Resubmitted with the following remarks:--

A Resolution VI.:- The school year in Anglo-Indian schools ends with December every year to suit the convenience of pupils appearing form Camb. school certificate Examination held in December every year. So long as the Camb. Examinations are conducted in this Province it would not be possible to change the school year for Anglo-Indian schools to end with March with a view to enabling pupils to appear for the Matriculation Examination of the Madras University or other universities in this Province.

I consider it is time that Government give notice to all their schools that in future schools presenting pupils for examinations not conducted by Governments or Universities of the Dominion cannot expect any grant. If Government comes to this decision, schools would need to be given notice. If this is done, the school year for Anglo-Indian schools can be changed from the Calendar year to academic year in the same way as Indian schools.

B Resolution VIII: This is already being followed in this Province.

C Resolution IX : This may be accepted.

D Resolution X : What will be done for Indian children in Indian schools will also be extended to the children in Anglo-Indian schools. No special treatment can be shown for scholars in Anglo-Indian schools.

In continuation of my letter Rc.No.1253 E1/49 dated 21-7-1949 I submit herewith a copy of the letter C.No.818/49 dated 10-10-1949 from the Inspectress of Anglo-Indian Schools, Madras. No action need be taken on the resolution now. When medical inspection is introduced in Indian Schools, it may be extended to Anglo-Indian Schools also. I may add that a departure from established policy in this respect is justified only if it is general and applicable to both Indian and Anglo-Indian Schools. In the present circumstances the denial of the right cannot be construed as an injustice to the Anglo-Indian community since they are asking for something new and not for the retention or continuance of what they have been allowed to enjoy.

RESOLUTIONS OF THE INTER PROVINCIAL BOARD FOR ANGLO-INDIAN EDUCATION HELD ON THE 19TH AND 20TH FEBRUARY, 1949.

P1cf

(1) This Board requests all Provincial Govts. to provide facilities for Anglo-Indian Schools, which so desire to prepare their pupils for the Matriculation examination through the medium of English, in addition to the existing examinations, at a stage suitable to the particular Province".

P3cf

REMARKS OF THE D.P.I.

The school year in Anglo-Indian schools ends with December every year to suit the convenience of pupils appearing for Cambridge school certificate examination held in December every year. So long as the Cambridge Examinations are conducted in this Province it would not be possible to change the school year for Anglo-Indian schools to end with March with a view to enabling pupils to appear for the Matriculation Examination of the Madras University or other universities in this Province.

X

I consider it is time that Government give notice to all their schools that in future schools presenting pupils for examinations not conducted by Governments or Universities of the Dominion cannot expect any grant. If Government comes to this decision, schools would need to be given notice. If this is done, the school year for Anglo-Indian schools can be changed from the Calender year to academic year in the same way as Indian schools.

P/6cf

Minutes of the Provincial Board for Anglo Indian Education.

In the Madras Province coordination of Cambridge and the High School Examination of Anglo Indian schools already exists as schools that wish to do so, prepare for both examinations and they are held at the end of the calendar year.

While the Matriculation Examination which is a university examination is held in March every year, the Anglo Indian High School examination which is a special examination only for Anglo Indian pupils studying in the Anglo Indian schools recognised under the code of Regulations for Anglo Indian schools ~~is~~ held in December of every year. The Anglo Indian school examinations have been ~~agreed~~ arranged to be held in December of every year to synchronise with the Cambridge School Examination in December for which examination also pupils from Anglo Indian schools are sent up. The request of the Inter Provincial Board is that the facilities might be provided for Anglo Indian schools which so desire to prepare their pupils for the Matriculation Examinations in addition to the existing examinations. Since the examinations of both Anglo Indian schools and Cambridge schools are now held in December of every year it would be difficult to afford facilities to the pupils appear for the Matriculation Examination which is held in March of every year. If the Anglo Indian schools give up sending their pupils for the Cambridge School Examination and confine themselves only to the European school Examinations, the final Examinations under the Code of Regulations for Anglo Indian schools might be changed to March and the academic year of Anglo Indian schools might be changed to March and ~~pass~~ the schools might be permitted to coach their pupils both for the Anglo Indian schools examinations as well as the Matriculation examination just as they are now being coached for the Anglo Indian schools examinations as well for the ~~Matriculation~~ Cambridge School examinations. It is upto the Anglo Indian Schools to decide about the examination for which they would send their pupils.

As regards the D.P.I's remarks at X on page 1 ante, it is doubtful whether in view of the guarantee given to Anglo Indian Community that Status Quo will be maintained for 10 years, the proposal of the D.P.I that notice could be given by the Govt. to all Anglo Indian schools that in future only schools presenting pupils for examinations conducted by the Universities of this country will be eligible for grants, will be accepted

The D.P.I. has reported that so long as the Cambridge school Certificate Examination was held in December and Matriculation Examination held in March, it would not be possible to provide for Matriculation Examination unless parallel classes were held, resulting in the provision of additional buildings, staff and equipment for Anglo-Indian Schools and additional expre. to Govt. He also reported that the managements of all the Anglo-Indian schools were consulted in the matter and that all except six schools had expressed their inability to introduce the Matriculation Scheme in their respective schools. The D.P.I. was asked to state whether it was proposed to permit the above six Anglo-Indian schools to provide for the Matriculation Examination in their schools by arranging for parallel classes provided they were able to do so without additional expre. to Govt. The Director has reported that out of the six
