Extract from the note file of Ct.No.7870/49 - the file relating to the sanction of equipment grant to the Madras Institute of Technology, Chromepet:--

----

Please see the decision of the Cabinet on p.169 c.f. It is presumed that the intention is that orders sanctioning the payment of the grant should issue immediately, that the A.G. should be authorised to place the amount at the disposal of the Institute now and that the conditions subject to which the grant is sanctioned should be laid down separately, after the issue of orders sanctioning the payment of the grant. Subject to orders, the draft order below is for approval. (Finance have already included this expenditure in the note for supplementary demand to be presented to the Legislature on 25.3.1950.) Finance may see the draft order, before circulation. They may say whether they have any objection to the budget head of debit suggested in the draft. It may perhaps be a separate item under that head, namely, "Grant to the Madras Institute of Technology".

Fin.(Exp.A)

(Previous Finance note on p.41 ~~above~~ (A)). The proceedings of the Cabinet on p.169 c.f., the Education Deptt's note (on p.p.43-44) above and the draft order may be perused. The head of account mentioned in the note for supplementary grant is "37-Edn. University-e-Grants to Non-Govt. Professional Colleges" and the same may be adopted in the draft order also.

Education propose to lay down the conditions of the grant separately, after the issue of orders. Finance may agree.

Pl. see below.

Sd..
KK.

A

Ordinarily the draft order should also include the conditions under which the grant is sanctioned. As there is no time to settle the conditions before sanctioning the payment of the grant in the current year itself, this Deptt. may agree to the conditions being laid down separately. But it seems that the management of the Institute should be told not to incur any expenditure from the grant until the conditions to be laid down are accepted by it and that in case they do not accept them, they should be prepared to refund the grant. It also seems necessary to ask them to give an undertaking

2

~~x~~ing to this effect before drawing the grant. Education may be requested to amplify para.3 of the draft order accordingly. H.M.(Fin) also should see the draft order as modified and before it is issued.

(This Deptt.note on p.p.43-44 ante and Fin.note on pp.44-45 may be perused). Necessary additions and alterations have since been made to the draft order as suggested by Fin.

ow p1 ante

1-2 ante

A in the Fin.note above - It does not appear to be necessary to communicate the conditions of the grant to the Institute for its prior acceptance of them. This would mean some avoidable correspondence over the conditions. It seems to be enough to state in the order that the grant will be subject to the conditions which will be communicated separately and it should be refunded if they are not fulfilled.

PP45-46 ny of (A)

P191 98 (A) (Issued as Letter Ref.No.7870-F/49-22 Edn., dated 27.3.50.)

" 192 " " (Issued as Letter " " " 23-Edn., dated 27.3.50).

P.T.O.

As regards the conditions for the grant for the Madras Institute of Technology, the previous Secretary suggested the following:--

P26 of (A)

(1) the Institution agrees to submit the syllabus to us and to the University in due course for recognition of the courses of study;

(2) the management of the Committee contains a sufficient representation of Government which may be the Minister for Public Works and the Minister for Industries. It may be mentioned that the present Minister for Public Works is already a Member of the Council of Management. In addition, the Director of Industries, the Director of Public Instruction and the Chief Engineer to Govt. may be ex-officio members of the Council of Management. This would assure that the grant which Govt. is making is spent according to ~~the~~ a proper policy of development.

(3) that subject to exceptions which may be required in order to attract donations, the policy for admission to the Institution should conform to the general policy of Government in this matter.

2. These conditions were already embodied in the Note for the Cabinet, on the subject. But the Council of Ministers when they decided to make a grant of Rs.5 lakhs to the management of the Institute did not pass any orders on the above conditions, but merely ordered that "the grant should be subject to suitable conditions and that these conditions will be ~~ordered~~ considered separately" ~~well in time before the end of the financial year so that the grant may be drawn before the 1st April 1950."~~

K on p114 of of (A)
P169 of (A)

—do—

Re. Condition (1) above. - Please see in this connection paragraph 24 (2) on p.153 c.f. of G.O.No.951 Edn., dated 22.3.50 containing the report of the Expert Committee appointed by the Govt. to look into the conditions of the Institute. That commitee has held the view that the syllabuses in different subjects drawn up by the institute have been generally looked through and found to be satisfactory. ~~This condition~~ It may therefore be ~~deemed to have been fulfilled by the Institute~~

(A)

P.T.O.

