GOVERNMENT OF INDIA
MINISTRY OF EDUCATION

Overseas Scholarships (Provincial) - Application for
Employment of Scholars.

73286 ....

N.B. - This application must be submitted (in quadruplicate) at least FOUR months before a scholar's stay abroad is to come to an end.

1. Full Name (in block letters)	**ACHAYA, KONGANDRA THAMMU**
2. Date of birth	**6 October 1923**
3. Father's Name	**Achaya, K.T.**
4. Full address in India to which correspondence should be addressed to the scholar on his return.	**29 Bhagirathi Ammal Street, Thyagarayanagar, MADRAS 17.**
5. (i) Subject of Scholarship (ii) Exact Branch	**Oil technology and hydrogenation.** ---
6. Year of selection	**1946**
7. Name of sponsoring Province	**Madras**
8. Date of commencement of scholarship (Date of arrival in the country of study).	**8 October 1946**
9. Date on which the course of his studies is due to terminate.	**Before October 1949**
10. Approximate date of return in India.	**Before October 1949**

11. Qualifications prior to Selection.

	Name of College Institute or University attended	Examination Passed	Division obtained.	Year	Subjects Taken
(a) Academic (i) Degree & Post-graduate examinations only.	**Presidency College, Madras.**	**B. Sc. (Hons.**	**Second & Third**		**Bio**
(ii) Post graduate training or research.	**Indian Institute of Science, Bangalore.**	**M. Sc. (Madras) A. I. I. Sc.**			

(iii) Published works (Give Names of the papers published if any)

	Institution, Co., or Office where trained or employed.	Post or capacity in which employed.	Pay if any drawn (with Scale)	Period.
(b) Practical training and industrial or professional experience gained (including apprenticeship)	**Indian Institute of Science, Bangalore.**	**Research Assistant on schemes of the Imperial Council of Agricultural Research**	**Rs. 150-10-250**	**July 1943 - March 1946**

(c) Additional qualifications not covered in (a) and (b) above	**Author of a book, in conjunction with a colleague, entitled "The Chemistry and Manufacture of Indian Dairy Products" by K.S.Rangappa and K.T.Achaya, 1948, Rs. 10/-.**
(d) Post held at the time of selection. (a) Name of the post. (b) Pay last drawn and the scale of pay. (c) Office or Government where employed. (d) Did you resign, or go on study leave terms or on extraordinary leave?	**----**
12. Overseas Qualifications Acquired. (a) Name of the country of study	**United Kingdom**

(b) Details of the course of study covered (up-to-date)

	Institution or University etc, attended	Duration From	Duration To	Subject with exact Branch	Some details of the course (if the space is not sufficient, attach a separate sheet.)	Degree, Diploma or Certificate if any obtained
(i) Academic	**1. With Prof. T.P. Hilditch, F.R.S., Professor of Industrial Chemistry, University of Liverpool.**	**Oct. 1946**	**April 1949**	**Research on fats and oils, with particular ref. to the fatty acid and glyceride structures of Indian ghees, and of sundry drying oils**	**A thorough theoretical and analytical grounding in the chemistry and ultimate constitution of the natural fats and oils. The most detailed analyses of fats ever carried out were made on an Indian cow and buffalo ghee by the applicant**	**Ph.D.**
	2. With Dr. S.K. Kon, National Institute for Research in Dairying, Shinfield	**April 1949**	**To date**	**Vitamins in ghee**	**Work on the state of occurence of vitamin A as ester in ghee; and general acquaintance with many aspects of milkfat industry, research and literature.**	**---**

(ii) Practical Training. (iii) Educational visits and Study tours.	It is hoped to arrange for these before leaving the U.K.
(iv) Any papers published ? Please give details or attach copies.	1. Rancidity in Indian ghee, Nature, 1947, 159, 274. 2. Rancidity in Indian butterfat (ghee), Biochem. J., 1949, 43, Vol. 4. 3. Constituent glycerides of cow and buffalo milkfats, submitted to the Proceedings of the Royal Society.
13. (i) Do you have any suggestions about your employment ? (ii) Would you prefer a (a) Administrative (b) Technical or (c) Teaching post ?. D	1. By inclination and training, as teacher or research worker in a dairy institution. 2. For the same reason, in some form of scientific editorship, compilation or publication In order of preference 1. Teaching 2. Administrative 3. Technical post.
14. Testimonials attached (Attach at least 2 testimonials from Professors or Supervisors under whom you worked during your studies overseas and give their names and addresses).	1. Prof. T.P. Hilditch, D.Sc., F.R.I.C., F.R.S., Campbell Brown Professor of Industrial Chemist in the University of Liverpool. 2. Dr. S.K. Kon, Ph.D., D.Sc., F.R.I.C., Head of the Department of Nutrition at the National Institute for Research in Dairying, Shinfield, near Reading.

