NATIONAL CADET CORPS.

A meeting of the Unit Advisory Committee of the Senior Division of the National Cadet Corps was held in the University Buildings, Chepauk, Madras on the 11th April 1950, at 4-30 p.m., when the following were present:-

Sir A.L.Mudaliar, Vice-Chancellor, Madras University (Chairman)
Dr. S.G.Manavalaramanujam, Vice-Chancellor, Annamalai Univ.
Sri R.Krishnamurti, Principal, Pachaiyappa's College.

1. Considered again the question of the clerical establishment for the ~~Battalion~~ Companies of the N.C.C.

The Committee regrets to note that their proposal for converting the post of lower division clerk into upper division posts has not been viewed favourably by Government. In the opinion of the Committee, a person with better qualification and experience in the grade of Upper Division would have carried on the work more expeditiously and with a greater amount of efficiency. The Committee feels that a lower division clerk is unable to bear the whole burden of this work, and for this purpose ~~they~~ suggests that an attender may be appointed, who will do some portion of the routine clerical work of the office. The attender may be of the senior attender's grade and be paid the salary as is given in the Provincial Government.

A

The Committee again recommends that so far as the Annamalai University Independent Company is concerned, as both battalion duties and company duties are involved, it is necessary to have one more lower division clerk appointed.

B

2. Payment of fees for medical examination of Cadets conducted by the Medical Officer of the Annamalai University.

It was brought to the notice of the Committee that at the Annamalai University, the Medical Officer of the University had to examine the applicants for admission to the senior cadet corps, and over 500 applicants had to be examined. The Committee considers that this being not part of the duties of the Medical Officer, a remuneration per cadet should be paid and the request is reasonable.

In future, however, the Committee suggests that the medical examination should be conducted by Army Medical Officers who may be deputed for the purpose, or in the alternative the District Medical Officer within whose jurisdiction the Institution is located should be responsible for Medical Inspection.

Copy taken & added to C.no. 10389 B/49 (action already taken in that file separately)

3. Considered the application of Mr.C.Thangayyan of the Annamalai University Corps, resigning his membership of the Corps.

RESOLVED that the resignation be accepted.

The Committee is of opinion that immediate steps should be taken to fill the vacancy, and as an Officer has to be trained in his place, the Army authorities be addressed to select a candidate for training immediately with a view to deputing him for the training which is to start from the beginning of May 1950.

Copy taken & added to C.no 7024 B/50 & action taken separately.

4. Considered the report about falling in attendance of cadets at parades consequent on the stopping of mileage allowance to cadets staying beyond five miles.

The Committee understands that attendance at parades of the cadets has considerably fallen since the abolition of the mileage allowance given to the cadets.

The Committee is strongly of the opinion that considering the difficulties experienced by the cadets and the expenditure they are put to, it is very necessary that mileage allowance should be sanctioned again, as otherwise the training may be adversely affected on account of reasons for which the cadets may not be responsible.

5. Considered letter from the Principal of the Loyola College, regarding the existing terms of service of officers attached to the Colleges.

4

Conveyance allowance

M

The Committee considered the letter carefully. It is understood that several of the facilities formerly given to the Officers serving in the U.O.T.C. have now been withdrawn in the N.C.C. A small allowance of Rs.10/- per month is given as a refreshment allowance. The conveyance allowance has been cut off. The effect of deprivation of these small amenities is that there is considerable reticence on the part of teachers of Colleges to offer themselves for recruitment as Officers and to incur additional expenditure that ~~will~~ must fall on~~e~~ them heavily, as they are not sufficiently paid in ~~all~~ Colleges. If therefore Officer recruitment in the Colleges is to be satisfactory, and Officers of standing are to be recruited, it is necessary for the Government to revise their attitude in this respect.

The Committee is of opinion that every Officer should be given a certain remuneration monthly as T.A.

T

The Committee is also of opinion that Officers who attend Camp should be paid T.A. from the place of their starting to the place of ultimate destination after finishing their camp. It has got to be remembered that these camps are generally held during the vacation period and the place of destination may not generally be the place of the College to which the Officer is attached.

6. Considered the question of grant per parade given to the cadets.

N

The Committee notes that 4 annas under present conditions is too meagre, and recommends that it should be enhanced to 8 annas a parade.

