot.
Letter No.Nil dated 17-3-50 of the Divisional Inspector of Schools, Madura.

I submit herewith proposals for the introduction of engineering as bifurcated course in the Municipal High School, Villupuram for the school year 1950-51. These proposals were already submitted on 7-1-50 but were returned by the District Educational Officer and the Divisional Inspector of Schools as belated. The Council has resolved in its proceedings No.460, dated 27.12.49 to refer the matter to the Director of Public Instruction and the Government for consideration as a special case. Since the proposals could not be formulated without specific budget provision and since such provision could be made only in December, 1949 when the budget for the next year was framed, the same could not be sent in earlier than January,50. The budget proposals including the provision of Rs.20000/- for the introduction of the Bifurcated course have already been approved by the Government and the Director. I request, therefore, that the proposal may be approved as a special case so that our High School which is one of the large institutions in the south may have the benefit of the bifurcated course from the coming academic year itself.

Copy of letter dated 21.4.50 from the Canara Industrial and Banking Syndicate, Ltd. Camp, Madras. to the Dy. Director of Public Instruction Madras

Sub: Introduction of bifurcated courses in Engineering in the Manipal High School during the current academic year.

During my interview with you yesterday on behalf of the Manipal High School, I had requested for permission for the introduction of Engineering under the bifurcation scheme in the High School during the current academic year.

Manipal has an excellent and well-equipped Engineering Workshops run by the Canara Land Investments Ltd., who have kindly agreed to provide all facilities for the students of our school for undergoing practical training. I shall get the syllabus from the District Educational Officer and forward to you the list of equipment available. Since the equipment is already provided, it is not necessary for us to get equipment grant from the Government this year. We are sure you will recognise the introduction of the subject for the purposes of teaching grant though this application has not been submitted in time

The object of starting a High School in the place was mainly to take advantage of the facilities offered by the place in providing instruction in technical courses with no cost of equipment to the Government and we feel sure that the Department would extend to us all their good will and co-operation in building up this good work.

Thanking you,

****

Schools - Secondary - Introduction of bifurcated Courses in 1950-51. Further proposals

From the DPI Rc. no 1574 B2/49 d 4.5.50

Memorandum no 10289 B/50-1 Edn d 16.5.50

In view of the decision to restrict the introduction of bifurcated courses in 26 secondary schools only in the current year and in view of the need for utmost economy in expenditure, it is not possible to sanction the introduction of Engineering and Secretarial Courses in 19 additional schools as now proposed. If for any reason, the schools already selected for the introduction of the new courses are not in a position to do so, the schools in the list now submitted by the Director may be substituted in their place to the extent possible and the question of introducing the Courses in the remaining schools may be considered as a Part II scheme for 1951-52. The Manipal High School may be substituted if possible for any other high school selected for introduction of the Engineering Course in 1950-51 ~~if~~

Sir,

M/16-18 G

Sub:- Schools--secondary--introduction of bifurcated course Board High school, Chandragiri for 1950-51.

Ref :— G.O. MS No. 1441 Edn. dated 8--5--50.

Item (10) on p17 G of M

......

Agriculture has been fixed as the bifurcated course of study for Board High school, Chandragiri, in Annexure I of the above G.O. The Headmaster, Board High school, Chandragiri in his letter Roc. 109/50 dated 2-6-50 (which was forwarded to Director of Public Instruction, Madras) reports that the introduction of agriculture would not be popular in Chandragiri for the reasons that the Children of Chandragiri school are mostly drawn from parents who are day - labourers and petty merchants. In addition to this, the parents also are not in favour of Agriculture and requests to introduce - secretarial course instead of Agriculture.

Hence I request that the Government may be pleased to introduce secretarial course in lieu of Agriculture from 1950-51 as Agriculture is considered unsuitable for the Board High school Chandragiri as ~~prem~~ pointed out by the Headmaster.

Sir,

SUBJECT: Schools - Secondary - Introduction of Secretarial Course instead of Agriculture - Board High School, Chandragiri

R E F: Government Memorandum No.18082-B/50-1 Education dated 4-7-1950.

With reference to Government Memorandum quoted above, I submit herewith a copy of the remarks of the District Educational Officer, Chittoor in his Endorsement R.C. No.563-B/49 dated 25--7--1950.

