Urgent

Sri R.D. Paul ,
Secretary, Education,
Fort St. George, MADRAS,1.

Dear Mr. Paul,

Regarding the applications for building grant, I understand from the D.P.I's Office that the grant for the School Hall-cum-Wood Work room has been included in the schemes for the quarter ending March, 1950. This was sent to the Government in D.P.I's R.C. No.240 D6/50, dated 8th May, 1950.

Item 3 on p6 ante

2 The application for grant for the School Building is already before you and our request is that both the schemes may be accepted and that we may be informed of it. Even if the payment can be made only at a later date, the promise will enable us to go forward with the construction of the Hostel which is an urgent need.

The Hon'ble Sri K. Madhava Menon,
Minister for Education,
Fort St. George, MADRAS, 1.

Dear Mr. Madhava Menon,

When you visited our new School Buildings, you were good enough to say that you would try to arrange to give us a grant for the School Building as well as for the School Hall and Wood Work Room. If we can get an order from the Government stating that grants will be given for these two, we shall be able to proceed with the construction of the Hostel Buildings which is an urgent necessity. We are grateful to you for your interest in the matter.

Yours sincerely,

K. Kuruvila Jacob

memo on pages 22-23 y in (E)

With reference to para 3 of G.O.No.Ms.3258, Edn. dated 25-10-1949 schemes relating to schools located in backward districts (e.g.the Ceded Districts) have been given priority over those of schools in other areas, irrespective of the standard of efficiency. Schemes 1-4 in the list sent with the Director's letter Rc.62-D2/48, dated 24-6-1950 have not so far received any building grants.

p8 ante

2 In assigning the order of priority for the other schemes the criteria laid down in Government Memo No.36796-B1/49-5, Education, dated 2-8-1949 were adopted.

---

ORDER/Ms. 1839. Dated 21/6/50 p12f

The Government sanction the inclusion in the list of approved works of the schemes for the construction of buildings for aided secondary schools specified in the Annexure to this Order. While this approval does not convey any guarantee of grant, it will render the institutions eligible for a grant upto one-half of the cost of construction not exceeding Rs 35,000 under the provisions of the Grant-in-Aid Code, if and when funds become available, provided all the conditions prescribed in the Code are duly complied with.

para 3 on p14 of
X' on p9 nf

2. The action of the managements of the Ramakrishna Samaj High School, Cuddapah and the Madras Christian College School in having commenced the construction of buildings before the plans and estimates were approved by the Joint Consulting Architect and the schemes were placed on the list of approved works was irregular. The irregularity is condoned as a special case and the schemes will be admitted to aid. The grant will be based on the valuation of buildings by the local P.W.D.

3. The DPI is requested to communicate the orders to the managements concerned.

Grant - Buildings - Non-Government Secondary Schools - Inclusion in the list of approved works.

—

p1cf From the D.P.I. Rc. No. 62 - D2/48 d/25-1-1950

—

p2cf The D.P.I. has submitted a consolidated list of schemes for the construction of buildings for aided secondary schools for consideration for inclusion in the list of approved works for the quarter ended December 1949. It is observed from the list that there are five schemes for additions and alterations to existing buildings of aided secondary schools and three schemes for construction of new buildings. The maximum grant payable in respect of these schemes if they are all placed on the list of approved works will amount to Rs. ~~1,36,020~~ 1,71,020 as detailed below:-

S. No.	Name of Institution	Description of Scheme	Approximate cost Rs.	Maximum grant admissible Rs.
1.	Wardlaw High School, Bellary.	Construction of three rooms.	18,000	9,000 ✓
2.	Z.N.V.R. High School, Penugonda.	Purchase of site and construction of building	73,380	35,000 ✓
3.	Sri Ramakrishna Samaj High School, Cuddapah.	Construction of four blocks of buildings.	33,840	16,920 ✓
4.	B.Z. High School, Chittoor.	Construction of additional block.	28,000	14,000 ✓
5.	Sri Ramakrishna Mission High School, (North Branch) Thyagarayanagar.	Construction of a storeyed building.	86,000	35,000 ✓
6.	C.S.M. High School, Pudukkottai	Construction of a block for Manual Training class.	27,200	13,600 ✓
7.	N.S.M.V.P.S. High School, Devakottai	Construction of a separate block for the Craft Section	25,000	12,500
8	Town High School Kumbakonam	Addl. rooms on the 1st floor		35000
			Total [illegible]	~~1,36,020~~ 171020

