17th February, 1948.

To
The Hon'ble Sri T. Avanashilingam Chettiar,
Minister for Education, Government of Madras,
Fort St. George, Madras.

Sir,

You may recollect an interview Mr. A.V. Thomas and I had with you regarding certain controls which Government proposed to exercise on the management of the Y.M.C.A. College of Physical Education. You were then kind enough to tell us that any control which may be exercised will be for improving the efficiency of the College and not for putting in restrictions on the initiative and freedom which the College may want, in developing it along better and newer lines of service.

I had sent a report on this interview to the National Council of the Y.M.C.As. (which Body owns and operates the College) along with the letters received, in this connection, from the Director of Public Instruction, Madras.

The attached letter has now been received from the National Council at Calcutta giving its views on the conditions proposed by Government. I pray that you will kindly give every

P.T.O.

consideration to the views of the National Council and permit the College to carry on its work on those terms.

Dear Joseph,

This will acknowledge receipt of your letter dated the 18th November 1947 enclosing the copy of a letter from the Director of Public Instruction, Madras R.C.No.83-E/46 dated the 4th November 1947 giving the text of a Memorandum from the Government No.18714 C1/47-4 dated 17-10-47 detailing certain controls which the Government suggests for the conduct of the College of Physical Education, at Saidapet, and asking whether the Y.M.C.A. would be willing to accept these conditions. You have also informed us that the Executive Committee of the Council of the College and the Council itself are prepared to accept the controls which Government exercises normally over all Colleges as provided in the rules of the Grant-in-Aid code, but do not see how they can accept further controls.

Your letter dated the 19th January 1948 giving an account of an interview which Mr.A.V.Thomas and you had with the Honourable the Minister of Education, Madras, on the 9th January, has also been received.

These letters were placed before the Executive Committee of the National Council Y.M.C.A. which owns and operates the College at Saidapet, at their meeting held on the 27th January, 1948. I give below the views of the Executive Committee.

1) The National Council Y.M.C.A. is anxious to do everything that will add to the efficiency and usefulness of the College and welcomes any constructive suggestions that may be made to that end.

2) The Y.M.C.A.College was originally started as an All India Institution intended to serve all parts of India and also some countries outside India. It is a matter of record that the College has been able to render this wide and far-reaching service. It is the desire of the National Council that the College should continue to function on this basis. The National Council do not think this would be possible if the courses of study, conditions of admission, examinations etc.to be followed at the College are to be exclusively prescribed by the Madras Government to fit the needs of their own Province. The National Council realises that the Government of that Province have extended valuable and generous assistance to the College, that a good proportion of the students of the College comes from Madras Province; and that the College at present is the only institution which trains teachers of Physical Education for the Province. At the same time it is the desire of the National Council that the original purpose of the College as described above should maintained. The Council feels that at present this is being fulfilled in a very encouraging measure. The National Council therefore feels that the College should not restrict itself to the courses, examinations etc. prescribed by the Madras Government, as these will be primarily fitted for conditions in the Madras Province alone and will not necessarily be suited to other Provinces.

contd......on page 2

3) The College now trains students for the Madras Government Certificate Examinations. The National Council suggests that the Madras Government prescribe syllabi, standards & etc. for these courses which the College will gladly adopt for the training of such students. But the National Council desires that the College have freedom to carry on its own courses and develop according to its own standards, to enable it to serve in those other fields where it feels called on to service. The National Council is glad to hear that the Honourable the Minister for Education, stated in your interview with him, that he appreciated the need for this kind of freedom and also stated that the controls he had suggested were only with reference to Government Certificate Course. This is in agreement with the views of the National Council.

4) In regard to obtaining the consent of Government for the appointment of staff members for the College, the National Council feels that this is a step which would seriously restrict its freedom. You state that the Honourable Minister, in your interview with him, expressed the view that this suggestion referred only to the qualifications for members of the staff and not to individuals and that it would apply only to the staffmembers who teach the courses leading to Government examinations. The National Council assures the Government that it will always recruit members to the staff who have the highest qualifications and there will be no reason for the Government to feel any dissatisfaction with their appointments.

5) The National Council will welcome the inspection of the College by Educational Department Officers. It is felt that such inspection by experts and any recommendations that they may make will be of real value to the College.

6) The present constitution of the College Council provides for two representatives of the Madras Government on the Council. Dr. G.F.Andrews, Chief Inspector of Physical Education, is now a member of the College Council and also of its Executive Committee. The National Council desires to continue the arrangement by which Government representatives should be included on the managing body of the College so that they may see that the work of the College is carried out on right lines.

In conclusion, the National Council wishes to emphasise its desire to operate the College at the highest possible level of efficiency as it believes has been done in the past. It hopes that, as a result of this assurance, the Madras Government will appreciate the position of the National Council in connection with the College and will agree to allow it to carry on with sufficient freedom. The National Council feels that the freedom that has been entrusted to it by the Government up to now has been in the highest interests of Physical Education in the country as a whole and in the Province of Madras in particular. Any additional controls are likely to limit the freedom and initiative of the College and to cause its work to suffer and its standards to be adversely affected.

