Thro'

The Director of Public Instruction,

M a d r a s.

Sir,

Sub:- Schools - Secondary - Introduction of bifurcated course
during 49-50 - Engineering course.

The bifurcated course has been introduced in this Institution this year and it has been working successfully. In connection with this scheme, the Management has spent nearly Rs.4,500/- during the course of this year for the purchase of the articles required during the current year and has claimed from the Director of Public Instruction, payment of grant for the expenditure incurred. The Director of Public Instruction was also requested to permit the Management to purchase the rest of the articles required for the Engineering Course in the course of next official year. The request of the management has been negatived by the Director in his Proceedings dated 21-1-'50 on the ground that all the materials required for the course were not purchased in the first year itself.

We appealed to the Director in our letter dated 8th February, pointing out that as the Management has incurred very heavy expenditure with regard to the expansion of buildings, etc. this year, they have postponed for the next year the purchase of the remaining articles required for the Engineering course. It was also pointed out to the Director that as the course of study for the Engineering under the bifurcated scheme extends to three years, the necessity for the purchase of all the materials in one lot in the first year itself will not be fully useful. The Director has once again

(P.T.O.)

informed us that our request for grant cannot be complied with.

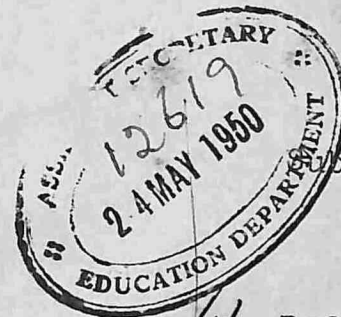

3 We, therefore, appeal to the Government to extend the time limit for the purchase of the remaining articles and to permit the Management to purchase them in the next official year and also request the Government to admit our claim for the grant in respect of the expenditure already incurred.

We wish to point out that if our request is refused, we will be put to considerable loss. The balance of grant eligible will only be about Rs.4,500/-. We, therefore, request that the Government may be pleased to issue necessary orders to the Director of Public Instruction to exempt us in this case and to allow the purchase of articles during next year. It may be stated in this connection that our school is situated in a predominantly backward area and deserves all the help from the Government.

Yours faithfully,
[Signature]
 Secretary and Correspondent.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

R.C. No. 865 Bl/49 dated 17-5-1950.

Schools- Secondary - Introduction of bifurcated courses- Engineering Course- Theyagaraya Chetty Hindu High School, Washermanpet, Madras- Permission to purchase the equipment in 1950-51.

Ref:- Letter R.C. No. 123/49 dated 16-3-1950 from the Secretary and Correspondent, Theyagaraya Chetty Hindu High School, Washermanpet, Madras.

Submitted to the Secretary to Government, Education Department.

2. Government in G.O. Ms. No. 1239 Edn. dated 22-4-1949 have accorded sanction for the introduction of Engineering Course under the diversified course of study in the Theyagaraya Chetty Hindu High School, Washermanpet, Madras in the year 1949-50. As per the instructions contained in para (4) of the above Government Order, sanction of an advance grant of Rs.3,000/- was accorded in Director's Proceedings R.C. 865-B1/49 dated 27-5-1949 for the purchase of equipment required for the said course. The management purchased equipment for Rs.4549-6-3 and 3/4 of this amount (i.e.) Rs.3412 was sanctioned as equipment grant. The advance sum of Rs.3,000/- was also adjusted and the management drew the balance of Rs.412/- on 31-3-1950.

3. In his letters R.C. No. 123/49 dated 11-1-1950 and 8-2-1950, the correspondent has requested permission for the purchase of certain articles of equipment in 1950-51 as he could not find enough funds to meet the expenditure. His request was not complied with in Director's Proceedings R.C. No. 865-B1/49 dated 23-1-1950 and 13-2-1950 as the equipment required for the bifurcated courses of study introduced in the school should be purchased and grant sanctioned in the year of introduction of the course itself. Moreover no provision has been made for the payment of such arrear equipment grants.

4. The Correspondent in his letter cited above has appealed to Government and has requested permission to purchase of certain articles of equipment in 1950-51 for the reasons detailed therein. As the Government Order No. Ms. 3754 Edn. dated 7-12-1949 raising the maximum of equipment grant admissible for the Engineering Course from Rs.5700/- to Rs.7350/- was communicated in the 3rd term of the school year 1949-50 and as there was not sufficient time for the management to purchase all the equipment in 1949-50 itself, the request of the management to purchase the articles of equipment still required in the school year 1950-51 may kindly be considered and sanction accorded for the purchase of articles and payment of 3/4th grant on the purchases made in the year 1950-51 subject to the condition that the total equipment grant sanctioned will not exceed the prescribed limit of Rs.7350/-

Schools- Secondary - Introduction of bifurcated Courses - Engineering Course - Theyagaraya Chetty Hindu High School, Washermanpet, Madras-Permission to purchase the equipment in 1950-51.

From the Secretary ' Correspondent, Theagaraya Chetty Hindu High School, Roc.No.123/49 d/16-3-50.

From the D.P.I. Re.No. 865 B1/49 dated 17-5-1950.

Sanction was accorded in G.O.No.1239 Edn. dated 22-4-1949 to the introduction in the Theagaraya Chetty Hindu High School, Washermanpet, of Engineering Course ~~and~~ under the ~~the~~ scheme of bifurcated courses of studies. During that year the management could purchase equipment only for the value of Rupees 4549-6-3 and 3/4 of this amount (i.e.) Rs.3412 was sanctioned ~~as~~ as equipment grant. Due to the heavy expenditure incurred by ^{the} management on the ^{construction of} extension to buildings etc., they could not avail of the maximum grants of Rs.5700 admissible for the purchase of equipment during 1949-50. They have therefore requested that they may be permitted to purchase the remaining ~~articles~~ ^{and} articles of equipment during the current year ^{and} allowed to claim the balance of grant.

2. The D.P.I. has stated that normally the equipment required for the bifurcated courses of study introduced in the school should be purchased and the grant sanctioned in the year of introduction of the course itself. ~~But in the case of~~ But as the maximum grant payable towards purchase of equipment for the introduction of the Engineering course was enhanced from Rs.5,700 to Rs.7350/- only late in the school year 1949-50, the Dir. considers that the management did not have sufficient time for purchasing all the equipment in 1949-50 itself. He has therefore recommended that the management may be permitted to purchase the articles of equipment still required in 1950-51 and to claim the grant, Subject to the

condition that the total equipment grant sanctioned will not exceed the prescribed limit of Rs. 7350/-. In the circumstances explained by the D.P.I. it is for orders whether his recommendation may be accepted and the management of the Theagaraya Chetty Hindu School permitted to purchase the balance of equipment during 1950-51.

The file may be sent to Finance U.O. for remarks.

Notes on pages 1-2 above may be perused. The proposal is to permit the Management of the Theagaraya Chetty Hindu School, Washermanpet, to purchase ^{additional} equipment for the bifurcated course in Engineering, in 1950-51, and claim grant ~~for the~~ ^{admissible} balance of grant ⁱⁿ 1950-51. The maximum grant admissible is Rs 7350 and the grant disbursed in 1949-50 was Rs 3412. The proposal of Edn. may be agreed to in finance, subject to the condition that the additional grant payable to the school in the year ^{current (R. 3938)} ^{be met from} the ^{sanctioned} ^{current year's} ^{provision} ^{in the Budget.} ^{only 3750} ^{provided}
