of the board's general funds, in addition to the usual contribution of Rs.64,810. In 1949-50, in addition to the usual contribution of Rs.64,810, a sum of Rs.3,70,000 was also paid from the board's general funds to its elementary education funds, being the contribution from toll compensation as ordered by Government, to keep the latter account going. Though the board made an emphatic protest, Government did not reconsider their orders in the matter. Unless the expenditure under the elementary education funds is regulated with due regard to the availability of the funds, the board will be heading for a crisis soon and I am afraid that some of the high schools and medical institutions will have to be closed down as a measure of retrenchment to find the necessary funds from the general funds of the board, to balance the elementary education budget every year. I therefore request that Government may be pleased to modify their orders so far as they relate to the payment of one half of the cost of the grant-in-aid works out of the board's general funds.

4. The provision of Rs.50,000 made under 'Capital' in the budget estimate for the supply of furniture and equipments to the elementary schools, has been ordered to be deleted. Many of the existing schools are in need of urgent supply of furniture. Further the Board proposes to start 11 new higher elementary schools with new classes during the budget year for which furniture and equipments are to be provided for while the allotment has been expunged from the budget. I therefore, request that Government may be pleased to sanction a full grant of Rs.50,000 to this board during this year as a special case for the supply of furniture in view of the large number of elementary schools in this district employing the largest number of teachers.

5. As stated in para 2 above, the deficit in the budget will be increased to Rs.8,12,200 (Rs.7,96,500 + Rs.15,700). The provision made in the budget for the payment of dearness allowance to masters alone is Rs.8,10,000 which amount has to be given to the board as grant by Government as Government rates are paid to the teachers under orders of Government. If the Government agree to meet the full cost on account of payment of dearness allowance to the employees paid out of elementary education funds, there will be no deficit in the elementary education fund budget estimate for the year.

6. Information about the actual closing balance will be available only by the end of May 1950, when I shall submit a report to Government. In the meanwhile, there will not be sufficient funds available to pay the teaching staff their salaries and allowances for April and May 1950 due in May 1950 and June 1950 respectively as that due for March 1950 has already been paid. I therefore once again request that Government may be pleased to sanction at least a portion of the grant towards payment of dearness allowance immediately as otherwise the teaching staff will be put to considerable hardship due to non-payment of their salary for April 1950 for want of adequate funds at the board's disposal.

His attention in this connection is invited to the orders passed in G.O.No. 1046, Edn., dated 29-7-32. These orders will not be modified. Since the General Fund of the Dt. Sir,

EDUCATION - Elementary - Supply of furnitures to Elementary Schools for 1949-50 - Sanction for payment - Requested.

Emp p 31 c.f.

A sum of Rs.35,000/- was provided in the Elementary Education Budget estimate of this Board for 1949-50 under "Equipment - Furniture and apparatus - Capital". The tender of the Malabar Industrial and Furniture Works, Kallai, was accepted for the supply of furniture to Elementary schools during the year 1949-50 for Rs.28,447-0-0. But furniture for a total amount of Rs.16,935-0-0 alone could be supplied and payment made during the year 1949-50. The Company applied for extension of time for supply of the balance and it was granted. Thus there was a balance of Rs.11,512/- worth furniture to be supplied on 31-3-1950. Subsequently supply to an extent of Rs.6067-8-0 has been made and bill submitted. Supply of the balance yet to be made for the cost of Rs.5444-8-0 is expected to be completed by May 1950.

H vide p 29 c.f.

In the Budget Estimate for the current year a sum of Rs.50,000/- was provided under the above head and Rs.35,000/- in the revised estimate for 1949-50. The Government have deleted the provision of Rs.50,000/- made while approving the budget. I am, placing the matter before the Board at its meeting to be held on 13-5-1950.

Rs 35,000 admitted in the f.r.a.t

The provision of Rs.35,000/- referred to above made, in the revised estimate for 49-50 includes Rs.28,447/- for furniture etc., referred to. There is, therefore, a net savings of Rs.11,512/- on 1-4-1950 under the allotment for furniture.

I request you to accord special sanction for the payment of the amount out of the savings in the Budget estimate of 1949-50 under the above head as the Company has executed the orders and the schools to which the supply is to be made are badly in need of furniture.

-.-.-.

In order (i) cited above, the Government have permitted me to incur a capital expenditure of Rs. 20,000/- during the year 1950-'51 on the supply of furniture and equipment to Elementary Schools in non-compulsory areas from the Elementary Education funds. But in order (ii) quoted above the Government state that the President, Malabar District Board, is permitted to incur an expenditure not exceeding Rs. 11,512/- in the current year on the supply of furniture to Board Elementary Schools in non-compulsory areas. As the special sanction of the Government was applied for for the payment of Rs. 11,512/- towards the cost of incomplete supply of furniture made in 1949-'50, I presume that the amount of Rs. 11,512/- sanctioned in their second order cited above is over and above the amount of Rs. 20,000/- previously sanctioned.

I request that the Government may be pleased to permit this District Board to incur a total expenditure of Rs. (20,000 + 11,512) 31,512/- in the current year for the supply of furniture and equipment to Elementary Schools in non-compulsory areas as the existing position of furniture and equipments in the Elementary schools under this Board is deplorable.