---

held that the syllabuses ~~[illegible]~~ have the approval by the Govt. As regards the approval of the syllabuses ~~s~~ by the University, if and when the management applies to the University for affiliation of the Institute, the authorities of the University will ~~[illegible]~~ examine the syllabuses of studies of the Institute before ~~[illegible]~~ granting necessary ~~recognition~~ affiliation. In the circumstances, it does not appear necessary to stipulate this condition.

A

Re. Condition No.(2) above. - The Council of Management of the Institute already contains the Honourable Sri M. Bhaktavatsalam, the Minister for Public Works. It is for orders whether the Institute may be asked to include in its Council of Management, the Hon'ble Minister for Industries, the D.P.I., the Director of Industries and Commerce, and the C.E., P.W.D.

P3 of the cover of the Report of the [illegible] at (Q)

19

Re. condition No.(3) - In respect of admissions to the Engineering and Technological courses in the Annamalai University also, the Govt. have ordered that the rules regarding the admissions etc. applicable in Govt. Engineering Colleges should be accepted by the University. In the same manner, it appears reasonable that, in the case of the Madras Institute of Technology also, ~~that~~ subject to certain exceptions which may be absolutely necessary in order to attract donations to the Institute, the general policy of Govt. in regard to admissions into the Engineering Colleges under Govt. management, may be ~~held~~ made applicable to it.

Condition No(2) in the Annexure to G.O. 1892 Edn 20/12/44 (L)

PP3.5 of (P)
P7 of (P), & P13 of (P)

C

~~The file may now be circulated to H.M.(E.L.), H.M.(Fin.), H.M.(P.W.), H.M.(Fin), and H.M.(Industries) and H.C.M. for orders on the above conditions.~~

RS
28/3/50

3. The management may also be asked to submit to Govt. through the D.P.I every year by the 1st week of July a report on the work of the Institute together with a statement of its audited accounts

D

As no recurring grants are proposed to be given, it seems unnecessary to ask for audited accounts for future years.

No. of H.M.'s on the managing Council will be embarrassing to Govt. Is it not better to say D.P.I. C.E. (PWD) D.I.&C ~~to~~ be Govt members & if necessary Secretary (Edn).

KM

1/4

It is better for us to be in touch with the management. B on p. 5 may be approved.

5/4

H.C.M. may decide the point at issue.

R.G.A.

8.4

I have already resigned my membership of the Council of Management. I agree with H.M. E&L. H.C.M. may however decide

MB 12.4

7

No stipulation of condition as at 'C', p.5 ante, need be made now. Imposition of any such condition might not attract donations, which the Institute, at the infant stage as it is, would ~~must~~ try to gather. What the Government have given now is only an equipment grant. The request by the Institute for Government grant is not going to stop with this; in future they may apply, ofcourse legitimately, for further help from the Government to meet the running cost of the Institute. So, there is time enough to think of imposing, if at all, a condition, conforming to the general policy of the Government in regard to the admissions into Engineering colleges under Government management. But no such condition need be imposed now. 20

With regard to 'B', p.5 ante, I should think that on grounds of policy it will not be proper to have any H.M. as Government's representative in the Council of Management. The members of the Government (H.Ms.) should not be associated with any other position than the one involving control and supervision, and so it will not be proper to provide places in the Council of Management for H.Ms. as Government representatives. I am entirely in agreement with the decision of H.M.(P.W.) in his having resigned his membership in the Council of Management.

I think that the following conditions may be prescribed for acceptance by the Council of Management:

R (1) The Council of Management must contain three representatives of the Government.

K (2) There should be audit of accounts of the Institute annually by certified auditors and the audit report should be submitted to the Govt.

(3) Minutes of the meeting of the Council of Management should be submitted to the Government regularly.

(4) List of applications for admission with particulars about the qualifications etc., of the candidates, received by the Institute, and the list of candidates selected in each year, should be

8

Edn. C.5531/50

1/19/4

submitted to the Government.

(5) The Council of Management should also give such other information which the Government may desire to have from time to time.

After the above conditions are agreed to by the Council of Management, the nominations for the three places of Government representatives under condition No.(1) may be filled up by the following officers:

N
- (1) Chief Engineer, P.W.D.
- (2) Chief Engineer (Electricity)
- (3) Director of Public Instruction.
