1 and 2 of the same order of conditions as changed in the compounders and as no uniform is provided in other institutions, the request for supply of uniform to 3, 17 to 20 and 21 may be treated as cancelled.

3. Nos. 20 and 22:- Ward attendants are otherwise known as Nursing orderlies. They are performing the same duties in the wards as other nursing orderlies are doing vide items 6 to 9.

4. Nos. 24 to 28:- The masseurs:- Their services are utilised in the P.K. ward of the hospital for massaging patients and for giving Navarakhizi and other special Malabar treatments which is special to this hospital. As they have to handle large quantities of oil, it is necessary to supply them with uniform. I suggest that the following uniform may be adopted for supply.

- |                                   |   |               |
|-----------------------------------|---|---------------|
| 1. Blue drill shorts.             | 4 | for one year. |
| 2. Banians without sleeves.       | 6 |               |
| 3. White Aprons                   | 6 |               |
| 4. Red turban with yellow border. | 1 |               |

5. Item No. 38:- Attender:- As he is doing only ordinary attenders duty in the office, no special uniform is necessary.

6. Nos. 39 to 43:- Laboratory attendants:- Their services are utilised in the Anatomy, Physiology, General Science and Materia Medica Laboratories. As their own clothing is likely to be soiled very quickly, uniform at Government cost should necessarily be provided.

The scale of clothing may be fixed as:

- |                        |       |                |
|------------------------|-------|----------------|
| White Drill Trousers   | 3     | per year each. |
| White Drill coats      | 3     |                |
| White mull for turbans | 6 yds |                |

In this connection I am to state that in G.O. No. 1777 P.H. dated 28/5/48 Government have sanctioned the entertainment of 12 ward boys (nursing orderlies and 9 toties (male), temporarily for a period of 2 years. They may be recommended for the supply of uniform at the usual scale applicable to nursing orderlies and toties.
