Sir,

Sub:--Schools--Secondary--Aided--Endowment in respect of higher forms--Schools opened before June 48--Orders solicited.

---

The Management of the St. Annes Branch Middle School for Girls, G.T. Madras which is a long standing institution, requested permission to open Form IV in the school with effect from 1949-50 But, when the question of endowment was insisted on with reference to G.O.No.326 Education dated 8-2-49 the management have taken their stand on the latest orders in G.O.No.1657 Education dated 20-5-49 and have requested that the School be exempted totally from creating an endowment, But Government have accepted earlier, the principle suggested by me that a distinction might be made as between High School forms and the Middle School forms in as much as often a Middle School is raised to a High School only after the lapse of some years, and agreed that the creation of an endowment of Rs.20,000/- in respect of high School sections should be insisted upon, though the Middle School happen to be exempted because of its earlier existence.

p3of (Z) p3of (N) (Z)

In this connection, I invite Government's attention to my letter Rc.No.61 D3/49 dated 3-6-49 in reply to Government Memorandum No.2962 B/49 dated 28-5-49 regarding the revival of the Holy Name Secondary School under the Management of the Bishop of Mylapore exempting it from the endowment conditions under G.O.No.1657 dated 20-5-49 wherein the Government's attention was invited to G.O.No.326 Education dated 8-2-49.

p59 of (B) (N) (2)

I do not know whether Government have arrived at any decision in that matter.

I may, however, state that in all such cases where Form IV is proposed to be opened, I am continuing to insist on the compliance of the endowment condition and I am also willing to give time whenever asked for. I presume my ~~personal~~ present policy is not open to objection.

Yours faithfully,

For Director of Public Instruction

Sir,

Sub: Recognition - Secondary Schools - Aided Endowment condition Necessity in respect of schools opened after 1--6--48.
Ref: G. O. (Ms) No. 1657 Education dated 20/5/49.

. . . . .

I have discussed the matter at the Divisional Inspector's conference. An alternative proposal of requiring managements to deposit an amount equal to one year's salaries with the District Educational Officer was suggested but was drppped as it was found not acceptable in view of the difficulties involved by allowing departmental officers to handle money of private schools and the resentment that would be created to managements during the operation of such funds.

2. I have therefore come to the conclusion that the existing provision in regard to the creation of endowments should be allowed to continue in respect of schools opened after June 1948. It should, of course, be understood that even in the case of schools opened prior to 48 the Director has the power to require the management to creat an endowment if the financial condition of the school is found to be unsatisfactory.

Dear Sir,

In continuation of our conversation of the 2nd I should be extremely glad if you would give our Ketti High school exemption from the making of an endowment. As you know the Methodist Missionary Society is of very long standing and has behind it larger funds than perhaps any other Society of its kind. The society will not allow any of its servants to create endowments from Society Funds, and privately endowed funds which I hold do not permit of any part being separated from the total amount as a distinct and separate Trust. I am at present holding a sum of Rs.72000/- along with lands, the income from which I use for our general work in the Nilgiris. The sum mentioned is invested in Government Saving Certificates. I should be glad if you would accept this Rs.72000/- as it is, as being sufficient guarantee for the carrying on of our school. I am prepared to send you a statement made by me and two other Trustees concerned, that the income from this Casamajor Trust, along with Mission Grants, will always be used for the continuance of Mission work on ~~xxxx~~ the Nilgiris, this will include in its scope the High school concerned.

It is seen from the copy of the letter of the Correspondent, M. M. It is also seen from the Correspondent's reference dated 16--11--1950 copy of which is submitted herewith that separate endowment cannot be set apart for the school at Keti according to the legal opinion offered to the Mission higher authorities.

2 The present request tantamounts to the Mission Govt owned(?) securities being shown as endowment to the school over which the school cannot have any independent hold nor the department. Such securities obviously cannot serve the purpose which endowments specifically created for the school can do.