Copy taken & added to C.M. 7821B/50 - Action already taken with ~~ref~~ file & file sent 15 [illegible]

7. Grant to Annamalai University for Office, accommodation, stores and range.

The Committee understands from the Vice-Chancellor of the Annamalai University that an application has been made to the Government for accommodation, for the shooting range, stores and Office accommodation.

The Committee feels that these are urgent matters, and suggests that early orders may be passed sanctioning these proposals.

1. The Secretary reported the action taken on the minutes of the last meeting of the Advisory Committee held on the 11th of April 1950.

Arising out of the minutes, the following points were noted:-

(Y)/49 w.l. file

(a) Item 1 - The Officer in charge of the Annamalai Independent Company informed the Committee that orders had been received from Government sanctioning a Junior attender instead of an additional clerk asked for.

Go 1759 Health 17/5/50

(b) Item 2 - The Committee noted that the suggestions regarding Medical examination of cadets had been accepted.

(Y)/1-59 in R.8

Grade 5 already passed in para 39 Go-1762 [illegible] 12/7/50

(Representing allce to cadets increase under consideration)

(c) Item 4 of the minutes - The Advisory Committee noted the reply of the Government that the request can be considered only on the recommendation of the Director of the N.C.C. The Committee has had placed before it a copy of the letter sent by the Circle Commander to the Secretary to the Government of Madras, Education Department, wherein it has been stated that the allowance now granted should be enhanced to annas eight per parade hour and that the Director of the N.C.C. has decided that the matter should be taken up by the Circle Commander with the State Governments concerned. The Senior Cadet Corps Advisory Committee strongly feels that this enhancement of the allowance is absolutely necessary for purposes of keeping up the work and enthusiasm of the cadets and requests the Government to immediately sanction the same with effect from the begining of this academic year.

(d) Item 5 of the minutes - The Advisory Committee notes that no decision has yet been arrived at by Government in regard to its recommendation contained in item 5 of the minutes, and would once more request Government to see that the matter is considered favourably and that the recommendations of the Committee are accepted.

(e) Item 6 of the minutes - -do-

[illegible]

(f) Item 7 of the minutes - The Committee understands that the Government have not yet passed any order on the recommendations contained in item 7 of the minutes, and request that the matter may be immediately taken up for consideration.

(Y)/39 in top file.

Cm 7821/7/50 (sent to Gov on 24/7/50)

2. Considered the question of provision of compensation to N.C.C. Officers if any accident happened to them during training, in view of the hazardous nature of the training (Brought up by O.C. "A" Coy. Government Arts College)

RESOLVED that consideration be deferred.

3. Redistribution of the strength of the Companies (Brought up by the University of Madras in Registrar's letter No. A.1639 dated 28-4-1950).

-2-

extract taken & added to Cm. [illegible] for action

The Committee agrees with the proposal that the strength of the cadet corps detachment in the Arts College, Anantapur, may be raised to 104 cadets and 3 officers, instead of 52 cadets and 2 officers, the Government Engineering College, Anantapur, be authorised to have two Officers and 52 cadets, and the strength of the Presidency College be proportionately reduced.

4. Suggestion of O.C. 6th Madras Medical Coy. N.C.C. that N.C.C. Officers of the Medical Wing should be governed [illegible] the same rules and regulations for their future promotions as [illegible]ficers of the Army Medical Corps.

RESOLVED that consideration be deferred pending preparation of a full note of the relevant facts.

5. Shortage of Officers in Companies, and the not encouraging response in the enrolment of cadets.

RESOLVED that the Secretary be requested to address Principals of Colleges to see that a full complement of Officers and cadets is made available, informing them at the same time that the Advisory Committee is taking steps to see that a further representation on their behalf is made with regard to allowances etc.

6. (a) Question of treating the posts in the Units of these civilians transferred from the defunct UOTC Battalions as pensionable ones and counting the service rendered in the ex-UOTC for leave and pension.

With reference to para 5 of the Government Order No. 3731 dated 3rd December 1949, the Advisory Committee understands that orders of the Government have not yet been issued with reference to the issued raised, and requests that immediate orders may be issued on the question.