(G) A provision of Rs. 3 lakhs has been suggested in the B.E for 1950-51 for payment of a portion of the grants due to a large number of new schemes which have already been placed on the ~~approved~~ list of approved works. The ultimate liability involved in respect of these schemes is 9.89 lakhs which will have to be spread over a period of at least three years. Besides these sanction has been accorded in the current year for the payment of grants in part in ~~[illegible]~~ respect of certain schemes for which a provision of Rs 5.18 lakhs has been suggested in the Part I of the B.E. for 1950-51. However as there are no pending schemes ~~pending~~ which have been included in the list of approved works ~~for which~~ the question of provision of funds for payments of grants ~~for which can~~ will have to be considered in connection with the Part II of the B.E. for 1951-52, it is for consideration whether the seven schemes suggested by the Director may be selected for inclusion in the list of approved works. The file may be circulated to H.M.(E&L) for orders.

(G)

Part I estimate

Provision has been suggested under Part II in rest of all schemes which have already been included in the approved list

10/2/50.

10-2-50.

The D.P.I says that all the eight schemes are essential and that the managements have got funds to meet their share. The institutions are located in different Dts. With a view to enable the managements to proceed with the schemes, the Director's recommendation for inclusion of the schemes in the approved list, may, perhaps, be agreed to. In accordance with the usual procedure, the question of provision of funds for payment of grants, may be considered as a Part II scheme, i.e. for the year 1951-52.

11/2

Instructions were issued to the D.P.I. in Memo No. 36796 B1/49-5 Edn d 2.8.49 regarding the particulars to be furnished by him while submitting the consolidated list of schemes for construction

(W) / p 22-23 cf

of buildings for aided secondary schools for selection by Govt for inclusion in the list of approved works. The D.P.I. has furnished all the particulars except two -standard of efficiency as judged by the results of the public examination and (2) the number of high schools in the taluk which have no suitable buildings or which have not got sufficient accommodation and whether the school for which an application for aid has been made is the most deficient in that respect. It is probably difficult to get the information in regard to the latter item. The Director has furnished all the other essential particulars . The schemes have been selected from various districts and all the schemes except one relate to institutions which have not received grants in previous years and even in the case of the single institution for which a grant has been made in the past in 1912 and 1917, Viz Town High school Kumbakonam the grant was small and it was paid several years ago. Only one of the schemes relates to a backward area- Sri Rama Krishna Samaj High school Cuddapah - construction of four blocks of buildings and in the case the work has already been started even before the scheme is admitted to aid. As the selection made by the D.P.I. is fairly representative it is for consideration whether all the schemes recommended by him may be placed in the list of approved works.

—

The D.P.I. has forwarded a fresh list of schemes for the construction of buildings for aided secondary schools for consideration for inclusion in the list of approved works. He has arranged the schemes in the order of priority. But as his reply to the memo at p 4 cf has not yet been received it will not be possible to make any selection from the earlier list. He may be requested to expedite his reply on receipt of which a selection may be made out of the two lists.

15/5/50.

[Issued as Memo No. 7048 B/50-2 Edn d/ 15.5.50] — p7 cf

The D.P.I. has furnished the list of building schemes with the additional particulars called for arranged in the order of priority for the consideration of Govt. — Vide pp 9 & 10 cf

2. The total number of schemes for additions and alterations to the existing buildings is 9 and for construction of new buildings is 4. The maximum grant payable in respect of all these schemes if they are placed in the list of approved works will amount to Rs 3,46,020.

2. The Govt have already sanctioned grants to a large number of aided secondary schools during the last two years and only part payment of grants have been made for several schemes. Some of the schemes would have already been completed and the rest will be in progress. It may be necessary to provide a large sum in the next year's budget for payment of grant for schemes for which the Govt already stand committed. Further in respect of several schemes the maximum grant payable has to be raised as the ~~estimated~~ cost of those

5

19

schemes as estimated finally approved by the Chief Consulting Architect to Govt is more than cost estimated previously. The Committment to Govt is thereby increased.

