From the parents of Girls,
Government Secondary School,.
Little Kancheepuram.

To

The Education Minister,
MADRAS.

ASSISTANT SECRETARY
14 MAR 1950
EDUCATION DEPARTMENT

2201

Honoured Sir,

We, the parents of Girls in the G.S.S.L.Kancheepuram submit the following petition for your kind consideration and favourable orders.

The Government girls school at L.Kancheepuram was a complete High School in 1948 and it was very convenient for our girls to continue the High school education without difficulty. Owing to some unfortunate circumstance the V. & Vl. Forms inthe school were abolished in June 1948. Now only the lV. Form is working. In the local Boys' High schools, girls were allowed to study till last year. Now it seems that the girls are not allowed to read there with the result that there is no High school for girls in Little Kancheepuram. The Girls' High School at Big Kancheepuram cannot supply the need of girls in Little Kancheepuram. In these days when girls' education does not get enough support from the parents in this locality it is difficult to expect them to allow their girls from Little Kancheepuram to go to Big Kancheepuram, a distance of more than 2½ miles.

It is not certain that V. Form will be opened in the School from June 1950. This is the only Government school for girls in the whole of Chingleput District, and it is not a complete High School, The education of our girls will suffer a great deal, and they may have to stay at home discontinuing their further study.

Hence it is prayed that the Government Girls' School at Little Kancheepuram may be made a complete High School so that our girls may get the benefit of Higher education. We will thank you for your kindness if you could kindly arrange for the opening of the V. Form and Vl. Forms in the said School in June 1950.

Thanking you,

Copy to the Inspectress

We remain,
Honoured Sir,
Parents of the Girls in the Govt.
Girls' School, L.KANCHEEPURAM.

Explanatory Note.

The policy of Government is to encourage the education of girls by providing secondary schools at their own cost, although they rely mainly on private agencies and local bodies for the expansion of facilities for the secondary education of boys. To start with, middle schools are opened and they are later on converted into high schools by adding higher forms. In 1947-48, no new middle schools for girls were opened by Government, on account of the financial stringency; but in three schools the opening of Form IV was sanctioned. In 1948-49, the Government sanctioned the opening of six new middle schools and an additional section in

4

Form IV in the Government High School for Girls, Mathurai. During the current school year, on account of the financial stringency, no new middle schools were opened; but the opening of Form V in the Government Secondary and Training School for Women, Kozhikode, and of Form IV in the Government Middle School for Girls, Dharmapuri, was sanctioned.

2. For 1950–51, the Director of Public Instruction has submitted the following proposals—

(1) Government Secondary School for Girls, Little Kancheepuram.	Opening of Form V in 1950–51.
(2) Government Middle School for Girls, Tirupati.	Opening of Form IV in 1950–51 and Forms V and VI in the next two years.
(3) Government Secondary School for Girls, Dharmapuri.	Opening of Form V in 1950–51 and Form VI in 1951–52.
(4) Government Middle School for Girls, Periyakulam.	Opening of Form IV in 1950–51 and Forms V and VI in the two succeeding years.
(5) Government Middle School for Girls, Kumbakonam.	Opening of Form IV in 1950–51 and Forms V and VI in the two succeeding years.
(6) Government Secondary School for Girls, Palni.	Opening of Form V in 1950–51 and Form VI in 1951–52.
(7) Government Secondary and Training School for Women, Gudiyattam.	Opening of Form IV in 1950–51 and Forms V and VI in the two succeeding years.
(8) Government Secondary and Training School for Women, Kozhikode.	Opening of Form VI in 1950–51.

The ultimate and immediate net extra cost to Government on account of the above proposals is Rs. 38,300 recurring, Rs. 21,600 non-recurring and Rs. 12,000 recurring and Rs. 9,000 non-recurring, respectively.

3. The Finance Department have agreed to the opening of Form VI in the school at Kozhikode and Form V in the school at Palni during the next school year, subject to the condition that the staff required for the purpose is sanctioned for a period of one year in the first instance. They have suggested that the opening of Form VI in the latter school in 1951–52 may be considered next year, after knowing the strength of Form V to be newly opened in 1950–51. In view of the present financial stringency, they consider that all the other proposals should be deferred. The strength in Form III of the Government Middle School for Girls, Tirupati, is 35 and that in Form IV in the Government Secondary School for Girls, Dharmapuri, is 24. Form IV and Form V, if opened in those schools, will have economic strength. This Department, therefore, pressed for the opening of those forms in the two schools (Form IV in the Government Middle School for Girls, Tirupati, Form V in the Government Secondary School for Girls, Dharmapuri), in addition to the schools at Kozhikode and Palni to which the Finance Department agreed and it was approved in circulation for consideration as a Part II Scheme for 1950–51.