(a)

2. In view of the orders of Government conveyed in the last para of G.O.Ms.No.2104 Education dated 24-7-1950 asking me not to recommend any more school in the current year and as it is late in the year for the commencement of the course, I would suggest that the President, District Board, Chittoor may be requested to forward proposals to my office for the introduction of the Secretarial course in the next academic year (1951-52.)

3. The President, District Board may also be informed that Agriculture Course need not be introduced in the school as it is reported that no need is felt for it in the school.

4. In the vacancy thus caused, I propose to permit the introduction of the Agriculture Course in the M.S.N.C. High School, Jagannaiackpur, East Godavari District, which has applied for it and the Correspondent of the School has reported that there is accommodation and good facilities for the introduction of the course. The management of the school has agreed to meet the expenditure on the purchase of equipment and appointment of staff from their own funds in the first instance and claim grant later. I am separately issuing orders permitting the introduction of the course in the school in the current year.

The bifurcation needs no approval of Govt - vide para 1 of G.O. 1441 Edn

RVR 12/8/-

Copy of letter No.109/50 dated 2-6-1950 from the Headmaster, Board High School, Ch-andragiri, to the President, District Board, Chittoor.

Agriculture has now been fixed as the Bifurcated course of the school and I have been asked to take up necessary action for its introduction from the beginning of the school year 1950-51.

In

34

A

-: Page 2 :-

In this connection, I beg to bring to your kind notice the following for favour of consideration and orders.

When the personal assistant to the Special Officer, inspected the school on 8-3-1949, it ~~is~~ was brought to his notice that agriculture would not be a popular course and he had remarked at the end of his office Inspection Report:

1."It was proposed to introduce Agriculture as the bifurcated course. The pupils as well as the parents are not very happy about it. It is difficult to get suitable lands. Secretarial course may be introduced".

In the course of the school year 1949-50, I was asked to ascertain and write how many pupils of III form would like to take up the Agriculture course, if introduced. I found there was not even one who was willing to take it up and I reported accordingly.

I do not know under what circumstances agriculture has again been introduced here as the Bifurcated course. I request you will be so good as to reconsider and permit us to introduce the Secretarial Course from the beginning of school year 1950-51. Agriculture may prove to be a failure for want of pupils who will be willing to take it.

I may also add for your kind information that the children of this school are mostly drawn from parents who are day labourers, petty merchants. Our statistics of previous years go to show that while some of our pupils go for college course, several of them have got absorbed in the Taluk Office, Post Office, Revenue and Military. Hence parents are not in favour of Agriculture as a supplemental course of instruction here.

--

Copy of Endorsement RC.No.563-B/49 dated 27-7-1950 of the District Educational Officer, Chittoor to the Director of Public Instruction, Madras.

Ref: R.C.No.1574-B.1/50 dated 5-7-50 of the Director of Public Instruction, Madras.

..

Resubmitted to the Director of Public Instruction, Madras with a copy of letter ROC.109/50 dated 2-6-50 of the Headmaster, Board High School, Chandragiri referred to in the communication of the President, District Board, Chittoor.

2. In the circumstances stated by the Headmaster of the School the introduction of 'Secretarial' course instead of 'Agriculture' in the Board High School, Chandragiri, during 1950-51 is recommended. The Headmaster has reported that out of 119 pupils who are now studying in IV form of the School, 37 pupils are willing to take up the 'Secretarial' course this year and that none is willing to take up the 'Agriculture' course.

Sir,

Schools - Secondary - Bifurcated Courses introduction of Music in London Mission High School, Gooty - in 1950-51 - permission granted under certain conditions - Report - Submitting.

The Correspondent, London Mission High School, Gooty in his letter dated 21-8-50 (copy enclosed) has requested me to accord permission for the introduction of music under the scheme of Bifurcated courses during the current academic year (1950-51). He has stated that he will not ask for any expenditure on this class either for this year or for future years.

I have accordingly granted the permission sought for under the condition that no grant (either equipment or teaching) will be paid from Provincial funds towards the course permitted to be started.

With reference to para 2 of Government Memo No.18082 B/50-5 Edn., dated 21-8-1950, I have to report that the management of M.S.N.C. High School, Jaganaickpur East Godavari District have submitted their resolution regretting their inability to open the Agriculture course during 1950-51 sanctioned in my Proceedings Rc.No.1574 B1/49 dated 12-8-1950.

The above report is submitted for the information of Government.