You may send a copy of this letter to the Director of Public Instruction, Madras, as a reply to his letter R.C.No.83-E/46 dated 4th November, 1947. If necessary send a copy to the Honourable the Minister for Education, Madras, for his information.

Yours sincerely,

(T.D. SANTWAN)

In resubmitting herewith the letter dated 17-2-1948 of the Principal, Y.M.C.A. College of Physical Education referred to me for remarks with the Government Memo. cited, I may state that in G.O.No.Ms. 2578 Revenue, dated 5-12-1931, the Government sanctioned the alienation of 63-54 acres of land situated in "Grass Farm" village, Saidapet taluk, Chingleput Dt. in favour of the Indian National Council of the Y.M.C.A. of India, Burma and Ceylon for use as the site of a school of Physical Education. According to the terms of the alienation, 2 years' notice is required to be given to the management before the land is resumed. In addition to this, the Government will have to compensate the Y.M.C.A. for the expenditure incurred on the buildings and other improvements on the land. The first thing that should be done now is that the Government should give notice to the Y.M.C.A. of their intention to resume the land alienated to them, if they propose to start a Government College.

2. The statement furnished by the Chief Inspector of Physical Education showing the financial commitment to Government in the event of the transfer of management of the Y.M.C.A. College to them (Government) is enclosed, and I consider that his estimate in this regard may be taken as the basis. According to the audited balance-statment relating to the Y.M.C.A. College of Physical Education as it stood on 31-3-1946 (copy enclosed) and the information available, the amount of compensation works out to Rs. 2,29,100 as detailed below:

I may point out, in this connection that the Y.M.C.A. College of Physical Education constructed a swimming pool in 1945-46 at a cost of Rs. 145014 of which the Government paid a grant of Rs. 43100 and the balance was met out of subscriptions and donations. Since the college does not appear to have spent anything on the swimming pool on its own account, this item is left out of account in estimating the compensation payable to the management.

(3) According to the estimate of the Chief Inspector of Physical Education the recurring expenditure to Government will be Rs. 70,000/- The immediate cost of the scheme thus comes to Rs. 2,99,100 as shown below: a

I consider it necessary and desirable that a committee consisting of the following persons is appointed by the Government or by me to examine fully the question of compensation payable to the Y.M.C.A. College.

i. Collector of Chingleput.
ii. Executive Engineer of the Division concerned.
iii. A representative nominated by the Y.M.C.A. College &
iv. The Chief Inspector of Physical Education.

B

Pending consideration of questions relating to compensation etc. I request that the Government may be pleased to serve as early as possible a two years' notice on the Indian National Council of the Y.M.C.A. of India, Burma, & Ceylon, announcing their intention to resume the land alienated to them with building thereon. Further, if the Government have no objection a grant from the Government of India may be claimed towards the non-recurring part of this proposal, as this is connected with the training of Physical education teachers.

Yours faithfully,

MR 8/10

Copyof a letter Roc.No. 601/47 dated 2nd July 1948 of the Chief Inspector of Physical Education, Madras to the Director of Public Instruction, Madras.

I have the honour to submit as follows:-

not in file

The Y.M.C.A. College of Physical Education, Saidapet was recognised permanently under Chapter 4 of the Madras Educational Rules in Director's Proceedings Dis.No.4759/35 dated 4-11-35 The College has been getting grant in-aid since 1942. The National Council, Y.M.C.A. which "owns and operates" the Y.M.C.A. College, Saidapet seems to be willing "to accept the controls which Government have normally over all colleges as provided in the rules of the Grant-in-aid-Code, but do not see how they can accept further controls." The College cannot claim exemption from the Madras Educational Rules. Thus, under Rule 69(i) "The course of instruction shall be laid down in consultation with the Dt. Educational Officer and shall be approved by him, provided that in cases where a course has been prescribed by Government or by the Director, that course shall be followed". The College cannot claim exemption regarding the courses of study under this rule. Under Rule 69(ii) "Examinations shall be hled according to the rules alid down from time to time by Government or the Director"; The College cannot again claim exemption from this rule either. Regarding the appointment of staff members of the College, the College is bound by rule 64 of the Madras Educational Rules, which reads thus: "The general educational and professionl qualifications of the staff shall be determined by the Director with reference to the circumstances wherever they have not been laid down in these rules."

p16 N RER

It is clear that the college cannot with any justification claim to be exempted from the controls laid down in the Madras Educational Rules, nor has the National Council advanced any arguments in favour of such an exemption. The argument of the National Council that the College is an All India institution does not hold much water because though at the time the college was started as a school it was serving All India as a pioneer institution, at present there are colleges of Physical Education practically in every Province. Bombay, United Provinces, Bengal, West Punjab Hyderabad and Orissa have colleges of Physical Education. The Government of India are now contemplating to start a National College of Physical Education to serve all India interest. Under these circumstances the college loses its all India position and will necessarily have to restrict its services to the province in which it is located and give up the claim to the previlage of having courses of study, syllabi etc. which will serve not only the Madras Province but even students from outside. The National Council claim this privilege when they state "that the College should not restrict itself to the courses, examinations etc. prescribed by the Madras Government, as these will be primarily fitted for conditions in the Madras Province alone and will not necessarily be suited to other Provinces" (last sentence of para2 of National Council's letter).

