[DESPATCH ABSTRACT]

Sub: Loan. Corporation of Madras Acquisition of Sites and Construction of Elementary School. - Buildings Application. Published.

G. D. III—370
2,000—F.S. 1948

From

Sri Rao Sahib C. NARASIMHAM, M.A.,B.L.,
Commissioner,
Corporation of Madras.

Registered 13034 194

To

THE SECRETARY TO GOVERNMENT,
Education & Pub. Health Department,
FORT ST. GEORGE, MADRAS.

Thro' The Director of Public Instruction,
Madras.

E.D.C. No.B.1. 1706 of 1949, Dated 12-7-49. Through the Mayor of Madras.

Enclosures: 3 No.

RC 932 B1/49.

Sir,

Subject:— **LOANS** - 1949-50 - and 1950-51 - Corporation of Madras Secondary and Elementary Schools - Sanction requested.

1 I enclose herewith three loan applications in the prescribed form, two for Elementary schools and another for Secondary Schools for Rs.2,78,570, Rs.11,48,600 and Rs.2,32,000 respectively for the construction of school buildings and acquisition of sites for school purposes.

2 While reviewing the Administration Report of the Corporation of Madras for the year 1946-47, Government observed in paragraph 3 of the G.O. M.S.No.1539 L.A.D. dated 10-8-49 that the Corporation should draw up a building programme stretching over a period of 5 years so that it might have all its schools in suitable and spacious buildings and thus avoid a large expenditure on rents. The Corporation is anxious to do so and has already drawn up a scheme for the acquisition of suitable buildings and sites and fof the construction of buildings on the sites already acquired by it. The problem is not one of want of a scheme but of want of finance. The scheme can be pushed through only with the help of Government loans.

3 With the help of the loans sanctioned by the Government in the years 1946-47 and 1947-48, the Corporation has already completed in 1948-49 the construction of four major buildings and 8 smaller buildings to house schools, which were previously located in rented buildings. More works could not be taken up for want of funds.

4 With regard to the Corporation's Loan Application for Rs.10.0 lakhs in 1949-50 for educational purposes, in their memorandum No. 67575 A-46-4C1 Ed., dated 10-11-48, Government directed the submission of a revised application. Accordingly a revised application for a

loan of Rs.4,81,700 was submitted in this office letter C.A.D.C.No.B.2-1043/48 dated 16-11-48. Unfortunately Government refused to sanction the loan in their G.O.M.S.No.72 Education dated 8-1-49 on the ground that the scheme is not urgent.

5 Works in respect of items 1 to 4 of Appendix I to this letter have already been taken up and completed in view of their urgency by a temporary diversion of loan funds sanctioned in the previous years in anticipation of recouping those amounts from the loans expected from Government in 1949-50. The expenditure in respect of items 5 to 7 has already been incurred by temporary diversion of loan balances. The works relating to items 8 to 12 have also been taken up and are in progress.

6 In view of these, I request that Government may be pleased to reconsider their previous orders and provide atleast in their Supplemental Budget for 1949-50 a loan of Rs.2,78,570/- to meet the cost of 12 items which have been already undertaken in anticipation of the grant of loan.

7 With regard to item No.1 in Appendix II plans and estimates for the construction of school buildings on the following acquired sites have already been sanctioned and the works will be taken up as soon as loan funds are available.