K. T. Achaya
Signature of Applicant.

Date 9 June 1949

P.T.O.

5

15.	Tutor's Remarks.	Please see extract of letter from Professor Hilditch.
16.	Forwarding Report by the Indian Embassy or H. C.'s Office concerned on the Scholar's work and general conduct (if necessary any confidential report may be sent separately).	Dr. Achaya has done extremely good work in the University of Liverpool and has shown throughout his course keenness and enthusiasm in his subject. The application is hereby passed on to you for favourable consideration. for Secretary, Education Department, Office of the High Commissioner for India, London. Signature of the forwarding authority Date 17th June, 1949.
17.	(i) Your province of domicile.	Madras
	(ii) Your place of birth	Kollegal, Coimbatore District, (Madras)

N.B. Separate sheets to be attached in case space in any column is found insufficient. Please denote carefully.

....

14. **Testimonials from Professors or Supervisors with whom I have worked.**

A. From Prof. T.P.Hilditch, D.Sc., F.R.I.C., F.R.S., Campbell Brown Professor of Industrial Chemistry, University of Liverpool.

DR. K.T.ACHAYA 31st May, 1949.

Dr. Achaya came to this Department in October 1946 and was engaged here in research in milk fats until March 1949, when he was awarded the degree of Ph.D. (Liverpool). Prior to coming to this country he had already carried out notable work at Bangalore on similar subjects in the field of dairy chemistry, and had published several papers. As a result of his work here he has published work on rancidity in ghees in the Biochemical Journal and on the constitution of milk fats(the latter to be communicated to the Proceedings of the Royal Society).

I cannot speak to highly of his capability and enthusiasm as a research worker, whilst he is also a cultured man with a wide range of interests. He speaks and writes exceptionally well in an incisive style which makes him an excellent lecturer and also a most pleasant social colleague. In my opinion he may go far as an original worker in Indian chemistry and personally I think his bent lies in an occupation in which research is his main function. At the same time I feel that he would make an excellent University Lecturer or (in due course) Professor, since he has the gift of imparting his knowledge freely and capably to his juniors, and of holding his own in scientific discussions with his colleagues.

I have referred to Dr. Achaya's literary skill and interests, and in this direction also, e.g., as an editor or compiler of scientific literature, he could, I am sure, do good work.

Dr. Achaya leaves my laboratory with the good wishes of myself and my colleagues for a career which, I feel sure, will prove to be distinguished and prosperous.

B. From Dr. S.K.Kon, D.Sc., Ph.D., F.R.I.C., Head of the Department of Nutrition, National Institute for Research in Dairying, Shinfield, nr. Reading.

Dr. K.T.Achaya 10th June, 1949.

As external examiner for his Ph.D. thesis I met Dr. Achaya in March, 1949, and he is now spending a month or two in my laboratory prior to his departure to India.

During the oral examination and since, I have formed a high opinion of Dr. Achaya's ability as a research worker and the wide scope of his knowledge and interests.

Achaya has the gift of lucid expression in word or writing and of quick and accurate appreciation of problems. I foresee an excellent future for him as original worker and teacher, and should like to hope that he will have every opportunity of developing further the rare qualities he undoubtedly possesses.

COPY

Extract of letter from Mr. G.P.Hilditch, The Department of Industrial Chemistry, University of Liverpool, dated the 31st May,1949, to Mr. N.K.Sundaram, Assistant Education Officer, Education Department, India House, Aldwych, London W.C.2.

Dr. K.T.Achaya of Bangalore. - This student was with me from October 1946 to March 1949. It was at my insistence that his Government finally awarded him a Scholarship, and my judgment of him (from correspondence with him, before he obtained this Scholarship, on the subject of his researches at Bangalore) has been fully borne out by the extremely good work which he did here. The main part of his work here is being submitted for publication in the Proceedings of the Royal Society and he has also published an important paper on rancidity in Ghees to the Biochemical Journal as a result of his work in Liverpool.