p3 ante

The National council suggest in para 3 of the letter "that the College have freedom to carry on its own courses and develop according to its own standards, to enable it to serve in those other fields where it feels called on to service." According to para 2(1) of the Alienation orders (G.O.No.Ms.2578 dated 5-12-1931 Govt. Memorandum No. 3734-F/45/2 dated 7-1-45) "the land to be used for a school of physical education for the promotion of athletics, games and physical training generally and for training in Yough Leader Ship and for no other purpose." It will thus be seen that the college cannot establish any other course except these two and the freedom desired by the National Council to carry on its own courses" in these other fields where it feels called on to service" is therefore outside the limits of the alienation conditions. Besides, as pointed above, under rule 69(i) of the Madras Educational Rules, the college, cannot have freedom to develop even either of the above two courses permitted in the alienation conditions, let alone other courses, "according to its own standards".

Not put up

The National Council urge that they ~~will~~ shall be allowed to carry on the college with sufficient freedom. It is clear from the communication that this freedom is exemption from the operation of the Madras Educational Rules. So long as the College was not recognised and did not receive any teaching grants the National Council was justified in carrying on the work of the college with full freedom. But now that the college is under the control of the government and is bound by the Madras Educational Rules and the Grant-inaid Code, I submit that freedom as desired by the college council cannot be allowed. The statement of the college council that "any additional controls are likely to limit the freedom and initiative of the college and to cause its work to suffer and its standards to be adversely affected" is a reflection on the Government in as much as the statement would mean that the Government control results in lowering of standards and interference in the work of the college, whereas in reality Government control is always aimed at improving the work and standards of an institution.

The only concession made by the National Council is with reference to the inspection of the college by the Education Department Officers which they say they welcome. The requirement of the Government for the appointment of a Government representative on the college council and the Executive Committee of the college council is already a Fait accompli since the college has already requested Government to appoint their representative on the College council, and Government have nominated the Chief Inspector of Physical Education to serve on the college council and he is elected to serve on the executive

The national council has not made any statement regarding the admissions to the college, which would mean that this issue is being evaded entirely. The claim of the National Council in para 2 of their reply that the college should be allowed to continue as an All-India Institution "to serve all parts of India and also serve countries outside India" seems to indicate that in the matter of admission the college should have entire freedom to admit whom they want and as they want. This is likely to result in the denial of admission to candidates from this province because of the limited accommodation, if special preference is given to candidates from outside the province. It would appear that there have been cases where ~~adm~~ candidates for the lower grade from this province have been denied admission for want of accommodation because candidates from other provinces have already been admitted. There is need for a definite control in this respect and a specific condition laid down that the admission in the college to candidates from other provinces should be limited to a certain definite percentage and that too after ALL the candidates from this province are admitted. This is also one of the conditions of alienation (see condition 5 under para 2 of Alienation G.O.)

The trend of the communication of the National Council as communicated by the Principal seems to be not in favour of agreeing to the controls suggested by the Government. Under these circumstances it is submitted that Government may consider the taking over of the college and running it as a Government institution.

The financial commitments to Government in case the Government decide to take over the college (a detailed statement of which is called for in para 2 of Government Memo. No.28714-C.1/47-4 Edn dated 17-10-47) are approximately as follows:-

A. Non-Recurring:

Compensation to be given to the National Council.

(a) For Buildings: This will be according to conditions 2, 11,12 and 13 under para 2 of the Alienation G.O. as may be determined by appropriate authorities for those buildings erected by the National Council. This may be approximately One Lakh and fifty thousand rupees.

(b) For existing equipment etc: Fifty thousand rupees (approximate)

Total for A & B. About Two lakh of rupees.

B. RECURRING:

A copy of the budget of the college for 1948 is attached. The college is now largely dependent on the tuition fee to balance its budget. Government will have to abolish the tuition fee in line with other Government Teacher Training Colleges and schools and thus Government will practically have to meet the full expenditure for running the college.

The scales of pay of the members of the staff will also have to be regularised and brought in line with Govt. scales. The recurring expenditure will approximately be Rupees Seventy Thousand.

I submit that the above is drawn up very approximately because necessary data to draw up a detailed statement are not available in this office.

Education, Madras.

With reference to para 2 of G.O.No.Ms.963 Edn., dated 9-5-47, Government are now having under consideration a proposal to take over the Y.M.C.A.College of Physical Education, Madras and run it under the management of Government.

pages 11-13 ante

In my letter Rc.No.83-E2/46 dated 1-10-1948 to Government I have furnished details regarding the approximate non-recurring and recurring cost to Government in this regard. The non-recurring cost is estimated at about Rs.2.30 lakhs and recurring cost at Rs. ·7 lakh. I have also suggested that if Government have no objection, a grant from the Government of India may be claimed towards the non-recurring part of this proposal, as the proposal is connected with the training of Physical Education teachers.