From the President, District Board, Malabar, No.E13-46687/49, dated 25-4-50.

Please see the letter from the President, District Board, Malabar on pp. 1-2 c.f. He has raised certain questions relating to the orders in G.O.No. 1128, Edn., dated 10-4-50. These ~~have been~~ are examined in the following notes:-

pp 63-64 c.f (H)

Contribution under section 37 of the E.E. Act.:

para 2, p1 c.f

The descrepancy ~~as~~ pointed out by the ~~Pt.~~ President. is due to the following reasons:-

(1) It has been the practice in the past to sanction an advance contribution of Rs. 1,20,000/- in respect of Edn. tax to the Dt. Bd., Malabar and then recover the excess contribution ~~paid~~ paid with ref. to the actuals admissible. In this connection, please see the orders in G.O. 1381, Edn., dated 29-5-48 and ~~the~~ in G.O. No. 927, Edn., dated 31-3-49. On this basis, the ~~Pt.~~ President took credit for a sum of Rs. 1,20,000/- as contribution under section 37 of the E.E. Act, in the Budget. But the actual contribution due to the Dt. Bd. is only Rs. 96,651/- as calculated by the ~~Pt.~~ President.

(Q)

'L' on p8 c.f (H)

(2) The amount of addl. contribution of Rs. 89,000/- pointed out in G.O. No. 1128, Edn., dated 10-4-50 has been based on the amount ~~realised~~ shown on this account in the R.E.

p63 c.f (H)

'K' on p8 c.f (H)

There is, however, no objection to delete the excess credit of Rs. 15,698/- pointed out in para 2 of the ~~Pt's~~ President's. letter. The President may be informed accordingly.

Subsidy towards grant-in-aid works and capital expenditure:

paras 3, 4 on pp 1-2 c.f

~~The President seems to have not correctly understood the orders in G.O. No. 1128, Edn., Dated 10-4-50~~

Provision was made by ~~him~~ the President in the Budget Estimate for ~~capital expenditure as follows:~~

p.t.o.

capital expenditure as follows:-

(1) Grant-in-aid works..	Rs. 1,03,000
(2) Other works.	Rs. 88,000
(3) Furniture and Equipment (for schools in non-compulsory areas)	Rs. 55,000
(4) Compulsory scheme	Rs. 30,000
Total.	Rs. 2,76,000

pp 18-19 c.f (H)

(1) to (3) above: In respect of grant-in-aid works one half of the cost should be met from the general fund of the Dt. Bd. and the other half will be met from the State funds. Also the capital expenditure relating to ~~item~~ items 2 and 3 above has to be met entirely from the E.E. Fund. It was therefore noted that the provision made for the expenditure relating to items (1) to (3) above may be deleted, unless an addl. contribution is paid from the general fund of the Dt. Bd. L.A. was accordingly consulted whether any addl. contribution ~~can~~ could be made from the general funds to the E.E. fund. In their notes on pages 2-3 n.f.(H) they stated that the general fund of the Dt. Bd. cannot afford to pay any addl. contribution from the general fund to the E.E.Fund over and above the amount of Rs. 64,810/- provided for in the Budget. So the entire provision of Rs. 2,46,000/- made for the capital expenditure in respect of items (1) to (3) above had to be deleted. But orders were issued, due to oversight to reduce the capital expenditure by Rs. 1.94 lakhs only, instead of Rs. 2.46 lakhs, ~~without taking into account the entire provision of Rs. 1.03 lakhs, in respect of the grant-in-aid works.~~ inclusive of Rs. 1,03,000 of provides for grant in aid works. The mistake is very much regretted. In the circumstances the President may now be informed that in view of the orders in G.O.No.1046, Edn., dated 29-7-32, only one half of the cost of building schemes relating to ele. schools undertaken by the Dt. Bds. ~~will be met~~ is payable from the State funds and the other half is payable ~~should be met~~ from the general funds. ~~Also~~ He may also be informed that the entire provision of Rs. 1.03 lakhs made for the capital expenditure during the current year in the E.E. Budget in respect of grant-in-aid works should be deleted, as the

general fund of the Dt. Bd. is not in a position to make any addl. contribution. It may also be made clear to him that the provision of Rs. 88,000/- made for other works should also be deleted as no additional contribution can be made from the general fund.

In respect of item (3) above, the President states that furniture and equipement have to be supplied urgently ~~in the case of~~ to the existing ele. schools as well as ~~for~~ to the new schools proposed to be opened. The President therefore requests that the provision of Rs. 50,000/- made in the Budget for the capital expenditure towards the purchase of furniture and equipment in schools in non-compulsory areas may be allowed to stand and that a full subsidy may be paid from the State funds for the purpose. It is not known why the Dt. Bd. istaking steps to open new schools when the Budget is working at a large deficit. Also it is not usual to sanction a subsidy from Provincial funds to local bodies towards the purchase of furniture and equipment for ele. schools in non-compulsory areas, and the entire expenditure should be met from the ele. edn. fund. Only in the cases of ele. schools in compulsory areas the entire expenditure on the provision of furniture and equipment is met from the State funds. In the circumstances the President may be informed that the Dt. Bd. should not open new schools untill the financial position of the ele. edn. fund improves and that his request for the payment of a subsidy from the State funds towards the provision of furniture and equipment in schools in non-compulsory areas will not be complied with. A sum of Rs. 20,000/- may perhaps be allowed for the capital expenditure on the supply of furniture and equipment in schools in non-compulsory areas in view of the statement at (M) on p. 2 c.f. provided the expenditure is met from the ele. edn. fund.