		Rs.
1.	R.S. No. 3632/2 of Tondiarpet in Thandavaroya Gramani Street. ..	62,400/-
2.	" 1049 to 1053 of G.T. in Seven Wells St., ..	57,500/-
3.	" 1334 of Triplicane. ..	57,000/-
4.	Land Land adjoining Corporation Boys' School, Vannia Teynampet ..	51,400/-
5.	R.S. No. 2204 and 2205 of Purasawalkam ..	53,700/-
6.	R.S. No. 555 of Tondiarpet in Arathoon Road ..	80,500/-
	Total Rs.	3,62,500/-

The buildings in which the schools (for which these sites are acquired) are at present located are not suitable. The earlier they are re-modelled and made suitable, the better will be the health and education of the

hundreds of children involved. The buildings in R.S. No.1049 to 1053 of G.T. Seven Wells and R.S. No.1334 of Triplicane are owned by the Corporation, but are in a very dilapidated condition and postponement of their demolition and reconstruction is not at all desirable. It is highly desirable that they are given the highest priority. With regard to items 2 and 3 Viz., acquisition of sites and buildings, acquisition proceedings are already in progress and valuation statement are expected shortly from the Collector when the Corporation will have to pay the cost of acquisition. With reference to item 4 in Appendix II, I have to state that Corporation Girls' school, Chetput, is very much over crowded and handicapped for want of an adequate and suitable building. There is no possibility either of persuading the present owner to provide additional accommodation or going in for a better and more suitable rented building. Hence it is proposed to purchase this property and put up additional accommodation in this extensive open site.

8 The other schemes specified in Appendix II are also necessary and urgent. I, therefore, request that Government may be pleased to make suitable provision for this loan in their Civil Budget for 1950-51.

9 The items specified in Appendix III relate to the general funds. Loans for items 1 and 2 were included in the loan requirements for 1949-50 itself. As the loan was not sanctioned, it is requested that provision may kindly be made at least in the Budget for 1950-51. Item 3 is also an urgent one, which cannot be postponed. Hence I request that provision for this may also be made in the Civil Budget for 1950-51.

Forwarded

C,

Loans - 1950-51 - Corporation of Madras - Requirements of elementary Schools.

From the CEM E.D.C No. B.1. 1706/49 dated 12-7-49
Memo No. 60363-C1/49-2 Edu dated 15/10/49

The CEM is informed that with present financial position of the Province expenditure should be incurred only on schemes which are immediately and imperatively essential. As a matter of policy it is proposed to defer building schemes as far as possible

The Commissioner is therefore requested to say whether the schemes mentioned in Appendix II to his letter read above will satisfy the above Criteria and if so to give full justification for each item.

He is also informed that scheme for which plans and estimates have not been sanctioned

by the competent authority should not be included. He is requested to submit a revised application in the prescribed form for the absolutely essential requirements. The number of annual instalments in which the loan required for will be repaid should also be stated

E.D.C. No.B.1.1706/ of 1949, Dated 28-10-49.

Through the Mayor of Madras.

Enclosures: 2 No.

Sir,

Subject:— Loans - 1950-51 - Corporation of Madras - Requirements of Elementary Schools.

Ref: Government Memorandum No.60363-C1/49-2 Edn., dated 15-10-1949.

With reference to the Government memorandum cited, I submit herewith a revised application in the prescribed form for a loan of Rs.8,29,500/- only for the urgent schemes mentioned in Appendix II to my letter E.D.C.No.B1.1706/49 dated 12-7-49. The schemes mentioned in the enclosed revised list are immediately and imperatively essential. The plans and estimates in respect of the schemes contained in the revised list have already been sanctioned by the competent authority. Any delay in the execution of these works will be against public interest. The urgency for granting loans for each one of the items specified in the revised list is explained below:-

Item No.1: Construction of school buildings on six of the acquired sites:-

These sites have already been acquired and buildings have to be put up on them.

Sites.	Estimated cost of building. Rs.
1. R.S.No.3632/2 of Tondiarpet in Thandavaroya Grammy Street.	62,400
2. R.S.No.1049 to 1053 of G.T. in Seven Wells street.	57,500
3. R.S.No.1334 of Triplicane	57,000
4. R.S.No.2204 and 2205 of Purasawalkam in Demellows Road	53,700
5. R.S.No.555 of Tondiarpet in Arathoon Road	80,500
6. Land adjoining Corporation Boys' school, Vanniya Teynampet.	51,400
	Rs. 3,62,500

Construction of buildings on all these sites is an urgent

necessity. The schools for which these sites were acquired, are at present located in buildings which are neither adequate nor suitable. In the interest of the health and education of the several hundreds of children studying in these schools, it is not desirable to put off any longer the construction of new buildings suitable for school purposes on these sites. The buildings, for instance, on R.S.Nos.1049 to 1053 of G.T. Seven Wells and R.S.No.1334 of Triplicane, are in a bad condition and any further postponement of their demolition and reconstruction is likely to be risky.