'P' & 'Q' on p.13 ante

'B' on p.13 ante

I, therefore, now suggest that the proposal to take over the Y.M.C.A. College of Physical Edn., Madras under the management of Government may be included under the Post War Development Schemes probably from 1949-50 and the Government of India addressed for approval of the scheme as being eligible for financial assistance from the centre, in continuation of the Madras Government's letter to the Government of India cited in item No.2 above.

Sir:

From copies of letters addressed by the Chief Inspector of Physical Education,-Madras R.O.C.601/47, dated Madras the 3rd and 4th February,1949,- to the Correspondent for the Y.M.C.A.College of Physical Education, Saidapet, Madras, which have been forwarded to this Office, I understand that the Government of Madras, by its Memorandum No.1/15512/48-4, Edn., dated 29.12.48 Edn. & P.H.Department, Madras, is considering a proposal to take over the property and management of the Y.M.C.A.College of Physical Education at Saidapet, Madras. In this connection the Director of Public Instruction, Madras, has been authorised to constitute a Committee of Appraisal to assess the correct amount of compensation payable to the Y.M.C.A.

I wish to support the request of the Correspondent, Y.M.C.A. College of Physical Education, Saidapet, submitted to you in his letter dated the 14th February, 1949, that the Y.M.C.A. may be permitted to have two representatives on this Committee of Appraisal, instead of only one member. The Correspondent for the Saidapet College has been directed to nominate Dewan Bahadur D.Ananda Rao, 8 Khader Nawaz Khan Road, Nungambakam, Madras, to serve as one representative of the Y.M.C.A. College on this Committee of Appraisal. On hearing from the Madras Government Education and Public Health Department, the name of a second nominee to represent the Y.M.C.A.Council will be submitted.

However, on behalf of our Y.M.C.A.National Council, which has been responsible for the maintenance and development of the College of Physical Education at Saidapet, since its establishment in 1920, I wish to register our emphatic protest against the taking over of this College by the Madras Government from its management by our Association.

I have written to the Director of Public Instruction, Madras, asking that we may be apprised of the reasons why the Madras Government wishes to take over the Saidapet College. So far we have received no intimation that the authorities are in any way dissatisfied with the opeation of the College by our Association. A copy of my letter to the D.P.I., Madras, is forwarded herewith for your ready reference.

Yours faithfully,
T. D. Santwan

ASST. SECRETARY TO GOVERNMENT

EDUCATION AND PUB[illegible]

14th February, 1949.

To
The Secretary to Government,
Education and Public Health Department,
Government of Madras, Fort St. George,
Madras.

Sir,

1p.25-26 ct

From a communication received from the Chief Inspector of Physical Education I understand that Government by its Memorandum No.1/15512/48-4,Edn., dated 29-12-48 - Edn. & P.H. Department - is considering a proposal to take over the management of the Y.M.C.A. College of Physical Education. In order to enable Government to assess the correct amount of compensation payable to the Y.M.C.A., Government have authorised the D.P.I. to constitute a Committee consisting of (1) Collector of Madras (2) Executive Engineer of the Division concerned (3) A representative nominated by the Y.M.C.A. College and (4) The Chief Inspector of Physical Education. I may be permitted to state that this communication has come as a complete surprise in view of the fact that the College is ~~now~~ doing very good work, as acknowledged by the public and the Departmental Officers, under the present management. While Government may have a legal right to take over the College it seems that such a step may not prove beneficial in the best interests of Physical Education. If there are reasons for any dissatisfaction in the present management this may be brought to the notice of the College authorities so that this may be corrected. If there are other reasons motivating the Government to take such a step it only seems fair that these are communicated to the College before any action is taken in this direction.

The Y.M.C.A. has laboured unreservedly to build up this College and it still believes that, under its management, it has a contribution to make to the progress of physical education not only in this Province but also in the country. Under the circumstances, I request that Government may please withhold the contemplated action. If on the other hand there are good reasons for such a move this may very kindly be communicated to me.

In the meantime if Government decides to proceed with the assessment of the compensation payable to the Y.M.C.A. I request

that

28

that an additional representative may be appointed on the Committee. At present the Committee consists of three representatives of Government and only one of the Y.M.C.A. and it is important to have one more representative for the Y.M.C.A. to work on the Committee. Orders may please be passed in this connection.

I further request that you may direct that the Committee's work may be deferred till an additional representative of the Y.M.C.A. is appointed.

Yours faithfully,

MEMORANDUM

17 17

Presented by the Deputation from the Council of
the Y.M.C.A. College of Physical Education, Saidapet,
Madras on Tuesday, the 1st March, 1949.

To

The Honourable Sri.Avinashilingam Chettiar,
Minister for Education, Government of Madras,
Fort St.George, Madras.

Dear Sir,

We wish to thank you for kindly giving our Deputation from the Council of the Y.M.C.A. College of Physical Education, Saidapet, Madras, an opportunity to present to you this Memorandum with reference to the present idea of the Government of Madras to take over the College from its present management by the Y.M.C.A. National Council for India, Burma & Ceylon, whose headquarters are at 5 Russel Street, Calcutta- 16.

