p17 cf n (S)

In their orders referred to above, the Government have ordered that the personal files combining conduct and confidential sheets in one record, should be maintained for secondary grade teachers in Elementary Schools in the service of the District Boards and that the District Board Educational Officers should be entrusted with the maintenance of the Personal files.

The District Board Educational Officers are not invested with any statutory powers. They are put in charge of the Elementary Education sections of the District Board Offices and as such they are only ministerial heads of those sections. So, they should not be entrusted with the maintenance of personal files of secondary grade teachers working in Elementary Schools. The President, District Board is the administrative head and he alone should have the power to maintain the personal files of secondary grade teachers in Elementary Schools, as he

32

he does in the case of other establishments under the District Board.

In these circumstances, I request that the Government may be pleased to reconsider their orders on the matter and issue directions for the maintenance of personal files of Secondary Grade Teachers in Elementary Schools by the Presidents of District Boards.

In this connection, reference is solicited to the resolution on the subject passed at the conference of Presidents and Vice Presidents of District Boards recently.

Ref:- G.O.No.Ms 2167-Education dated 6th July 1949.

-:(o):-

Government in their order referred to above have ordered that the personal files combining conduct and confidential sheets in one record should be maintained for secondary grade teachers in elementary schools in the service of the District Boards and that the District Board Educational officer should be entrusted with the maintenance of the personal files.

The President, District Board is the administrative head and it stands to reason that he should be entrusted with the maintenance of personal files of secondary grade teachers in elementary schools under District Boards. The District Board Educational officer is only a ministerial head of the elementary education section. So he need not be entrusted with the maintenance of personal files of secondary grade teachers.

pto

I therefore request that the Government may be pleased to reconsider their orders on the matter and issue instructions for the maintenance of personal files of the secondary grade teachers in elementary schools by the President, District Board as in the case of other establishments under the District Board.

A list of teachers to be transferred should be prepared at the Conference. It should not be altered without the previous approval of the D.E.O.

3 No leave should be granted to a teacher to enable him to get a transfer.

4 **Resolution No.7: Appointment of Headmasters of High schools.**

p.5 of am pp4 as 4(a) of sectional notes.

~~4~~ The question of modifying the existing rules is under consideration.

5 **Resolution No.15. MAINTENANCE OF PERSONAL FILES.**

The personal files of secondary grade teachers should be maintained by the D.B.E.O. as ordered in G.O.No.2167 Edn. dated 6-7-49. The ~~Board~~ ~~P.D.Bs.~~ (S) Presidents of Dt. Boards may, however, record ~~his~~ their remarks about the~~se~~ teachers in the personal files, after the D.B.E.Os. have recorded their remarks.

Resolution No.22 Adoption of the scales of pay and rates of allowances applicable to Govt. servants to servants of district boards of corresponding grades.

p10 of sectional notes

The Govt. consider that there is no justification for complying with the request.

7 **Resolution No.33.** Detailed plans and estimates not to be insisted on when applying for subsidies for construction of buildings for secondary schools.

The Govt. see no need to change the existing procedure.

p26 of sectional notes.

8 **Resolution No.34:** Opening and closing of Ele. Schools.

New elementary schools may be opened by ~~the~~ Dt.Bds without consulting educational authorities except in places where private agencies have provided or propose to provide educational facilities. Such schools should not however be closed without the permission of DEOs.

In view of the prevailing financial stringency it is not possible to comply with this request.

13 **Resolution No.50:** Subsidy for sheds in compulsory Areas:

The Government see no need to raise the rate of subsidy for construction of sheds for elementary schools in compulsory areas from Rs.1000 to Rs.1,500.

p19 of sectional notes.

14 **Resolution No.51:** Subsidy towards the grant of Dearness Allowance:

Memorandum No 4791 C/50-4 Education dated 9.5.50.

Untrained under graduates are now equated with untrained secondary grade teachers (S.S.LCs) and allowed a fixed pay of Rs 30 p.m according to G.O. No 975 Education dated 10-5-47- At the conference of Presidents and Vice Presidents of District Boards held at Madras on 25 -12-49 it was resolved to request the Government to raise the pay of untrained undergraduates from Rs 30 to Rs 45. The D.P.I. is requested to report whether local bodies and private managements may be permitted to give to untrained under graduates employed in secondary schools a pay of Rs 45 p.m. subject to the condition that teaching grants on behalf of such teachers should be claimed only at the rate of Rs 30 p.m. and the extra cost on account of the grant of the higher pay should be met from the funds of the ~~managements~~ local bodies concerned. Resolution No.4 - Supervisor of Elementary Schools

A

Resolved to request the Govt. to permit Dt. Bds. to appoint supervisors for the effective control of ele. schools and to the various needs of the schools without delay.