Copy of the Correspondent's letter referred to overleaf.

I write to say that a music class(bifurcated) has been formed in IVth form this year with 12 pupils, as reported in my letter 13-7-1950.

I shall not ask for any expenditure on the class for this or in future years on account of this class.

But I ask you to accord recognition for this class as fro 15-7-1950.

I shall see you in person on this matter, when I attend your office on Friday next (August 25th) for meeting of the Agric ture Committee.

pages 1-49

In 1948, the Government ordered the introduction of the following bifurcated courses in 50 selected secondary schools from the school year 1948-49, namely, (i) Secretarial, (ii) Engineering, (iii) Agriculture, (iv) Drawing and Painting, (v) Domestic Science and Cookery and (vi) Music and Dancing. The courses have been introduced in another 50 schools during the current school year. The Director of Public Instruction has submitted proposals for the introduction of the courses in 50 more schools (8 Government Secondary Schools, and 42 non-Govt. Secondary Schools) during the next school year. The schools will be selected by the Director, after the applications called for from the managements of schools are received.

2. The rates of grant for the staff to be employed for the teaching of the courses and for the purchase of equipment required for the courses, will be found in para 4 of G.O.No.1395 Education, dated the 29th May 1948. The Director reports that it has actually been calculated that the cost of equipment to be purchased for the Engineering course is Rs.9,795/-, according to the current market rates. He, therefore, recommends that the equipment grant for the Engg. course may be fixed at three fourths of the actual cost of purchase (of equipment) subject to a maximum of Rs.7,350/- (three fourths of 9,795) and that for other courses the rate laid down in the G.O. referred to may be adopted. The Director's recommenda-

in

(S)/1-2

page 79

PTO

tion may be accepted.

3. The extra cost involved in the proposal on the basis of ~~the~~ recommendation of the Director mentioned in para 2 above (& on the assumption that the Engg course will be introduced in 15 non-Govt schools) is as follows:-

	Ultimate cost.		Cost in 1950-51.	
	Recurring Rs.	Non-recurring. Rs.	Recurring. Rs.	Non-recurring. Rs.
5 Govt. Secondary Schools for Girls.	11,658	(9795x5) 48,975	6,075	48,975
3 Govt. Secondary Schools for Boys.	9,360	(9795x3) 29,385	5,517	29,385
12 Secondary Schools under local bodies. (Engg. course in 6 schools)	(1450x12) 17,400	(7350x6 + 5700x6) 78,300	*	78,300
50 ~~30~~ Secondary Schools under private managements. (Engg. Course in 9 schools).	(1450x30) 43,500	(7350x9 + 5700x21) 1,85,850	*	1,85,850
Total.	81,910	2,42,510	11,592 or 11,600 roundly	2,42,510 or 2,42,500 roundly

* No expenditure is to be incurred in 1950-51, as the teaching grant (for that year) is payable only in 1951-52.

4. The Director's proposal may be approved and may be put forwarded as a Part II Scheme for 1950-51. The remarks of Finance may be vinvited U.O. prior to ~~circuatiCi~~ Circulation.

PART II SCHEME FOR 1950-51.

Introduction of bifurcated courses of studies in Selected Secondary Schools.

Ultimate Cost.		Cost in 1950-51.	
Recurring. Rs.	Non-recurring. Rs.	Recurring. Rs.	Non-recurring. Rs.
81,910	2,42,510	11,600	2,42,500

Please see the notes of the E.& P.H. Department on pages 1-2 above. They recommend that the proposal to introduce bifurcated courses in the next school ~~academic~~ year in 50 selected Secondary Schools may go

31

forward as a Part II Scheme for 1950-51.

During the current School year, bifurcated courses have been introduced in 50 selected Secondary schools. In view of the pressing need for all round ~~allround~~ economy, Finance may advise that bifurcated courses ma be introduced in 25 selected schools only during the next year. The extra cost in the next year would the be roughly Rs 1.27 lakhs.

E.& P.H. may be requested to take orders in circulation ~~inx~~ including H.M.(Finance), before preparing the note on the Part II Scheme.

15/11/49

15.11.49

In view of the large cost, recurring & non-recurring, this dept would suggest that this scheme may be postponed altogether; if however this is considered to be inexpedient, the no: of schools in which bifurcated courses are to be introduced may be reduced to something like 15 or 20.