Dr. Achaya is now spending a few months in research with Dr. S.K.Kon at the National Institute for Research in Dairying,Shinfield, but he tells me that the Ministry of Education wish him to return to India in June instead of in October as he has hoped. I should like, if I may, to say that I think he would benefit very considerably if he had the opportunity, after a few more weeks at Shinfield, to return home via the United States, where he could obtain much additional useful experience by visiting some of the large research and industrial organisations which are closely concerned with dairy chemistry. It appears to be an opportunity which he should not miss and which might not be available to him after his return to India. Dr. Achaya's work, even before he came to England, marked him as one of the foremost young Indian investigators of Milk Fats and allied problems, and his performance here has been so excellent that I feel that he should get as much experience as possible before he return to India. His proposed visit to the United States, where work in his field is exceedingly active, is in my opinion likely to be as fruitful in results to Indian development in Milk Fat science as to himself, and I therefore, venture to urge that his proposals may be given very sympathetic consideration.

13

I ~~am~~ wish to report that I arrived in Madras yesterday, and that any communication will reach me at the above address.

I was a Government of Madras Overseas Scholar selected in 1946, and proceeded to the U.K. in September of that year. I was chosen for Oil Technology and Hydrogenation, but through a series of circumstances got a good training in dairy chemistry rather than to other.

I worked with Prof. T.P. Haldrap F.R.S. a specialist in the field for my Ph.D. (Liverpool) mainly on milk fat (ghee) from India, and subsequently for three months in a dairy institute - the National Institute for Research in Dairying at Reading - Enter in India. I had worked on dairy problem such as the adulteration of ghee and its chemical structure and was also the author of a book The Chemistry and Manufacture of India Dairy Products which has had an excellent press at home and abroad. Both by inclination and training I feel I should do best in dairy chemistry - resea search or teaching, I should also be particularly happy in some farm of compilation, editorship, abstrating etc. of scientific literature.

D' p5 above

I have stated these facts in the employment forms sent in much earlier from the High Commissionr's office in London, and which you have no doubt received, but wishes to restate them now that I have returned.

FIFTH ASSISTANT SECRETARY TO GOVERNMENT
4 DEC 1949
DEVELOPMENT DEPARTMENT

118113

To
The Joint Director of Industries,
Mackays Gardens,
Madras.

Copy to the Secretary, Development Department, Madras.

Sir,

I am an overseas scholar of the Government of Madras and wish to bring the following facts to your consideration.

I returned to India a little over three months ago, and on seeing the Secretary, ~~EX~~ Education and Public Health Department, Madras, was informed that enquiry regarding my employment would be made, but meantime, owing to financial stringency, I would do well to look out elsewhere. Accordingly I soon after applied for a post advertised by the Central Laboratories for Scientific and Industrial Research, Hyderabad Deccan.

I was now asked to see the Joint Director of Industries, Madras; we discussed various possibilities and I informed him of the application; a few days later I was called to Hyderabad for Public Service Commission ~~inte~~ interview. About ten days ago I received a notification of my appointment to the Central Laboratories, and the official order arrived three days ago; my appointment is as Scientific Officer on Rs. 500/- p.m. in the scale Rs. 300 - 800, and the post is a research one. At every stage I have consulted the proper authorities of Government.

I may also add that I applied for the post of Director, Oil Technological Institute, Anantapur advertised by the Madras Public Service Commission but was defaulted on the grounds of lack of technological experience which of course I do not have. After being selected in 1946, I was admitted for research work on 'ghee' at Liverpool, England and subsequently did work on milk fat at the National Dairy Research Institute at Shinfield for 3 months. My training has been a research one and the appointment at the Central Laboratories is one for which I think I could claim to be well qualified. Such places, too, are scarce in India today.

A

I would therefore request the Madras Government to release me from my bond with them to enable me to take up this appointment. I have written to the Hyderabad authorities explaining the matter of delay.

You will appreciate that an early decision would help me greatly.

Yours faithfully,

K. T. Achaya.

New Delhi 3.

Sir,

Overseas Scholarships Scheme 1946-7 - Sri K. T. Achaya - Ref your letter no. F.7.875-14/46 S2 d/ 15.9.49

p 21 cf

I am directed to state that Sri K. T. Achaya was sponsored by this Govt for advanced studies in "Oil Technology and Hydrogenation with the intention of absorbing him in Industries (Govt or private enterprise) on return. He returned to India on 4.9.'49 This Govt have no suitable post to offer

40

to him. The scholar has reported that he
has been offered a post of Scientific Officer
on Rs 500 p.m. in the scale of Rs 300 - 800
in the Central Laboratories for Scientific
and Industrial Research, Hyderabad (Deccan)
and has requested that he may be
released from the bond so as to ~~his~~ enable
him to accept the post. This Govt Consider
that he may be released from the bond
and that the normal procedure of first
offering his services ~~for~~ to the G of I and the
other Prov Govts before releasing him from
the bond need not be observed in this case.
I am ~~directed~~ to enquire whether the G of I
have any objection to his being released ~~him~~ from
the bond.