4. This Department recommend that necessary provision as shown in the summary above may be made in the Budget for 1950–51.

J. M. LOBO PRABHU—12-11-49.

SECRETARY
9 MAY 1950
EDUCATION DEPARTMENT

To

The Hon'ble Minister for Education,
Government of Madras, Madras.

Honoured Sir,

We, the residents and parents of Little Kancheepuram, beg to bring the following facts to your kind consideration and favourable orders.

When you were here on 13-3-50 to open the Adult Training Centre at Kancheepuram, you have been kind enough to give an assurance to us that the Government Girls' Secondary School at Little Kancheepuram will be provided this year with Form V, if the strength of Form V is 20 (the minimum) and also instructed the Joint Director of Public Instruction who was on the spot to make the necessary arrangements for the same. The Inspectress of Girls' Schools, IIIrd Circle, Madras has instructed the Headmistress of the school, subsequently, to go ahead with the work of improving the strength of the school.

Having been assured with these assurances of the authorities concerned, the Headmistress and staff have started a house to house campaign to improve the strength of the school. They are almost successful in their task of the minimum strength and the public have given their whole-hearted support and are even now co-operating with them in seeing that this Institution develops itself into a full-fledged High School.

We submit that this locality being situated at the eastern extremity of Kancheepuram, so many High School going girls of this place will find it extremely difficult to go to the other end where there is another High School for girls. Now that there

1/2 (6)

is a IV Form class here and if V Form is not provided this year in this school, the majority of the girls who are promoted to Form V may have to stop their education instead of continuing in the other High School due to the distance of about three miles. Other considerations also weigh with the parents of the locality in sending their grown-up girls to the distant other High School.

A non-official committee was formed with the leading citizens of this locality on 29-4-50 with the object of devising ways and means of improving the strength of the Institution.

The Committe ~~was~~ is working actively from then. The recent Government Order G.O.M.S. No. 1179 Education dated 14-4-50 was received by the Headmistress on 2-5-50 and this has come as a bolt from the blue for us. This is a First Grade Municipality having a population of more than a lakh. Considering the above facts, we again request your honour to reconsider your above order deferring the openning of Form V in the Government Secondary School for Girls, Little Kancheepuram, this year and to make provision for the opening of Form V this year itself (June 1950.).

Kancheepuram,)

Dear Sir,

(16)

With reference to the oral instructions you gave me regarding the opening of Form V in the Government Secondary School at Little Kancheepuram, I wish to submit that the proposal was recommended to Government as a Part II Scheme and has been ordered to be deferred in G.O. Ms.No.1179, Education, dated 14-4-50. I am, however, addressing Government ~~to~~ again in the matter in accordance with your instructions and trust that on this occasion at least my recommendations will be accepted.

Yours sincerely,

To

The Hon'ble Sri K.Madhava Menon, B.A.,B.L.,
Minister for Education,
Fort St.George, Madras.

Roc.571 K3/48 dated 16th May 1950.

Sir,

Sub:--Schools--Secondary--Government Secondary School for Girls, Kancheepuram--Starting of Form V--

Ref:--G.O.No.1179 Education dated 14--4--50. (11) 47-48 G

*****

In paragraph 1 of the Government Order, Government have stated that in view of the present financial stringency the proposal to open high school forms in 1950-51 in other schools will be ~~defined~~. deferred I request that Government may be pleased to reconsider their decision and sanction the opening of Form V in the Government Secondary School for Girls, Kancheepuram.

2) I invite attention to Government Memorandum No. 2201 B/50-2 Education dated 23-3-50 forwarding a copy of the petition from the parents of the girls in the locality. p5 ante The Inspectress has reported that the statement that girls were not admitted into the local Boys High Schools is ~~time~~. true I have however asked the District Educational Officer, Chingleput for further particulars and his report is awaited. I now enclose for ~~the~~ information a petition from the residents and parents of Kancheepuram given to me by the Hon'ble Minister for Education for consideration and report. I consider that the absence of higher forms in the existing girls schools is a severe handicap to the girls in the locality as it is not possible for the girls to join the aided girls school at Big Conjeevaram at a distance of 3 miles. As the public are keen in having higher forms in the school, I request that Government may be pleased to sanction the opening of Form V from June 1950.

Yours faithfully,

17/5/50

Honoured Sir,

We, the residents and parents of Little Kancheepuram, beg to bring the following facts to your kind consideration and favourable orders.