Minutes of H.M.(Edn.)

Examine.

K.M.

E. & P. H. Dept. (B2)

The D.P.I. has held consistently in the past that there is no need to create a parallel inspecting agency under the Dt. Bd. The Inspecting staff of the Govt. in the Education Department has been strengthened recently and they are inspecting all Board ele. schools. The creation of a parallel agency under Dt. Bds. may lead to friction. Further the Ele. Edn. Fund. of most of the Dt. Bds. is working at a deficit, the deficit being as high as 11 lakhs in the case of Malabar. It may not be desirable to accede to the request made in the resolution. If the point should be further examined the D.P.I. should be consulted.

S.S.
24-1-50.

14/1/50

No further examination appears necessary

14/2

How often do the Dy. Inspectors inspect or visit Dt. Board Schools?

15/3/50.

Thro' A for answering Secretary's query.

Each Dy. Inspector (Senior or Junior) is expected to pay not less than three visits to each school in a year (two surprise visits and one annual visit for inspection) - please see Director's letter on page 11 of the papers at Ⓔ

16/3/50

17/3/50 S I personally think

that making the Dt. Board educational officer a purely office Superintendent was a mistake. I think ~~the~~ Dt. Boards should be allowed to have School Supervisors to visit their Elementary Schools. This is not "creating a parallel inspecting agency." This is merely a step for increasing the efficiency of Dt. Board Schools which are notoriously badly run. I should ~~not~~ recommend this suggestion being accepted

17.3.50

The more frequent the inspection the better I agree. But what about the cost. If the Dt Bd would pay without asking before, then it ~~will~~ can be considered. The best thing is for the Dt. Bd President & the members of the Bd visit the schools atleast once a month within their jurisdiction.

KM
18/3

S.

Submitted that the finances of the Dt. Bds are not affluent enough to admit of the additional expenditure on the employment of Supervisors. The Ele. Edn. fund of ~~many~~ most Dt. Bds works at a deficit and the Govt. have to sanction subsidies to these Bds. towards the deficit (as it is caused by the expenditure on dearness allowance). If Supervisors are allowed to be employed, the deficit may increase, with the result that the Govt. subsidy may also have to be ~~increased~~ raised.

As regards visit of ele. schools by members of Dt. Bds, this matter ~~has been~~ is under ~~considered~~ consideration separately in another file.

15/4/50 S

Visits by the members of Dt Boards ~~this~~ should be very useful: & I have also suggested in that

file visits by officers of other departments that education during the course of their tours.

I think we may order that the Dt. Board Educational officer should ~~the~~ tour (say 15 days in the month) mainly for paying surprise visits to the Dt. Board Elementary Schools.

A

17-4-50.

Fin (Exp A)

Cf 'A' in p. 1 above

In the present ~~state~~ difficult position of State and District Board finances, the question of appointing Supervisors to inspect District Board Elementary Schools has to be ruled out. The suggestion of H.M. (Edn) on p. 2 above will serve the purpose without any addl. liability on the Govt by way of grants. Similarly the suggestion of Secy, Edn., at A above may be accepted, provided it does not involve any liability to Govt. by way of additional grants.

Resolution No.5 - Transfer of Teachers

Resolved to request Govt. to permit Presidents of Dt. Bds. to transfer teachers in elementary and secondary schools without consulting the officers of the Educational Department.

Minutes of H.M.

"I have discussed this with the D.P.I. and told the President that all transfers may be made once in a year in February and no leave to get a transfer should be allowed.

K.M.

E. & P. H. Dept. (B2)

The existing rule provides that the President should consult the D.E.O. before transferring a teacher in an elementary schools. This is intended to give an opportunity to the D.E.O. to decide whether the transfer is really necessary. There is no need to do away with the provision and to give freedom to the Presidents to transfer teachers indiscriminately. Numerous complaints have been received in the past re: unnecessary and frequent transfers of teachers by non-official Presidents of Dt. Bds. In the interest of Ele. Edn. it seems desirable to retain the rule as at present.

Resolution No.22 - Govt. scales of pay

This Conference resolves that the scale of pay of all Dt. Bd. servants should be indentical with those of Govt. servants of corresponding grades and Dt. Bd. servants should also be paid equal and indentical allowances on a par with Govt. servants.

Minutes of H.M.

nil.

E. & P. H. Dept. (B2)

The question of pay on Govt. scales is a general one and has to be examined by L.A. Dept. Some Ml.Cls. have been permitted to adopt Govt. scales of pay for teachers in ele. schools as they have sufficient surplus in the E.E.Fund. The question of adoption of Govt. scales is one of finance.

