Particulars regarding the transfer of management of the Aided Secondary Schoo Pathiripala.

---

a) Educational needs of the locality, the existence of neighbouring schools and facilities for elementary education for those who cannot afford to read in secondary schools in case where an elementary school is to be converted into a Secondary School.	The proposal is for the transfer of management of the existing aided secondary school, Pathiripala
b) Probable strength of the proposed school or of the additional form or class to be opened in the existing school.	Form I 30 II 30 III 30 IV 30 V 30
c) Details regarding accommodation accompanied by diamensioned sketches indicating therein the location of the several classes in the new school or the proposed additional form~~x~~ or classes in the existing school. (Rule 20 to 22 M.E.R)	There is accommodation sufficient for the present strength and the management will be putting up additional building. The site is very good.
d) Details of the staff proposed to be employed in the new school or for additional form or class.	Headmaster 1 L.T.Assistants 2 Secondary grade Assts. 3 Pandits. 2 (Malayalam, Sanskrit and Hindi) Drill Master 1 Drawing Master 1 Peon 1 Masalchi 1
e) Details regarding equipments, play ground facilities etc.,	There are sufficient equipments to meet the requirements of form I to IV. There is also a good playground.
f) Details regarding recurring and non-recurring cost of the proposal.	**Recurring** Staff. Rs.8525. Contingencies. 1475 Total. 10,000 **Non-recurring.** Additional accommodation. Rs.55,000 Equipments. 10,000 65,000
g) A brief survey of the financial position of the local body indicating the closing balance (net surplus or deficit) under general accounts - ordinary for the previous financial year and h) Such other particulars the educational authorities might require.	The budget of the general accounts 1949-50 was expected to open with a ~~balancexofxRsx~~ surplus of Rs.8,50,750 and close with a balance of Rs.4,63,780. But the revised estimate for 1949-50 actually opened with a surplus of Rs.9,86,910. After making provisions to meet the requirements in all branches administration according to availability of funds the revised estimate for 1949-50 and the budget estimate for 1950-51 close with a surplus of Rs.3,51,630 and Rs.73,890 respectively against the prescribed minimum balance of Rs.62,060 and Rs.60,550 respectively. 4. District Board Resolution No.141 dated 20th December 1949 referring the following to its budget committee.

Proposals to take over the management of the aided secondary school, Pathiripala (with forms I to IV) with effect from the beginning of the next school year i.e.from June 1950).

(Note:- Representations came from the correspondent of Pathiripala High School to take over the management of the school with all the existing assets of the school. There is accommodation, equipments and furniture for over 200 pupils. There is a wide expanse of 10 acres of land with a well at the disposal of the school. Besides the school has got endowment of Rs.10,000 invested in National Savings Certificates. Director of Public Instruction, Madras, who was consulted in the matter is of opinion that the district board may consider the question of taking over the management of the school if the management is prepared to contribute substantially towards the non-recurring expenditure. The management has accordingly been requested to make necessary arrangements to contribute a substantial amount towards the non-recurring expenditure.

How much?

Under the existing system of aid, the district board is entitled to get only one half of the net cost. The probable recurring and non-recurring expenditure is estimate at Rs.10,000 and Rs.55,000 respectively.

Resolved to take over the management of the aided secondary school, Pathiripala (with forms I to IV) with effect from the beginning of the next school year, i.e.from June 1950 provided the management would legally convey to the district board all the assets of the school (the site with the building thereon, playground, equipments, furniture etc.,) and the endowment of Rs.10,000 invested in National Savings Certificate after clearing off all the outstanding liabilities and after meeting the cost of legally conveying the assets. They should further carry out the following improvements:-

i)to change the roofing of the four buildings of the school so as to make them completely permanent.
ii)to provide two additional class rooms before the reopening in June 1950.
iii)and to construct a new block of two rooms before the reopening ~~of~~ i June 1951.

Form V will be opened in June 1950, if the above conditions are satisfied.

2. As regards your enquiry as to whether the district board would be willing to agree to take over the school subject to the conditions proposed by the management of Pathiripala High School, I wish to point out that the district board is willing to absorb the qualified members of the teaching staff only as new entrants without claim for seniority. Unqualified teachers and the members on the non-teaching staff will be absorbed if and when vacancies arise after the transfer of management is actually effected. As regards the salary of the members of the teaching staff, the Headmaster is given more than the maximum of the L.T.assistants' scale of pay. The scale of pay of the Headmaster of a secondary school with Form IV as the highest class is only 75--5--145 whereas the Headmaster of Pathirpala High School is given Rs.150. His pay has to be reasonably refixed including that of the other members of the staff as pay is the criterion for fixing the seniority of the staff. By the opening of Vth form, one of the Headmasters under the board, or a probationer in the post of Headmaster under the board or one from the panel of names for appointment as headmasters will be appointed as headmaster.

EDUCATION DEPARTMENT

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

R.C. 450 G2/50 dated 19-5-50.

Sub:- Education- Secondary- Aided High School- Path[illegible] Transfer of management to the Malabar District Board.

p1 ante Ref:- Letter reference A.3-55321/49 dated 3-2-1950 and 9-4-50 of the President District Board, Malabar addressed to the Director. p4 ante

----

20

Submitted.

p3 ante 2. In its resolution dated 28-1-1950 the District Board has agreed to take over the management of the school in question. The p8 ante Managing body of the Aided High School Society also has passed resolution on 19-3-50 agreeing to transfer the management of the school to the District Board subject to certain conditions.