When you were here on 13-3-50 to open the Adult Training Centre at Kancheepuram, you have been kind enough to give an assurance to us that the Government Girls' Secondary School at Little Kancheepuram will be provided this year with Form V, if the strength of Form V is 20 (the minimum) and also instructed the Joint Director of Public Instruction who was on the spot to make the necessary arrangements for the same. The Inspectress of Girls' Schools, IIIrd Circle, Madras has instructed the Headmistress of the school, subsequently, to go ahead with the work of improving the strength of the school.

Having been ~~assured~~ encouraged with these assurances of the authorities concerned, the Headmistress and staff have started a house to house campaign to improve the strength of the school. They are almost successful in their task of the minimum strength and the public have given their whole-hearted support and are even now co-operating with them in seeing that this Institution develops itself into a full-fledged High School.

We submit that this locality being situated at the eastern extremity of Kancheepuram, so many High School going girls of this place will find it extremely difficult to go to the other end where there is another High School for girls. Now that there is a IV Form class here and if V Form is not provided this year in this school, the majority of the girls who are promoted to Form V may have to stop their education instead of continuing in the other High School due to the distance of about three miles. Otherconsiderations also weigh with the parents of the locality in sending their grown-up girls to the distant other High School.

A non-official committee was formed with the leading citizens of this locality on 29-4-50 with the object of devising ways and means of improving the strength of the Institution.

The Committe was working actively from then. The recent Government Order G.O.M.S. No. 1179 Education dated 14-4-50 was received by the Headmistress on 2-5-50 and this has come as a bolt from the blue for us. This is a First Grade Municipality having a population of more than a lakh. Considering the above facts, we again request your honour to reconsider your above order deferring the openning of Form V in the Government Secondary School for Girls, Little Kancheepuram, this year and to make provision for the opening of Form V this year itself (June 1950.).

SCHOOLS - Government Secondary School for Girls, Little Kancheepuram - Opening of Form V - Sanctioned.

F189

From the Director of Public Instruction, Roc.No. 571-K3/48 dated the 16th May 1950.

24/5/50

ORDER MS.NO. 1603 EDUCATION, dated 27-5-1950.

Vide page 5 ny

The Government sanction, as an experimental measure, the opening of Form V in the Government Secondary School for Girls, Little Kancheepuram, for a period of three years from the~~e~~ school year 1950-51. The strength in the form should be watched during that period, whether it secures economic strength or not.

2. Sanction is also accorded to the employment for a period of three years from the school year 1950-51, of the following temporary staff on the usual scale of pay + allowances in the school and to the incurring of

P.T.O.

an expenditure of Rs.100/- (Rupees one hundred) on the purchase of apparatus and materials required for the form.

(1) One L.T. Assistant.

(2) One Second Peon.

H/2g

3. The expenditure should be met from the provision made in the Estimates of Expenditure for 1950-51 ~~and debited to~~ under "37.f. Education - Secondary - Government Secondary Schools - A. General- II. Government Secondary Schools for Girls".

EDUCATION DEPARTMENT (B)

SCHOOLS - Government Secondary School for Girls, Little Conjeepuram - Opening of Form V in 1950-51.

Page 19

From the parents of the girls studying in the Government Secondary School for Girls, Little Conjeepuram, dated the 12th March 1950.

Please see the representation from the parents of the girls studying in the Government Secondary School for Girls, Little Conjeepuram, and the minutes of H.M. (E & L) on page 1 c.f. The opening of this school was sanctioned from the school year 1945-6 and it became a complete high school in the school year 1947-48. In view of the uneconomic strength, Forms V and VI were ordered to be abolished during the school year 1948-49. The economic strength prescribed by Government in respect of the secondary schools for girls is 15 pupils per class or form on the average of 45 pupils for the three forms (Forms I to III or Forms IV to VI). The present strength in Form IV in the school is 17 and the strength in Form V, if opened, ~~will~~ may possibly have economic strength. The Director of Public Instruction submitted proposals for the opening of Form V in the school for consideration in connection with the budget for 1950-51, and it was supported by this Department. But the Finance Department considered that it was doubtful whether 15 out of the 17 students studying in Form IV of the school will secure a pass and whether all of them will join the Form V ~~is~~ if opened next year. Further there is already a high school at Big Conjeepuram under private management within a distance of three miles and for enthusiastic parents and children, the above distance is not a serious obstacle. They, therefore, suggested that the opening of Form V in the school ~~may~~ might be deferred. This suggestion has been ~~accepted~~ approved in circulation. The opening of the form in the school will result in the employment of an L.T. Assistant and an additional peon, and apparatus and materials required will also have to be purchased. The extra cost involved in the proposal is Rs.1,500 immediate and Rs.2,500 ultimate

3. In the circumstances ~~stances~~ stated above, it is for orders whether the matter may be reconsidered and the opening of Form V in the school in 1950-51 may be sanctioned as an experimental ~~. The remarks of Finance may be invited U.O.~~ measure. Even if the strength in the first year is not economic it may be expected to improve in subsequent year or years. The strength may be watched for three years. The remarks of the Finance Dept. may be invited U.O. prior to circulation.