3. In view of the present difficult financial position and the necessity to avoid all possible expenditure, it is for consideration whether Govt should make a selection now out of the list submitted by the Director for inclusion in the list of approved works or whether the question may be considered later after the Govt's liability in respect of schemes for which grants have already been sanctioned is considerably reduced. At any rate, there seems to be no harm in considering the question of selection of schemes for inclusion in the list of approved works early in September when it may be possible to select with reference to the financial position then. There will be sufficient time to consider the question of providing for the payment of grants for the schemes newly selected for inclusion in the next year's budget after a selection is made in September

pp 9-10 cf

A Selection may be made now

1.6.50.

4. The scheme for the construction of a school hall and wood work room at an estimated cost of Rs 75,000 in the Madras Christian College High School is one of the schemes included in the Director's list. It is not clear why the Director has included this scheme before the scheme for the construction of new buildings itself is selected for inclusion in the list of approved works. The latter will be considered only in September according to the existing orders. Apparently the D.P.I. considers that the scheme for the construction of a hall and wood work room should be considered as a separate scheme for which a maximum grant of Rs 35,000 will be admissible if selected for inclusion in the list of approved works. It is for consideration whether this should be treated as such and if so whether the Govt should consider ~~at all~~ the question of sanctioning a grant of Rs 35,000 separately for the construction of the main school buildings at a later selection. ~~As the institution has already been aided several times and in view of the present financial stringency it is for consideration whether the~~

Item 3 on p10 cf

P | D/3

6

It is for consideration whether the scheme for the construction of a hall and wood work room at an estimated cost of Rs 75,000 ~~may~~ alone may be selected for inclusion n the list of approved works as a special case now, the question of approving the main building scheme being considered later on merits when the DPI submits the proposal.

5 The remarks of the Finance Department may be invited u.o prior to circulation.

31/5/50

There seems to be no doubt that the present financial stringency will prevent Govt. from providing large funds for new building ~~schools~~ schemes for Secondary schools. 3/6/50

Finance(Exp.A.)Deptt.

U.O. No. 7048 B/50-3
3-6-50.

The proposal in this file is to select certain secondary school building schemes ~~to be included~~ for inclusion in the list of approved works, so that they may be entitled to a grant when funds become available. The selection of such schemes is purely an administrative affair.

Apparently the file has been sent to this Department only with reference to the existing financial stringency, for advice, as to whether it will be possible for the Government to finance the new Building schemes, if approved, during 1951-2. It is submitted that as pointed out by the A.S., Education Department, it will be extremely difficult for the Government to undertake any fresh liability at this juncture, when every ~~eff~~ effort is being made to curtail expenditure ~~on~~ in all possible directions. It is quite unlikely that the position will be better in ~~fronts and to cover up the anticipated deficit in this year's Budget.~~ 1951-2. The position will, however, be clearly known only by December next, when this Department will be examining the R.E. 1950-51 and B.E. 1951-52. Therefore it is not possible to offer any remarks now from the financial point of view.

X on page 6 above

11.6.50

As regards the Building scheme of the Xian College High School, it is submitted that the construction of a school hall and wood work~~s~~ room should be taken as part of the main school building itself and considered along with the main proposal, in September next, as already ordered. Otherwise, it will amount to splitting up of a work in order to earn a grant on each part which does not seem ~~admissible~~ permissible. The case may be returned to Education U.O. with these remarks.

Item 3 on p 10 C.F.

11.6.50

11.6.50

10.6.50

10.6.50

Considering the vast sums spent by the Xian college high school authorities on their new buildings at Chetput ~~the~~ we need not object to some assistance reaching them quickly. All that money, running into several lakhs, is a saving to the tax payer, which should not be lost sight of even at a time of economic stringency. Y on p 6 ante ~~saving~~ is correct, subject of course, to funds being available with the Govt.