(b) Considered the question raised by the Secretary that the Civilians who have completed two years of service in the N.C.C. Units be treated as permanent Government servants.

The Advisory Committee recommends that the civilian posts sanctioned for the N.C.C. Units be made permanent and that persons who have been entertained in these posts should, on completion of two years of satisfactory service, be confirmed.

(c) The question of an additional lower division clerk for the 4 Coy. battalions.

RESOLVED that consideration be deferred.

7. The Vice-Chancellor of the Annamalai University represented to the Advisory Committee that there was a great amount of interest shown by the students in joining the National Cadet Corps and suggested that an increase in the strength of the N.C.C. in that University.

The Advisory Committee strongly recommends that the independant Company in Annamalainagar be raised to a two-company Battalion, with a total strength of 308. It was explained that as the independent Company as also the Signal Section were nearly full, very few vacancies were available to those students admitted to the junior classes, and it was felt that it was not desirable that such a large number of students should have no opportunities of joining the N.C.C. If another company is sanctioned, it will automatical y be that every year a certain number of students will be recruited to the N.C.C. Otherwise it will be possible only to recruit in alternative years, and one batch of students will have no opportunity to serve in the N.C.C. The University being largely a residential University, the N.C.C. raised on such lines is bound to attract a good number of students of the right type.

8. The Committee recommends to Government that in respect of all communications, regarding the proceedings of the Unit Advisory Committee or arising therefrom, that are sent to any of the respective Companies, a copy should be sent to the Secretary of the Unit Advisory Committee, to keep him informed of the action proposed or decision taken thereon.

NATIONAL CADET CORPS.

A meeting of the Unit Advisory Committee of the Senior Division of the National Cadet Corps was held in the University Buildings, Chepauk, Madras, on Friday the 1st December 1950 at 4.30 p.m., when the following were present:-

Sir A.L. Mudaliar, Vice-Chancellor, Madras University (Chairman).
Dr. S.G. Manavalaramanujam, Vice-Chancellor, Annamalai University.
Sri. R. Krishnamurthi, Principal, Pachaiyappas College.
Mr. J.F. Perreira, Loyola College, Madras.
Capt. V.D. Paliwal, 6 Madras Medical Coy. N. C. C.
Lieut. M.P.A. Nair, 5 Madras Signal Sec. N.C.C., Annamalainagar.
2/Lt. A. Subbiah, Annamalai Indep. Coy. N.C.C., Annamalainagar.
Major R.S. Randhawa, 1st Madras Bn. N. C. C. (Secretary).

1. (a) The Secretary reported the action taken on the minutes of the last meeting of the Committee. Arising out of the minutes, the Committee was informed that the re-distribution of the numbers had already been made, and that the Presidency College had now 52 cadets and the Government College, Anantapur 104 cadets. No technical division had been formed at the Engineering College, Anantapur.

(c) 22-23

(b) Regarding the formation of an artillery unit, no information was available. It was pointed out that the Government in their letter of the 7th October has stated that the provision required for the raising of an Artillery Unit in 1951-52 will be made in the Budget Estimate for that year and necessary action in regard to the training of officers during the summbr vacation will also be taken up in due course. The Committee felt that there were certain difficulties in forming an Artillery Unit in a station where there was no possibility of a liaison with a regular Army stationed in or near the station. But should the Government be prepared to form the Artillery Unit at the Government Victoria College, Palghat, the Committee will observe the experiment. In the opinion of the Committee, there is an advantage in forming an Artillery unit at a centre where facilities are available through either the territorial force or through the regular army.
The Committee was given to understand that there was a territorial Artillery Unit in the City of Madras.

2. The formation of a unit of the Air Wing of the N. C. C. (Sr. Division) with a strength of 2 officers and 80 cadets in Presidency and Loyola Colleges in 1951-52 (Put up by Secy. to Govt. Education Department).

Regy., University of Madras

The Advisory Committee is of opinion that it is desirable to form a Unit of the Air Wing of the N. C. C. of the strength suggested, viz. 2 Officers and 80 cadets. The Advisory Committee feels that more than one College may be allowed to participate in this scheme, and that it need not be confined to two Colleges. The expenditure involved in the provision of a hangar and other necessities will have to be met by Government as the Colleges will not be in a position to incur any expenditure on this account.