G.O. No 1395 Edn 29-5-48

The scheme for the reorganisation of Secondary education introduced in 1948 provides for the introduction of bifurcated Courses. The Govt sanctioned the introduction of bifurcated courses in 50 selected schools in 1948-9 & in 1949-50. after considering the proposal as a Part II Scheme each year. The DPI has submitted proposals for the introduction of the courses in 50 high schools in 1950-51 also. In view of the large cost recurring & non-recurring involved in the proposal & in view of the pressing

71156 B1/49

need for all round economy, the Finance Deptt suggest that the Scheme may be postponed altogether and that if it is considered inexpedient ~~to~~ do so the number of schools in which the Courses should be newly introduced in 1950-51 may be reduced to something like 15 or 20. It is for consideration whether this Deptt may press for the introduction of the new courses atleast in 25 or 26 Schools – one for each district.

The idea of my predecessor was to introduce Bifurcated Course in 100 Schools in 1949-50 alone & 100 every subsequent year to complete the whole province in 5 years I think. But only 59 were taken ~~but~~ in the current year. The D.P.I wants atleast the same number this next year. In view of the present finances I suggest atleast 26 may be opened Part II

Please see the orders in circulation on page 4 ante. For purposes of calculating the cost, it may be assumed that 5 Govt schools (two for girls and three for boys), 6 schools under local bodies and 15 under private agencies will be selected for the introduction of the Courses during the next year. It may also be assumed that the Engineering Course will be introduced in 5 Schools, namely, one Govt. school, one local body school & three private Schools. [The equipment grant for the Engineering Course has to be calculated at the higher rates of Rs. 7350 for each (non-Govt school & at Rs. 9795) – for Govt schools]

EXPLANATORY NOTE.

In 1948, the Government directed that the following bifurcate courses be introduced from the school year 1948-49 in 50 selected secondary schools and that the question of extending the scheme to other schools should be taken up by stages.

(1) Secretarial, (2) Agriculture, (3) Engineering,
(4) Drawing & Painting, (5) Domestic Science and Cookery,
and (6) Music and (7) Dancing.

The above courses ~~have been~~ were ordered to be introduced in another fifty schools during the current school year. But actually the courses have been introduced only in 45 schools. The question of including "Teaching Practice" as one of the subjects is under consideration separately and other subjects will be added to as and when necessary.

Sep. file

2. In order to enable local bodies and private managements of aided secondary schools to meet the extra cost involved in the organisation of the new courses, the Government have undertaken to pay teaching grants, as a special case, at three-fourths of the net cost of conducting the courses during the preceding financial year subject to a maximum of Rs.1,450/- per annum for each course for a period of five years from the year of introduction of the courses. The question of revising this arrangement will be considered at the end of that period. In addition to the above teaching grant, the Government have also decided to pay a non-recurring grant equal to three-fourths of the cost of equipment to be purchased for the new courses subject to a maximum of Rs.5,700/- for each course.

para 4 of
(5)/1-2

3. The Director of Public Instruction has submitted proposals for the introduction of the bifurcated courses in 50 selected schools during the next school year for consideration as a Part II Scheme for 1950-51. ~~As it has actually been calculated that~~ The cost of purchase of the equipment required for the Engineering Course is ~~Rs.9,795/-~~ is estimated at Rs 9795 according to the current market rates, the Director has recommended that the ~~equipment~~ grant for the purchase of equipment for that course may be fixed at three fourths of the actual cost subject to a maximum of Rs.7,350 (three fourths of Rs. 9,795) and that for the other courses, the rates referred to

EXPLANATORY NOTES.

In 1948, the Government directed that the following bifurcated courses be introduced from the school year 1948-49 in fifty selected secondary schools and that the question of extending the scheme to other schools should be taken up by stages :—

(1) Secretarial, (2) Agriculture, (3) Engineering, (4) Drawing and Painting, (5) Domestic Science and Cookery, (6) Music and (7) Dancing.

The above courses were ordered to be introduced in another fifty schools during the current school year. But actually the courses have been introduced only in forty-five schools. The question of including "Teaching Practice" as one of the subjects is under consideration separately and other subjects will be added to as and when necessary.