(1) The field of Physical Education is one in which the Y.M.C.A. has taken the lead throughout the world for over half a century. We would like to submit that, in the opinion of the College Council and others, the Y.M.C.A. has made a valuable and important contribution to our country through the establishment and development of the College at Saidapet. It has been recognized as the pioneer training centre for Physical Education in India.

We feel, therefore, that the Y.M.C.A. is especially qualified to carry on the work of the College, and it is our view that the Government should welcome and encourage the continued management of the College by the Y.M.C.A. based on its past experience and record.

(2) We wish to point out that it is the desire and purpose of the Y.M.C.A. to develop the College still further. In addition to maintaining high standards for Physical

Education,

Education, we would like to add to the usefulness of the College by introducing training for leaders of Health Education, Community Recreation, Rural Recreation and Youth Leadership as well as by developing facilities for research in the field of Physical and Health Education in our country.

To accomplish this end the Y.M.C.A. will be able to draw on public and private support nationally and internationally, both for qualified personnel and for funds such as it has provided from the very initiation of the College in 1920. At present for instance, negotiations are being carried on to recruit a staff member who will bring to the College special qualifications for teaching Aquatics and Community Recreation.

(3) During the past 29 years the Y.M.C.A. has willingly invested several lakhs of rupees in maintaining and in developing the Saidapet College, and the Association is prepared to continue its support of this institution. So we submit that the Government should not take any step which would discourage such additional help and cooperation in this important field from an organization such as the Y.M.C.A.

(4) While the majority of the trainees of our College has always come from the Madras Province, there have invariably been numbers of students each year from all parts of our country, and some have even come from Burma, Ceylon, Siam and Egypt.

We feel that this working and living together of students from all parts of our country is a valuable contribution and it is our definite wish to continue this comprehensively representative character both of the

student body

student body and of our staff.

(5) We would emphasize that the Y.M.C.A. National Council stands ready to cooperate with the Government in every way as we have indicated in our acceptance of the conditions laid down by Government in their communication Govt. Memo No.28 714c1/47-4 dated 17-10-1947 through the letter from the National General Secretary, dated 3rd February, 1948. We are ready to carry out the Government's wishes in maintaining the Saidapet College at the highest level of efficiency.

4/39
pp 3-5
ante

Therefore we appeal to the Government to leave this College in the hands of the Y.M.C.A. We are confident that this would ensure its being conducted in the most efficient manner possible. We would point out that the present financial grant given by Government is but a small part of the total expenditure involved in running the College.

(6) We would submit that it is essential for the Y.M.C.A. to know definitely whether the Madras Government has made up its mind to take over the College. The continuance of the present uncertainty as to its future management by our Association militates against the efficient running and the future development of the College.

Sir,

PP 37-38 ante In the letter by Sir Samuel dated 19-3-49 agreeing to certain conditions which the College will observe, I may be permitted to draw your kind attention to condition 4 wherein it is stated that additional representation will be given to Government on the managing council of the College.

I may state that at present the Chief Inspector of Physical Education is a member of the College Council. There is also provision to have the Woman Specialist in Physical Education to be a member. At present this post is lying vacant and it has not been possible for Government to have this representative on the council. If in addition to these Government may be pleased to indicate as to whom they desire to nominate to serve on this council. It will be a matter of great help if either the Director of Public Instruction or the Deputy Director of Public Instruction in charge of Physical Education is deputed. Your decision in this matter may be communicated to me at an early date.

23. Seven days' notice shall be given to every member of the Committee and the quorum of the Executive Committee shall be three, exclusive of the members of the College staff who may be members.

24. The Secretary of the Executive Committee may, at any time, convene a meeting of the Committee, by giving to each member notice in writing seven clear days before the time fixed for such meeting, and in the event of the Secretary being incapacitated or declining to convene a meeting, it shall be in the power of any five members of the committee to do so.

25. All questions shall be decided by a majority of votes. In case~~s~~ of an equality of votes, the Chairman shall have a casting vote.

DUTIES OF THE PRINCIPAL.

26. The Principal shall be responsible for the ordinary working of the College, for the direction and control of the Staff and for the discipline among the students. He shall consult the staff regarding changes in the curriculum and the conduct of examinations and the award of certificates and diplomas.

27. The Princpal shall appoint all clerks, part-time instructors, and servants for permanent, temporary or special duties and fix their salary or emoluments within the approved budget and shall require security in such instances and to such amounts as he may think necessary and dismiss such clerks, instructors and servants subject to the control of the College Council.

28. The Principal shall examine and pass for payment all accounts and bills for the ordinary current expenses of the College, submitting to the Council for its sanction any extra-ordinary outlay or expenditure.

DUTIES OF VICE-PRINCIPAL.

29. The Vice-Principal shall act for the Principal during the latter's absence from the College, for periods not exceeding three months at a time. Such officiating periods, however, will not necessarily establish his claim for promotion to the Principalship, when a permanent vacancy occurs.