Item No.2: Acquisition of sites and buildings accommodating the present Corporation Girls' school, Kandappa Mudali High Road, Corporation Girls' school and Corporation Muslim Girls' school, Korukkupet, Corporation Girls' school, Thayar Sahib Street and Corporation Muslim Girls' school, Chepauk.

In view of the urgency of the matter of acquiring these buildings and sites, and of remodelling them to suit the school purposes, the Collector of Madras, has already been addressed after necessary sanction of the plans and estimates by the Council to take acquisition proceedings in respect of all of them. The acquisition proceedings are in progress and as the cost of acquisition has to be paid by the Corporation immediately on receipt of the valuation statements, the need for sanctioning loans for these schemes is urgent.

Item No.3. Acquisition of R.S.No.174/2 of Chintadripet for Girls' school. Rs 47,000

The only Corporation Girls' school in Chintadripet with a strength of 609 pupils had lost even its previous rented accommodation consequent on the orders of eviction of the Chief Judge of the Court of Small Causes. The Girls' school was temporarily shifted to the premises of Corporation Boys' school, Chintadripet, and both the Boys' and the Girls' schools are being conducted in shifts for over one year with inconvenience to all concerned. In view of these, steps were taken to acquire R.S.No.174/2 of Chintadripet for a Girls' school. The acquisition proceedings are in progress and we have to be prepared to pay the cost of the moment the valuation statement is received. Hence the need for a loan for this item is also urgent.

Item No.4: Purchase of No.21 Mc Nichols Road, Chetput.

The Corporation Girls' School, Chetput, has a strength of 322 pupils, while the number of school places available is only 209. The strength is sure to improve if we can provide adequate accommodation. This school is very much overcrowded and handicapped for want of an adequate and suitable building. There is no possibility either of persuading the present owner to provide additional accommodation or going in for a better and more suitable rented building. Hence the purchase of this property and putting up additional accommodation in the extensive open site attached to the building was already sanctioned by the Council and any further postponement of this may not be in the public interest.

Item No.5: Construction of a new building to accommodate Corporation Girls' school, Mannarswami Koil Street.

This school has a strength of 198 pupils while the number of school places available is only 54. Accommodation is already very inadequate. This is a thickly populated and poor area and hence there is a great rush for admission into this Corporation school but it is physically impossible to cope up with it as we have already admitted nearly 4 times the number permissible. The children's health and efficiency suffer. In spite of prolonged and strenuous efforts neither additional accommodation nor an alternative accommodation with sufficient space could be secured. This unfortunate situation cannot be allowed to continue. The only solution to this problem is the construction of a suitable and adequate building of our own. As the Corporation's own land is readily available and as the hardship due to cramping of the children in small rooms is very great this has to be given the highest priority and constructed at a very early date.

Item No.6: Construction of first floor to Corporation Boys' school, Kondithope.

This school is also in a thickly populated and poor

locality and is badly in need of additional accommodation as may be noted from the following particulars:-

(1) Strength of the school ... 326
(2) Number of school places ... 265

More than this, there is a great rush for admissions to the lower standards, which could be met with only if more accommodation can be provided. As the growing needs of the school have to be urgently met, a first floor to the existing building has to be constructed at an estimated cost of Rs.50,000/-. This work also cannot be put off.

<u>Item No. 7:</u> <u>Additional accommodation to Corporation Boys' school, Padavatamman Koil Street</u>.