2. In order to enable local bodies and private managements of aided secondary schools to meet the extra cost involved in the organization of the new courses, the Government have undertaken to pay teaching grants, as a special case at three-fourths of the net cost of conducting the courses during the preceding financial year subject to a maximum of Rs. 1,450 per annum for each course for a period of five years from the year of introduction of the courses. The question of revising this arrangement will be considered at the end of that period. In addition to the above teaching grant, the Government have also decided to pay a non-recurring grant equal to three-fourths of the cost of equipment to be purchased for the new courses subject to a maximum of Rs 5,700 for each course.

3. The Director of Public Instruction has submitted proposals for the introduction of the bifurcated courses in fifty selected schools during the next school year for consideration as a Part II Scheme for 1950-51. The cost of purchase of the equipment required for the Engineering Course according to the current market rates is estimated at Rs. 9,795. The Director has recommended that the grant for the purchase of equipment for that course may be fixed at three-fourths of the actual cost subject to a maximum of Rs. 7,350 (three-fourths of Rs. 9,795) and that for the other courses, the rates referred to in paragraph 2 above may be adopted.

4. In view of the large expenditure (mainly non-recurring) involved in the proposal and the need for all round economy in expenditure on account of the present financial stringency, the Finance Department have suggested that the scheme may be postponed altogether and that if it is considered inexpedient to do so, the number of schools may be reduced to 15 or 20. The scheme for the introduction of the bifurcated courses having been given effect to from the school year 1948-49, the extension of the scheme to other schools is necessary for the implementation of the reorganization of Secondary Education. This Department, therefore, suggested that the courses might be introduced in the next school year in 26 schools at the rate of one for each district and this suggestion was approved in circulation.

5. This Department recommend that necessary provision as shown in the summary above may be made in the Budget Estimate for 1950-51.

11/

Education Department (B) 36

36

The proposal to introduce the bifurcated Courses in 26 secondary Schools at the rate of one for each district during 1950-51 has been approved by the Standing Finance Committee and the Cabinet. The Budget for 1950-51 will be voted by the Legislature before the end of this month. The D.P.I. may now be requested to submit the names of schools in which the Courses are to be introduced in the next school year.

From the D.P.I., Rc. no. 1574-B1/50 d/ 19.4.50.

—

The D.P.I. has submitted a list of 26 Secondary Schools in which it is proposed to introduce the bifurcated Courses during the School year 1950-51. It is observed ~~now from~~ that ~~are~~ it were proposed ~~Director proposes~~ to introduce the Courses in four Govt. Secondary Schools, and twentytwo ~~eleven~~ Schools under (eleven under each) local bodies and private managements. Provision has been made in the Estimate of Expenditure for 50-51, for the ~~purpose~~ introduction of the Courses in five Govt. Secy Schools, 6 ~~15~~ Schools under local ~~for~~ bodies and 15 Schools under private managements. It is also observed from the Director's letter that there is variation in the subjects of the bifurcated courses as proposed to be introduced ~~between the kind of Courses proposed~~ in the four Schools under Govt. management and those for which provision has been made in the B.E. for 1950-51. The Dir, may, ~~therefore~~, be asked to meet the expenditure ~~on the introduction of the courses by re-appropriation among~~

Schools - Secondary - Introduction ~~[illegible]~~ of bifurcated Courses in 1950-51.

37

p1 & 3 G From the D.P.I., RC. No. 1574-B1/49 dated 4-5-50

The question of introducing ~~[illegible]~~ bifurcated Courses in 50 selected secondary schools during the school year 1950-51 was considered in connection with the budget for 1950-51 and it ~~[illegible]~~ was decided that the introduction of the courses should be restricted to 26 schools at the rate of one school for each district. Orders in the matter are under issue.

(G.O. 21156B/49 (under issue))

p.3 G

2. The Commissioner, Villupuram Municipality has now reported that a ~~[illegible]~~ provision of Rs. 20,007 has been made in the Council's budget for the introduction of 'Engineering' in 1950-51 in the Municipal High School, Villupuram, and that its introduction may be approved. As the School is not working satisfactorily, the Director of Public Instruction recommends that the course need not be introduced in the school during the next school year. The Director's recommendation may be accepted.

p1G

9.5.50

p.3G

3. The management of the Municipal Secondary School, South Kanara District has reported that the Canara Land Investments Ltd., who have well-equipped Engineering Workshops, have agreed to provide necessary facilities for the practical training of the students if 'Engineering' is introduced in the school and that no grant is, therefore, necessary from Govt. for the purchase of equipment required for the teaching of the course in 1950-51. In view of this the Director recommends that this school may be permitted to introduce the Course ~~[illegible]~~ during the next school year as a special case. Even though there is no expenditure from State funds on the purchase of the equipment during 50-51, teaching grant at three fourths of the net cost of running the course during the ~~preceding financial~~ year, subject to a maximum of Rs. 1450/- will have to be paid to the management

para 2 of p1G

(S)/1-para 4

P.T.O.