The President has requested that atleast a portion of subsidy from the State funds may be paid towards the expenditure on dearness allowance imme

ately so as to enable the Dt. Bd. to pay the salaries of teachers promptly. The previous decision was that the question of payment of a subsidy may be taken up after the actual closing balance on 31-3-50 is known. Now the President states that the actual closing balance on 31-3-50 will be known only by the end of May, 1950. He therefore requests payment of a subsidy immediately. In the circumstances it is for orders whether a full subsidy of Rs. 8.21 lakhs may be paid now and the excess ~~paid~~ payment, recovered afterwards. | A

The case has been sent to this Department with reference to the request of the Malabar District Board for an advance subsidy towards the deficit expected, on account of payment of dearness allowance to ~~its employ~~ teachers in 1950-51. According to the Budget Estimates for 1950-51, the Elementary Education Fund Account of the District Board is expected to close with a deficit of about 7.96 lakhs. Education now propose that a sum of Rs.15,700/- representing excess credit taken towards contribution under sec.37 of E.E. Act, may be deleted. If this is taken into account, the deficit will be increased from Rs.7.96 lakhs to Rs.8.12 lakhs. The provision made in the budget for payment of dearness allowance to teachers is stated to be Rs.8.21 lakhs. The Board is ordinarily eligible for a grant from State funds to cover the deficit in the Elementary Education ~~deficit~~ Budget not exceeding the expenditure incurred on the grant of dearness allowance to teachers at the rates applicable to Govt. Servants. According to this principle, the District Board is eligible for a grant of Rs.8.12 lakhs to cover the deficit anticipated during the current year (1950-51). Education have recommended that a full subsidy of Rs.8.12 lakhs may be given in advance. L.A. consider that a grant of Rs.5 lakhs may be sanctioned now, as it will be difficult to effect any recovery which may be found necessary later on, if the full subsidy is paid now in advance. Advance subsidy is usually limited to 2/3 of the total subsidy payable. On this basis, the advance subsidy admissible in the present case works out to Rs.5.41 lakhs. Finance may therefore agree to the payment of an advance subsidy of Rs.5 lakhs as suggested by L.A.

EDUCATION DEPARTMENT

Sir,

Budget estimate - 1950-51 - Elementary Education fund - Malabar District Board - Orders passed - Reconsideration - Requested.
G.O.No.Ms.1128 Education dated 10th April 1950.

The question of enhancing the education tax from 30 pies to 36 pies in the rupee of land revenue with effect from fasli 1360, has been marked for the next meeting of the board to be held on 13th May 1950. A copy of the board's resolution in the matter will be submitted to Government, soon after the meeting.

2. The credit taken in the budget estimate under education tax at 30 pies in the rupee of land revenue is Rs.6,44,337 or Rs.21,478 per pie. The Government contribution taken credit for in the budget for 1950-51, is Rs.1,20,000 on the tax realised in 1949-50 at 4½ pies in the rupee of land revenue while the actual amount will be only Rs.96,651. It is stated in the above G.O. that Government have decided to pay contribution to the district board in respect of education tax up to 50% of the proceeds of the tax, subject to a maximum of 9 pies in the rupee of land revenue and that an additional sum of Rs.89,000 may be taken credit for provisionally in the budget under the above head. But the amount actually due and the amount taken credit for in the budget as approved by Government, are as shown below:--

	Actually due.	As taken credit for in the budget approved by Government.
	Rs.	Rs.
(i) Government contribution due at 4½ pies in the rupee.	96,651.	1,20,000
(ii) Enhanced contribution due.	96,651.	89,000
Total ...	1,93,302	2,09,000

209
193
16

Thus there will be an excess credit of Rs.15,698 (Rs.2,09,000 — Rs.1,93,302) in the budget estimate for 1950-51 under the head.

3. It is also ordered by Government that one half of the cost of the grant-in-aid works provided for under 'Capital' will be met from the state funds and that the other half should be met from the general fund of the district board, viz., Rs.52,000. In this connection, I have to point out that the board's budget estimate of the general fund for 1950-51 as revised by Government in their order No.Ms.786, L.A., dated 1st April 1950, closes with a deficit balance of Rs.1,43,650 against the statutory minimum balance of Rs.57,659. Government have also advised the board in their above order that it should be cautious in increasing its commitments. For want of sufficient funds, it had not been possible for the board to make adequate provision under medicine, equipments, etc., for medical institutions. When the board is in need of additional funds to cater to the needs of the public towards medical relief and secondary education, it is really hard that Government should order that in respect of grant-in-aid works of the elementary education, one half of the cost should be met out