There was a shed attached to this school. It was pulled down early in 1948-49 as it was in a dangerous condition and with a view to remodelling it to suit the school purposes. But the work could not be taken up for want of funds. As the school is greatly inconvenienced for want of adequate accommodation, the work has been taken up.

<u>Item No.8:</u> <u>Acquisition of land and building in R.S.No.626 of Nungambakkam in Kodambakkam High Road</u>.

The present Corporation Boys' school, Kodambakkam High Road is located at present in a rented building which is in a bad state of disrepair. The Engineer inspected it and advised me to abandon the building and construct a new one in a portion of the field abutting Kodambakkam High Road. In view of the Engineer's definite advice to abandon the existing building, acquisition of the proposed site is urgent.

It may be observed from the circumstances explained in the foregoing paragraphs that all the eight items specified in the revised list are schemes which are not only immediately and imperatively essential

essential
/but have also received the sanction of the competent authority. I request that the Government may be pleased to sanction a loan of Rs.8,29,500/- in the year 1950-51 for the execution of the schemes specified in the revised list. The loan, if sanctioned, will be repaid in 20 annual instalments from the Elementary Education Fund of the Corporation.

Part II Scheme for 1950-'51

Subject: Loan to the Corporation of Madras for the construction of Elementary School buildings

Summary

Head of account	Item of expenditure	Total amount of loan required - Non-Recurring Rs	Amount of loan required in 1950-'51 Non-Recurring Rs
(1)	(2)	(3)	(4)
Loans and advances bearing interest-(a)-Loans to Presidency Corporation, Port trusts and Other funds-1. Presidency Corporation (Madras)	(iii) Loans for educative purposes	~~3,25,570~~ 325,600	~~3,25,570.~~ 325600

Explanatory note

The Corporation of Madras has applied for a loan of Rs 3,25,570 for the acquisition of sites and construction of buildings for elementary schools under it. The schemes are detailed in the annexure. The loan is required for disbursement during 1950-'51 and should, therefore, be applied ordinarily to works ~~to be applied~~ to be executed by 1950-'51. Some of the works are however already under execution or have been completed already and the loan balances available with the Corporation have been diverted to meet the expenditure. The loan applied for will, therefore be necessary to recoup these temporary diversions. Though the financial position of the Corporation is not quite satisfactory, it is considered that with its growing income, the Corporation will not find it difficult to discharge its liabilities in this regard as there will be saving under rents paid. The Corporation is willing to repay the loan in 20 annual instalments from the Elementary Education fund ~~of the Corporation~~. This Dept. recommends that a provision of Rs 3,25,570 be made in the B.E. for 1950-'51 as shown in the summary.

E. DC. No. BI-1706/49 of 19 , Dated 28-10-49

Through the Mayor of Madras.

Enclosures:

Sir,

Subject :— Loans - 1950-51 - Corporation of Madras - Requirements of Elementary Schools.
Ref:- Govt. Memorandum No. 60363-CI/49-2 Edn., d/15-10-1949.

With reference to the Government Memorandum cited, I submit herewith a revised application in the prescribed form for a loan of Rs.8,29,500/- only for the urgent schemes mentioned in Appendix II to my letter E.D.C.NO.BI-1706/49 dated 12-7-49. The schemes mentioned in the enclosed revised list are immediately and imperatively essential. The plans and estimates in respect of the schemes contained in the revised list have already been sanctioned by the competent authority. Any delay in the execution of these works will be against public interest. The urgency for granting loans for each one of the items specified in ~~xxx~~ the revised list is explained below:

Item No.1: Construction of school buildings on six of the acquired sites:

These sites have already been acquired and buildings have ~~xx~~ to be put up on them.