S.S.
24-1-50.

(J)

In G.O.No.1057-Edn, dated 8-4-49 the Govt. decided that local bodies might be allowed to adopt the Govt. scales of pay for teachers in secondary schools with the sanction of Govt. if they could afford to meet the entire extra expenditure involved in the adoption of the Govt. scales from their own funds and are willing to do so. The extra expenditure will not be taken into account for purposes of assessment of teaching grants. With reference to this order, certain local bodies have already been permitted to adopt the Govt. scales. In fixing the revised scales of pay, the scales of pay for teachers in the service of municipal councils and dt. bds. have been fixed purposely slightly lower than those fixed for teachers in Govt. service. It is not possible to aim at uniform scales of pay and allowances at present as it will involve considerable extra cost and it will not be within the means of several local bodies to adopt the Govt. scales.

In regard to allowances - dearness allowance is being paid at Govt. rates and some local bodies are also paying house rent allowances. In the prevailing financial stringency, it is not possible to compel local bodies to grant all allowances on a par with Govt. servants unless Govt. are prepared to meet a portion of the extra cost involved.

14/2/50 A.S. 14 14-2-50

All such requests for pay revision ignore the fact that D.B teachers may have (1) the advantage of living in their own villages and districts, without liability to transfer (2) failed to obtain higher appointment in government service on merit.

Really speaking the present practice of allowing boards, according to their financial conditions to come on level with government scale is not defensible. Its extension generally is without justification.

It has been the practice so far only to sanction the loan of the services of departmental officers for being appt. as D.B.E.O. The intention of the Director is that these officers should be answerable to the Dept. for the administration of Board ele. schools. If the D.B.E.O. is a Govt. officer, he will not also be influenced by a non-official President. The position will be different if appointment to the post of D.B.E.O. is made from the Headmasters of Board High Schools. Anyhow the D.P.I. should be consulted if the request is to be considered. Resolution No. 34 - Opening and closing of Ele. Schools

Resolved to request Govt. to do away with the existing procedure of consulting Ednl. authorities in the matter of opening of new ele. schools and abolishing uneconomic existing schools and instead to prescribe standard principles for satisfying conditions for opening schools or closing schools.

Consultation with Ednl. authorities has been prescribed to secure co-ordination and preventing of overlapping of edl. effort on the part of local bodies and private agencies. It is undesirable to allow opening of schools by local bodies in localities where private agencies have come forward to establish schools. At the same time local bodies should not be allowed to close schools in localities where voluntary ednl. effort may not be forthcoming. The D.E.O. alone can decide the needs of localities for schools. Further the estt. of ele. school by private agencies will be economical. It may be noted that the ele. edn. fund of most of Dt. Resolved to request Government not to insist on the preparation of plans and detailed estimates when grants are applied for, for works.

Minutes of H.M.(Edn.)

K.M.

Under the existing orders, local bodies should get the approval of the DPI to the plans and estimates for the construction of buildings for secondary schools under their control before they apply for subsidies. This is insisted on to ensure that there is no delay in taking up the execution of the works after subsidies are sanctioned by Govt. Further the cost of a scheme according to the detailed plans & estimates will be higher than the cost estimated roughly and it will not possible to determine accurately whether a local body can finance a scheme without Govt aid or not unless the cost of the scheme is known definitely. The question whether the existing procedure should be changed was considered last year and it was decided that no change was necessary. Vide G.O. No 1276 Education dated 27.4.49.

With reference to the LA Deptt's note at X above, it is submitted that the question has already been considered in consultation with the DPI and decided that the existing practice of considering the question of sanctioning subsidy after the plans & estimates have been approved need not be changed. Even under this existing system the estimates approved for school buildings undergo revision on account of the dilatoriness on the part of local bodies in taking up the ~~works~~ scheme for execution. If provision is made on the basis of rough estimates, the provision will lapse on account of the delay in getting the departmental approval to the detailed plans & estimates & the schemes will have to be treated again as Part II schemes. para 2 of G.O. 975 Edn
10/5/47

Previously Govt were paying fixed lump sum subsidies to local bodies towards the cost of maintenance of secondary schools opened prior to 1930. This system was abolished from 1.1.47 and teaching grants are now paid to all recognised secondary schools under local bodies on the basis of one half of the approved net cost of maintenance of those schools. Further, grants are also paid towards one half of the expenditure incurred on payment of dearness allowance and also compensation towards the loss of fee income on account of the grant of fee concessions under rule 92 of the ~~MER~~ Madras Educational Rules and the grant of scholarships according to the scheme approved by the DPI. This has afforded considerable financial relief to local bodies.