FINANCE DEPARTMENT

ASSISTANT SECRETARY
15673
14 JUN 1950
EDUCATION DEPARTMENT

C.No 14,406 From the Correspondent Xian College High School dated 30-5-50

p 2 ante

The point fpr decision in this file is whether in view of the large outstanding commitments inrespect of schmes for the construction of buildings for aided secondary schools for which grants have already been sanctioned and ~~part payment~~ provision has been made for payment of a part only and ~~whether~~ in view of the present financial stringency, any new schemes should now be selected for inclusion in the list of approved works out of those specified in the list submitted by the D.P.I. on pp 9 and 10 C.F.

p 7 ante

The Finance Department agree that it will be extremely difficult for the Govt to undertake any fresh liability at this juncture when every effort is being made to curtail expenditure in all possible directions and that the financial position will be clearly known only in December next. If the selection of new schemes for inclusion in the list of approved works is deferred till December, it will not be possible to consider the question of provision of funds for payment of grants for new schemes as a Part II scheme for 1951-52. It is therefore for consideration whether a few very urgent schemes may be selected now or in September

May be selected now
15.6.50

Item 3 on p10 cf

2. One of the schemes included in the list submitted by the D.P.I. is the scheme for the construction of a school hall and woodwork room in the Christian College High School at an estimated cost of Rs 75,000. If this scheme is selected for inclusion in the list of approved works, it will render ~~the scheme~~ school eligible for a grant not exceeding Rs 35,000 if and when funds become available. Finance have pointed out that this should be taken as a part of the scheme for the construction of main buildings for the school at an estimated cost of Rs 6.5 lakhs as otherwise it will amount to splitting up of a work inorder to earn a grant on each part which does not seem permissible. The question whether the scheme for the construction of the main buildings should be admitted to aid was considered recently and it was decided by H.M. (Edn and Law) that the D.P.I. should be asked to include the scheme in the consolidated list for the quarter ending 30 th September. Inview of the minutes of H.M. on page 12 C.F. the D.P.I. may be asked to submit his recommendations immediately.

~~15.6.50.~~

Notes from the middle of p.4 ante may be perused.
HM (E&L) may now see the case & kindly make a selection from the lists on pages 9 and 10 cf.

As regards the Madras Christian College High School schemes, ~~HM~~ HM's order on p 12 cf seems to be that the two schemes (Woodwork Room & Hall and the main

---

8/16/6

CMO 7048 B/50

school building) may be treated as separate schemes and be made eligible for separate grants, when funds become available. The scheme relating to the Wood Work Room and School Hall is already before Government and may now be included in the approvedlist. The proposal regarding the main building scheme may be awaited from the D.P.I.

Item 3 on p10 cf
KM
17/6

With regard to the other schemes, Secretary wanted to know the principle on which priority of the buildings in the statement on pages 9-10 c.f. is based, whether plans and estimates have been prepared and approved in respect of the schemes and whether works have commenced. I have ascertained from the Deputy Director (Finance) in the D.P.I.'s office that the order of priority is based upon the following principles, namely, (i) backwardness of the areas, and (ii) preference for schemes of less cost. In respect of all the schemes there are rough plans and estimates satisfying Educational Department's requirements and they will be scrutinized by the P.W.D. only after some time.

X Except in the case of the High School at Cuddapah (M on page 9 c.f.) and the Christian College High School, the works have not been commenced. The proposal now is to select the schemes for approval and the usual condition to the order is that this approval does not convey any guarantee of the payment of grant which depends upon the availability of funds which may be in 1951-52 or in some cases, x in 1952-53.

x Wh. relate to backward areas-

It is for consideration whether the five schemes ticked in the statement on page 9 c.f. and the scheme regarding the Christian College School on page 10 c.f. may be included in the approved list. HM (E&L) may see the case for orders -

Spread over two or 3 years. That will be decided later. Now put all in the approved list. Xian College High School should be paid as quickly as possible /X

KM
17/6

SECRETARY
19 JUN 1950
EDUCATION DEPARTMENT

With reference to the portion marked X in the minutes of HM (Edn & Law) above, it is submitted that the procedure followed for provision of funds for sanctioning grants to schemes included in the approved list is to consider them as a new scheme of expenditure in Part II scheme for the next year. In order to economise expenditure in the current year, the DPI will have to effect all possible savings in the provision made for disbursement of grants to aided Secondary Schools for construction of buildings for which grants have already been sanctioned after treating them as Part II schemes. It will not therefore be possible to disburse even a portion of the grant to the Aided Secondary Schools in respect of schemes which are now proposed to be included in the list of approved works, in the current year unless they are treated as schemes for introduction in the current year.

A draft order is submitted below for approval.

Finance may see

19.6.50