13

of the school. in 1951-52 ~~It~~ Some of the managements of the 26 schools in which the introduction of the bifurcated courses had already been approved may not introduce ~~them~~ x This has been Experience has shown that two or three of the selected schools were not in a position to introduce the new courses. There will be some savings in the provision made in the B.E. for 1950-51. The expenditure on the introduction of the Engg. Course in the Manipal Secondary school may be met from ~~our~~ such savings or by reappropriation. In the circumstances, the Director's recommendation may be approved.

Uh
9.5.50

B

4. The Director has also reported that the managements of ~~the~~ 18 Secondary Schools (8 under local bodies & 10 under private agencies) mentioned on p3 cf where 'Typewriting' is at present taught, have ~~agreed~~ to introduce the Secretarial Course during 50-51 without claiming the special equipment and teaching grant under G.O. No. 1395 Edn. dt. 29.5.48. ~~However~~ Teaching grant at the ordinary rates - one half in respect of local bodies & two thirds in respect of private managements will have to be paid ~~[illegible] to the managements~~ towards the employment of additional staff for teaching the course. The Director has recommended the introduction of the course in all schools. The additional staff to be employed for teaching the course is one Secretarial Assistant and one Commercial Instructor. ~~As Type~~writing is already taught in all the schools, ~~there~~ a ~~[illegible]~~ Commercial Instructor would have been employed and ~~the~~ additional teaching grant will have to be paid only towards the employment of the Secretarial Assistant. The extra cost on this account works out to Rs. 9,600/-. In ~~the case of opening of~~ respect of higher forms or additional sections opened in secondary schools under local bodies & private managements already admitted to aid additional ~~[illegible]~~ provision for the payment of teaching grants (towards the additional staff employed) is included every year in Part I of the Budget Estimate and it is not considered as a new scheme of expenditure & dealt with as a Part II Scheme. The same procedure may be followed in respect of 18 schools in which it is now proposed to introduce ~~[illegible]~~ the Secretarial

10 MAY 1950 EA
FINANCE DEPARTMENT

Finance (Exp.A) Dept.

The D.P.I. has recommended -

(i) that the Manipal High School in the South Canara Dt., may be included in the list of schools where-in it is proposed to introduce bifurcated courses during the current year (1950-51) and permitted, as a special case, to introduce Engineering course, in the school in 1950-51, and

(ii) that the managements of 18 schools (8 under local bodies and 10 under Private agencies) mentioned on page 2 C.F. may be permitted to introduce "Secretarial courses" in the year 1950-51 without claiming any special equipment and teaching grant.

para 2, p1 CF.

para 3, pp1-2 CF.

2/. For each school introducing the bifurcated course, teaching grant is paid as a special case calculated at three fourth of the net cost of running the course during the preceding financial year, subject to a maximum of Rs.1450/- per annum. In addition, a non-recurring grant equal to three fourth of the cost of the equipment to be purchased for the new course will be paid in the year of introduction of the course subject to a maximum of Rs. 7,350/- for the Engineering course and Rs. 5,700/- for other courses. The question of increasing the maximum limit for teaching grant in respect of certain courses (including Engineering and Secretarial)

Para 4 of G.O. 1395 Edn 29.5.48 (S)

G.O. 3754 Edn 7.12.45 (C) p3.

is separately under consideration in the Education Dept. The proposals for introducing bifurcated courses of study in selected High Schools in each year are being considered as Part II Schemes from year to year. and sanction was accorded for the introduction of bifurcated courses in 50 schools in each of the years 1948-49 and 1949-50. Similarly, the question of introducing bifurcated courses in another 50 selected Secondary Schools during 1950-51 was considered in connection with the budget for 1950-51 and, owing to financial stringency, it was decided that the introduction of the courses should be restricted to 26 schools in 1950-51 at the rate of 1 school for each district. Orders in the matter are under issue in the Education Department. Last year, the D.P.I. was informed that if, for any reason, it was considered undesirable to introduce the course in any of the selected schools, he might direct the introduction of the course in some ~~of~~ other schools which he considers suitable and report the change to the Government for information.

