The Secretary to Government,

Sir,

I have the honour to report that the Board of Secondary Education at its meeting held on 29-4-1950 passed the following resolution:-

"Resolved to permit candidates who have completed the high school course in 1949-50 but were unable to appear for the examination of March 1950 for some valid reason, to appear for the ensuing October Examination privately, their applications being forwarded to this office by headmasters concerned within the prescribed time."

The necessity for this resolution is explained below:-

Consequent on the abolition of the selection examination in Form VI, all the pupils have been presented for the examination of March 1950. Candidates who have appeared for the examination but are not successful, acquire the privilege of appearing for the succeeding examinations as private candidates. The number of first year pupil candidates who were unable to appear for the examination for reasons beyond their control will be very small. These candidates will neither be admitted again in the school (in view of the fact that the schools will be presenting pupils for the examination of 1951 only in the re-organized scheme and not in the 1929 scheme) nor will they be permitted to appear privately for the fault of not having appeared for the examination even once. Thus, they are doubly hit and this resolution will give them the necessary relief.

In anticipation of approval of Government, I am issuing instructions in this regard to the High Schools concerned.

As this is a temporary measure for the candidates affected in 1949-50 alone, no amendment of the rules is proposed now. The question of extending this concession in future is receiving the attention of the Board of Secondary Education and its Rules Committee and a further report on the final decision arrived at will be submitted to Government later on.

I request that Government may be pleased to approve my action.

In this connection, the following resolution of the Board of Secondary Education passed at the same meeting are communicated for the information of Government.

The suggestion whether the Public Examination under the re-organised scheme (1948) should be based upon the portion studied in Forms V and VI only in respect of the non-language subjects was considered. The Board resolved that the candidates will be examined only on the portions studied in Forms V and VI in the non-language subjects.

PLE

With reference to the remarks of the Secretary overleaf, it is submitted that the candidates who were unable to appear for the S.S.L.C. examination of 1950 for reasons beyond their control will be very small and that in view of the fact that the schools will be presenting pupils for the examination of 1951 only in the reorganised scheme and not in the 1929 scheme, they will not be admitted again in the school. ~~Even if they are admitted, it will be very difficult for them to make themselves acquainted with the subjects under the reorganised scheme in the short period of one year and appear for the examination.~~ The best course seems therefore to be to permit them to sit for the October examination privately as recommended by the Board of Secondary Education. It is also submitted in this connection that there is a proposal separately under consideration for the holding of the S.S.L.C. examination during 1951 & 52 under the old sch. 1929 scheme for the

benefit of candidates who underwent the course under that scheme. ~~for adms.~~

The Schools cannot admit these candidates coming under the old scheme as they offer instruction under the reorganised scheme and there is no provision for running concurrent courses of studies under both the schemes in schools. Under the rules only candidates who have sat for the exam. & been declared ineligible will be permitted to appear as private candidates without further attendance. Hence the temporary provision now proposed for the private appearance of these candidates at the next October Examination is necessary in the interests of this type of candidates.