DUTIES OF THE BURSAR.

30. The duties of the Bursar shall be determined by the College Council in consultation with the Principal, who shall be responsible for the general administration of the College.

College Staff Council.

31. A College Staff Council consisting of all members of the faculty shall meet regularly every week to discuss matters relating to teaching and any other matters connected with the daily routine and work of the College.

ACCOUNTS.

32. True Accounts shall be kept of the moneys received and expended by the College, and the matters in respect of which such receipt and expenditure take place, and of the assets, credits and liabilities of the College.

33. The accounts shall, unless the Council shall from time to time fix any date therefor, be settled on the 31st December in each year and a Balance Sheet containing a summary of the property and liabilities of the College on that day shall be made out.

34. Subject to any restrictions that may be imposed by the Council of Y.M.C.A's from time to time as to the time and manner of inspecting the same, and save as otherwise provided, all books of account of the College Council shall be open to inspection of all members of the College Council and other members of the Executive Committee.

AUDITORS.

35. The Council College shall at every annual General Meeting appoint one or more auditors to hold office for the ensuing year and shall fix the remuneration, if any, to be paid for their services.

36. Any casual vacancy in the office of auditor may be filled up by the Executive Committee.

37. Every auditor of the College shall have a right of access at all times to the books, and accounts of the College and vouchers and shall be entitled to require from the officers of the College such information and explanation as may be necessary for the performance of the duties of the auditor. The auditors shall sign a certificate at the foot of the Balance Sheet stating, whether or not, all their requirements as auditors have been complied with and shall make a report to the College Council on the accounts examined by them and on every Balance Sheet laid before the College Council at the first Annual General Meeting in the new financial year during their tenure of office; and in every such report the auditors shall state whether in their opinion the Balance Sheet referred to in the report is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the College as shown by the books of the College and such report shall be read beofre the College Council at the first Annual General Meeting in the financial year.

NOTICE.

38. A notice may be served upon any member either personally or by sending it through the post. Any notice sent through the post shall be deemed to have been served at the time when the letter containing the same is put into the Post Office, and in proving such service, it shall be sufficient to prove that the letter containingthe notice was properly addressed and put into the Post Office.

INDEMNITY.

39. Every member of the College Council and every officer for the time being of the College shall be indemnified out of the funds of the College for all expenses properly incurred in the discharge of his duties, except such as they may incur through their own wilful neglect or default.

AMENDMENTS.

40. This Constitution may be amended by the General Board of the Councils of the Y.M.C.A's of India, Pakistan, Burma and Ceylon at any duly constituted meeting of the Board by a two-thirds vote of those present and entitled to vote, provided that such amendment has been previously approved by the Executive Committee of the General Board and has been circulated to the Members of the Board at least thirty days before the meeting of the Board at which such amendment will be considered.

41. In case of doubt, difficulty or dispute in interpreting this Constitution the decision of the General Board of the Council of Y.M.C.A's shall be final.

42. The General Board of the Council of Y.M.C.As shall deal with all matters not herein provided for and its decision shall be final and binding.

In para 1 of the Memo. at pp39-40 of G.O. 963 Edn dated 9.5.47, the D.P.I. was asked to ascertain and report whether the management of the Y.M.C.A. [Memo. no. 15512 C1/48-1 Edn d. 31-3-48.]

from the D.P.I. Rc no. 83 E2/ feb dated 1-[illegible]. p11 cf

In connection with the transfer of control of the Physical Training classes for Women to the Y.M.C.A college, the HM (Edn) ~~[illegible]~~ suggested that the Govt. should take over the Y.M.C.A. college and run it as a Govt. institution. Accordingly in para 2 of G.O. 963 Edn dated 9-5-47, the D.P.I. was asked to forward to Govt. proposals for taking over the college. With reference to this para, the Director placed the following three alternative proposals ~~for~~ before the Govt:- (u/27) u/20 u/22

(1) Starting of a new college of physical ~~Education~~

(2) ~~[illegible]~~ Strengthening the Y.M.C.A college of Physical Edn.

(3) Taking over the Y.M.C.A. college and running it as a Govt. institution.

The Govt. considered the 3 proposals and dropped the ~~[illegible]~~ proposal to start a new college as it involved a large amount of expenditure. With regard to the other two proposals, the Govt. came to the conclusion that the Y.M.C.A. college management should be asked to agree to ~~[illegible]~~ the Govt. ~~[illegible]~~ exercising a larger measure of control over the college so that the Govt. would have an adequate voice in the running of the institution and that in the event of the management refusing the Govt. should take over the college and run it as a Govt. institution. Accordingly in the memo at u/39-20 cf, the D.P.I. was asked to ascertain and report whether the u u/22 u/23 u/29

p11 cf

the college management would agree to the Govt. exercising control over the college in the manner set out in the memo. He was also asked to report what would be the financial commitment to Govt. in case they ~~[illegible]~~ decide to take over the college. The reply of the National council of the Y.M.C.A which is the controlling body of the college is at pp 3-5 cf. The remarks of the D.P.I. thereon ~~at~~ are at pp 11-13 cf.