The Vice-Chancellor of the Annamalai University suggested the desirability of a similar Air Wing being formed in that University and if this is accepted, proposals will be forwarded to the authorities concerned.

3. Resignation of Commission by Lt. K. Rajagopalan, "D" Coy. Loyola College, 1st Madras Bn. N.C.C., having taken up an appointment in Indian Police.

Resolved that the resignation be accepted.

4. Considered the filling up of the vacancy caused by the resignation of Lt. K. Rajagoplan.

Resolved that the Principal of the Loyola College be requested to recommend names of suitable persons and that an Interview Board for selection be fixed thereafter.

5. Considered the question of the Military authorities being requested for allotment of Arkonam Barracks from 6th to the 23rd December each year for the 1st Madras Bn. N.C.C. to hold its Annual Camp.

-2-

3

This Committee recommends that Military authorities be requested to allot the Arkonam Barracks from the 6th to the 23rd December each year for the conduct of the annual camps of the 1st Madras Battalion, N. C. C. The Committee wishes to emphasise that this is the only period when it will be possible for all the cadets to attend camp, the University having made special rules so as to enable them to be away from the Colleges for the period.

6. Considered the measures, if any, to be adopted for penalising cadets who do not attend parades regularly.

This Committee is of opinion that any attempt at penalising the cadets would defeat the very objective it has in view of encouraging the proper type of recruits for the N.C.C. At the same time, the Committee is convinced that if better facilities are afforded to the cadets in the shape of more liberal allowances for their common necessities, the turn-over at parades will be improved. The Committee was led to understand that a student who had spent the whole day in attending regular classes and has had no opportunity to go home and refresh himself must of necessity be tired at the parade, if he has not the wherewithal to stand the strain of it. The Committee also realises that encouragement to those who gain full attendance at parades as is now done by entry in the discharge certificate will prove useful if appointing authorities and others take due notice of the remarks. The work and conduct at the National Cadet Corps should be recognised in all fields of recruitment.

(A) 2-37

In this connection, the Committee desires to invite the attention of Government to resolutions 4 and 6 passed at the meeting of the Committee held on the 11th April 1950.

7. The question of placing a limit for N.C.C. Officers placed on Supernumerary List.

The Committee is of opinion that in regard to supernumerary officers who are borne on the list of N.C.C. Officers, the maximum period for which they can be on the supernumerary list should not exceed two years.

8. The question of treating posts of civilian staff taken over into the N.C.C. from the ex-U.O.T.C. as pensionable ones and counting service in the ex-U.O.T.C. for pension, leave etc.

Resolved that the Director of the National Cadet Corps be reminded on the subject.

9. Period of enrolment of cadets in the Senior Division N.C.C. for two years referred to in N.C.C. Act and Rules, Rule 12 should be changed to 4 years.

The Committee noted that this is now possible.

10. Considered the question of the University making a grant of Rs.5/- per cadet for the period of camp for extra messing etc., as was the practice during the existence of U.O.T.C.

In view of the increased cost and the difficulty of obtaining suitable rations for the cadets, the Advisory Committee once more requests the University to consider the granting of ~~a per~~ capita grant or a lump sum grant for the cadets towards improving the messing at camps.

11. The question of preferential consideration to N.C.C. Officers when appointments are made to higher posts in their collegiate service.

The Committee is of opinion that other things being as far as possible equal, preferential consideration should be given to N.C.C. officers in the matter of promotion to higher teaching posts.

-3-

---

12. Service of 18 months and 3 years for eligibility to sit for B & C Certificate examinations respectively be reduced to 1 year and 2 years respectively as a majority of cadets leave College after 2 years and are thus deprived of the privilege of sitting for "C" Certificate examination.

It was suggested during the course of the discussion that 15 months and 2½ years would be very suitable to enable a student to appear for the examination at the proper period during his academic career, and the Committee resolved that this suggestion be forwarded to the N.C.C. Directorate.