Sites.	Estimated cost of buildings. Rs.
1. R.S.No.3632/2 of Tondiarpet in Thandavaroya Gramani Street.	62,400
2. R.S.No.1049 to 1053 of G.T. in Seven Wells Street.	57,500
3. R.S.No.1334 of Triplicane.	57,000
4. R.S.No.2204 and 2205 of Purasawalkam in Demellows Road.	53,700
5. R.S.No.555 of Tondiarpet in Arathoon Road.	80,500
6. Land adjoining Corporation Boys School, Vannia Teynampet.	51,400
Total.	3,62,500

Same as P28 ante

Construction of buildings on all these sites is an urgent necessity. The schools for which these sites were acquired, are at present located in buildings which are neigher adequate nor suitable. In the interest of the health and education of the several hundreds of children studying in these schools, it is not desirable to put off any longer the construction of new buildings suitable for school purposes on these sites. The buildings, for instance, on R.S.Nos.1049 to 1053 of G.T.,Seven Wells and R.S.No.1334 of Triplicane, are in a bad condition and any further postponement of their demolition and reconstruction is likely to be risky.

Item No.2: Acquisition of sites and buildings accommodating the present C.G.S.KandappaMudali High Road, C.G.S. & C.M.G.S.Korukupet, C.G.S.Thayar Sahib Street and C.M.B.S.Chepauk:-

In view of the urgency of the matter of acquiring these buildings and sites, and of remodelling them to suit the school purposes, the Collector of Madras, has already been addressed after necessary sanction of the plans and estimates by the Council to take acquisition proceedings in respect of all of them. The acquisition proceedings are in progress and as the cost of acquisition has to be paid by the Corporation immediately on receipt of the valuation statements, the need for sanctioning loans for these schemes is urgent.

Item No.3: Acquisition of R.S.No.174/2 of Chintadripet for girlsschool.

The only Corporation Girls School in Chintadripet with a strength of 609 pupils had lost even its previous rented accommodation consequent on the orders of eviction of the Chief Judge of the Court of Small Causes. The Girls school was temporarily shifted to the premises of C.B.S.Chintadripet and both the Boys'and the Girls' schools are being conducted in shifts for over one year with inconvenience to all concerned.

41

Same as P26 ante

In view of these, steps were taken to acquire R.S,No.174/2 of Chintadripet for a Girls school. The acquisition proceedin are in progress and we have to be prepared to pay the cost the moment the valuation statement is received. Hence the need for a loan for this item is also urgent.

Item No.4: Purchase of No.21 McNicholas Road,Chetput.

The Corporation Girls' school, Chetput, has a strength of 322 pupils, while the No.of school places available is only 209. The strength is sure to improve if we can provide adequate accommodation. This school is very much overcrowded and handicapped for want of an adequate and suitable building. There is no possibility either of persuading the present owner to provide additional accommodation or going in for a better and more suitable rented building. Hence the purchase of this property and putting up additional accommodation in the extensive open site attached to the building was already sanctioned by the Council and any further postponement of this may not be in the public interest.

27

Item No.5: Construction of a new building to accommodate C.G.S.Mannarsawmy Koil street.

This school has a strength of 198 pupils while the No.of school places available is only 54. Accommodation is already very inadequate. This is a thickly populated and poor area and hence there is a great rush for admission into this Corporation school but it is physically impossible to cope up with it as we have already admitted nearly 4 times the number permissable. The children's health and efficiency suffer. In spite of prolonged and strenuous efforts neither additional accommodation nor an alternative accommodation with sufficient space could be secured. This unfortunate situation cannot be allowed to continue. The only solution to this problem is the construction of a suitable and adequate building of our own. As the Corporation's own land is readily available and as the

hardship

hardship due to cramping of the children in small rooms is very great this has to be given the highest priority and constructed at a very early date.

Item No.6 - Construction of first floor to C.B.S.Kondithope.