Conditions 4 and 7 on p8 ante 3. The Managing body resolved, besides other conditions that the Society would clear off all outstanding liabilities including pay and allowances of the staff till the date of transfer and that all grants due from Government till the date of transfers shall be received by the Correspondent of the school Sri. N.P. Durgadathan Namboodri himself. This is acceptable.

Condition 6 on p8 ante 4. Regarding staff, the Managing body request the Board to continue as per the list furnished, in Board Service, with the assumption of the management of the school by the Board, all employees of the para 2 on p4 ante school-teachers and others. But the President District Board states that only the qualified members of the teaching staff will be taken as new entrants without claim for seniority and that unqualified teachers and members of the non-teaching staff will be absorbed if and when vacancies arise after the transfer of management is effected. I request that Government may pass such orders they deem fit in the matter.

para 2 on p4 ante 5. Regarding the Headmaster of the school, the President District Board states that he should be taken over only as an L.T. Assistant since the school is having only upto Form IV and his pay which is now Rs.150/- should be refixed reasonably since it is more than the maximum of the L.T. assistant's scale of pay. But it is p29 ante seen from the statement of staff that he is aged now 58 years (he had 3 years Government Service in Cochin Education Department; and has been working as Headmaster of this school from 1-6-1949) Since he is over-aged he cannot be taken over to District Board Service along with the school. He can be continued in Board's Service only Ⓑ as an L.T. assistant, his retention being regulated with reference to G.O. 629 Education dated 28-2-1950 regarding re-employment of superannuated teachers.

6. Subject to the above, I recommend that the proposal may be approved.

I may also add that action is being taken separately in regard to the grant of permission to open Form V in the school during 1950-51.

(para 2 on p.4 c.f.) In the present case, the P.D.B has stated that only qualified members of the teaching staff will be taken as new entrants without any claim for seniority and that unqualified members of the teaching staff and members of the non-teaching staff will be absorbed if and when vacancies arise after the transfer of management is effected. It is observed from the establishment list on p.29 c.f. that the members of the staff have put in only very short service in the school. ~~Besides~~ and the acceptance of the ~~It is submitted that~~ ~~orders have been obtained in circulation that the~~ condition proposed by the Dt Bd will not cause much hardship to the staff to be absorbed in the Dt Bd service

5. The expenditure on the staff and contingencies has been estimated at Rs 10,000/ per annum. But particulars of fee income etc. has not been furnished and so it is not possible to assess the extra cost to the Dt. Bd. on account of the transfer of management of the school accurately. It may ~~however~~ be taken ~~be safely estimated~~ that the recurring liability to the Dt. Bd. will be about Rs 4,000/- after ~~taking into account~~ allowing for teaching grant on half the net cost basis. It is seen from the particulars on p2cf, that the Dt. Bd will be in a position to meet this expenditure. The file may be sent to L.A and Finance for remarks if any, prior to circulation.

SECRETARIAT, MADRAS

The Malabar DB's B.E for 1950-51 contains provision for the opening of three high schools newly at Manantoddy, Pathiripala and Wandoor. It is being separately proposed by Education Deptt to approve the DB's proposal to take over the management of the high school

EA

at Wandoor in spite of the highly unsatisfactory finances of the DB: its B.E for 1950-51 is expected to close with a deficit of Rs 1,43,650 against the minimum balance of Rs 57,659 and its ordinary receipts fall short of its ordinary expenditure by Rs ~~57,659~~ 1,16,940. (The extra expenditure on account of the three new High Schools has been taken into account in arriving at the above figures). In spite of the unsatisfactory financial position, it has been decided to permit the DB to take over the management of the Wandoor school as its managing authority expressed its inability to run the school. But in the case of Pathiripala High School, ~~the~~ its Management has not expressed such an inability. The school contains classes up to IV th form & it is proposed to open the V th form in the current academic year. The extra expenditure to the DB is thus likely to increase in future years and increase the DB's revenue deficit. In the circumstances, it is for consideration whether this Deptt may oppose the proposal to permit the Malabar DB to take over the management of Pathiripala High School.

The file may be forwarded to Finance.

2. L.A. Deptt. have pointed out that the financial position of the Dt Bd. is not satisfactory and that therefore it will not be advisable to increase its recurring commitments. They have also pointed out that the Dt. Bd. has already been permitted to take over the management of the High School at Wandoor as the previous management had definitely stated that it would not be possible for it to continue the school. In view of the additional recurring liability already undertaken by the Dt. Bd. L.A. do not approve of the proposal. Finance have also agreed with the views of L.A. In the circumstances it is for consideration whether the views of L.A. may be concurred in and the P.D.B, Malabar informed that the proposal to take over the management of the aided High School at Pathiripala ~~will not be~~ should be ~~approved~~ deferred till the financial position of the Dt Bd improves.

It is a clear violation of Business Rules to have issued the G.O. without circulation to HM (Fin) and HM (L.A). At least the concurrence of the two depts should have been sought before issue. Irregularities like this may ~~produce or~~ throw the Secretariat machine out of gear, because the Secy to the Govt. will gradually tend to become Secy to the Hon minister concerned.

The Reasons for the issue of the order urgently without circulation to HM (Fin) were

(1) that HM (Edn) had ordered that sanction for the transfer should be given immediately, — minute at p 4 ante.

(2) that HM (Fin) had ~~been~~ gone on tour, and

(3) that after all, from the ~~finance~~ Govt of point of view, the proposal involved less cost ~~to Govt~~ as only a grant of one-half of the net cost would become payable to the DLB? after the transfer instead of the two-thirds grant to the private management. — The transfer of another School to the Dt Bd in the current year had already been approved of Govt.