A 15/3/50

KSK 15.3.50

15/3/50

In November 1949 it was decided by H.Ms. E & L. and Finance that it ~~is~~ was unnecessary to open Form V in the School during 1950-51 and hence no provision has been made in the Budget for 50-51 for the additional expenditure which should involve in opening this new Form. The arguments that were ~~offered~~ used by Finance at that time still apply. With a strength of only 17 in Form IV this year, it is very unlikely that in a place like Little Kancheepuram there will be 15 girls in Form V. When the matter was decided upon last November, consideration was also given to the fact that the R.R. Committee had recommended that the Government should not open a school in an area which is already provided for, as in Kancheepuram where there is already a High School. ~~Definitely~~ But apparently H.M. (E.& L.) is ~~not~~ now prepared to reconsider the matter. The remarks of Finance may be obtained.

M. on p. 10 of L.F.

Although the proposals for the opening of Form V were ~~then~~ supported by Education in October 1949, this Department noted that there might not be economic strength if Form V ~~were~~ to be opened during 50-51. Further, the Retrenchment and Reorganisation Committee recommended, among other things, that the Government should not open a school in an area which is already provided for or where a private agency is likely to open one. The proposal was suggested to be de deferred by this Department as there ~~is~~ was already a High School at Big Conjeevaram within a distance of 3 miles and that for enthusiastic parents and children, ~~and that~~ the above distance was not a serious obstacle. Education Department agreed with the views of Finance.

p. 2 of U.O. (H)

On the representation from the parents of girls, Government Secondary School, Little Conjeevaram, H.M. (E & L) has minuted that Form V may be opened to this school from the reopening of this year. Education Department have invited the remarks of this Department. They have stated that no provision has been made in the budget for 1950-51 as the scheme was already deferred. The extra cost on account of the opening of Form V will work out to Rs.2700/- roundly per annum recurring and Rs.100/- non-recurring.

2. This Dept. may suggest that the veracity of the statement at 'Z' on p. 1 of may be verified.

It is respectfully submitted that the opening of Form V in the present case without an economic strength will be in contravention of all the accepted principles and will constitute an inconvenient precedent. Education Department may be requested to

20/3/50

circulate the case to H.M.(Finance) also.

C no. 11948 - From the DPI. Roc K.3/48 d 16.5.50. p 17-18 of

The case relates to the opening of Form V in the Govt Secondary School for girls at Little ~~Kanjeevaram~~ Kancheepuram from June 1950. The school became a complete high school in 1947-8. In view of the uneconomic strength Forms V and V1 were ordered to be abolished during the school year 1948-9. In 1949-50 there were 17 girls studying in Form 1V of the school. as against the economic strength of 15 pupils per form prescribed by Govt. The D.P.I. submitted proposals for the opening of Form V in the school in the current year for consideration along with other Part II schemes but the Finance Department suggested that the opening of the Form might be deferred as it was doubtful whether Form V if opened would have economic strength and there was already a high school at Big Kancheepuram within a distance of three miles in which the girls might seek admission. The suggestion as then accepted by this department. The parents of the girls in Little ncheepuram have now petitioned for the opening of Form V. The D.P.I. o was consulted in the matter is of opinion that the absence of gher forms in the existing girls school is a severe handicap to the rls in the locality as it is not possible for the girls to join the ded girls high school at Big Kancheepuram at a distance of three miles.

(J)

and as the public are keen on having higher forms in the school, the opening of Form V may be sanctioned from June 1950. It is likely that the number of pupils in Form 1V in the current year may be more than 17 - the strength in the previous year ad Form V if opened, it ~~will~~ may have economic strength in the next year if not in the current year itself. The extra cost on account of the present proposal is estimated at Rs 2,700 per annum recurring and Rs 100 non-recurring . The cost in the current year can be met from the sanctioned appropriation under 37 Education- f- Govt secondary schools.

The file may be circulated to H.M. (Edn and Law) and H.M. (Fin) for orders whether the opening of Form V may be sanctioned as an experimental measure and its strength may be watched for three years whether it secures economic strength or not. [It is reported that the statement contained in the petition that girls are not admitted in the local high school for boys is true.]