2/. It is clear from the letter at pp 3 & 5 cf, that ~~Y.M.C.~~ the National council ~~is not going to~~ will not agree ~~agree~~ to the controls proposed by the Govt. The Govt. are therefore left with the only alternative of proceeding with the proposal to take over the college. One of the recommendations of the Bhore Committee is that every province should have one or two colleges of Physical Edn. as may be necessary. Hitherto, the Govt. have been depending on the Y.M.C.A. college to meet their requirements in this direction. Now that the Y.M.C.A. ~~are~~ college are not amenable to the controls proposed by the Govt. and have ambitions of remaining an "~~[illegible]~~ All India Institution", the necessity for the Govt. establishing ~~[illegible]~~ a college of Physical Edn. may be accepted. A

3/. The D.P.I's proposals for taking over the college are at pp 11 & 13 cf. The first point to be considered in connection with these proposals is the question of notice. The Director considers that according to the terms of alienation of the land in which the college is invalid, the Govt. have to give two years' notice to resume the land and he recommends that this notice may be served on the college immediately. Finance have pointed out at u/48 that a notice to the college should be given only after the S.F.C. and the Cabinet have approved of the scheme for taking over the college. In view of this, ~~notice~~ a notice to the college cannot be issued at this stage. Further this question of notice has to be considered now, only if as opined by the Director a two years' notice is necessary for taking over the college. Legal have pointed out at u/47 that if the Govt. want to resume the land merely on the ground of taking over the college, two years' notice is necessary and that if notice is to be avoided the Govt. should resume the land not merely on the ground of taking up the college under ~~Govt.~~ their management but also on the ground that they propose to erect buildings for educational or physical training purposes. In the circumstances stated, all that the Govt. have to do, to avoid notice is to resume the land not merely on the ground of taking up the college but also on the ground that they propose to erect buildings for physical training purposes and then as recognised by law, to be technically correct, to put up immediately one building at least on the land resumed. The ~~scheme~~ proposal for taking over the college may therefore be proceeded on the ~~foot~~ footing that no two years' notice is necessary. In this view

p11 cf

Hag (u)
p.47

(u) 116

K

it may be considered as a part II scheme for 1949.50.

4/. If the land is to be resumed and the college is ~~to be~~ taken over, compensation has to be paid to the management for the buildings constructed and the improvements effected by them on the land. The Director has proposed that this should be worked out by a committee to be appointed for that purpose. Pending the appointment of such a committee, the Director has given an approximate estimate of the compensation payable to the Y.M.C.A. This estimate ~~[illegible] accepted~~ of Rs. 2,29,100 may be accepted.

5/. If the college is taken over, the Govt. will have to incur expenditure on staff. The chief Inspector of Physical Edn. has estimated this expenditure. The only recurring expenditure on the scheme is Rs. 70000 per annum. The Govt. are now paying a teaching grant of Rs. 7669 per annum to the Y.M.C.A. When the college is taken over this will have to be stopped. So the net recurring expenditure will be Rs. 62330/-.

6/. The Director has stated that the Govt. may claim a grant from the Govt. of India towards the non-recurring expenditure involved in the scheme. This may be agreed to. The grant may be claimed from the Govt. of India on the ground that the college is being taken over in pursuance of the recommendation of the Bhore Committee that every province should have one or more physical education colleges.

The notes on pages 4-7 above fully explain the proposal.

p 399 (4)

The Government considered the proposal to start a new college of Physical education and dropped it, as it involved large expenditure. On the other hand, the Govt. decided that the Y.M.C.A. College Management should be asked to agree to the Govt. exercising a larger measure of control over the college, so that the Government would have an adequate voice in the running of the institution, and that, in the event of the management refusing, the Government should take over the college and run it as a Govt. institution. From the reply received from the National Council of the Y.M.C.A. (which owns and operates the college), it is clear that they will not agree to the controls proposed by the Government. E.& P.H. therefore consider that the only alternative left for the Government is to proceed with the proposal to taking over the college, and suggest that the proposal may be considered as a Part II Scheme for 1949-50.

2. The extra cost involved in the proposal both recurring and non-recurring is large. As regards the non-recurring expenditure, it may be noted that the amount of compensation payable to the management as estimated by the D.P.I. (viz., Rs 2,29,100) cannot be taken as the final figure. The D.P.I. has himself suggested that a Committee should be appointed to examine fully the question of compensation payable to the Y.M.C.A.College. It seems necessary to have this question examined fully, so that the Govt may have an idea as to the correct amount of compensation payabl to the Y.M.C.A. As regards the ~~z~~ recurring expenditure, the Chief Inspector of Physical Education has estimated it at Rs 70,000 per annum. This again seems to be only a rough estimate. The Chief Inspector of Physical Education has stated that the ~~z~~ scale of pay of the ~~mk~~ members of the staff will have to be regularised and brought in line with Government scales. The ~~exact~~ financial implications of this proposal are not known. Further, it is not known whether the Chief Inspector of Physical Education has taken into account the cost on account of the maintenance and repairs, etc. of the buildings. It seems necessary ~~x~~ to have full details in regard to the commitments of the Government in respect of recurring expenditure.