Local bodies have tax resources for income other than school fee receipts while private managements have no such resources. There is therefore no case for adopting a uniform basis for assessment of grants to secondary schools under local bodies and private managements even in respect of schools that may be newly opened in future. The request cannot therefore be complied with.

Government of Madras.
Education Department.
G.O.Ms.No. 1456 Education, dated 9th May 1950

Abstract.

EDUCATION - Chamber of District Boards - Resolution - Orders passed.

Read:-

From the Secretary, Chamber of District Boards, Saidapet, dated 19th January 1950.

ORDER:-

The Government have considered the resolutions adopted at the Conference of the Presidents and Vice-Presidents of District Boards and pass the following orders:-

Resolution No.5. TRANSFER OF TEACHERS:-

The Government do not see any need to modify the existing rule relating to transfer of teachers, in elementary schools. They consider that the President, District Board and District Educational Officer should sit at a conference some day in February every year and decide all transfers of teachers to be made on the re-opening of schools after the summer vacation. A list of teachers to be transferred should be prepared at the Conference. It should not be altered without the previous approval of the District Educational Officer.

No leave should be granted to a teacher to enable him to get a transfer.

Resolution No.7: APPOINTMENT OF HEADMASTERS OF HIGH SCHOOLS.

The question of modifying the existing rules is under consideration.

Resolution No.15: MAINTENANCE OF PERSONAL FILES:

The personal files of secondary grade teachers should be maintained by the District Board Educational Officer as ordered in G.O.No. 2167 Edn., dated 6-7-49. The Presidents of District Boards may, however, record their remarks about the teachers in the personal files, after the District Board Educational Officers have recorded their remarks.

Resolution No.22. ADOPTION OF THE SCALES OF PAY AND RATES OF ALLOWANCES APPLICABLE TO GOVERNMENT SERVANTS TO SERVANTS OF DISTRICT BOARDS OF CORRESPONDING GRADES:

The Government consider that there is no justification for complying with the request.

Resolution No.33. DETAILED PLANS AND ESTIMATES NOT TO BE INSISTED ON WHEN APPLYING FOR SUBSIDIES FOR CONSTRUCTION OF BUILDINGS FOR SECONDARY SCHOOLS.

The Government see no need to change the edisting procedure.

Resolution No. 34: OPENING AND CLOSING OF ELEMENTARY SCHOOLS.

New elementary schools may be opened by District Boards without consulting educational authorities except in places where private agencies have provided or proposed to provide educational facilities. Such schools should not however be closed without the permission of District Educational Officers.

Resolution No. 36: EXTENSION OF RENT CONTROL ACTS TO SCHOOLS BUILDING.

The request made will not be complied with. The Government will be prepared to consider the question of exemption in each case on merits.

Resolution No. 38: CONTRIBUTION IN RESPECT OF EDUCATION TAX.

The Government are of opinion that in the present financial position of the State it may not be possible to accede to the request made in the resolution. The Madras Elementary Education Act will be amended shortly to provide for the payment of contribution in respect of the proceeds of education tax upto an amount calculated at the rate of nine pies in the rupee of land revenue.

Resolution No.43 and 44: ASSESSMENT OF TEACHING GRANTS TO EXISTING AS WELL AS NEW SECONDARY SCHOOLS ON THE BASIS OF TWO-THIRDS OF THE APPROVED NET COST AS IN THE CASE OF SCHOOLS UNDER PRIVATE MANAGEMENTS:

The request cannot be complied with.

Resolution No. 47: SUBSIDIES FOR BUILDING SCHOOLS TO BE SANCTIONED ON THE BASIS OF HALF COST WITHOUT ANY MONETARY LIMIT.

In view of the prevailing financial stringency it is not possible to comply with this request.

Resolution No. 50: SUBSIDY FOR SHEDS IN COMPULSORY AREAS.

The Government see no need to raise the rate of subsidy for construction of sheds for elementary schools in compulsory areas from Rs.1,000 to Rs.1,500.

Resolution No. 51: SUBSIDY TOWARDS THE GRANT OF DEARNESS ALLOWANCE:

The Government consider that there is no need to change the existing practice of determining the actual subsidy payable to each local body with reference to the resources available both in the General Account and in the Elementary Education Account.

The following resolutions are under consideration and orders will be issued separately 16

Resolution No.4. Appointment by District Boards of Supervisors of elementary schools:

Resolution No.19: Arrear claims investigation.

Resolution No. 27: Raising the pay of the untrained [illegible] graduates from Rs.30 to Rs.45.

Resolution No. 28: Appointment of Headmasters of Board schools as District Board Educational Officers.