This school is also in a thickly populated and poor locality and is badly in need of additional accommodation as may be noted from the following particulars:-

(1) Strength of the school 326
(2) No.of school places 265

More than this, there is a great rush for admissions to the lower standards, which could be met with only if more accommodation can be provided. As the growing needs of the school have to be urgently met, a first floor to the existing building has to be constructed at an estimated cost of Rs.50,000/-. This work also cannot be put off.

Item No.7: Additional accommodation to C.B.S. Padavattammen Koil street

There was a shed attached to this school. It was pulled down early in 1948-49 as it was in a dangerous condition and with a view to remodelling it to suit the school purposes. But the work could not be taken up for want of ~~adequate~~ funds. As the school is greatly inconvenienced for want of adequate accommodation, the work has been taken up.

Item No.8: Acquisition of land and building in R.S.No.626 of Nungambakkam in Kodambakkam High Rd.

The present C.B.S.Kodambakkam High Road is located at present in a rented building which is in a bad state of disrepair. The Engineer inspected it and advised me to abandon the building and a construct a new one in a portion of the field abutting Kodambakkam High Road. In view of the Engineer's definite advice to abandon the existing building, acquisition of the proposed site is urgent.

It may be observed from the circumstances explained in the foregoing paragraphs that all the eight items specified in the revised list are schemes which are not only immediately and imperatively essential, but have also received the sanction of the competent authority. I request that the Government may be pleased to sanction a loan of Rs.8,29,500/- in the year 1950-51 for the execution of the schemes specified in the revised list. The loan, if sanctioned, will be repaid in 20 annual instalments from the Elementary Education Fund of the Corporation.

Loan – Corporation of Madras – Requirements of Secondary and elementary schools.

PP 1-15 CF — From the Commissioner, Corporation of Madras E.D.C. No. B.1:1706 dated 12-7-49

P 17 CF — From the D.P.I. No 932 B1/49 dated 3-8-49

PP 5-15 CF — The D.P.I has forwarded to Govt. three loan applications from the Corporation of Madras for Rs 16,59,170 for the construction of school buildings and acquisition of sites for school purposes. It will be seen from the Commissioner's letter that some of the schemes will be taken up on receipt of loan from the Govt. and that some of them have already been taken up and are in progress and some have already been completed and that a temporary diversion of loan balances of the Corporation has also been made to meet the expenditure on some of these works in anticipation of the loan from Govt.

Similar applications for loans made by the Corporation were rejected in G.O.No. 72 Edn dated 8-1-49 as the schemes were considered to be not urgent. Hence some of the schemes for which application was made last year were included this year also.

The file may first be sent to L.A. and Finance Dept. for remarks.

Pre urgency of the proposal may be considered with reference to facts

① the utter inadequacy and unsatisfactory nature of the present accomodation

② the increase in admission, which

government are pursuing as a definite policy. If will be necessary to increase the strength of schools, if there are no buildings to accommodate it. If the question is of economy, then the policy itself should be revised, so that impossible conditions may not arise

③ The necessity for gradual execution of the plan. If on grounds of finance, the proposals are deferred, the arrears will become both relatively and absolutely, so that their liquidation will be an impossible problem for finance

L.A Dept. B

The notes of E&P.H. Dept. may be perused. If the execution of the scheme is considered urgent & essential, this Dept. need not object to it. The financial position of the Corpn. is, however, ~~very~~ unsatisfactory. Its B.E for 1949-50 is expected to close with a large Deficit. But the ability of the Corpn. to repay the loans advanced to it need not be doubted as, under the M.C.H. Act, 1919, repayment of Govt. loans is a first charge on its revenues. With ~~it~~ its growing income, the Corpn. will not find it difficult to discharge its liabilities

Finance (B.E.I)

Part II Scheme for 1950-51

Sub: Loans and Advances - Corporation of Madras - Rs 16,59,170 for construction of school buildings and acquisition of sites for school purposes.