3. It is stated that to avoid ~~gixix~~ giving two years' notice to the Y.M.C.A., the Government should resume the land not merely on the ground of taking up the College ~~kmx~~ but also on the ground that they propose to erect buildings for physical training purposes and then, to be technically ~~collect~~ correct, put up immediately one building at least on the land resumed. This would mean a further increase in the non-recurring expenditure to be incurred by the Government. The nature of the building to be put up and the cost involved is not known. If a building is to be constructed for this purpose, it would not be in consonance with the present policy of the Government, which is to defer all building schemes, except those that are immediate and essential.

4. The D.P.I. has suggested that the Govt. may claim a grant from the Govt.of India towards the non-recurring expre. involved in the scheme, as this is a scheme connected with the training of physical education teachers. E.& P.H. propose to claim a grant ~~fm~~ from the Govt.of India on the ground that physical education is an important ~~pm~~ part of our Post-war development schemes, and in order to implement this particular part of it effectively, we should have an institution run by Govt., and that the College is being taken over, in pursuance of

B m p. 13 CF

E m p. 7 above

of the recommendation of the Bhore Committee that every Province should have one or more physical education colleges. If a grant is to be claimed from the Govt. of India, they will have to be furnished with full particulars as to the cost involved in the proposal. They may not consider the request for a grant unless they are furnished with a correct estimate of cost.

5. It is submitted that, from the financial point of view, it does not seem desirable that the Government should take over the College at this juncture, as it involves heavy commitments in regard to recurring as well as non-recurring expenditure. If, however, the Government decide to take over the College and run it, as a Government Institution, it is necessary that full details of the cost of the scheme should first be worked out. The Govt. of India may then be addressed for a grant towards the non-recurring expenditure involved in the scheme. The full financial implications of the scheme may then be finally worked out after the Government of India's reply is ~~recfved~~ received. ~~The~~ This would take some time. In this view, the proposal does not seem to be in a fit stage for consideration as a Part II Scheme for 1949-50. Apart from this, this department has suggested in other cases that it is necessary to go slow even in respect of desirable schemes, in view of the fact that the budget for next year has to be balanced without drawing on the reserve.

The budget for the next year has to be balanced and it is going to be difficult even to maintain the existing level of services. This dept. would: advise that the present proposal need not be considered as a Part-II scheme at the present stage. Action may be taken as suggested at K above & if the Govt of India are willing to give a grant the scheme may

Please see the note of Finance on pages 8-11 above. They want the full details of cost of the scheme to be worked out more fully and more correctly before it is taken up for consideration. They state that the Govt. of India also should be given more correct estimates if they are to be addressed for a grant. For this purpose, they want action to be taken as at 'K' on page 10 ante and the scheme to be introduced as a 'new service' scheme during the next financial year. In the circumstances, it is for orders whether the suggestion of Finance at 'K' and 'B' on pages 10-11 above, may be accepted. If so, revised estimates of cost may be called for from the D.P.I., taking into account also the suggestions of Finance at 'A' and 'B' on page 9 ante. As regards compensation to be paid to the college, the suggestion of the D.P.I. at 'A' on page 13 F. for the appointment of a Committee consisting of the Collr. of Chingleput, Ex. Engr., P.W.D, of the Division concerned, a representative of the College and the Chief Inspr. of Physical Education, may be approved.

[Issued a Memo No 155-12-48-4 Edn C1 D 29.12.48]

Please see herewith the representation by the deputation from the Council of the Y.M.C.A. College of Physical Education, Saidapet. I had put to them that they must be amenable to the following control by Government:-

(i) that they must appoint the staff with the qualifications that we prescribe;

(ii) that the syllabus of the recognized courses should be with the approval of the Government;

(iii) any other courses also that may be run may be subject to the approval of the Government;

(iv) that they must be subject to the inspection by educational authorities that we may arrange;

(v) that greater representation must be given to Government in their Council.

I have promised that we will consult the D.P.I. and suggest any other matters that he may suggest to Government, but in the meanwhile, the steps that we have taken to assess the value of the College need not be proceeded with in view of the fact that the College authorities are willing to abide by the control that the Government may suggest. It is not our intention at present to take the College, if they are amenable to Government control, so that it may be made into a good institution and in a line with Government policy. In these circumstances, no steps need be taken to assess the value just now. The D.P.I. may be informed that steps to assess the value of the College need not be taken just now. This may be sent to the D.P.I. and he may be asked to suggest any other points that he may think may be necessary

One of the conditions agreed to by the Council of the Y.M.C.A. College of Physical Education is that additional representation should be given to Govt on the managing Council of the College. The Principal Y.M.C.A. College of Physical Education requested that the D.P.I. ~~and~~ or the Dy. D.P.I. in charge of Physical Education might be nominated to the Council to represent the Govt. The D.P.I considers that the Dy. D.P.I. (Ele Education) and the Inspectress of Girls Schools III Circle might be nominated. It is for orders whether the recommendation of the D.P.I will be accepted.