Sir,

In reply to your letter No. 100165I/49-2 Education, dated 23rd January 1950, regarding the above scholar, I am directed to state that the Government of India have no objection to the scholar accepting the post of Scientific Officer in the Central Laboratories for Scientific and Industrial Research, Hyderabad (Deccan). I am, however, to add that the scholar may be released from the bond only after his accounts have been checked and adjusted properly. The High Commissioner for India in London has been requested to send a full statement of Dr. Achaya's accounts to this Ministry immediately.

Yours faithfully,

D. Madhavi

TO AS

Mp1-35y

The ~~file~~ current file may be perused.

The file deals with the question of utilisation of the services of Sri K.T. Achayya a private scholar who was awarded overseas scholarship in 1946-47 for advanced studies in "Oil Technology and Hydrogenation". He arrived in India after completing his studies abroad on 4.9.49. As he is intended for absorption in Industries (Govt and private) the DI&C was requested to state whether the scholar could be usefully employed in the Industries Depptt and if it is not possible whether any suitable appointment could be secured under a private industrialist.

K empl y A
Vide p17y
p13y

The DI&C has reported in consultation with the R.C.S and I.A.H that Sri Achayya cannot be ~~suitably~~ usefully employed in the Govt Service in the province. He has also reported that it is not necessary to appoint any more staff at present in the Hydrogenation Factory and the oil Technological institute as the construction of buildings has not yet been completed. He also reptd that he has consulted some of the

B
p27y
p35y
p35y

... industrialists regarding the employment of Sri Achayya and they have advised that his services could not be utilised in their concerns.

Vide p35y

The scholar has now applied for appointment under the Hydrabad Govt and has requested that he may be released from the bond. In the circumstances ~~the file may be returned to E&H for further action~~ stated by the DI&C it is for orders whether the E&H may be informed that no suitable post can be offered to this scholar in the Industries Deptt. After orders are passed the file may be returned to E&H for further action w.r to 'M' above.

20/12/49

E&H

g.

Dev wo no 73286 DI/49-7 20/12/49

1co165 22 DEC 1949

Please see the notes above.

Before the question of release is considered it has to be examined whether the scholar's services can be utilised in other depts of St under the Central Govt or other Provl Govts. The scholar specialised in Oil Technology and Hydrogenation. It seems that the Indus dept cannot provide him with a suitable gazetted post. It does not seem necessary to consult the D.P.I in the matter.

2. The scholar has been offered a post of Research Officer on Rs 500 p.m in the scale of Rs 300-800 in the Central Laboratories for Scientific & Industrial Research Hyderabad Deccan. As this Govt have no suitable post to offer to him, his services are lost to this Govt. It does not therefore matter whether he is employed in any other Provl Govts or the Central Govt or the Hyderabad Govt. It is for consideration

p31 CF

A. whether the Govt of I may be informed that this Govt have no suitable post to offer to the scholar, that he has been offered a post in Hyderabad and ~~that~~ whether he may therefore be released from the bond so as to enable him to take up that post.

For orders. Finance may see before Circulation.

Finance (E.III)

Notes on pages 1-3 above may be perused.

The proposal relates to the release of Sri K.T.Achaya, an overseas scholar, sponsored by this Government, from the bond, to enable him to take up appointment as Scientific officer in the Central Laboratories for Scientific and Industrial Research, Hyderabad, Deccan.

The scholar in question was awarded overseas scholarship in 1946-47 for advanced studies in Oil Technology and Hydrogeneration. He returned to India on 4-9-49 from abroad after completion of his overseas studies.

The Director of Industries and Commerce who was consulted in the matter of providing the scholar with a suitable gazetted post has reported that the services of Sri K.T. Achaya cannot be usefully employed in Government service. The candidate has now requested to be released from the bon Development and E & P.H. agree to ~~the~~ release him from the bond.

I/73286

Finance need not object.

The net effect is that his services have been lost to this Government, This Govt have spent money for the training of Mr Achayya in Oil Technology and Hyderabad is going to get the advantage. HM (Fin) may also see.