--

38

The Commissioner, Corporation of Madras, has applied for a loan of Rs 16,59,170 for the construction of school buildings and acquisition of house sites for school purposes. The details of the scheme are contained in Appendices I, II and III in the C.F.

pp 7, 11, & 15 cf

In connection with the B.E. for 1949-50, the Corporation submitted a loan application for Rs 10 lakhs for educational purposes and it was not sanctioned on the ground that the schemes ~~is~~ were not urgent - cf. H.M.(Fin.)'s minutes on p.11 of G.O. 72 Edn. dated 8-1-49. It will, ~~however~~ be observed from the details of the present loan application that the Corporation has included some of the schemes for which a loan application was made last year.

Ⓟ

cf para 9 and 3 cf

It is stated that some of the works specified in Appendix I (page 7 cf) have already been taken up and completed by a temporary diversion of loan funds, while ~~and/some~~ others have been taken up, and are in progress. The works specified in Appendix II and III have not yet been taken up pending sanction of the loan. The Commission

para 5 and 2 cf

pp 11 & 15 cf

has not indicated in how many years the loan is to be repaid. If the loan is to be repaid in a period of 20 years, the annuity on the loan at ~~the~~ a rate of 3¼% interest will work~~s~~ out to Rs ~~1,14,1??~~ 1.14 lakhs per annum. The L.A. Dept. have pointed out that the financial position of the Corporation is unsatisfactory, as the B.E. for 1949-50 is expected to close with a large deficit.

pp 2-3 above.

2. It is submitted that the present policy of the Govt. is to defer expensive building schemes, unless they can be considered 'immediate and essential'. Further, the Govt. have recently decided that even in respect of works already sanctioned which do not form part of post-war Development or Grow More Food schemes eligible for grant from the Govt. of India and in respect of which much progress has not been made, steps should be taken to postpone them or to slow down their progress. It will therefore be not consistent with the present policy of the Govt. if loans are sanctioned to local bodies for the construction of new buildings or acquisition of sites for building purposes. Moreover, the ability of this Govt. to borrow for capital expenditure as well as for giving loans to local bodies next year is likely to be very limited. It is therefore, necessary to restrict Part II Schemes for loans to essential ones. As the financial position of the Corporation is unsatisfactory and as the schemes for which the Corporation have applied for loans cannot be considered urgent, Finance may advise against the proposal. If E.&.P.H. wish to press, they may be requested to take orders in circulation including H.M.(Finance).

Yes, subject to the remarks below.
[initials] 7.10.49

[initials] 6/10/49 Loan requirement for works mentioned in Appendix I – p. 7 c7 – Rs 2.79 lakhs. The works have already been completed or are in progress; the required amount being found by temporary diversion of loan funds sanctioned in previous years. The Commissioner has asked for a loan of Rs 2,78,570 in the current year to make good the diversion.

p. 2 c7.

~~It may not be possible to sanction the loan in the current year, as the Govt of India are not giving any loans to the Govt, according to their latest decision.~~
~~This may ∴ be taken up for consideration as a Part II scheme for 1950-51 and allowed to take its chance with respect to the limited funds that may be available for giving loans to local bodies etc in that year.~~

[initials] 7.10.49

~~Loan requirements for works mentioned in App. II – page 11 c7 – Rs 11.49 lakhs.~~
~~Plans & estimates have been sanctioned only for the first item, while in respect of items 2 & 3 relating to acquisition of sites for buildings, it is stated that acquisition proceedings are already in progress. The other items are not now ripe for consideration as a Part II scheme at all – para 57 of the Budget Manual. Even in regard to the first item (involving Rs 3.63 lakhs) which may be considered now, the schemes may be considered to be only desirable and not immediately and imperatively essential and they may be deferred, [illegible] financial position of the Corporation as well as this Govt. As regards the acquisition proceedings which are in progress – items 2 + 3 involving Rs 2.47 lakhs – it cannot [illegible] to be made, and in any case, the Corporation may find this small amount for the present by other means [illegible] for a loan in the course of next year [illegible]~~