2. The other recommendations are examined below:-

Item (1) on p2 cf

(1) Employment of a L.D. clerk in the office of the Annamalai Independent Company and an attender in the offices of other small units:- At its meeting held on 4-1-50, the Committee recommended that an Upper Division clerk might be employed in the office of the Annamalai Independent Company instead of the present L.D. clerk. This recommendation was considered and it was decided that there was no strong case for the employment of an U.D. clerk, as the work in that unit would be comparatively less than the work in the Ist and 2nd Madras Battalion of four companies for which an U.D. clerk has been sanctioned. The Committee has now suggested that a L.D. clerk may be appointed in the office of the Annamalai Ind. Coy and that an attender of the Senior Grade may be employed in each of the other small units (Engr., E.M.E., Medical and Signal). The scale of pay allowed for attenders in other departments of Government is Rs. 24--1--32--½(A)--35. According to the scale of establishment for N.C.C. prescribed by the Director, NCC, all these units are allowed only one L.D. clerk. The basis for the employment of ~~two~~ one L.D. clerk only is not quite clear; apparently it was thought that there would be clerical work for only one clerk. It is not on the basis

of any increase in work since the units were raised that the employment of an attender has been recommended now. It has been suggested to relieve the lower division clerk of some portion of the routine clerical work of the office so that he may do the remaining work more expeditiously and with a greater amount of efficiency - Vide Senior Division ~~Adivosory~~ Advisory Committee's recommendation in para 1 on page 2 c.f. There is ~~not~~ no attender now in any of the offices of the NCC units. The request for an attender is made apparently as a more modest one. (2) Grant of conveyance allowance to cadets and enhancement of refreshment allowance to cadets:-

Items 4, 5 & 6 on pp 2-3g

Previously the conveyance and light refreshment allowances were paid ~~on~~ at the following rates:-

	Senior Dn. Rs. (Per mensem)	Junior Dn. Rs. (Per mensem)
CONVEYANCE ALLOWANCE:		
N.C.C. Officers with battalion duties.	23	18
OTHER N.C.C. OFFICERS.	15	12
N.C.C. cadets with battalion duties coming from a distance between one to three miles.	5	5

Those coming from distances over three miles.	5	5
REFRESHMENT ALLOWANCE. To all cadets.	3	3

(M)|1

40.3463
19/11/49

The above rates were fixed on the suggestion of the Officer Commanding the Ist Madras Battalion. Subsequently, the Director, NCC, recommended to all the State Governments that it would be sufficient if the cadets of the NCC were paid a refreshment allowance at the rate of four annas per parade and that no travelling allowance need be paid to them for attending parades. He also recommended that a fixed travelling allowance of Rs.10/- and Rs.7-8-0 per mensem might be paid to the officers of the Senior and Junior Divisions respectively, as they are not in receipt of any allowance for light refreshments. The above recommendations were

(M)|1

(M)|

accepted and given effect to from 1--11--1949.

pp2-3g

The Advisory Committee has observed that the attendance of the cadets at parades has considerably fallen on acct. of the abolition of the conveyance allowance; that the members of the teaching staff of colleges feel reticent to join the corps, as they have to incur additional expre. from their own pockets in connection with their NCC duties and that it will affect the recruitment to the officers. It has, therefore, recommended that

(i) conveyance allowance may be sanctioned again to the cadets,

(ii) refreshment allowance to cadets may be enhanced from four annas to eight annas per parade, and

(iii) officers may be paid a monthly ~~recim~~ remuneration as travelling allowance.

The amount of Rs.10/- and Rs.7-8-0 that is now being paid to the NCC officers of the Senior and Junior Divisions respectively is the conveyance allowance and the officers are not paid any ~~reciner~~ remuneration for refreshments as stated by the Committee. The revised rates of allowances were ~~pp~~ approved only on the recommendation of the Director NCC, and the rates are common to all States. A copy of the minutes of the meeting has been sent to the Director ~~an~~ direct and he will probably reconsider the matter, if necessary. The question may be considered when the Director moves in the matter.

The camps for the NCC units are held only during vacations, so that it may not interfere with the work of the officers in their colleges. But it is not possible to hold the camps from the date of on which the vacation commences as the vacation periods may vary from college to college and necessary preliminary arrangements will have to be made after the camping ground is selected. The officers cannot also be expected to be present at the place of their colleges during vacations and they may proceed to their native places. In the circumstances, the recommendation of the Senior Division Advisory Committee that travelling allowance to the officers for attending camps should be paid from the place of their starting to the place of the camp may be accepted.
