R.O.C.No. 480-K2/48 dated 2nd July 1949.

Provincial Advisory Board of Education—Constitution of Physical Education Sub-Committee.

In submitting herewith a copy of letter dated 19.3.1949 from Mr. Kuruvilla Jacob, Headmaster, Madras Christian College High School together with a copy of the note of the previous Hon'ble Minister for Education dated 22.3.1949 I offer the following remarks:

(i) The point raised by the Headmaster is presumably with reference to para 2 of G.O.No.221-Education dated 29.1.1949 wherein Government had stated that orders in regard to the constitution of a Sub Committee for Physical Education would be issued separately. It would no doubt appear on a superficial estimate that there are too many Committees for Physical Education but so long as there are different agencies in education and different questions arise from their respective functions it is inevitable that there should be several Committees and I do not think that there is overlapping to the extent of it being considered wasteful.

(ii) Standing Committees of different bodies like the University of Madras, the Secondary Education Board and the Department of Public Instruction and Ad Hoc Committees with different terms of reference cannot obviously be amalgamated. But some feeble consideration can be obtained between them if there is a Physical Education Sub-Committee of the Provincial Advisory Board. So long as the Provincial Advisory Board exists and so long as it has standing Sub-Committees for other branches of education, it can also have one for Physical Education.

2. Proposals for the constitution of a Sub-Committee for Physical Education will be submitted separately.

Yours faithfully,

D. S. Pantanalis

Copy of letter dated 19th March 1949 from the Headmaster, Madras Christian College School to the Hon'ble Minister for Education, Fort St. George, Madras.

Subject:- Physical Education Committee.

I wish to submit that a great deal of time and energy is wasted by the duplication of Physical Education Committees. The Board of Secondary Education has a Committee for Physical Education in the same way as it has committees for other subjects. This Committee includes the Chief Inspector of Physical Education, as well as the Principal of the Y.M.C.A. College and it is capable of making recommendations to the Board on syllabus and other matters. As Chairman of that Committee, I have found that the work of the Committee has been greatly hampered by the fact that the Government have another Committee for Physical Education for Secondary Schools.

In connection with the reorganization of the B.T. Course, a Sub-Committee which included the Chief Inspector of Physical Education and the Principal of the Y.M.C.A. College was appointed recently. I happen to be the Convener of this Committee. The Committee has drawn up the syllabus carefully after two or three sittings and it has been accepted by the Special Committee for the B.T. Course. I understand that there is another Government Committee for Physical Education for Training Institutions. I don't know what recommendations this committee will make. In any case, as Convener of the University Sub-Committee, I find the situation awkward and difficult. These parallel committees not only mean waste of time and energy, but they prevent the progress of any scheme.

My personal opinion is that these Special Committees in Physical Education appointed by the Government have been unnecessary, in view of the fact that the University and the S.S.L.C. Board have Committees for the same purpose.

If the Government have not enough confidence in the Sub-Committee of the Secondary Education Board and the University, it is better to say so, rather than have parallel committees, because the former committees can be reconstituted if necessary.