The remarks of L.A. and Finance depts pp2-5 ante may be read. Though the B.E for 1949-'50 of the Corporation is expected to close with a large deficit L.A. dept consider that the Corporation will not find it difficult to discharge its liabilities in this regard as there will be saving under the rents paid. P 3 ante

Finance dept. consider that the schemes referred to in the Appendix I may be taken up for consideration as a Part II scheme for 1950-51 and allowed to take their chance with reference to the limited funds that may be available for giving loans to local bodies etc. P 7 cf, P 5 ante

As regards the schemes in the Appendix II, Finance dept consider that items 4-18 are not ripe for consideration as a Part II scheme for 1950-'51 and that even in respect of item 1 it is only a desirable one and not an immediately and imperatively an essential one. P 11 cf, P 5 ante

As regards items 2 and 3 they ~~consider~~ suggest that an application may be made during the next year as it cannot be stated ~~when~~ definitely when payment has to be made. They ~~do not~~ also consider that the schemes in Appendix III are ~~also~~ not immediately and imperatively essential and suggest that the schemes may be deferred. P 15 cf, P 5 ante

The proposal of Finance for treating schemes in Appendix I ~~as~~ ~~may be as~~ as a Part II scheme for 1950-'51 may be accepted.

As regards the schemes in Appendix II ~~and III~~, the Commissioner, Corporation of Madras may perhaps be asked to send revised proposals in respect of schemes which are immediately and imperatively essential. He may also be asked to state in how many instalments the loan can be repaid to Govt.

L.A. Dept - B

The financial position of the Corpn is unsatisfactory. Its B.E for 1949-50 works at a deficit of Rs 13.4 lakhs. It is therefore not desirable to allow the Corpn to launch on a large scale

8 BEI

building programme with loan funds provided by Govt. Further in view of the present financial stringency, Govt. themselves will not be able to finance the loan requirements of the local bodies. This Deptt. may therefore advise that the schemes listed on p30 C.F. may be deferred for the present. With these remarks the file may be passed on to Fin U.O.

12/11/49

12/11/49

Owing to the present inflated cost of land and construction, it is advisable to postpone the schemes. However, the scheme mentioned at A on p 25 CF is really essential for the reasons stated therein. The proposal for providing for a loan of Rs 47,000 for this† scheme may go forward. Other schemes mentioned at p 30 CF may await better times.

† This is in addn to provision which will be made for the schemes at p 7 CF (Rs 2,78,570)

ɸ This is urgent. — See A on p.25 C?

This Dept. have already agreed to treat as a Part II scheme for 1950-51 the loan requirements of the Corporation of Madras to the extent of Rs 2.79 lakhs in respect of the items specified in Appendix I on p.7 C.F.

As regards the schemes specified in Appendix II, the E.&.P.H. Dept. have obtained a revised list of schemes ~~from the Corporation of Madras~~ which are immediately and imperatively essential. L.A. consider that excepting for a loan of Rs 47,000 for ɸ the acquisition of land for the Chintadripet Girls' school, all other schemes may await better times. Finan[illegible] may agree. The total provision required for loans to the Madras Corporation will then be Rs 3.26 lakhs, to be considered under Part II of the Budget for 1950-51. E.&.P.H. may be requested to take orders in circulation including H.M. (Fin.) before preparing the necessary Part II scheme note.

The remarks of L.A and Finance may be perused.

Finance have already agreed to the schemes on p 7 CF being considered in connection with the Part II schemes for 1950-'51. The loan required by the Corporation for these schemes is Rs 2,78,570.

Of the revised list of schemes submitted by the Commissioner, Corporation of Madras, L.A. deptt consider that excepting for a loan of Rs 47,000 for the acquisition of land for the Chintadripet Girls' School, all other scheme may await better times. Finance have also agreed. Thus the total loan proposed to be given to ~~required by~~ the Corporation works out to

Rs 3, 25, 570.