1. ENDOWMENT: When the question of creating the endowment for the school was referred to the Mission Higher authorities the Legal Advisor of the Mission raised certain objections to the endowment being legally conveyed to the school on the plea that it was fraught with complications. So it was decided to make special application to the Government to exempt the management from the application of endowment rule in view of the fact that the school is managed by a Body that is known to have a very long record of useful educational work in the country as envisaged by the Hon'ble Minister for Educstion some time ago.

I have discussed the question with the Hon'ble Minister for Education on the 23rd September. I feel that the interpretation of the phrase "in or after July 1948" should be made with reference to the previous correspondence leading to the issue of the orders. In my letter C.No.476 D3-49 dated 14-5-49 I made it quite clear that the endowment should be required in the case of all schools which opened in the academic year 1948 and in G.O. (Ms.) No.1657, Education, dated 20-5-1949 it has been clearly mentioned that the Government have accepted the Director's suggestion that the creation of endowments need not be insisted upon in respect of schools opened before June 1948, June being specified as

X on p1cf — 2. The management now requests that the sum of Rs 72,000 of the Mission funds held by the Correspondent in the form of National Savings certificates may be treated as sufficient guarantee for the carrying on of the school. The D.P.I. to whom the

p5cf — matter was referred, considers that the request amounts to the

para 2 on p5cf — Mission held securities being real shown as endowment for the school over which neither the School nor the Department can

para 2 on p5cf — exercise any control. He further states that such securities cannot serve the purpose for which endowments are specifically required.

para 3 on p5cf — In the circumstances, the Director does not regy recommend the request of the management. In as much as the management

But cannot this be treated as a School opened before 1948?

With ref. to the query above, it is submitted that the Middle School forms of the School were opened in 1947 itself while Form IV was opened in 1948-49 under the existing orders para 2 on p5 of (H) the creation of endowments should be insisted on in respect of higher forms opened after June 1948 in middle schools which were already in existence (vide G.O. No. 1728 Edn. dt 8-6-50). (2) The D.P.S. has been insisting upon the creation of endowment para 1 on p5 of (H) only in respect of the high School forms in the school which were opened after June 1948. ~~The D.P.S. should always~~ Attention is solicited to the letter from the D.P.S. on p5 of (H) wherein he had held that the school could not be treated as an institution opened prior to June 1948. In the circumstances it is submitted that an endowment is necessary in respect of the higher forms of ~~the school~~. It is therefore for orders whether the proposal at 'A' on plante may be accepted.

The order in G.O.Ms. No. 1728, Edn. dated 8-6-50 is, that the Director's conclusion that the existing provision in regard to the creation of endowments should be allowed to continue in respect of schools opened after June 1948, is correct. So far as the opening of higher Forms is concerned, this order lays down that in respect of the higher Forms opened after June 1948 in Middle Schools already in existence, the creation of endowments should be insisted upon. The expression "after June '48" ~~evidently~~ evidently should be taken to mean "in or after June 1948". If this is the intention, there is no case for exemption for this school, as the IV Form was opened in the school in June '48, even though the Middle School had already been in existence.

With reference to H.M's query in the margin at page 3 ante, it is submitted ~~that it is~~ only a point of interpretation ~~arise~~ was raised for orders.

27.7.57

I do not see how "after June" could "evidently mean" in or after June." It can only mean "period after June.

28/7

It is submitted that ~~the~~ schools are opened generally in June, unless where the opening of schools is delayed for some unavoidable reasons they ~~schools~~ start functioning in the next month. In this context and in view of H.M's minute above, the question arises as to whether the term "after June 1948" will mean only "in or after July 1948". It appears that the orders requiring the provision of endowments are now applied even in the case of schools opened in June '48. It is for consideration whether the schools opened in June '48 may be excluded from the purview of the orders relating to the creation of endowments and whether it may be held that the orders will apply only to the Secondary Schools opened after June 1948, i.e., in July 1948 and thereafter.
