EDUCATION DEPARTMENT.

From
The Director of Public Instruction,
Madras.

To
The Secretary to Government,
Education Department.

Roc.No. 1529 K3/49 dated 19/5/50.

Sir, Schools
Sub: Government Training School for women Tanjore - Converting standards VI to VIII of the Model Higher Elementary School into Forms I to III of a Secondary School during 1950-51 - Proposals Submitting.

I have the honour to report that there are ~~now~~ at present only two Higher Schools for girls in Tanjore Town viz., (1) Girls Christian High School Tanjore and (2) Sacred Heart Girls High School Tanjore. Since these two schools are situated in the ~~other~~ end of the town they do not cater to the needs of the thickly populated Fort Area, and this has resulted in a great influx of girls into the two Boys' High Schools situated in that locality (viz) Kalyanasundaram High School and Viraraghava High School. There are ~~now~~ at present about 580 girls studying in Forms I to ~~III~~ of these two Boys High Schools. A statement showing the ~~form~~ ^{form} distribution of girls in these two high schools is furnished below:

KALYANASUNDARAM HIGH SCHOOL.			No. of girls studying.
Form.			
I	..	..	80
II	..	..	75
III	..	..	76
IV	..	..	49
V	..	..	33
VI	..	..	44

II	..	..	42
III	..	..	51
IV	..	..	41
V	..	..	38
VI	..	...	10

			222

20- At the outset I wish to point out that admission of such a large number of girls into Boys' schools is not a very satisfactory arrangement. Further, the Divisional Inspector has brought to my notice that subjects pertaining to girls do not receive as much attention as they should in these boys' High Schools and he considers that it is essential to have a separate high school for girls in this area if the girls are to be adequately provided for. I entirely agree with him and accordingly submit the following proposals for the approval of Government:.

The Government Training School for women Tanjore is situated in the locality under reference and the distance between this school and the Kalyanasundaram high school and Viraraghava high school is four furlongs and two furlongs respectively. The training school has got a Model school attached to it with standards I to VIII and the present strength of the same is as shown below:

(p.t.o.).

...the Government of Madras, Public Instruction Department, has been directed to consider the proposal for the conversion of the Model School for Women, Tanjore, into a secondary school for girls, with effect from the school year 1950-51, itself as a first step towards developing it into a complete high school for girls in due course. Since the accommodation staff etc. now utilised for the Model school standards VI to VIII is available for the secondary school forms I to III proposed to be opened by converting the higher standards, the proposal does not involve any extra expenditure to Government. I would have recommended the opening of form IV during 1950-51 itself but since this will involve additional expenditure to Government by way of employing additional staff etc, it may be proposed till 51-52. I shall submit necessary proposals in this regard later in connection with part II of the Budget Estimate for 1951-52. In this connection I may also point out that the senior and junior certified schools Tanjore which were also located in the buildings of the Government Training School for women have recently been shifted to Madras, and the accommodation released thereby has been made available to the Government training school. Thus there will be sufficient accommodation for the opening of higher forms also, in the school. Standards I to V will be retained as an elementary school being the practising section of the training classes.

17								
Total	29	36	32	41	38	44	32	17

I recommend that standards VI to VIII of the Model school may be converted into forms I to III of a secondary school, immediately with effect from the school year 1950-51, itself as a first step towards developing it into a complete high school for girls in due course. Since the accommodation staff etc. now utilised for the Model school standards VI to VIII is available for the secondary school forms I to III proposed to be opened by converting the higher standards, the proposal does not involve any extra expenditure to Government. I would have recommended the opening of form IV during 1950-51 itself but since this will involve additional expenditure to Government by way of employing additional staff etc, it may be proposed till 51-52. I shall submit necessary proposals in this regard later in connection with part II of the Budget Estimate for 1951-52. In this connection I may also point out that the senior and junior certified schools Tanjore which were also located in the buildings of the Government Training School for women have recently been shifted to Madras, and the accommodation released thereby has been made available to the Government training school. Thus there will be sufficient accommodation for the opening of higher forms also, in the school. Standards I to V will be retained as an elementary school being the practising section of the training classes.

3/- The opening of a secondary school attached to the Government Training school for women will not in any way affect the existing two girls high school in the Town, as they are both about more than a mile away from the Government Training School.

4/- In the circumstances stated above, I request that Government may be pleased to sanction the conversion of standards VI to VIII of the Model school attached to the Government Training school for women Tanjore into forms I to III of a secondary school with effect from the next school year (1950-51). The anticipated fee income will be about Rs. 1,600/-.

5/- As necessary instructions have to be issued to the Inspectress before the reopening of the school in June 1950. I request that Government may kindly issue orders as early as possible.

Yours faithfully,

P. V. S. S.

The Director of Public Instruction,
Madras

To

The Secretary to Government,
Education Department.

Sir,

Roc.No. 1529-K 3/49 dated 10-6-'50

Sub: Schools - Government Training School for Women, Tanjore
Converting standards VI to VIII of the Model School into
Forms I to III of the Middle School - Proposal - Withdrawn -
Ref: My letter Roc.No. 1529-K.3/49 dated 19 5-'50

X/10/1-20

In my letter quoted above, I have submitted a proposal for converting standards VI to VIII of the Model School attached to the Government Training School for Women, Tanjore into Forms I to III of a Secondary School, with a view to developing it into a complete High School for Girls gradually. The Government Training School for Women has since been converted into a Basic Training School with effect from 1950-51 (vide G.O. Ms.No. 1215 Edn., dated 17-4-'50). It has now been decided to open a Secondary Grade Training Section also in the school during 1950-51. In the circumstances there will not be sufficient accommodation in the present school building for developing the proposed Middle School into a complete High School. As such, I am now of the opinion that no useful purpose will be served by converting the standards VI to VIII of the model Higher Elementary School into forms I to III of a Secondary School. I therefore request that the proposal submitted in my letter quoted above may kindly be treated as withdrawn.