3/. Regarding item (1) in Para 1 on page 3 above, the D.P.I. has stated that the management of the Manipal High School does not require any equipment grant this year as the equipment has already been provided. Education consider that the recommendation of the D.P.I. to include this school for introduction of Engineering course in 1950-51 may be accepted, as a special case. However, in view of the decision referred to at X above, Finance may suggest that this may be done only ~~as a~~ in substitution for another already school/selected for introduction of the same course in 1950-51. — cf 'Z' above.

para 2, p1 cf.

B p2 above

There should be no extra cost to the Govt. on this account.
B
13.5.50

4/. As regards item (ii) in para. 1 on page 3 above, viz., introduction of Secretarial course in 18 additional schools, the D.P.I. has stated that the managements concerned are willing to introduce the courses without claiming any equipment and teaching grant, but teaching grant will be sanctioned under the ordinary teaching grant basis. The Education Dept. have worked out that the extra expenditure involved in the proposal would be Rs. 9,600/- recurring and they suggest that this may be provided in Part I of the estimates for 1951-52. It is submitted that in view of the decision to restrict the introduction of the bifurcated courses to 26 schools only in the current year and in view of the need

para 3, pp1-2 cf.

A p2 above

cf 'X' above

---

for the utmost ~~need for~~ economy in expenditure, Finance may suggest that the schools in which it is already propose to introduce Secretarial courses in the current year may be substituted by as many schools from the list now submitted by the D.P.I., and that the introduction of the Secretarial Courses in the remaining schools in that list may be considered as a Part II Scheme for 1951-52 in the usual course.

Edn

So far as bifurcated courses are concerned it seems that no provision can be made in Part I schemes as proposed by Edn. at A on p-2 above. If it is not possible to introduce the Secretarial course by substitution for schools which do not want to introduce the course in spite of the provision made for it, the proposal will have to be considered as a Part II Scheme for 1951-2.

ASSISTANT SECRETARY
11374
13 MAY 1950

Edu Dept.

pp 1-2 cf

The case relates to the proposal of the D.P.I. for the introduction of bifurcated Courses of Studies in the Current year in 19 Secondary schools in addition to the 26 schools already selected for the purpose as detailed below:-

(1) Engineering Course in the Manipal High School South Kanara.

List on p 2 cf

(2) Secretarial Course in 18 schools (8 under local bodies and ten under private managements)

The reason for considering this proposal as a special Case instead of bringing it as a Part II scheme for 1951-52 is that the Manipal High School doesnot require any equipment grant in the Current year as students could be given training in the Engineering workshops owned by the Canara Land Investments Ltd and that the managements of schools in which it is proposed to introduce the Secretarial Course donot require the special equipment & teaching grants and that it will be sufficient if the ordinary teaching grant is made on account of the additional Secretarial Asst to be employed

para 3 on pp 1-2 cf

C No 10289 B/50

for the purpose. It was suggested by this Dept that the proposal to introduce the Engineering Course in the Manipal High school may be approved as a special case as there is no certainity that the new courses will be introduced in all the 26 selected secondary schools. The Finance Dept suggest that this may be done in substitution for another school already selected for the introduction of the same Course in 1950-51 as there should be no extra cost to Govt on this account. As regards the introduction of the Secretarial Course in 18 additional Secondary schools on the basis of the usual teaching grant, the Finance Dept donot agree to the proposal of this Dept that it need not be treated as a new scheme as ordinary teaching grant only is required instead of at the special rate. They suggest that if any of the selected schools donot want to introduce the Course in the Current year inspite of the provision made for it, schools from the list now submitted may be substituted for and the remaining schools in the list may be Considered as a Part II scheme for 1951-52 in the usual Course. The suggestion of Finance may be accepted.

C No. 11631 · from the DPI Rc. No 1574 B/49 dt 10.5.50

The DPI has reported that the Narasaraopet and Palacole Municipal Councils are willing to introduce Secretarial Courses in their schools during the year 1950-51. without claiming the special grants for equipment and teaching admissible for bifurcated courses under G.O. 1395 Edn dt 29.5.48. The DPI may be asked to adopt the procedure suggested in Memo. No 10289 B/50 - 1 Edn dt 16-5-50 in respect of these two schools also.
